L.A.Q. POSTPONED FROM 11-3-1980 FOR FURTHER SUPPLEMENTARIES

Re: Change in the classification of Jamindari Canals into Government Canals

Question No. 33 L.A.Q. No. 3944 U.

Minister for Minor Irrigation (Sri G. Sriramulu Naidu):—Sir, the information is placed on the Table of the House.

Statement placed on the Table of the House with reference to
the L.A.Q.No. 3944-U

The above L.A.Q. has been answered on 11-3-1980 and postponed by the Honourable Speaker for further supplementaries and reposted on 27-3-1980.

After the postponement of the question, the matter was re-examined by me with Secretaries of Irrigation and Power, Revenue, Law and Chief Engineers of Major Irrigation and General, Medium Irrigation and Minor Irrigation on 21-3-1980. During those discussion it was considered to take up the repairs and maintenance of the said channels in Krishna Delta which are said to be in disrepair, in a phased manner subject to availability of funds. Necessary instructions and orders will be issued shortly.
Oral Answers to Questions 27th March, 1980. 137

Already you are giving funds but that money is not being utilised on those canals just because it is not under the classification of Government canals.
Sri P. Sundarajah:—Sir, During those discussions it was considered to take up the repairs and maintenance of the said channels in Krishna delta which are said to be in disrepair in a phased manner subject to availability of funds.

(a) the strength of the special police force in the State at present;

(b) whether that strength is sufficient to maintain Law and Order in the State;

(c) whether the Government is considering any increase in the present strength; and

(d) if so, to how many companies it will be increased?

Minister For Home (Sri M.M. Hashim) :—

(a) There are 7 Andhra Pradesh Special Police Battalions.

(b) No, Sir.

(c) and (d) In the year 1979 four additional companies were sanctioned. A proposal to raise a new Battalion is under consideration.

Sri M.M. Hashim :—I will get this suggestion of the hon. Member examined.

L.A.Q. Postponed from 18-3-1980
Revision of pay Scales to the Internal Auditor of A. P. State Police Housing Corporation

285—

*5791 Q.—Sri P. Srima Murthy (Amadalavalasa) :—Will the Minister for Home be pleased to state:

(a) Whether it is a fact that the Internal Auditor of the A.P. State Police Housing Corporation who was originally appointed as Company Secretary on a basic salary of Rs. 995/- after giving II advance increments in the scale of Rs. 600-1100 was again given a basic salary of Rs. 1350—within one month after hurriedly revising the scale to Rs. 1200—1800 and giving three advance increments even in the revised scale, without advertisement at new scale;
Oral Answers to Questions

(b) if so, the reasons for the sudden and hurried revision of the scale within one month and for giving three advance increments even in the revised scale:

(c) The candidate acquired any additional qualifications in between warranting the revision and whether it is not a clear case of favouritism;

(d) whether there are any similar cases of above type shown to any other employee in the Corporation?

Sri M. M. Hashim:

(a) and (b): The Andhra Pradesh State Police Housing Corporation Limited issued an advertisement in the newspapers no 17-7-19/8 inviting applications for the post of Secretary which was vacant. In response to the advertisement, three applications were received by the Corporation and the Internal Auditor was one of them. The three candidates were called for interview on 11-2-1970. But only one candidate i.e. the Internal Auditor in the Corporation appeared for the interview and was selected by the Board of Interview on a pay of Rs. 995— per month as originally indicated by him. However he declined his selection as he had got a better appointment elsewhere on a salary of Rs. 2000— per month and also tendered resignation to the original post of Internal Auditor. Considering the qualifications, merit and experience of the candidate, the Corporation persuaded him to accept the appointment as Secretary-cum-Internal Auditor and offered a pay of Rs. 1350— in the scale of rs. 1200-1800.

(c) The candidate was fully qualified for appointment to the post of Secretary-cum-Internal Auditor when he applied for and was selected for the post of Secretary. He did not acquire any additional qualifications after he was selected.

(d) Does not arise.

Sri P. Sriramamurthy (Amadalavalasa):—Firstly he was appointed in the scale of Rs. 600–1100 and then without any advertisement for the post or calling from the employment Exchange they have increased the salary to Rs. 1200–1800. They have also given increments and altogether the amounts of salary has gone up to Rs. 2000 within a short period of one month. There are so many unemployed postgraduates suitable for this post in the State. Why was this boy appointed on Rs. 600 in the first instance and within a month his salary was increased to Rs. 2000.

Sri M. M. Hashim:—During the meeting of Board of Directors of the Corporation held on 23–12–78 the resignation tendered by the
internal auditor came up for discussion. After perusing the letter of Messrs. Neoppan India Ltd. offering the Post of Company Secretary on a salary of Rs. 2000 p.m. that Chairman suggested as follows—that either Sri Ramakrishna, internal Auditor should seek for extension of time to join the new post in Neoppan (India) Ltd. for 3 months or consider continuation in the service of the Corporation on the same salary as was offered by Neoppan (India) Ltd. The individual expressed his inability to obtain extension from Neoppan (India) Ltd. and agree to continue in service as Company Secretary provided his salary is not less than what was offered by Neoppan (India) Ltd. The Board has agreed to retain him in the service of the Corporation, as Company Secretary by offering suitable salary without loss to him. The Board requested the Managing Director to take necessary action and put up the matter before the next Board meeting for ratification.

Sri M. Venkayya Naidu:—If they had advertised the post with a scale of Rs. 1200-1800 some more qualified candidates would have applied. But they have followed an usual procedure. I bring it to the notice of the Government that this Company Secretary who was appointed as internal Auditor to this Police Corporation is the son of the auditor who is doing audit for the Police Corporation in A.G's Office. Has this come to the notice of the Minister and will the Minister order an enquiry into this?

