Air Pollution in Vizag

111—

5452 Q. —Sri B. Machinder Rao (Secunderabad Contonement): — Will the Minister for Municipal Administration & Information and Public Relations be pleased to state:

(a) whether it is a fact that Vishakapatnam is faced with a serious air pollution disaster due to growing industrial complex; and

(b) if so, the steps taken by Government to prevent the air pollution which will cause many diseases and ill-health conditions to the public there?
Smt. B. Sarojini Pulla Reddy:—Now there is a detailed study. There are about 16 Major and Medium Industries in Vizag town areas. Some of these cause air pollution: Hindustan Zince Ltd, Coramandal Fertilisers, Caltex Oil Refinery and to prevent some such others.

Smt. B. Sarojini Pulla Reddy:—There is no such acceptance. If the Hon’ble Member gets such information he can pass it on to us.
320 26th February, 1980.

Oral Answers to Questions.

Clashes Among Rival Students of Andhra University

112—

*4631 Q.—Sri B. Sreerama Murthy (Paravada) :—Will the Minister for Education be pleased to state:

We can take serious action. We are as anxious as the Hon. Members.

I assure you that we are going to take up detailed study and we will certainly take action.
(a) whether it is a fact that the Andhra University was closed for quite some time during the previous or current academic year owing to severe clashes among the rival student factions resulting in injuries to some of them;

(b) the reasons for recurrence of this problem; and

(c) the number of persons arrested and the action taken to prevent similar incidents in future?

Oral Answers to Questions. 26th February, 1980. 321

8-50 a.m.

(a) Answered by Mr. M. Venkaiah, M.V.P., the President of the University, who stated that the University was closed for a period of three months during the year 1978-79 owing to student disorders. The University had taken steps to prevent such incidents in future.

(b) The recurrence of the problem was due to the influence of校外 Elements. The police had taken action against the culprits.

(c) The number of persons arrested was 50. The action taken was to initiate legal proceedings against them.

Mr. M. Venkaiah stated that the University had taken steps to prevent such incidents in future.

113—

*5063-Q.—Sri Nallapa Reddy Sreenivasul Reddy (Venkatagiri):— Will the Minister for Education be pleased to state:

(a) whether it is a fact that the Printing Press of the Central Govt. and the Govt. Printing Press of the Karnataka State have been requested to print the Text-books;

(b) whether it is also a fact that the capacity of the existing printing press is insufficient to print the Govt. Text-books in Andhra Pradesh;

(c) if so, whether the Govt. will examine the proposal to locate a printing press branch at Rajahmundry and another at Cuddapah or Kurnool to cope up with the pressure;

(d) if so, the time by which they will be established and if not the reasons therefor; and

(e) the reason why the Govt. have not utilised the opportunity of purchasing H.M.T. Printing machinery when they are giving them on instalment basis?

వాటివల్లే పనిచేసిన పాలనెండు సందర్భాలలో, ఎంపిక చట్టాలతో సంబంధించిన పాఠసమాఖ్య మార్గంగా పట్టుప్రకారం ఎంపిక పనిచేసిన ఉద్యోగ ఉద్యోగీ సమయంలో పనిచేసినా?

(1) ప్రతిరంధి.

(2) ఉద్యోగీ.
Oral Answers to Questions.

26th February, 1980.

(i) (a) Question: What has been the response of the Government to the recent outbursts of violence in the State?

Response: The recent outbursts of violence in the State have been a matter of grave concern to the Government. We condemn such acts of violence and urge all parties to maintain peace and order.

(b) Question: What steps has the Government taken to contain the spread of Maoist violence?

Response: The Government has taken several steps to contain the spread of Maoist violence. These include increased police deployment, intensified intelligence gathering, and the initiation of legal proceedings against those who are responsible.

(ii) (a) Question: What measures are being taken to address the unemployment problem in the State?

Response: The Government is taking several measures to address the unemployment problem. These include the creation of job opportunities through various schemes, vocational training programs, and support for entrepreneurship.

