To suit the whims and fancies of the Rulling Party they were all changed.
In the case of Institutions we can easily examine that. Therefore, in the light of this experience, will the Government give a commitment that frequent changes won’t take place at the level of senior officers.

Dr. M. Channa Reddy—To say that the losses are due to frequent transfers is over-simplifying the fact. There were several other factors in Indo Nippon and other organisations. This may be one of the reasons, but it is not the only factor. Certainly we will see that they are not disturbed to the possible extent.

The reasons for the loss are:

(1) Paddy procurement in open market during 1976-77 and 1977-78 and slump in the market. The society was forced to sell rice in open market without any margin of profit when compared to the heavy expenditure i.e., interest on capital, sales tax, turnover tax, shortages in long storage of the stocks, and transport charges etc.

(2) Under-utilisation of Rice Mill and Groundnut Decorticator during 1977-78 and 1978-79 due to the shortage of funds.

(3) Reduction of prices of fertilisers in the year 1976-77 which resulted in loss of Rs. 1.00 lakh.

(4) Opening of branches in rural area under the National Cooperative Development Corporation Scheme of distribution of consumer articles in rural areas without sufficient supplies to meet the demand though the Society incurred minimum establishment charges to run the schemes.

(b) According to section 32 of Andhra Pradesh Co-operative Societies Act and as per the bye-law No. 39 (a) of the bye-laws of the society, the society has to convene the general body meeting at least once in a co-operative year.

(c) Rs. 96,480.

488 28th June, 1979. Written Answers to Questions.

(d) if so, the steps taken to get them rectified?

A.—

(a) and (b) A complaint petition against the Patwari of Borrayapalem village, Miryalaguda taluk, Nalgonda district, was received by the Collector, Nalgonda on 20th June, 1977 from the ryots of BorrAYapalem. The Revenue Divisional Officer, Miryalaguda enquired into the allegations and it was found that the patwari has misappropriated an amount of Rs 77,353.67 during the years 1967-68 to 1975-76. The question of refund of the amount to the ryots does not arise as there is no record of having collected excess amount except in one case from the ryots. However, proceedings for recovery of the amount misappropriated by the delinquent patwari have been initiated by the Tahsildar. Besides, the patwari was kept under suspension on 25th October, 1978 and he was subsequently dismissed by the Revenue Divisional Officer, Miryalaguda in his proceedings No. E/J/283/77, dated 25th October, 1978.

(c) and (d): One instance has been brought to notice which relates to Survey Number 79 wherein the patwari has collected land revenue for an extent of Ac. 23.18 as against actual extent of Ac. 17.12 recorded in the patani of 1976-77 while apportioning the area among 3 khatadaris having khatas bearing Nos. 244, 266 and 228 in the choufasla of the said year. This has been rectified in subsequent years.

Non-Supply of Water To The Lands In Kodurupadu Village

101—

3936-S-Q.—Sarvasri Poola Subbaiah and Ch. Rajeswara Rao: Will the Minister for Revenue be pleased to state:
(a) whether it is a fact that Government have not supplied water to 800 acres of land for the last 12 years at Kodurupadu village Nellore taluk and district, as a result of which the entire ryots of that village are put to great hardship; and

(b) whether it is also a fact that land revenue is being collected for that land?

A.—

(a) There is only 420,00 acres of land in Kodurupadu village area, out of which 20,00 acres is wet land and the rest of 400,00 acres is classified as 'dry' land. Hence the question of supplying water for these dry lands does not arise. However, the Irrigation and Power Department is taking steps to acquire land to provide separate irrigation channel for these lands so as to enable the ryots owning these dry lands to raise irrigated crops.

(b) Dry assessment alone is being collected so far as the extent of 400,00 acres of dry land is concerned. As regards 20,00 acres of wet land, Tiruva Kammi remission is being granted every year as the land is being irrigated under filter points.

