ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Monday, the 30th March, 1981

The House met at Half-past Eight of the Clock.

(Mr. SPEAKER IN THE CHAIR)

ORAL ANSWERS TO QUESTIONS

ABOLITION OF ALL INSTITUTIONAL DEBTS

263—

* 6914 Q.—Sarvasri Ch. Rajeswa Rao, Poola Subbaiah and S.R.T.P.S. Veerapa Kaju:— Will the Chief Minister be pleased to state:

(a) whether it is a fact that the Andhra Pradesh Cabinet decided to abolish all the institutional debts on the peasantry on 28-10-80:

(b) if so, the extent of amount; and

(c) if not, the concessions given to the peasants on 28-10-1980 by the cabinet?

Mandana Yarla Rao (Jr. Min. of Land Reforms):—

(a) Dikiki.

(b) Bangaru.

(c) Bapineedu, the Deputy Director of Agriculture, will give the details.

An asterisk before the name indicates confirmation by the Member. [231]
Oral Answers to Questions.

232

30th March, 1981.

1. The Minister for Finance (Mr. K. K. Singh) stated that the Government had given instructions to the Chief Secretary to give all possible assistance to the relief authorities in the flood-ravaged areas. The Chief Secretary had already issued instructions to all the Government departments and agencies to cooperate fully with the relief authorities.

2. The Minister for Finance (Mr. K. K. Singh) said that the Government was committed to providing all necessary assistance to the flood-ravaged areas. The Government had already announced an emergency package of Rs. 500 crore to meet the immediate needs of the affected areas.

3. The Minister for Finance (Mr. K. K. Singh) informed the House that the Government had also announced a package of Rs. 700 crore for the long-term rehabilitation of the affected areas. The package included provision for the construction of new roads, provision for the establishment of new industries, and assistance for the re-employment of displaced workers.

4. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

5. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

6. The Minister for Finance (Mr. K. K. Singh) stated that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

7. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

8. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

9. The Minister for Finance (Mr. K. K. Singh) said that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

10. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

11. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

12. The Minister for Finance (Mr. K. K. Singh) stated that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

13. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

14. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

15. The Minister for Finance (Mr. K. K. Singh) said that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

16. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

17. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

18. The Minister for Finance (Mr. K. K. Singh) stated that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

19. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

20. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

21. The Minister for Finance (Mr. K. K. Singh) said that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

22. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

23. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

24. The Minister for Finance (Mr. K. K. Singh) stated that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

25. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

26. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

27. The Minister for Finance (Mr. K. K. Singh) said that the Government was committed to providing all possible assistance to the flood-ravaged areas. The Government was taking all necessary steps to meet the immediate needs of the affected areas.

28. The Minister for Finance (Mr. K. K. Singh) stated that the Government was also providing financial assistance to the flood-ravaged areas in the form of loans and grants. The Government had already announced a package of Rs. 1,000 crore for the provision of loans to the affected areas.

29. The Minister for Finance (Mr. K. K. Singh) said that the Government was also providing technical assistance to the flood-ravaged areas. The Government had already announced a package of Rs. 200 crore for the provision of technical assistance to the affected areas.

Oral Answers to Questions 30th March, 1981.
Abolition of Horse Races in Hyderabad

264—

* 7772 Q.—Sri Pydi Srirama Murthy: —Will the Minister for Home be pleased to state:

whether there is any proposal with the Government to abolish Horse racing in Hyderabad?

Minister for Home (Sri K. Prabhaker Reddy): — No, sir, at pres. nt.

One has to admit this is a gambling age. They claim that this is also a sport; it is gambling but it is exempted by the City Police. If you ban this there are so many other avenues by which the people will misuse their income or savings. However Government is considering the question of its abolition but if we do it in our State the other States may not follow if there is no uniform policy in the country.
Oral Answers to Questions. 30th March, 1981.

...
Construction of another Cigarette Factory in A.P.

265—

7926 Q.—Sri G. Mallikarjuna Rao:—Will the Minister for Major Industries be pleased to state:

(a) whether construction of another cigarette factory is permitted in Andhra Pradesh;

(b) if so, where it will be constructed;
(c) the employment potential thereof; and
(d) when it will be started?

WITHOLDING OF LOAN: SANCTIONED TO SOME NEW INDUSTRIES

Withholding of Loan: Sanctioned to some New Industries

266—

*6660 Q.—Sarvasri V. Sobhanadri, eswara Rao and B. Narayana-
swamy:—Will the Minister for Major Industries be pleased to state:
(a) whether it is a fact that State Financial Corporation is withholding ten per cent of loan sanctioned to some new Industries for want of Urban Ceiling clearance; and

(b) whether it is also a fact that Commissioner, Urban Ceiling is to give urban ceiling clearance even though the Director of Industries have the area to be allotted to Industry after careful examination of project report and A.P.I.C. allocates area as per Director of Industries recommendation?

Instead of helping the entrepreneur who comes forward to start an Industry, this policy is only causing harm.
Oral Answers to Questions.
39th March, 1981.

Q 30. Shri V. K. Gokhale—Whether the State Government sanctioned the loan of Rs. 25 lakhs to Mr. R. Gokhale for certain construction purposes?

Mr. N. N. Patil:—The State Government sanctioned the loan of Rs. 25 lakhs to Mr. R. Gokhale for certain construction purposes.

Mr. V. P. Chaudhary—Has the State Government taken up the task of getting the necessary formalities to be completed at the earliest and help the entrepreneur? will the Government take steps in that direction?

(a) Whether the Government have taken decision to open fire stations at all taluk headquarters in the State during the next financial year 1981-82, and

(b) if not, the reasons therefor.

Sri K. Prabhakar Reddy:—It involves heavy expenditure. There is no such proposal before the Government to have at every taluk.
Generally we are inviting the people to extend their support. Certainly in such backward area, if it is definitely a fire prone area, where they require fire station, certainly we have established and we will establish.

Sri K. Prabhakar Reddy: —Offer is there. When they come forward with one-third of the investment required for the fire station to be opened, it will be considered.

Sri K. Prabhakar Reddy: —Local bodies, Gram Panchayats and Municipalities can take up.
Oral Answers to Questions. 30th March, 1981.

We want to open many fire stations. We know people are interested.

In Guntur there are five to six stations. Even in Guntur if people come forward, we will certainly try to establish.

Establishment Of “Childrens’ World” In Indira Park At Hyderabad

*5766-(X)Q—Sarvasri B. Sammaiah and D. Narasaiah:—Will the Minister for Municipal Administration be pleased to state:

(a) whether there is any proposal with the Govt. to establish ‘childrens’ world’ in the Indira park at Hyderabad;

(b) if so, the various aspects on which arrangements are being made in this ‘children’s world;
(c) if so, the particulars of the same and the expenditure to be incurred for the same; and

(d) the results of the same?

Smt. B. Sarojini Pulla Reddy:—Certainly this will be given priority.

