ORAL ANSWERS TO QUESTIONS

Reduction of the term of Engineering Technology Degree Courses

213—

"4436-Q. Sarvasri K. B. Siddaiah (Puttur) and B. Ramasubba Reddy (Ranigiri):—Will the Minister for Technical Education be pleased to state:

(a) whether it is a fact that the Osmania University has reduced the term of Engineering Technology Degree Courses from five years to four years; and

(b) if so, the reasons therefor?

Mr. Speaker:—

(a) It is a fact that the Osmania University has reduced the term of Engineering Technology Degree Courses from five years to four years, from 18-3-1979, for the first four semesters of the third year, fourth year, and fifth year.

(b) The reasons are:

1. Theuco of the university's decision to reduce the term of the courses was to improve the quality of education.

2. The decision was based on the recommendations of the university's faculty and the Technical Education Board.

3. The reduction in the term of the courses was expected to reduce the cost of education for students.

Minimum Wages For Beedi Workers

2:3—

7493-Q.—Sarvasi M. Omkar, K. Satyanarayana M. Yerrabolu 9 a.m. Reddy (Badrachalam) and Smt. Mallu Swarajamma—Will the Minister for Labour and Civil Supplies be pleased to state:

(a) whether it is a fact that the Minimum wages for the Beedi workers announced by the Government last year are not being implemented by the owners of the Beedi Factories; and

(b) if so, the action taken against them?

Sri G. Venkataswamy:—Ever since the revision of minimum wages for beedi workers in G.O. No. 272, and G.O. No. 273, dated 7-5-79, efforts are being made in implementing these wage effectively. Although by and large the wages are being paid in the districts of Nizamabad, Adilabad, Karimnagar, Warangal and Medak Reports are being received of payment of less than the minimum wages specially from the district of Mahboobnagar. No effective action could be taken on account of inadequacy of staff. Government have therefore sanctioned this year four posts of Assistant Labour Officers for enforcement of beedi and cigar workers at Nizamabad, Jagtiyal of Karimnagar District, Siddipet of Medak district and Chintal of Mehuboo nagar District. Recently discussions were held by the Commissioner of Labour with the representatives of the Beedi Workers in Mahboobnagar and a detailed programme has been chalked out for launching a special drive in the month of March, 1981. The results would be
reviewed in the first week of April 1981 and further programme would be chalked out During 1980 in 51 cases Claim petitions have filed before the Deputy Commissioner of Labour, Hyd., Dt. and in three cases claim petition, were filed before the Dy. Commissioner of Labour, Warangal January 1981. In the 10 cases, the claims were dismissed. In 15 cases, the claims were allowed. In three cases the claim petitions were dismissed. In two cases the claim petitions were allowed. In 35 cases, the claims were dismissed. In 16 cases, the claims were allowed.

Sri Gulam Samdam.-(Bodhan) How many cases have been booked in Nizamabad District? There was a meeting held at Metpalli regarding beedi workers. In that connection, what action has been taken?

*7863-Q. Sri G. Mallikarjuna Rao (Gurzala):—Will the Minister for Agriculture be pleased to state:

(a) The estimated production of Foodgrains during this year in the state;

(b) The steps taken by the Government to provide proper market for it;

(c) The reasons for not locating the purchase centres for raw foodgrains in Nagarjuna Sagar Ayacut area; and
(d) The steps proposed to be taken by the Government to give the subsidy of Rs. 10/- to the ryots?

Sri G. Venkataswamy:—

(a) The preliminary estimates revealed that the production of all foodgrains during the present kharif is about 72.11 lakhs tonnes.

(b) The State Government has asked the Food Corporation of India and Andhra Pradesh State Civil Supplies Corporation Limited to open as many as 200 and 90 purchase centres respectively, the consultation with the Collectors, and purchase paddy under price support operations to ensure remunerative price for the produce of farmers. The State Government have also announced a premium of Rs. 10/- per quintal of paddy in addition to the support price fixed by Government of India.

(c) The Food Corporation of India, Andhra Pradesh States Civil Supplies Corporation Limited have already opened 16 and 2 purchase centres respectively in Naga Junta Sagar Ayacut area as proposed by Collectors concerned but the offers are very meagre at these centres.

