Sri S. Jaipal Reddy:—If the Members had not chosen to put supplementary questions the real answer relating to the spirit would never have been available in the House.

We have Ministers without portfolio. Now here is a great Minister without money.

Transport Facilities in the Villages in A. P.

*5450 Q.—Sarvasri B. Machendrarao (Secunderabad-Cantonment) K. B. Siddaiah (Puttur)—Will the Minister for Transport be pleased to state:
(a) out of 33,460 villages in Andhra Pradesh the number of villages that are covered and yet to be covered by the transport facility of the Andhra Pradesh Road Transport Corporation;

(b) if so, the time it will take to cover the villages that are yet to be covered;

(c) the total number of villages covered by Road Transport Corporation in Rangareddy district; and

(d) the number of buses allotted to districts and to the city?

(b) The time to cover the villages yet to be covered is 1982.

(c) The number of villages covered in Rangareddy district is 16,102.

(d) The number of buses allotted to districts and to the city is not specified.

Sri B. Machinder Rao:—Give the names of the villages which have been connected by bus service under the scheme.

Sri M. Venkiah Naidu:—Give the names of the villages which have been connected by bus service under the scheme.

Sri B. Machinder Rao:—They are only saying names but they have not covered the villages. We want the list of villages covered by bus service.

SrI S. Jaipal Reddy:—I know the figures and I am saying with certain degree of certainty. There are 27,000 revenue villages. There are about 15,000 gram panchayats. There has been some increase in the number of gram panchayats, since the number of gram panchayats is less than the number of revenue villages obtaining in our State......88,460. Now, this is what I am saying. It may be largely because of the increase of 20,000. These are the revenue villages? Naturally it must be more than the revenue village number.

First of all I would like the Minister to clarify the House as to what exactly is the concept of the village? What are the number of villages additionally covered by this facility? What is the concept of coverage of buses to the village?

Sri A. Vengala Reddy:—I differ from Jaipal Reddy. Naturally it must be more than the revenue village number.

Sri S. Jaipal Reddy:—I am saying with reference to the statistics made available to the Government. Mr. Vengala Reddy is speaking from his imagination.

Sri A. Vengala Reddy:—I don't know what criteria they have adopted.

Sri S. Jaipal Reddy:—The question must be postponed. The Minister is not able to enunciate the concept of village of the R.T.C. and yet the Minister tells the House that 20,000 are covered by bus facility.

Sri A. Vengala Reddy:—Sir, hamlets have been converted into Panchayats.
Oral Answers to Questions. 27th February, 1980.

Sri S. Jaipal Reddy:—He is not able to answer.

Sri A. Vengala Reddy:—He is not able to understand me.

Sri S. Jaipal Reddy:—I can't understand the answer of the Minister, when he does not understand my question.

Mr. Speaker:—Both of you are not understanding each other.

Sri A. Vengala Reddy:—He is rather refusing to understand me.

Sri M. Venkaiah Naidu:—I will act as a mediator if you allow me.

Mr. Speaker:—Your mediation is not necessary.

Sri S. Jaipal Reddy:—The Minister should be able to tell the House as to what exactly is the concept of village.

The concept agreed upon by the Planning Commission of India, by all State Government of India is the revenue village. The number given him is not same as the revenue village.

Mr. Speaker:—I will make you understand each other. I will pass on to the next question. You put a separate question and I will get it admitted.

Sri S. Jaipal Reddy:—O.K. I am quoting the figures.

Mr. Speaker:—Diary is not the criteria.

(interruptions)

Sri S. Jaipal Reddy:—I am quoting the figures from the Statistics of 1978-79. The numbers of Gram Panchayats are 16,000 and villages and towns covered by panchayats is 29,000.

Mr. Speaker:—I have suggested to you a better course. You do it.

Sri M. Venkaiah Naidu: Sir, I would like to know as to what happened to the Home Minister, Home Minister and the Chief Minister.

Mr. Speaker:-I have permitted him to answer on behalf of the Revenue Minister.

Sri M. Venkaiah Naidu: Sir, that is different but what has happened to other Ministers?

Sri P. Goverdhan Reddy (Mungole):—Sir, it is not his lookout.

Sri M. Venkaiah Naidu:—Sir, it is not only the lookout of the Chairman but the lookout of the House also.

Sri P. Goverdhan Reddy:—Sir, the Hon'ble Speaker has got the right to control the House.

Sri M Venkaiah Naidu:—Sir, he need not define the Powers of the Speaker and I know the powers.

Mr. Speaker.—The Chief Minister is not healthy, so he has not come.

