Apart from Hyderabad, there is also a programme of Doordarshan to install a T.V. Transmitter at Kondapalli near Vijayawada. It is also been proposed by the State Government that Doordarshan may take preliminary steps for locating sets and Transmitters at Visakhapatnam and Tirupathi. In all probability, altitude considerations may be kept in view for installation of transmitters at Tirupathi and Hoselly Hills. What the Hon'ble member said, certainly will be kept in view while we do all these things.

Krishna Water at Undavalli to Guntur Municipality

S.N.Q. No. 5763 Q Sarvasri L. Eswar Rao, G. V. Anjaneya Sarma:—Will the Minister for Municipal Administration, Information and Public Relations be pleased to state:

(a) whether any scheme for water from River Krishna at Undavalli to Guntur Municipality is under the consideration of the Government;

(b) if so, the stage at which the matter stands; and

c) whether the Government will immediately undertake the same in view of coming summer months?

(2) S. N. Q. No. 5763 Q (Shri R. Ramachandran, Secretary, Department of Municipal Administration):

(2) (a) The scheme for Krishna water from Undavalli to Guntur Municipality is under the consideration of the Government.

(b) The scheme is at the planning stage.

(c) The Government will undertake the scheme immediately in view of the coming summer months.
Mr. Speaker:—That is a different question altogether.

Sri G. V. Anjaneya Sarma:—It arose out of the answer.

Mr. Speaker:—That is not the relevant question about rates and all that,
Smt. B. Sarojinipulla Reddy:—We are aware of the Hon'ble Member's agitated mind. I told you that they are capable of taking it up. We have all the intention of taking it up. We are as keen as the Member to solve the water problem.

Sri V. Shobanadreswara Rao:—She has categorically told that the scheme would be sent for technical sanction and approval of the Government of India and subsequently when Sri Anjaneya Sarma asked for same information she told that they would be sending the report to the Government. Is it not giving wrong information to the House?

Smt. B. Sarojini Pulla Reddy:—I have certainly no intention of misleading the House. It is not my nature. That is not viable. This is viable and we are sending it.

Mr. Speaker:—First scheme was not viable.

What the Member said also will be taken into consideration.

Collection of loans forcibly from the ryots of Warangal by Central Co-operative Bank.

I am forced to collect the money from the farmers, because the Government is forcing us to do so. The ryots are not willing to pay, and they are resisting. The Government is forcing us to collect, and it is causing a lot of trouble.

10:00 a.m.

Mr. [Name]—Honourable, Honorary Secretary of the Co-operative Bank, informed that the collection of loans has not been successful. The ryots are not paying, and it is causing a lot of trouble. He requested that the matter be discussed further.

Voting of Demands for Grants.

1979 was a year of fruitful achievements. Economic stagnation was averted. The government took several steps to stabilize the economy. Measures were taken to control inflation, and the government introduced a new tax system to reduce its fiscal deficit. The government also increased its spending on social welfare programs.

The government's budget for 1980-81 was presented on 5th March, 1980. It was aimed at promoting economic growth and reducing poverty. The budget was based on a balanced approach, with a focus on sustainable development.

Every education was under the control of the Government. Is it not the duty of the Government or the Panchayat Raj Department to give to the Teachers where we have opened schools in urban areas; we have given full staff, L.D.C., U. D. C. and chaprasis.
We are already aware of the new development on making a direct attack on the employees that the rural families are below the poverty line. They had been identified and helped to get over the poverty line.

Sri G.V. Anjaneya Sarma:—Mr. Speaker, Sir, while supporting the demands, I would like to bring to the notice of the Hon'ble Minister for Labour certain matters relating to the industrial relations. It can be seen from the note prepared by the Department that this department has to administer about 16 Acts, maintain industrial relations and also administer the Workmen's compensation, Industrial Housing, Inspection of Factories, so on and so forth. I want to ask the Hon'ble Minister whether his department has got sufficient personnel and resources to tackle the tasks entrusted to the department. In my opinion, it is absolutely inadequate. The department has neither personnel nor the resources. Even the wing at the Secretariat is inadequate. The personnel strength at Secretariat is inadequate. The budgetary allocation is hopelessly poor. Unless it is improved, there is no satisfactory functioning of the Department. Apart from that even the existing posts were not filled in. When there are

11-10 a.m.
Voting of Demands for Grants.

2 Joint Labour Commissioners posts, you are not in a position to fill them up. Even the Assistant Commissioners' posts at district level numbering 16 are unfilled. All these things of inadequacy of the personnel should be seen by the Government and adequate steps be taken for proper functioning of the department.

