Master plan for Improvement of Public Libraries

5242 Q-Sri B. Rama Subba Reddy (Kanigiri) - Will the Minister for Tourism, Women and Child Welfare be pleased to state:

(a) whether it is a fact that a master-plan has been worked out for the improvement of Public Libraries in the State; and

(b) if so, the details of the said plan?
Oral Answers to Questions.

Mr. Rama Reddy:—As I have already mentioned, out of the budget allotted, 85% goes for maintaining the staff. Hardly nothing is left for purchase of books for the Library. The question of opening new libraries is also there. We are anxious to open new libraries. We have taken away all the Grandhalaya Samsthas and even contingent staff were paid for the last year. Another point is whenever a New Library is started, they insist on employing new staff and there the difficulty arises. Wherever they can have libraries adjusting with the available staff, there is no problem. If they have voluntary staff, there is no problem. In regard to having new staff only we are having difficulties i.e. ban on appointment, etc. However, we will look into the matter after the Committee Report is given.

The Survey Nos. 284/4 to 9 are found to be patta lands in the name of Smt. Fatima Begum, as verified from the Revenue Records ever since the formation of the Taluq Office from 1950 to 1978. Since the above S. No. is not Government Poramboke land, the question of granting Patta to any one under assignment rules does not arise.

(b) Since the Survey Nos. 284/4 to 9 is not Government land, the question of issuing patta certificates to landless poor does not arise.

Matter Under Rule 329:

re: Shifting of design development and processing division of IDPL from Hyderabad to Gurgaon.

Sri S. Jaipal Reddy:—As Mr. Srinivasul Reddy has rightly pointed out, this matter was raised in the House earlier and the Chief Minister was good enough to write to the Government of India and the then Minister, Sri Bahuguna was also good enough to assure the Government and the then Members of Parliament that it would not be shifted, but the management of the I.D.P.L. is shifting it irrespective of the wishes of the Minister concerned. They have been making continuous attempts to do this. The order shifting 13 engineers is an integral part of the attempt to shift the division. Earlier the idea was to shift this division and keep some other industry by name UNIDO but that particular industry also has now been cancelled. The proposed shifting would involve the difficulties of 250 Andhra Pradesh engineers. There is an urgent necessity for the Government of Andhra Pradesh to write to the Government of India and to the Prime Minister of India and obtain a formal assurance that this division will not be shifted.

Matters Under Rule 329:

re: Entering of Assistant Commissioner of Police into the room of Sri Janardhanreddy M.L.A at New MLAs Hostel.

Mr. Speaker:—Yours also is a presumption. It is not a question of personal opinion. The Chief Minister has taken the responsibility. Definitely it is not being shifted.

Dr M. Chenna Reddy: —You would also see that nothing is very assertive or definite or indicative.

Matters Under Rule 329:
re: Entering of Asst. Commissioner of Police into the room of Sri Janardhanreddy MLA at New MLAs’ Hostel.

On 3rd March, the Assistant Commissioner of Police entered my room in New M.L As Hostel and took into custody Vijay Kumar. I want to move this question if I am permitted....” That is what the notice says.

Sri Vijay Kumar son of Agamaiah, Khairatabad is the principal accused in Criminal Case No. 76/80 under Sections 147, 337 and 324 I.P.C. of Saltabad Police Station in which he was involved in the
Stabbing of a constable on duty. He had been absconding since the date of the incident. On the basis of information received about the accused in the said case, the Sub-Inspector of Police, Saifabad surprised Room No. 2 of the new M.L.As Quarters at 11-30 a.m. on 3—3—80 and arrested the said accused. The room was open at the time of arrest and besides the accused, some other persons were also present at that time in the room. The Police exercised the inherent power vested in them under sections 46 and 47 Cr.P.C. to arrest the accused persons in cognisable offences. The Sub-Inspector of Police tried to contact the Secretary, Legislature Department and the Warden of the New M.L.As Hostel to take prior permission for the arrest of the accused from the premises. He could not readily get in touch with both of them. Suspecting that the accused may run away if there was delay in arresting him he arrested the accused and informed Secretary Legislature immediately thereafter.
Matters Under Rule 329:
*re: Entering of Asst. Commissioner of Police into the room of Sri Janardhan Reddy, MLA at New MLA’s Hostel.*

The Sub Inspector of Police tried to contact the Secretary but could not reach him, nor the MLA. The Sub Inspector was given a meeting with the Secretary and the MLA and was asked to report back to the Commissioner of Police.