(d) Instructions were issued-vide G.O.Rt. No. 20 Food and Agriculture (CS.I) Department, dated 5-1-1981 to all Collectors for payment of premium of Rs. 10/- per quintal for the paddy offered by farmers at purchase centres opened by Food Corporation of India and Andhra Pradesh State Civil Supplies Corporation on the spot and also placed an amount of Rs. One Crore at the disposal of Collectors for the purpose. The Food Corporation of India and Andhra Pradesh State Civil Supplies Corporation have purchased 7436.06 tonnes of paddy under premium scheme.

Oral Answers to Question.

...
Telugu and Hindi Pandits in Secondary and Upper Primary School

222-A

8032—RQ.—Sr. V. Sivarama Anshu Rao (Badvel) :—Will the Minister for Education reply to state:

(a) whether it is fact that there are number of vacancies of Telugu Pandits and Hindi Pandits in Secondary Schools and in Upper Primary Schools in the State; and

(b) if so, the number of such posts vacant, and the reasons for not filling the vacancies so far?

Minister for Education (Sri B. Venket Ram Reddy) :—(a) Yes, Sir;

(b) Both in Secondary and Upper Primary Schools put together, there are 110 posts of Telugu Pandits (57 Grade-I plus 33 Grade-II and 92 posts of Hindi, Pandits (41 Grade-I plus 52 Grades-II) vacant.

The reasons for not filling the posts are generally,

(i) Qualified and Scheduled C. C. and Scheduled Tribes candidates are not available; and

(ii) the posts are kept vacant, mainly, due to vacant Pandits for teaching, particularly in the case of Telugu Pandits whose training course is only for a period of 5 months.

Sr. V. Anshu Rao :—I have another request. Will the Minister inform me as to why the Telugu only candidates are not appointed for a period of 5 months.

Minister for Education:—The reasons for not appointing Telugu only candidates are:

(i) Telugu only candidates do not get the middle candidates for teaching, particularly in the case of Telugu Pandits whose training course is only for a period of 5 months.

(ii) The Telugu Pandits are not appointed for teaching, particularly in the case of Telugu Pandits whose training course is only for a period of 5 months.
Sri Gulam Samdani (Bodhan): Sir, this is an important question regarding the appointment of PAs in languages such as Hindi, Urdu, Canadian and Marathi. I have previously also put a question as to whether the Government can give compensation to fill up such vacancies, because, generally, the Scheduled Castes or Scheduled Tribes boys or any other boy cannot go for the specialised training of that particular language. That is why whether the Government is thinking for giving exemption where the candidates are not available to take other candidates. Previously also this was questioned but at that time, the Education Minister did not give the answer properly.

Sri B. Venkatrama Reddy:—Sir, I don’t think that it is correct to say that S.C. and S.T. candidates are not coming forward to learn Urdu, Canadian or Marathi etc. As far as I know, many are coming forward and now we have created a special employment programme for these candidates and they are given enough training. Soon after their training is over, they are given immediate appointment also. Assuch there is no question of S.T. and S.C. boys not coming for the training, and for that reason alternative arrangements are not necessary.

Sri B. Venkatrama Reddy:—Sir, it is a suggestion and it is taken note of.
Inspite of the reservations for S.C. and S.T. there is also reservation for handicapped persons. As a result there will be no difficulty; there will be co-ordination between the Social Welfare Department and the Education Department.

(c) if so, the steps taken by the Government on this representation?

A.—(a) Yes, Sir.

(b) Yes, Sir.

(c) The representation of the Indian Tobacco Association preferring their claim for the land in question was rejected as they could not establish their right over the said temple land in the Court.

Registration of Devasthanam Trust in Wanaparthy.

133—

3459-Q.—Sri M. Jaya Ramulu:— Will the Minister for Endowments be pleased to state:

(a) the year in which Devasthanam Trust in Wanaparthy was registered and the properties under the Trust.

(b) the names of the members of the Trust Board; and

(c) the income derived and the expenditure incurred since the inception of the Trust and balance of funds remaining with the Trust?

A.—(a) The institution, viz., Group of temples, Wanaparthy was registered in the year 1968, under section 38 of the Andhra Pradesh Charitable and Hindu Religious Institutions and Endowment Act, 1966. The following are movable and immovable properties:—

(1) Silver articles—167 Tolas.

(2) Gold articles—29 Tolas.

(3) Landed properties—Ac. 1,643 20 Gns.

(b) The institution is being managed by the Hereditary Trustee only.

