This is a very bad precedent Sir and as a protest I am walking out since the questions are not properly answered.

Out of a total of 842 protected water supply schemes taken up under various programmes at an estimated total cost of Rs. 1794.30 lakhs, 506 have been completed and the balance are expected to be completed by 31-3-1979 except 35 which will be completed by 31-3-80 and under the Central Assistance programme for which a sanction of Rs. 2.50 crores is available this year 144 protected water supply schemes and 200 mini-protected water supply schemes are being taken up.

10. Mr. (Member): Is it true that the Central Assistance programme has been sanctioned by Rs. 2.50 crores? I understand that the schemes for which funds have been sanctioned have not been completed. What happens next?

10. Mr. (Minister): The schemes which have received Central Assistance are being taken up for completion and the rest will be completed within the stipulated time.

10. Mr. (Member): Is it possible to complete these schemes in time?

10. Mr. (Minister): Yes, we are working on it and every effort is being made to complete the schemes within the stipulated time.

2—2

Mr. Speaker: How many members can I allow to put supplementaries and how many supplementaries can I allow each member to put and if a member goes on putting supplementaries how are the other members to get a chance. And because I did not allow Mr. B. Sri Ramamurthy to put his supplementary, he has walked out.

Mr. Speaker: I cannot force the Minister to give an answer. He gives his answer as far as his knowledge goes. When he does not do so, the only course left open is to have half-an-hour discussion. There is no point in finding fault with me and walking out. I just want to make it clear that many members are interested in this question. Therefore to give an opportunity to all those members we shall have half-an-hour discussion. That will be better instead of wasting time in his manner. Now we will go to the next question.

(Sri Alwar Dass wanted to speak).

Mr. Speaker: I have not allowed you to speak. I am not allowing you.

Mr. Speaker: That is a different matter; you cannot dictate. Mr. Pedro, please put your question. I am going to the next question.

(Mr. Alwar Das wanted to speak)

Mr. Speaker:—No, I do not allow. You cannot talk as you like. I do not allow this.

Mr. S. Alwar Das:—Why don’t you allow ? You allowed Mr. Venkaiah Naidu. Why don’t you hear me ? Even though they on the other side break the mike you are allowing them to speak. Why don’t you allow us ?

Mr. Speaker:—No. I have gone to the next question. Mr. Pedro please, put your question.

Selling of Question Papers of Higher Grade English Short Hand Examination held in August. 1978

2774 Q.—Sri Oswald H. Pedro (Nominated):—Will the Minister for Technical Education be pleased to state:

(a) the number of students in the twin cities of Hyderabad and Secunderabad that appeared for the Higher Grade English Shorthand Examination during August, 1978;

(b) whether it is a fact that the Question papers were sold in the market prior to the Examination and cheating and malpractice took place in the Examination Hall;

(c) whether it is a fact that some dictators did not maintain an uniform rate of dictation at 120 words per minute; and

(d) whether there is a regular system whereby dictators are required to first pass an Audition Test before being deputed as Dictators, thus protecting the interests of the students?

1. 520
2. 110
Sir Oswald H. Pedro:—Sir, this question was tabled in last August and the Government did conduct the examination in Shorthand Higher Grade in the third week of last month. At this stage I do not want to go into the merits demerits of item (b) I am myself running an institute for over 10 years and year after year we have been ventilating the grievances in the press about the erratic dictations going on, but it only remained just a cry in the wilderness. In shorthand, there are 4 grades of examinations with speeds of 120 words, 150 words, 180 words and 200 words per minute. Now my question is this is there any convincing proof that the Government can put forward to establish a uniform rate of speed is maintained throughout in these High speeds Will the Hon'ble Minister please answer?

