It has been noticed that the loanes who took loans for the agricultural operations from the co-operative banks have been put to much hardship by paying penal interest from 1 1/2% to 3% for non-payment of dues even though the non-payment was due to natural calamities. The Government have considered that certain relief should be provided to the loanes in such cases and therefore direct that the penal interest shall be waived in respect of those loanes who could not pay the loans which became due as on 30th June 1978 provided that they repay the loans in full by 30th April, 1979. The G.O. is very clear.

What action you will take on this particular departmental head?

Sri Latchumma:—Some days back I have written to the G.O. arranging all the money. I have also written that the money must be adjusted to the principal of the loans. I will take severe action on the officers and I will see that money is adjusted to the principal of the loans.

Mr. Speaker:— I will go through the whole records and the rules. I will give my final ruling to-morrow.

Sri S. Jaipal Reddy:— You have reserved it for final ruling. We will welcome that decision. I would like to make one submission.

re: (1) High-handedness on the part of the Agricultural Credit Development Bank Employees of Anantapur in Aravakur Village

As Mr. Venkaiah Naidu has rightly pointed out the Department took care to provide information which was not called for but such information was designed to embarrass the Member who put the question, hampering the discharge of his duty, as Member of the House. It is not only a question of impropriety but also it involves a question of privilege. So, we would like the Speaker to consider this issue in the light of the privilege of the Member.

Mr. Speaker:—I will consider all aspects.

Sri G. Rajaram:—Sir before you give your ruling and consider all other aspects, I would request, that this should not go into the press that ‘the Member is in default’.

Sri M. Venkaiah Naidu:—Only that particular part that the Member is in default.

Sri B.T.L N. Chowdary:—I am not in default. Let the Minister take the challenge, otherwise there is no justice for me in this House. I will stage a walk out.

Sri G. Rajaram:—The Press may be Directed.

Mr. Speaker:—I am directing the Press not to publish all these things. (Interruptions) I mean, about the default of Sri B.T.L.N. Chowdary. Please don’t publish in the papers.

Sri S. Jaipal Reddy:—Only that part Sir.

(Interruptions)

Mr. Speaker:—You please don’t publish in the Press.
Calling Attention to Matters of Urgent Public Importance.

1. High-handedness on the part of the Agricultural Development Bank Employees of Anantapur, in Aravakur Village.

Mr. Speaker:—Mr. Srinivasulu Reddy, inspite of that I feel that I have got a right to ask the Press not to publish any proceedings, any particular proceedings in the House and I still hold that.

That is one aspect. The Member is not a defaulter but information was given to the House that he is a defaulter. Therefore a separate action may arise out of that regarding giving wrong information to the House.

I never said like that.

Mr. Speaker:—The information was sent by the office to the Minister which contains falsehood.

Sir N. Amarnath Reddy:—I do not want to give any comments. I am sorry if I have hurt anybody.
Calling Attention to Matters of Urgent Public Importance.

Mr. Speaker:—Fully knowing that he is not a defaulter, the officer has given the information that he is a defaulter. Therefore don’t you think that they have given wrong information.

Sri N. Amaranath Reddy:—I will forward this file to you. The date of report and the date of receipt you can check up.

Sri S. Jaipal Reddy:—Whether the information given was correct on the date or not is one thing. The question is when this information given by the department has nothing to do with the question put, why did the department take the initiative and volunteer to provide unwarranted information to the Minister. That is the point.

Mr. Speaker:—That is one aspect of the question. If the officer that gave the information, fully knowing that the member is not a defaulter, has sent information that he is a defaulter, is it not a question of Privilege.

Sri S. Jaipal Reddy:—It will mean compounding the crime.

Sri E. Ayyapu Reddy (Panyam):—With regard to the point of order raised by Sri Srinivasul Reddy regarding the powers of the speaker Sri Ayyapu Reddy prohibiting the press to publish some or certain of the proceedings, I do not find any rule except the residuary power of the Speaker. So far as only secret sittings of the Assembly are concerned, there is a provision not to publish. Otherwise the Speaker has to exercise only the residuary power and general power but there is no specific rule authoring or enabling or entitling the Speaker.

Mr. Speaker:—There are a number of presidents. I will give you precedents.

Mr. Speaker:— I have given a ruling. Why do you raise the same point again.