He tried to contact the Secretary, Legislature and Warden of the New MLA's Hostel to take prior permission for arrest of the accused. He could not readily get in touch with both of them. Suspecting that the accused may run away if there was delay in arresting him, the Sub-Inspector arrested him.

They have no right even to ask for it - whether we are going to mention in the House or not.
Mr. Speaker: — I will take it up with the Commissioner.

Mr. Speaker: — I will take it up with the Commissioner and ascertain facts and will come to a conclusion.
Matters Under Rule 329:

re: Entering of Assistant Commissioner of Police into the room of Sri Janaruhan Reddy, MLA at New MLA’s Hostel.

It is well established. Hostel premises also includes Assembly premises.

Mr. Speaker: I require a notice from the Member.

Mr. Speaker:— I require a notice for that.

Sri B. Machinder Rao:— As per Rules notice is not necessary.

It has arisen during the course of the discussion.

Matters Under Rule 329:
re: Entering of Assistant Commissioner of Police into the room of Sri Janardhan Reddy MLA as New MLA’s Hostel.

Sri S. Jaipal Reddy:—Under Rule 171 last para—“provided further that the Speaker may, if he is satisfied about the urgency of the matter, allow a question of privilege to be raised at any time during the course of a sitting after the disposal of questions”.

Mr. Speaker:—If he is satisfied about the urgency of the matter.

Sri M. Venkaiah Naidu:—We are trying to satisfy you.

Mr. Speaker:—The very fact that I want a notice means that I am not satisfied with the urgency of the matter.

Sri S. Jaipal Reddy:—There are a number of ways for satisfying the speaker. The Speaker may be very hard to be satisfied. But, the point is, whether there is urgency or not we must try to satisfy you. Our own view is, in the process of discussion on the motion, it became clear that the City Police Commissioner tried to prevent one of the Members of the House from discharging his duty. It is a very serious matter. This came to the notice of the House in the process of discussion on a certain motion. Nothing is more important; nothing is more grave; nothing is more urgent than this. This is our submission. Therefore, under Rule 171, the Speaker can take it up at any time.

Mr. Speaker:—You only asked him to put it in writing.

Sri S. Jaipal Reddy:—I would like to draw some delicate distinction. The point is discussion on the privilege motion is not the same as admission. Admission of the Privilege is not the same as conviction by Privilege Committee. We are at the stage of pleading for admission. If the Speaker in his plenitude of wisdom deems it fit to admit the motion, it is not same as conviction. Therefore, when the Hon. Member........
Matters Under Rule 329:

6th March, 1980

Mr. Speaker:—He is only trying to divert the subject.

Mr. Speaker:—Why do you prolong it. When once I have closed the discussion, there is an end to it.

Sri M. Venkaiah Naidu:—We are talking about the privilege motion, but the Hon’ble Minister spoke about the entry into legislators’ quarters. We are not discussing it.

Mr. Speaker:—I have closed that matter.

Sri M. Venkaiah Naidu:—How the Education Minister raised it

Mr. Speaker:—He wanted to clarify.

(Interruption)

Mr. Speaker:—I have said that it is closed, otherwise I cannot carry on like this.

Sri M. Venkaiah Naidu:—I am trying to bring a fact to your notice. Moreover, you have held that the discussion was over.

Mr. Speaker:—I am not allowing anything.

(Interruptions)
Mr. Speaker: I am repeatedly asking you to resume your seat. There is no question for any discussion.