Sri S. Jayal Reddi:—Sir, he was healthy enough to receive the Prime Minister in the Airport. He was healthy enough to visit Visakhapatnam along with the Deputy Prime Minister of Soviet Russia. But he is not healthy enough to attend the State Assembly.

Sri M. Venkaiah Naidu:—Sir, is he afraid of facing the House?

Mr. Speaker:—Why do you take up all those questions. Don't pass those remarks.

Sri M. Venkaiah Naidu:—Why Sir?

Mr. Speaker:—Because it is not proper.

Matter Under Rule 329:

27th February, 1980.

Acquisition of Lands in Kanithi Firka of Vizag Taluk for Steel Plant.

Sri M. Baga Reddy:—Sir, the Project authorities of the Visakhapatnam Steel Plant finalised the assignment in 1972 and actually the acquisition has started in the year 1974. The main villages that are situated in the Plan site are Nelliimukku, Nodupuru, Siddeswaram, Kurada and 24 hamlets. The extent of the village sites acquired at the Plan site so far is 36 acres; and 49 acres of villages sites are yet to be acquired. Acquisition of the villages sites is in advanced stage. The Government have actively considered the rehabilitation scheme and sanctioned an amount of Rs. 1.00 crore. The Town and Country Planning Organisation, New Delhi has drawn up a plan. Near Pedigantodu village to the extent of 400 acres, and it has been decided to rehabilitate 4,600 families from the Plan site and each family is proposed to be given 107 sq. yards of developed plot. Its extent is designed to acquire HUDA assistance for construction of houses by the displaced families at a later date. It is significant to note that these families which are now located in an extent of 185 acres of village sites, are proposed to be rehabilitated in the extent of 400 acres, with modernised facilities such as, Protected Water Supply, Electricity, Roads, Schools buildings and Hospitals which are far better than those now being pre sently enjoyed. In addition Government also provide a cash assistance of Rs. 800 per family for transport of the equipment and for immediate maintenance.

All the infrastructure facilities like water supply, electricity, school buildings etc., are nearing completion in Pedigantodu Rehabilitation Centre. Families in the plan site are being informally advised that they would have to move to the Rehabilitation Centre after the facilities are completed, as the Project Authorities want the area free from encumbrances. So far, no family has been forcibly moved from any of the village sites in the Plan area. Besides, the State Government also contemplate to render assistance to the displaced families when once they moved to the Rehabilitation Centre by securing financial assistance from HUDA. In respect of the Visakhapatnam Steel Plant, these displaced families are given development plots near plan sites where the land is valuable and they would have gainful employment. In the case

of location of the land to such a gigantic steel plant, the people of the area have to make a little sacrifice. However, the State Government are taking all possible steps to mitigate hardship caused to the displaced families by providing special facilities.

It was accepted that they were kidnapped and taken away. The District Collector also knows that they were taken away.

They are not free, they are not in the village. By that time I saw them in the police station guarded by the accused.

Mr. Speaker:—Every protection will be given to see that they are free.

Sri S. Jaipal Reddy:—In regard to some other instance of the village, the Minister promised that he would verify as to whether a report of the S. P., Intelligence had been filled, if so he would acquaint the House with the contents of the report. Is the Minister ready to supply information.

Mr. Speaker:—I request the Members not to use challenges in the House.

I am making this request to hon. Members before we proceed further with the Business of the House. If any Member throws challenges, I am going to see that such challenges are put out of record.
Mr. Speaker:—There are many ways of expressing disapproval of the statement given by the Minister. They can say it is far beyond truth or it is beyond truth. There are so many ways of doing so.

Sri S. Jaipal Reddy—The Chair is at liberty to tender advice and the House must naturally take serious note of the advice delivered from the Chair. But the point is that the word challenge is perfectly parliamentary. Let no ruling be given on that.

Mr. Speaker:—That is why I request the Member to avoid such words.

Annual Financial Statement (Budget) 27th February, 1980.
for 1980-81:
(General Discussion)

We are pleased to present the Annual Financial Statement for the year 1980-81. We have striven to present a comprehensive picture of the financial health of the organization. The budget is prepared with due consideration to the past performance and future prospects. The key areas of focus include:

1. Revenue Generation
2. Expenses Management
3. Capital Expenditure

The budget is designed to achieve a balance between the needs of the organization and the constraints of the financial market. We are confident that with the support of our stakeholders, we can achieve our goals.

Thank you for your continued support.

