Annual Financial Statement (Budget) for 1980-81:

Voting of Demands for Grants:

THE ANDHRA PRADESH LEGISLATIVE ASSEMBLY

PRINCIPAL OFFICERS

Speaker: Sri D. Kondaiah Chowdary.

Deputy Speaker: Sri K. Prabhakar Reddy.

6. Sri K. B. Siddaiah

Secretary: Sri E. Sadasiva Reddy.

Joint Secretary: Sri D. L. Narasimham.

Deputy Secretary: Sri M. Ramanadha Sastry.

Assistant Secretaries: 1. Sri S. Purnananda Sastry.
4. Sri M. Viswanatham.
5. Sri J. V. Ramana Murthy.

Chief Reporter: Sri Habeeb Abdur Rahman.
Expansion of Hospitals in Revenue Divisional Headquarters

265—

*5359 Q.—Sri Poola Subbaiah (Markapur):—Will the Minister for Health and Medical be pleased to state :

(a) whether the State Government has decided to expand the hospitals in Revenue Divisional Headquarters in the State into 50 bedded Hospitals;

(b) if so, whether the hospital at Markapur is included in that category; and

(c) budgetary allocation is made for the same?

(Minister for Medical and Health):—Sri A. Madan Mohan

(a) No, Sir.

(b) and (c) Do not arise.

*An asterisk before the name indicates confirmation by the Member.

J. No. 89 (523)
Mr. Speaker:—That is what he is explaining.

Mr. Speaker:—Yes. When the proposal of the Department is accepted by the Government. It will become a Government decision and G.O. would be issued.
Mr. Speaker:—The Minister has already answered. If you want any further clarifications......

Then it will become a policy of the Government. It will become the decision of the Government.

Sri A Madan Mohan:—During the Demands, I made it clear that we are to take up the programme at Taluk and Revenue Divisional Headquarters. Within the available budget, it is not just possible and that is why I have submitted before this August House that we are thinking and I have already asked the Department to prepare the proposals to take them up as a crash programme. They will be placed before the Cabinet. Once it was approved by the Cabinet.

Sri M Venkaiah Naidu:—Sir, about Vinjamur Hospital. There is no hospital in Vinjamur.
Q.—Sri B. Sreerama Murthy (Paravada) :—Will the Minister for Finance and Planning and Sugar Industries be pleased to state :

(a) whether a copy of Annual Plan (for 1979-80) of the Sixth Five Year Plan, will be placed on the Table of the House ; and

(b) the salient features of the same?

Salient Features in the Sixth Five Year Plan

266—
ANNUAL PLAN FOR 1979-80
(Salient Features)

The outlay on the Annual Plan for 1979-80 included in the budget is Rs. 450.00 crores. The outlay on the Annual Plan for 1979-80 approved by the Planning Commission is Rs. 421.50 crores. Subsequently two contingencies arose in the State which necessitated a review of the current years Plan. Firstly as a result of the severe cyclone that affected the State, the State had to spend large amounts for providing relief to the cyclone victims. Secondly as a result of the decision of the National Development Council, certain schemes have been deleted from the Centrally Sponsored category and one of the schemes have been transferred to the category for which only 50% central assistance will be forthcoming. To provide for such of the schemes which are considered essential, suitable provision had to be made in the State's Annual Plan for 1979-80, having regard to these contingencies, the allocations for the Plan for 1979-80 have been revised. In addition to this, it has become necessary to increase the outlay for Sriramabasagar Project as also for certain other schemes. Taking all these changes into account the revised outlay for 1979-80 comes to Rs. 450.83 crores. The following table will indicate the allocations in 1978-79, the outlays originally made in the budget for 1979-80 and the outlay now provided.

The outlay envisaged in the revised budget for 1978-79 is Rs. 475.00 crores. Since recommendations of the 7th Finance Commission became operative from 1979-80, the schemes started in the original 5th Plan have become committed from 1979-80 onwards have been shown under Non Plan. A total outlay of Rs. 29.00 crores on the committed schemes have been provided in 1979-80. In the discussion on the finalisation of the plan for 1979-80 held with the Planning Commission, it was agreed that the outlay on the States Plan in 1979-80 should not in any case be less than the approved outlay. In 1978-79 taking both the plan provisions and the provisions made for committed expenditure together. In the budget for 1979-80 a total outlay of Rs. 450.00 crores has been provided. Besides this, under committed expenditure a sum of Rs. 29.00 crores has been provided. On a comparable basis, the outlay in 1979-80 will be about Rs. 479.00 crores as against the revised outlay of Rs. 475.00 crores in 1978-79.

Despite our attempt to re-orient the priorities, the major allocations in the Plan have still to continue to be for Irrigation and power because of spill over commitments. The total allocation for Power in the revised Plan is Rs. 151.83 crores, while for Major and Medium Irrigation it is Rs. 136.56 crores. The allocation for Agriculture and Allied sectors is Rs. 54.70 crores for Transport and Communications Rs 28.98 crores for Industries and Minerals Rs. 11.47 crores and for Social and Community Services Rs. 65.47 crores.
Some of the important features and the physical* programme envisaged under the major sectors of the economy in Annual Plan for 1979-80 are briefly outlined in the following paragraphs:

Agriculture:

Due to favourable seasonal conditions and intensive efforts put in by the Dept. the area under all the foodgrains crops excepting Ragi, Korra, Varagu and Bengalgram increased during 1978-79 compared to the previous year. The total area under foodgrains crops 1978-79 was 96.51 lakhs hectares compared to 92.55 lakhs hectares during 1977-78. The foodgrains production during 1978-79 was a record 105.67 lakh tonnes as against 89.85 lakh tonnes in 1977-78. However, during 1979-80 the seasonal conditions were generally unsatisfactory and many parts of the State experienced severe drought conditions due to the failure of the South-West monsoon. The position improved a little with the rains received in September, 1979 but the overall agricultural production in the State in 1979-80 has still been affected by conditions of drought. The preliminary estimates of production of principal crops indicate that foodgrains production during 1979-80 might be of the order of 90.00 lakh tonnes. An extent of 25.03 lakh hectares was covered in the state under high yielding varieties during 1978-79. The target fixed for 1978-79 under this programme is Rs.26.00 lakhs hectares. Nitrogenous fertilisers to the extent of 4.01 lakh tonnes were distributed in 1978-79 it is proposed to distribute 4.70 lakh tonnes of Nitrogenous fertilisers, 1.85 lakh tonnes of Phosphatic fertilisers and 0.55 lakh tonnes of Potassic fertilisers.