Sri M. Venkaiah Naidu: The whole spirit of the earlier statement has gone by the Minister’s comments.

Mr. Speaker: I am neither considering his comments nor your comment.

Sri M. Venkaiah Naidu: The Hon’ble Minister’s comment has diverted the entire discussion that has taken place in this House. When bombs were thrown on Mr. Omkar, they made a police report.

Mr. Speaker: I am not allowing any Member to speak.

Sri M. Venkaiah Naidu: Then you expunge the remarks of the Education Minister.

[Interruptions]

Sri M. Venkaiah Naidu: If there is no protection for the Members, why should we sit in the House. We have either to walk out or to talk out. If you do not allow us to talk out, the only alternative is to walk out.

Mr. Speaker: You don’t walk out. You please resume your seat.

I appreciate the statement of the Chief Minister, which is fulfilling the very spirit of the discussion that has taken place in this House. It is killing the very spirit of the discussion.

ley have taken up some developmental and construction works. They have taken up the works of Vanasthalipuram, Ramachandrapuram, market complex at Tarandaka. Some works could not be started since those schemes had to be financed by the State Government. The State Government has gone back. Originally, for the Urban Development schemes, 1/3rd has to be financed by the Central Government and 2/3rd by the State Government. The State Government has yet to give funds providing huts schemes. They went back. For the development of Old City, Rs. 2 crores have to be given. When the funds are not provided, how can we improve our Old City? How can we complete the works at Vanasthalipuram, Ramachandrapuram and Tarandaka? It requires Rs. 324.17 lakhs. Only the funds to the extent of Rs. 214 lakhs were released and yet Rs. 109 lakhs have to be released. Under the Urban Development Scheme, the Ring Road is also there and the funds have to be released by the State Government. Rs. 125 lakhs have been released and Rs. 245 lakhs are yet to be released. For the Old City development Rs. 2 crores are yet to be given. As a matter of fact, the Old City has to be developed. We have asked for Rs. 2 crores and you are one of the City Legislators and we met the Chief Minister in this regard and he assured that every Constituency in the Twin Cities would be developed and funds would be allotted. The works are in progress. But they have not sanctioned the required amounts. The bills are pending. Hence, I request you to take up the matter seriously and sanction the required amounts. The City has to be developed a lot. The under-ground Drainage is essential for the Twin Cities. Without that, how much inconvenience is caused to the public?

So, I request the State Government to implement the Urban Development Schemes and to beautify the City. Thank you, Sir.

Mr. Speaker:—Now, the Minister for Relief and Rehabilitation would reply to the debate.

Shri Ahmed Sheriff:—Mr. Speaker, Sir, on Relief and Rehabilitation Demand, only 2 Members spoke. Mr. Samarasimha Reddy wanted to know about the amounts spent by the Government. We are spending the money on the schemes of the Central Government and they are also advancing the money. Whatever amount we spend, it is going to be reimbursed. Taking advantage of the situation, we are trying to rehabilitate them. We have established so many industries. This time, we have taken half a dozen cooperative spinning mills. We have established them in Kurnool, Prakasam, Nellore and Chittoor.

districts. Most probably we will be able to start them by the end of this financial year. The work is in progress.

Mr. N.S.N. Reddy raised a point about the recovery of the loan. The loans are advanced in order to rehabilitate them. The instructions from the Central Government are that we should not adopt coercive measures to get back the loan. But, we are collecting the money without any difficulty.

With regard to absorption in the factories, to the extent of 50%, we are rehabilitating the repatriates. We are absorbing the local unemployed people. We are also not giving cash directly to them. Most of the monies are given for construction of houses. We are giving the amounts to the Collectors, HUDA and other agencies for construction of houses. But for the purpose of establishing any business, we have to give them the money in cash. We also proposed to deposit some amounts in the Bank. But they have agitated and denied to accept this proposal. With all care, we are giving these amounts directly to the people who are going to establish business.

With regard to administration of rehabilitation of Repatriates and Sharanardhrs from East Pakistan, it is going on very well and there are no complaints in this regard.