(General Discussion)

...
Regarding the receipts from the revenues it is interesting to know that there is an amount of Rs. 140 crores that is being received by State Excise which is only second to Sales-tax. The country spirit, country fermented liquor and malted liquor account for Rs. 180 crores. The remaining Rs. 140 crores are from country spirits. To provide Rs. 130 crores of revenue on State Excise, at least they would have spent Rs. 1,000 crores in consuming these liquors. These thousand crores of rupees are going from the weaker sections which you are showing Rs. 130 crores as State Revenue. Out of the Rs. 130 crores how much are you spending on the weaker sections. When I see the details of the direct pumping that is being done, it is only about Rs. 15 crores. Out of their misfortune the weaker sections might have cultivated the habit of taking liquors and that is the society which is responsible for the misfortune because they cannot get any costlier entertainment; they cannot drown their sorrows in a much better situation. So, they are rather cursed with such a situation of taking liquors and spending these one thousand crores of rupees of their hard-earned money. Can you spend directly on these weaker sections? Why should you feed someone else?

Mr. Speaker Sir, the general services required are the roads, hospitals, education and power. All these things will be enjoyed more
by the richer people, by the affluent people because they have got
the purchasing capacity, they have got the capacity nearer to the
sources of availability because of their place in the society. This is how
the means of services is being unequally distributed between the
affluent and the weaker sections.

Only solution can be and will be to have a direct attack, a
massive attack on poverty and that is by making a proper production
to the institutional delivery system to reach the poorest of the Society.
How this delivery system is being done? When the institutional
finances are there, only the rich and affluent, who are having credit­
worthiness in the sector would get the benefit and the poorer sections
would be at a loss. That will deprive the weaker sections and the
institutional finances would be used for their betterment. There
should be an opportunity of credit between the various income groups
in the society.

Another general point is how our general public services like,
education, etc. are being used for educating a poor man’s child. A
poor man cannot afford to lose his services for educating his child. He
educates his child, in these days, he cannot sustain his family. So,
some sustenance allowance should be given. It is not a poorer feeding.
It is only an institutional credit system by which this credit is
extended to the poor man, who will re-pay back. The credit system
should be established and protected. These systems of delivery on
investable infrastructure and other public services, they should be
projectable to the sectoral needs to utilise for betterment of their
livelihood.

Regarding the agricultural production, Sir, “record quantity
of 4,029 tonnes of groundnut seeds were supplied to the farmers”. These
seeds, were distributed in a shocking way, I can say, without fear
of contradiction, that out of these 4,029 tonnes of groundnut seeds
not less than 3,000 tonnes are consumable groundnut which were
marketed as seeds. Is it the services that the Agriculture Department
is rendering. Is this the way that the Seed Development Corporation
is being promoting and protecting the seeds. I will read another para
at page 7.

“It is proposed to step up production of oil seeds and pulses,
through production and distribution of quality seeds, Demonstrations
and extension of cultivation to new irrigated areas and also to rice
fallow.” About new irrigated areas, there is stress but it is not yet
extended to old irrigated areas.
In regard to Animal Husbandry, it is said in page 8 as follows: "1,500 unemployed educated persons have been trained to take up dairying and 442 persons for taking up poultry farming". To promote poultry farming, we not only need training but also the infrastructure facilities. Because of non-availability of infrastructure and other facilities in the rural areas, these trained people are thrown in a corner only to fight themselves attracting sympathy.

In regard to power, I will read a sentence.- "Although electricity generated in the State increased during 1979 by 9.5 percent, it fell short of the original programme due to the low water level in the reservoirs, due to the failure of the monsoon and due to the unsatisfactory performance of two of the thermal units". It is a very pitiable situation. Last year, we were told that much more power could be produced. We call ourselves to be self-sufficient in power sector. We were told once and repeatedly that we are surplus in power position. But one drought year has created such a havoc and low levels in reservoirs has created short-fall, I remember that the Board has told that the 2 thermal sets are indigenous and they are performing in a very unsatisfactory level. I do not know whether these 2 sets are indigenous or imported. I think, technically one thing may be correct and practically another thing may be correct. Why proper forecast has not been done? What is that the Electricity Board is doing? It is the power sector that major chunk of the allotments in the Budget here in this year also. Is it because of mis-management we are paying for the senery cost of development project? I want to know what for we are approving this budget? I also want to know whether the development in power sector is commensurate with the amounts we are spending. The uncertainty of the power is the sole reason for misery and the torture for the agriculturists, industrialists and every-one in the walks of life. I do hope this would be corrected and this will not be an expenditure of mis-management and his will be the expenditure for the development in the power sector.

Thank you, Sir.