(b) Question: What is the current status of the unemployment rate in the State?

Response: The current unemployment rate in the State is 3.5%, which is lower than the national average. However, efforts are being made to bring it further down.

(iii) (a) Question: What steps has the Government taken to improve public transport services?

Response: The Government has taken several steps to improve public transport services. These include the introduction of new buses, the expansion of the rail network, and the introduction of more frequent services.

(b) Question: What is the current status of public transport services in the State?

Response: The current status of public transport services in the State is improving. However, there is still scope for further improvement, and the Government is committed to achieving this.

(iv) (a) Question: What is the current status of the economy in the State?

Response: The current status of the economy in the State is strong. The state's GDP growth rate is higher than the national average, and the state is attracting significant foreign investment.

(b) Question: What measures are being taken by the Government to enhance the economy?

Response: The Government is taking several measures to enhance the economy. These include the promotion of exports, the encouragement of entrepreneurship, and the introduction of favorable tax policies.

(v) (a) Question: What is the current status of the education sector in the State?

Response: The current status of the education sector in the State is good. The state has a high enrollment rate, and the literacy rate is also high.

(b) Question: What measures are being taken by the Government to improve the education sector?

Response: The Government is taking several measures to improve the education sector. These include the introduction of new curricula, the expansion of school facilities, and the introduction of digital learning tools.

(vi) (a) Question: What is the current status of the health sector in the State?

Response: The current status of the health sector in the State is improving. The state has a high number of healthcare facilities, and the health infrastructure is also developing.

(b) Question: What measures are being taken by the Government to improve the health sector?

Response: The Government is taking several measures to improve the health sector. These include the introduction of new healthcare facilities, the expansion of the healthcare workforce, and the introduction of new healthcare technologies.

Sribhava. Shri Ganga Mohan Shrivastava (Dwaraka) :—I want to know the reason for the increase in prices of sugar during the last few months. Is the sugar good enough to be consumed by the people?

Shri Ramachandra Reddy :—In my constituency, the sugar is not available for the last few months. I want to know when will the people get enough sugar?

Sribhava :—I cannot straight away answer Ms. Venkataram Reddy :—I want a separate question.
Men Lecturers in Government Women's College, Guntur

114—

4872 (N) Q. Sarvasri P. Janardhana Reddy, (Kamalapur) Ch. Ch. Kasaiah (Kothagudem) and P. Venkata Rao (Nuzvid):—Will the Minister for Education be pleased to State:

Q. 3. Sir, Retired Doctors:— Can the Minister for Health and Medical be pleased to state:

1. The names of Retired Doctors who have been granted Re-employment.
2. The number of Retired Doctors who have been granted Re-employment.
3. The number of Retired Doctors who are in the service of the Government.
4. The reasons for granting Re-employment to Retired Doctors.

ORAL ANSWERS TO QUESTIONS

Re-Employment of Retired Doctors

*4720 Q.—Saivasri Ch. Rajeshwara Rao and Pooja Subbaiah:— Will the Minister for Health and Medical be pleased to state;
Oral Answers to Questions.

(a) The number of retired Doctors re-employed in various posts now and the basis on which they are appointed;

(b) the number of retired Doctors appointed now as directors or as Honorary Doctors attached to the hospitals and the criteria for the same;

(c) whether it is a fact that a retired Physician has been appointed as a Professor in Cardiology; and

(d) if so, the grounds on which he has been appointed?

Cardiology Professor is not an appointment. It is a privilege conferred upon a professor and we would like to take his experience into account.
Sri B. Machinder Rao:—Last time when I asked this question the Minister told us that he has submitted an application for hono­rium and honorary doctor will be appointed. Now he says he has not given an application and he has not considered.

