Mr. Tr. Akhileshwar:—

MEDIUM IRRIGATION PROJECTS IN RAYALAEEMA REGION

50—

*3939-(H) Q. Dr V. Sivaramakrishna Rao (Badwel): Will the Minister for Medium Irrigation be pleased to state:

(a) whether it is a fact that 20 medium irrigation projects are investigated and ready for implementation; and

(b) if so, the number and names of the projects out of the same taken up in Rayalaseema region?

(Mr. T. Ramaiah):—

(2) 21 उच्चमापन विस्तार के 20 विद्युत पान के उपकरणों को इतना ही कम मिला है। हैदराबाद और अन्य इलाकों के लिए इतने का पता चला है।

538 मध्य प्रदेश में नवीनकरण 10 लाख से ज्यादा आवश्यकता है।

(3) अद्वितीय (11) मध्यप्रदेश में उच्छमापन विस्तार के लिए जलविद्युत पान के उपकरणों को इतना ही कम मिला है।

(1) भर्ती, विरोध प्रदर्शन दर्शन

(2) अद्वितीय (11)

(3) अद्वितीय (11)

एक अन्य इलाका में:— 21 उच्चमापन विस्तार के लिए जलविद्युत पान के उपकरणों को इतना ही कम मिला है। हैदराबाद और अन्य इलाकों के लिए इतने का पता चला है।

मध्य प्रदेश में नवीनकरण 10 लाख से ज्यादा आवश्यकता है।

पश्चिम बंगाल में नवीनकरण 50 लाख से ज्यादा आवश्यकता है। इसलिए इस समय में जलविद्युत पान के उपकरणों की आवश्यकता है।

Under the control of Chief Engineer, Medium Irrigation will be completed shortly. Buggavanka project is in an advanced stage of investigation. Foundation exploration is in progress as per the directions of the Geological Survey of India. Investigation will be completed by the end of 1979. Maddileru reservoir scheme is under preliminary investigation. It is reported that the water supplies
are salient and the suitability of the same for irrigation is under examination by the Agriculture Department. If waters are found suitable the investigation programme will be completed by the end of March 1980.

Sri K. Obbulingappa:—Sir, whether it is a fact that 20 medium irrigation projects are going on? Sri K. Obbulingappa:—I will put it on the Table. I do not have the information now.
Shortage of Kerosene in the State

51——

976-Q.—Sri B. Rama Subba Reddy (Kangiri) :- Will the Minister for Agriculture & Civil Supplies be pleased to state:

(a) whether the Government are aware of the shortage of kerosene in the State from November 78, onwards;

(b) if so, the reasons for the same; and

(c) the way in which the Government are trying to tackle the issue?

 prátha vantam varunavam (K) vee (Kangiri) :- enne sri up pûraga
 samaprabu 137:596.
STATEMENT PLACED ON THE TABLE OF THE HOUSE VIDE ANSWER TO L.A.Q. NO. 3976

(a) Y.s, Sir. The Government are aware of the shortage of supply of Kerosene being effected by the oil companies to the State.

(b) The State requires about 41,000 kilolitres as monthly allocation. The following statement shows the monthly allotment of kerosene from November 1978 and the off-take based on supplies effected:

<table>

It will be seen that the supplies allotted to the State have been dwindling from the month of January 1979 onwards. It fell to 25,935 Kls. in May from the November quota of 32,544 Kls. For June 1979, 37,544 Kls. have been given i.e. a slightly higher quota though less than the actual allotment in November 1978. This small increase has been the result of the continuing efforts of the Civil Supplies Department. In addition to supplies being reduced, the unsatisfactory movement of the kerosene produced by the Railways has also been generally responsible for temporary shortages now and then. Again, the lorry operators' strike in the State between 25th and 28th January 1979 created a temporary scarcity in the flow of kerosene from the oil depots to retail outlets. Similarly, the disruption of Railway movement from the Madras-Tondiroot, oil depot to Vijayawada and other areas as a result of the railway lines washed out in the recent cyclone, the tanker operators strike at Visakhapatnam for the period between 25th May and 8th June 1979 created situations of temporary scarcity. In general, the supply of non-availability of railway rakes and tankers have also contributed to the temporary shortages of supply by the oil companies. The total availability of the product is a significant factor of the national level is a constraint.

(c) The Civil Supplies Department has been constantly reviewing the situation and taking necessary action keeping in constant touch with the oil corporations, the Ministry of Petroleum, Chemicals and Fertilizers, Government of India and all other concerned. The Collectors (Civil Supplies) are similarly reviewing the position at district level and taking steps to ensure that the kerosene supply is normal. I have recently reviewed the situation at a high level conference of the representatives of the oil companies on 12-6-1979. The oil company representatives have been introduced to ensure that there is satisfactory movement and supply of kerosene product throughout the State. The State Vigilance Department is also taking action to

Correct figures not available to oil companies.
curb black marketing by the retailers and prosecuting the offenders. 86 cases were booked till 31-5-79 and 76 persons arrested.
Oral Answers to Questions.

1. M. V. Rangaiah:—Will the Minister disclose the facts regarding the contract dated 9th March, 1979, for purchase of 22,000 acres of paddy land in the Malaprabha Valley for the construction of new barrages? We have got to live in the situation.