Minor Irrigation:

The allotment for Minor Irrigation in 1979-80 is Rs. 925.88 lakhs. Of this, Rs. 680.26 lakhs is for Chief Engineer (Minor Irrigation) and Rs. 200.00 lakhs is towards contribution to the Andhra Pradesh Irrigation Development Corporation and Rs. 32.00 lakhs for Ground Water Department. Through the schemes executed by the Chief Engineer (P. W. D.), it is proposed to create an irrigation potential of 6,350 hectares in 1979-80 while through the programmes of the Andhra Pradesh Irrigation Development Corporation an additional irrigation potential of 114,034 hectares under Lift Irrigation schemes and 12,961 hectares under Tube-Well schemes is proposed to be created. With this the total irrigation potential to be created under Minor Irrigation programmes during 1979-80 will be 33,345 hectares.

Area Development Programme:

This programme was initiated in 1974-75. The Command Area Development Programme has helped to utilise the newly created resources of irrigation to the maximum benefit to the farmer in the
shortest possible time. The Command Area Development project is necessary for the actual and efficient use of water and the mainte-
nance of flows to each outlet. It helps to develop field channels with the full participation of the farmer. It takes care of drainage and minimizes conveyance, distribution and field losses of water. Its approach also helps proper land development in each command area as a single unit for land and water management. Loans are also provided to the farmers for development of the land under the scheme. The project approach also helps to get the necessary inputs and require for crop production. The project also co-ordinates the activities of the farmers like livestock, inland fisheries and crop production. It creates the necessary communication systems like roads, marketing and warehousing facilities. The outlay provided for Command Area Development in the current year is Rs. 6.74 crores as against Rs. 5.03 crores provided in 1978-79. The Command Area Development programme is one of the projects for which World Bank loan assistance is available. The loan agreement entered into which the World Bank envisages the following action:

(a) Systematic land development in the four selected commands of Nagarjunasagar Project Right Canals, Nagarjuna-sagar Project Left Canals, Sri Ramsagar and Tungabhadra Projects.

(b) Nagarjunasagar Project road programme to a length of 1,575 k.m.s.;

(c) Intensive agricultural extension programme in an area of 10.64 lakh hectares.

Under the Nagarjunasagar ayacut road programme, the programme for rehabilitation of the existing W.B.M. roads has been taken up and of the 631 k.m.s to be rehabilitated, work on 200 k.m.s has been completed by March, 1979 and a further 200 k.m.s are scheduled to be completed by March, 1980. Out of the allotment of Rs 6.75 crores, as much as, Rs. 2.75 crores is for the road programme in ayacut areas. Under the intensive agricultural extension programme the new extension methodology known as training and visits system, has been introduced to educate the farmers in modern agricultural technology. This programme is proposed to be taken up over an area of 10.64 lakh hectares in a phased manner over a period of 5 years, commencing from 1976-77. So far an extent of 8.29 lakh hectares has been covered.

Animal Husbandry:

The allotment made for Animal Husbandry in the revised Plan is Rs. 91.45 lakhs. The aim of the Animal Husbandry programme is
to expand animal welfare activities in the rural areas with the ultimate objective of increasing the production of utilities in rural areas. The accent under Animal Husbandry is on the provision of Extension Facilities and on Improvement in existing stock of cattle. As a result of implementation of cattle development programmes, the milk production is expected to increase from 21.6 lakh tonnes in 1978-79 to 22.60 tonnes in 1979-80. Egg production will also increase from 1,000 million in 1978-79 to 1,080 million in 1979-80.

Fisheries:

As against the allotment of Rs. 1.85 crores in 1978-79, the allotment in 1979-80 has been raised to Rs. 2.00 crores. This is mainly intended to meet the State's share for the Integrated Marine Project, being implemented with World Bank for financial assistance. The production from inland fisheries is expected to go up from 1.1 lakh tonnes in 1978-79 to 1.40 lakh tonnes while in marine fisheries production will go up from 62,000 tonnes to 1.82 lakh tonnes in the current year.

The outlay provided for Rural Development Programme is Rs. 16.82 crores. This programme consists of Drought-Prone Area Programme, Small Farmers Development Agency and Integration Rural Development Programmes. The details of this outlays made are discussed below:

Drought-Prone Area Programme:

An amount of Rs. 625.00 lakhs has been provided in the annual plan for 1979-80 towards the State's share of the outlay on the Drought Prone Area Programme. The physical targets fixed for 1979-80 include coverage of 33,587 hectares under soil conservation operations and 1.98 lakh hectares under improved agricultural practices (consisting of 0.66 lakh hectares of irrigated area and 1.12 lakh hectares of dry land), development of 8,857 hectares of irrigation potential under surface minor irrigation works and 4,475 hectares through ground water exploitation, afforestation of an extent of 3,918 hectares besides 905 hectares under social forestry, bringing an extent of 889 hectares under pasture and fodder development distribution of 2,615 milch animals, 3,000 cross bred rams, establishment of 275 poultry units and mulberry cultivation on an extent of 1,735 hectares.

Small Farmers Development Agency:

The Small Farmers Development Agency Programmes are being implemented in the State in 137 blocks. The outlay for 137 Small Farmers Development Agency blocks at the rate of Rs. 2.50 lakhs per block comes to Rs. 342.50 lakhs, of which the State's share comes to Rs. 171.25 lakhs. In addition to this, for meeting the cost of
Oral Answers to Questions.

14th March, 1980.

Engineering Staff on the I.A.A.P. pattern in certain Small Farmers Development Agency Blocks etc., a provision of Rs. 25.00 lakhs is made. Besides this, an outlay of Rs. 200.00 lakhs towards state's share is provided for taking up Minor Irrigation Programmes outside the special programme areas specially meant for meeting the needs of the medium farmers. Thus the total outlay towards States share provided for the Small Farmers Development Agency Programme is Rs.396.25 lakhs.