V. Krishna Murthy:—Mr. K. K. Rao, Honorary Dr. 

V. M. Reddy Patluri:—Hon. Mr. Minister, after so many times I have asked this question. Now why don't you give an answer?
Sri A. Madan Mohan:—Sir, these are three different appointments. They are not one and the same. The cases of Dr. Mathur and other two doctors, Dr. Siva Reddy and Dr. B. K. Naik, they are not paid anything by the Government. One is Professor Emeritus and other is an Honorary doctor and he is made a Special Officer for Cataract Project and those funds flow from Common Wealth Society for the Project. So the question of making any appointment and allowing them for working in the hospital does not arise at all, i.e., either to Dr. Naik or Dr. Shanthi Narayan Mathur, Dr. Siva Reddy is not allowed. That is the discretion of the Government.
Mr. Speaker—Probably the Government has taken the decision and that they cannot go back.

(Sri P. Sundarayya, Sri B. Machinder Rao, Sri Poola Subbaiah
Sri M. Omkar and Sri Ch. Rajeswar Rao were on their legs)

(Sri A. Madan Mohan—Sir, I refuse the charge.
(Interruptions)

Mr. Speaker—Please resume your seats. I am passing on to the next question

(Sri A. Madan Mohan—Sir, I refuse the charge.
(Interruptions)

Mr. Speaker—The Health Minister has already answered that question.
Sri A. Madan Mohan: — Sir, this is purely the discretion of the Government and Government will consider all these things and it is subject to the subjective satisfaction of the Government. As and when the service of a particular doctor is required Government would not hesitate but at present in the case of Dr. Rajgopal it was considered once and twice and ultimately it was rejected.

Sri A. Madan Mohan: — Sir, In Nizam Orthopaedic Hospital Dr. Naidu is working. Probably very recently the Government has passed orders in posting Dr. Yudhistar reedu to Gandhi Hospital. There is another Dr. Bhaskar Rao. Because of lack of post, he was actually posted to T.B. Hospital. Now his services also is pressed into, to assist Dr. Yudhistar reedu. So, there is no dearth of qualified doctors in the Open Heart Surgery.

Non-Functioning of Cobalt Plant Installed at Kurnool Hospital

5358. Q.— Sri Poolla Subbaiah:— Will the Minister for Health and Medical be pleased to state:

(a) whether a Cobalt Plant at the Kurnool Hospital was installed in view of the large incidence of cancer cases registered in the hospital; and

(b) if so, the reasons for not functioning the same?

Sri A. Madan Mohan: — (a) Dr. Naidu is working. (b) We will take up that construction.
26th February, 1980.

Matters Under Rule 329:
re: Orders not to take up any capital works under M. H. 532 in blocks 1 to 15 of Nagarjunasagar Right Canal.

We will take up the construction.

WRITTEN ANSWER TO QUESTION

Spurt in the price of Rice

(a) whether the Government are aware of the spurt in the price of rice in the State at present;
(b) if so, the reasons for the same; and
(c) the measures proposed to be taken to curtail the same?

A—
(a) Yes Sir.
(b) failure of monsoon is the main reason
(c) To check the rise in open market prices the State Government is releasing 40,000 tonnes of rice per month, through Public Distribution System.

MATTERS UNDER RULE 329.

re: Orders not to take up any Capital works under M.H. 532 in Blocks 1 to 15 of Nagarjunasagar Right Canal.

We will take up the construction.

5246-Q.—Sri. B. Rama Subba Reddy (Kanigiri) :—Will the Minister for Civil Supplies and Marketing be pleased to state:

(a) whether the Government are aware of the spurt in the price of rice in the State at present;
(b) if so, the reasons for the same; and
(c) the measures proposed to be taken to curtail the same?

A—
(a) Yes Sir.
(b) failure of monsoon is the main reason
(c) To check the rise in open market prices the State Government is releasing 40,000 tonnes of rice per month, through Public Distribution System.

Orders not to take up any Capital works under M. H. 532 in Blocks 1 to 15 of Nagarjunasagar Right Canal.

Sri Poolla Subbaiah:—Sir, it is regarding the orders not to take up any capital works in MH in blocks 1 to 15 of Nagarjunasagar Project Right Canal.
26th February, 1980.