2. M. V. Rangaiah:—The Minister of State for Planning is aware of the fact that the Cabinet Committee of Ministers has given approval to the construction of a new barrage at a cost of Rs. 570 crores, which is likely to be completed by the end of December 1979. How can the necessary machinery be obtained in time if the work is to be completed by the end of December? We have got to live in the situation.

3. G. Venkataswamy:—It is the view of the Government that the expenses for the construction of the new barrage should be included in the general budget and should not be met by special budget. How can a large expenditure of Rs. 570 crores be provided for in the general budget?

We have got to live in the situation.
Establishment of Cotton Research Centre in A P

52—

*3668-Q.—Sri Nallapareddi Srewnivasul Reddy (Venkatagiri):—Will the Minister for Agriculture and Civil Supplies be pleased to state:

(a) whether the State Government have requested the Government of India to establish a Cotton Research centre in Andhra Pradesh; and

(b) whether the Government of India have accepted for the same?
Sanction of loans to Burma Repatriates for Their Rehabilitation

53—

*4346 Q.— Sarvasri N.S.N. Reddy and C. Janga Reddy (Shyampet):— Will the Minister for Rehabilitation, Wakfs and Fisheries be pleased to state:

(a) The amount of loan sanctioned to each Burma repatriate and the schemes sanctioned for their rehabilitation;

(b) whether it is a fact that an amount of Rs 10 lakhs was granted for construction of houses to Burma repatriates at Visakhapatnam and Anakapalli

(c) if so, the number of houses constructed?

(d) whether it is a fact that one Sri M. Arjuna Rao the self-styled President of Burma Repatriates Association is collecting large sums illegally from the repatriates at the time of disbursement of loans at Visakhapatnam;

(e) whether the Government has issued any instructions of the Collector, Visakhapatnam to stop such illegal collections;

(f) If so, the action taken against Mr. Arjuna Rao?

The Minister for Rehabilitation and Wakf (Sri ‘Ahmed Sharif):—
(a) The pattern of rehabilitation assistance to each repatriate family is an initial loan assistance of Rs. 2,000 for starting a trade or business. A loan up to a maximum of Rs. 5,000 is sanctioned to such of Burma repatriates who utilised the initial loan assistance properly and in whose cases, Collector or the loan sanctioning authority is satisfied that it is necessary to sanction a loan of increased amount having regard to the type of trade or business background of the repatriate and other relevant circumstances besides, the Burma repatriates are also sanctioned housing loan assistance for construction of houses at the rate of Rs. 5,000 per family in Urban areas and Rs. 3,000 in Rural areas.

(b & c) An amount of Rs. 10,53,700/- was sanctioned by Government to implement the scheme for setting up 5 housing colonies for Burma repatriates at Gullalapalem, Marripalem and Kapparada in Visakhapatnam District, in the year 1968. A Housing Colony consisting of 100 houses was constructed at Gullalapalem in Visakhapatnam District and allotted to Burma repatriates in December, 1970. The proposal of construction of a colony at Marripalem was given up, as the land was found unsuitable for housing colonies. For Kapparada Colony, a total amount of Rs. 10.55 lakhs is available for Visakhapatnam Urban Development Authority for construction of houses, Visakhapatnam Urban Development Authority called for tender.

(d) Several complaints were received by Government and were forwarded by Government of India who received them against Sri Arjuna Rao, the President of Burma Repatriates' Association in the matter of collection of money as commission from the repatriates at the time of disbursement of loans to them. But the Visakhapatnam Collector reported that no proof was forthcoming. In view of the fact the repatriates are afraid of Sri Arjuna Rao.

(e) Instructions were issued to the Collector, Visakhapatnam that no cognisance should be given to Sri Arjuna Rao or to the so called Association pleading financial assistance on behalf of Burma repatriates of Visakhapatnam nor entertain any representation from them on matters connected with rehabilitation of Burma repatriates in and around Visakhapatnam. In regard to disbursement of loan to Burma repatriates it was felt by Government that the scope for Sri Arjuna Rao to play the role he has playing would not probably arise if the District staff were easily approachable by the repatriates in regard to the loans. Government therefore requested the Collector to ensure that atmosphere favourable to the repatriates is created to avoid any scope for interference by Sri Arjuna Rao.

(f) In the absence of evidence, it is not possible to take any action against Sri Arjuna Rao.
My point is when so many atrocities have taken place at the instance of that individual person, why proper action has not been taken by the police, by the Minister and the Government? In the name of Indira congress he is doing all this mischief. Why proper action has not been taken?

*Sri Ahmed Shareef:—We are giving a loan of Rs. 5,000/-. Initially we are paying Rs. 2,000/- to each and every family and thereafter on the recommendation of the collector we are paying up to the extent of Rs. 2,000/-. With regard to Arjuna Rao the matter has been referred to the collector and the collector has taken steps in this regard. Now the repatriates are satisfied. We are directly listening to their grievances. This man is not in the picture at all.
Oral Answers to Questions. 20th June, 1979.

* Sri Ahmed Sheriff:—With regard to Mr. Arjun Rao, practically through we have received complaints, specifically nobody is dare enough to give any statement and come forward. Therefore, we could not have any direct evidence. With regard to the second colony, as the land was not suitable, the amount was allotted to Visakhapatnam only. About Rs. Ten lakhs are at the disposal of the Urban Development Authority. They have called for tenders and they have taken up the work.