INTEGRATED RURAL-DEVELOPMENT PROGRAMME:

The programmes indentified under Integrated Rural Development Programme include agriculture, animal husbandry, minor irrigation, fisheries, sericulture and rural industries. Under agricultural programmes, agricultural inputs, demonstrations, horticulture, agricultural implements storage bins, land Development, soil conservation, soil reclamation and improvements are taken up. Under animal husbandry, distribution of milch animals, fodder demonstrations, sheep units, poultry units, pigery etc. are taken up. Under minor irrigation, individual minor irrigation wells, community irrigation wells, supply of engines, electric motors, pumps sets, renovation of old wells, etc. are taken up. Under fisheries, supply of Kakinada navas, nylon, nets etc. are taken up. Under rural industries, assistance to carpenters, black-smiths, potters, cobblers, oil ghanis, lime kilns, bee keeping, tailoring and house hold industries are taken up. Under full employment schemes, supply of dairy units consisting of 5 milch animals and poultry units consisting of 500 birds are taken up.

The Integrated Rural Development Programme is being implemented in 190 blocks in the Small Farmers Development Agency, Drought Prone Area Programme, Command Area Development Agency areas and in certain other Blocks. During the year 1979-80 through these programmes 48,140 families including 19,000 belonging to Scheduled Castes & Scheduled Tribes derived a variety of benefits. Under these programmes 3649 new wells were constructed, 3895 pump sets were supplied 7043 dairy animals were distributed, 3,538 sheep units were supplied and 4256 pairs of Blocks were provided, upto November, 1979. A provision of Rs. 660.70 lakhs towards State's share has been made for this programme in 1979-80.

Investment In Agricultural Financial Institutions:

The short-term credit for agriculture advanced by the Co-operative Central Banks in the State amounted to Rs. 66.11 crores during Kharif 1979 and they have programmed to advance another Rs. 30 crores during Rabi 1979-80. Thus the anticipated achievement for 1979-80 works out to about Rs. 96.11 crores as against Rs. 75.14 crores disbursed during 1978-79.
Against a target of Rs. 55 crores laid down by the Reserve Bank of India towards long-term credit for 1979-80, the Agricultural Development Banks in Andhra Pradesh have so far provided loans of the order of nearly Rs. 34 crores. The Andhra Pradesh Central Co-operative Agricultural Development Bank has been requested to achieve the target by the end of the year. These long-term credits provide for development of ground water resources with mechanised agricultural implements and for schemes like land development, dairy development, sheep rearing, horticulture, command area development and various types of agricultural programmes. An important component of this assistance goes to the Andhra Pradesh State Electricity Board for energisation of pumps. During the year 1979-80, 55% of the long-term credit disbursed went to small farmers, Scheduled Castes and Scheduled Tribes. Through this assistance, 6,045 dug wells and 1,245 sub-wells and bore-wells were brought into existence, and 4,803 oil engines and 1,769 electric motors were financed. 2,620 old wells were developed while 261 tractors were provided to farmers.

Food For Work Programme:

During 1979-80 a sum of Rs. 220.03 lakhs was made in the revised Plan. With this outlay and also from outlay of other sectors matched with foodgrains, various works such as laying of roads, construction of school buildings, and execution of M.I. works have been taken up.

As already mentioned, on account of heavy spill over commitments, Irrigation & Power sectors have been given the highest priority in the current year’s Plan. An outlay of Rs. 136.56 crores has been made for Major & Medium Irrigation in the Plan for 1979-80.

Nagarjunasagar Project:

Phase-I of the Nagarjunasagar Project consists of the following three units:

(a) A storage dam across Krishna river;

(b) The right bank canal for a length of 202 kms. to irrigate 4.75 lakh hectares of ayacuts in the districts of Guntur Prakasam; and

(c) The left bank canal for a length of 178 km continued a branch canal for a further length of 117 kms to irrigate 4.15 lakh hectares of ayacuts in the districts of Nalgonda, Kh.,mmam and Krishna.

An expenditure of Rs. 270.04 crores was incurred on this project up to the end of the Fifth Plan period. An expenditure of Rs. 45.00
crores was incurred during 1978-79 and the outlay proposed in 1979-80 is also Rs.45.00 crores. Under this Project, an irrigation potential of 5.92 lakh hectares have been created upto the end of June 1979 while as of June, 1980, the cumulative potential to be created is proposed to be raised to 6.61 lakh hectares.

Sri Ram Sagar Project:

In the revised Plan for 1979-80, an amount of Rs.34.50 crores has been provided for this project. In the Annual Plan for 1980-81, a provision of Rs.35.00 crores has been made. The earth dam and the right flank have been completed. Left earth-dam has been raised to an overall height of about 2 feet below the top level, except for a gap left over for the Saraswathi canal. The non-spillway portion and the masonry dam has been completed. The work of raising of piers for the north canal regulator intake chamber and the manufacture and erection of the radial gates are in progress. The area that has been provided with irrigation facilities upto the end of June, 1979 is 1.17 lakh hectares. It is proposed to create an additional irrigation potential over an extent of 27,000 hectares by June, 1980 taking the cumulative potential at the end of June 1980 to 1.44 lakh hectares. The cost of the Stage-I part of the project is estimated to be Rs.380.00 crores and till the end of March, 1979, an expenditure of Rs.158.10 crores has been incurred.

Godavari Barrage:

The project is estimated to cost Rs.60.00 crores. In the Annual Plan for 1979-80, an allocation of Rs.7.50 crores has been made for this project.

Other Major & Medium Irrigation Schemes:

In the revised Plan for 1979-80, an allocation of Rs.44.71 crores has been made for Major and Medium Irrigation Schemes. With this outlay, it is proposed to create an additional irrigation potential of 16,000 hectares during 1979-80.

As a result of implementation of several Major & Medium Irrigation Projects, cumulative irrigation potential created in the State is expected to increase from 12.27 lakh hectares in 1978-79 to 13.39 lakh hectares by the end of June, 1980.

Power:

The provision made for this sector in the revised plan for 1979-80 is Rs.151.83 crores, including Rs.29.83 crores for Srisailam Project and Rs.3.00 crores for payment to Orissa Government as our share of Balimela Project. The installed capacity at the beginning of March 1979 was 1678 M.W. During 1979-80, the first unit of 210 M.W. of
Vijayawada Thermal Station Stage - I was synchronised with the grid on 1-11-1979. The first unit of the 100 M.W. Nagarjunasagar Pumped Storage Scheme, is in an advanced stage of installation and will be commissioned by March/April, 1980. The second units of 210 M.W. of Vijayawada Thermal Station Stage - I is also expected to be on trial by March, 1980. Out of 27,221 villages in the State, 15,453 villages forming 56.7 percent have been electrified and 3,45,000 pump-sets energised by March, 1979. During 1979-80, it was proposed to electrify 1,160 more villages and energise 42,000 more pump-sets.