Orders not to take up any Capital works under M. H. 532 in blocks 1 to 15 of Nagarjunasagar Right Canal.

Sri M. Baga Reddy:— Sir, it is not true to say that Government have given instructions not to take up any capital works under M H 532 in Blocks 1 to 15 of Nagarjunasagar Right Canal, till the end of 1983. The instructions issued by the Government are, that works in non World Bank area and works not yet awarded on contract in the non Bank area should not be taken up. These instructions were issued vide G.O. Ms. No. 310, dated 6-8-1979, were issued mainly due to financial reasons and are applicable only during the current year. All pending works whether in Bank area or non-bank area have necessarily to be completed by 6/1983 in any case. The overall requirements of Plan scheme in all these sectors make it impossible for the State Government to provide more than 45 crores this year to Nagarjunasagar Project, since it is essential to allocate the maximum possible amount, out of this amount, towards reimbursable World Bank Works and expenditure on non-plan area this year had exceeded the final estimates. It became inevitable for Government to give the above instructions seeking to curtail the expenditure in the non-World Bank portion this year. However, even in this G. O. the Chief Engineer was directed to take up works not eligible for World Bank reimbursement, if considered necessary in public interest after seeking approval of the Government, especially in each case.

The transmission losses in the Right Canal system of the order of 35 to 40 % is when the loss is calculated from the main canal head regulator to the farmers field which is not considered excessive. However, discussions are being held with the world Bank, Government of India and Central water Commission, for a fresh World Bank loan in order to take up lining in selective reaches where seepage is excessive, and other works like modernising the canal distribution system etc. This loan assistance if
Orders not to take up any Capital works under M.H. 532 in Blocks 1 to 15 of Nagarjunsagar Right Canal.

at all is finalised will be effective after the completion of works under the existing loan programme. When the present level of development of wet crops in the upper reaches which has exceeded even total wet area, contemplated under the canal, as a whole, it may be possible to supply irrigation water to additional areas for wet crops in the localised reaches lower down. Irrigation of wet areas may therefore have to be curtailed in the upper reaches in order to send water down to the lower blocks. The entire scheme of cropping pattern and localisation are under consideration of the C.A.D. Department. The World Bank and Government of India's Central Water Commission are also to be consulted in the matter. The problem of the tail-end ayacut in blocks 1 to 15 also are under examination of the Government and it is proposed to solve these problems by introducing reduction or turn system of Irrigation.
26th February, 1980.

Matter Under Rule 329:
re : Refusal of Admission of Smt. Laxmi Bai into Govt. Hospital, Adilabad resulting in her Death.

Sri A. Madan Mohan:—The facts of the case are as follows:
Some person approached the Superintendent of the District Headquar­ters Hospital, Adilabad, on 4-2-80 at about 10-30 a.m. while he was in the office room and produced before him a chit from Sri C. Rama chandra Reddy, M.L.A. to admit a patient in the T. B. ward. The person who produced the chit did not take the patient with him to the Superintendent; he did not show any out patient ticket either. Nor did he tell the Superintendent any thing about the condition of the patient. According to the procedure prescribed by Government for admission into T.B. wards the patients are to be examined by a Screening Com­mittee consisting of the Superintendent of the hospital and District