Encroachment of Pulikalva

134—

4489-Q.—Sri N. Raghava Reddy, Smt. G. Dhanasuryavathi and Sri M. Omkar:—Will the Minister for Minor Irrigation be pleased to state:

(a) whether it is a fact that Pulikalva from Vizianagaram road to Thotada regulator at Anakapalli, Visakhapatnam district was encroached and consequently the irrigation is badly affected resulting in damage to crop in thousands of acres;
(b) whether it is also a fact that repairs to the said Pulikalva were not being made since a long time; and
(c) if so, the action taken thereon?

A.—(a) Pulikalva is a drainage-cum-irrigation source having an area of Ac. 328.32 cents. The width of the course due to the encroachments of local roots resulted in reduction of the discharging capacity of the drain. Due to entering of excess water from the upper reaches frequently, the bed of the drainage course has been shoaled up. However the irrigation has not been affected except in November 1977 cyclonic floods under Pulikalva. Action under the land encroachment Act to get the encroachments on the land of Pulikalva is in progress and notices under Sections 7 and 6 of the Land Encroachment Act were issued to the encroachers. The cut under the above channel was never affected for want of water.

(b) The channel was repaired for a length of miles 1-24 during the year 1974-75 and the balance of 0-7-0 during 1978-79.
(c) Does not arise.

Vacancies of Sub-Inspectors in State Excise Department of Warangal.

135—

7783-Q.—Sri C. Jangi Reddy: Will the Minister for Excise be pleased to state:
(a) the number of vacancies of Sub-Inspectors in the State Excise Department of Warangal Circle; and
(b) the period from which they are kept vacant and the reasons therefor?

A.—(a) The cadre strength of Sub-Inspector of Excise of Warangal division is 121. There are 13 vacancies now.

(b) Three vacancies in September, 1979 and 10 vacancies in November, 1980 have arisen due to promotion of Sub-Inspectors as Circle Inspectors of Excise. The Andhra Pradesh Public Service Commission has selected and allotted 10 candidates. As the direct recruits will have to undergo training, the Deputy Commissioner, Warangal was asked to prepare panels and fill up vacancies of Sub-Inspectors on temporary basis from panels for revenue.

Formation of one Taluk for each Panchayat Samithi.

136—

4884 Q.—Sri V. Sobdhanadreeswara Rao:—Will the Minister for revenue be pleased to state:
(a) whether there is any proposal before the Government to form one taluk for each Panchayat Samithi in Krishna district; and
(b) if so, when the proposal will be implemented?
A.—

(a) and (b) There were 10 taluks and 18 Panchayat Samities in Krishna district. Seven new taluks were formed in G.O.M No. 101, Revenue, dated 29th November, 1979, and one new taluk, Moti, in G.O.M. No. 1475, Revenue, dated 6th December, 1979 taking the number of taluks to 18. The High Court of Judicature, Audh Pradesh, Hyderabad, suspended the operation of G.O. Primary Health Centre Building At Thippayapalem

6371-Q.—Sri Poola Subbaiah—Will the Minister for Panchayatti Raj be pleased to state:

(a) whether it is a fact that Primary Health Centre Building is being built for the last eight years at Thippayapalem, Markapur taluk, Prakasam district; and

(b) if so, the reasons for the abnormal delay?

A.—

(a) and (b) Originally the estimate for Primary Health Centre Building at Tippayapalem, Markapur taluk, Prakasam district was technically and administratively sanctioned for Rs. 42,000 with five rooms. But during the course of execution, the building work was restricted to three rooms with Varandah, Government released Rs. 23,000 in addition to Public Donation of Rs. 10,000 and Private Subscription Samithi share of Rs. 9,000. The work was entrusted to a contractor during 1971-72 and the work was done up to finishing level involving an expenditure of Rs. 17,000. Due to increase in the cost of materials and labour charges the contractor refused to proceed with further work at the old schedule of rates after 19th October, 1973. The Block Development Officer, thereupon, cancelled the contract daily forfeiting the E.M.D. and F.S.D. in the year 1975.

For completing the work according to the revised estimate prepared in 1978 an amount of Rs. 90,000 is required. During Sixth Plan period provision has been proposed in the budget for completion of all the incomplete Primary Health Centre buildings in the State. On receipt of funds, the balance of work will be taken up.

Purchasing Centres In Guntur.

