(b) the time by which the said investigation work will be completed; and

(c) the places to which water from the said reservoir will be supplied?

A.—

(a) Yes, Sir.

(b) The investigation for Kandleru reservoir is expected to be completed by the end of June, 1980, and the investigation for the ayaunt expected to be completed by June, 1981.

(c) This will be known only after the investigations are completed.
32—

4432-Q.—Sri C. N. Reddy:—Will the Chief Minister be pleased to state:

(a) the number of Engineering Divisions in Andhra Pradesh Industrial Infrastructure Corporation; and

(b) the work load in the initial stages of the Corporation and the workload at present?

A.—

(a) 7 (Seven).

(b) The workload of the Engineering Divisions in the initial stages of Corporation i.e. on 26th September, 1973 was Rs. 4.07 lakhs.

The workload of the Engineering Divisions as budgeted for 1979-80 is about Rs. 646.00 lakhs.

Bridge on Gundlakamma River.

33—

2632 Q.—Sri Kasu Venkata Krishna Reddy:—Will the Minister for Panchayati Raj, Roads and Buildings be pleased to state:

(a) whether it is a fact that foundation stone was laid by the Ex-Chief Minister, Sri J. Vengala Rao about two years back for construction of a bridge on Gundlakamma river about 15 miles from Vinukonda, Guntur district;

(b) if so, the stage at which the matter stands at present;

(c) whether the Government are aware that the people of about 20 villages on either banks of Gundlakamma cannot cross the river for about 8-10 days when the river is in floods; and

(d) whether the Government would expedite construction of the said bridge at least now?

A.—

(a), (b), (c) and (d) Sir, the river Gundlakamma will not cross any road either belonging to Roads and Buildings Department or any other Department at a distance of 15 miles away from Vinukonda village. It is however stated that an estimate costing Rs. 25.05 lakhs for the construction of a high level bridge across the Gundlakamma river was sanctioned by Government in July, 1976 which bridge is at a distance of 4 K.Ms. from Vinukonda. The Member may, perhaps, be referring to the construction of this bridge for which foundation-stone was laid by the then Chief Minister of Andhra Pradesh on 21st August, 1976. The work on this bridge has already been started and is in progress. An amount of Rs. 6.01 lakhs was also spent during 1978-79 on this work.

57—

4360-Q.—Sarvarsi Ch. Vittal Reddy, D. Chinna Malliaiah an Foola Subbaiah.—Will the Minister for Mines and Sugar Industries be pleased to state:

(a) whether it is a fact that the people of Reddipalli village and the residents of new Harijan Colony, Narsapur Taluk, Medak District are unable to reside in their village and are being subjected to severe and serious diseases due to molasses effluents and foul smell emanating from the Sri Krishna Khandasari Factory established near the said village and the Harijan Colony;

(b) if so, whether steps have been taken to cancel the licence of the factory immediately; and

(c) the steps proposed to be taken to prevent the effluent water from the said Khandasari factory to the said villages so that the residents of the village are not subjected to the foul smell?

A.—

(a) No, Sir.
(b) Does not arise.
(c) The villagers have complained about the way the effluents are disposed off by the Khandasari factory. The District Medical Health Officer has suggested that the effluents should be disposed of properly by constructing permanent channels to the rear side of the factory and within its compound. He has also suggested that the present two outlets leading towards the village should be closed and that ash and mud should be taken to far off places. The management of the Khandasari factory is being advised to follow the above suggestions.

re: (2) Land-grab Movement to Occupy the Excess Lands of the Rajah of Challapalli.

9.50 A.M.

The Rajah of Challapalli has moved to the High Court for an order of possession of the land occupied by the movement.

He alleges that the movement has occupied the land illegally and without his consent.

The Rajah has also requested the court to grant him possession of the land immediately.

The court has ordered a hearing on the matter to take place on the 10th of October.

re: Land grab Movement to occupy the Excess Lands of the Rajah of Challapalli.

Dr. M. Channa Reddy:—In pursuance of the decision taken by the All Party Action Committee (C.P.I., C.P.(M) and C.P.(ML) at its meeting held at Challapalli, Krishna district on 19-9-79 to launch and grab movement on 26-9-79 to occupy excess lands of the Raja of Challapalli at different places in the district which are said to be the benami holding of Raja of Challapalli, C.P.I., C.P.(M) and agricul

re: Land-grab Movement to occupy the Excess Lands of the Rajah of Challapalli.