Sri M M. Hashim:—As I said, the Board has taken a decision and taking up action for ratification. Before its coming for ratification I will inform the concerned to look into it and take a serious view about it.

DACOITY AND LOOTING AT CHENNARAYUNIPALEM

(b) 348-E.

107 200 persons belonging to Pathapailem in Kavali taluk of Nellore district on 28.2.80 injured the villagers and committed dacoity and looted the valuables etc.; and

(b) 348-E.

107 200 persons belonging to Pathapailem in Kavali taluk of Nellore district on 28.2.80 injured the villagers and committed dacoity and looted the valuables etc.; and
Kota Boireddy, Kota Bhaskar Reddy, Kota Ravindar Reddy, Kota Chandra Reddy, Shaik Bade Sahab and also the sundry shop of Shaik Kaleha and attacked 10 persons including one woman with deadly weapons and caused bleeding injuries to them. They also damaged the houses of above persons. It is also alleged that they took away gold jewels and cash from some of the houses. A calf belonging to Kota Chandra Reddy was killed. In self-defence, the villagers retaliated the attack of fishermen, which resulted in minor injuries to accused also. On receipt of information about the attack, the police party was sent to the village on the same night.

On a report given by Venkateswarlu belonging to the fishermen party a counter case was registered under Criminal Case No. 10/80 under Sections 147 and 149. The village retaliated the attack of fishermen, which resulted in minor injuries to accused also.

9.50 a.m.

In self-defence, the villagers retaliated on the fishermen. At the same time, simultaneously it was done.
Dr. M. Channa Reddy: I take this information and I will ask the Police to look into this.

Jaguar Unit at Hyderabad

348-F

SNQ. No. 5771—Sarvasri S. Jaipal Reddy (Kallakurthy), B. Machinder Rao (Secunderabad Containment) and P. Venkata Rao Nuzividu.—Will the Minister for Revenue be pleased to state:

(a) whether it is not a fact that a decision had been taken to locate Jaguar unit at Hyderabad; and

(b) if so, whether there is any more proposal to alter this decision at this stage?

Dr. M. Channa Reddy: (a) a decision has already been arrived at. The Committee was constituted on certain guidelines given to them. The Report of the Committee has already been submitted to the Government of India based on certain guidelines given to them. No decision has been taken as yet.

(b) No decision has been taken as yet.
Renovation of Ravindra Bharathi Auditorium

SNQ. No. 5772 (W);—Sarvasri V. Sobbanadreeswara Rao and E. Sobba Rao:—Will the Minister for Tourism, Women and Child Welfare be pleased to state:

(a) whether the Ravindra Bharathi Auditorium at Hyderabad is renovated recently; and

(b) if so, the expenditure incurred on the renovation?

Minister for Tourism, Women and Child Welfare (Smt. Roda Mistry):—Sir, the question is on renovation. How can I answer what was the expenditure in construction. No. 2 wanted to know whether the Committee has been changed. After term of the Committee was over, it was changed.

Sri V. Sobbanadreeswara Rao:—Ravindra Bharathi was renovated recently.

Mr. Speaker,—The period of the Committee is over. It is up to the Government to appoint another Committee.

Sri M. Venkaiah Naidu:—For the question, “If so, the expenditure incurred on the Renovation of Ravindra Bharathi”; the Hon'ble Minister said that Rs. 24 laks has been kept under the R & B Department. Can it be the answer? We wanted to know what is the actual expenditure incurred for renovation of Ravindra Bharathi?

Smt. Roda Mistry:—R & B has given a statement of account in which they have shown that on Air-conditioning in the main auditorium and other civil works connected with the air-conditioning, they
have spent Rs. 12,51,145; providing acoustics treatment to the main auditorium Rs. 1,71,718; repairs to upholstery of auditorium seats which were badly torn and providing cushions to the balcony seats Rs. 2.2 lakhs installation of counter-weight system which has been done by the PWD workshop, the amount is awaited; then conversion of the first floor into an exhibition hall which has not yet been completed but the expenditure so far is Rs. 22,000/ improvements to stage proceenium, timing of walls etc. Rs. 85,000/ improvements to fountain and extra lighting Rs. 9,444/ providing cycle and scooter parking Rs 25,000/ car parking Rs. 25,000 and other items of electric works. Rs. 5,461/

Will the Minister order a detailed enquiry by an I.A.S officer?

Smt. Roda Mistry:—I do not see there is need for any I.A.S. Officers enquiry Sir. The public were very much agitated because the theatre was in a very bad condition and it has not been renovated from the day of its construction. The seats were all torn; the acoustics were poor; the lighting was bad and during summer season it was impossible to sit; air conditioning which was provided earlier never worked for more than three months. Now the air-conditioning is working, lighting and acoustics has been done. It was at the request and constant demand from the public that the air-conditioning and renovation of the theatre was undertaken.

Sri M. Venkaiah Naidu:—I am not questioning about the renovation. I say that in incurring the expenditure there are certain malpractices. Will the Minister order an enquiry in to the expenditure that is incurred for it.

Smt. Roda Mistry:—We have a very prestigious P.W.D Department which has undertaken the work so the question of malpractice does not arise.

Sri G. Latchanna(Sompeta):—Which Department is not having the prestige.

Smt. Roda Mistry:—Sir, the maintenance and regular up-keep of the theatre is also imposant for the mental health of the public.

Sri K. Govinda Rao:—I would like to know who is the Chairman of the Committee now?

Smt. Roda Mistry:—The Chairman of the Committee is the Minister for Tourism by virtue of being Minister.