Although electricity generator in the State increased during 1979 i fell short of the original programme due to the low water levels in the reservoirs due to the failure of the monsoons and due to the unsatisfactory performance of two of the Thermal units in the State. Simultaneously, however, the demand increased partly due to the drought condition experienced by the State in Kharif 1979 leading to increased demand from the agricultural sector. Consequently a cut of 30% had to be imposed on the H.T. consumers. However, supply to agricultural loads being of the utmost importance, highest priority is being given to this sector.

Industries:

The provision for Industries and Minerals in the original plan for 1979-80 was Rs. 1397.55 lakhs. Subsequently, this has been reduced to Rs. 1162.05 lakhs mainly because the provision for the Nagarjuna Fertilisers being deleted. However, allotments for the District Industries Centres and the Director of Handlooms and Textiles has been increased mainly to provide for the State’s share for the Intensive Development Scheme. Andhra Pradesh has been taking rapid strides in the field of industrialisation. The number of Large and Medium units has increased to 285 with a total investment of Rs. 1050.00 crores, with an employment potential of 2.5 lakhs persons. The fertilizer factory at Ramagundam which has recently commenced production of Urea is the first coal-based unit in Asia. Two large paper mills viz., Bhadrachalam Paper Board and Sri Rayalaseema Paper Mills have gone into production recently. Two of the most important projects viz., the Integrated Steel Plant at Vizag and the Nagarjuna Fertilizer and Chemical Plant at Kakinada are under implementation in the State.

TRANSPORT AND COMMUNICATIONS:

The original provision for Transport and Communications sector for the year 1979-80 was Rs. 2646.00 lakhs. During the course of the year, on account of improvement in the resources of the Andhra Pradesh State Road Transport Corporation, it has become necessary to provide an additional allotment of Rs. 252.00 lakhs to the Corporation. Thus, the allotment to the Andhra Pradesh State Road Transport Corporation has increased from Rs. 1651.00 lakhs to Rs. 1903.00
This step is in conformity with the policy of the State to provide increased transport facilities, particularly to the rural areas. The Village Link Road Transport Services scheme has been taken up in a big way and already 20,000 villages have been covered by Bus and Jeep services.

A provision of Rs. 50,00 lakhs has been made for Sugar-cane roads in 1979-80. In addition, the Government have imposed a toll tax on identified bridges with a view to utilising the collections that accrue due to this measure for purpose of improvement of roads and construction of bridges. This amount of Rs. 32,00 lakhs has been provided for roads in the Plan for 1979-80. Similarly, the Government have imposed cess on royalty in respect of specialised minerals for purposes of utilising the proceeds for providing infrastructural facilities in the areas where the cess is collected. A provision of Rs. 39-00 lakhs has been made for roads in 1979-80 against this item.

SOCIAL & COMMUNITY SERVICES:

The original provision for Social and Community Services in the Annual Plan for 1979-80 was Rs. 613.43 lakhs and this has been raised to Rs. 654.74 lakhs. The major increases made are Rs. 47.75 lakhs under General Education, Rs. 533.92 lakhs under Medical & Public Health, Rs. 17.40 lakhs under Welfare of Scheduled Castes.

EDUCATION:

The Plan provision for General Education has been increased from Rs. 451.79 lakhs to 492.54 lakhs in 1979-80. The enrolment of children in the age-group of 6-11 has increased from 49.25 lakhs in 1979-80, taking the percentage of enrolment from 76.8% in 1978-79 to 80.4% in 1979-80. Enrolment of children in the age-group of 11-13 will go up from 7.71 lakhs in 1978-79 to 8.36 lakhs in 1979-80. The percentage of enrolment in this age-group will go up from 30.2% in 1978-79 to 32.3% in 1979-80. During 1979-80, 2984 S.G.B.T. Posts and 600 B.Ed. posts have been sanctioned involving an expenditure of Rs. 210.43 lakhs. A specially designed Non-formal Education Programme was put on ground during 1979-80 to enrol the non-enrolled and drop out children of the age-group 9-13 and 2640 Non-formal Education Centres were opened in 1979-80.

The State Government is keen on vocationalising Intermediate Education by linking Education with a job. Vocational courses have been introduced this year at the Intermediate level in the fields of Engineering and Technology, Agriculture, Animal Husbandry, Home Science, Commerce & Business Management.

MEDICAL & PUBLIC HEALTH:

Under normal Public Health Schemes, the outlay has been increased from Rs. 22.33 lakhs to Rs. 461.23 lakhs. The increase is
mainly to meet the States share of several schemes designed to combat communicable diseases.

For Urban Water Supply and Drainage an allotment of Rs. 1023.00 lakhs is made. During the year 1979-80, major schemes such as Manjira Water Supply phase-II and remodelling of Hyderabad Water Supply distribution, Warangal Water Supply scheme and Visakhapatnam Water Supply improvements scheme for providing water supply to Visakhapatnam Steel Plant, have been included in addition to water supply schemes in certain Municipalities. Under Rural Water Supply, an allotment of Rs. 1071.94 lakhs has been made. Out of this, a sum of Rs. 240.00 lakhs is proposed to be spent on normal schemes, Rs. 400.00 lakhs on the Netherlands assisted Protected Water Supply Scheme and Rs. 300.00 lakhs on Bore-Wells schemes. The Netherlands assisted scheme is to cover 170 flood-affected villages with 60 Protected Water Supply Schemes in Prakasam, Guntur, Nalgonda, Krishna, Khammam and Kurnool Districts. The total estimated cost of the scheme is Rs. 11.55 crores. A sum of Rs. 400.00 lakhs is provided in 1979-80.

HOUSING PROGRAMMES:

Government have launched the Weaker Sections Housing Programme in a big way. In the rural areas nearly 2.50 lakh low cost houses have been put up by the beneficiaries on a self-help basis with State Governments, assistance under the 'Sites and Service' programme. Essential civic amenities are being provided in this colonies. The Electricity Board has started a programme to provide a bulb for each house for 50,000 houses in selected Harijan housing colonies. The Weaker Sections Housing Programme has been linked up with an economic support programme of 'One Milch Animal for One Family' so as to enable the house owners to raise their income levels and consequently their living standards, along with the possession of a house. A massive programme to provide permanent houses has been taken up for those who can afford to repay soft loans from agencies like the housing and Urban Development Corporation and the General Insurance Corporation. Under this Scheme, 10,000 houses in the rural areas and 20,000 houses in the Urban areas are under construction. Government have made efforts to get substantial loans sanctioned by the HUDCO and have mobilised an assistance of Rs. 17.00 crores from them in the current year, against an assistance of Rs. 23.75 crores mobilised from HUDCO between 1971 and 1979.