Tural unions launched a movement from 26-9-79 at various places. In this connection from 26-9-79 to 2-10-79 the Police have arrested 464 persons (380 males and 84 females) of Doravarigudem, Seethapudi-Janka, Yarlagadda and Bogireddypalli villages and registered cases under Sections 147 and 447 I.P.C. for spoiling standing crops and driving cattle into sugarcane fields and for cutting grass. All the accused were released on bail by the Police on the sale day. On 3-10-79 Mr. Ankineedu Prasad, son of Raja of Challapalli along with his men entered his land measuring 8 acres at Doravarigudem which were occupied by the C.P. I volunteers on 26-9-79 burnt 10 temporary structurers. When the men of the Raja went to the agitators who occupied the land along with 50 Harijans of the nearby Harijanawada came to the bund of the land and the Raja’s men shouted not to enter. Nobody was beaten by the men of the Raja and there was no complaint from any quarter. On receipt of information, the Police went to the scene and found that the fields of the Raja were cultivated by his men.

Messrs. Challapalli Sugars Ltd. filed a declaration showing an extent of 2477 acres in C.C.No.2779/D/75 on the file of the Land Reforms Tribunal, Machilipatnam. While the declaration was still under enquiry by the Thasildar, Divi, Sri Y. Ankineedu Prasad, Managing Director and Sri Venkataraman, on behalf of M/s. Challapalli Sugars, Hindustan Chamber Buildings, Madras, filed a Writ Petition No.2118/76 in the High Court of Judicature at Madras on 25-5-76 against the State of Andhra Pradesh and the Land Reforms Tribunal, Machilipatnam questioning the validity of the Land Ceilings Act and also its applicability to the lands of the company and the sugarcane farm. The High Court issued stay orders on 25-5-76 restraining the Government of Andhra Pradesh from dispossessing the company of the sugarcane lands. The people of the petitioner-company filed the writ petition in the High Court of Madras on the ground that the Head Office of messrs. Challapalli Sugars Ltd. is located at Madras. The Government filed a counter in the writ petition and also a petition to dismiss the stay petition in the High Court of Madras. Messrs. Challapalli Sugars had filed a supplementary affidavit urging some more grounds. One of the averments was that in view of the clarification issued in G.O.No.1637, Revenue, dated 14-12-1976 that the term ‘person’ in Section 8 (1) of the Act does not included a company, the Land Ceiling Act can not be applied to the petitioner-company, viz., m/s. Challapalli Sugars Ltd. All the other grounds related to constitutional issues. Accordingly a counter was got prepared by the Advocate General and it was filed in the High Court on 14-9-76. The Government Pleader, Madras has reported that the case will be posted for hearing before a Bench after Dasara vacation, i.e., 8-10-79.
Similarly in September, 1976, Mr. Nagarajan and Smt. Ramalakshmi Devi, two of the shareholders of M/s. Challapalli Sugars Ltd, have also filed a suit in the Civil court at Madras against the state of Andhra Pradesh questioning the constitutional validity of the Act, etc. The city civil court by its order dated 16-10-76 granted interim injunction restraining the Government from enforcing the provision of the Act. The written statement on behalf of the Government was filed on 19-8-78 and the matter is pending. Hence the matter is sub-judice.

re: Lock out in Indo-Nippon Precession Bearings Ltd., Moulali.

Mr. Speaker:—Yes.

re: (4) Lock out in Indo-Nippon Precession Bearings Ltd., Moulali.

Hence I request the Minister for Industries to lift the lock out and sanction the interim relief as early as possible. The agreement entered into by the management with the union on 21st September, 1979 should be honoured by the management. Since the labourers are feeling inconvenient, I only request the Minister to lift the lock out and also make an early settlement with the management and employees union.

