There was no malicious intention. It was only to protect the property. This is an issue between two departments. Naturally delay has occurred. I will give the dates.

Work started on 31-3-79, stay was given on 10-9-79 and the stay was vacated on 21-7-80. For 9 months the work had been stopped. I have taken note of it and I am grateful to the Member for this question.

...
Matters under Rule 329: 10th March, 1981.

re: Attack by dacoits between Mannanur and Wattavara Palli Villages on the vehicle of Sri B. N. Raman, Principal Secretary to Govt.

Mr. Speaker:— I am fair.

Sri M. Venkaiah Naidu:— You are fair and even the dacoits are fair because they should not have attached the person of our officers. They have used their discretion.

Sri K. Prabhakar Reddy:— On 2.3.1981, at about 7.00 p.m., about ten offenders armed with sticks, stone and torch lights blocked the road by cutting and putting a tree across the road in between km 151 and 152 on Hyderabad to Srisailam road in forest area between Mannanur and Wattavarlapally villages and stopped two Ambassador cars bearing Nos. ADL-292 and AAU-5109. They pelted stones and damaged the cars.

The culprits snatched 3 wrist watches, two gold rings, cash and clothes worth Rs 7,295/- from Sri B. N. Raman, IAS., Principal Secretary to Government, Irrigation and Power Department, Govt. of Andhra Pradesh, his Special Assistant Mr. Subba Rao, Sri J. Rama Rao, Superintending Engineer, Hyderabad, Executive Engineer and Asst. Engineer who were travelling in cars, at point of knives and beat the car driver. Meanwhile, a police party travelling in a bus reached the spot and on seeing the police the culprits disappeared in the forest. A case in Crime No. 16/81 u/s 395 IPC was registered at Eagalpenta Police Station on 2-3-81 and investigation was taken up. The Police tracked Mannanur Forest area and traced seven accused who are not only involved in the present dacoity case but also in Dornal and Mahanandi dacoities.

There has been an increase both in the number of dacoities and highway dacoities. Besides the local notorious gangs, we have been experiencing depredations from organised, moving criminal gangs of other States. Instructions have been issued to all the Superintendents of Police to take all preventive action by arranging mobile patrols on all National Highways providing escorts to convoys and buses, etc. Accordingly the patrolling on the National Highways has been intensified and escorts to R.T.C. Buses and transport convoys organised. Government have sanctioned additional staff as Dacoit Zonal Officers in Crime Branch C.I.D. It is also proposed to have criminal intelligence units at some districts and danger spots as well.

Sri E. Ayyapu Reddy:—It may not be desirable to leak out all the information publicly.

Sri M. Venkaiah Naidu:—We take objection Sir. The police department has released it to the press.

Sri E. Ayyapu Reddy:—They cannot be allowed to speak. They do not have the patience hear us.

Sri M. Venkaiah Naidu:—We have moved 329. Why should Sri E. Ayyapu Reddy be angry. I do not understand. I am putting questions to the Home Minister. The Home Minister is capable of answering.

Sri S. Jaipal Reddy:—Every thing is there. They were saying property has been recovered, and where was the recovery of the property. We have to disclose the names Sir.

Sri E. Ayyapu Reddy:—When the matter is still pending and the police are still investigating, it is not good to discuss this affair were in the Assembly.

Even in the Criminal Court, the bail is not permitted when the Prosecuting Officer says that it will impair the prosecution. So, I request the Members not to press the Home Minister for details.

Matters under Rule 329:
re: Scarcity of Drinking Water in Warangal

Sri K. Prabhakara Reddy:—There is nothing like that, Sir.

The Hon'ble Members should understand the importance.

Sri K. Prabhakara Reddy:—At present, I do not have the information. Just now, I have got a message from the Superintendent of Police, Kurnool that some property has been recovered.
The Government is also equally anxious to solve the drinking water problem in Warangal. The new scheme for the total supply of 120 lakh gallons of water for Warangal is nearing completion. The water would be released into the Kakatiya Canal. The Irrigation Department informed that it will be completed by June, 1982.
is also a proposal to supply water to the industries from Dharmasagaram, which is under consideration of the Government. In this case, Canal water can be pumped to Dharmasagar for supply to some of the industries, which will help the Warangal Town people and the industries. But human lives are important and we will first supply water to the needs of the people of warangal and then think of supplying water to some of the industries.

Annual Financial Statement Budget 10th March, 1981

(General Discussion)

The year 1981-82, which in its various aspects, is the last full year of the Fifth Five Year Plan, has been a year of some difficulties. The adverse weather conditions resulting in crop failures, the increased prices of essential commodities and the slump in prices of exportable goods have all contributed to the overall economic situation. The inadequacy of the supply of foodgrains to meet the needs of the people, the problem of the energy crisis, the rise in prices of fuel, and the introduction of new taxes have all posed serious problems to the economy.

The budget for 1981-82 has been prepared with a view to dealing with these problems in a constructive manner. The emphasis on the development of infrastructure, the increase in the allocation for education and health, and the provision for increased spending on agriculture have all reflected the Government's commitment to improving the economic conditions of the country. The budget also contains provisions for the development of the rural sector, the promotion of small-scale industries, and the encouragement of foreign investment.

The Government has also taken steps to improve the administration of the country, with the introduction of new laws and regulations, and the strengthening of the tax collection system. The budget has also made provision for the rehabilitation of the affected areas and for the relief of the poor and the disadvantaged sections of the population.

In conclusion, the budget for 1981-82 has been framed with a view to ensuring economic stability and promoting development. The Government is determined to implement the budget in a prompt and effective manner, in order to achieve the objectives set out in the plan.
