Robberies in Narayanapuram etc. Villages in Guntur Dist.

316—

*3660-Q—Sri Poo!a Subbaiah: (Markapur):—Will the Minister for Home be pleased to state:

(a) Whether it is a fact that Narayanapuram, Irilepalli, Nadi-kude, Dachepalli, Kesampalli, Tikkalagadu villages under Dachepalli Police Station, Guntur District have been in the grip of terror with day and night robberies and burglaries going unchecked;

(b) if so, the steps taken by the Government to save the lives and properties of the public;

(c) whether it is also a fact that the police constables working at Dachepalli police station are insufficient for detection and necessary patrol; and

(d) if so, the steps taken by the Government to increase the number of constables and to detect the culprits?

* An asterisk before the name indicates confirmation by the Member.
The Minister for Home (Sri M. M. Hashim):—

(a) No; Sir.
(b) Does not arise.
(c) and (d) The staff of the Police station requires more strengthening and the requisite proposals from the Inspector General of Police are awaited.

Sri M. M. Hashim:—Certainly steps will be taken.

Sri Poola Subbaiah —He has not understood me. The point is such things have happened and it has been reported in the papers. Now I am bringing it to the notice of the Minister so that he can know what has happened. He has stated that such incidents have not occurred at all. That is not the answer I required from him. So, Mr. Speaker Sir, you have to enquire it and see that proper answer is given to me.

Sri M. M. Hashim:—No robbery had been reported from that area of Naaayanapuram- Irikepalli, Nadikude, Dachepalli, Kesanupalli, Tekkellapadu villages under Dachepalli Police Station, Guntur District. There are also no cases where robberies have occurred and not reported to the police. Only one case of pick-pocketing is occurred in the village and there was no panic in that area. However, a night-beat with two police constables was posted. There is no need to increase the night beat during 1978. 12 property offences were reported from the above five villages, out of which 8 cases were detected and the remaining four cases, were reported as 'undetected'.

Sri M. M. Hashim:—I will enquire into this matter and see that action is taken.

Sri G. Mallikarjuna Rao:—It is pending for the last two years.
Sri M. M. Hashim:—I will enquire and see that culprits are punished.

Sri Poola Subbaiah:—If such answers are given, thieves will escape. The Minister should see that culprits are punished severely. The buses are halted and the passengers are looted. What not? Please enquire into the matter and see that such things do not occur.

Sri M. M. Hashim:—Sir, whenever Hon'ble Members are bringing such incidents to my notice, stern action is being taken and the officers who neglected are being transferred and enquiries are being made and they will be punished.

Inconvenience to the Vehicular Traffic near Narayanaguda Market Road

317—

*3937-O Q. Sarvasri B. Machinder Rao (Secunderabad Contone ment), Ch. Lakshmaiah (Lukettipet):—— Will the Minister for Home be pleased to state:

(a) whether it is a fact that the footpaths are occupied by fruit, vegetable vendors and car parking near Narayanaguda market road leading to Barkaipura;

(b) whether it is also a fact that welding shops are located in that area thereby many vehicles are occupying not only the footpath but also roadside, thereby causing much inconvenience to the vehicular traffic;

(c) if so, the steps taken thereon;

(d) whether it is also a fact that traffic problems are causing much anxiety to the residents of Chikadpally area as there is no effective control by the police; and

(e) if so, whether the Government will take action to post police constables to every place and see that traffic flow freely and also allow the passengers to cross the roads?

The Minister for Home (Sri M. M. Hashim):——(a) Yes Sir.

(b) Yes Sir.

(c) So far as Traffic Police is concerned, cases are being booked against the fruit and vegetable vendors and people of welding shops etc. for causing obstruction to the pedestrians as well as to free flow of traffic.
(d) and (e) There is a heavy vehicular and pedestrian traffic on Chikkadpally road. In order to relieve congestion, ensure free flow of vehicular traffic and safety to pedestrians and minimise traffic hazards, one way traffic has been introduced on Chikkadpally road from Narayanguda cross roads to Charminar cross roads. The introduction of one way system on this congested road has proved very useful and now the traffic is flowing freely and the Police have effective control of the flow of traffic in the area and are helping the pedestrians to cross the road safely at certain fixed points.

Sri M. Omkar (Narsampet).—Thanks for proper arrangements to facilitate the communications But at the same time, will the hon. Minister provide some alternative arrangements to the fruit vendors?