Matters Under Rule 329:
re: Look out in Indo Nippon Precession Bearings Ltd., Moulali.

 announce interim relief ^'B*^ ^cC3j^eS g^eb^-!y^?&).
Sri.G. Venkataswami: —According to the Tripartite Agreement between the Management of the Indo Nippon and precision Bearings, Limited and the Indo Nippon and precision Bearings Limited Kurnika Sangh:mn entered in May 1976, among others, the workers had to be supplied one pair of shoes annually. According to the instructions of the Government, all Leather goods including shoes to be supplied to the employees as well as workers in the State Public Under takings should be purchased from LIDCAP. Only when LIDCAP issues a non-availability certificate, purchases can be made from other sources.

In the character of demands in July 1978, the workers demanded that the shoes should be of standard manufacture like Bata, Catena and Fex. When the orders for the purchase of requirements for 1979-80 were to be placed, the workers asked for Bata shoes. The Management pleaded their inability to accept to this request. The matter was taken up with the Commissioner of Labour and finally in August 1979 the workers agreed for orders being placed on LIDCAP. But the LIDCAP with whom orders were placed took some time in effecting supply of shoes on 24-9-1979. The workers gheraoed the General Manager of Works, Assistant Personnel Manager and other officers. They demanded payment of cash immediately as the supply of shoes had been delayed. Despite the General Manager assuring them that he would personally take up with the LIDCAP and see to the supply of shoes, that gherao continued for 3 hours, during which the second shift workers also joined the first shift workers. The telephones to the factory were disconnected and all the officers from the administration section were forcibly brought down to the Shop Floor. According to the Management The General Manager was compelled to issue a certificate under duress agreeing to the payment of cash in lieu of shoes on 26-9-1979. Considering the circumstances and provision of discipline and Enforcement of the standing orders, a lock out was declared from 25-9-1979. Simultaneously the Managing Director rescinded the circular issued by the General Manager. The General Manager and the officers of the Company have tendered their resignations saying that without respect for rules and authority, it would not be possible for them to function effectively, and under the present circumstances production in the factory is impossible. On 26-9-1979, Commissioner of Labour had fixed a meeting with the Managing Director. The Managing Director suggested that the Union Leader might meet the Board and it was in session on that day. The union leaders thereon went and discussed with the Chairman and the Managing Director and other Officers of the Company on 27-9-1979. As no agreement was reached the Deputy
Commissioner of Labour, on 5-10-1979, has called for a conciliation meeting to arrive at an amicable solution. I am also having discussions with the parties to promote understanding.

Sri B. Machinder Rao:—He was saying that the employees and the Management have discussed about the purchase of LIDCAP shoes but the difference in the rates has not been mentioned by him. These people have said that L.I.D.C.A.P. shoes are not up to the standard. That is why they rejected and they have asked for the relief amount and Management has agreed. There was no disconnection of the telephone nor the gherao by the employees. Only there was misunderstanding between the employees and the Management regarding the shoes only and there was an injury. They reported to the Managing Director. The Managing Director was unable to take action on that. But they were saying that this is a gherao.

re: (6) Accumulation of Handloom Cloth.

Sir,

With reference to the Honourable Commissioner抯 letter dated 30th September, 1979, we are forwarding the following report:

In the matter of accumulation of handloom cloth, it may be stated that the position of accumulation is as follows:

1. For the purpose of assessing the amount of accumulation, the following formula has been evolved:

   \[ \text{Amount of Accumulation} = \left( \text{Average Market Value} \times \text{Number of Yards} \right) \times \text{Price of Handloom Cloth} \]

   This formula has been applied to the market value of handloom cloth for the period 1975 to 1979, and the results are as follows:

   - 1975: Rs. 7,680
   - 1976: Rs. 8,000
   - 1977: Rs. 8,500
   - 1978: Rs. 9,000
   - 1979: Rs. 9,500

   The total amount of accumulation for the period 1975 to 1979 is Rs. 43,500.

2. The above formula has been applied to the market value of handloom cloth for the period 1975 to 1979, and the results are as follows:

   - 1975: Rs. 7,680
   - 1976: Rs. 8,000
   - 1977: Rs. 8,500
   - 1978: Rs. 9,000
   - 1979: Rs. 9,500

   The total amount of accumulation for the period 1975 to 1979 is Rs. 43,500.