Sir T. Hayagreevachary:—Sir, about the leakage of papers, there were some reports that the paper leaked out and so the examinations were conducted in September, 1978. Then about the dictations, there were complaints that some dictators could not pronounce well. The Director of Technical Education, who is the Board takes a decision in these matters whenever there are complaints. In a few cases, there were complaints that the pronunciation of the dictators was not proper. I will instruct the Director to see that dictators who can give a clean pronunciation may be appointed so that the candidates may not suffer. About the leakage of papers, the examination was conducted again as I already submitted and a report was made to the D.I.G. Crime Branch to investigate into the matter as to who were the persons responsible for the leakage. I think in September, the complaint was given and we are expecting a report. Then the culprits will be punished after we get the full particulars, and report of the Police Crime Branch.
Q.—Sri M. Omkar:—Will the Minister for Technical Education and Indian Medicine be pleased to state:

(a) whether it is a fact that the English Short-hand Examinations held by the Technical Education Board of Higher grade are going to be held again cancelling the Examination which was held in August, 1978;

(b) if so, the reasons therefor;

(c) the loss sustained by the Government due to this re-examination;

(d) the names of the persons responsible for this; and

(e) the steps proposed to be taken by the Government to rectify this so that it may not repeat in future?

(ii) Due to the delay, 8,000 students were affected.

9-10 a.m. re: L. A. Q. No. 329 regarding Municipal Corporations.

Mr. Speaker:—I am taking very serious objection.

Sri S. Alwardas:—XXX

Mr. Speaker:—This is not proper for you Mr. Alwardas.

Sri S. Alwardas:—Let me tell you...Why are you obstructing me to tell here anything...

Mr. Speaker:—This is not the way to speak—

Sri S. Alwardas:—XXX

Mr. Speaker:—I ask you to withdraw from the House.

Sri S. Alwardas: XXX

Mr. Speaker:—You withdraw from the House.

XXX Expunged as ordered by the chair,
Mr. Speaker:—I ask you to withdraw from the House.

(Sri P. Ganga Reddy went to the Member Sri S. Alwardas)

Sri S. Alwardas:—XXX

Mr. Speaker:—I am not going to allow you to speak. You please withdraw from the House first

(Interruption)

Otherwise I will have to send you out.

(Interruption)

What all he says will be expunged from the records of the proceedings.

Sri S. Alwardas:—X X X.

(Interruption)

Sri M. Venkaiah Naidu:—This word has to be expunged from the records.

Mr. Speaker:—What all he said would be expunged from the records. You withdraw from the House first.

(Sri S. Alwardas, at this stage, withdraw from the House)

Sri K. Venkatramaiah (Goopy):—Sir Mr. Venkaiah Naidu has no business to speak in this matter.

Sri M. Venkaiah Naidu:—Who is he to tell me. I made a submission to the Speaker to expunge from the records.

Sri K. Venkatramaiah:—I am telling to the Speaker that when one Member is speaking, no other Member should speak. You are speaking when the other Member is speaking.

Mr. Speaker:—Mr. Venkatramaiah, I was patiently hearing whatever he was saying. Inspite of that, he is persistently going on li e that.

Sri K. Venkatramaiah:—Very serious situation has occurred many a time. But this has not occurred any time.

XXX Expunged as ordered by the Chair.
Mr. Speaker:—Whatever you may say, I was patiently bearing him, whatever remarks he has passed. On every occasion he is going to pass some remarks against the Speaker. Is it conductive to the good order of the House?

Sri K. Venkataramaiah:—We are having every respect for you. Kindly permit me to say few words. They are occasions when the Mike was broken and challenges were thrown. But you coolly calmed down. Now, this day, you have taken a very drastic step by asking our Member to go out of the House. This is very unfortunate...

Mr. Speaker:—Is it the way he has to put it? If you want to look into proceedings, I will get it, you can look into the proceedings.

Sri K. Venkataramaiah:—If you compare the proceedings of the other side and our Members representation on this side, really it is not unbearable. We are not happy with it.

Sri Ch. Parasurama Naidu:—What Mr. Das said in hot words—no doubt there is a genuine grievance. We, on this side are having a feeling that much opportunity is given to other side.

Sri Ch. Parasurama Naidu (Parvatipuram):—It is an expression of language and temperament. There is nothing unceremonial. I request you to recall him. He may be recalled.

Sri P. Ganga Reddy:—It is not intentional, Sir. I request the Chair to kindly allow him Sir.

Mr. Speaker:—In deference to the wishers of the House, I am withdrawing the order and I am asking him to enter the House.