3-40 a.m. Sri M. M. Hashim:—We are examining. Whenever the vendors are willing to move, we are trying to find out such places where they can have their livelihood. When such arrangements are made, they will be shifted.

Traffic Hazard near Howrah Bridge at the Entrance of Port Area, Vizag

318.

3934-D-Q. Sri S. Alwar Das Visakhapatnam: Will the Minister for Home be pleased to state:

(a) whether it is a fact that the Visakhapatnam Port Trust has wasted Rs. two lakhs belonging to Visakhapatnam Municipality on a traffic island near the Howrah Bridge and Lavender Canal at the entrance of the Port area;

(b) whether the traffic island has become a traffic hazard, and

(c) if so, whether it has been decided to demolish the same at further expense?

Sri M. R. Reddy:—(i) Rs. 1,80,160/- was spent on the traffic island near the Howrah Bridge and Lavender Canal at the entrance of the Port area in 1976-77. Thereafter, the traffic island was made to be a traffic hazard. In order to demolish the traffic island, Rs. 1,00,000/- has been allocated in the Budget for the year 1977-78.

2. As regards the second question, no decision has been taken to demolish the traffic island at further expense.

3. In the light of the above facts, I do not think it will be appropriate for me to answer the third question.

4. The Minister for Home is not in a position to answer the questions raised by Sri S. Alwar Das Visakhapatnam in his Question No. 3934-D-Q.
Reckless Driving of Auto-Rickshaw Drivers

323—

* 3529 Q.— Sri B. Rama Subba Reddy (Kanigiri) :—Will the Minister for Transport be pleased to state:

(a) whether the Government are aware that the Auto-rickshaw drivers run the vehicles very speedily and recklessly; and

(b) if so, the steps taken by the Government to control the speed and reckless driving of Auto-rickshaws?

The Minister for Transport (Sri A. Vengal Reddy) :—(a) Yes, Sir.

(b) Regular drive is being launched and the drivers plying their autos at speed higher than permissible speed are being booked and prosecuted.

Sri A. Vengal Reddy :—I am making a statement just now after the question hour.

Sri A. Vengal Reddy :—There is no restriction. Anybody can own an auto rickshaw.

Sri P. Janardhan Reddy:—I have given personal complaint but no action is taken so far. He cannot go beyond that.

40 K. Ms. for auto rickshaw is too much in the city.

Sri A. Vengal Reddy:—It is for the Police Department to take action.
Sri A. Vengal Reddy:—Sir, As I submitted earlier, it is very difficult to trace the relationship between the owners and the Police Officers. It is not easy. If any specific case or incidence is brought to our notice, definitely our Hon'ble Minister for Home will take very serious action.

Sri A. Vengal Reddy:— At all important traffic centres, even at Bus-stands our department people including the police authorities with people of Law and Order are there. still further it will be intensified.

Sri A. Vengal Reddy:—Sir, If it is not already there, I will introduce.

Sri A. Vengala Reddy:—Sir, after I make the detailed statement, if the Hon'ble Member has got any doubt, he can ask.

Sri A. Vengala Reddy:—Sir, that is what I have already submitted. If it is not already existing, definitely I will see it is introduced.
Sri A. Vengala Reddy:—Sir, I will see that we will do all the things.

Sir A. Vengala Reddy:—Sir, checking posts are now existing. If it is not sufficient we will intensify again as suggested by Sri Poola Subbaiah. If the city services from the main centres are not there at the time of arrival of the buses, we will introduce.

Sri A. Bswar Reddy:—Sir, I think the Minister does not travel by auto-rickshaw, and so he does not know the difficulties.

Mr. Speaker:—You make him travel once in auto-rickshaw.

(laughter)

Sri K. Yenkatramaiah:—Sir, the Home Minister cannot travel incognito because of his huge personality and anybody will recognise him easily.

(Some members shouted "But he can have a Burkah")

(laughter)

Sri M.M. Hashim:—Sir, for me there is no need to travel by Burkah.

1-2
This is a very big problem. Always I have been telling that with the co-operation of the Hon’ble members, we can solve these problems. We will have a Committee. We will go round the city and check all the officers and see that a kind of fear complex is created among the officers and some thing is really done. There is hue and cry all over the city about this and there is no doubt about it. The Consultative Committees are already planning for this and the Chief Minister also told me to invite the local M.L.As. to discuss about this problem and as such shortly, I am going to do this.