7910 Q.—Sri. G. Mallikarjuna Rao:—Will the Minister for Labour and Civil Supplies be pleased to state:

(a) the number of purchase centres opened in Guntur.

(b) the quantity of foodgrains purchased till now; and

(c) The reason for not opening them in Gurajala, Piduguralla, Macherla, Vinukonda, Narasaraopet and Thadikonda?

A.—

(a) 13 (Thirteen).

(b) Nil.

(c) Purchase centre at Gurajala already opened by Food Corporation of India. Centres at other places not opened as there are no offers of paddy at the centres already opened.

Amount of Rebate Due To Primary Weavers Co-operatives.

877-S Q.—Smt. G. Dhana Suryavathi, Sarvasri K. Satyanarayana and M. Omkar:—Will the Minister for Handlooms and Textiles be pleased to state:
(a) the district-wise extent of amount of Rebate due to Primary Weavers' Co-operatives in the State for the year 1978-79;

(b) whether any amount has been released so far;

(c) the reasons for the delay in releasing the amount; and

(d) the steps taken by the Government for immediate payment of the total Rebate dues?

A—

(a) A statement is given below:

(b) Yes, Sir.

(c) Due to inadequate provision in the Budget for 1978-79 for this purpose and due to non-receipt of Government of India’s share in time.

(d) Enhanced provision has been made in the budget and steps are being taken to get the amounts due from Government of India as early as possible.

Construction of Water Head Tank at the Headquarters Podili Taluk

149 —

5069—Q.—Sri B.G. Prakasam:—Will the Minister for Rural Water Supply be pleased to state:

(a) when the construction of Water Head Tank, (PWS) at the Headquarters of Podili taluk, Prakasam district has been commenced;

(b) the source and place from which water would be supplied to the said tank and how;

(c) the benefits under the said scheme;

(d) the stage at which the said scheme stands at present;

(e) whether the said scheme has been discontinued;

(f) if so, the reasons therefor;

(g) the expenditure incurred for the said scheme so far and;

(h) the time by which it will be completed?

Ruling by the Chair.
re: Privilege Motion on holding meeting in Udayagiri Panchayat Samithi to discuss drought situation, without inviting the local M.L.A.

Mr. Speaker:—Sarvasri G. Latchanna, Jaipal Reddy, Venkaiah Naidu and Sobhanadreeswara Rao have given notice under rule 168 against Hon’ble Minister for Revenue for holding the meeting in Udayagiri Panchayat Samithi to discuss drought situation without inviting in time Mr. Venkaiah Naidu, local M.L.A., thereby giving an impression among the public that Sri Venkaiah Naidu was not interested in discussing drought situation in the area and thus committed a breach of privilege against the Member.

2. Breach of Privilege arises when a Member has been prevented from discharging his duties as a Member of the Legislative Assembly.
Ruling by the Chair:

re: Privilege Motion on holding meeting in Udayagiri Panchayat Samithi to discuss drought situation without inviting the local M.L.A.

3. As quoted in Law of Parliamentary Privileges in U.K. & in India by Mr. P.S. Pachauri at page 124—

"to molest a Member of Parliament on account of his conduct in Parliament is, it is well established, a breach of privilege. But molestation of Members to constitute a Breach of Privilege has, firstly, to relate strictly to some action of the Member connected with his acts or duties as a Member of the House."

4. A question which raised the issue whether Members of the House while acting as a Commissioners under the Private Legislation Procedure (Scotland) Act, 1936, were protected by the Privilege of Freedom of speech, as by other kinds of Privileges of Parliament, was referred to the Committee of Privileges of the House of Commons on June 25, 1941. The case arose out of a circular letter addressed to all Members of the House of Commons by the President and other office bearers of the Highlands Development League. The objection taken was to the use of "seeming irregularities" attributed to Chairman, Ways and Means and two of the Commissioners who are Members of the House of Commons acting under the Private Legislation (Scotland) Act, 1936.

5. The Committee propounded the principle in the following terms:

"It is clear that a libel upon a Member of the House of Commons which concern his character and conduct in his capacity as a Member, and is based on matters arising in the actual transaction of the business of the House constitutes a contempt of the House and a Breach of Privileges."

6. As also mentioned by Kaul & Shakdher in practice and Procedure of Parliament.

"in order to constitute a Breach of Privilege, however, a libel upon a Member of Parliament must concern his character or conduct in his capacity as a Member of the House and must be based on matters arising in the actual transaction of the business of the House."