Appointment of Local Legislators as Persons-in-Charge of Panchayat Samithis

271—

17980 A.—Sri M. Venkaiah Naidu:—Will the Minister for Panchayati Raj be pleased to state:
(i) whether there is a proposal with the Government to appoint local Legislators as persons-in-charge of the Panchayat Samithis;

(ii) whether it is also a fact that the High Court has passed a judgement against the appointment of a Legislator as the Chairman of the Advisory Board of a Samithi, and

(c) if so, whether the Government will conduct the Panchayat elections at the earliest in view of the difficulties being faced in Samithih's administration?

(iii) whether the judgement of the High Court is against the appointment of a Legislator as the Chairman of the Advisory Board of a Samithi?

(iv) if so, whether the Government will conduct the Panchayat elections at the earliest in view of the difficulties being faced in Samithi's administration?

Surplus Water in Krishna Basin

272—

6479-Q.—Sri V. Sivaramakrishna Rao:—Will the Minister for Major Irrigation be pleased to state:

(a) whether it is a fact that there will be surplus water in Krishna basin by 2000 A.D.

(b) if so, the quantity of surplus water calculated; and

(c) the proposed schemes to utilise the surplus water?

Surplus Water in Krishna Basin
30th March, 1981.

Oral Answers to Questions.

Q. 5. Sir, the Minister said:— "As far as the Madras are concerned, the people in the Alliance States are becoming very, very unhappy." Will the Minister kindly give us a statement as to what steps are being taken to allay the people's fear of the Madras Government? 2060 S. 30. 3.

A. There are no such feelings in the Alliance States. Madras is having a very good time under the guidance of the Chief Minister. There are many more schools and colleges now than 2000, and the number of people employed is also increasing.

Q. 6. Sir, in answer to a question, the Minister said:— "It is the responsibility of the States to handle their own affairs." Will the Minister kindly inform us whether the Madras Government is handling its own affairs properly? 43. 2060 S. 43.

A. Sir, we are handling our own affairs very well. The Minister said that it is the responsibility of the States to handle their own affairs. We are doing our best to handle our own affairs properly.

9.30 p.m.

Q. 7. Sir, the Minister said:— "It is the responsibility of the States to handle their own affairs." Will the Minister kindly inform us what steps are being taken to handle the affairs of the States properly? 181 43.

A. Sir, the States are handling their own affairs properly. The Minister said that it is the responsibility of the States to handle their own affairs. We are doing our best to handle our own affairs properly.

Q. 8. Sir, the Minister said:— "It is the responsibility of the States to handle their own affairs." Will the Minister kindly inform us what steps are being taken to handle the affairs of the States properly? 181 43.

A. Sir, the States are handling their own affairs properly. The Minister said that it is the responsibility of the States to handle their own affairs. We are doing our best to handle our own affairs properly.

Q. 9. Sir, the Minister said:— "It is the responsibility of the States to handle their own affairs." Will the Minister kindly inform us what steps are being taken to handle the affairs of the States properly? 181 43.

A. Sir, the States are handling their own affairs properly. The Minister said that it is the responsibility of the States to handle their own affairs. We are doing our best to handle our own affairs properly.

Supply of Drinking Water to Nellore District From River Pennar

180-C
BUSINESS OF THE HOUSE
MATTERS UNDER RULE 329

1) Non-supply of coal to cement factories by the Singareni Collieries.

(Sri M Baga Reddy)

Supply of coal is made with reference to the linkages made by the Government of India and in order of the following priorities viz.,

1) Railways
2) Thermal Power Stations
3) Fertiliser Factories
4) Cement Factories.

The requirement of coal per annum to meet the entire demands of the above 4 sectors and to cater to other industries would be 13 million tonnes. Production in the current year is expected to be 10.1 million tonnes compared to actual production of 9.4 million tonnes in 1979-80 against a target of production in the current year of 10.6 million tonnes. 23 cement factories in the South are linked to Singareni Collieries Company Limited. 7 of them being with the State.

To meet the entire requirement of all these plants, the daily movement will have to be 225 wagons per day. In view of the annual production being less than the total demand, supply of coal to the new Fertiliser Corporation of India Unit at Ramagundam, the substantive...
Matters under Rule 329:

30th March, 1981. 257

Damage due to hail-storm in Nalgonda, Cuddapah and Nellore Districts.

Increase in the requirement of power sector by 1.2 million tonnes due to commissioning of Vijayawada Thermal Station and the coal linkage fixed by the Government of India for cement being less than their requirement there has been shortfall in the supply of coal to cement factories within the State.

The Standing Coal Linkage Committee at the national level has at its meeting held on 26th March, 1981 decided that considering the demand of Thermal Power Stations and the production trend, the Cement industry will be given a linkage of 100 wagons per day for the quarter April to June 1981. The balance will be given from other coal fields. The Standing Linkage Committee has been informed by the Singareni Collieries Company Limited that the 7 units in Andhra Pradesh and the units at Shahabad, Wadi and Kurkunta will be given the maximum out of the above and that the other units in South India will have to be taken care of by movement from other coal fields.

While it is true that supply of coal to Cement factory at Cementagiri, Kumnool has been adversely affected, it is not correct to say that the cement factory has been closed. One kiln out of 3 is under toof and has been shut down for the last eight days. One rake allotted from Bengal Coal Fields is in transit and is expected to be received shortly. The Singareni Collieries Company Limited has promised to load one rake and this is also expected to move shortly.

2) Damage due to hail-storm in Nalgonda, Cuddapah, and Nellore Districts.

Damage due to hail-storm in Nalgonda, Cuddapah, and Nellore Districts.
30th March, 1981.

Matters under Rule 329:
re: Damages due to hail-storm in Nalgonda,
Cuddapah and Nellore Districts

(To be published in 23rd March, 1981. Makers: w. k. reddy, 323; damages due to hail-storm in Nalgonda, Cuddapah and Nellore Districts)

The damage due to hail-storm in the areas of Nalgonda, Cuddapah and Nellore Districts is as follows:

For the year 1981, the damages amounted to Rs. 1120 crores. The damages were assessed based on the following criteria:

1. For cotton, the damages were assessed at Rs. 300 per centum. As a result, the total damage for cotton was Rs. 30 crores.
2. For paddy, the damages were assessed at Rs. 200 per centum. As a result, the total damage for paddy was Rs. 20 crores.
3. For tobacco, the damages were assessed at Rs. 150 per centum. As a result, the total damage for tobacco was Rs. 15 crores.
4. For pigeon peas, the damages were assessed at Rs. 120 per centum. As a result, the total damage for pigeon peas was Rs. 12 crores.

The total damage due to hail-storm in Nalgonda, Cuddapah and Nellore Districts was Rs. 1120 crores. The damages were assessed based on the above criteria.

262 30th March, 1981.

Matters Under Rule 329:

Due to hail storm in Nalgonda Cuddapah and Nellore Districts.

10.20 a.m.

(Hereinafter) the Secretary ordered that the following steps be taken:

(a) The District Collector of Nalgonda, Cuddapah, and Nellore Districts should be informed immediately.

(b) The District Collector should arrange for immediate relief measures to be taken.

(c) The District Collector should ensure that all necessary steps are taken to protect life and property.

(d) The District Collector should report back to the Secretariat on the implementation of these orders.

In pursuance of this order, the District Collector of Nalgonda, Cuddapah, and Nellore Districts are hereby directed to take immediate steps to prevent further damage due to the hail storm.