Sanction of High Level Channel of Left Bank of Nagarjunasagar

322—

* 3068 Q.— Sri G. Mohan Reddy (Nalgonda) :— Will the Minister for Major Irrigation be pleased to state:

(a) whether it is a fact that the high level channel of left bank of Nagarjunasagar, has been sanctioned;

(b) if so, the extent of area covered and the number of acres brought under cultivation; and

(c) whether this high level channel can meet the need of the Nalgonda Town drinking water problem?

9-00a.m. (9-00a.m. (9-00a.m. (9-00a.m. (9-00a.m.

Joint report on Nandikonda project between Andhra and Hyderabad State was made for lifting the water from the reservoir for one lakh of acres. The project was sanctioned for 27,000 acres. (a) the extent of excess land taken over by the Government so far in Srikakulam district under the Land Ceiling Act and the extent of such land assigned to weaker sections so far, and

(b) the extent of excess land still to be taken over by the Government in this district?

A.—

(a) Up to the end of December, 1978, an extent of Acres. 7,872 was taken over by the Government in Srikakulam district under the Andhra Pradesh Land Reforms (Ceiling on Agricultural Holdings) Act, 1973, out of which an extent of Acres. 7,134 has been assigned to weaker sections.

(b) 1,416 acres.

Taking over of Vura Tank at Griddalur.

1224 Q.—Sri Nallapareddi Sreenivasul Reddy :— Will the Minister for Panchayati Raj be pleased to state:

(a) whether the Minister for Minor Irrigation and the Collector, Nellore have received representation from Mr. N. Sreenivasul Reddi, M.L.A, in 1978 to take over Vura tank (Nalla tank) of Griddalur in Rapur Panchayat Samithi of Nellore district by the Irrigation and Power Department;

(b) if so, the action taken in this matter;

(c) whether the Irrigation and Power Department has accepted to take up improvements and provide one more sluice to Vura tank of Griddalur;

(d) whether the surplus weir in the southern side of Vura tank will be closed as it is causing damage to Griddalur village; and

(e) the extent of additional ayacut expected if the said tank is improved?

A.—

(a) Yes, Sir.

(b) The Collector, Nellore, has reported that the tank in question is a Minor Irrigation source having an ayacut of Ac. 162.94 with T. J. land of 50.00 acres and as such now it cannot be transferred to Irrigation and Power Department.

(c) The Executive Engineer, Spl. Investigation, Nellore, is being addressed by the Collector, Nellore to investigate possibilities of bringing additional ayacut for irrigation under the tank and also to fix standards. The question of transfer of the tank to Irrigation and Power Department will be considered after the revised standards are fixed.
(d) The Executive Engineer, Investigation Division Nellore, was instructed to investigate the possibility of providing another surplus weir on the left flank by closing the existing second surplus weir at right flank to ensure inundation of Girijanwada. The R&D.O. Nellore was also instructed to examine whether there is any need to shift the Girijanwada from the present site.

(e) If the field improved, an additional area of 80 acres can be brought under irrigation.

Krishna River Water for Cuddapah District

354—

3089 Q.—Dr. V. Sivaramakrishna Rao (Badvel):—Will the Minister for Major Irrigation be pleased to state:

(a) whether it is a fact that Krishna river water will be given for Cuddapah District for Irrigation;

(b) if so, whether Badvel, Sidhout Taluks of Cuddapah District are also included in the report submitted by the experts for the above purpose; and
(c) if not, the reasons for not including the above drought prone taluks in Cuddapah District:

A.

(a) Yes, Sir. Jammalamadugu Taluk in Cuddapah District will be benefited under Srisailam Right Branch Canal Irrigation Scheme of Krishna river.

(b) No, Sir. There is no "Experts" report for providing irrigation to these taluks, except a note prepared based on a study of Topo Sheets with no field investigations for purpose of posing it to Krishna Waters Tribunal, which however rejected the claim.

(c) Proposals for providing irrigation facilities in Badvel and Sidhout Taluks of Cuddapah District could not be made because the Srisailam Right Branch Canal Scheme does not command the areas in Badvel and Sidhout Taluks.

Assets and Liabilities of Someswara Swamy Temple

3128 Q.—Sri B. Sundararama Reddy (Atmarkur) :— Will the Minister for Planning and Endowments be pleased to state:

(a) the assets and liabilities of Someswara Swamy temple at Somasila in Nellore district;

(b) whether inspection and auditing of accounts are being done every year by the concerned officers;

(c) if not, the reasons therefor;

(d) the names of the trustees of the temple;

(e) whether there is any proposal to take over the temple by the Endowments Department; and

(f) if so, when will it be taken over?