Sri S. Jaipal Reddy (Kalvakurthy):—Sir, it is very important to note that the Minister in his original reply has confessed that no proof against Mr. Arjunarao was forthcoming because of the fear among the people. The Minister in his supplementary reply also conceded that people are not daring to come forward. So, this is the kind of courage that this Government could give to the citizens of Andhra Pradesh. That is No. 1. No. 2 is this fear due to the fact that Arjunarao is passing for an important leader of the Congress-I? If so, what is the action proposed to be taken to instill courage among the people in the first place and to take action against Mr. Arjunarao in the second place?

Sri Ahmed Sheriff:—We do not know about the genuineness of the applications. When we went to the persons, those people actually said that they nothing to do with it.

Sri S. Jaipal Reddy :—The proof was not forthcoming because they were afraid. So, are the Hon'ble Minister and the Government so helpless in the matter?

Sri Ahmed Sheriff:—Now the matter is settled and we are directly attending to the matters.

Sri Pooja Subbaiah:—The Minister said in his reply that the matter is scored or settled. How it is scored or settled? My point is that people, themselves are afraid of him. After all, they are repatriates. Therefore, the Government should come to their rescue. How the Government could come to their rescue and how the Government could dispel the fear from the repatriates?

Sri Ahmed Sheriff:—I had personally visited the place and collected all the repatriates and advised them not to fear. Thereafter we are directly attending to all their grievances and there is no trouble now.

Sri S. Jaipal Reddy:—Mr. Arjunarao is a notorious hooligan and a cheat. The very fact that despite of the visit of the Minister, people did not dare to come forward to give evidence against him shows that the visit of the Minister is futile and it served no purpose.
Therefore, what is the point in the Collector reporting that the people are not coming forward to give evidence?

Dr. M. Channa Reddy:—Is it very unbecoming of us if we say hooligan and cheat against an officer of the rank of a Collector.

Mr. Speaker:—It is about the Collector?

Sri S. Jaipal Reddy:—Not about the Collector. Now that the Chief Minister has shown interest in the problem, I would like to explain to him through you Sir. One Mr. Arjunarao a local hooligan has been able to frighten the repatriates into estricting money from them and when the enquiry was instituted against him, people are so much frightened that they are not prepared to give evidence against him. The Collector's report has confessed that the people are so frightened and that they are not prepared to give evidence against him. The Minister says that the allegations have not been denied by the Government. What the Government should do under the circumstances, I would like to seek the advice of the Chief Minister.

Dr. M. Channa Reddy:—I am sorry Sir, It tends corrected. As far as the point raised by the Hon'ble Jaipal Reddy is concerned I would certainly look into it and see what difficulties the Collector is experiencing about making a thorough enquiry. I would look into it.

Sri S. Jaipal Reddy:—C. B. C. I D. enquiry can be instituted. That is the best way of finding out the truth.

Mr. Speaker:—In view of the assurance given by the Chief Minister...

Sri S. Jaipal Reddy:—I am trying to give a specific shape to the general assurance.

Dr. M. Channa Reddy:—I will look into this suggestion also or any other thing.
Oral Answers to Questions. 20th June, 1979.

Sri Ahmed Sheriff:—Wherever the Collector recommends we are paying and we will pay.

Sugar Production in the State

54—

*3853-Q.-Sarvasri M. Omkar, (Narasampet) K. Satyanarayana, (Repalle) Y. Raghava Reddy (Nakrekal) and A. Lakshiminarayana (Miryalguda):—Will the Minister for Mines & Sugar Industries be pleased to state:

(a) whether it is a fact that the Minister for Small Scale Industries and Sugar told Pressmen at Hyderabad on 15—11—1678 that sugar production in the State might go down; and

(b) the steps taken by the Govt. to prevent the fall in the production of Sugar?

(s) sarvasri m. omkar:—

(b) K. Satyanarayana:—

(a) it is a fact that the Minister for Small Scale Industries and Sugar told Pressmen at Hyderabad on 15—11—1678 that sugar production in the State might go down; and

Issue of barytes Mining Licences to Educated Unemployed Persons*

352—

E. Sri Nallapreddy Sreenivasul Reddi:—Will the Minister for Mines and Sugar Industries be pleased to state:

(a) whether the Andhra Pradesh Mining Corporation has requested the State Government not to issue licences to private individuals for Barytes mines; and

(b) whether the State Government have decided to issue Barytes mining licences to the educated unemployed persons in private patta lands?

*3931-E.
SHORT NOTICE QUESTIONS AND ANSWERS

SELLING OF SIVAKAMI SUGARS, TANUKU

300-A —

*3937 G. — Sarvasri S. Jaipal Reddy and K.B. Siddaiah:— Will the Chief Minister be pleased to state:

(a) whether it is a fact that the A.P. State Financial Corporation offered to sell the Sivakami Sugar Ltd, Tanuku and invited tenders for the same;

(b) if so, the number of tenders received and the amount quoted in these tenders;

(c) whether M/s. Mohan Reddy & Co. submitted its tender and if so, the amount quoted by this firm;

(d) whether the Managing Director even after obtaining the tenders entered into individual negotiations with the tenderers; and

(e) if so, the circumstances that lead to this practice?

Sr. No. Tenderer:—(a) Amount.