Assignment of the Land In S.No. 39 P.P. To Harijans of Akuvanchagudem

102—

393(Z)Q.—Sarvasri Ch. Vittal Reddy and Dr. Chima Mallaiah:— Will the Minister for Revenue be pleased to state:

(a) whether it is a fact that the landless Harijans of Akuvanchagudem village in Narsapur taluk, Medak district, had sunk a well in the land under their possession in S.No. 39 P.P. and raised 'Makka' crop under the said well;

(b) whether it is also a fact that the Joint District Collector through his letter No. CC/JC/25/78, dated 5th February, 1979 issued orders permitting the big landlord to utilise the water from the said well for his sugar cane crop;

(c) if so, steps taken to withdraw those orders immediately in view of the fact that the 'Makka' crop raised by the Harijans is withering away;

(d) whether orders will be issued to give pattas to the landless Harijans for the land in S.No. 39 P.P. which is under their possession since 20 years; and

(e) the steps that are going to be taken to save the 'Makka' crop raised by the Harijans?
(a) No, Sir. But Harijans of Akwanshaguda village raised Makka crop in an extent of about 10 guntas in S.No. 39 P.P. and this crop is being irrigated from the well situated in that S.No.

(b) In Collector’s Office D.O.Lr No CC/JC/25/79, dated 5th February, 1979, while forwarding the application submitted by Sri Fak<cr>er Khan son of Yakoob Khan r/o Akwanshaguda, the Tahsildar, Narsapur was asked to enquire into the matter personally within three days and permit Sri Fak<cr>er Khan to take water till such time since he came up with a petition that his standing paddy and sugarcane crop was getting affected. On that the Tahsildar Narsapur has issued orders on 6th February 1979 permitting temporarily Sri Fak<cr>er Khan to utilise the water of the well in S. No. 39 P.P.

(c) and (e) The Tahsildar, Narsapur who had permitted the use of well water beyond 3 days has been asked on 23rd February, 1979 to cancel the orders issued by him on 6th February 1979 and to permit the Harijans to utilise the well water Accordingly the Tahsildar has cancelled his orders and permitted the Harijans to utilise the water. The Harijans are now utilising the well water for the standing crop and therefore the question of the crop being withering away does not arise.

(d) This S. No. is included in the prohibitory order Book. There are certain Muslim graves and a small ‘Mysamma Gudi’ in the S.No. besides the well and 14 Mango and 3 Tamarined trees The Tahsildar therefore opined that it is desirable to continue its inclusion in the Prohibitory Order Book. As it is evident from the entries of pahanies, only an extent ranging from 0.02 guntas to 0.30 Guntas is being cultivated. The area cultivated and the names of cultivators differ from year to year. In the circumstances it is consider<ed not advisable to assign the S.No. to anybody.

(b) whether a representation was given in this connection to the District Collector, Ongole during January, 1979; and

A.—

(a) The assessment is in accordance with the Rule.
(b) The petition has been received by the Government.

(c) The matter has been referred to the Collector, Prakasam district for necessary action. In the petition it is stated that the High Court, Andhra Pradesh issued orders changing the classification of Cumbum tank from 'A' class to (B) class. No such orders have been received from the High Court. Neither did the Government issue any such order. The Land Revenue applicable to (A class) source is therefore being adopted for the lands served by Cumbum tank.

(c) the reasons for not starting the same : and
(d) the time by which it will be started?
A.—
(a) Yes.

(b) The amount was deposited in the State Bank of Hyderabad at Karimnagar on 5th January, 1976.

(c) Prior to V Five-Year Plan period, Government gave a call to the public to come forward for opening of Primary Health Centres and also for construction of buildings for the Primary Health Centres already in existence in their villages with the donation of Rs. 10,000 and 3 acres of land. When the cost of a P.H.C. building was only Rs. 38,000. As the number of P.H.C.s. in the State at the commencement of V Five-Year Plan was 420, which is over and above the eligibility, the working group of the Planning Commission did not envisage opening of new Primary Health Centres during the V Plan period. As such, only requests of those, where Public Health Centres were already in existence were taken up for consideration and the construction works started by the Panchayat Samithis concerned. As there is no Public Health Centre at Indurthi, the request was not considered.