A.—(a) Assets:

(1) Lands at Padamati Kanbhampadu village Rs. 1,00,000.
(2) Lands at Somasila Rs. 1,00,000.
(3) Gold articles, 6 items weighing 83 grams Rs 7,470.
(4) Silver articles 18 items weighing 5,340 grams Rs. 8,000.
(5) Brass Nandi, Elephant, Simham and other Vahanams Rs. 40,000.

Liabilities:

A sum of Rs. 11,041 has to be refunded to the Hereditary Trustee which was advanced by him from time to time to meet the routine expenditure of the temple i.e., for maintenance of two Akhandalams towards daily Pooja articles and during festivals.

(b) The accounts of the temple are being audited every year regularly by L.F. Department. The Inspector, Endowments Department is also inspecting the accounts at the time of obtaining income returns.

"Malgies" by Simhachalam Devasthanam Trust Board.

357—

3316 Q.—Sarvabha N. Raghava Reddy (Nakrekal), K. Satyana-rayana and M. Omkar :—Will the Minister for Planning and Endowments be pleased to state:

(a) the number of "Malgies" (Rooms for Shops) that have been built by the Simhachalam Devasthanam Trust Board so far;

(b) the number of 'Malgies' let out on rent and the number of remained vacant as on 10th October, 1978; and

(c) whether the said board is getting profits over the said 'Malgies' or incurred loss?

A.—(a) Fifty-two shops only.

(b) Let out eighteen shops. Vacant thirty-four shops

(c) Due to non-co-operative attitude of displaced tenants, who are to be accommodated in the 34 shops on fulfilment of certain conditions, there is loss. The Executive Officer tried several times to lease them out. The delay is mainly due to unpreparedness and dilatory tactics played by the previous tenants.

358—

Amelioration of Chenchus in Nallamalai Forests.

359—

1024 Q.—Sri Pooja Subbriish;— Will the Minister for Social Welfare be pleased to state:

the steps taken to ameliorate the Chenchus of the Nallamalai forest, Prakasam District?

A.—177 pairs of plough bullocks costing Rs. 3,35,346.83 with a set of agricultural implements costing Rs. 25,600 were supplied to 177 beneficiaries possessing adequate land holding. 16 community irrigation wells are being provided to benefit 41 tribals, who are already given plough bullocks and agricultural implements. 65 she-buffaloes costing Rs. 67,480 distributed to 65 tribals. To assure further reproduction of animals breeding bulls costing Rs. 13,805.60 were also distributed for the benefit of 9 gudems 557 families were covered under the scheme of supply of one unit (5) of goats per family. The expenditure incurred was Rs. 3,94,091.88. Fifteen Chenchu families were given trade assistance to open petty shops. A small hotel with sweet meat cart attached to it is run by Chenchu families. About 65% out of 1,250 Chenchus families have already been benefited under one scheme or other.

2. 750 families in Chenchu gudems were given clothes at the rate of one shirt and short for each adult male and one saree and blouse for each chenchus family. The total cost of clothes for adult chenchus was Rs. 1,03,389.15. One Kambal was distributed to each family.

Insisting on Whole-sale Foodgrain Licence for Mini-modern Type Rice Mills.

360—

2216 Q. Dr. V. Sivaramakrishna Rao:—Will the Minister for Civil Supplies be pleased to state:

(a) whether it is a fact that the Revenue authorities are insisting on whole-sale Food-grain Licence even for non trading mills and huller type mini-modern type rice mills;

(b) if so the reasons thereof and
(e) how many such mini-modern type rice mills licences are pending with the Director of Civil Supplies on the objection of not possessing whole sale Food grain Licence?

A. (a) No Sir.

But the Collector Cuddapah in a case insisted upon to take food grain licence by a miller to whom a permit was granted for mini rice mill. According to food grain dealers licensing Orders 1964 one has to take licence if he wants to trade in paddy and rice. Separate instructions have been issued to all the Collectors not to insist upon the food grain Dealers Licence unless the rice mill is a trading one. No food grain Dealers Licence is being insisted on the non trading rice mill.

(b) Does not arise.

(c) No such cases are pending.

MATTERS UNDER RULE 329

re: (1) The decision of the Homeopathy students to go on strike

re: Decision of the Homeopathy students to go on strike.

The Homeopathy students have decided to go on strike. The student representatives met to discuss the situation and have decided to take this course of action. The strike is intended to bring about certain changes in the current system. The students have been protesting for a long time, but their demands have not been addressed. The students have been asking for better facilities and improvements in the curriculum. The authorities have not been responding to their requests.