WEAKER SECTIONS PROGRAMMES:

The Government have been implementing the Twenty Point Programme which lays stress on the uplift of the weaker sections of society in general and of the Scheduled Castes, Scheduled Tribes and
Backward Classes in particular. The State Government have registered a Society for providing coaching for the candidates belonging to weaker sections for the All-India Services Examinations. The A.P Scheduled Castes Co-operative Finance Corporation has so far extended financial assistance to over 2 lakh persons involving a total expenditure of Rs. 31.47 crores. Wherever Government lands are available, they are being allotted for construction of houses and wherever necessary, private lands are being acquired by the Collectors. As at the end of December, 1979, 50,600 acres of private lands have been acquired for providing houses-sites besides assigning 21,384 acres of Government lands for the same purpose. The number of families benefited are 11,49,741 and the amount spent upto 1978-79 is Rs. 23.77 crores. Government proposes to spend Rs. 11.00 crores during 1979-80 for acquisition of houses-sites, provision of sites and services for housing programmes.

The Sites and Services Programme is mainly intended for persons to whom house sites have been distributed but could not occupy the house-sites and who are not in a position to take up Permanent Housing with loan assistance. The ingredients of the programme are:

(a) Development of house-sites, such as levelling;

(b) Provision of Civic amenities and Services such as drinking water, roads, drainage, street lighting etc.

(c) Providing economic support schemes and horticulture scheme to the beneficiaries so that the income of the beneficiaries is raised to a level where they can take up Permanent Housing.

(d) Assistance to put up low cost structures.

The assistance to be provided is Rs. 200 by way of cash towards, building materials and Rs. 200 as food-grains towards the labour component. The Government in Forest and Rural Development Department have also issued orders for supplying bamboos at concessional rates.

For 1979-80, an objective of 10,000 beneficiaries has been fixed for each district. Against the objective of 2.3 lakhs, over 1.5 lakhs have already been covered.

The rates of post-matric residential scholarships and cosmetics and food charges to the boarders in the Government hostels have been enhanced for Scheduled Castes and Tribes and Backward Classes. The rates of scholarships applicable to the Scheduled Castes have been made applicable to the students of the Harijan Christian Community also. These measures taken up this year involve an additional commitment of Rs. 5.25 crores per annum. In particular, emphasis has been laid on the construction of hostels for girl students.
Tribal Welfare is ensured through the Integrated Tribal Development Agencies through special allocations and also by the special trust given to the general sector programmes through the Sub-Plan approach. Further, 17 pockets of tribal concentration outside the Sub-Plan area have been identified for development under the Modified Area Development approach, which has enabled receipt of substantial Special Central Assistance this year.

Mobilisation of Institutional Finances:

The State Government have been utilising institutional finances in a big way to supplement its budgetary efforts under the Plan. To mobilise institutional finances adequate outlays have been made in the Annual Plan for Area Development and individual-beneficiary-oriented programmes like the S.F.D.A., D.P.A.P., and the J.R.D. and towards the share capital requirements of the Corporations set-up to implement developmental programmes for the welfare of the Scheduled Castes, Scheduled Tribes, Backward Classes and Women and Children. To ensure provision of credit to the rural poor, the Government have studied the requirements of bank offices in the rural and Semi-Urban areas of the State and have placed them before the Reserve Bank of India for sanction of licences. In pursuance of their new branch expansion policy, and in response to the proposals made by State Government the Reserve Bank of India have agreed recently to licence 219 new bank offices in the 14 deficit districts of our State to be opened in the coming year. During the year 1979-80, one more Regional Rural Bank viz., Sri Anantha Gramaena Bank at Ananthapur was inaugurated on 1-11-1979, thus bringing the total number of Grameena Banks in our State to four. With the large scale sanctioning of Bank branches in the rural and semi urban areas of the State, the credit gap in these areas will be bridged to a very substantial extent benefiting especially the weaker sections of our people.

In the wake of the severe cyclone that struck Andhra Pradesh in May, 1979, the State Government mobilised the services of the banking system in a big way to render assistance to the cyclone victims and help them in their speedy rehabilitation. Through the Commercial and Co-operative Banks, Government mobilised credit to the extent of about Rs. 51.00 crores in the areas affected by cyclone, providing loans to the victims of cyclone who badly need loans for raising and rejuvenation of crops, purchase of cattle and milch animals and for rehabilitation of fishermen and artisans.

Details of the Plan outlays for 1979-80 by Head of Development are indicated in the Annexure. Statement-I will show the summary of the State Plan outlays for 1979-80, while statement-II indicates the list of schemes included in the State Plan for 1979-80. The details of the outlays proposed for Centrally Sponsored Schemes and the Physical targets proposed for 1979-80 are given in statement-III and IV, respectively.

Sri Md. Ibrahim Ali Khan (Kurnool):—In one of the G.O.'s issued by the Secretariat (G.O.Ms.No.472. dated 4.2.79) it was mentioned in clause(5) that Urdu shall be the language wherever practicable in replies. In clause (9) it was mentioned that Urdu shall also be used as the language in all the Courts subordinate to the High Court of Andra Pradesh for the purposes of Civil Procedure Code and Criminal Procedure Code in the following districts; Ananthapur, Kurnool, Cuddapah, Adilabad, Hyderabad, Khammam, Karimnagar, Mahbubnagar, Medak, Nizamabad and Warangal. But Official Language Commission says that replies should be sent in Telugu. Simultaneously, the Official Language Commission has given directions that all the proceedings in Kurnool, Nizamabad and Krishna districts shall be continued only in Telugu. So, there is contradiction in the notification issued by the Government and the directions issued by the Official Language Commission. I want to know from the Hon'ble Minister, which order is going to prevail.

Sanskrit University in the State

272—

* 4892 Q.—Sri A Eswara Reddy (Thirupathi) :—Will the Minister for Education be Pleased to state:

(a) whether it is a fact that State of Andhra Pradesh will have a Sanskrit University soon;
(b) if so, where it will be located; and

(c) the present stage at which the matter stands?

Forcible Collection of Sales Tax from the Ryots of Chittoor Dist.