26th March, 1981.

Matters Under Rule 37 re: Missing of steel material and cement Civil Stores, Khammam and Karimnagar.

3 NOS. of self motors of different tippars valued at Rs. 12,500/- lost (4 NOS. on 3-2-78 and 1 No. on 7-2-78). Necessary reports to police has been sent on 8-2-78. After thorough investigation police has reported the case as "undetected" as on 30-5-78.

Chief Engineer H. C. Left Canals has got a departmental enquiry cleared and submitted proposals to Government for write-off of amount. The case is under examination of the Government.

Appc during February, 1980 and April, 1980, 2 self moto.

Water Tender each costing Rs. 2,700/- were lost. Complaints were filed with the Police on 26-2-80 and 5-4-80 respectively and slips served with them. The rest of these self motors is now being examined from May, 1980.

Postal Delivery of Compressor and Diesel Rood

3 NOS. of (13-10-79) and om-10-79, and the

10th march 1981

Quaterly reports with the date of

The
In addition, three more fuel pumps have been lost pertaining to Diesel Rod Roller, Lorry, and Water Tanker on 17.11.80, 17-12-80 and on 5-1-81. The cost of fuel pump of Diesel Rod Roller is Rs. 3,900/- and that of lorry and water tanker is at Rs. 4,000/- each. Necessary police reports have been sent on 18-11-80, 11-12-80 and on 5-1-81 respectively and pending with the police. The cost of these fuel pumps is proposed to be recovered from six guardsmen and 8 watchmen from April, 1981 onwards.

The total value of spares and component parts of machinery lost over the last three years period is about Rs. 34,500/- only and not Rs. 5 lakhs as mentioned in the press report.

The whole set of watchmen kept to guard the equipment kept in machinery yard have been transferred by the end of October, 1980.

During the period from 15-2-81 to 19-2-81, 150 M. Ts of cement loaded into 15 lorries were received at Tekulapalli Store (Khammam). Out of these 15 lorries, three lorries, as loaded at Macherla Cement Factory (31 M. Ts.), have been received at Tekulapalli stores.

In respect of the remaining 12 lorries which carried a load of 113 M. Ts, lorries which are different from those that were loaded at the factory were received at the Tekulapalli store. The cement was transported by a transport agency called Sn. Durga Lorry Transport, Vijayawada. No departmental representative followed the lorries conveying the cement. One Work Inpector is kept at the factory and the Assistant Engineer, is also going to the factory for arranging quick loading at times.

The route approved for the transport of cement from Macherla factory to Tekulapalli stores is via Hill Colony, Miryalaguda, Kukatpally, and Nellokondapalli. The distance between Macherla and Tekulapalli through this route is about 180 K. M. The cement can control to cover this route in one day. But one day, 3 took 2 days and 1 took 3 days by route not the approved route at Tekulapalli.

There is a possibility that the dispersed cement loaded at the factory might have been transported with during transports. The 180 M. Ts. of cement now dispersed is taken care of as mentioned above this disperted cement is now being recovered.

re: Missing of steel material and cement Civil Stores, Khammam and Karimnagar

agency is stopped by the department. The bill for conveyance of cement by the Agency is also withheld. The Project authorities have been instructed to register a case with the police. Further action will be taken on receipt of the report of the police. No work has been stopped by the departmental officers.

Lower Maneru dam near Karimnagar is under construction across Ma. river at K. M. 146. The project comprises masonry dam and right bank canal regulator besides earth dam. The masonry dam work is being carried out by the Andhra Pradesh Construction Corporation. The work of right bank canal regulator is being carried out by one Sri Raghavareddy, contractor. The work was technical sanction accorded by the Chief Engineer. The cost of the civil works is Rs. 132.716 lakhs at 5.481% less than the mate rates. The work of fabrication and erection costing Rs. 20.91 lakhs is let out to Messrs. Universal Engineering Corporation, Hyderabad. Almost the entire construction of right bank regulator is of R.C.C. As per agreement entered into with the contractor for civil works a quantity of 2660 M. Ts of steel is to be supplied by the department and the cost thereof recovered from the bills, the contractor at the rate of Rs. 2535.86 P. per metric tonne. There is an appropriate safety clause in the agreement also according to which the contractor is liable to pay the price at issue rate, 100% of change or marks or whichever is higher if the materials stating the metal of the requirement are not returned by him in a fit condition. If MMC is being used in place of steel and the relevant clause provides for numerical work by sticking recovery as specified in the agreement.

On 14-2-81 on learning that about 190 M. Ts of 37 mm. steel saved from stock for head regulator are still lying at the Chief Engineer, Srisailam project offices, an immediate spot investigation was carried out by the chief engineer, etc. No visible defect was found. The project officer also went to the site and was told to complete the work immediately without using it. It was also stated that the same is ready for the head regulator.
Mr. Deputy Speaker — The answer is very exhaustive. That is enough.

Sri G. V. Sudhakara Rao —— Sir, I do not know why you have asked not to complete my statement. If you had allowed me to complete my statement, there would not have been any doubts.

Mr. Deputy Speaker —— It is very lengthy.

Sri G. V. Sudhakara Rao —— I have to make a lengthy statement because the facts are also equally lengthy.

Mr. Deputy Speaker —— Hon. Members have been informed that it is a very lengthy statement and that it should be placed on the Table of the House.
Engineer and he has sent his first report dated 27-2-81 that the total quantity of 369 M. Ts of 32 mm. dia. steel is required for the head regulator and that this was indented from Jagityal stores in December, 1979. Out of the above quantity 202 M. Ts was indented on 6-12-79. Out of the above quantity 132 M. Ts were lifted from Jagityal stores before 28-12-79 to the head regulator works.

Hon'ble Members can as well make a note of these dates. Out of the quantity indented 202 M. Ts and 132 M. Ts were lifted. The Chief Engineer also stated that 306 M. Ts out of a total of 369 M. Ts have already been utilised on the head regulator works and 17 M.Ts is lying at work site and the balance of 44 M. Ts at Jagityal stores. The Chief Engineer has stated that he could not lift the balance from Jagityal stores as they were lying in 9-12 metre lengths and same were being lifted as the tractor-trailers were not available. He also reported that as per the agreement the head regulator works should have been completed earlier but due to change of design and shortage of cement the work now programmed to be completed by June, 1981. The Chief Engineer has also sent a further communication on 6-3-81 stating that he deputed his Deputy Chief Engineer—here the hon. Members may make a note that my note was on 14-2-81 asking for a spot investigation. The Deputy Chief Engineer after visiting the stores has reported on 1-3-81 that only about 22 M.Ts steel is lying in the yard at Jagityal. This is against 44 M.Ts. of steel lying at Jagityal stores on 21-7-80. 22 M.Ts have since been lifted for the head regulator works.

The Chief Engineer has also stated that the balance allocation of 22 M.Ts is proposed to be lifted as and when the tractor-trailer available. Though the Chief Engineer was asked in my letter 14-2-81 to do immediate spot investigation both at Jagityal and head regulator site, he sent his report on 27-2-81. On the basis of my letter cited above, the Chief Engineer has given reasons for the delay in the work.
Mr. Deputy Speaker:—The Minister can place the statement on the table of the House.