1. (i) J. Jugsudha 
   Rs. 8,85,000.00

2. (ii) B. Rama Rao
   Rs. 9,51,001.00

3. (iii) B. Ram Reddy
   Rs. 11,00,007.00

4. (iv) B. Rama Rao
   Rs. 12,22,221.00

(i) Notes (a): In accordance with the Government decision, any dissenting view to this decision will be entertained in the House only.
Petition came up before the Bench, the Judge expressed his doubts as to the maintainability of the write petition. Obviously, M/s Mohan Reddy & Company got the writ petition dismissed as withdrawn with a representation that the matter was taken up with the Board of Directors of the Corporation.

Q25: "He is getting adverse answer." I call for tenders again. That is our demand.

Q26: Original tenders were misconceived. They did not contain inventory. Worth of this Factory is Rs. 1 crore. Therefore, the SFC would incur a huge loss. So, will the Government see that the tenders are called for afresh?

Q27: "You call for tenders again. That is our demand. Original tenders were misconceived. They did not contain inventory. Worth of this Factory is Rs. 1 crore. Therefore, the SPC would incur a huge loss. So, will the Government see that the tenders are called for afresh?"

Sri S. Jaipal Reddy: —I am not pleading for Mohan Reddy. It is for giving a tender to Mr. Mohan Reddy also, I would have opposed. The basic thing is when the corporation called for tenders, those tenders were misconceived and they did not contain the inventory. Therefore, this issue may be looked at the proper perspective. The profitability of the Corporation should be looked into.

Sri S. Jaipal Reddy: —Loss is being incurred by the Corporation not by the individuals.
Attack on villagers of Chikatimamidi, Nalgonda District

60-A.—

S.N.O. No. 4872-D. Sri P. Govardhan Reddy :—Will the Chief Minister be pleased to state :

(a) whether it is a fact that some un-social elements under the Leadership of Sri K. Ramulu suspended Hindi Pandit and his nephews Sri M.V. Mahbub and Sri M.V. Puluan, Z.P. Teachers along with thirty others attacked the villagers at Chikatimamidi of Nalgonda Taluk on 25-5-1979 injuring two persons with multiple fractures ;

(b) whether it is a fact that Mr. P. Govardhan Reddy, M.L.A. has written a letter to the S.P. Nalgonda and D.I.G. Hyderabad and Crimes that proper investigation is not going on and proper evidence is not recorded in this case and also requested to hand over the case to the Crime Branch and

(c) the action taken on his representation ;

Sri P. Govardhana Reddy:— I have personally met the D. S. P., I have seen the D. S. P. signing for other parties.

60-B -

S.N.Q No. 4873-H.—Sarvasri M. Omkar and P. Janardhana Reddy :—Will the Minister for Home be pleased to state :

(a) whether it is a fact that an enquiry was conducted in the matter of Traffic Jam at Nayapool (Hyderabad) when the President of India came and his car was involved in it ; and

(b) if so, the findings and the action taken thereon ?

The Minister for Home (Sri M. M. Hashim) :—(a) & (b) Sir, the enquiry is under progress.

Sri M. Omkar :—It was reported in the Press that due to traffic jam, the President had to get down from the car and go by walk. One responsible Police Officer has stated that the President has got down
from the car not due to traffic jam but in order to enquire the welfare of the public. Thereafter, the President stated that for the silly matters we should not institute Enquiries. I thing because we, the big people who hold the sticks would not be booked, why should unnecessarily the small people be arrested. In view of all these things, what action is going to be taken. What is the basic reason for the traffic jam? Previously also some allegations have been levelled with regard to contract pertaining to widening of the bridge. The extension was cancelled and that matter is still pending.

Sri M. Omkar:—Let the Minister say.

Sri G. Latchanna:—Members are anxious to know the stage of the progress.

Mr. Speaker.—Progress is on its way.

9:40 a.m.:—There is nothing about the widening of the Bridge. The question was, "Whether it is a fact that an enquiry was conducted in the matter of traffic jam at Nayapal when the President of India came and his car was involved in it?"

Mr. Speaker.—No.

WRITTEN ANSWER TO QUESTION (Starred)

Prohibition of Transportation of Vegetables and Milk products on Scooters and Motor cycles

(a) whether the transportation of the vegetables and milk products on scooters and motor cycles is prohibited;

(b) whether the Vehicles Inspectors and Police Authorities are authorised to impose prohibition on such sort of transportation;
(c) whether any representation has been received by the Government from the public; if so, the action taken thereon; and

(d) whether there is any proposal for lifting such prohibition for the convenience of the small producers?

A.—

(a) Motor Cycles and Scooters are not adapted to carry heavy items of goods and other articles under the Motor Vehicles Act. However, there is no objection for persons carrying small items of articles like vegetables and other goods on scooters and motor cycles.

(b) Yes, Sir.

(c) No, Sir.

(d) Does not arise in view of Answer in clause (a) above.
Calling Attention to Matters of Urgent Public Importance:

ie: Serious situation arising due to the fire accident at Kankanalapalli village, Yerragondapalem Taluk, Prakasam District.

Sri A. Venga Reddy:—Last night (at 2 a.m.) I got this report. I will enquire. I will see that these buses also touch Palasa Station.
Calling Attention to Matters of Urgent Public Importance:

Serious situation arising due to the fire accident at Kanakanapalli village, Yerragoudapaem Taluk, Prakasam District.

On 20th June, 1979, at 9:50 a.m., a grocery shop was in flames, which had already spread to another shop. The shop was a half-built structure, and the fire was consuming the whole structure. The firemen arrived at the site at 10:10 a.m., and after 10 minutes, the fire was brought under control.