7. It may be mentioned that Members of the Legislature by virtue of their membership have become Member of Railway Zonal Users Committees, Presiding Members of the Panchayat Samithis and such other public bodies or Committees from time to time. The duties performed by Members of the Assembly in the capacity as
Ruling by the Chair: 23rd March, 1971.

Privilege Motion on holding meeting in Udayagiri Panchayat Samithi to discuss drought situation without inviting the local M.L.A.

Presiding Member of Panchayat Samithi or as Members of Railway Users Consultative Committee are distinct from Members of the Assembly while discharging their duties connected with the business of the House. A Member of the Assembly going in the capacity as a Presiding Member of the Panchayat Samithi prevented from going to the Samithi by others cannot claim any Privilege on the Member of the Assembly.

8. A Member of the Assembly has got certain duties to discharge as Member of the House in the actual transaction of the business of the House and for performing such duties, he has got certain privileges provided in the Constitution and Rules of Procedure of the Assembly. A breach of Privilege of the Member occurs only when it concerns his character and conduct in his capacity as Member of the House and must be based on matters arising in the actual transaction of the business of the House.

9. Hence there appears to be no prima-facie case of breach of privilege. Even though there is no breach of privilege, it appears to be a matter of propriety for a Minister to inform the local Legislator of the Constituency in which the Minister proposes to tour well in advance so that concerned Legislator may have ample opportunity to participate in the public function.

Sri S. Jaipal Reddy:—Since the Speaker has already given the ruling, I do not propose to discuss the merits of the ruling. Sir, I would only like to make two submissions. One is that when we gave the notice it would have been better if we were taken into confidence about the further details and merits of our motion before the final ruling was given. Secondly the Speaker was good enough to observe about the propriety involved in the matter and you were very good enough to suggest that the Ministers when they tour in the areas must intimate the M.L.A. As well in advance, though it does not really involve a question of privilege. I quite agree with the Speaker. But when matter of propriety are outraged and when propriety is not observed what is the remedy. I would like the Speaker to throw light on this.

Mr. Speaker:—It is not for me to say. We go to the next question.

Sri M. Venkaiah Naidu:—The question posed by Sri Jaipal not only concerns the House but also the Government. Let the leader of the house say something. It is an important issue.

Mr. Speaker:—He is not here as soon as he comes we will ask. Now we will take up matters under Rule 329. Sri Jaipal Reddy raised the matter relating to reversion of Co-operative Inspectors.
Rev. 329

Sri S. Jupal Reddy: - Before I speak on this, I would like to say that the Government promised to announce their decision to the House on Dec 31st, 1980, but it has not been announced. Secondly, in reply to a question of the Minister for Co-operatives, the Government announced that it would take a decision on the question of excess payment. Thirdly, I regard to convey your view to the Divisional Engineer of the Electricity Board, you know, Sir, the House, but in reply to the question, I believe the Minister of the House agreed that they would call the Opp. on leader and other interested members for taking a final decision in the matter. The whole trouble is that assurances are readily given but forgotten with equal degree of ease.

Mr Speaker: - Tomorrow the Business Advisory Committee is meeting we will discuss these matters.

Matters under Rule 329

R. (1) Reversion of 225 Co-operative Junior Inspectors

Co-operative department.

Sri S. Jupal Reddy: - In regard to this matter under Rule 329, I would only like to say that by the end of the current month, 225 Co-operative Junior Inspectors are likely to face reversion, on a consequence of which an equal number of L.D.Cs and Typists will face termination of their services. This situation can be avoided only if the training facilities are extended by one year and the creation super-numerary posts for that period. The same situation rose last year also this solution was applied and why is it that this solution has not been applied for the ensuing year.

(Sri A. Ewara Reddy in the Chair)

Sri N. Amarnath Reddy: - In Government order dated 3-5-80 sanction was accorded for the creation of 107 posts of Junior Inspectors to clear off the pending audit work. sanction was also accorded for the creation of 106 posts of Junior Inspectors on super-numerary basis from 1-6-80 to 28-2-81 to enable untrained Junior Inspectors to undergo training. In G.O. 261, F.&A., dated 28-2-81, sanction was accorded for the continuance of the above Posts for a further period of one month from 1-3-81 to 31-3-81. The Registrar of Co-operative Societies has submitted proposals for further continuance of 107 posts of Junior Inspectors in the audit wing and also 92 super-numerary posts of Junior Inspectors for a further period of one year from 1-4-81. The proposal is under consideration and examination of the Government.