The government has been informed about the strike and is being urged to take necessary action. The students hope that their demands will be met and the strike will not continue for too long. The students are committed to fighting for their rights and will not back down until their demands are fulfilled.
Matters Under Rule 329:

Re: Decision of the Homeopathy students to go on strike.

At the meeting of the students' committee on the evening of 18th March, 1979, it was decided to go on strike to protest against the anti-student policies of the government. The students were determined to fight for their rights and were prepared to bear any consequences.

9.40 a.m.

The students' leaders met with the authorities to discuss the situation. Despite initial protests, the students were able to negotiate some concessions. The government agreed to consider the students' demands and promised to address them in the near future.

At the end of the meeting, the students' leaders thanked the authorities for their cooperation and promised to continue their struggle for justice.

They reiterated their commitment to the principles of democracy and the rights of the students.

Calling Attention to Matters of Urgent Public Importance:

re : Inconvenience caused to the public by introduction of one way traffic on many roads in the city.

re : (3) Lock out in Hyderabad Cables Ltd.

Mr. Speaker ;—Calling Attention No. 1 and 2 are postponed.

re : Inconvenience caused to the public by introduction of one way traffic on many important roads in the city.

The Minister for Home (Sri M. M. Hashim) ;—It is a fact that one way traffic regulation was introduced on the following roads:-

(1) Abid Road, (2) Tilak Road, (3) Chirag Ali lane, (4) Lakdi-ka-pool, (5) Chikadpalli. No one way traffic regulation has been introduced on Bank Street. The circumstances leading to the introduction of one way on each of the 5 roads mentioned above are under.

(1) Abid Road :—The strength of road from Jawaharlal Nehru statue in front of G.P.O. up to main office of the State Bank of Hyderabad. Gunfoundry is called Abid Road. It is about 3/4th K. M. (750 meters) in length between these two points. By virtue of its central location connecting Charminar and Secunderabad, there is heavy volume of vehicular and pedestrian traffic on this road. There are also a number of schools and colleges around this road and a large section of student community, which is highly vulnerable to traffic hazards, use this road. A survey conducted on this road showed that between 8 a.m. and 8 p.m., 700 R.T.C. buses pass through this road which works out to a bus minute. In addition to this, number of contract carriages, buses of public undertakings, commercial organisations, use this road. Out of 7,000 autorickshaws in the city, more than 3,000 autos frequent this road during peak hours of the day. The cars, scooters, motor-cycles passing Abid road during peak hours are in the neighbourhood of 20,000 in addition to 25 to 35 thousand cyclists cutting through this road. On an average 50,000 to 60,000 pedestrians, bulk of whom are women use this road during peak hours, particularly in the evening, The volume and
density of vehicular and pedestrian traffic was so heavy on this short bit of road that frequent traffic jams was a daily feature. Slow moving and fast moving vehicles with varying speeds mixed up with a large section of pedestrians used to cause traffic congestion increasing traffic hazards enormously. Continuous flow of traffic from Bank Street, Moazamjahi Market, Nampally Station road and Basheerabagh converging at Jawaharlal Nehru Statue Island on Abid Road Cross Roads used to be so un-manageable that on each of these roads, the vehicles used to line up in 3 to 4 rows locked in traffic jams for 15/20 minutes and in the evening hours even for half-an-hour. The vehicles used to rush through the cross roads to get away from the traffic jams in such a manner that this important and busy road used by various sections of people become unsafe and particularly to the pedestrians, cyclists and cycle rickshaws. The most important point worth reckoning is that the width of the Abid Road Section is 68 feet at the widest point and 55 feet at the narrowest point. This does not permit channelisation and introduction of lane system on both ways. This is because the minimum of 4 lanes on either side of Central median are required for (a) pedestrians (b) cycles and cycle rickshaws, (c) Scooter, Motor cycles and autorickshaws. (d) Cars, buses and lorries. In view of the inadequate width of the road, channelisation is this manner on two ways traffic is impossible, and therefore one way had to be introduced.

(2) Tilak Road Tilak Road is one of the link roads to Abid Road, the width of which is around 49 feet. On this road also, there was heavy congestion making the flow of vehicular traffic at Abid Road difficult and therefore it was made one way in continuation of one way traffic regulation on Abid Road.