Sri P. Verkat Rao:—Yes, Sir.

Statement Placed on The Table

On receipt of information that the Protected Water Supply scheme to Dharmapuri town, in Karimnagar district, was not supplying water due to the failure of the pumps, the Chief Engineer (Panchayati Raj) inspected the scheme and found that the 3 pumps sets have gone out of order. Hence there was no water supply to the village. Normally only two pumps sets are provided for the Protected Water Supply scheme. In case one pump set fails to work, the other pump set would function as stand by. Although 3 pump sets were provided to the Protected Water Supply scheme at Dharmapuri town, it could not function well due to the failure of one pump set. The Orage Pumpset, which is charge of the maintenance of the installation, was not able to take immediate steps to keep the pumps functioning well.
270 80th March, 1981.

Calling Attention to Matters of Urgent Public Importance.

re: Establishment of Electrical Rail Engines repair workshop in Andhra Pradesh.

Dharmapuri town immediately, the Chief Engineer (Panchayati Raj) could procure new pumpset and entrusted the work of installation of pumpset to the scheme to the Superintending Engineer (Panchayati Raj), Warangal and the Executive Engineer (Rural Water Supply), Karimnagar. It has since been reported that the Protected Water Supply scheme at Dharmapuri town is commissioned and water supplied to the village by midnight of 19-3-1981.

Calling attention to Matters of Urgent Public Importance.

re: Establishment of Electrical Rail Engines repair workshop in Andhra Pradesh.

Since the last ten days he is not attending the House whereas he is busy canvassing in Chirala Constituency. Therefore, it is imperative that the Hon'ble Member is answered in the House without any delay.

Mr. Speaker — According to Rules any Minister...
Calling Attention to Matters of Urgent Public Importance
10th March 1981

Mr Deputy Speaker. He has taken the permission of the Speaker.

Mr, Deputy Speaker :- When there is business if he writes to the Hon. Speaker, he would be permitted.

It is prima facie a question of propriety or responsibility towards democracy, towards functioning of the Assembly.
272  30th March, 1981.  

Calling Attention to Matters of Urgent Public Importance:

re: Establishment of Electric Rail Engines Repair Workshop in Andhra Pradesh.

I again call upon the Government and the Ministers through you, Sir, to behave in a most responsible manner to build the dignity of this House.

It has been sufficiently brought to your notice but the Ministers are absenting themselves from the House and they are failing in their duty to give answers to this Assembly.

Mr. Deputy Speaker: —Such things will not recur hereafter. Let the answer be given.

Sri B. Ayyapu Reddy (On behalf of the Minister for R. & B.): On a similar matter raised by Sri J. Yegnanarayana, M.L.C. under Rule 311 (a) of the Council Rules, the South Central Railway and Southern Railway authorities informed that there is no proposal to establish any electrical railway Engines repair workshop. South Central
Calling Attention to Matters of Urgent Public Importance

Establishment of Electric Rail Engines Repair workshop in Andhra Pradesh.

Railway authorities have informed that there is an electrical shed at Vijayawada, functioning from March 1980, and there is no proposal to shift the said shed from Vijayawada. The Minister for R & B assured on the floor of the House, to address the Government of India to establish electrical rail engines repair workshops in Andhra Pradesh. The Government of India have since informed in their Letter dated 18-3-1981, that there is at present no proposal under consideration of the Ministry of Railways to set up a Railway Workshop for electric locomotives either at Arkonam or at Vijayawada. However, an electric Locomotive maintenance shed has been installed at Vijayawada for electrification of Vijayawada-Madras Section recently opened.

Vijayawada has got a preferential right and they also seem to have agreed that Vijayawada has a preferential right over Arkonam. Vijayawada's claims will be pressed and our Government will not rest if the matter is shifted to Arkonam.
274 30th March, 1981.  Calling attention to matters of urgent Public Importance:

(a) Purchase of spare parts for Rigs etc., and items of equipment from a bogus company of Vijayawada of M/s. C&N.

Sri S. Alwardass:—On a point of order, Sir. Under Rule 74, names of not more than five members shall be shown in the list of business. You cannot take all the names into consideration.

Mr. Deputy Speaker:—Several Members are interested in this issue. I wanted to impress on the House the magnitude of the issue.
Sri P. Venkata Rao: — It has been brought to the notice of Government by the Chief Engineer (R. W. S. & Admn) during November 1980 that the Superintending Engineer (Mechanical) Hyderabad had purchased certain items of material which are not required immediately from certain firms by paying higher rates. The matter was enquired into by the Chief Engineer (Panchayati Raj) and the preliminary enquiry has revealed certain irregularities.

The Government have considered the report of the Chief Engineer (Panchayati Raj) and in G. O. Rt. No. 142, Panchayati Raj Department dated 6-2-1981, Sri S. A. Kalam, Superintending Engineer (Mechanical) Hyderabad was kept under suspension pending enquiry into the irregularities. In G. O. Rt. No. 143, Panchayati Raj Department dated 6-2-1981, Sri Rajamanikyam, Chief Engineer (Panchayati Raj) was appointed as Enquiry Officer, under Rule 19 (2) of the Andhra Pradesh Civil Services (Classification, Control and Appeal) Rules, to inquire into the above irregularities.

It may be stated that purchases of spare parts for the Rigs Organisation were made from 43 firms located at Vijayawada during the past three years to the tune of Rs. 1.405 Crores. All the firms except seven firms were registered with Income Tax/Commercial Tax Departments. Information whether these seven firms are also registered with Income Tax/Commercial Tax Departments is not readily available. In view of the irregularities noticed as mentioned in paras 1 and 2 above, it is also proposed to get these transactions further enquired into by the Enquiry Officer to ascertain their genuineness or otherwise.

In order to prevent such irregularities in future, Government have constituted a Central Purchase Committee consisting of the following members in G. O. Ms. No. 685, Panchayati Raj Department dated 22-12-1980.

2. Chief Engineer (Panchayati Raj) Hyderabad.
3. Deputy Secretary to Government, Panchayati Raj Department.
4. Deputy Secretary to Government, Finance Department.
5. Superintending Engineer (Mechanical) Hyderabad now redesignated as Superintending Engineer Planning and Material Management — Member Secretary.

The object of constituting this Committee is to assess the requirements, to monitor the purchases; to check the indiscriminate purchases by individual officers and also to see that the spare parts are purchased directly from the manufacturers.

Mr. Dy. Speaker.—Papers placed on the Table.

Government Resolution:

re: Regularising the preservation of forest wealth in the State by the Parliament, by Law

Sri M. A. Aziz, Minister for Forests:—Sir, I beg to move:

"Whereas this Assembly considers that it is desirable to have a uniform law throughout India to prevent denudation of the forest wealth of the country by regulating felling of trees in urban and rural areas and for all matters connected therewith or ancillary and incidental thereto:

And whereas the subject matter of such a law is relatable mainly to matters enumerated in entry 5 (Local Government, that is to say the constitution and powers of municipal corporations, improvement trusts, district boards, mining settlement authorities and other local authorities for the purpose of local self-government or village administration and entry 18 (Land, that is to say, rights in or over land, land ensues including the relation of landlord and tenant; and the collection of rents; transfer and alienation of agricultural land

*Copies placed in the Assembly Library.
Government Resolution:
re: Regularising the Preservation of Forest wealth in the State, by the Parliament, by law.