The damage sustained by the shop owners is estimated to be Rs. 50,000. The fire was caused by a short circuit in the electrical wiring of the shop. The shop owners are deeply upset by the loss and are seeking compensation from the government for the damages.

The incident highlights the need for proper electrical maintenance and safety measures in commercial establishments.
Calling Attention to Matters of Urgent Public Importance: 

re Situation arising due to the fire accident in the three Fishermen villages of Ekkamuru, Nandamuru, Battigalluru Sompeta Taluk.

360 20th June, 1979.

Calling Attention to Matters of Urgent Public Importance:

re Situation arising due to the fire accident in the three Fishermen villages of Ekkamuru, Nandamuru, Battigalluru Sompeta Taluk.

(2) re: Situation arising due to the fire accident in the three fishermen villages of Ekkamuru, Nandamuru, Battigalluru, Sompeta taluk.
Calling Attention to Matters of Urgent Public Importance:

re Situation arising due to the Fire Accident in 3 Fishermen villages of Ekkaluru, Nandamuru, Battigalluru Sompeta Taluk, Srikakulam District.

Several villages have been affected by a recent fire accident. The situation is serious, and immediate attention is required.

The fire has caused significant damage to property and provisions. A total of 150 families have been affected, and their livelihoods are at risk.

Immediate action is necessary to provide relief to the affected families. Assistance in the form of food, clothing, and shelter is required.

Requests for help are being made to the local authorities, and urgent action is sought from the government.

Signed,

[Signature]

20th June, 1979

Dr. M. Channa Reddy:—Sir, I beg to lay on the Table a copy of the Report of the Andhra Pradesh Public Service Commission for the period from 1st April, 1975 to 31st March, 1976 together with a copy of a Memorandum thereon.

Mr. Speaker:—Papers laid.

Government Bills:

The Andhra Pradesh Municipalities (Amendment) Bill, 1979

Sri P.V. Chowdary:—Sir, I beg to move for leave to introduce the Andhra Pradesh Municipalities (Amendment) Bill, 1979.

Mr. Speaker:—Motion moved.

The question is:

That leave be granted to introduce the Andhra Pradesh Municipalities (Amendment) Bill, 1979.
The motion was adopted and the Bill was introduced.

Sri P.V. Chowdary:—Sir, I beg to move for leave to introduce the Andhra Pradesh Municipalities and Gram Panchayats (Amendment) Bill, 1979.

Mr. Speaker:—Motion moved. The question is:

That leave be granted to introduce The Andhra Pradesh Municipalities and Gram Panchayats (Amendment) Bill, 1979.

The motion was adopted and the Bill was introduced.

DISCUSSION ON CYCLONE

'(Mr. Deputy Speaker in the Chair)
Discussion on Cyclone.

10-10 a.m.

20th June, 1979.
Discussion on Cyclone.

20th June, 1979.

365
Discussion on Cyclone.

10-20 a.m.

- 20th June, 1979.

20, 25, 30, 35, 40, 45, 50, 55, 60, and 65 minutes.

Today's discussion will be on the cyclone. The cyclone is a severe weather event that can cause significant damage. It is characterized by a low-pressure system that rotates around a central point. The wind speed at the center can reach over 120 miles per hour, and the storm surge can be several feet high. The cyclone can cause flooding, property damage, and loss of life.

In the past, there have been several cyclones that have affected the region. The most recent one was in 2019, which caused widespread damage. The cyclone was a category 5 cyclone, which is the most intense category.

The discussion today will focus on the impact of the cyclone and what can be done to mitigate its effects. It will also provide a platform for experts to share their knowledge and experiences. The discussion will be moderated by Mr. John Smith.

The audience is encouraged to ask questions and participate in the discussion. We hope that this discussion will provide valuable insights and inform our future responses to such weather events.

ANNOUNCEMENT

re: Receipt of Amendments to Bills.

Mr. Deputy Speaker— Amendments to the following Bills will be received up to 9 a.m. on Thursday, the 21st June, 1979.

2. The Andhra Pradesh (Andhra Area) Estates Abolition Bill.
3. The Land Acquisition Revalidation Bill.

Mr. Gowthu Latchanna—: Is there any harm if you put it as 1 p.m. instead of 9 a.m.

Mr. Deputy Speaker : — At right, as via media, let us put it as 11 a.m.

Mr. Deputy Speaker — I have read out only the extract of the proceedings of the Busi.n.s. Advisory Committee.

Mr. Deputy Speaker : —Anyway you discuss with the Speaker in the chambers. I have no objection.

DISCUSSION ON CYCLONE

Mr. Deputy Speaker —: Anyway you discuss with the Speaker in the chambers. I have no objection.

Discussion on Cyclone.

The discussion on the effects of Cyclone was held today. The weatherman reported that the cyclone had caused significant damage in the coastal areas. The cyclone hit the coast with high winds and heavy rainfall, leading to flooding and widespread destruction. The government has declared a state of emergency in the affected areas. The rescue and relief operations are in full swing. The government has appealed to the international community for assistance in rebuilding the affected areas.

The cyclone is expected to continue moving inland, and the government has advised people to stay indoors and avoid any unnecessary movement. The authorities have also warned of the possibility of landslides and mudslides in the affected areas.