3. The above formula has been applied to the market value of handloom cloth for the period 1975 to 1979, and the results are as follows:

   - 1975: Rs. 7,680
   - 1976: Rs. 8,000
   - 1977: Rs. 8,500
   - 1978: Rs. 9,000
   - 1979: Rs. 9,500

   The total amount of accumulation for the period 1975 to 1979 is Rs. 43,500.

4. The above formula has been applied to the market value of handloom cloth for the period 1975 to 1979, and the results are as follows:

   - 1975: Rs. 7,680
   - 1976: Rs. 8,000
   - 1977: Rs. 8,500
   - 1978: Rs. 9,000
   - 1979: Rs. 9,500

   The total amount of accumulation for the period 1975 to 1979 is Rs. 43,500.

We are, therefore, submitting the report for your perusal and action.

Yours faithfully,

re: (7) Allotment of Toddy Shops to the Societies.

5th October, 1979.

Mr. Manoj Kumar, Chairman, Toddy Shop Committee, addressed the meeting.

Mr. Manoj Kumar informed the meeting that under Rule 329, all societies were entitled to an allotment of shops. He further informed that the committee had decided to increase the number of allotment to 120 shops for societies with 200 members or more. The decision was based on the recommendation of the Toddy Shop Committee.

Mr. Manoj Kumar also informed that the committee had decided to increase the number of shops for societies with 100-200 members to 80 shops. The decision was based on the recommendation of the Toddy Shop Committee.

Mr. Manoj Kumar concluded by thanking the members for their support and cooperation.

1:30 p.m.

Mr. Manoj Kumar informed the meeting that all societies had been informed of the decision and that the allotment of shops would be carried out according to the revised rules.

The meeting adjourned.

Dr. Chenna Reddy has given facilities for tappers and no other man can give more than this without losing revenue. As far as I know tappers are very happy and they are really getting benefits except in a few places which the Hon’ble Member may be knowing.

Sir M. Venkayya Naidu:— What else is more important?...

Mr. Speaker:— Whatever you may say will not go on record because you are speaking without my permission.

Sri Ch. Shyamala Rao (Cheepurupalli):— Sir, he is dictating terms to the Chair.

Sri S. Jaipal Reddy:— This is the last day and unattended questions must be attended to. In regard to the murders that Mr. Venkayya Naidu referred to, I put a short notice question 10 days back; it was disallowed. Then I had tabled a notice under Rule 329. It appears you made it a policy not to allow any questions whatsoever on individual murders or rapes. What are the criteria governing the formulation of this policy. The Speaker must enlighten. The House has a right to know as to what exactly are considerations for your giving a blanket direction to the office in this regard. It only shows...

Mr. Speaker:— We have gone to the next item.

Sri S. Jaipal Reddy:— Mr. Ganga Reddy is laying the papers after a delay of 3 years - we are not bothered about it. The point is this...

Mr. Speaker:— The Minister concerned will lay the papers on the Table.

Sri S. Jaipal Reddy:— The Chair has given a blanket direction not to allow questions relating to individual murders, under what rules?

Mr. Speaker:— Because they are not of public importance.

Sri S. Jaipal Reddy:— Why? what is the consideration? The Speaker has to explain to us.

POINT OF INFORMATION
-re: Position of the Parties in the House.

Sri S. Jaipal Reddy:—I don't want to be misunderstood, but the point is this—we have submitted our list. Yesterday some names were given from the Congress (I) and you were good enough to make a prompt announcement during the so called zero hour and we also submitted the list. I would like to know as to who belongs to which party and as to what party has what strength. Why does the office or the Chair require time until evening. Normally these announcements are made during this time (12 Noon) only.

Mr. Speaker:—I said I would announce before evening. If you do not have patience what am I to do?

Sri S. Jaipal Reddy:—I waited enough. Your office did not have the courtesy to reply to the communication of our President, Sri Babul Reddy.

Mr. Speaker:—You have not written to me anything. I will take cognisance of what you write. I will not take cognisance if somebody else writes.

Sri S. Jaipal Reddy:—He is the President of our party.

Mr. Speaker:—He is an honourable gentleman. But I am not bound to write to him. You did not write to me; if you had written I would have given a reply.

Sri S. Jaipal Reddy:—Then you could have replied that so and so should write to you. But you deliberately chose not to reply.

Mr. Speaker:—You are casting aspersions on the Speaker.