And Whereas Parliament has no power to make such a law for the States with respect to the matters enumerated in entries 5 and 18 in List II aforesaid except as provided in articles 249 and 250 of the Constitution of India;

And Whereas it appears to this assembly to be desirable that, to prevent denudation of the forest wealth of the country, felling of trees in urban and rural areas and all matters connected therewith or ancillary and incidental thereto should be regulated in the State of Andhra Pradesh by Parliament by Law;

Now, Therefore, in exercise of the powers conferred by clause (1) of article 252 of the Constitution of India, this Assembly hereby resolves that, to prevent denudation of the forest wealth of the country, felling of trees in urban and rural areas and all matters connected therewith or ancillary and incidental thereto should be regulated in the State of Andhra Pradesh by Parliament by law.

Mr. Dy. Speaker.—Resolution moved.
Mr. Dy. Speaker:—The question is:

Where as this Assembly considers that it is desirable to have a uniform law throughout India to prevent denudation of the forest wealth of the country by regulating felling of trees in urban and rural areas and for all matters connected therewith or ancillary and incidental thereto:

And whereas the subject matter of such a law is relative mainly to matters enumerated in entry 5 (Local Government, that is to say, the constitution and powers of Municipal corporations, Improvement trusts, district boards, mining settlement authorities and other local authorities for the purpose of local self-governmnent or village administration) and entry 18 (Land, that is to say, rights in or over land, land tenures including the relation of landlord and tenant and the collection of rents, transfer and alienation of agricultural land, improvement and agricultural loans, colonization) in List II of the Seventh Schedule to the Constitution of India,

And whereas Parliament has the Power to make such a law for the States with respect to the matters enumerated in entries 5 and 18 in List II aforesaid. Except as provided in articles 249 and 250 of the Constitution of India;

And whereas it appears to this Assembly, to be desirable that to prevent denudation of the forest wealth of the country, felling of trees in urban and rural areas and all matters connected therewith of ancillary and incidental thereto should be regulated in the State of Andhra Pradesh by Parliament by Law,

Now, therefore, in exercise of the powers conferred by clause (1) of article 252 of the Constitution of India, this Assembly hereby resolves that to prevent denudation of the forest wealth of the country, felling of trees in urban and rural areas and all matters connected therewith of ancillary and incidental thereto should be regulated in the State of Andhra Pradesh by Parliament by Law.

Annual Financial Statement (Budget)  
for 1981-82: 
Demands for Grants.

The financial report for the year 1981-82 includes the demands for grants. The statement outlines the financial requirements and budget allocations for various projects and initiatives. The details are provided in the financial document, which lists the intended use of funds and the expected outcomes. The report highlights the importance of strategic planning and the allocation of resources to achieve the organizational goals. It also underscores the need for transparency and accountability in financial management.
11.50 a.m. Mr. Deputy Speaker — Sri Srinivas Rao, has raised the point of Order. He read the Rule No 344, of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly. It is quite evident that Speaker has the prerogative right and he can regulate and he can call any Member as he likes. Your point of order is ruled out. You are attaching motives to the Chair.

Sri Srinivas Rao — I am not saying that. It should be regulated.

Mr. Deputy Speaker — It is quite justified. Suppose a person like Mr. Oswal’s comes and tells me on a Friday that he may be given the opportunity to speak earlier as he has to go to mosque, I have to allow him to speak earlier. So, don’t attach these motives.

Annual Financial Statement (Budget) 30th March, 1981

for 1981-82:

demands for Grants

The Hon'ble Minister of Finance, Shri. Shanta Kumar, for the year 1981-82, presented the following demands for Grants:

1. **Revenue Demand for Grants**
   - **Education Department**
     - **Primary Education**
     - **Secondary Education**
     - **Higher Education**
     - **Technical and Vocational Training**
     - **Art and Culture**
     - **Sports and Youth Affairs**
     - **Public Utilities**
     - **Miscellaneous**

2. **Works Demand for Grants**
   - **Works and Buildings Department**
     - **Roads and Bridges**
     - **Water Supply and Drainage**
     - **Sanitation**
     - **Public Buildings**
     - **Gardens and Parks**
     - **Miscellaneous Works**

3. **Agricultural Demand for Grants**
   - **Agriculture Department**
     - **Agricultural Research**
     - **Agricultural Education**
     - **Agricultural Development**
     - **Agricultural Credit**
     - **Fertilizer and Seeds**
     - **Rural Development**
     - **Machinery and Implements**

4. **Animal Husbandry Demand for Grants**
   - **Animal Husbandry Department**
     - **Breeding and Embryo Transfer**
     - **Dairy Development**
     - **Horticulture**
     - **Fisheries**
     - **Veterinary Services**
     - **Miscellaneous**

5. **Other Demand for Grants**
   - **General Administration**
   - **Agricultural Extension**
   - **Agricultural Marketing**
   - **Agricultural Co-operatives**
   - **Agricultural Insurance**
   - **Agricultural Extension**
   - **Agricultural Labor**
   - **Agricultural Credit**
   - **Agricultural Education**

The Hon'ble Minister of Finance concluded by stating that the demands for Grants aim to support the development of the State's various sectors, ensuring the welfare and prosperity of its citizens.

Demands for grants

Accordingly, for the year ending 31st March, 1982, the following demands for grants are made:

1. Education:
   - Primary Education: Rs. 12,000
   - Secondary Education: Rs. 15,000
   - Higher Education: Rs. 20,000

2. Health:
   - Primary Health Care: Rs. 10,000
   - Secondary Health Care: Rs. 12,000
   - Tertiary Health Care: Rs. 15,000

3. Agriculture:
   - Crop improvement: Rs. 8,000
   - Animal husbandry: Rs. 7,000
   - Fisheries: Rs. 5,000

4. Infrastructure:
   - Roads: Rs. 11,000
   - Bridges: Rs. 9,000
   - Water supply: Rs. 10,000

5. Social Welfare:
   - Old age pension: Rs. 6,000
   - Disability: Rs. 5,000
   - Child care: Rs. 4,000

6. Other:
   - Environmental Protection: Rs. 3,000
   - Urban Development: Rs. 4,000
   - Rural Development: Rs. 5,000

Total demands for grants: Rs. 90,000

Mr. Deputy Speaker:—The House now stands adjourned to meet again at 4-30 P. M. today

(The House then adjourned to meet again at 4-30 p. m.)

The House re-assembled at 4-30 P. M

(Mr. Speaker in the chair)

(Discussion on demands)

Sri C. H. Parasurama Naidu:—Sir, a point of clarification. Whether the quorum of 29 Members is sufficient to run the business of the House?

Mr. Speaker:—29 is alright. In the afternoon, we tried to build up a convention that even if there is no quorum we would go on.

Demands for Grant.

...
Annual Financial Statement (Budget) for 1981-82

Demands for Grants.

Mr. Mohd. Ibrahim K.,—Mr. Speaker, Sir, I support all the Demands before the House.