(3) Chirag Ali Lane: Similarly Chirag Ali Lane is another link road which runs almost parallel to Abid Road. The width of Chirag Ali lane varies from point to point and average width is around 20 to 25 feet. To make the flow of traffic smooth on Abid Road and Station Road and in Chirag Ali Lane one way traffic was introduced.

4. Lakdi-Ka-Pool Survey conducted at Lakdi Ka Pool indicated that about 5,000 heavy motor vehicles like RTC, buses, private buses contract carriages, vans and small trucks about 9,000 cars, 1200 trips by Autos 12000 scooters and motor cycles and large number of cyclists and cycle rickshaws ply on this road. Because of the location of important offices, hotels commercial establishments the pedestrians and vehicular traffic on this road was very heavy making the entire stretch of Lakdi-Ka Pool to Ayodhya Old Employment Exchanges Saffad

bad to Accountant General's Office on Secretariat road highly congested. The pattern of roads on this stretch is so irregular that there are 6 conflicting points at (i) Road Junctions within the area of about 2 K.Ms. thereby making free flow of traffic difficult. After introduction of one way regulation traffic is flowing freely the pedestrians are feeling safe and the incidence of accidents has come down considerably.

(5) Chikadpally road Chikadpally road from Narayanaguda cross roads to Charminar cross roads is one narrow stretch of thoroughfare the distance of which is about 1 K.M. The average width of this road is about 50 feet. Being predominantly a residential area there was heavy pedestrian traffic coupled with large number of vehicles passing through this narrow road on either direction. The survey conducted on this road showed that about 5000 scooters and motor cycles 3000 Car 800 Buses 6000 trips of autos 500 lorries 12000 cycles 6000 cyclerickshaws 2000 bullock carts and 70000 pedestrians use this road between 8 a.m. and 8 p.m. causing acute congestion on this narrow road. Added to this there are 22 sides roads connecting this road due to which there is continuous flow of slow moving and pedestrian traffic coming in conflict with fast moving traffic on the main road. It is a well known fact that the regulation of traffic on this road to make safe for all section of road users was totally impossible without resorting to the introduction of one way traffic regulation.

Signalling Equipment:—During the year 1977, 1978 and 1979 so far, no new electrical signals have been installed on any of the road junctions in the twin cities of Hyderabad and Secunderabad. On the above roads on which one way traffic has been introduced, there are 3 electrical signals viz: (1) Taj Mahal Hotel Junction on Abid Road, (2) Saifabad cross road at Lakdikapool and (3) Accountant General's Office traffic Island on Secretariat road. These 3 electrical signals are proposed to be shifted to other areas where traffic regulation by electrical signals is necessary. This is being taken up and will be done in the next financial year.

It is not correct to say that traffic police is doubled. In fact the strength of the traffic police continues to be the same from 1970 although the population and number of vehicles have increased enormously. The Estimate Committee of Andhra Pradesh Legislative Assembly in its report presented to the Legislature on 30-1-1978 observed that there has been very heavy increase in the volume of traffic and innumerable accidents resulting in death have been occurring and that
Calling Attention to Matters of Urgent Public Importance:
re: Inconvenience caused to the public by introduction of one way traffic in many roads in the city

Traffic regulations have to be done effectively to minimise traffic hazards and provide safety to the road users by creating more Traffic Police Stations and introducing modern methods of traffic regulation.

A committee of experts undertook the study of traffic problems of Hyderabad and Secunderabad at the instance of Hyderabad Urban Development Authority and gave a report on immediate traffic improvement plan for the twin cities of Hyderabad and Secunderabad. This expert committee suggested that to relieve acute congestion and to ensure better traffic management, Fly-overs, Sub-ways and over-bridges may have to be constructed and other measures like shifting markets, construction of loop roads, inner ring roads, outer ring roads, lorry and truck terminals, parking lots may have to be taken up. As segregation of slow moving and fast moving traffic is not possible due to lack of adequate width of roads and proposals given by the H.U.D.A. are still under consideration and the traffic problems are increasing day by day, one way system had to be introduced on certain roads. This is a temporary measure till such time, as the plans given by the H.U.D.A. are executed.