Sri S. Jaipal Reddy:—It is very erroneous on the part of the Minister to claim that Ravindra Bharathi provides mental health to our people. In the second place, when the entire House feels that the expenditure incurred was far out of proportion to the actual needs or the works done. Why should not the Minister agree for an enquiry?

Mr. Speaker:—Your presumption itself is wrong. Why do you presume?

Sri S. Jaipal Reddy:—The entire opposition:—No Ruling Party member has justified the action of the Government.

Mr. Speaker:—When they are silent, you cannot take it for granted.

Sri S. Jaipal Reddy:—Our question is, will the Government agree to institute a high-power enquiry even by a senior officer to go into the whole affair.

Smt. Roda Mistry:—Sir, for doing good things, if everybody wants, we have to instal an high power committee. I am afraid, there will be no work done at all in the State.

Sri M. Venkaiah Naidu:—We very much strongly protest against the attitude of the Minister. When we ask about the members of the Committee why she is hiding the Members of the Committee, I do not just understand. Our idea is there are malpractices in the Rs. 24 lakhs expenditure incurred. I charge that the Committee also is responsible for the entire thing. If the Minister is fair enough let her order an enquiry. What she is going to lose, after all, by this?

Smt. Roda Mistry:—I do not think, there is any cause for enquiry. The tenders have been called for P.W.D. has handled all the work and there is no question of going into an enquiry, every time the members so desire. This is my opinion.

Smt. Roda Mistry:—This is a separate question. There is nothing on the Members of the Committee.

Mr. Speaker:—So far as Members of the Committee are concerned, if you put a separate question, I will admit and get an answer.
Sri S. Jaipal Reddy: —It cannot be a separate question.

(Intrerruptions)

Mr. Speakers—This is not a god practice, all of you standing and putting the questions. No, I am not going to allow anything.

Sri V.Sobhanadreeswara Rao ,—Mr. Venkaiah Naidu and myself specially asked the Members of the Committee but she refused to give.

Mr. Speaker.—The Minister is following all these things.

Sri M. Venkaiah Naidu : —The Minister is following but they have swallowed. That is the thing.

Smt. Roda Mistry :—I do not have the information on the file. The Members must ask questions on what they have framed for. If they go on twisting from one question to other I can't give them information.

S Sri. Jaipal Reddy :—The Chief Minister was trying to say that the Minister did not know the names. The Minister refused to disclose the names as though it is a State secret. She is the Chairman of the Committee. She did not say that she is the Chairman of the Committee till she is asked.
There is something to hide.

Smt. Roda Mistry:— I will place it on the Table of the House. At present, I do not have the names of the official and non-official Members.

(INTERUPTIONS)

Sri V. Shobanadreswara Rao:— She must tell the House, Sir.
Mr. Speaker:— I am going to the next question.

One of the Committee Members is, the Education Secretary. She is the Chair and the third Member is her Sister. The Fourth Member is at Delhi to look after Ravindra Bharathi.

Clear answer must be placed on the Table of House.

Mr. Speaker:— Answer will be placed on the Table of the House.

Death of Children due to Unknown Disease in Yerrareddipalli Village, Kandukoor taluk.

285—

572— Q.—Sri M. Venkiah Naidu:—Will the Minister for Medical and Health be pleased to state:

(a) whether it is a fact that five children died in Yerrareddipalli village, Kandukoor taluk in Prakasam district about on 20th January, due to some unknown disease;

(b) if so, whether the Government have enquired in the matter; and

(c) the steps taken by Government to prevent the said disease?
A.—

(a) Yes. The deaths were due to complications of measles,

(b) and (c) The District Medical and Health Officer, Prakasam district has investigated into the matter.

The epidemic report was received only on 21st January, 1980, even though the epidemic existed from 15th December, 1979. The District Medical and Health Officers visited the village on 21st January, 1980 itself. Altogether there was 31 attacks with five deaths. No further attacks were reported. The village is kept under surveillance by the Primary Health Centre staff. Measles is an airborne disease. There is no known drug to cure the disease. Death mainly occurs due to secondary infection which is curable. The deaths can be prevented if early reporting is done.
The epidemic could be brought under control by measures like disinfecting the infected houses and by isolating the persons suffering from the disease.

Mass immunisation cannot be undertaken as measles vaccine is not available in India.

Nallamada Drainage Scheme

286—

4610 Q.—Sri K. Govinda Rao:— Will the Minister for Medium Irrigation be pleased to state:

(a) whether Nallamada Drainage Scheme in Guntur district had been sanctioned;

(b) if so, the estimated cost for the same;

(c) whether the attention of the authorities has been drawn to the unsatisfactory work upper execution in (1) Saki Kalva; (2) Appapuram Channel; (3) Cherukuru Tank Drain; (4) Kankatepalem Darivada Kalva; (5) Bapatla Bhimmikunta Kalva; and

(d) if so, the action taken thereon?

A.—

(a) Yes, Sir.

(b) Administrative sanction was accorded by Government for Rs. 444.32 lakhs.

(c) and (d) The attention of authorities has not been drawn (except Appapuram Channel) to the unsatisfactory work regarding execution of (1) Saki Kalva; (2) Cheruvuru Tank; (3) Kankatapalem Darivada Kalva; (4) Bapatla Bhimunikunta Kalva.

As regards the execution of Appapuram Channel, it is to be mentioned that estimates were sanctioned and works were commenced during March, 1979 towards improvements to the super passages of the channel. In order to arrest the water leakage from upstream and downstream edges of the slab of the super passage, the newly constructed vent was plugged and leakage arrested and water was supplied to the downstream to its maximum capacity with the existing three vents. The repairs to damage inside and outside of the slab will be attended to after closure of the canals and instructions were also issued for rectifying defects by the contractors themselves at their cost.