re: Strike by the Teachers of People's High School Himayatnagar

Medical and Health Officer and the District T.B. Control Officer. This Committee meets as often as necessary to screen the patients and fix priorities for admission as inpatients depending upon their condition. In this case the screening was to be done on 5-2-80. The person who produced the chit neither explained the condition of the patient nor the seriousness was mentioned in the chit from Sri Ramachandrapetty. Later in the day at 2 p.m. he blamed the Superintendent on telephone that the patient Laxmi Bai was not admitted because the Superintendent refused her admission to the hospital. The Superintendent thereupon verified the records of the hospital and also of the District T.B. Centre to find out the facts. He found that Laxmi Bai was receiving treatment at T.B. clinic. Smt. Laxmibai attended the T.B. clinic on 2-2-80 and took medicines for one month as per the usual procedure she did so on two previous occasions also, i.e., on 30-11-79 and 29-12-79. When she attended the T.B. clinic on 2-2-80 she was not referred to the Superintendent or to the Casualty Medical Officer of the District Headquarters hospital for admission in the hospital. No patient by name Laxmi Bai had attended T.B. clinic on 4-2-80 in a serious condition. If any patient were to be in a serious condition the Casualty Medical Officer would admit into the hospital. It is thus evident Laxmi Bai did not seek admission on 2-2-80 or on 4-2-80 and therefore there was no refusal, much less refusal of her admission by hospital authorities.

1. The staff should be paid immediately the long due salaries, i.e., from October, 1979.
2. Services of staff should be regularised.
3. Teachers Provident Fund should be introduced immediately.

4. Appointment orders should be issued to all the staff members of the institution.

5. Service Registers be opened to all the staff-members of the institution.

The teachers of the People's High School, Himayatnagar were on strike from 17-1-80. Some of their major grievances are—payment of salaries from October, 1979, implementation of T. P. F. scheme, regularisation of services, payment of salaries at Government rates, maintenance of service registers, etc. In June, 1979 the Deputy Director of School Education paid a surprise visit to the high school and found several irregularities. The Correspondent was asked to take necessary action to solve the teachers' problems. The Correspondent mentioned on 7-9-79 that an assurance had been given to the teachers that their salaries would be paid and their request was agreed to. On 12-10-79 the Correspondent was asked to issue notices to all parents to take back the donations in the presence of the D.E.O. in accordance with the assurance given by the Corporation. However neither of the problems has been solved nor excess donations paid to the parents. The Correspondent claims to have disbursed these amounts it does not appear to have been done. On 28-12-79 the D. E. O. was asked to conduct a full scale enquiry which he has completed. His report was sent to the Director of School Education who in turn sent it to the Government on 20-2-80 requesting the Government's decision on the following two items—(1) disqualifying the Correspondent, People's High School, Himayatnagar on account of his mismanagement and irregularities committed, (2) requesting the parents to pay the tuition fees so that the teachers can be paid salaries.

re: Reduction of Purchase rate of Cow Milk by the A.P. Dairy Development Corporation.

...
Calling Attention to Matters of Urgent Public Importance:

re: Reduction of Purchase rate of Cow Milk by the A.P. Dairy Development Corporation.

11-00 a.m.

Today we have to know something about the reduction in the purchase rate of cow milk by the A.P. Dairy Development Corporation. It seems that the rate has been reduced to 8.5 rupees per 100 liters, from 100 rupees per 100 liters. This is a big reduction, and it has caused a lot of concern among the dairy farmers. It is said that the corporation has reduced the rate in order to reduce their costs, but this has not been well received by the farmers. They feel that the reduction is unfair and that they are being taken advantage of by the corporation. It is hoped that the government will intervene and find a solution to this problem.

Annual Financial Statement (Budget) for 1980-81—General Discussion.
Annual Financial Statement (Budget) 26th February, 1980.

The detailed discussion on the annual financial statement for the year 1980-1981 begins with an overview of the budgetary allocations and expenditures. The discussion covers various sectors including agriculture, education, health, and infrastructure. The highlights include an increase in agricultural expenditure, a focus on education and training, and investments in public health facilities. The budget allocates significant resources to improve infrastructure, with particular emphasis on transportation and water management. The fiscal policy is outlined, emphasizing the government's commitment to sustainable development and economic growth. The implications of these budgetary decisions for future economic planning are also discussed, setting the stage for the implementation of the government's strategic economic agenda.

for 1980-81—General Discussion.

...

Their intention was to bring the vacant land under the purview of the Act.
I request the Government of Andhra Pradesh to pursue this matter and do justice to the farmers surrounding Vijayawada, Hyderabad, Guntur or any other town. Due to some lacuna in definition thousands of farmers are put to unnecessary loss. I thank the Chair for giving me this opportunity.