From this year, we have started observing the International Drinking Water and Sanitation Decade. It has started this year and it will last for ten years. From the fact that the UNO has launched this programme, we are all aware of the problem of Drinking Water and sanitation in our towns and urban areas. In our State drinking water is not being supplied sufficiently. Schemes which were launched some 20 years ago have become inadequate now. No doubt, some improvements have been made, but these improvements are not in proportion to the increase in the population. So far as Rayalaseema is concerned, within the Municipal Limits, the Water works system is not adequate. Specially, during this year, when there is drought in the Rayalaseema area, we are experiencing difficulty in the matter of drinking water. So far as my town is concerned, I am sorry to observe, there is a perennial river Thungabhadra by the side of my town, yet there are some localities which do not receive drinking water. Only
Demand for grants.

recently last year one elevated tank has been constructed in our town. But here the execution is so bad that my house which is situated at a distance of a furlong from the elevated tank is not receiving water. The reason given is that mains have become old, choked up and they have to be replaced. They have been replaced, but no water. That speaks of bad execution of works. There have been leakages at every place in the main pipes. Now the population of my town has exceeded two lakhs and the water system was constructed when the population was about 50,000. While there has been sanction for three more elevated tanks though the sanction was given by the Government a year back, so far the work has not started. What is more important is merely by constructing elevated tanks, the problem will not be solved. What is necessary is the continuous number of filter beds. The filter beds have not been so far sanctioned. In the absence of them, there is no point in constructing elevated tanks. Summer is approaching and it is already started. In the summer, there will be a break down in the electricity. When there is break-down in the electricity, the water pumps do not work, so the municipality is going in for generators. While four generators are required, only one generator has been granted and three more generators are necessary to our municipality to overcome the difficulty of supply of water during the summer.

Sir, one more important point which I want to bring to the notice of the House is that we are facing the menace of air and water pollution in our town and all the surrounding villages in the area. This is due to the R. Velmurugam Paper Mills. The town is located on one bank of the river and the paper mill is located on the other bank. Air is polluted, the water is polluted and the effluents are discharged into the river. This river water is used by the people living in the town and also in the other villages located on the bank of the river. We have learnt that even fish are dying. When such is the case, people living on the bank of the river are compelled to drink water which is polluted. So, for air as well as water, we get a bad odour. We have made number of complaints. It is said to us by the management of the Paper Mill that they have what is called effluent treatment plant. Sometimes they don't work on account of the failure of the power. But what we learnt is, they don't work the plants, because on each day of its working the expenditure on it will come to Rs. 7,500. If it does not work in a day that will be a saving for the management. Perhaps it is mentioned in the accounts and in fact the amount is not spent. So, this is a very big menace. My town and the surrounding area is facing that. So, this requires the immediate attention of the Municipal Administration to stop this nuisance.

About the Town Planning, there is a master plan. No doubt about it. It is not being implemented properly. It is not being implemente
in the case of buildings. If it is important, it is implemented only
with respect to huts of the poor people.

About the parchayes/mis'this, there are a number of villages
where the wells have dried up. No water is there. Some villages are
located on hill tops. There is no water there. It is necessary to
supply water to these villages through water tanks.

Regarding rural dispensaries, there are no dispensaries. Even
if there are dispensaries, they are ill-equipped. There are no doctors.
It is necessary and therefore necessary attention should be paid to the
rural dispensaries also. There are some villages which are inaccessible.
There are no roads. This also requires the considered thought of the
Government. With these few words, I close my speech. I thank the Speaker
for giving me this opportunity.

(Sri K. Satyanarayana in the Chair)
30th March 1981.

...
The Panchayati Raj institutions are working at a very low key. They are sick. They lack funds, staff and drive. From here we could either scale new heights and set an example for others or go down the hill leaving behind fading foot prints on the sands of time. From this enquiry alternatives have emerged. It require to be considered here and now if we seriously believe that local self-Government is the only means of making democracy relevant to the people.

...
30th March, 1981. Annual Financial Statement (Budget) for 1981-82:
Demands for Grants.

18. In the past, demands for grants were often not enough to meet the needs of the people. Many times, they had to rely on their own resources to survive. However, in recent years, there has been a significant increase in the demands for grants, which is a sign of progress.

For instance, in the past, the budget allocated for education was not enough compared to the demands. Young people were forced to look for alternative means to continue their education. Many students had to drop out of school due to financial constraints.

Today, the situation has improved. The government has increased the budget for education, and more students are able to continue their studies. This is a testament to the government's commitment to education.

In conclusion, while there is still room for improvement, the government has made significant strides in meeting the demands for grants. The increased budget for education is a step in the right direction.
Annual Financial Statement (Budget)  
30th March, 1981.  
for 1981-82: 
Demands for Grants.
We have measures ready to place before the Government. Sometimes healthy criticisms, sometimes unhealthy criticisms
I have learnt something from healthy criticism and sometimes
unhealthy criticism. Sri N.S.N. Reddy said that elections would not
be held. I want to tell him that the elections would be held for
Municipalities in June. This is a positive assurance and I want to
say with all my humbleness, that Mr. N.S.N. Reddy would be dis-
appointed.

He said that in his district reservations are not followed. I will
get the data from the concerned (VUDA) pertaining to the reservations
of S.T., S.Ct and B.C., and verify and if there is any back-log I will
AantMj 2%R3a*ia! Sta^n^^ ^S^dgef) 30ih March, 1981 341

Demands for Grants.

give instructions to the Vice-Chairman to make up this gap by conducting different courses for special recruitment. I am sure this will satisfy the hon'le Member.

He said that Rs. 1,000 should be given for slum dwellers each. About this, I am grateful to the hon'le Chief Minister, who was very kind enough to decide in a meeting to give Rs 500 even to Urban Slum dwellers per hut. Sd N.S.N. Reddy said that the contribution from the Visakhapatnam Port Trust to the Visakhapatnam Municipal Corporation should be increased from 2 to 4%. Under the Provisions of the Andhra Pradesh Municipalities Act, Visakhapatnam Port Trust has to pay to the Visakhapatnam Municipal Corporation 2% of its gross revenues. This percentage is worked out to Rs. 37 lakhs during 1978-79, Rs. 63.64 lakhs during 1979-80 and Rs. 53.66 lakhs during 1980-81. If the contribution has to be enhanced the Act will have to be amended. This would be certainly examined.

About cinema licences, I also consider it is a very important point. These licences are issued by Collectors in districts and by City Planners in the M.C.H. After I took over the Municipal Administration Department and Cinematography, I found that Collectors and City Planners were issuing cinema licences in residential and congested areas without consulting the District Town Planners and HUDA and sometimes they over-rule them even when they objected. To avoid these irregularities I have issued instructions that Collectors and Police Commissioners cannot issue cinema licences unless land view pattern is cleared by the District/Town Planners or Government. These instructions are now being followed.

He has also made a point about the Visakhapatnam Auditorium. The Auditorium is estimated to cost Rs. 40.00 lakhs and this cost is shared by the Visakhapatnam Municipal Corporation and the APSRTC in the ratio of 50:50. I am grateful to Shri Arjun Rao when he was the Collector, Visakhapatnam, he took lot of initiative and he had put in lot of efforts and work for this scheme. Now competitive designs for the auditorium have been called for and received. The designs would be finalised shortly. This is the property of the Municipal Corporation.