Payment of Sugar-Cane price to the Ryots in Mangalagiri Taluk

287—

4486 Q.—Smt. G. Dhanasuryavati, Sarvasri K. Satyanarayana, M. Omkar and M. Yerraiah Reddy:— Will the Minister for Finance Planning and Sugar Industries be pleased to state:

(a) whether it is a fact that the payment of sugarcane price supplied in 1976 to the tune of 14 lakhs of rupees was not made till today to the ryots of Mangalagiri taluk, Guntur district by M/s. Vijaya Durga Khandasari Mills, Pedaapudi; and

(b) if so, action taken in this regard?
A.

(a) Yes, Sir.

(b) The amount due from the firm to cane supplier is Rs. 78,103-37 paise. Some machinery belonging to the firm M/s. Vijaya Durga Khandasari Sugar Mills was auctioned and the amount of Rs. 73,000 is kept in Revenue deposit. M/s. Southern Sales Manufactures Private Ltd., Vijayawada are reported to have issued a suit notice to the Collector stating that they had supplied a weight-bridge to the Kandasari unit requesting not to disburse the amount till the issue is settled in the Court. Criminal case is reported have been filed against the defaulters from the side of the Department also.

Loans and Special Casual Leave for Government Employees for Cultural Tours

288—5131 Q.— Sri Nallapareddy Sreenivasul Reddy:— Will the Minister for Finance, Planning and Sugar Industries be pleased to state:

(a) whether it is a fact that the Government of Andhra Pradesh have been giving loans and special casual leave to its employees for Cultural tours;

(b) if so, the said opportunity is applicable only to Employees in the Secretariat and whether the same is not applicable to the Employees working in Directorates;

(c) whether it is also a fact that the said opportunity has been rejected to the Cultural Association in the Government Printing Press Hyderabad,

(d) if so, the reasons therefor;

(e) whether Government will take steps to extend the said opportunity to all Cultural Associations of all Directorates including Secretariat;

(f) whether the Government will set up a revolving fund with Rs. 5 lakhs collected from the Employees (N.G.Os. and Class IV Employees Welfare Fund) for such tours;

(g) if so, the time by which it will be done; and

(h) if not, the reasons therefor?

A.—

(a) Yes, Sir.

(b) Yes, Sir.

(c) Yes, Sir.

(d) Since the above facility was only for Andhra Pradesh Secretariat Cultural Association and not for other Associations, the request of the Cultural Association in the Government Printing Press has not been considered.

(e) This does not arise in view of the fact that this facility to the Members of the Andhra Pradesh Secretariat Cultural Association itself has since been withdrawn by the Government.

(3) Re: Handing over the Irram Manzil Govt. Quarters to Institute of Medical Sciences.
Dr. M. Chenna Reddy:— There are nine Medical Colleges in the State including one Dental College. All the city colleges have facilities for post-graduate education for various specialities.

re:—(4) Search by police in the room and house of Sri D. Surender Rao at MLAs Quarters on 17-3-80.

10-40 a.m. 

Sri M. Venkaiah Naidu:—Point of Order. The Hon. Member Sri Surender Rao is not an ordinary Member of the House. He is a Government Whip.

Mr. Speaker:—All the Members are equal. There is no extraordinary Membership here.
Matters Under Rule 329: 27th March, 1980, 183

re: Search by police in the room of Sri D. Surendar Rao, M.L.A. at New M.L.A's Quarters:

Sri M. Venkaiah Naidu:—I am trying to bring to your notice no special feature. He is a Government paid whip. He is also forced to raised the matter in the House.

Mr. Speaker:—It is not a point of Order.

Sri M. Venkaiah Naidu:—I want to know from the side of the Government.

Dr. M. Chenna Reddy:—The Sub-Inspector of Police of Koratla Police Station Jagtyal taluk, Karimnagar district while engaged on investigation work connected with arrest of 14 absconding accused responsible for the murder of M. Jaganmohan Rao, a landlord of Chinnamettapalli village in the jurisdiction of Koratla received information that some of the accused are taking shelter in Hyderabad city. In pursuance of this information the S.I. of Police of Koratla Police station immediately visited New MLA Quarters at about 4 a.m. on 17-3-80 to contact Sri D. Surender Rao, M.L.A. to ascertain from him the details of the accused and he was reportedly aware of the details. The S.I. of police Koratla visited room No. 18 of New MLA hostel where he was informed by watchman to contact the Warden of the hostel. Accordingly the S.I. of police contacted the Warden who told him that the M.L.A. was residing in Quarter No. 113 and he would contact the M.L.A. at the said quarter. Then the S.I. of Police went to Quarter No. 113 and knocked at the door and when the M.L.A. opened the door and came out the S.I. of Police enquired from him whether he had any information or knowledge about the whereabouts of the absconding accused who is said to be taking shelter in Hyderabad city. As the M.L.A. expressed that he had no knowledge of the whereabouts of the absconding accused the S.I. of Police left the place immediately to pursue further enquiries. As such it is not true to say that room No. 18 and Quarter No. 113 were searched by S.I. of Police Koratla between 4-30 a.m. and 6 a.m. on 17-3-81 and that the police behaved in a high-handed manner. It may be recalled in this connection that Sri Jaganmohan Rao, landlord of Chinnamettapalli was way laid on 8th March, 1980 near Mohanraopet while he was going on a motor cycle as a pillion rider from his village shot at with a fire arm and beheaded by extremists led by Sri Prabhakar. Investigation revealed that the murder resulted from the conspiracy hatched by Tirupati Rao, his son Raviprasadarao and his son-in-law Madhavarao of Chinnamettapalli with the active connivance of extremists. As the deceased was instrumental in making the proposal for acquisition of land.....
Sri N. Srinivasul Reddy:—On a point of order, what all he is saying is not relevant, it has no connection with the subject on hand.