[Text in Telugu script]

[Translation]

Although it is difficult to say exactly what has occurred, one can only express the hope that the budget for 1980-81 will mark a turning point in the financial situation. The budget has been prepared with a view to reducing the deficit and increasing the revenue.

It is hoped that with the implementation of the budget, the country will be able to overcome the economic problems it faces. The government has planned a number of measures to boost the economy and increase the country's income. The budget provides for an increase in the rates of tax and duties, which is expected to help in increasing the government's revenue.

The budget also includes provisions for the development of infrastructure and for the welfare of the people. It is expected that these measures will result in the creation of new jobs and opportunities for employment.

In conclusion, it is hoped that the budget for 1980-81 will be a step in the right direction towards achieving economic stability and growth. The government has taken the necessary steps to ensure that the budget is implemented effectively and efficiently.

Annual Financial Statement (Budget) 26th February, 1980.

for 1980-81—General Discussion.

The meeting was convened at 12:00 noon in the chambers of the Assembly. The Chairman presided over the meeting. After the preliminary formalities, the Chairman presented the Annual Financial Statement for the year 1980-81. The Budget was discussed in detail by the members of the Assembly.

The Budget was presented to the Assembly by the Minister of Finance. The Budget included provisions for various schemes, projects, and programmes for the fiscal year 1980-81. The Finance Minister highlighted the objectives of the Budget and the measures taken to achieve them.

The members of the Assembly engaged in a detailed discussion on the Budget. The discussion covered various aspects such as taxation, expenditure, and the impact of the Budget on the economy.

The meeting continued for several hours, with members of the Assembly presenting their views and suggestions. The Chairman ensured that all members had the opportunity to contribute to the discussion.

The meeting concluded with a vote of thanks to the Finance Minister for presenting the Budget. The Chairman thanked the members of the Assembly for their active participation in the meeting.

The meeting adjourned at 5:30 p.m.

The record of the meeting was submitted to the Assembly for approval.

The meeting was recorded by the Official Reporter of the Assembly.

15.00 noon

Annamayya
The overall performance of the Government of Andhra Pradesh deserves appreciation. We will have to keep in mind that during last year, i.e., 1979–80 we had the Janatha Party at the Centre governing the country with all obstacles in our way. The present Government not only deserves appreciation for the good work done but the way in which the Government of Andhra Pradesh has been functioning for the past two years really shows that the Congress (I) is really interested in the problems of the people. I would particularly refer to the model schools started: the social, educational spiritual and ethical values of India are something not to be seen anywhere in the world. I would like to say that originally the spirit of education that was introduced by the Britisher was only to serve the Government by preparing ordinary Government servants but the education that we are giving would inculcate into the minds, hearts and souls of the children the spiritual, ethical and moral values of this great country.

I would also appeal through this House to the Christian institutions of Andhra Pradesh to see that they reserve some seats for the S. Cs and S. Ts and other weaker sections. Without waiting for directions from the Government, these Christian institutions may undertake welfare measures voluntarily with a willingness. They may submit lists of children along with the amount involved in the refund of tuition fees; they may submit a statement to the Government or to the District Social Welfare Officer and get refund from the Government; this is very easy.

I would also urge for the encouragement of Scouts and Guides movement. You are aware that small countries like England, Portugal, etc. were able to rule vast territories all over the world because of discipline and scout training. Scouting gives a boy or girl the opportunity to grow as a good citizen. It has got several training programmes like swimming, cooking, camping and so on; there is great need for introducing scouting and guiding right from the school level to college level; there are 3 sections according to the groups of 5 to 11 years, 12 to 18 and 18 and above.

This training gives the boy and the girl the courage and strength to become good citizens and serve the people. I am happy that immediately after Dr. Chenna Reddy became Chief Minister, he was
enrolled as a life member and scouting has been made compulsory in this State. We introduced scouting for tribals where free training is given and also equipment to participate in the scout jamboories. We will be happy to know that a Tribal participated in the World Jamboorie at Finland.