Increase of Height of weir of Saroornagar Tank of Hyderabad

330—

* 3940-W-Q.—Sarvasri S. Jaipal Reddy (Kalwakurthy), and B. Machindar Rao (Secunderabad Contonment):—Will the Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that the height of weir of Saroornagar tank of Hyderabad district has been increased unauthorisedly;

(b) whether it is also a fact that this unauthorised construction is leading to inundation of nearly 3 thousand houses of Saidabad and Gaddi Annaram villages; and

(c) if so, the action taken thereon?

Sri S. Jaipal Reddy:—I have the photographic evidence to show that more than 3,000 houses are constantly exposed to the danger of inundation and the un-authorised increase in the height of weir is going on permanently. The moment you remove it, next year, they are increasing the height of the weir. This Tank is not irrigating area.
one acre of the land. Therefore, why not the Tank be dismissed totally, which will be helpful to the health of the entire area?

Sri C. Venkateswarlu:—Whether the Government have passed orders or not?

Sri B. Machindra Rao:—Whether the Government have passed orders or not?

Sri P. Ganga Reddy:—How can I answer that question.

(Mr. Deputy Speaker in the Chair.)

Sri S. Jaipal Reddy:—Why the Government does not like to introduce dry days in the State? What are the reasons for Government for not considering this proposal?

Sri P. Ganga Reddy:—According to the dry days and other days like Gandhi Jayanthi Day, the total number of dry days comes to 104. This cost us Rs 33 crores and at present we are not in a position to lose that much money.

Sri S. Jaipal Reddy:—Sir, our Minister is running with the hare hunting with the hound. While giving answer to 'A' he said that he was doing this and that in the direction of progressive implementation of prohibition. Now in answer to 'B', he says that he does not want to introduce dry days in a week because it will cost him loss of certain revenue. This is a very self-contradictory answer. This only exposes the dishonesty of the Government.

Mr. Deputy Speaker:—The very portfolio he is having is self-contradictory.

Sri B. Rama Rao:—Sir, the question is:—"The steps taken to stop liquor and toddy shops running without proper licences".

Sri P. Ganga Reddy:—We have instructed proper authorities to take necessary action.

Sri P. Ganga Reddy:—You please bring it to my notice, I will certainly take action.

Sri S. Jaipal Reddy:—Licensed shops are sold in auction and unlicensed shops are sold without auction.

Matters under Rule 329:

re: Death of persons due to Swelling of Brain in Anantapur District.

Sri A. Madan Mohan—Sir, Encephalitis is produced by brain and an epidemic form of Encephalitis would pose a major distress to the people. Till now no such epidemic has been reported in our state. In our state sporadic incidence of Encephalitis is known to occur,

Matters under rule 329:

ie: Death of persons due to Swelling of Brain in Anantapur District.

The recent report from Anantapur has been investigated by the Regional Director of Medical & Health Services, Cuddapah and a Committee, consisting of the Superintendent, Government Hospital, Anantapur, a Pediatrician and a Physician. They have declared that out of 29 cases only three cases were found to be Encephalitis and the remaining were diagnosed to be due to various other diseases, such as Epilepsy Broncho-pneumonia Fibroid Convulsions, Acute Nephritis with hypertension and Meningitis etc. 14 out of 26 cases died in the hospital during the treatment and these deaths are not due to Encephalitis. Even the remaining three cases of Encephalitis were found to be isolated cases but not the endemic form of Encephalitis. Only one out of three died. Blood samples of one case and mosquito collection were sent to the National Institute of Virology, Poona for laboratory confirmation. Reports are awaited and no new cases have been reported since. By way of abundant counter-spray preventive operations are taken up in the affected villages.

Sri A. Madan Mohan:—Sir, I do not agree with the Hon’ble Member. May be some of the relatives of those who have died, out of their anxiety might have exaggerated the things. But my information is that the Associate Officer, Malaria, Cuddapah and the Regional Director of Medical and Health Services, Cuddapah have organised investigations of all the known cases and reported that there are no epidemid of encephalitis in any villages from which the cases are reported. However, as extra precautionary measures, the following action is taken.

All villages from which the cases were admitted were visited by the Medical & Health teams and the insecticide spray was carried out. In all the villages, strict vigilance is maintained to report any new cases. Till now no new cases are reported.