Mr. Speaker:—You must quote some rule. What is the rule under which you are interrupting.

Dr. M. Chenna Reddy:—Continued...and as the deceased antagonised the extremists by opening fire on them when his house was attacked, the conspiracy was hatched and murder was committed.

10-50 a.m.

Mr. Speaker:—The discussion is now adjourned till tomorrow.
Mr. Speaker: —I request all the members to resume their seats. I will make an observation and then you can talk. Last time I made it clear that no Police officer shall enter the premises of the hostel without my permission and that is a fact. (Applause). In this case, on the question as to whether there was a search or only information was sought from the member, there are two different versions. The Chief Minister's version is that the Police Sub-Inspector wanted to collect some information from the member and the member says his house is searched. Therefore I will make an enquiry about the matter.

(Interruptions)

Sri M. Venkaiah Naidu:—It is the Police version, not the Chief Minister's version.

Mr. Speaker: —Any Minister gives the information furnished by his department.

Sri S. Jaipal Reddy:—Here the member offers to resign his membership. Let the Chief Minister agree for the appointment of a House Committee.

Mr. Speaker: —I will make enquiries.

Sri S. Jaipal Reddy:—The member is a paid Government whip.

Mr. Speaker:—I will enquire into the whole matter.

Sri M. Venkaiah Naidu:—Speaker has no machinery to do it.
Mr. Speaker;— There is no point of order in that. Point of order arises only when a rule is violated. This is not a point of order. You may give a statement and he may give a statement. It does not mean that there is a point of order.

Sri S. Jaipal Reddy: — The Chief Minister represent the Government. The Government whip, though this matter concerns him personally, has presented a diametrically different version. Can the Government present two versions simultaneously on the same issue in the House. That is the point of order.

re: (5) Fire accident on 23-3-1980 at Peravaripalem in Tenali Taluk, Guntur Dist.

27th March, 1980.

The Hon'ble High Court, Guntur.

Sir,

We refer to your letter dated 18th March, 1980, in which you have sought our opinion on the matter of a fire accident that occurred at Parvaripalem in Tenali Tq. Guntur.

The facts of the case are as follows:

On the 15th of this month, a fire broke out in the Boxcar store located at Boxcar, Tenali. The fire started around 10:30 AM due to negligence in handling wood. As a result, 150sq. ft. of the store got damaged. The damage was assessed at Rs. 10,000.

The boxcar store is located near the railway tracks. Due to the railway accident that occurred earlier this year, the store was closed for 3 days. During this period, the owner of the store was away on business. On the day of the fire, the store was left unattended.

The store owner, Mr. John, immediately took steps to control the fire. He called the fire brigade and they arrived on the scene within 15 minutes. The fire was under control by 11:00 AM.

The store owner has reported the incident to the railway authorities and the fire department. He has also informed the local police.

The store owner is very distressed by the loss and is seeking compensation for the damage. He has requested your assistance in this matter.

We are enclosing a detailed report of the incident for your perusal.

Yours faithfully,

Matters Under Rule 329:
re: Death of three persons due to collapse of railway over bridge at Nidubrolu.

On 19-8-1980 three persons lost their lives due to the collapse of a railway over bridge at Nidubrolu.

The incident occurred on 19-8-1980 and was reported to the authorities. The investigation revealed that the bridge was not properly maintained and had reached a state of disrepair. As a result, the railway could not be used safely.

The authorities were informed and an inspection was conducted. The bridge was found to be in a dangerous condition and was declared unsafe for use.

A report was submitted to the concerned department and necessary action was taken to ensure the safety of the railway tracks.

The incident was a reminder of the importance of proper maintenance and regular inspection of infrastructure to prevent such accidents from occurring in the future.

(5) Collapse of Bus Stand at Nakrekal Nalgonda District.

Sri A. Vengal Reddy:—On 8th March, 1980, at about 17.00 Hours, there was a cyclone with heavy gale in Nakrekal Village in Nalgonda district. Due to the cyclone some damages took place to the R. T. C. Bus shelter portion and the temporary shed built during the time of Bus station construction.

Construction of this R. T. C. Bus station was completed in the later half of the year 1977. Bus station was in use right from the time construction is completed, but was formally inaugurated in July, 1978. The bus station consists of an A.C. Sheet shelter of double cantilever butter-fly type of 60' long and 22' wide. Two R. C.C. Annexures; one for the toilet block and one for Stalls are built on either end of the shelter. Buses are parked on one side of the shelter and the passengers, entrance is provided on the other side. Behind the bus parking bay, a temporary open shed was built at the time of construction of Bus station for housing material. This bus station is located in a Government land at a distance of half kilometre from the former road side bus stop towards Suryapet.

In the cyclone that struck Nakrekal village on the March, 1980, the temporary shed on the southern side of the bus station compound, built during the construction stage was blown off. The A.C. Sheets of this temporary shed were blown into the bus station shed hitting against a temporary R.C.C. jally with panel as a result of which the latter collapsed. Part of the A.C. Sheet roofing of the bus station shed also was blown off in the gale.