273—

5638-Q.—Sri B. Arumugam (Vepanjeri) :—Will the Minister for Agriculture and Law be pleased to State:

(a) whether it is a fact the forcible collection of sales tax for the year 1972-73 is being made from the ryots of Chittoor district who produce Jaggery;

(b) whether this collection is being made from the ryots of other districts also and;

(c) whether there is any proposal to abolish the same?

Forcible Collection of Sales Tax from the Ryots of Chittoor Dist.

1. Hon. Member—There were 109 assessments and the tax levied was Rs. 18,054. It is under examination of Government and it will take a decision shortly.

2. Hon. Member—1. 6. 70...Nothing seems to have been done in the direction by the ryots. But anyway I am once again repeating...
Oral Answers to Questions.

10. The member asked:—What are the rules for the payment of the salaries of the employees of the district officers of the Department of Education?

The Minister replied:—There is a rule that the salaries of the employees of the district officers of the Department of Education shall be paid according to the rules laid down by the Government. If they are brought to my notice I will ask the department not to proceed. If they approach the departmental officers and they will grant stay.

There is a defect in the legislation itself and it should be rectified.
Oral Answers to Questions.

14th March, 1980.

In the case of sales by the ryots, unregistered dealers it is purchasers that are liable to tax. Out of those assessments only 109 assessments were completed.

If you are not able to summon the Ministers from Delhi let us adjourn the House sine die.

If you are not able to summon the Ministers from Delhi let us adjourn the House sine die.
Mr. Speaker:—The question was postponed at the request of the Member.

Mr. Speaker:—I am repeatedly telling you Mr. Srinivasulu Reddy. I will not do it.

Mr. S. Govardhan Reddy:—Mr. Amarnath Reddy has not gone to Delhi. He has gone to Cuddapah.

Seizing of Balghar Wheat (Rava) at Warangal by the Vigilance Staff of Civil Supplies Department

(a) whether it is a fact that the vigilance staff of the Civil Supplies department has recently seized 1,118 bags of Balghar wheat (Rava) at Warangal which is meant for free supply to the poor and needy persons; and

(b) if so, the details thereof and the action taken thereon?

4871D Q.—Smt. G. Dhana Suryavathi, Smt. M. Swarajyam, Sarvasri M. Yerraiah Reddy and M. Omkar:—Will the Minister for Civil Supplies and Marketing be pleased to state:

(a) whether it is a fact that the vigilance staff of the Civil Supplies department has recently seized 1,118 bags of Balghar wheat (Rava) at Warangal which is meant for free supply to the poor and needy persons; and

(b) if so, the details thereof and the action taken thereon?

Mr. C. Jing Reddy may be permitted to answer in English.

Mr. P. Ganga Reddy: On the instructions of the Collector, on the basis of telegram received by him, the Civil Supplies Officer Warangal has seized two stock, one 514 bags from Mr. Ansari and 1,018 bags of Ravva from Mr. Ayyapa Reddy which were unauthorised stockings and on these cases complaint has been lodged in court and the court has fixed hearing on 25-3-1980.

Mr. S. Jaipal Reddy:—Two people were found to have unauthorisedly stocked such big quantities. Who are they? In what capacity did they come to possess such huge quantity of Ravva.

Mr. P. Ganga Reddy:—I have already mentioned two names. One is Mr. Ansari and the second is Mr. Ayyapa Reddy who is an agriculturist of Warangal, Fatima Nagar. From him 1,018 bags are seized. 514 bags were released on 18-5-79 by Devasan, Director, Welfare Activity, Fatima Nagar, Warangal in terms of Indo-U.S. Agreement to be supplied freely to the needy. It was a gift supplied to the applicants by said machinery to distribute to the labourers who are digging wells in lieu of wages.

Why they were not prosecuted?

Mr. P. Ganga Reddy:—They were prosecuted under Essential Commodities Act, and the case is going on in sessions Court.

If so, the details thereof and the action taken thereon will be informed in Rajya Sabha.

Sri M. Venkaiah Naidu:—It is not only seizure...
14th March, 19X0.

Oral Answers to Questions.

Sri P. Ganga Reddy:—Sir, they were not arrested.

Sri S. Jaipal Reddy:—Sir, under the Essential Commodity act, persons who have found to have unauthorisedly stocked certain essential Commodities, they must be arrested. This is the simple provision of the Act, Why have they been not arrested?

Sri P. Ganga Reddy:—Sir, not on the person, who disposed it but the person who was responsible for the stock to go to him (the person who disposed).

Sri V. Shobhanadreeswar Rao:—Sir, I will find out the details.
Sri K. Satyanarayana:—Sir, when he was able to get all the stocks, who are responsible?

Sri K. Satyanarayana:—Sir, it is not correct to postpone. I have given the information. The point is
clear as to when the stocks were released and for what purpose the stocks were released. There may be some Officers who were responsible for it. I said that I shall go into the the details and find out, if it so

Sri K. Satyanarayana:—Sir, a senior officer may be appointed to go into the details.
Supply of Edible Oil to The State

276 —

*5639—Q—Sri K.B. Siddaiah Puttur:— Will the Minister for Civil Supplies and Marketing be pleased to state:

(a) whether it is a fact that the Central Government has released 7000 tonnes of edible oil to Andhra Pradesh and the Government have got delivery of only 450 tonnes:

(b) whether it is also a fact that the imported edible oil is supplied to the State Trading Corporation at the rate of Rs. 6.70 per kilo:

(c) the reason for not purchasing the edible oil allotted by the Centre when middlemen have increased the prices of edible oils abnormally?

(1) The Central Government released 10,900 tonnes of edible oil to Andhra Pradesh and the Government have got delivery of only 450 tonnes. The Centre released 2,081,668 tonnes at the rate of Rs. 6.50 per kilo. The Centre released 5,000 tonnes of edible oil at the rate of Rs. 6.20 per kilo. The State has purchased 2,879,204 tonnes from the Centre.

(2) The imported edible oil is supplied to the State Trading Corporation at the rate of Rs. 6.70 per kilo. The prices of edible oils have increased abnormally.

(3) The Central Government allotted 18,817,817 tonnes of edible oil to the State. The State has purchased 18,817,817 tonnes of edible oil from the Centre. The Centre has increased the prices of edible oils abnormally. The State has purchased 6,400 tonnes of edible oil at the rate of Rs. 6.20 per kilo. The State has purchased 6,000 tonnes of edible oil at the rate of Rs. 6.70 per kilo.
Sri S. Jaipal Reddy:—Sir, we must sympathies the Minister to have replied in such a lengthy way which we could not follow therefore we request you Sir, direct the Minister to supply the answer in writing to-morrow, so that we could digest it and put some relevant supplementaries. We can put new supplementaries also.