President of the Rajaka Abhivriddhi

We are having a sympathetic view; we are going to consider it.

Sri S. Hanum Reddy:—The whole trouble is that the Minister for Co-operation suffers from surplus sympathies.

Calling Attention to Matters of Urgent Public Importance:

re: Loan by the Agricultural Development Banks in drought affected areas for wells.

The Agricultural Development Bank has, however, taken up with Agricultural Refinance and Development Corporation in October 1980 particularly in the drought affected areas. Government also is pursuing with Agricultural Refinance and Development Corporation and the Government also made a reference to the Central Team who visited the drought affected areas.

The banks in the drought affected areas have substantially stepped up their lending operations for development of minor irrigation since September, 1980. The following statement will give an idea of the progress in this regard in Mahabubnagar District: —

| Balance as on 1-2-81 | 4,250 | 1,409 | 3,476 | — |

It is expected that in the months of February and March, 1981 there would be a further stepup in the lending operations of Agricultural Development Banks.

The Banks in the drought affected areas have been striving hard to provide liberal financial assistance to the farmers affected by drought.

re: Loans by the Agricultural Development Banks in drought affected areas for wells

Sri D.K. Samarsamha Reddy:—Probably, I have not made myself clear. The Hon'ble Minister has not understood me correctly. My intention is not bad. I am only wishing that the following might be considered:

(a) A person might be eligible to borrow more than once if his project is found to be a success.
(b) If you read the guidelines I am talking about, you will see that they are formally sticking on to the Circular issued on 22-1-1982. The circular speaks: "Every person who borrows for a project is required to undertake that he will not borrow again before paying back the original loan unless the terms provided in the circular are observed."

If it is true that they are formally sticking on to the Circular issued on 22-1-1982, it is a matter of regret that they have not been able to arrive at any agreement. As a result, the Circular has not been able to be implemented effectively, as feared by the Hon'ble Minister.

As such the Hon'ble member may feel satisfied that he wanted has been done.

Sr. Gulam Samdani:—I want to remind the Minister, previously also the question was put regarding 7th Class when cyclostyled papers were supplied. At that time the same type of answer was given. I request by the next examinations all the students should be supplied printed urdu papers.

Demand—Education.

Sri B. Vekataram Reddy—I may be permitted to intervene at this juncture. Since the Committee has not yet
considered the demand, I do not want to speak about
the amount. However, I would like to say that the
preamble to the budget document is highly commendable,
and it is my duty to present a few views on it. The
preamble speaks about women's education, and it
should be noted that the preamble refers to women's
education in a broader sense. We should not bring the
person who is not present in the House. That is not proper. It is my job as a
Member to get information, especially concerning women's education. I have not her likes nor dislikes.

Sri M. Devegowda—One point I would like to
mention is that the preamble is not very
apt. It speaks about the role of women in the
family. However, the preamble should be
more specific. It should be noted that the preamble
refers to women's education in a broader sense.

Annual Finance Committee (Budget) 23rd March, 1981
for 1981-82: Demands—Education.

Sri Mulla Ibrahim Khan (Kurnool):—Mr. Speaker, Sir, I support this Demand on Education and at the same time give expression to some of my thoughts. We have what is called non-formal education and adult education programs. These programs are intended, as I understand, for the Telugu-speaking people only. I very much wish that the benefits of these programs are also extended to linguistic minorities - Urdu-speaking people, Marathi-speaking people and Kannada-speaking people.

Mr. Speaker, Sir, the elementary education in the State is not in good shape. It is common knowledge that the strength in the elementary schools in the State at every place is very poor. People prefer to send their children to private schools and English medium schools where education appears to be better. We know it is our experience in the city here also parents are willing to give donations in thousands to see their children admitted into private schools. What are the reasons for this? The reasons are many; teachers are not appointed in time; the standard of education is very poor; there is no proper furniture; there is no attraction for the students to attend these elementary schools; there is a number of vacancies of teachers and the posts are not being filled up in time; specially there are a number of vacancies in Urdu classes, running into hundreds and they are not being filled up. The reason given is that these vacancies are reserved for Scheduled Castes and Scheduled Tribes candidates. Sir, when the state has no encouragement for Urdu education can we expect the S.T. and S.C. and B.C. candidates to get themselves trained as Urdu teachers and make themselves available for appointment? We do not have such trained teachers. In such a case will the Government consider to exempt the appointments of Urdu teachers from the application of the this communal roster?