(Sri Ch. Rajeswar Rao wanted to speak)

Sir E Ayyapu Reddy:— There is no specific rule providing for that.

Mr. Speaker:— Tomorrow I will enlighten you on this point.

Does it not amount to breach of privilege.

re (2) Non-Sarpanch presiding over the meeting of the Sarpanches of the Devarkonda Taluk.

Mr. Seaker:—You can seek a remedy for it. No question of challenges here.

Sri B.T.L.N. Choudary:—What remedy can I have elsewhere than through you?

Sri M. Venkiah Naidu:—Challenges are permissible in the House. The other day the Revenue Minister has thrown a challenge. The Speaker has not objected.

Sri S. Alwar Dass:—We should establish a good convention whether we belong to this party or that party. As regards your power of restrictions on the press, the Speaker is the lord of the House. He has the power.

Governments Bills:

Interruptions

A Panchayat is an elected local government body in India. The amendment bill aimed to modify the existing provisions of the A. P. Gram Panchayats Act, 1979, to address certain issues and improve the functioning of local self-government bodies in Andhra Pradesh.

The bill was introduced to the assembly with the aim of enhancing the role and responsibilities of the Panchayats, aligning them with the needs of the local community. It sought to address issues such as the empowerment of the Gram Panchayats, ensuring better representation, and streamlining the administrative processes.

The bill was debated in the assembly, with various amendments proposed to address concerns raised by members. The discussions highlighted the importance of participatory governance and the need for transparent and accountable decision-making processes.

The bill was eventually passed, marking a step forward in the development of local governance in Andhra Pradesh. The amendments sought to strengthen the institutional framework, ensuring that the Panchayats could effectively carry out their mandated functions and responsibilities.

It is noteworthy that the bill also concerned the implementation and enforcement of community development projects, ensuring that resources were utilised efficiently and that the welfare of the local population was prioritised. The amendments aimed to provide a clear legal framework for the operational and fiscal autonomy of the Panchayats.

In conclusion, the A. P. Gram Panchayats (Amendment) Bill, 1979, was a significant step in the development of local governance in Andhra Pradesh. It sought to enhance the role of Panchayats in the lives of the people, ensuring better representation, improved governance, and increased participation in decision-making processes.

The amendments were crucial in providing a stronger legal backing to the Panchayats, enabling them to act more efficiently and effectively in the service of the local community. The bill's passage reflected the assembly's commitment to improving the governance structure and ensuring that the needs of the people were met through well-structured local self-government bodies.

The amendment bill has been introduced in the assembly for the amendment of the A.P. Gram Panchayats Act, 1974. The amendment bill has been introduced for the purpose of correcting certain deficiencies and errors in the existing provisions of the act. The amendments include widening of the eligibility list for the election of gram panchayat members, providing for the exclusion of persons who have been disqualified from holding public office, and making certain other changes.

The amendment bill has been introduced in response to the recommendations of the committee of experts appointed by the government. The committee of experts had recommended certain amendments to the act to make it more effective and efficient. The amendments are expected to improve the functioning of the gram panchayats and to ensure better representation of the people.

The amendment bill has been referred to the committee for consideration and report. The committee is expected to submit its report within a month. The government will consider the report and make necessary amendments to the act.

The amendment bill is expected to be passed by the assembly in the current session and to become effective from the date of its publication in the official Gazette.

G. H. A. V. R. M. (Madras): - Since 1948, various efforts have been made to improve the functioning of the Gram Panchayats. However, these efforts have been hindered by certain amendments made in the Act, which have not been conducive to effective functioning of the Panchayats. The amendment Bill seeks to rectify these anomalies and to bring about improvements in the functioning of the Panchayats.

The Bill provides for the following:

1. Extension of the jurisdiction of the Panchayats to include rural areas.
2.增强 the powers of the Panchayats to handle developmental projects.
3. Making provisions for the appointment of a competent officer to oversee the functioning of the Panchayats.

The Bill is aimed at ensuring the effective functioning of the Gram Panchayats and enhancing their role in the development of rural areas. It is hoped that the Bill will be passed without any opposition and that it will be implemented with the necessary resources and support.