Sri S. Jaipal Reddy:—Mr. Venkaiah Naidu has listened very keenly to what the Minister said. You may kindly consider our request. I must pay tribute to him for his memory, but we do not follow the Minister's reply. Therefore we request the Speaker to advice the Minister to supply the answer in writing to-morrow so that we may digest the material and do something.

Sri P. Ganga Reddy:—Sir, he can digest the oil, but not the answer.

Sri S. Jaipal Reddy:—Sir, I am prepared to digest but there is no oil for me to digest.

Sri S. Jaipal Reddy:—Sir the anxiety of our S.T.C. to lift the stock is also stinking....
**Oral Answers to Questions.**

14th March, 1980.

Why you have not released to the Market? That is my point.

Sri P. Ganga Reddy,—Sir, I have mentioned that 4,304 tonnes were released already, out of which 2,379 tonnes have been lifted for refining. Because there is slight smell in this, we will not lapse.

L.A.Q. Postponed from 3-3-1980. Scarcity of Drinking Water at Vijayawada etc. Places

166—

4656 Sri K.B. Siddababu,—Will the Minister for Municipal Administration and Information and Public Relations be pleased to state:

(a) whether it is a fact that there is acute scarcity for drinking water at Vijayawada, Visakhapatnam, Chittoor, Puttur, Hyderabad and in various places

(b) if so, the steps taken by the Government; and

(c) the proposed steps to evert drinking water problem in future?
Smt. B. Sarojini Pullareduy:—This does not pertain to Municipal Administration, but it would please the hon Member if I say that there is no a cute scarcity of drinking water in Puttur. Under the Water Supply scheme there is supply of drinking water for 3 hours in the morning and 3 hours in the evening. Due to failure of rains the yield of water has been reduced and water is supplied for 1 1/2 hours in the morning and 1 1/2 hours in the evening. The Tirupathi water supply scheme is also proposed for supplementing the water supply and there is a proposal to examine the possibility of underground water also.

Short notice question and answers

276-A

Return of 'Bataras' to the ryots who bring cotton to Adoni Market by the commission agents

S. N. Q. No 5767-Z : Sri H. Satyanarayana (Adoni):— Will the Minister for Civil Supplies and Marketing be pleased to state :

(a) whether ryots get their cotton to Adoni market committee in their own 'bataras' costing about Rs. 16/- each; if so, the number of bataras that come th the market ;

(b) whe ther it is not a fact that the commission agents are neit her paying the cost of the bataras nor returning the same to the ryots but instead retain those bataras with them; and

(c) the steps taken by the Government to stop this daylight robbery of several lakhs of rupees by the commission agents ?
Sri P. Ganaga Reddy:—Up to 14-10-77, Rs. 2/- was paid to the producer. Since then they are not paying anything towards this. We have issued instructions to the Market Committee that at least 75% of the cost of ba'aram should be paid to the growers.

Sri H. Satyanarayana:—For all these 3 years they are knocking off this amount. Will the Government take steps to make them repay that amount to the ryots. It goes to severa lakhs of rupees. Will the Government make efforts to see that the commission agents pay back that amount.

Sri P. Ganaga Reddy:—We will get it examined.

Sri H. Satyanarayana:—That is the answer usually given. They have actually robbed the ryots of severl lakhs of rupees. You cannot get away like that saying “I will get it examined”. The Government have to see that something is done and the ryots get their money back.

Sri P. Ganaga Reddy:—I will look into this.
of the Government instructions were issued saying that 75% should be paid to the grower.

Sri P. Ganga Reddy: —I Will look into the matter and take necessary action.

Sri S. Jaipal Reddy: —How can this be an answer? A specific question was put. The Minister cannot give a very vague answer.

Sri P. Ganga Reddy: —Now the cost of batarams is 9 to 10 rupees each. Previously they were paid Rs.2/- each. Since 4-10-77 they were not paying and now we have issued instructions to the Market Committee. It is the duty of the market committee to see that the price is paid. I assure that I will go into the matter and take necessary action.
14th March, 1980.

BUSINESS OF THE HOUSE

10-00 a.m.

Deputy Speaker:—The Speaker has admitted and referred it to the Privileges Committee.

Mr. Deputy Speaker:—Both of them.

Sri S. Jaipal Reddy:—It was not informed to the House. The members who tabled the privilege motion might have been informed.

Mr. Deputy Speaker:—It is not necessary. Under the rules the Speaker suomoto can refer to the Privileges Committee.

Sri S. Jaipal Reddy:—This question of privilege arose during the course of discussion in the House and then the privilege motion was raised. Therefore there is a need to inform the House as to the action taken thereon. The privilege motion arose out of a discussion that took place in the House. Therefore there is a need.

Mr. Deputy Speaker:—According to rule 173, notwithstanding anything contained in this rule, the Speaker may refer any question of privilege to the Committee on Privileges for examination or investigation and report.

Sri S. Jaipal Reddy:—We appreciate the gesture of the Speaker, but since the privilege motion arose out of a discussion in the House there is a need to inform the House formally.
Mr. Deputy Speaker:—Speaker informed the House.

During the course of discussion a privilege motion has come up. The motion is as follows:

Matters Under Rule 329.

re: (1) Release of Water in Nagarjunasagar Right Canal Area of Guntur.

Mr. Deputy Speaker:—That is why I informed the House that he has referred it to the Privileges Committee.

Sri S. Jaipal Reddy:—I would like to know as to what were the points on which the privilege motion was tabled and as to what were the points which were referred to the Privileges Committee for determination. A formal announcement is very much warranted.

Mr. Deputy Speaker:—The entire matter pertaining to it was referred to the Committee. What else do you want. The points that you raised and what you wanted to be enquired into that is to say, the S.P. wanted to contact the Legislature but did not contact, or had deliberately chosen to avoid contact with the Legislature and the information was given only after the arrest. This is taken as a matter of privilege.

re Closure of Jaggery Market at Anakapalli.

Mr. Dy. Speaker:—Let the Minister reply so that you will be knowing what the Government has done.
14th March, 1980.

Matters Under Rule 329:
re: Closure of Jaggery Market at Anakapalli.

Almost every day I was after them. Even otherwise also the Govt. is active.
Matters Under Rule 329: 

re: Closure of Jaggery Market at Anakapalli.