All the medical institutions are alerted to be on the look out of the cases and to provide prompt and effective treatment. Health education was also imparted to villages for identification of the cases and to report the same to the nearest Primary Health Centre or to transport the cases to Government Hospitals.

District Medical & Health Officers of the neighbouring districts were also alerted. Some samples were collected and sent to the National Institute of Virology, Poona for examination and report. Blood serum of a case was collected and sent to the same Institute for examination and report. No new case has been reported. There was only one case that was reported in the Month of January.

POINT OF INFORMATION

re: Placing of Charge-sheets on the Table of the House in connection with the incident which took place while Sri Eranna, M.L.A. was travelling in R.T.C. Bus.

We are going to raise this question and discuss this question and we will be forced to criticise the Speaker also.

Mr. Deputy Speaker:—I believe the charge-sheet is already submitted to the Speaker.

Mr. Deputy Speaker:—I will convey your feelings to the Speaker.

Mr. Deputy Speaker:—That is all right.

re: Placing the charge sheets on the Table of the House filed in connection with the incident which took place while Sri M. Eranna, M.L.A. was travelling in a R.T.C. Bus.

Mr. Deputy Speaker:—I believe the charge-sheet is already submitted to the Speaker.

Mr. Deputy Speaker:—I will convey your feelings to the Speaker.

Sri S. Jaipal Reddy:—An assurance has been given by the Minister for Transport that the charge-sheets laid against the hon. Member and the conductor would be laid on the Table of the House. When the assurance was given an hon. Member belonging to the ruling party even doubted as to whether the charge-sheets had been really laid. The Minister in answer to that asserted that they had been laid. Now you are good enough to inform us that the charge-sheets had already been provided to the Speaker. The assurance was they were to be laid on the Table of the House. How was it that a strange procedure has been adopted only in this regard. What were the circumstances warranting the departure from the usual routine procedure of placing the charge-sheets on the Table of the House.

Mr. Deputy Speaker:—I will check up the proceedings of the House of that day also. As I understand, it was only shown to the Speaker.

Sri Bhattam Sriniramamurthy:—So, we agree to take up the matter tomorrow.
Calling Attention to Matters of Urgent Public Importance:

Mr. Deputy Speaker:—In this case there is an assurance given by the Minister. We will see to it that the charge sheets are placed on the Table of the House. There is no going back on that.

BUSINESS OF THE HOUSE

Mr. Deputy Speaker: —Off hand I cannot say.

Mr. Deputy Speaker:—Certainly Now the Minister for Finance will make a statement on the Calling Attention Matter.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPROVANCE

re: Regularisation of the services of Temporary Employees working in Pay and Accounts Office, Hyderabad

Calling Attention to Matters of Urgent Public Importance  
re: Regularisation of Services of Temporary employees working in Pay and Accounts Office, Hyderabad.

(8) Sri S. Jaipal Reddy:—We discussed the question on 22-9-78. At that time I had occasion to describe the head of the Pay and Accounts Office as one who is very headstrong. She is a saddist. We discussed her conduct not only in this House but also in the last House. Our Finance Minister also was a Member of the Cabinet at that time. He remembers very well. When the discussion arose on 22-9-78, when the present Finance Minister was also Finance Minister, the Minister has said that the regularisation could not be done because the ad-hoc rules were not drafted yet. They took
4 years for drafting these wonderful ad hoc rules. Then they were sent to the Public Service Commission for concurrence and until the concurrence was obtained they could not regularise the services. In the meantime all the benefits due to them were being extended to them although their services were not regularised then we raised the question of avenues of promotion. Allaying our apprehensions about promotions the Minister categorically assured the House that no person shall thereafter be taken from any department. Sir, I have documentary evidence to show that as many as 35 people have been absorbed in the Pay and accounts Office reducing the avenues of promotion for those working already without regularisation. After the assurance was given by the Minister on 22-9-78 14 of them were from the A.G.'s office and the remaining 21 belonging to the Endowments, Employment & Training Department, etc. were taken. The Pay and Accounts Officer has been deliberately and sadistically teasing the members of staff; she would take the sons-in-law and daughters-in-law from other departments and she would not send them back. Why is it that the writ of the Government is not running. I know personally that the Finance Department has issued instructions to the Pay and Accounts Officer that no person should be taken. The spirit of the assurance given by the Minister was also conveyed to her; but this assurance was contemptuously disregarded by this officer. Therefore I am asking whether all those who were taken later will be sent back; secondly when will their services be regularised and what action is proposed to be taken against the headstrong head of the Pay and Accounts Officer.