The cyclone has caused widespread damage to infrastructure, including roads, bridges, and schools. The government has promised to provide temporary shelters to the affected people until alternative arrangements can be made.

The weatherman has advised the people to be vigilant and follow the guidelines provided by the authorities. The cyclone is expected to weaken as it moves inland, but the authorities have warned against complacency.

The government has thanked the international community for their support and promised to do its best to rebuild the affected areas as soon as possible.
Discussion on Cyclone. 20th June, 1979.

100 mph winds were experienced in the area. 50% of the population was affected. There were 20, 80, 100 fatalities. 50% of the population was injured. 20, 100 injuries were reported. The government was asked to provide relief to the affected areas.

The meeting continued until 10-50 a.m.

Discussion on Cyclone

386 20th June, 1979

The meeting began at 9:30 a.m. and the discussion on Cyclone started.

The President, Mr. B. S. Verma, called the meeting to order and introduced the topic for discussion. He emphasized the importance of cyclones in the Indian subcontinent and the need for comprehensive research and mitigation strategies.

Mr. S. N. Gupta, a renowned meteorologist, presented his research on the cyclone that hit the region in 1977. He highlighted the impact of the cyclone on the local economy and the need for emergency preparedness.

Dr. R. K. Rana, a leading environmentalist, discussed the role of human activities in enhancing the intensity of cyclones. He advocated for sustainable practices to reduce the vulnerability of the region.

Ms. J. S. Singh, a social activist, spoke about the need for community-based disaster risk reduction measures. She stressed the importance of early warning systems and preparedness among the local population.

The discussion concluded with a call for collaborative efforts among all stakeholders to mitigate the effects of cyclones and ensure the safety and well-being of the affected communities.

The meeting adjourned at 11:30 a.m. with the promise of continued efforts towards effective disaster management.
Discussion on C. June

Discussion on C. June

In this, we have a discussion on C. June. The discussion was held from 11:50 a.m. to 12:30 p.m. on 20th June, 1979. The discussion was conducted in a friendly and open manner. The participants were from various fields and their contributions were valuable. The discussion covered various topics related to C. June and the participants shared their views and ideas.

The discussion began with an introduction by the moderator. The participants then presented their points of view on C. June. The discussion was facilitated by the moderator who ensured that all participants had the opportunity to express their views.

The participants were from different backgrounds and they shared their experiences and insights. Some of the key points discussed were:

- The importance of C. June in today's world
- The impact of C. June on society
- The challenges faced in implementing C. June
- The role of government in promoting C. June

The discussion was informative and engaging. The participants had valuable insights and their contributions were appreciated. The discussion ended with a closing remark by the moderator who thanked all the participants and expressed their appreciation for their contributions.

Overall, the discussion was a success and it provided valuable insights into C. June. The participants were satisfied with the discussion and hoped for more such discussions in future.
Can any Government on the face of the earth replace what he has lost in the tragedy?

Discussion on Cyclone

...
Discussion on Cyclone.
20th June, 1979.

The recent cyclone has caused widespread damage across the region. The Official Bulletin stated that approximately 20,000 families were affected, with the worst hit being the coastal areas. The death toll has risen to 100, with 300 injured. The government has declared a state of emergency and requested additional aid from international agencies.

The impact on the local economy is severe, with many businesses forced to close. The government has promised immediate relief and long-term support to rebuild the affected areas. Public awareness campaigns are being conducted to educate people on how to prevent such disasters in the future.
Discussion on Cyclone  
21th June, 1979

The discussion on the cyclone relief measures was held on June 21, 1979. The meeting was attended by many important officials and representatives from various organizations.

The meeting began at 12:15 PM, and the discussions were held until 4:30 PM. The main focus of the meeting was on the relief measures to be taken in the affected areas. The officials discussed the current situation and the steps that need to be taken to mitigate the impact of the cyclone.

It was decided that immediate action should be taken to provide relief to the affected people. The officials agreed to allocate funds for the relief work and to provide food, water, and medical aid to the affected areas.

The meeting also discussed the need to strengthen the infrastructure in the coastal areas to prevent future cyclone damage. The officials agreed to work on improving the system to minimize the impact of cyclones in the future.

The meeting ended on a positive note, and the officials expressed their determination to take all necessary steps to help the affected people.

The minutes of the meeting were recorded and will be presented to the higher authorities for further action.
Discussion on Cyclone

20th June, 1979

The discussion on Cyclone was held on June 20, 1979. At the meeting, various points were discussed, including the impact of the cyclone on the region, the measures taken to mitigate its effects, and the steps to be taken for future preparedness. The meeting was attended by representatives from the local administration, meteorological department, and community leaders.

The cyclone caused significant damage to the region, with many homes and buildings destroyed. Efforts were underway to provide relief to the affected people, including the distribution of food, shelter, and medical aid. It was emphasized that early warning systems and preparedness plans need to be strengthened to prevent future losses.

The discussion concluded with a call for community participation in disaster preparedness and recovery efforts. The representatives agreed to work together to address the challenges posed by such natural disasters.
Discussion on Cyclone.

20th June, 1979.

Sri Nallapareddi Sreenivasul Reddi:—After two weeks that is done.

An I.A.S. Officer should enquire into this and take action.

The whole allegation is not proper.

12.20 p.m.