Certain sections have no doubt been handicapped by the introduction of the one-way traffic. They are the private car owners and the shop owners, the private car owners because they have to go round a little more and consequently incur a little more expenditure and the shop-keepers because they claim that there has been a drop in their turnover. It does not require reiteration to point out that car-owners are very few in number when compared to those who travel in Road Transport Corporation buses. Secondly the car owners belong to the affluent classes as compared to those who travel by Road Transport Corporation buses. Therefore, the interest of the affluent car owners, though they may be influential and more vociferous, cannot be considered a valid argument against the benefit according to the large number of commuters in R.T.C. buses. Similar is the case of the shop owner, in places like Abid and Nampally Road Sides. They belong to a class, which is affluent and their complaint is a drop in their turnover and consequential reduction in their profits. It is apparent that this plea will not stand scrutiny when the benefit accrued to the bus commuters is considered. By and large experience has proved that the introduction of one way traffic has greatly improved the traffic movement in the City and the roads are made less perilous to the people. There is no case for given up the one way traffic system that has been introduced.

Sri K. Venkateswara Rao (Kollapur):—The statement is to be placed on the Table of the House. We are at a loss to understand what he says.

Mr. Speaker:—Why not you place a copy of it on the Table of the House. It is better a copy is placed on the Table of the House.

Sri S. Jaipal Reddy:—Since the statement of the Minister runs into several pages it may be placed on the Table of House tomorrow and the item may be taken up tomorrow. Unless we go through the statement we will not be in a position to get clarified on certain points.

Mr. Speaker:—I think both the Members are given copies.

Sri B. Machinder Rao:—Whether there is any representation from the business association about decrease in their business sales to 40% and whether they have met the Police Commissioner and if so what are their suggestions? Whether it is possible to have one way traffic only in peak hours excluding evening hours.

Sri M. M. Hashim:—I have not received any representation from any business community. The Hon'ble Member's question is about a particular section which I have already mentioned. It is a problem pertaining to people of different walks of life. In the usual way the business association people might have given a representation to the Commissioner and the Commissioner might have received and after receiving also he considers it to be an important matter. They have followed the method. In addition to this Chief Minister had discussed and asked me to call all the city M.L.As and discuss further details in this connection.

Sri K. B. Siddiah (Puttur):—This runs into several pages. The problem is very serious. The A.P.S.R.T.C. buses are increasing. Therefore you may kindly postpone it for tomorrow. We will go through the statement and we may be doing some justice if it is postponed till tomorrow.
Sri K. B. Siddiah :—Sir, Till then it may be postponed.

We are again taking it up.

Sri K. B. Siddiah :—I am thankful to the Home Minister. He has not abolished the single travelling fare on both the ways. He has allowed one way. There should be some guidelines for the one way traffic. The breadth of the Abid Road is 58 to 60'.

Mr. Speaker.—All these things will be discussed in the meeting to which all the city MLAs will be invited.

Sri K. B. Siddiah :—We are in great trouble. Not only the city MLAs but the entire public.

Mr. Speaker :—You can also join the meeting.

Sri M. M. Hashim :—During this Session itself. I will try to abolish whatever the hon. Members suggest provided the other Members agree.

Sri M. M. Hashim :—It will also be considered.

re: increase in the fares of Autorickshaw and Taxies.

Sri A. Vengal Reddy:—Sir, I beg to present first the amendments which have been made in the rules under clauses (viii) and (iv) of section 217 of the Andhra Pradesh Gram Panchayats Act, which has been published in the Gazette dated 15-2-1979. The amendments are as follows:

1. The fare for a 5 km journey shall be increased from Rs. 5 to Rs. 6.
2. The fare for a 10 km journey shall be increased from Rs. 10 to Rs. 12.
3. The fare for a 20 km journey shall be increased from Rs. 20 to Rs. 24.
4. The fare for a 30 km journey shall be increased from Rs. 30 to Rs. 36.
5. The fare for a 50 km journey shall be increased from Rs. 50 to Rs. 60.
Statement by the Minister for Transport re: Increase in fares of Autorikshaws and Taxies

Mr. Deputy Speaker:—What is the difference? How much they have asked?

Sri A. Vengai Reddy:—Not only oils, petrol prices will also be taken into consideration. Spare parts, chassis, cost of operation per K.M. and so on. That came to 0-04 paise. Then we have raised it to Rs. 0-05 paise. Tamil Nadu Rs. 0-40 paise, now they have made Rs. 0-50 paise. Karnataka Rs. 0-40 paise, now they have made Rs. 0-50 paise. Maharashtra they are equally with us before and even after revision.

Mr. Deputy Speaker:—What is the difference? How much they have asked?

Sri A. Vengai Reddy:—There are nearly 14 points, of which pertaining to cost increase are only 3. They wanted immediate solution.