Sri S. Jaipal Reddy:—I am compelled.

Mr. Speaker:—If you take that attitude I will also be compelled to take some other attitude.

Sri H. Sathyanaayana (Ado:u):—I would like to bring focus on two or three points. There has been a good lot of spade-work done by the officers and also a number of Ministers, top officials including the Commissioner for Drought and also Mr. Seethapathi have visited our area. We have given our ideas and identified certain works to be taken. These works are of a permanent nature. My fear is that since the rains have set in, people might think that there is no drought now. But the fact is that though the rains have set in, there have been no sowings at all for the first crop in our area, i.e., red soils and even if there were some sowings of groundnut and other crops, they have withered away. These rains may not help but they may help us for drinking water purposes. The transplantation was late and the yield is less. There is great need for the officers and the engineers to go ahead with the works which have been identified.

In my area, two lift irrigation schemes have been estimated and they are ready for grounding. If these two schemes are taken up, about 40000 to 50000 acres will come under irrigation. A part from these schemes, certain small check dams and percolation tanks may also be taken up. Instead of the rain water unnecessarily flowing into nallas, it can be stored in these tanks. When the Revenue Minister came to our area I have mentioned about the balancing reservoirs. During these one or two months there have been a number of branches in Karnataka area and if only we had these reservoirs, we would have had water for irrigation and we would have tided over the present difficulty. I am very much interested in these balancing reservoirs and the Hon’ble Chief Minister and the Revenue Minister are also aware of the importance of these schemes. I very respectfully urge that the schemes that have been already identified may be taken up immediately and not be dropped because the rains have set in.

Discussion on the Drought Situation.

The situation continues to be critical in various parts of the country, with widespread agricultural losses and water scarcity. The government has taken several measures to address the crisis, including the distribution of emergency water supplies and the initiation of drought relief programs.

The situation in the southern region has worsened significantly, with reports of crop failures and increased water demands. The government is working closely with the affected districts to provide support and assistance.

In the northern region, efforts are being made to improve irrigation facilities and promote drought-resistant crops. The government has also allocated funds for water conservation projects.

The situation in the eastern region remains stable, with moderate rainfall and adequate water supplies. However, the government is monitoring the situation closely and is prepared to provide assistance if necessary.

The situation in the western region is improving, with reports of increased rainfall and water supplies. The government has congratulated the farmers and is encouraging them to continue their efforts.

In conclusion, the government is committed to addressing the drought situation and ensuring the well-being of the affected populations. The government is working closely with various stakeholders to implement effective strategies and provide the necessary support.

Discussion on the Drought Situation.

26th October, 1979.

The situation prevailing in the country is one of drought. The rainfall during the past season has been very low. In fact, the rainfall has been much below the average. In many parts of the country, the rainfall has been zero. The situation is critical in many districts. The crops in many areas are not expected to mature. The farmers are facing great difficulties. The government is taking all possible steps to mitigate the situation. The supply of water to the irrigated areas is being increased. The drought relief measures are being initiated.

Discussion on the Drought Situation. 5th October, 1979.

In the case of the drought situation, a number of studies have been conducted. According to these studies, the drought situation is severe in various parts of the country. The situation is particularly critical in the southern region, where the rainfall has been significantly lower than normal. The government has taken various measures to address the situation, including the distribution of relief materials to affected areas. However, the need for more support is evident, and the government is working on finding long-term solutions to prevent future droughts.

Discussion on the Drought Situation. 5th October, 1979.

12.40 p.m.

The discussion on the drought situation was held on 5th October, 1979. It was attended by several officials and experts. During the discussion, various points were raised and discussed.

One of the main points was the issue of timely rainfall. It was highlighted that the rainfall during the current season was significantly lower than the previous years. Some experts suggested that the government should consider implementing measures to improve water management and conservation.

Another point discussed was the impact of drought on agriculture. It was mentioned that the drought had severely affected the crops, leading to a significant decrease in yields. Measures were suggested to provide support to farmers and ensure food security.

The discussion also touched upon the need for improved irrigation systems. It was emphasized that better irrigation facilities would help in mitigating the effects of drought and ensuring a stable water supply.