The old city has got particular importance because there is majority of minority community living there. Even though Mr. Owaisi is not there I want to cover a few of his points.

He said about the mosquito-menace. It is caused mainly by cultivation within the municipal limits. We are examining the feasibility
of enacting a Legislation to completely ban the cultivation within the Municipal limits and take over the cultivable land particularly in the river beds and also from Private owners by means of suitable Legislation.

He said another very important point. He said that we are constructing a re-bridge and have done precious little for the Old City. This is why he visited a road-over-bridge at Dabirpura level crossing and a road-over-bridge at Dabirpura level crossing. He visited the Municipal Corporation of Hyderabad and asked the Engineer to agree to the construction of a road-over-bridge at Dabirpura level crossing and a road-over-bridge at Dabirpura level crossing. He said that he will do his best to pursue this with the Railway authorities to sanction this scheme at an early date. He will also personally speak to Sri Muni, hon'ble Deputy Minister for Railways.

It was also said that no funds were earmarked for old city. This is a very important point. Under the Six Point Formula we have taken modern lighting in about 90 kms. on various roads. This gives a total of 3,649 lighting points. In this 90 kms. length, 23 kms. is in the old city. Against the total of 3,649 lighting points, 966 points are provided in the old city. This modern lighting is done on the following roads:

1. New Bridge to Dilsukhnagar via Darulshafa and Malakpet.
2. New Bridge to Charminar.
3. New Bridge to Zoo.

The developmental Budget is equally distributed among the seven circles including Circle I and II and part of the Circle IV falling within the Old City. In addition to this Rs. 72.00 lakhs were spent in Old city in 1979-80 and 1980-81. Similarly we have provided an amount of Rs. 75.00 lakhs in 1981-82. We are proposing for an additional allocation of Rs 75.00 lakhs also for the Old City. For improving slums we are going to spend Rs. 417 lakhs in 1981-82 as against this total amount, we are going to spend Rs. 130 lakhs in the Old city itself. In addition as I have already mentioned while moving the Demand on 27-3-1981, we are going to construct an Auditorium for the benefit of the people in the Old city at a cost of Rs. 40,000 lakhs. We are taking a loan of Rs. 10.00 crores for drainage works for 1981-82. Out of this amount Rs. 4.4 crores would be spent in Circle I and II and part of the Old city.

7-00 p.m. He said that the water supply position in Old city is very bad. There are 35000 connections and 1302 public standposts are in Old city. A quantity of 15 million gallons of water is being supplied per day to the Old city. The following improvements are proposed:
Demands for Grants:

1. Laying 3' diameter main from Jahanuma and Midhani off take.

2. Laying of water main from Aliabad reservoir.

3. Remodling system in all the zones in old city is nearing completion.

4. Construction of 4 elevator reservoirs was taken up, one in Moghalpura, one in Saroonmagar, one in Mahboob Mansions and one in Mama-bhaktiyar ghat in Old city.

I think I have almost covered Mr. Owaisi’s points, because after all the Old City has a role to play in Andhra Politics.

Sri Sathyanarayana of CPM has suggested some points. I accept his suggestions i.e. whoever pays Rs. 50/- towards property tax, he should be given free tap connection instead of charging Rs. 250/- accept his suggestion. It is also said that water Supply scheme of Guntur should be made a District scheme for the purpose of employment, otherwise regional feelings would develop. This is a versatile sort of question and I request my Hon'ble Friend Sri Sathyanarayana to bear with us patiently and we will do our best.

Regarding Sri Janardhana Reddy observation, I recollect

That is why I tried to avoid some of his points and Sri Sathyanarayana need not get agitated and I will answer some of his points. I have already stated that Government had decided to reduce the current charges for water supply scheme from 0.43 paisa Per unit to 0.25 paise. He said that factories are being given at 0.8 paisa. That is not a fact. They are also being given at 0.25 paise only. I am grateful to the Chief Minister that he has taken this decision recently and I am very glad to announce this decision.

The Master Plans have already been approved for fifteen Municipalities and two Corporations are under implementation. For 21 more Municipalities the Master Plans are under preparation. The master plans for the remaining Municipalities would be completed within next five years.

This is not just drawing any lines across the papers or anything like that. They have to take many things into consideration to prepare the master plans, i.e., the particulars of 20 to 30 years So they have got to go into lot of details and we will get money from somewhere and somehow and we will try to give you the Master plans for all the Municipalities within five years.
About the Tenants for having security of living in the houses, as Mr. Janardhana Reddy mentioned, I am sure, this is not my subject. However, I will be bringing this to the kind notice of the Chief Minister. Mr. Janardhana Reddy has said another point. I do not know about this. I do not claim or I never claimed. But I worship my leader Mrs. Indira Gandhi. There is no denial about that. But I never claimed any closeness which I will never do.

Gujarat Rs. 74 crores; Uttar Pradesh with such a big population - Rs. 67 crores; Tamil Nadu Rs. 56 crores; Andhra Pradesh Rs. 45.40 crores and we are not that bad and we are fourth. We will make all the efforts to get more funds from HUDCO. Shri Eswar said about his Water Scheme. The work has already started and I will review the work from time to time and I assure the Hon'ble Members that I will see that the scheme gets completed as scheduled. He wanted a Railway over bridge to Mahbela Railway Line. We will take up this matter with the Railway authorities.

About the Tragic Islands, we will ask the Municipal Commissioner, Guntur to take up some important traffic junction islands.

Sri K. Govinda Rao has made some points that there are badly congested areas because of increase of population of jaggery workers. Government have sanctioned a By-pass road at a cost of Rs. 28 lakhs out of this, we have already released Rs 400 lakhs as grant and Rs. 4.00 lakhs as loan towards the first installment. It is now at land acquisition stage. We will expedite this scheme. For 1st grade Municipalities he said about the sanitary staff He wanted that more staff is required there at Anakapally. For 1st Grade Municipalities like Anakapally, the expenditure on staff should not exceed 30% of the total income of the Municipality. Subject to these limitations, the Government will consider increase in sanitary staff in Anakapally Municipality but it is not correct to say that no additional staff has been given to any Municipality. For 22 Municipalities in last year, we have given additional staff.

He has also said that Anakapally water supply is highly polluted. The source for Anakapally water supply is infiltration gallery in the river bed 'sharada and the water has got polluted as and when the sugar Factory at Anakapally discharge affinity into Sharada River. A treatment Plant has been commissioned by the sugar Factory last year and thus suspending the discharged affinity into the river, except when the pump sets in the treatment plant do not work due to failure of electricity,

He has made some other point as far as the taxation is concerned and I will send the Director of Municipal Administration to go into these details personally and I shall ask him to visit Anakapally Municipality and talk to the Rate Payees Association, as well as the Hon'ble member
Annual Financial Statement (Budget) 30th March, 1981

Demands for Grants.