Two gentlemen also spoke about the Wakf Board. Of course it was in a very bad condition when we have taken it over. We have taken several measures to improve the affairs of the Board and we are trying to reform it. We are re-organizing the entire Wakf Board and all the lapses would be rectified and we hope with the cooperation of our local people and Muslims, we will be able to reform it very well.

Thank you, Sir.

Mr. Speaker.—Now, Sri M. Baga Reddy would reply on the demand of Community Development.

Voting of Demands for Grants.

This is a major policy decision that has been taken not only to provide the much-needed water supply in rural areas but also to make the people participate in the major projects undertaken by this Government. A blueprint has been prepared for a programme for further improving the water supply at cost of Rs. 625 crores and a preliminary report is placed before the World Bank; even the administrative structure will be raised if necessary to fulfill the conditions of the World Bank. Our country's programme on account of this will be placed before the United Nations in September, this year. We are participating in the International Conference on Drinking Water and Sanitation starting in 1981. Andhra Pradesh occupies a very important place in the whole structure.

Regarding pollution it is agitating everybody and all of us are being agitated by that problem.

Voting of Demands for Grants:

Government have specifically issued instructions to all the Municipalities to take up works on emergent basis for providing water in scarcity areas. The water supply position in all the municipalities has been reviewed. Government have released Rs. 4 lakhs in the particular case and the position will be reviewed from time to time during this summer.

This Government-Indira Gandhi's Government, Dr. Chenna Reddy's Government is committed for democracy; we want democracy to be developed at grass roots. We have seen the recent mandate of the people and whom they have voted for. The Opposition may say it is only 30% or whatever percentage it may be. There is the people's mandate and Indira Gandhi is a unique leader in this entire world. We have seen a massive victory for her and that is what I want to remind the hon. Members.

My head hangs in shame.

All aspects have been taken into account. We got 4 TMC in the Godavari Award and for meeting our future needs, we are investigating a scheme to bring water at Lower Manair Dam. I assure the House and seek the co-operation of members in this regard. I have explained all the details and I have nothing more to add.

That occupies a very important place in our heart and in our programmes. Every one in the administration including the Secretaries to Government are on duty for all the 24 hours. The same is the case with the Chief Engineer, Public Health. They are doing like machines; like committed politicians. I am proud of the entire Department which is taking keen interest. How to improve the resources of Municipalities is an important issue. After all, people who have been elected by the people they know the responsibility towards the people. I am more than aware; I am

more than conscious. I appreciate that point. Certainly it will be taken into consideration. We will examine that issue.

Mr. Deputy Speaker:—They do not allow the slums to come up.
Sri B. Machinder Rao:—Every day they are coming up.

Mr. Deputy Speaker:—Do you want one more board to be added
Sri B. Machinder Rao:—Every day they are increasing. While the Urban Development Authority or some other authority is rejecting permission, the Government is according permission.

Mr. Deputy Speaker:—She will reply.

Smt. B. Sarojini Pulla Reddy:—Sir, there is no political motive. I have said scriptures and day to day behaviour go hand in hand as far as Indians are concerned. He is also a part of this country, so he should be aware of it.

Sri B. Machindra Rao:—Is there any proposal with the Government to create slum clearance or slum development board because slums are coming in your constituency and in my constituency?

Smt. B. Sarojini Pulla Reddy:—Sir, we appreciate his anxiety?

Sri N.S.N. Reddy:—But nothing has been done.

Smt. B. Sarojini Pulla Reddy:—It is hardly 2, 3 days.

We have said. That would certainly satisfy him. It is hardly 2, 3 days. Specific commitment has been given. Once we give Commitment, we will stand by it. He is also a party to it. He is only drawing our attention.

It is misleading the House. Maharashtra, Karnataka and Tamil Nadu are highly industrialised States while Andhra Pradesh is an agricultural State. Here Minister has to explain other things also. He wants to show the Department in an extremely favourable light.