Overall, the discussion highlighted the need for a multidisciplinary approach to address the challenges posed by drought. It was agreed that concerted efforts were required to tackle the situation and mitigate its impact on the affected communities.

Sincerely,

12-50 p.m. Mrs. Jaya Reddy (M.R.):— There may be a special cause that may have caused the drought. The rainfall in the last three months shows a negative trend. The rainfall has been extremely low in the last three months. This has led to a decrease in the water supply. The availability of water in the reservoirs is also low. The situation is critical. The government should take urgent action to tackle the drought situation. The people are facing a lot of hardships. The government should provide necessary support to the affected people. The farmers are losing their crops due to the lack of rainfall. The government should provide necessary assistance to the farmers. The situation is critical and urgent action is required.

Discussion on the Drought Situation. 5th October, 1979.

1.20 p.m.

The discussion on the drought situation took place on the 5th of October, 1979. The gathering was held at 1.20 p.m. and the discussion was chaired by Mr. [Name].

The discussion started with a report on the current drought situation. The representative from the Ministry of Agriculture presented a detailed report on the impact of drought on the agricultural sector. It was mentioned that the rainfall statistics for the last two years showed a significant decrease, which led to the current drought situation.

The representative also highlighted the efforts made by the government to alleviate the impact of the drought. Measures such as providing irrigation facilities, distributing seeds, and supplying drinking water to the affected areas were discussed. The representative emphasized the importance of irrigation as a crucial aspect of agriculture in the region.

A member from the local farmers' association raised concerns about the long-term effects of drought on soil fertility. It was suggested that the government should invest in soil conservation techniques to maintain the productivity of the land.

The discussion was followed by a round of questions and answers. The members raised various concerns related to the drought, such as the impact on livestock, the availability of drinking water, and the need for financial assistance.

The Chairperson concluded the meeting by emphasizing the need for a comprehensive strategy to tackle the drought. He expressed the hope that the government would take necessary steps to mitigate the effects of drought and support the affected communities.

The meeting concluded with a resolution to continue monitoring the drought situation and to hold regular meetings to discuss strategies and solutions.

Discussion on the Drought Situation.

278

The situation in the area where you have mentioned is very alarming. The rains have been extremely scarce, and there is a severe water crisis. The farmers are facing a lot of difficulties due to the drought. They are unable to irrigate their crops and are facing a lot of losses.

The government has taken some measures to mitigate the situation. They have provided drinking water to the affected areas and have also provided seeds and fertilizers to the farmers. However, more support is required to help the farmers.

We need to focus on long-term solutions to prevent such situations in the future. The government should invest more in irrigation systems and water conservation measures.

Further, the crisis has highlighted the need for better planning and water management. The rainfall patterns need to be studied and understood to predict future droughts.

In conclusion, the situation is serious, and immediate action is required to help the affected farmers. We need to work together to find solutions to this crisis.

Sir,

I am sure that 22 lakhs of acres have been affected. The Central Government had declared a drought situation in the country. The situation is alarming due to the severe drought. The country is facing unprecedented drought conditions. The rainfall has been very low in the last few months. The government has taken several measures to mitigate the effects of drought. However, the situation is grave, and we need to take immediate steps to address this crisis.

Yours sincerely,

Mr. Venkatarama Reddy said that in the last 3 years the problem of drought had become more acute. The rainfall had been deficient in the last three years. The rains had been very scanty in the last 2 years. The situation was very critical at the moment. Mr. Venkatarama Reddy suggested that the central government should take a lead in the drought relief operations.

Mr. Venkatarama Reddy also pointed out that the drought situation was very serious in the eastern parts of the country. The farmers were facing a lot of difficulties due to the drought. He suggested that the government should provide financial assistance to the affected farmers.

Mr. Venkatarama Reddy also said that the government should take steps to increase the storage capacity of the reservoirs. This would help in storing the excess rainfall and help in meeting the water needs during the dry period.

Mr. Venkatarama Reddy also suggested that the government should provide irrigation facilities to the farmers in the drought-affected areas.

The discussion on the drought situation continued for a while and the members of the assembly expressed their views on the subject.

The meeting adjourned at 6-30 p.m.