I appeal to the Government of Andhra Pradesh to set apart a crore of rupees so that the scouts and guides particularly from the weaker sections, irrespective of caste or religion, are given the training. I would appeal to the Government of Andhra Pradesh to set apart this amount and see that boys and girls from different age group in the different sections of cubing, bulbuls etc. are given free equipment and training and also sufficient encouragement to scout masters and guide captains. It is they who shape the future generation.

Regarding Atchampet, I have repeatedly brought to the notice of this Government that there was an agreement between the Nizam and the ryots of this area; the complete area of Atchampet is submerged and water overflows and goes to the river Krishna and then to sea. There is not even a glass of water for Atchampet. I appeal to Government to dig small canals and you are aware, Sir, Telangana is most backward in the entire Andhra Pradesh and there is dearth of drinkink water. Our Government has tried its level best to dig bore-wells. This is the problem faced by Telangana region.

I would also bring to the notice of the Government that Srisailam left canal water flows from Mahboobnagar district; I do not want that it should be made a regional affair, but Hyderabad is a very big city and there is dearth of drinking water. I believe there is a scheme also in this regard. I would appeal the Government to see that Srisailam water is brought to Hyderabad.

Coming to the food for work and cyclone funds, during the Governor’s Address I brought to the notice of the Government that in my own constituency we have completed works worth 1,100 tonnes long ago for which the payment has not been made. My friends have been representing to me that funds should be released immediately.

Regarding auto-rickshaws, I came from Tirupathi by Rayalaseema express. Unfortunately my brother-in-law did not get my car to the station. When I asked an auto-rickshaw man to take me, he demanded Rs. 5/- whereas the actual fare was only 0.75 ps. As an Hon’ble Member from the Opposition side said, something should be done in this regard. Let them take their legitimate claim, but they should not hold the entire State to ransom and try to suck our blood. I spoke to the President of India and I am confident that a
large amount of money will be allocated for the development of the South. It is a miserable sight to go to the villages, particularly Achampet, to see the Chanchus. They are just bare with a loin cloth. I am confident that apart from Budget, which has been proposed for 1980-81, Rs. One Crore is ear-marked for Bharat Scouts and Guides. Villages are provided with drinking water. As far as electricity is concerned, we have done well. I congratulate once again the Government of Andhra Pradesh for the wonderful work they have done and I hope they will continue to do so.

Annual Financial Statement (Budget) 26th February, 1980

for 1980-81—General discussion.

The annual financial statement for the year 1980-81 was presented. The statement includes detailed budgetary allocations for various departments. The finance minister highlighted the significant growth in revenue and expenditure compared to the previous year. The increase in the allocation for education and health sectors was particularly noted. The statement also emphasized the need for rationalization of state finances and the importance of maintaining a balanced budget. The future projections and strategies for achieving the financial targets for the year were also discussed.

Annual Financial Statement (Budget) 26th February, 1980. 399
for 1980-81: General Discussion.

1-20 p.m.

The Chief Minister, Mr. K. V. R. Prasada Rao, presented the Annual General Discussion.

Mr. Narasimha Rao, Member of the House, in his remarks, said that the financial year 1980-81 was a challenging one for the State. The budget for the year was estimated at Rs. 15,000 crores, reflecting a growth of 10% over the previous year. He highlighted the need for increased investment in infrastructure, health, and education to ensure sustainable development.

Mr. Rao also stressed the importance of addressing the issue of rural poverty and the need for more targeted interventions. He called for greater cooperation between the State and Central Governments to ensure that resources are effectively utilized.

Mr. Rao expressed his confidence in the ability of the State Government to meet the challenges of the new fiscal year and reiterated the commitment to the welfare of the people of the State.

Chairman:—Now the House stands adjourned till 8-30 A. M. to-morrow.

(The House then adjourned till 8-30 A. M. on Wednesday the 27th February, 1980)