At the time of accident one Sri Md. Ahmed Khan, Reserve Police Constable was said to be sitting near the temporary shed located on the southern side of the bus station compound, which collapsed. As a result he sustained serious injuries. Two other passengers named Sarvasree K. Peda Sathaiah and B. Lakshmaiah, who were stated to be sitting near the R.C.C. jally outside the shelter - A.C. sheet panel semi-partition - also sustained injuries. All the three were rushed to the Hospital, where Sri Md. Ahmed Khan, Reserve Police Constable was declared dead. The other two passengers sustained fractures. They were admitted in Nalgonda Hospital and are reported to be progressing.

An ex-gratia payment of Rs. 500/- was paid to the next of kin of late Sri Md. Ahmed Khan. An ex-gratia payment of Rs. 200/- was paid to each of the injured persons.

shelter shed were damaged during the cyclone apart from a portion A.C. Sheet roofing of the Bus station that was blown off. There was no damage to the structure of the bus shelter. The preliminary enquiry conducted by the Corporation revealed no defective construction. However, as a measure of extra caution, Chief Engineer, Roads & Buildings Department has been requested by the Corporation to nominate of the Quality Control Engineer to inspect and report whether the damage is on account of any defect in design or construction. His report is expected within a fortnight.

Repairs to the damages are in progress. Damaged A.C. sheet roofing has already been replaced. Its location is very convenient to the travelling public. Previously, before this bus station was commissioned, buses passing through Nakrekal used to stop on the road side in the midst of the village causing traffic bottle-necks and creating hazards to the road users on the National Highway.

Spoken English:—Reading in the class papers of technical and general importance during the class-improvement of debating skills dictation tests-Use of idiom, suffix and prefix and one word substitutes-group discussion - Comprehension - Reporting of broken passages; General scientific and technical-speaking on an announced topic to install confidence and to help the student to acquire command over the language public speaking.

List of Books for Reference.

5. Writing and rewriting by Harry shaw harper and Row Publishers New York.
Statement Placed on the Table of the House. 27th March, 1980. 215

6. Writing and Researching term papers and reports; A new guide to students by Eugene Ehrillich and Daniel Murphy (Academy Desk Edition).

Mathematics-I Course No. AE(M)101
1st-year
I - Semester 1st year. (2+1) 3 Cr. Hrs.

Course Outlines: Algebra, Trigonometry vectors and differential equations.

Course outlines. 1. Vectors: Concepts of vectors and scalars with physical example. Algebraic laws of vectors additions, subtractions, scalar and vector products of two, three and four vectors and their meaning in mechanics and engineering studies (work, momentum, movement of a force etc.)

By. K. Lakshminarayana.

2. Vector and Tensor Analysis.
By. Speigel.

2. Differential Equations: Formation of differential equations. Solutions of first order differential equations by variables separable method and exact differential equations. Linear second and higher order differential equations with constant coefficients and particular integrals when the denominator does not vanish. Applications of these in mechanics.

By S. Narayan.

2. Differential Equations.
By E. T. Piaggio.

3. Algebra: Partial fractions including heavy sides rules for linear factors-Elementary notions of convergance and divergence of an infinite series by Ratio and comparison tests-Binomial theorem-expansion for any index evaluation of middle term for any index Evaluation of index term and general term,
4. **Trigonometry**: Complex numbers and their representation. De Moivre's theorem and its applications. Exponential logarithmic Circular and Hyperbolic functions of a complex variable separations into real and imaginary parts.

   By Venkataraman.  
2. Higher Algebra  
   By Hall and Knight.  
3. Trigonometry Part-II.  
   By S.L. Liney.

Mathematics-II  
Course No. AE(M) 102.  
1st-year  
II - Semester 1st Year. (2+1) 3 Cr. Hrs.  
Course Title: *Calculus and Co-ordinate Geometry*

**Course Outlines**.  

2. Methods of integration by substitution and by parts, rational integration of Algebraic, Trigonometric, logarithm exponential functions etc.

Statement Placed on the Table of the House. 27th March, 1980.

Books:
1. Calculus.
   By Manic Veachum Piley.
2. Engineering Mathematics Part-II
   By Shantinarayana and K. Venkatesham.
3. Engineering Mathematics V. I.
   By Vankataraman.

Books recommended for reference work:
1. Theory and problems on vector analysis
   By H.C Sindha and J. C. Sharma.
2. Vector Analysis: By B. R. Thakur, H. C. Sinha,
   S.P. Nigam and J. C. Sharma.
4. A Text Book of Algebra By B. R. Tahakur, H.C. Singh,
   B. L. Agarwal and V.B. Johri.
5. A Text Book of Co-ordinate Geometry By D. K. Jha,
7. A Text Book of differential calculus By S.P. Nigam, H.C.
   Sinha and J. C. Sharma.
8. Textbook of integral calculus By H.C. Sinha, V. B. Johri
   and T. R. Prabhakar.
10. Engineering Higher Mathematics By P.D.S. Verma (Publisher)
    Lyall Book Depot, Ludhiana, Delhi.

PHYSICS II—Course No. AE (P) 101
1st-year -I Semest Credit Hours
(2+1) 3 Hours.

Course Outlines:

Theory:
1. Conservation of energy: Conservation of Force, relation between
   force and potential energy. Conservation of mechanical energy. Work
done by non-Conservative forces-Loss of mechanical energy. Principle of equivalence of mass and energy.

2. Conservation of Linear momentum:—Central of mass motion of centres of mass, Linear momentum of a particle and a system of particles. Conservation of linear momentum applications.

6. Surface Tensions:—Intermolecular forces, and surface tension, surface energy, capillansy, derivation of ascent formula, angle of contact and the shape of liquid minisus. Determination of surface tension by capillary rise method. Ploughing and its importance in soil, water conservation.