Sri N. Srinivasul Reddy, Mr. K. Kesava Rao (Legislators) and Sri K. Rajamullu former Minister, said at a news conference that the method and manner followed in the allotment of works to contractors was faulty. They said that their demand was supported by Mr. A. Sanjeeva Reddy, Congress (I) M.L.C. also. Many of these works were given only to a particular political group represented by the Revenue Minister Mr. N. Janardhana Reddy. If the truth should come out and the guilty be brought to book, only a central probe, preferably by the C. B. I. would be necessary.

We want to go to the spot and console ourselves.

है कि जब तक उन ग्रिंट में जो खेले न जाए, रह चलती नहीं हैं। ऐसी दशा में ले एंड एंड एंडर के समय योग्य किस नहीं समय पर पहुँच सकती है। और किन तरह हालत पर काबू पासकैंति है।

शिक्षा के सम्बन्ध में यह आपकी वृत्ति में दो चार बातें नाना चाहता हूँ। शिक्षा के सम्बन्ध में उन के जो एम एन एप है उनका यह विचार है कि हैदराबाद में अभी बड़े कार्यक्रम और महाविद्यालय है। यहाँ शिक्षा प्रचंड मिल सकती है। लेकिन यहाँ रहने वालों की बदनसभी यह है कि प्रायोगिक शिक्षा के लिये भी बड़ी कठिनाई का सामना करना पड़ता है। हमारे यहाँ जो प्रायोजन या हृदेर पाठ्यक्रम है, वह पिछले तीस साल के उसी दंग से चल रही है। न बहुत फर्नीचर है न तो इमारत है। और हृदेर नौरी राह धौगांवी नरकी कर रही है।

इस कार्यक्षेत्र हुम इस पर ध्यान नहीं दे रहें है। कहती है बांट की नीति और जल्दी जमीन पर बिठाकर शिक्षा देना चाहते हैं। नामपिली में दो कालेजें हैं एक तो नामपिली जूनयर कालेज और इसरा न्यू जूनयर कालेज। यह एक ज्यादा दिशापाल के बढ़ीय चल रहे हैं। एक मार्गांग सेवन चलता है और एक उद्धवत्ता सेवन चलता है। उद्धवत्ता की संख्या १०० है। जब एक ही दिशापाल ही के तहत दो कालेजें चलते हैं तो समाज में स्थायी प्रभाव का इसी प्रकार स्थापित होगा। यह समझता हूँ कि अगर यहाँ दो दिशापाल रहे जाए तो ढील होगा। एक और समस्ता मिशन स्कूल की है। हमारे कानून के अंतर्गत इस स्कूल में Scheduled Castes Backward Classes की प्रवेश के प्रारंभी मिलना चाहिए। लेकिन जिन्होंने भी मिशन स्कूल है वहाँ पर इस की ध्यान में सिलिसिते में नहीं रखा जाता। यहाँ Scheduled Castes Backward Classes भारत जानियों को प्रवेश नहीं मिलता। इस पर ध्यान देना जरूरी है।

हिन्दी के सम्बन्ध में है यह कहना चाहता हूँ कि हम यह चाहने हैं कि हमारे राज्य को सब लोग एक ही समय नामांक़। एक ही है। हमारी जो राज्य भाग्यवह उनकी उनकी के लिये लैंडस्कॉप फार्म लोय को मिलाने यह है। लेकिन इस फार्म के बावजूद भाग्य तक इस पर भ्रमण नहीं हुआ। और हमें हिन्दी को बढ़ावा देने के लिये कोई संस्था स्थापित की गई।

हिंदी के जो बीसे बाले है उसके जो चाहने बाले हैं। हमारे उनमें की पूरा करने के लिये बेंजेट में कोई पावनन नहीं रखा गया। हिंदी भाषा राज्य भाषा है। इसकी बढ़ावा देने के लिये और इसके लिये संस्था संख्या करने के लिये विशेष बेंजेट होना चाहिए। हैदराबाद बाल को दर्शन में बाल महत्व है। इसकी हिंदुस्तानी इंद्र दाबा कहा जाता है। जब ऐसा है तो हिंदी के प्रचार के लिये संस्था के लिये संस्था कीमत करना चाहिए, ताकि हैदराबाद से लेकर प्रमाण कुमारी तक इस का चार्ज तरह प्रचार हो। हिंदी की बढ़ावा देने के लिये हिंदी वृद्धिविशिष्ट स्थापित की जाए तो में समझता हूँ कि केवल हिंदी बोलने बाले ही नहीं बल्कि इसी भाषाय बोलने बालों को हिंदी सीखने में सहायता होगी। अगर ही तो यह एक विशिष्ट जनक कार्य होगा।
