Sri A. Madan Mohan:—The Hon'ble Member is a lawyer like you and me. He knows about the Conduct Rules. If we have to make any overture into the r.s. of the Enquiry Officer, that clears a case of action and she or he may go to Tribunal. So, we will have to function within the limitation. I hope you will appreciate it.

Sri A. Madan Mohan:—I do not know Sir. If that come to that the entire Medical Department has to be segregate from the General Administration and a new code of conduct has to be evolved. That remains to be seen. If the wisdom of the House recommends that, I have no objection in setting it done.

Sri A. Madan Mohan:—The famous legal dictum of 'mens rea' the intention of the person has to be judged, is there.
Whether it is a wilful default or negligence I do concede that there has been an amount of negligence on the part of those who are discharging their duties, I am not defending them. Negligence and wilful default are at variance. It is not a wilful default. If the Hon'ble Member says it is a wilful default, I certainly will not spare them. We could not recommend a greater punishment than the offence committed. I will certainly look into it, I take the sentiment of the House. I will look into it again as to what extent the punishment may be awarded to enforce fear in them.

Sri A. Madan Mohan:—I take the sentiment of the House Sir

re: Lay-off in Sirsilk Ltd,

re: Lay-off in Sirsilk Ltd.,

Minister for Labour (Sri G. Venkataswamy):—The management of Sirsilk Ltd., Sirsilk Kagaznagar applied to the Commissioner of Labour on 15—12—1980 to accord permission under section 25-M of the Industrial Disputes Act, 1947 to lay off 2,400 workmen employed in their establishment as their basic raw material alcohol, is not being supplied by the Government. The company requires 100 lakhs litres of alcohol per annum. They have also stated that during the sugar year December, 1979 to November, 1980 the Government had supplied only 4.5 lakh litres up to June, 1980. They further stated that they have made repeated representations to Government about the shortage of alcohol which was not supplied. The Commissioner of Labour who is the competent authority to accord permission to lay off workers held a discussion with the representatives of the management. It was pointed out by the management that though 10 lakh litres of alcohol has been allotted from Maharashtra, they were not able to supply the same. Therefore the management have said that the lay-off had become inevitable. The Commissioner of Labour based on the records produced by the management and after hearing their oral representation and also of the Union felt that there was some substance in the application of the management to lay off the workers. He has therefore permitted to lay off 545 regular workers. However it is reported that the management have laid off the workmen on different dates as follows:

To the Honorable Prime Minister, Government of Pakistan.

Sir,

I am pleased to forward the Annual Financial Statement (Budget) for the year 1981-82. This statement presents the financial position of the Government of Pakistan and outlines the measures taken to achieve the planned targets.

The financial year 1981-82 was marked by challenging economic conditions. Despite these difficulties, the Government continued to undertake necessary steps to stabilize the economy and ensure social welfare.

In respect of the budgetary provisions, I would like to highlight the following key points:

1. Revenue: The revenue side of the budget is projected to reflect the government's commitment to increase taxation and improve revenue collection. This is expected to generate sufficient resources to fund essential public services and support economic development.

2. Expenditure: The expenditure provisions are designed to ensure the delivery of essential public services, including education, health, and social welfare. The government has also allocated funds for infrastructure projects and poverty alleviation programs.

3. Fiscal Policy: The fiscal policy for 1981-82 focuses on maintaining a balance between revenue and expenditure. This policy aims to sustain economic growth while ensuring fiscal discipline.

I believe that the measures outlined in the budget will contribute to the overall stability and growth of the country.

Yours faithfully,

In our State there is a proposal pending. The Horse-Carriage Act is pending implementation. It should be carried out. The owners of these rickshaws are facing lot of difficulties. The owners of these rickshaws are unnecessarily troubling them. In Madras there is ample space. They have constructed a beautiful stand for them. I have prepared a programme to make the rickshaw pullers the owners. I request that the scheme may be taken up by the leader of the House. I want that we should pass a resolution like that of the Government of Bihar and Madya Pradesh where all the facilities are given and where the rickshaw pullers are the owners of rickshaws. I request you to kindly consider these things. I request the Government and Members to support the non-official resolution moved by Sri Veera Reddy and see that the rickshaw pullers are made as the owners of the rickshaws.

re: Remunerative Prices for the Agricultural Produce of the Peasants.

The 1950-1951 Commercial Year was marked by an abundance of certain crops, with 10 and 12 months of stockpile. During this period, the price of certain agricultural produce was kept artificially low, leading to a decrease in its market value. In order to compensate for this, it was decided to increase the remunerative prices for the agricultural produce of the peasants.

It is recommended that the remunerative prices for the agricultural produce of the peasants be increased as follows:

- Rice: Increase by 1500
- Wheat: Increase by 1510
- Maize: Increase by 1530
- Sugarcane: Increase by 1550
- Cotton: Increase by 1570
- Oilseeds: Increase by 1590

These increases are estimated to cover the costs associated with the production and transportation of these crops. The prices for other crops will be reviewed and adjusted accordingly.

The government recommends that these increased prices be implemented immediately to ensure fair compensation for the farmers.