What is the remaining area of difference or disagreement between the Government and the striking auto-rickshaw drivers before the revised petrol prices and after the revised petrol prices?

Sri A. Vengai Reddy:—There are nearly 14 points, of which pertaining to cost increase are only 3. They wanted immediate solution. Because many drivers are there and a peculiar system is existing here.

Mr. Deputy Speaker:—You can take up with the Government because of increase on various items.

Sri S. Jaipal Reddy.—There is nothing wrong for unilatered discussion on the part of the Government has landed us in two disagreements, (i) increase in petrol and (ii) non-settlement of issues.

The Minister himself was trying to refer many other issues. The Government should have settled these issues immediately.

Sri S. Jaipal Reddy:—Sir, Point of Order. Where are the concerned Ministers?

Mr. Deputy Speaker:—Minister for Civil Supplies is here.

Sri P. Janardhan Reddy:—Is he looking after Excise portfolio also?

Mr. Deputy Speaker:—He will note all the points and pass on to the concerned Minister for reply. They are in the other House.

Sri S. Jaipal Reddy:—Sir, Earlier we had bitter experience in this regard in this very House. The Notice for Demand was given as far back as nearly one month. The Ministers should get their business so adjusted as to be present in the House. The Chair gave a number of Rulings in this matter without any effect. What shall we do? Whom shall we speak to. I am talking about the Minister for Endowments.

Mr. Deputy Speaker:—Has he got any business in the Council?

Sri P. Ganga Reddy.—Sir, The Endowments Minister is Leader of the Council and he is sitting there, and also asked me to take notes on his behalf. There is some urgent and important matter to be attended by him at the Council.

Sri S. Jaipal Reddy:—Sir, we had in the past discussed about these difficulties. At one time, to register our protest, we even abstained from the House, so long as they were not present in the House. What exactly should we do? You kindly guide us. We seek your intervention, We seek protection and guidance in the matter.

Mr. Deputy Speaker:—Almost all the Ministers are here.

Sri S. Jaipal Reddy:—Sir, the notice for this demand was given early a month back, Everybody knew that this demand will come up on 19th. This shows the contempt, which they are showing to the House.

Mr. Deputy Speaker:—I quite agree with you, but the thing is

Sri P. Ganga Reddy:—Sir, he will come at the time of the reply and give the necessary answer. I am taking the notes.

Sri S. Jaipal Reddy,—Sir, the notes can be taken by anybody and even the Minister for Excise is not required to be here for taking the notes.

Mr. Deputy Speaker.—I think out of five Ministers actually who have moved the motions, four are here, excepting Sri V. Venkatanara yana who is the leader of the House at Council and I think He may arrive at any moment I e., according to the information.
Sri S. Jaipal Reddy.—Sir, it is not merely depending on the notes. If the concerned minister is here, he would be able to assess and get himself into the depth and into the intensity and of the feeling of various members on various issue of the department to which he is concerned.

Mr Deputy Speaker:—Anyway, I have sent him a message.

Sri S. Jaipal Reddy: Sir, our hon'ble Speaker and the hon'ble deputy Speaker were extremely generous in agreeing with us on all the occasions in the past but your agreement has not been able to produce any ostensible effect and desired effect on the proceedings of the house. You may kindly guide us as to what we should do.

Mr. Deputy Speaker:—I don't think it is his disrespect to the House and you know our Endowments Minister is a devoted man and there is no question about that.

Sri B. Niranjan Kao:—Sir, he is not so a devoted as you are commenting towards the Minister.

Sri Ch. Kasarlaiah:—Sir, It is a major public issue with the concerned.

Mr. Deputy Speaker.—We can discuss with the concerned Minister after the business is over. I know and I have also received some representations before that.

Mr. Deputy Speaker:—Now your problem is solved, and he has agreed. If you have no objection he is prepared to give water.

Annual Financial Statement (Budget) 19th March, 1979
for 1979-80 - Demands for Grants

The following financial statement for the year 1979-80 outlines the budgetary demands for grants. It details the expected income and expenditure for the fiscal year, highlighting the importance of funding in various sectors. The statement includes the following sections:

1. Revenue
2. Expenditure
3. Balance

The revenue section elaborates on the sources of income, while the expenditure section breaks down the anticipated usage of funds. The balance section analyses the surplus or deficit at the end of the fiscal year.

The financial statement also includes a section on the disbursement of funds, specifying the allocations for different departments and projects. This document is crucial for understanding the financial health of the organization and making informed decisions regarding budgetary planning for the next fiscal year.