Sir, in Kurnool town we have a first grade Government college but we have only Arts subjects. Science subjects are not provided in the Government college at Kurnool. We have science subjects in a private college, called the Osmania College and every year we see a great rush for admission into science discipline and a number of students are not able to get seats in science subjects. So also we have a Government College for Women, viz., K. V. R. College for Women and the strength of the Science Class is
only 25 seats and the applicants will be to the extent of 100 to 150 and the other students go disappointed. The reason is there is no proper accommodation in the college. As I understand from the Principal, if only accommodation is provided and a new building is constructed, the number of seats can be increased and this has been the demand for a very long time. This demand is not considered by the Government and not being implemented. I very strongly urge that the situation may be seriously considered and a new building may be constructed to provide accommodation and to expand the B.Sc. Class in the K.V.R. College for Women at Kurnool. Then, we have also the college of Education at Kurnool. This is now located in a private building and this building belongs to another educational institution an association which is running a number of educational institutions. Now there is pressure from them and a demand to vacate the building. They are asking the Government to vacate so that they can start their own educational institution in that building. This is a pressing problem. It is necessary that the Government should think of constructing a new building for the College of Education. Earlier there was a building for the College of Education that building was occupied by the Silver Jubilee College with the result that the College of Education has no building of its own. There is plenty of space where the Silver Jubilee College building can be constructed. If not now, at least next year a building has to be constructed for the College of Education. There are a number of problems about education; these have to be attended to by the Government. I wish that necessary attention will be paid by the Department in this regard.

Total number of seats that have been sanctioned in these institutions is sufficient for the intake. However, 150 seats are required. As a result, the intake is below the sanctioned number. In 1981, the intake was 60, but only 50 were filled. 12 students were added to the intake. It is not possible to accommodate these students in the existing building. Even the upper mentioned
class people cannot afford to give this exorbitant capitation fees of Rs. 40,000/- to Rs. 50,000/- to the students of the Intermediate course. In Intermediate course also there is Agriculture Science Subject. In spite of spending these hundreds of crores of rupees the standard of education is going down every year. He will be satisfied, he does not bother even if that teacher does not attend the school and does not impart education.
12.30 p.m.

Last evening we had a discussion on the budget. The demands for the Education Department are considerable. We have taken great pains to bring out some facts. For example, the Principal had transferred the student to another department, but he did not take any action for his continued responsibility. He has defaulted in his duties.

From the Principal level to the Interim Board Secretary. After all, you have transferred him to another department, but you have not taken any action for his duties. You have not taken any action for his continued responsibility. He has defaulted in his duties.

The system has conspicuously failed to meet the social objectives of providing the students with an adequate awareness of the social and material environment and a well balanced education. Instead, it has tended to be arithmetical and irrelevant, remote from the individual from society. As a result, a generation of young men and women has emerged, who are cynical, amoral and alienated from their surroundings.

Education has tended to become a system of cliches and stock responses mostly unresponsive to the personality needs and intellectual changes of a modern society. Students turned out under the system have shown a conspicuous in capacity to think for themselves and to absorb their learning into their lives.

Education, in fact, refers to the development of an individual to the full extent of his intellectual and physical capabilities. Education is the means by which a society transmits its culture to its young generation. It is the process of acquiring knowledge, skills, values, beliefs, and habits that enables an individual to fulfill his role in society. Education can be formal, such as schooling, or informal, such as learning from family and peers.

In ancient India, the focus was on learning from the elders and gaining knowledge from various sources. The Vedas and Upanishads were the primary sources of knowledge. The education system during this time was based on the concept of gurukul, where students lived with their teachers and learned from them.

In modern times, the education system has undergone significant changes. The introduction of modern education systems has brought about a shift from rote learning to critical thinking and problem-solving. This has enabled students to acquire knowledge in a more meaningful and practical way.

The budget for education is crucial in ensuring that the country's educational system remains strong and continues to produce a skilled workforce. The government needs to allocate adequate resources to education to ensure that all segments of society have access to quality education.