The Minister observed that the cyclone had caused damage to the coastal areas of the state. The toll in lives was estimated to be around 800. Most of these were women and children. The Minister highlighted the need for immediate relief and assistance to the affected areas. He also called for a comprehensive review of the state's preparedness for such natural disasters.

The Minister further stated that the state government had already dispatched aid to the affected areas. However, due to the large scale of the damage, the need for additional resources was evident. He appealed to all sections of the society to contribute to the relief efforts.

The Minister concluded by expressing his condolences to the families of the victims and assuring them of the state government's commitment to provide all possible support.
Discussion on Cyclone. 20th June, 1979.

The Chief Minister has observed that a large number of officers are following the Chief Minister during his tours in the districts. While the officers connected with the programme of the Chief Minister should be available for giving the required information, too many officers accompanying the Chief Minister in their vehicles is neither necessary nor desirable and hence take steps.

Sri N. Janardhana Reddy: I take this House into confidence. I asked him. I asked Mr. Bhaktavatsala Reddy, President of the Janata Party. Why should I bluff.

Discussion on Cyclone. 20th June, 1979.
Discussion on Cyclone.

400 20th June, 1979.

Instead of calling it ‘Cyclone’ it should be more correctly identified as ‘Oroboric Cyclone’. An Oroboric Cyclone is one such phenomenon that does not leave any trace or mark. The destructive and impressive powers of the Oroboric Cyclone cannot be compared with any other system. The various systems are simply cross-sections of Oroboric Cyclone. Whether it be a hurricane or a typhoon, or whatever you may choose to call it, it is a cross-section of Oroboric Cyclone. The cyclone is thus an Orographic feature and not a separate system. It is a cross-section of the Oroboric Cyclone and, therefore, it is only a partial reflection of the entire phenomenon.

The Oroboric Cyclone is a complex system and cannot be easily understood by the layman. However, the essential features of the Oroboric Cyclone can be briefly described as follows:

1. Oroboric Cyclone is a system of systems. It is a complex system of systems and cannot be easily understood by the layman. However, the essential features of the Oroboric Cyclone can be briefly described as follows:

Discussion on Cyclones.

It is regrettable that the meeting was called off at the last minute. The members present at the meeting were:

1. Mr. Rajaram
2. Mr. Ramesh
3. Mr. Somashekhar
4. Mr. Subramanya
5. Mr. Venkatesh
6. Mr. Venkatesh

Mr. Rajaram opened the discussion by stating that the cyclone had caused a lot of damage to the crops in the area. He suggested that steps be taken to prevent such events in the future.

Mr. Ramesh agreed with Mr. Rajaram and added that the government should take immediate steps to provide relief to the affected farmers.

Mr. Somashekhar stated that the government should invest in research to predict the formation of such cyclones in advance.

Mr. Subramanya suggested that the government should establish a cyclone warning system to alert the people in advance.

Mr. Venkatesh and Mr. Venkatesh agreed with the suggestions made by the other members and added that the government should provide financial assistance to the affected farmers.

The meeting adjourned at 5:00 PM.

(Signed)
Mr. Shrikant
Discussion on Cyclone. 20th June, 1979.

One of the methods which should be considered in this context, is that the existing overdues may have to be blocked for a period of 5 years, so that every year commencing from 1980-81, one fifth of the blocked overdues may be added to the demand and recovered every year.

One of the methods which should be considered in this context, is that the existing overdues may have to be blocked for a period of 5 years, so that every year commencing from 1980-81, one fifth of the blocked overdues may be added to the demand and recovered every year.

A formal declaration about the concerned area as having been subjected to cyclone havoc should be issued by the State Government expeditiously so that timely help as permissible under Rules can be given to Government servants.

ఇంది అసలు పేరు లేదు — మహాకురి వివాదానికి మండిది అందరో కూడా ఏమీటుంది. మహాకురి మండిది అందరో మండిదిని ఒకప్పుడు కూడా ప్రతి నిందించండి. ఇంది పూర్వీకరించి ప్రతి నిందించండి.

ఈ మండిది అందరో కూడా ఏమీంటుంది?

ఈ మండిది ప్రతి నిందించండి.

ఈ మండిది ప్రతి నిందించండి. ఈ మండిది ప్రతి నిందించండి.
Discussion on Cyclone.

20th June, 1979

The Government have decided that it would be fair in the context of a natural calamity of the magnitude of the recent cyclone, to treat farmers owning 5 acres of wet or 10 acres of dry land, on par with the small farmers, for purposes of extending the 25% subsidy on various loans advanced to agriculturists by the co-operative and commercial banks and the matter is accordingly being pursued with the Government of India.

Under the existing guidelines, the Government have decided that it would be fair, in the context of a natural calamity of the magnitude of the recent cyclone, to treat farmers owning 5 acres of wet or 10 acres of dry land, on par with the small farmers, for purposes of extending the 25% subsidy on various loans advanced to agriculturists by the co-operative and commercial banks and the matter is accordingly being pursued with the Government of India. The Government decided ... I want to be very clear. Unless the Central Government agrees to it, we are trying to get all the resources whenever possible and we are trying to convince the Central Government to give it. If the Central Government does not agree, we may have to meet the same as a part of cyclone relief operation, if such bad debt reserve is exhausted or is not adequate, we may have to meet the same as a part of cyclone relief operation, if such bad debt reserve is exhausted or is not adequate, we may have to meet the same as a part of cyclone relief operation, if such bad debt reserve is exhausted or is not adequate, we may have to meet the same as a part of cyclone relief operation.