There is a great crisis facing the working class in Tobacco industry in the State of Andhra Pradesh. The Tobacco industry employees are not less than 3 lakhs. The implementation part of the minimum wage in this industry is far from satisfactory and it is a recognised fact that 80% of the employers are showing false wage registers. They pay less than the minimum wage and take the receipts for higher amounts. Thus, the employees or workers are deprived of the minimum wages. The Income Tax authorities are also deprived of their legitimate revenues. I request you to get the payment of Wages Act suitably amended. Wherever the Government directs, all employers of that particular industry should get the wages distributed through Banks by way of Cheques. There is an enabling provision and it must be made obligatory. So, by setting an amendment to the Act, we can do this without any trouble. Some Crushing Plants are being introduced in the Tobacco industry. If they are introduced, lakhs of people would be thrown out of jobs, and it would be a problem to the Government of Andhra Pradesh. One Plant has been installed and 2 more Plants have been sanctioned and when they are installed, it will create a social problem when lakhs of workers would be thrown out of their jobs.

Another point, Sir that the adjudication machinery is far from satisfactory, Mr. Gajendragadkar has gone into this matter and recommended 6 years back for creation of industrial relations commission to solve the industrial disputes, restore confidence among the employees and for maintaining good and peaceful relationship between the employers and the employees. This has to be taken into consideration.

Regarding the House sites the previous Government has done a lot to make the Land Acquisition Act simple. But still, there is lot to be done. There is no need for the Government to wait to know the eligible house-less people for whom the house-sites should be allotted. The Government itself can survey in a systematic manner and allot house sites to the houseless people simultaneously paying proper compensation.

The distribution of house-sites should be done in a fast and systematic manner. They can have the specific targets of number of villages and the time of certain months and can cover each taluk.
Within these limits they should be in a position to solve the problem to the satisfaction of the people. There are still certain cases pending without finalisation of the compensation, etc. for the last so many years. The cases are unsettled because of some technical reasons and procedural difficulties. There is a lot of public dissatisfaction over these affairs and the Government should come forward to solve the problems. With these few words, I resume my seat. Thank you, Sir.

(Translation in English)

The inaugural session of the budgetary process for 1980-81 has been initiated. The budgetary process involves the allocation of funds for various sectors. The key budgetary demands include education, health, infrastructure, and social welfare. The process is crucial for ensuring effective allocation of resources.

During the budget session, the demands are scrutinized and discussions are held to ensure that the funds are allocated efficiently. The budgetary process is a vital tool for the government to prioritize its expenditures.

The budgetary demands are evaluated based on various criteria, including the need for the projects, the anticipated impact, and the availability of funds. The process is not only about allocating funds but also about ensuring transparency and accountability.

The budgetary demands are discussed in detail, and the representatives from various parties present their views to ensure that the budget is inclusive and reflective of the needs of the people. The government is committed to ensuring that the budgetary demands are transparent and that the funds are used for the intended purposes.

The budgetary process is a dynamic and evolving one, and the government is always looking for ways to improve it. The budgetary demands are reviewed annually, and the government is always on the lookout for new ideas and proposals to ensure that the budgetary process is effective and efficient.

Annual Financial Statement (Budget) for 1980-81:
Voting of Demands for Grants.

rahurama 5th March, 1980. 

In the Annual Financial Statement (Budget) for 1980-81, the vote of demands for grants is discussed. The statement mentions that the grants have been allocated for various purposes, and the amounts have been approved by the committee. The statement also emphasizes the importance of budgeting for future years to ensure the smooth functioning of government departments.

The statement highlights the need for careful planning and allocation of funds for the upcoming fiscal year. It is important to have a clear understanding of the financial requirements of different departments and to ensure that the funds are allocated accordingly.

The statement concludes by emphasizing the importance of transparency and accountability in the allocation of funds. It is essential to ensure that the funds are used for their intended purposes and that the outcomes are measured and evaluated.

Annual Financial Statement (Budget) 5th March, 1980

for 1980-81.

Voting of Demands for Grants.

The Hon'ble President of the House,

Dr. B. S. Nagamohan

In the premises,

I have the honour to submit the Annual Financial Statement for the year 1980-81. The Budget for the year 1980-81 is as follows:

A. Revenue

1. Revenue from Operation of Departments
   - Media
   - Medical
   - Education
   - Social Welfare

2. Non-Revenue

B. Capital

1. Capital Grants
   - Educational
   - Housing

The said amount is necessary for the proper functioning of the Department and is required for the year 1980-81. The Department respectfully submits this for your consideration.

On the 5th March, 1980, the House met at 11-00 a.m. 

Mr. Speaker (Addressing Members) — Madam, Sir, the publication of the Annual Financial Statement (Budget) for the year 1980-81 is the first item on the Agenda before us. This financial statement is the outcome of long and intricate discussions in the Finance Department and the Ministry of Finance. It is the result of careful planning and analysis of the financial requirements of the country. The statement reflects the Government's policy towards economic development and social welfare.

The financial year 1980-81 is a challenging one for the country. The Government has to overcome the problems of inflation, unemployment, and under-development. The financial statement is designed to meet these challenges and to lay a solid foundation for future growth.

The financial statement is comprehensive and covers all aspects of the country's financial activities. It includes details of revenue, expenditure, and foreign exchange transactions. The budget is presented in a clear and concise manner, making it easy for Members to understand and discuss.