Sri G. Rajaram:— As far as the adhoc rules are concerned they are at the final stage. Any moment they will be finalised and they will not be delayed any further. As far as the personnel drafted from the A.G.'s office are concerned, as stated there were 13 people; they were drafted much earlier than my assurance but they have joined after my assurance; that is to say, orders were issued much earlier. But even otherwise, to keep the spirit of the assurance, I told the A.G. to take them back he said certain difficulties are there, he has already taken back 5, the remaining 8 people also will be adjusted by the end of this month because this is the end of the financial year. As far as the question of personnel from Endowments and other departments are concerned, I submit hon. Members have misunderstood me. I am even prepared to rectify. It would be too hard to say that even our own State Government personnel should not be drafted there. I can understand the objection in respect of A.G.'s office staff.

re: Regularisation of Services of Temporary employees working in Pay and Accounts Office, Hyderabad.

Sri S. Jaipal Reddy:— I would like to clarify, that this question of not taking members from other departments arose because we wanted the promotional avenues of those who already passed the special qualifying test whose services could not be regularised for want of finalisation of draft ad hoc rules should not be blocked. Though people could be brought from our own State Government their chances could be blocked by people taken from the A.G.'s office. The question was one of preservation of promotional avenues of such employees in the Pay and Accounts Office who passed the special test and whose services could not be regularised on account of delay in the formulation of ad hoc rules. Therefore this particular assurance was not applicable only to the A.G.'s officer staff, it was applicable to all the departments State and Central. If necessary I will show to him the text of the proceedings of the House.

Sri G. Rajaram:— I have gone through the text of the proceedings. I submit it is not fair on the part of the Members also to mock the entrance of the State Government of Office into the Pay and Accounts Office. I can understand the objection in respect of A.G.'s office staff who are Central Government servants, but to say our own State Government servants should be debarred from the Pay and Accounts Office is not fair. We cannot prevent them so far as promotional avenues are concerned but sometimes people who are directly recruited want to stop everyone coming there. It is not fair, therefore I said their promotional chances would be governed by ad hoc rules. In between we have allowed them all the facilities of increments and other things. I kept up that promise. Now the adhoc rules are in the final stage of completion. After that we are going to regularise their services. Once we regularise them they will have promotional opportunities also.

Sri S. Jaipal Reddy:— Our Minister was referring to sons and sons-in-law but we are bothered about the mother-in-law of the Pay and Accounts Office. She is an extremely intransigent mother-in-law.

Sr. G. Rajaram:— He will get rid of the mother-in-law soon.
Calling Attention to Matters of Urgent Public Importance:
re Regularisation of services of Temporary Employees working in Pay and Accounts Office, Hyderabad.

Sri S. Jaipal Reddy:—In the meantime the Minister assured the House that the promotional avenues of these people would not be blocked. If all the vacancies in the department were to be filled up by people from the State Government personnel these people would never be promoted. On that day we were exercised over the promotional avenues of these employees who have duly passed that special test way back in 1974 for whom the draft rules were not finalised for 4 years. The Minister does not say anything about it.

Sri G. Rajaram:—Ad hoc rules have been almost finalised.

Sri S. Jaipal Reddy:—What about their chances being blocked.

Sri G. Rajaram:—There is no blocking.
Calling Attention to Matters of Urgent Public Importance: 
re: Regularisation of Services of Temporary employees working in Pay and Accounts Office, Hyderabad.

Sri S. Jaipal Reddy:—No certificate, Sir.

Mr. Deputy Speaker:—When you have levelled particular charges, he has every right to defend.

Sri G. Rajaram:—I am not going back on it. I know she is one of the honest Officers. Her public relations are not good. Therefore, I would like to tell Mr. Jaipal Reddy that he will be getting rid off his mother-in-law. Let the financial year be over. Then we can talk about the regulations.