(d) As there are 420 Primary Health Centres in the State, which are over and above its eligibility. It will not be possible to consider the opening of a Primary Health Centre at Indurthi now.

Digging of Supply Channel to Kocherlakota Tank.

3936 Q.—Sarvasri Polla Subbaiah, E. Subba Rao and M. Venkaiah Naidu—Will the Minister for Transport and Minor Irrigation be pleased to state:

(a) whether the digging of supply channel to Kocherlakota tank Darsi taluk, Prakasam District has been completed;

(b) whether water was released to the Kocherlakota tank;

(c) if not, the reasons therefor; and

(d) when was the channel sanctioned and the amount spent so far?
A.-(a) The excavation of supply channel was originally completed in 1974. But the channel was not functioning properly due to ripping of side slopes as ladd soils are met with in the ones. Improvements to supply channel such as providing RCC conduit and providing rough stone lining in head reach 0.0 to 3/1 are taken up. This work is expected to be completed by 6/79.

(b) and (c): As a temporary arrangement, water from the surplus course of Markapur tank is being diverted by means of cross-bund through Badamvagu and let into supply channel at M.3/5 to feed Kocherlakota tank at the tail end. Supplies from anicut across Gundalakarna will be fed on a regular basis through the supply channel to Kocherlakota tank from next irrigation season after improvements work is completed.

(d) The channel was sanctioned by Government in April, 1964 for Rs. 9.85 lakhs on works and for Rs. 11.08 lakhs including direct and indirect charges. The revised estimate was sanctioned in August, 1977 for Rs. 29.29 lakhs on works and Rs. 33.09 lakhs including direct and indirect charges. The expenditure incurred so far is Rs. 26.30 lakhs upto end of January, 1979.

re : Strike by beedi Workers of Siddipet

in Medak District.

Sri G. Vanktswamy—Sir, the Members are aware that in

N‘zari, and district , the beedi workers particularly, monthly paid

employees have gone on strike demanding abolition of 3 Zone System

and have also asked for wages to certain categories of monthly paid

work. Go. orders have already fixed the minimum rates of wages

in Go. Nos. 272 and 273 LE and TE dated 7-5-1979 revising the

minimum rates of wages for beedi rollers and for the monthly

paid employees. So far as beedi rollers wages are concerned, the

Government have retained 3 Zones as any modification or reduction

in the number of zones will constitute a material alteration from the

original draft notification and any such material alteration requires

re-notification of the proposals. I may mention in this connection

that Government have taken into consideration the report of the

Minimum Wages Advisory Board and accepted its recommendation

except in the case of zones and the difference of wages between zones.

It is reported that the strike of the beedi workers in Siddipet is

confined only to monthly paid workers and lasted for a period of

three days during this month and there is no strike now.

Calling Attention to Matters of Urgent Public Importance:

re: Strike by the workers of Nizam Sugar Factory at Bodhan.

At the outset, I may mention that the Nizam Sugar Factory Unit No. I, was established about 40 years ago and the entire machinery has become obsolete and has served its utility. As continued running of the factory with this obsolete machinery will not be economical as per the opinion of the technical experts, the Board of Directors of the Nizam Sugar Factory have decided to close down the unit and as far as possible to absorb the workers in the other sister units of the company but for sentimental reasons, the workers of the Nizamabad Sugar Factory Unit No. I demanded that his unit should be continued to be run as this is the oldest sugar factory.

Since the factory is not being run, the question of overhaul of machinery will not arise and such of the workers who will be retrenched, will however be absorbed in the vacancies that might arise in the other sister concerns.

Since the Sugar Industry is a Public Utility Service the Deputy Commissioner of Labour has taken the dispute in conciliation and a meeting is fixed on the 28th of June, 1979 at Hyderabad.

re: Strike by the Workers of Nizam Sugar Factory at Bodhan.

On 28th June, 1979, a strike was called by the workers of the Nizam Sugar Factory at Bodhan, demanding an increase in wages. The factory management has been slow in responding to their demands. The workers have been on strike for over a month, during which time they have been facing financial difficulties. The government should intervene to resolve this issue and ensure the rights of the workers are protected.