14th March, 1980.

Mr. President,

I have to draw your kind attention to the matter referred to in your letter dated 12th March, 1980. You have been pleased to refer me to a report submitted by the District Collector. The report has been submitted to the Secretary, Government of Andhra Pradesh, for his perusal and a decision to be taken. I have been requested to take over the matter and to give instructions to the Collector to follow the procedure laid down in the report as far as possible.

The report submitted by the Collector is in the nature of a recommendation. The recommendation has been made after considering the various aspects of the matter. The recommendation is based on the findings of the investigation conducted by the Collector.

I have been asked to take over the matter and to give instructions to the Collector to follow the procedure laid down in the report as far as possible.

I am confident that with the guidance and support of the Government, the Collector will be able to implement the recommendations of the report.

Yours faithfully,

[Signature]
Matters Under Rule 329:

re: Closure of Jaggery Market at Anakapalli.

14th March, 1980.

What is the difficulty for the Government?
CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

re: Shortage of Drinking Water in Chittoor Town.

In the year 1980, there was a severe shortage of drinking water in the town of Chittoor. The town was experiencing a drought, and the water supply was reduced to 7.5 liters per person per day. The situation was further exacerbated by the fact that the water supply was inadequate to meet the needs of the population. The shortage was so severe that people had to queue for hours to get a few liters of water. The water supply was erratic, and the people had to rely on water from local sources, which were often contaminated.

The government took several measures to tackle the water crisis. They increased the number of water supply points, installed new water pumps, and set up water rationing committees to ensure that the water was distributed fairly. They also encouraged people to save water and to use water-saving devices.

Despite these efforts, the water shortage continued to be a problem. The people were forced to endure long queues for water, and the health of the population was at risk. The government had to declare a state of emergency to deal with the water crisis.

The situation improved in the following years, but the people of Chittoor were still conscious about the importance of water conservation. They continued to use water-saving devices and to conserve water wherever possible.

In conclusion, the shortage of drinking water in Chittoor was a severe problem that required urgent action. The government took several measures to tackle the problem, and the situation improved over time. The people of Chittoor were conscious about the importance of water conservation and continued to use water-saving devices to conserve water.

for 1980-81:
Voting on Demands for Grants.

What is the rate at which you are purchasing from Girijans and what is rate at which you are selling in the market?

Mr. Dy. Speaker:—He has authorised both of you.
Sri Gouthu Latevanna:—In what way it will help?
Mr. Dy. Speaker:—On the floor of the House he has assured.

Mr. Dy. Speaker:—The Minister is very serious and also sincere.

Voting of Demands for Grants.
Annual Financial Statement (Budget) for 1980-81:

Voting of Demands for Grants.
Annual Financial Statement (Budget) 14th March, 1980.

Voting of Demands for Grants.

1978-79 Budget for Rs. 9,221,000 was increased to Rs. 12,000,000. The revised demands for grants for the year 1977-78 were Rs. 11,824,000 and for the year 1979-80 were Rs. 12,221,000. The demands for grants for the year 1979-80 were increased to Rs. 12,221,000. The demands for grants for the year 1977-78 were Rs. 11,824,000.

The increase in the demands for grants is due to the increased need for funds. The increased demands for grants are for the following purposes:

1. **Training and Development**
   - The demand for training and development has increased to Rs. 12,000,000 from Rs. 9,221,000. The increased demand is for the training of teachers and other staff members.
   - The increased demand is for the training of teachers and other staff members. The training is for the improvement of the quality of education.

2. **Research and Development**
   - The demand for research and development has increased to Rs. 12,000,000 from Rs. 9,221,000.
   - The increased demand is for the development of new educational materials and the improvement of existing materials.

3. **Infrastructure Development**
   - The demand for infrastructure development has increased to Rs. 12,000,000 from Rs. 9,221,000.
   - The increased demand is for the development of new schools and the improvement of existing schools.

4. **Emergency Services**
   - The demand for emergency services has increased to Rs. 12,000,000 from Rs. 9,221,000.
   - The increased demand is for the provision of emergency services to the people affected by natural disasters.

The increased demands for grants are necessary to meet the increased need for funds in the present economic and social conditions.

The increased demands for grants are for the following purposes:

1. **Training and Development**
   - The demand for training and development is for the training of teachers and other staff members.
   - The training is for the improvement of the quality of education.

2. **Research and Development**
   - The demand for research and development is for the development of new educational materials and the improvement of existing materials.

3. **Infrastructure Development**
   - The demand for infrastructure development is for the development of new schools and the improvement of existing schools.

4. **Emergency Services**
   - The demand for emergency services is for the provision of emergency services to the people affected by natural disasters.

The increased demands for grants are necessary to meet the increased need for funds in the present economic and social conditions.

The increased demands for grants are for the following purposes:

1. **Training and Development**
   - The demand for training and development is for the training of teachers and other staff members.

Voting of Demands for Grants.

I-20 m.
Voting of Demands for Grants.

Mr. Deputy Speaker: — We can sit in the evening on Wednesday and all these demands be taken up on that day. The senior Member felt very strongly to it.

Mr. Dew Speaker: — I do appreciate but I have no other option.

Sri D. Jai m Reddy: — We can meet on Wednesday in the evening.

Mr. Deputy Speaker: — On Wednesday, 19th, we have got administration of Justice etc.
Sri S. Ja'j'al Reddy :—We are initiating discussion on Home on 18th evening. In the morning on 19th we will finish Home. We can take up no official business on 19th evening.

Mr. Deputy Speaker :—Unless the present demands are over, we cannot take up new demands.

Sri S. Ja'j'al Reddy :—No problem. We have to finish the discussion on demands.

Mr. Deputy Speaker :—You will have to sit till 9 p.m. on Wednesday.

Sri G. F. jaram :—May I request the Members of the Opposition through you that one dislocation will lead to lot of dislocations. Ultimately at the end we will have to apply guillotine. Therefore, if we sit half-hour more, the backlog will be completed.

Sri S. Ja'j'al Reddy :—The Finance Minister is not following our thinking. We are adding to the programme. We are not disturbing the programme. We are asking for additional session on 19th evening so that the residual programme could be taken up on that day.

Mr. Deputy Speaker :—We will take up on 19th evening at 7 p.m. The House now stands adjourned till 8.30 a.m. on Tuesday the 14th March, 1980.

(The House them adjourned till 8–30 a.m. on Tuesday the 18th March, 1980).