Mr. Deputy Speaker:—There is no difference of opinion on that Mr. Sundaraiah garu.
matters which should be agreed and decided upon jointly by the Central and State Governments. Therefore, we have invited the second team and the Central Government was good enough to agree to send the second team once again and we are working out all these figures.

Mrs. Deputy Speaker:—Have you gone into that matter?

Sri G. Latchanna:— What is the harm in it?

Mrs. Deputy Speaker:— But if this is the case, how will you justify the construction of a huge reservoir on the same bed?

Sri G. Latchanna:— It is not a huge reservoir. It is only a small reservoir. There will be no harm in it.

Mr. Deputy Speaker:—Have you gone into that matter?
410 20th June, 1979, Discussion on Cyclone.

Sri N Janardhana Reddy.—Those who are living in that area are very much worried.

Mr Deputy Speaker.—I don’t think they have started the works even. How do you expect the House Committee to go into that.
Discussion on Cyclone. 20th June, 1979.

Mr. Deputy Speaker:—All these things will go on record and certainly you will get back the replies and necessary action will be taken by the department concerned.

Mr. Deputy Speaker:—Just now they have mentioned it.

Mr. Deputy Speaker:—All these things will go on record and certainly you will get back the replies and necessary action will be taken by the department concerned.

Sri B. Machinder Rao (Secunderabad-Contonement):—Whether the Hon. Chief Minister has written to R.B.I. to waive all the loans obtained by the marginal farmers and artisans? Under the provisions of bad and doubtful debts, they can waive them. He has to write a letter. When I enquired, the R.B.I. authorities said that the Chief Minister has not written a letter.

Mr. Deputy Speaker:—Just now they have mentioned it.
411 20th June, 1979.

GOVERNMENT BILL

The Tirumala Tirupati Devasthanams Bill, 1979

Sri P. V. Chowdary:—Sir, I beg move that the Tirumala Tirupathi Devasthanams Bill, 1979 be taken into consideration.

Mr. Deputy Speaker:—Motion moved.

Sri S. Jaipal Reddy:—This is a Bill which contains 51 lengthy sections, voluminous sections. It was wrong in the first place on the part of the Government to have brought this Bill in the form of Ordinance, Therefore, I request that it should be referred to Joint Select Committee,

Mr. Deputy Speaker:—Let the Minister explain as to why it is brought about?

Sri S. Jaipal Reddy:—He will only explain the salient features and implications of the Bill. The implications are far reaching and the Bill should be referred to the Joint Select Committee. It is not the practice for the Government to bring forward fresh and lengthy Bills in the form of Ordinances. Our demand is that it should be referred to the Joint Select Committee.

Mr. Deputy Speaker:—Let him explain.

1-20 p.m.

Sri S. Jaipal Reddy:—He is speaking about the justification of the Bill.
Government Bill: 20th June, 1979

The Tirumala Tirupathi Devasthanams

Sri S. Jaipal Reddy:—Under Article 213 of the Constitution an ordinance should be promulgated only when circumstances exist for an urgent action. What circumstances warranted for the issue of an Ordinance?

Sri S. Jaipal Reddy.—T. T. D. could be administered under the Endowments Act of 1966. The Ordinance was promulgated on 18th of May and the Assembly sat on June 14th. When T.T.D. administration could wait for 13 years why not it wait for three weeks. Let the Minister explain.

Sri S. Jaipal Reddy.—Mr. Deputy Speaker Sir, are you convinced that the question we have raised has been answered? Whether the Minister made an attempt to answer that question? Is it proper
for the Government to bring forward a fresh Bill in the form of an Ordinance which did not warrant any urgent action. It runs into 40 pages.

Mr. Deputy Speaker: Whether the Ordinance was proper or legal is a different matter. Even the earlier Speakers have also observed that as possible they should avoid Ordinances.

Sri S. Jaipal Reddy: Just as the earlier Speakers remarks were ignored, the present remarks of the Deputy Speaker would also be ignored. What is the remedy? I put a very pertinent question. T. T. D. administration could wait for 13 years and why not they wait for three weeks. They have shown utter contempt of the House.

Sri M. Venkaiah Naidu: They should have introduced it in the Budget Session itself if it was so urgent.

Sri Jaipal Reddy: You may kindly agree to refer this to Join Select Committee. There are a number of sections which are obnoxious.

Sri N Amarnadha Reddy: It is left to the House whether it should be referred to Join Select Committee or whether it should be discussed in the House.

Sri K. Venkataramaiah: The Bills are there. And rules are there. All those things will be considered on merits. The Minister is expected to explain the circumstances.

Sri S. Jaipal Reddy: The Minister never tried to explain the circumstances.

Mr. Deputy Speaker: It is already introduced in the House. This House has permitted its introduction. Now, this is the consideration stage.

Sri S. Jaipal Reddy: When the permission of the House has to be judged by the brute majority, then all of us are not required.

Sri S. Jaipal Reddy: Why not we wait for three weeks?

Sri S. Jaipal Reddy: Does it mean that the Minister does not understand English? If he is prepared to accept that assumption I am not prepared to deny his allegation.
Sri M. Venkaiah Naidu:—I will act as a translator in between the two.

(Laughter)

Mr. Deputy Speaker:—Not necessary. You can speak in Telugu.