Sri Y. Presentation of The Report of The Committee on Estimates

Mr. Speaker:—Report presented.

Government Bills:

Dr. M. Channa Reddy;—Sir, I move that "Leave be granted to introduce the Criminal Law Amendment (A.P. Extension and Amendment) Bill, 1979."

Mr. Speaker:—Motion moved.

The question is that:

"Leave be granted to introduce the Criminal Law Amendment (A.P. Extension and Amendment) Bill, 1979."

The motion was carried and the Bill was introduced.

Dr. M. Channa Reddy;—Sir, on behalf of the Minister for Endowments I move:
The following amendment made by the Andhra Pradesh Legislative Council in the Tirumala Tirupathi Devasthanams Bill, 1979 be taken into consideration:

Clause 6

In Sub-Clause (2) (iii) of clause 6 for the words ‘Ex-officio Chairman of the Committee’ substitute the words ‘ex-officio Member-Secretary of the Committee.

Dr. M. Channa Reddy:—Sir, this is, as you know, a very simple matter. This has become necessary only because of the print mistake.

Sri E. Ayyapu Reddy (Panyam):—This mistake in the Bill, as printed and circulated to the Member was noticed by us. When I discussed this matter with our friends Sri Siddaiah and Sri Jaipal Reddy, they wanted to table an amendment to bring about the necessary correction. Then, I requested them to verify the original Bill as presented to the House at the time of moving the Bill. This mistake was not there. The Bill, as placed on the table of the House at the time when it was moved, is alright. Therefore, we purposefully refrained from tabling any amendment because the Bill as laid on the table of the House is the authentic Bill and not the printed Bill circulated to us. When the original Bill does not contain any mistake, is there any necessity for us again to accept this amendment? This is a matter of some importance. If the Bill, as passed by us, is not communicated properly to the other House, then the mistake is not ours. The Bill as passed by us with regard to this particular clause is alright.

Sri E. Ayyapu Reddy:—I will give you the concrete illustration. The Bill, as passed by us, does not require any amendment. It is in consonance with the amendment carried out by them. Therefore, the question of our reconsidering it does not arise, because the Bill, as passed by us is approved by them now. With the present Amendment we invest already passed.

Mr. Speaker:—Anyhow, they have passed this Amendment. Now if we do not carry out this Amendment, it will be an anomaly we will be very careful hereafter.
28th June, 1979.

Government Bills:

Sri E. Ayyapu Reddy:— We must provide for such an eventuality with regard to type mistakes, printers' mistakes in the Rules.

Mr. Speaker:—Yes, we shall provide

Mr. Speaker:—The question is that:

"The following amendment made by the Andhra Pradesh Legislative Council in the Tirumala Thirupathi Devasthanams Bill, 1979 be taken into consideration;

Clause 6

In sub-clause (2) (iii) of clause 6 for the words 'ex-officio Chairman of the Committee' substitute the words 'ex-officio Member-Secretary of the Committee.

The motion was adopted.

Dr. M. Channa Reddy:—Sir, I move that

"That Amendment made by the Legislative Council in the Tirumala Thirupathi Devasthanams Bill, 1979 be agreed to."

Mr. Speaker:—The question is:

“That Amendment made by the Legislative Council in the Tirumala Tirupathi Devasthanams Bill, 1979 be agreed to.”

The Motion was adopted and the amendment was agreed to.

Dr. M. Channa Reddy:—Sir, I move that:

Mr. Speaker:—Motion moved,

“The Clauses 2, 3, 1, short title and preamble do stand part of the Bill.”

Motion was adopted and clauses 2, 3, 1, short title and preamble were added to the Bill.

Dr. M. Channa Reddy:—Sir, I move that:

“The Andhra Pradesh Entertainment Tax (Amendment) Bill, 1979 be passed.”

Mr. Speaker:—Motion moved the question is that:

“The Andhra Pradesh Entertainment Tax (Amendment) Bills 1979 be passed.”