The Government is committed to achieving its development objectives. The financial statement is a blueprint for achieving these objectives. The Members are requested to study the statement carefully and provide their inputs and suggestions for the betterment of the country.

The House is requested to approve the financial statement and proceed with the legislative process.

The House, therefore, resolves that the Annual Financial Statement (Budget) for 1980-81 be approved and the Members are requested to move the necessary resolution in this regard.

This concludes the discussion on the Annual Financial Statement (Budget) for 1980-81. The House is requested to move the necessary resolution in this regard.

The assistance to be provided is Rs. 200 by way of cash towards building materials and Rs. 200 as foodgrains towards the labour component. In addition to them, about Rs. 1000 is being provided on each plot for levelling in delta districts and another Rs. 700 for household to provide services.

(Mr. Deputy Speaker in the Chair)

Sri Samara Simha Reddy (Gadwal) — Sir, while agreeing with the views expressed by the Hon’ble Members from the Treasury Benches in supporting the Demands presented by the Ministers, I would first take up the Demand of the Panchayat Raj Department.

I congratulate the Hon’ble Minister for his tactful and effective handling of the Panchayat Raj Department, more particularly with regard to the implementation of the Food-for-Work Programme. But there has been certain shortcomings in this also particularly with regard to the allotments for the foodgrains. Now, they are being
processed through the Collectors. As has been expressed by the other Hon'ble Members if it is to be spent directly by the Samithis, it would be effectively dealt with and people will have lot of hopes of getting the foodgrains. I request the Hon'ble Minister to consider this aspect.

Sir, with regard to Protected Water Supply Schemes, my Constituency, Gagwal is a chronic drought-proned area. But no concrete steps have been taken for providing protected water supply scheme in our Constituency. I request the Hon'ble Minister to consider taking up of the protected water supply schemes in the drought-proned areas.

With regard to reformation of Panchayat Samithis and co-termination with taluks, it has been received very well and welcomed by one and all in the State. The critics of the formation of new Samithis to be co-terminus with taluks have been trying to hot and cold simultaneously. Though they in their heart of hearts very much like it and though it was done with their consensus, they have been criticizing. They must either blow hot or cold, but not both. Taking into consideration the totality of the circumstances, it is a very good move and it is being welcomed by one and all.

With regard to land revenue, it must come under the purview of the Panchayat Raj Bodies. This is also under the consideration of the Government since a long time but no legislation has been made to that effect. Expeditious action has to be taken in this matter.

In regard to Housing Department, Sir, the Hon'ble Minister has given a detailed note with regard to amounts provided for weaker sections for housing schemes. Under his stewardship, the Department has been doing very well. The money allocated to weaker section housing scheme is Rs. 200 by way of cash and Rs. 200 by way of food-grains, which is insufficient for construction programme. I request the Hon'ble Minister to pay the entire amount of Rs. 400 by way of cash or enhance the present cash payment from Rs. 200 to 400 to really help them in construction of a pucca house to the extent possible. This will help the poor people.

With regard to handloom weavers, about 5 years before, there was a proposal before the Government that the handloom workers must also be treated on par with the industrial labour. If they are to be treated like that, there is a provision for getting a Central Government subsidy of 25% which could be made available for handloom workers also. Hon'ble Minister must consider this aspect. Most of the sarees are being exported to America, U.S.S.R. and England. But the plight of the handloom workers are miserable. Most of them work under Master Weavers. No proper salaries and wages are paid to
them. Some action should be taken in this regard. If they come under the purview of the Labour and Employment Department, 25% Central Government subsidy could be availed of by the handloom workers.

It is a well known fact that most of the Central Government undertakings which are located in our State are not recruiting the local people. The people at the helm of affairs are responsible for this and this has been creating lot of difficulties. With regard to recruitment, it is the unanimous opinion among the people that the people recruited to either the Central Government Undertaking or the State Government Undertaking, they must be from the State and preference must be given to the persons from Andhra Pradesh. The people to man the personnel departments and the establishment departments of the Public Undertakings must be the local people.

With regard to Employment Exchanges, I submit that they are not functioning effectively and mostly they are not following the seniority lists which are before them. They are sending those people who approach them with influence and as per their whims and fancies, they are sending the lists ....

Sri G. Venkataswamy —That is not correct, Sir. When the Member has collected this information? For the last 1½ years, all the Employment Exchanges are functioning well as per the strict seniorities. There are no complaints. If there is any specific latest information, let him furnish the information Sir. I will take action within 24 hours.

Sri Samara Simha Reddy —I will certainly give the information, Sir.

About the allocation of funds for the Repatriates from Burma and other places, I want to say that the Union Government should bear the entire expenditure on them. It may also be beneficial for the State with regard to meeting of the expenditure on refugees. Efforts may also be made for starting some more industries so that the local people may be benefited.

Thank you, Sir.