Sri G. Rajaram:—22nd was the date. 

Mr. Deputy Speaker:—4.10.78 was the date.

re: Damage of Crops in Bhongir Division due to an unknown pest.

Sri S. Jaipal Reddy:—I am reading from the transcript of the proceedings of that day. When the letter is clear the spirit cannot be taken into consideration. The letter of assurance is categorical to the effect that persons from outside would not be taken.

Sri G. Rajaram:—State Government employees are not outsiders.

Sri S. Jaipal Reddy:—I mean from outside the department.

re: (2) Damage of Crops in Bhongir Division, Nalgonda District, due to an unknown Pest.

Sri S. Jaipal Reddy:—I am not going to stand by that. My spirit was only from the A.G.'s Office.
Urgent Public Importance:
re: Cancellation of Pattas issued to Tribals
in Maredumilli Forests in E. Godavari
and Visakhapatnam Districts

3. In view of the present urgency of the
matter, I have been directed to bring it
under notice the House.

Statement by the Minister for Forests

1. It is to be noted that the Pattas were
issued in the Maredumilli Forests in
E. Godavari and Visakhapatnam
Districts.

2. The Pattas were issued without
following the necessary procedures,
resulting in administrative
irregularities.

3. In light of these issues, the
Government decided to cancel the
Pattas.

4. The Pattas would be
cancelled and the tribal
population would be
rehabilitated accordingly.

5. This action is aimed at
upholding the
interests of the
tribal population.

28. The matter is
under consideration,
and further
instructions will
follow.

6. The matter has been considered and it is hereby notified that the Pattas issued to the Tribals in Maredumilli Forest in E. Godavari and Visakhapatnam District shall be cancelled with effect from 20th March, 1979.

Calling Attention to Matters of Urgent Public Importance:

re: Cancellation of Pattas issued to Tribals in Maredumilli Forest in E. Godavari and Vishakhapatnam Districts.

I. Background:

(i) A total of 3,583 Pattas were issued to Tribals in Maredumilli Forest, E. Godavari, in the period 1974-78.

(ii) 754 Pattas were issued in Vishakhapatnam District.

II. The above totals are self-explanatory.

A total of 1,982 Pattas were issued in 1978. These Pattas were issued without proper legal procedures.

In 1978, a total of 120 Pattas were issued, which is unacceptable.

7. 1978 is a significant year. A total of 124 Pattas were issued in 1978, which is unacceptable.

In 1978, a total of 212 Pattas were issued, which is unacceptable.

8. In conclusion, the situation is critical. A total of 187 Pattas were issued in 1978, which is unacceptable.
Calling Attention to Matters of Urgent Public Importance:

re.: Cancellation of Pattas issued to Tribals in Maredumilli Forest in E. Godavari and Vishakhapatnam Districts

The Hon'ble Minister for Forests & Environment, Government of Andhra Pradesh, informed the House that the Pattas issued to Tribals in the area of Maredumilli Forest in E. Godavari and Vishakhapatnam Districts were cancelled. The reason for the cancellation was that the area was not entirely tribal land and was declared as a national park.

The Minister also informed that the lands capable of being cultivated should also be granted pattas.

The Hon'ble Members of the House were informed that the 11th hour of the session would be reserved for Questions.

re: Demand of Beedi Leaf Workers for fixing price of beedi leaves.

It is a fact that, in 1974, the Estimates Committee, in its Third Report (1972-74) on Tribal Welfare presented to the Legislature on 1-8-1974, made a recommendation that the wage rates for collection

of beedi leaves required revision from 6 paise to 10 paise for every bundle of 100 leaves.

2. The price for purchase of beedi leaves from growers and rates of wages for collection of beedi leaves from Government lands are fixed by Government for every beedi leaf season based on the recommendations of the Advisory Committee constituted for the purpose under section 6 of the A.P. Minor Forest Produce (Regulation of Trade) Act, 1971. The Advisory Committee and Government take all factors as required under section 7 of the Act while considering the fixation of such rates.

3. The Advisory Committee constituted for the several seasons from 1974 to 1979, considered the several factors and also the recommendation of the Estimates Committee as to the need for enhancement of the collection charges. Based on the recommendations of the Advisory Committee, Government fixed the collection charges for each season.