The Motion was adopted and the Bill was passed.

Discussion on the Law and
Order situation in the State.

The Major challenges to law and order during 1979 came from extremist activity in Telangana and factions violence in Rayalaseema districts. A notable feature of extremist activity is the increasing intervention of extremist cadres in local factions on one side or the other, under cloak of ideology.

The two day Conference of Governors concluded today with a call from the Prime Minister, Mr. Morarji Desai to the participants to set an example in making administration services Oriented besides effecting economy and improving efficiency by reducing the staff. The problem of student unrest and activities of extremists in certain States were highlighted during the discussion. It was pointed out by the Governors that not only students but also teachers and non-teaching staff of Universities and Educational institutions had taken to the path of direct action. They felt that firm steps were necessary to curb this evil and that it should be tackled at the national level. They also called for a close watch over the growth of activities of extremists in Andhra Pradesh, West Bengal and Bihar.

Short Discussion on the Law and Order situation in the State.

As I pointed out earlier, we have a situation where there is no law and order. The situation is very serious and there is a need for action. The government has taken some steps, but more needs to be done. It is not enough to simply implement laws, we need to ensure that they are enforced. We also need to address the root causes of the problem.

The situation in the state is a matter of concern. I urge all of us to work together to improve the situation. Let us not allow our differences to divide us. We need to work towards a common goal.

In conclusion, I would like to reiterate that the situation in the state is very serious and requires immediate action. We need to work together to ensure law and order.

Yours sincerely,

Sri S. Jaipal Reddy:—Point of order. Being a Minister, is he entitled to speak?

Sri T. Hayagrivachari:—I am also a Member. I am participating in the debate.

Mr. Deputy Speaker:—Why not. No point of order is involved here.

Sri S. Jaipal Reddy:—He is a part of the Government and he represents the whole Government though he is an individual Minister.

Mr. Deputy Speaker:—Do you think he is not entitled to speak as a Minister.

Sir, S. Jaipal Reddy:—I think there is a difference. A Minister represents the Government, while an individual Minister represents the whole Government. Therefore, he is entitled to speak as a Minister.
Mr Deputy Speaker: No point of order is involved here.

Sri S. Jaipal Reddy: He is a part of the Government and he represents the whole Government though he is an individual Minister.

Mr. Deputy Speaker: Do you think he is not entitled to speak as a Minister.

Sri S. Jaipal Reddy: No minister who represents the Government can make an allegation without reference to some documentary evidence.

Mr Deputy Speaker: Mr Omkar perhaps has not made allegations against him as a Minister. As Mr Hayagrivachari he has every right to clarify. There are so many instances wherein even in Parliament...

Sri S. Jaipal Reddy: No. If the Minister confines himself to clarifications he is certainly entitled to do so. But in the process of offering clarifications, he was also launching a fresh offensive on Mr. Omkar. Unless...

Mr. Deputy Speaker: There is no offensive...

Sri S. Alwar Das: A point of order should relate to the interpretation of the Rules of this House or the provisions of the Constitution relating to this House. Under what rule has he raised the point of order except to disturb the gentleman who speaks. You should rule it out of order and should not allow anybody to disturb.

Mr. Deputy Speaker: I have already given my ruling that there is no point of order.

Sri S. Jaipal Reddy: Cabinet in a Parliamentary system is governed by the principle of collective responsibility. He is a part of the Government and a spokesman of the Government making reference to things which are not founded in any record.

Sri M. Venkata Naidu: Either he must be launching the offensive or expressing his inability.

He is not aware as to what for he was lodged in the police station. While sitting on the floor, one constable approached him and without any provocation slapped him? “He is the Manager of a big Company in Nagapur. The complaint was incapable to express anything in the legal nature and his efforts to explain the case made more violence. The police started abusing the complainant and started beating him with lathis. In the mean time the Sub-Inspector also came and without enquiring anything from the complainant slapped him. He was beaten upon mercilessly by lathis on face.”

It is a clear case of political murder instigated, and who is responsible for it? It is a clear case of political murder instigated, and who is responsible for it?