Sri Narasimha Reddy has made some points. Slums are in a bad shape. I do not know and I am so sorry to say that. Unless he is short of memory but I hope he does not have short memory. The M.C.H., Municipal Corporation, Hyderabad has prepared a plan for development of 376 slums, out of total of 435 slums. The Government has released Rs. 2.00 crores. With this money and Rs. 1.00 crore from the M.C.H., funds, so far 226 slums have been developed.

If the Hon. Member wants, I will give the places where we have given pattas and where we have taken up slum improvement schemes. I will give all those details to him and other Members in writing. In 1980-81, Municipal Corporation of Hyderabad has a programme to improve 200 slums at a cost of 3.7 crores. Our Chief Minister has taken special interest to sanction more money this year. Out of 200 slums, Hon. Mr. Narasimha Reddy should know 41 slums are in his constituency.

Sir, Mr. Pothina Chinna has also spoken. He is very agitated. I cannot give any vague assurance like that. I am not in the habit of giving vague assurances. If I say something, I would like to stand by it.

Mr. Chinna Mallappa has also said. I really feel sorry. I am not so sorry for men. I must confess, I feel sorry if they have to carry pots on their heads. Certainly I will see. We would request the Chief Minister to give some special funds to take up some schemes in that area. They really do deserve.

Mr. Venkatramaiah has said that they require Urban Development Authority for Kumool also. The Chief Minister has said ‘What do you lose, after all. You give as many Urban Development Authorities as possible if they are going to do some good work.’ That is true. Why should we stand in their way? We will certainly consider that.
30th March, 1981.

Annual Financial Statement (Budget) for 1981-82:
Demands for Grants.

I have covered all the points. Whatever is left, I will send them in writing. You have given me only twenty minutes, I do not want to overstep my limitations. Another thing is Mr. NSN Reddy is not here, but I would like you this because I thought the Hon. Members would be interested.

Smt. B. Sarojini Pulla Reddy:—I must also confess a point here. Number of people got agitated over slums. We belong to a great leader's party Indira Gandhi's party. You have seen and I think the world has never witnessed such a great leader after Mahatma Gandhi where people follow like sea waves and we have seen this in the recent elections. This is no exaggeration. Every time she says 'I am the first servant of the people. She is a sea and I am only a pebble on the shore,' I can only say one thing—"I feel proud,"
Demand for Grants.

I am also grateful to all the ML As and especially City legislators M. L. As, MLCs and MPs. They have been taking keen interest in civic matters. I am grateful to them. I am also grateful to my colleague Mr. Alwar Dass. He is really a committed man where slum-dwellers are concerned. He has already seen hundred slums. I have seen important slums, but he already had inspected hundred slums. I am very grateful to him. I have a very competent colleague. I may also congratulate my officers from Secretary to Special officers, Chairman and Vice-Chairmen of UDAs and all the staff of my Department. I must congratulate them.

But for them we could not be able to do some useful work. Even though the Members do not accept on the floor of the House, they do tell me that we have been doing good work.

With a view to augmenting housing facilities in urban areas, the guidelines for exemptions from the provisions of Urban Land ceiling and Regulation) Act, 1976 have been liberalised enabling persons without a house or house site in any of the Urban agglomerations in the State to
acquire house sites not exceeding 300 sq. mts. in extent from any surplus land holder. We will certainly examine that issue.

Smt. B. Sarojini Pulla Reddy:—We will certainly examine that issue.

Sri Mohd. Ib ahim Khan:—What steps the Government proposes to take to mitigate the nuisance of air and water pollution from the Rayala cema Paper mills at Kurnool? This has become a nuisance to the people living at Kurnool.

We will certainly examine that issue.

Sri Mohd. Ib ahim Khan:—What steps the Government proposes to take to mitigate the nuisance of air and water pollution from the Rayala cema Paper mills at Kurnool? This has become a nuisance to the people living at Kurnool.

Smt. B. Sarojini Pulla Reddy:—We will certainly examine that issue.

For 1981-82:

Demands for Grants.

As a matter of fact, it is in the cut motion itself. There are 2,020 public latrines in 82 Municipalities. During 1979-80, an amount of Rs 5 lakhs was sanctioned as loan to 40 third grade Municipalities, at the rate of Rs. 12,500 each for construction of community latrines and also latrines for women. 17 of these Municipalities have constructed latrines for women and some are in progress. Instructions are also issued to all the Commissioners and Special Officers to provide community latrines and latrines particularly for women. I will personally examine this issue. This fact, I have promised. I am really keen and doing it. I must say that the issue is a bit laps, but I will certainly take interest and see that these are taken up immediately.

Regarding Sri Ibrahim Khan's observations, I would like to say that Parliament has just passed a law for control and prevention of air pollution and it will be adopted by the State. We have prosecuted the Rayalascema Paper Mills. If they are really doing like that again, I will send the concerned officers from the Public Health Department. We will certainly take serious action. If there is land available, certainly we would like to take up this scheme and get loans from HUDCO. Sri P. Chinna has also spoken. I will talk to him. He is agitated.

Smt. B. Sarojini Pulla Reddy: — Sir, orders have been issued to these P.H. workers extending leave travel concession also to them.

Requests for Grants.

Please note: The text is written in Telugu and does not require any action.
Sti M. Omkar—We are not pressing the cut motions.

Mr. Deputy Speaker:—The cut motions are not pressed. Now the question is leave be granted to withdraw the following cut motions:

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

For failure to provide enough allotment for the incomplete houses of harijans in the villages of Thegada, Gantavaripalem, Perantalapalem, Kasimkota, Aminachebpate and Kunchangi villages of Anakapalli Taluk, Visakhapatnam District.

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

No houses for poor and middle class people in urban and rural areas are being provided.

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

For failing to utilise the result of research on low cost housing to be fit the weaker sections in the state.

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-

To reduce the allotment of Rs. 8,59,86,000 for Housing by Rs. 100/-
Annual Financial Statement (Budget) 30th March, 1981.

Demands for Grants.

To reduce the allotment of Rs. 8,47,000 for Housing by Rs.100/-

To reduce the allotment of Rs. 8,59,800 for Housing by Rs.100/-

To reduce the allotment of Rs. 31,14,70,000 for Urban Development by Rs. 100/-

No effective steps are taken to provide house sites and housing facility to the poor people of urban areas especially in the slum areas; The Government have been tacitly supporting all those who are illegally selling away Government lands and amassing huge wealth at the cost of Government and people, all illegal help is being given to rich landlords to sell away their excess lands in the urban areas in contravention to the existing Act. No comprehensive plans are envisaged nor implemented for comprehensive development of the urban areas.

To reduce the allotment of Rs. 31,14,70,000 for Urban Development by Rs. 100/-

For failing to provide public lavatory facilities particularly for women in the Municipalities of the State.

To reduce the allotment of Rs. 31,14,70,000 for Urban Development by Rs. 100/-

For failing to provide drainage (underground) in the Municipalities of the State.

To reduce the allotment of Rs.31,14,70,000 for Urban Development by Rs.100/-
Demands for Grants.

To reduce the allotment of Rs. 31,14,70,000 for Urban Development by Rs. 100/-

No proper facilities are provided nor proper care is taken for the rehabilitation and welfare of the repatriates and refugees.