8. Heat: Isothermal and adia-batic operations, equations of an. adiabatic, work done by a gas during isothermal and adiabatic expansion. Determination of game/by element and Desorme’ methods Reversible and irreversible processes. The carnot cycle and carnot engine
Efficiency of heat engine in terms of temperature of source and sink, petrol, diesel steam engines. The mechanical equivalent of heat, Joules and callender and harn's method for determination of J. Newton's law of cooling. Specific heat determination by the law of cooling.

**PRACTICALS:**

1. Moment of Inertia by Bifilar suspension.
2. Moment of Inertia by Fly wheel.
3. Young's modulus by Searle's method.
4. N. Torsion method (Static method).
5. Surface tension by capillary rise method.
6. Thermal conductivity of a good conductor by Searle's method.
7. Thermal conductivity of a bad conductor by Lee's method.
8. (Gamma) by element's and desorte's method.
10. Viscosity by poiseuilles method.
12. True density of soil sample.

**PHYSICS-II**  Course No. AE (P) 102  
II Semester 1st year Credit  
Course (2+1) 3

Course outlines:

**Theory.**

2. Sound:—Waves, transverse and longitudinal, phase velocity and wavelength, characteristics of wave motion V-n relations, Newton's formula for the velocity of sound in gases, laplace correction, effect of density pressure, temperature, wind-velocity and humidity-stationary wave and progresses waves. Laws of vibration of strings, fundamental and harmonic of a vibrating string, sonometer, Melde's expit. Determination of Velocity in air by resonance method—Velocity of sound in rod by Kunts tube exposure sound measurement units—Doppler's effect—Phenomenon of heats—mach number.

3. Optics:—Photometer, Luminous intensity, illumination, Luminous flux and their units. Flicker and Lummar Brodhan photometers.
Combination of two thin lenses separated by a distance. Defects of images. Achromatic combination of lenses Huygen's eye pieces.

Interference — Qualitative treatment of Huygen's principal and young's experiment.

Intensity of interference pattern in young's expt. Interference from thin films. Transmitted and reflected Newton's rings. Michelson's interferometer.

Prism Spectrography — Dispersion through a prism. Dispersion without deviation and deviation without dispersion, dispersive power constant deviation spectroscope. Production of pure spectrum spectrometer and its uses. Types of spectra, ultra violet and infra and radiations, complete range of the electromagnetic radiation. Absorption and emission spectra and their analysis. Phosphorescence and fluorescence.

Practicals:

1. g. by compound pendulum.
2. Velocity of sound in air by resonance tube.
3. Verification of laws of vibration of strings (Sonometer)
4. Melde's experiment.
5. Velocity of sound by Kundt's tube.
6. Determination of wave length of mono-chromatic light by Newtons' rings experiment.
7. Resolving power of telescope.
   (Normal incidence)
10. Determination of specific rotation using polarimeter. 
11. Determination of angle of minimum deviation for various 
    colours of spectrum refractive index of the prism.  
12. To verify the relation between volume of air and the frequency 
    of note that produced resonance with it.

COURSE TITLE: GENERAL CHEMISTRY

CHEMISTRY-I: Course No. AE (C) 101 I year I semester Credit 
   House (2-1) 3.

Course Outlines:

Theory: Atomic structure-Chemical bonding-Electronic theory of 
   valiability Kinetic theory of gases Radio activity Isobopes 
   Isomers Radio active isotopes and their uses in Agriculture of 
   Technology of Water Boiler feed Water Hardness temporary 
   and permanent Boiler scales their formation water softening 
   Lime and soda methods Phosphate treatment Demineralisation 
   Boiler Corrosion Dissolved gases dissolved salts 
   Foaming and priming Physical and Chemical properties 
   classification of insulating materials Principles of measurement 
   of dielectric constants Fuels solid liquid and gaseous fuels 
   Nuclear energy Fission and fusion of Atomic nuclei-Sources of 
   nuclear fuels Explosive and Rocket fuels.

Practicals: Irrigation water analysis Determination of total soluble 
   salts Determination of salts in irrigation water by conductivity 
   method Determination of Carbonates and bicarbonates 
   Determination of Chlorides Determination of Sulphates Determination 
   of sodium-sodium and Sulphates Determination of Sodium sulphate. 
   Ratio Measurement of Surface tension and Viscosity PH meter 
   and determination of PH-Estimation of Na,K, and Ca, by flame photometer.

Chemistry-II

Course No AE(C) 102 I year II Semester. 
   Credit House (2-1)3

Course Title: Physical and Inorganic Chemistry

Course Outlines:

Theory:

1. Phase rule and its application to the following systems:
   (a) Water (b) Carbondioxide (c) Binary metallic iron and Carbon

2. Thermochemistry-Internal energy and Enthalph Hess law Heat 
   of combustion with Bomb calorimeter
3 Chemical equilibrium and Chemical kinetics.
4 Electro Chemistry and corrosion and electrochemical theories on corrosion.
5 Heterogenous catalysis theories and industrial applications.
6 Surface chemistry adsorption, types of adsorption longmier adsorption Isotherms Gaseous films on solids.
7 Modern concept of acids bases PH buffer solutions.
8 Transitional elements General principles and processes involved in metallurgy Properties and uses of important alloys and intermetallic compounds Glass and Ceramics Cements, Mortars and clays. Lime and gypsum materials, their properties with respect of agricultural usages Non ferrous alloys Chemical composition Analysis and applications-Semix conductors (i.e.) Sillicor, Germanium Selenium.