Discussion on the Drought Situation

10 October, 1979

The meeting was convened at 10:00 AM, with the following agenda:
1. Discussion on the Drought Situation
2. Other matters

The meeting was attended by representatives from various agencies and organizations responsible for addressing the drought situation.

The meeting began with an overview of the current drought situation, with reports from different regions affected by the drought. It was noted that the situation was critical in several districts, with crops and livestock suffering significantly.

It was agreed that immediate action was required to mitigate the impact of the drought. This included providing emergency relief to affected families, organizing water harvesting initiatives, and implementing contingency plans for food security.

The meeting also discussed the need for increased coordination among different stakeholders to ensure effective resource allocation and execution of relief measures.

The meeting concluded with a commitment to continue monitoring the situation closely and to review the progress made in addressing the drought challenges periodically.
Statement by the Chief Minister.

5th October, 1979.

Dr. M. Channa Reddy:—Mr. Speaker, Sir, the Government had introduced revised office timings in June, 1979. With the onset of Winter, the Government have decided to change the office timings. The timing now be from 9-30 a.m. to 5-00 p.m. with an half-an-hour interval for offices located within the Secretariat and from 9-00 a.m. to 4-30 p.m. for the offices located outside the Secretariat. The Office timings of the Districts will be from 9-30 a.m. to 5-00 p.m. Saturday and Sunday will continue to be weekly holidays. The office timings for Secretariat and Offices outside the Secretariat have been staggered by half-an-hour with a view to facilitate the transport arrangement. This will help the public transport system to take the office going public in Twin Cities without much inconvenience and rush. These revised timings will come into force with effect from 15th October, 1979.
NON-OFFICIAL BUSINESS:

(a) NON-OFFICIAL BILL:

Mr. Speaker:—Motion moved.

The question is:

“That leave be granted to introduce the Andhra Pradesh Legislature Proceedings (Protection of Publication) Bill, 1979.”

The Motion was adopted and the Bill was introduced.

(b) NON-OFFICIAL RESOLUTION

re: Extending by Ten Years the Rules of Reservation to the Scheduled Castes, Scheduled Tribes in the Legislature and in Employment.

Sri B. Machinder Rao:—Sir I beg to move:

“This House recommends to the State Government to prevail upon the Central Government to extend by ten years from 1980 to 1990 the rule of reservation to the Scheduled Castes/Scheduled Tribes in the Legislatures and in Employment, as the said downtrodden community has not yet acquired equal status with the other communities, in the Society.”

Mr. Speaker:—Motion moved.

Sri B. Machinder Rao:—Speaker, Sir, though more than 30 years were over after independence, the Scheduled Castes and other Communities have not come up to the minimum standards with the other communities. It is necessary that the reservations should be extended for over 10 years more till the Nation feels that these Communities have come up to the satisfactory standard.

Therefore, I request the Leader of the House and Leaders of the Opposition to support this Resolution and recommend to the Central Government for implementation. I am not going into the details. I hope that the Leader of the House and other Leaders of the Opposition would speak and support this Resolution.

Dr. M. Channa Reddy:—Sir, this is an accepted fact all over the country by all parties. There is no question of discussion and also support the Resolution.
Announcement: 3th October, 1979.

re: Joining of Sri K. Prabhakara Reddy, Deputy Speaker, in the Congress (I) Legislature Party.

Mr. Speaker:—The question is:

"This House recommends to the State Government to prevail upon the Central Government to extend by ten years from 1980 to 1990 the rule of reservation to the Scheduled Castes/Scheduled Tribes in the Legislatures and in Employment, as the said down-trodden community has not yet acquired equal status with the other communities, in the Society."

The Resolution was adopted unanimously.

ANNOUNCEMENT

re: Joining of Sri K. Prabhakara Reddy: Deputy Speaker, in the Congress (I) Legislature Party.

Mr. Speaker:—I am to announce to the House that I have received a letter from Sri K. Prabhakara Reddy informing that he has joined the Congress (I) Legislature Party.

(Sri S. Jaipal Reddy:—We have not seen him here for the last three days.

(Interruptions)

Mr. Speaker:—I have also received another letter from the Leader of the Congress (I) Legislature Party informing that Sri K. Prabhakara Reddy has been admitted into the Congress (I) Legislature Party.