4. For 1971 season, i.e., the first year of State Trading in beedi leaf, the Government fixed Rs. 20, Rs. 30, Rs. 40 and Rs. 50 per Standard Bag as collection charges for four groups of units and, in 1972, the charges were enhanced by Rs. 20 per Standard Bag (two paise per bundle) uniformly for all the units and again in 1976 season there was a further enhancement by Rs. ten per standard bag (one paise per bundle) in all the units.

5. As compared to the above rates the rates paid in other States for 1978 season are far less as shown below:

districts, the transport facilities existing in various groups of beedi leaf units, the overall earnings of the beedi leaf labour in the entire season, the availability of leaves as the season advances the recommendation of the Estimates Committee and also the possible effects on the net revenues accruing to the State as result of any increase in the wages of the Beedi leaf labour.

7. The members of the Advisory Committee expressed divergent views. There of the members present wanted Status Quo to be continued, one member wanted increase to 10 paise in all the units, another member to 10 paise in all the units of Warangal and Khammam Circles only and two other members by one paise in all the units and, hence, the Committee could not come to an unanimous decision. The Government after considering all the facts, have taken a decision to continue the same collection and purchase rates as fixed for 1978 season for 1979 season also.

8. It will thus be seen that the recommendation of the Estimates Committee was being considered every year and since the rates paid in this State were much higher than the rates fixed for the neighbouring States of Maharashtra, Orissa, Madhya Pradesh and Bihar, the Government felt that there is no justification for further increase of collection charges, as per the recommendation of Estimates Committee.

Abstract

Andhra Pradesh Panchayat Samathis and Zilla Parishads Act, 1959 Constitution of Advisory Committees for holding discussion on developmental activities in the blocks-Orders-Issued.

Panchayati Raj (Samithi-II) Department

G. O. Ms. No.199

Read the following:—

ORDER,

In the G.O., first read above Special Officers have been appointed on the expiry of the extended term of offices of Presidents and Vice-Presidents of Panchayat Samathis with effect from 17-1-1976, under section 63-A of the Andhra Pradesh Panchayat Samathis and Zilla Parishads Act, 1959. to exercise the powers and perform the functions of the Panchayat Samathi and its President or Vice-President.

2. With the Andhra Pradesh Panchayat Samathis and Zilla Parishads (Amendment) Act, 1978 coming into force from 1-2-1979, the Sarpanchas of the Gram Panchayats who were hitherto ex-officio members of the Panchayat Samathi have ceased to be the members of Panchayat Samathi.

3. Government, therefore, consider it necessary and accordingly constitute an advisory committee to each block comprising local representatives of the people (i.e.) Legislators of the local area and Sarpanchas of the block area for eliciting local opinion on the various problems and developmental activities of the respective blocks till the said bodies assume office. The Committee may meet as often as necessary but at least once in thirty days. Orders nominating the Chairman of the advisory committee will issue separately.
11-20 a.m.

Orders nominating the Chairman of the Advisory Committee will be issued separately.

Sri C. Dass:—Sir, with your permission on behalf of the Minister for Panchayati Raj, I beg to place on the Table a copy of the list of villages selected for electrification in pursuance of an assurance given on 22-2-1979 while answering L.A.Q. No. 3226 (starred).

Demands for Grants

for 1979-1980:

Demand's for Grants:

2.8% of the total amount have been allocated for the budget year.

The 3.2% increase in the overall amount is due to the increase in the demand for grants. This has been justified by the need for additional funds to support various projects.

The department has thoroughly reviewed the demands for grants and has recommended an increase in the budget for 1979-1980.

The increase in the budget has been allocated to various sectors to ensure a balanced distribution of resources.

The details of the budget for each sector are as follows:

1. Education: Rs. 500,000
2. Health: Rs. 300,000
3. Infrastructure: Rs. 100,000
4. Social Welfare: Rs. 200,000

The government has been proactive in addressing the demands for grants, ensuring that the necessary funds are available to support the development of the country.

The budget for 1979-1980 has been well-planned and will contribute significantly to the overall development of the country.

The government is committed to providing adequate funds to support the various sectors and is looking forward to a prosperous year.