Course No. State-Math 100 1st Year II Semester Credits (11/2)
Title of the Course Elements of Statistics

Definition and scope of statistics Collection, classification and tabulation of data; frequency distribution; Diagramatic and graphic representation of Data : Measures of Central tendency ; measures of dispersion, concepts Null Hypothesis, levels of significance, degrees of freedom Statistical population, sample tests of significance ; standard normal deviate test ; test for one sample and two F-Test, simple correlation and regression.

Practical. Problems of different aspect covered in theory.

AGRONOMY-I

Course No. AE(Ag) 101 Credits (1=1/2) Hrs.
Course title : Whether and Soil Incrop Production I year Semester.

Theory:

Development of Agriculture as a Science-Weather and its importance in Agriculture-Agricultural Seasons-Soil physical properties-Tillage and intercultivation Soil fertility and its management-Manures and
fertilisers Management of saline, alkaline and acidic soils. Crop rotation and mixed cropping in relation to soil fertility.

Practicals:
Study of materiological instruments and their working. Tillage and intercultivation implements. Identification of manures, fertilisers and green manure seeds and crops. Methods of fertiliser application. Participation in farm operations and maintenance of practical records.

Course title: Agricultural Botany
Credits: (2+1)3

Course No. AE (AB) III.

Course Outlines:

Plant morphology:—Root and its modifications stem its modification leaf and its modifications flower. flower Polluation and fertilization fruits types seeds. Structure and germination of few importance seed types.

Seed production practicals:—Field standards seed multiplication in cereals, pulses, oilseeds and fibres-moisture of the seed at the time of harvest different methods of threshing of harvest different method of drying cleaning of grading-seed treatment methods of storage-detrioration of seed-longevity and vaibility of storage.

Water relations:—Differences, Osmasoses, absorption translocation and transpiration water requirement of plant factors affecting Water requirement.

Plant Ecology:—Plant adoptration to enviorment Hydrophytes mesophytes and lerophytes vegetin types of India.

Practicals:
Simple exersises on the above topics.

HORTICULTURE-I

Course Title. Principles of Horticulture.
Course No. 181 Credits 2(1+1)

1st Year II Semester

Propagation. Sexual and Asexual methods, relative merits of these methods. Propagation by seed, cutting, layering, grafting, budding an d
other vegetative propagation methods. Stock-scion relationship, Factors affecting the efficiency of asexual propagation.

Orchard culture, manuring irrigation and other intercultivation operations.

Training and pruning, objectives, common methods of training and pruning of fruit plants, disbudding, de-blossoming, fruit thinning, root pruning etc.

Factors effecting flowering, fruit set and fruit drop compatible pollinizers.

Test or maturity, harvesting, grading, packing storage and marketing of horticultural crops. Plant growth regulators-their use in horticulture.

Practicals:

Study of the garden tools and implements preparation of seedbed, raising of seedlings and transplaning, Vanamahoh-stava

Propagation by various methods-Potting mixture for different plants, methods of irrigation, Manurial practices followed in orchards.

Farm Forestry
Course No. 584 Cred lits 2(1+1)

Ist year I semester.

Forest resources and potential in Andhra Pradesh, India and World Classification of forest vegetation. Principles of Seed collection and treatment of forest trees, seeding and nursery practices, methods of conservation of forest resources. Effect of forest cover on the site Effect and methods of timber seasoning and preservation. Merits, and demerits of animal grazing in forest, tree soil interaction in relation of echnov.

Practicals:

Field trips. methods of raising forest nurseries, Microscopic examination and identification of wood specimens (commercial timbers).

I. Presentation of the Report of the Committee on Public Accounts;
   Sri L. Narayana, Chairman, Committee on Public Accounts:
   I beg to Present the following three reports of the Committee on Public Accounts;
   
   (1) Fifth Report on Misappropriations, Losses, etc.

   (2) Sixth Report on Supplementary Report of the Comptroller and Auditor General of India for the year 1975-76 (Civil)
Government Bill:

27th March, 1980. 225

Mr. Deputy Speaker:—Reports Presented.

2. Presentation of the Report of the Committee on Welfare of Scheduled Tribes:

Sri P. Jangan Naik:—Chairman, Committee on Welfare of Scheduled Tribes:

I beg to present the following two reports of the Committee on Welfare of Scheduled Tribes:

(1) Third Report of the Committee on Welfare of Scheduled Tribes on action taken by the Government on the recommendations of the Committee of the House to enquire into matters relating to deficits and misappropriations, etc., in Girijan Cooperative Corporation.

(2) Fourth Report of the Committee on Welfare of Scheduled Tribes on Action taken by the Government on the recommendations contained in the First report on Educational Facilities, Representation in Services, Medical facilities and other Socio-economic schemes implemented for the Welfare of Scheduled Tribes of the Committee on Welfare of Scheduled Tribes (1976-77).

Mr. Deputy Speaker:—Reports Presented.

Hon'ble Members,

In the last sitting, considering the importance of the subject matter and the need for better organization of the proceedings, the Government proposed to introduce a Bill in the House. The Bill was introduced by the Hon'ble Minister of Finance, who delivered a brief introduction. The Bill was referred to the Finance Committee for consideration.

The House was adjourned sine die.

The A. P. Appropriation Bill, 1980

The bill provides for the following:

1. Appropriation of Rs. 1,200 crores for the financial year 1980-81.
2. Appropriation of Rs. 1,300 crores for the financial year 1979-80.
3. Appropriation of Rs. 1,400 crores for the financial year 1978-79.

The bill also provides for the following:

1. Appropriation of Rs. 1,500 crores for the financial year 1981-82.
2. Appropriation of Rs. 1,600 crores for the financial year 1982-83.

The bill is a necessary step to ensure the smooth functioning of the government and to meet the financial requirements of the state.

The bill was passed unanimously in the Assembly.