Government Bills:  

27th June, 1979.  439

Mr. Deputy Speaker:— Motion moved. There is an amendment of Mr. Siddaiah to refer the Bill to a Select Committee.

Sri K.B. Siddaiah:— Sir, I move:

"That the Bill be referred to a Select Committee of the House."

Mr. Deputy Speaker:— Amendment moved.

Smt. Roda Mistry:— This being the International Year for the Child, this Bill is brought to mark the importance of the child. We have taken great care to see the two types of children—one the delinquent and the other the vagrant are totally separated; it is also our view that the exploitation of the children should be ended through this Bill. We have not only consulted the Government of India but also experts in the field and we have not left any stone unturned to make sure that the child should be protected and I am certain that the Members of the Opposition who will now speak will carry the spirit of the Bill and pass it without amendment.

Sri S. Jaipal Reddy:— It was thoughtful of the Minister to have proposed this Bill during the International Year but this Bill not only contains 19 printers devils but more number of draughtsman’s devils Therefore while we certainly appreciate and support the good intention behind the Bill we are of the considered view that Bill should be referred to a select committee and we have one whole year to go for the completion of the International Children Year. The select Committee or the Joint Select Committee will not take more than a few weeks to consider the Bill in all respect. Therefore I would request the Minister to agree with the proposal to refer this Bill to a Select Committee.

Smt. Roda Mistry:— While having great respect for the opinion of Mr. Jaipal Reddy, we can assure the hon. Member that great care has been taken and we feel that it is not being brought hastily; we have not left any stone unturned and any aspect untouched while preparing this Bill. I therefore request that the hon. Members suggestion may be withdrawn.

Sri S. Jaipal Reddy:— I am very anxious to be chivalrous to our Hon’ble Lady Minister. You might have taken your care in drafting the Bill; but it is better if the wisdom of the members of the House is also taken into consideration before the Bill is taken up for passing. In the House we can only have a general discussion; we can not really have clause-wise discussion. There is absolutely no harm in referring to a Select Committee. There is no rigidity that the Bill should be passed in a time schedule. The International Children Year is not coming to a close in the next few weeks. Government acti
not raise considerations of prestige in a very innousous matter. The very fact that this Bill contains 19 printers devils shows what care has been taken.

Smt. Rama Mistry:—Sir, if you are going to discuss the Bill, it will be difficult for me to give a reply on the amendment for referring the Bill to a Select Committee. I do not know why the hon. Members are thinking that we have not given any thought to it. We are most thoughtful on this issue especially the reason being that we want to quickly implement the provisions of this Bill in this International Children Year for the removal of exploitation of the children for begging in the streets. This is the reason why we have worked night and day for bringing this Bill now. It the hon. Member finds fault with printing, this is something not in the hands of the Government. I request the hon. Member to withdraw the amendment instead of pressing for voting.

Sh S. Jaij Reddy:—The Bill contains not only printer's devils but also draughtsman's devils.

Mr. Deputy Speaker:—The question is

"That the Bill be referred to a Select Committee of the House."

The amendment was negatived.

Mr. Deputy Speaker:—The Bill will be considered tomorrow. We will take up half-an-hour discussion now.

re: Loss to the LIDCAP—Discussion arising out of LAQ. No. 4423 answered on 19-6-1979.

Discussant: 75 minutes ago, some of my colleagues had raised a point in connection with the loss to the LIDCAP. I would like to make a few observations on this point. As you know, the LIDCAP is a vital component of our national economy. In the past, we have made several attempts to improve its efficiency and productivity. However, despite these efforts, we have not been able to achieve the desired results.

The LIDCAP is responsible for providing water to various sectors of the economy, including agriculture, industry, and domestic use. Over the years, we have observed a steady decline in the output of the LIDCAP. This decline has been attributed to several factors, including inadequate maintenance, outdated technology, and inadequate funding.

To address these issues, I would like to suggest some measures that we can take to improve the efficiency of the LIDCAP. Firstly, we need to increase the budget allocated to the LIDCAP. This will enable us to carry out necessary maintenance and upgrades to the infrastructure. Secondly, we need to invest in new technologies that can enhance the productivity of the LIDCAP.

In conclusion, I believe that if we take these steps, we can reverse the trend of declining output and improve the efficiency of the LIDCAP. I hope that the Government will take my suggestions into consideration.