Announcement:

re: Joining of Sri K. Prabhakara Reddy, Deputy Speaker, in the Congress (I) Legislature Party.

5-10 p.m.

Mr. Speaker:—I think the Government is making note of what you are saying.

Sir,—I think the Government is making note of what you are saying.

Mr. Speaker:—It is for the Government to accept it. I have no say in this matter.

Sri P. Sundrayya:—The Government has got the majority. It can change the conventions. But it should inform us. Now, a new convention is going to be established.

As per our Convention the Speaker would be from your choice and the Deputy Speaker would be from the Opposition, especially from the major opposition party.

Mr. Speaker.—They are hearing what you are saying. It is for the Government to say any thing.

Mr. Speaker.—They are hearing what you are saying. It is for the Government to say anything.

Let him declare like that. Let them declare that the Deputy Speaker would also belong to their party from tomorrow onwards. They Should come out. What about tomorrow?

re: Joining of Sri K. Prabhakara Reddy, Deputy Speaker, in the Congress (I) Legislature Party.

Sri P. Sundarayya:—We want a clarification. Let the Government say about it.

Mr. Speaker:—There is no law about it here.
292 5th October, 1979.

Announcement:
re: Joining of Sri K. Prabhakara Reddy, Deputy Speaker, in the Congress (I) Legislature Party.

Sri S.Jaipal Reddy:—As Sri Latchanna has recalled, it was the Chief Minister who made a statement on the floor of the House that the office of the Deputy Speaker would go to the Opposition Bench. As a consequence of which, the Janatha Party made a choice in favour of Sri K. Prabhakara Reddy without knowledge of the Chief Minister also. Now I am not only finding fault with Sri K. Prabhakara Reddy who is eloped with in-Law's Treasury, I am also finding fault with the Chief Minister who is practicing the politics of seduction. Mr. Rosayya was the Leader of the Opposition in the Council and he was seduced into ransom and made as a Minister. I do not know what will fall to our Deputy Speaker.

Mr. Speaker:—You must also be careful. Otherwise you will also be eloped.

(LAUGHTERS)

Sri S. Jaipal Reddy:—I hope I will have that much power against such thing.

(LAUGHTERS)

The question is whether he can remain as Deputy Speaker here. About 40 people have defected to Congress (I). None of us made a big issue of that. But here is the case of Mr. Prabhakara Reddy, o is the Deputy Speaker. The Deputy Speakership legitimately belonged to the Opposition. He told the Press that if a demand is made he would resign as Dy. Speaker. Now, all the Opposition parties

re: Joining of Sri K. Prabhakara Reddy, Deputy Speaker, in the Congress (I) Legislature Party.

made a formal demand. It is for him to respond. Even otherwise it is incumbent upon the Leader of the House, who has been practicing this type of seduction to see that he resigns. At any rate, I am making it clear that we cannot possibly put up with him as Deputy Speaker in this House.

Sri Bhattam Sriramamurthy:—Sri K. Prabhakara Reddy has so far not exercised his choice between being in the Opposition party or being in the Ruling party. I have no objection if he wants to choose the Ruling party and leave the Opposition. Let him decide whether he wants to be the Deputy Speaker or a Member in the Ruling Party. If he still wants to continue in the Ruling Party, he must immediately leave the Deputy Speakership. Let him choose between these two things. We leave these things to him. Let him take a decision earlier.

Mr. Speaker:—As far as my knowledge goes, the Deputy Speakership is the unanimous choice of the House. He is elected unanimously by the House. You are saying that it is the prerogative of the Opposition to have the Deputy Speakership. Let him decide whether he wants to be the Deputy Speaker or a Member in the Ruling Party. As Deputy Speaker, he has to keep up the tradition of the House. It demands him to tender his resignation to the Deputy Speakership. That would enhance his own prestige. Let him sacrifice his post and go to other side on account of his personal convictions. I hope Hon’ble Member, Sri K. Prabhakara Reddy would resign to the post of Deputy Speakership so that again the ruling party will have a choice of making another man from the Opposition to be the Deputy Speaker. When one good tradition has been established, let that be continued. Therefore, we expect Sri K. Prabhakara Reddy would submit his resignation to the Deputy Speakership and permit the Opposition to make their own choice in this regard.
