Starting of Homeopathic Medical Collage in Rayalaseema

72—

*8749—Q.- Sri A. Venkateswarlu (Vinukonda):— Will the Minister for Technical Education and Indian Medicine be pleased to state:

(a) whether it is a fact that the Government have decided to start a Homeopathic Medical College in Rayalaseema area;

(b) if so, the place at which it will be started and when; and

(c) whether it is also a fact that Government are considering starting of post graduate courses in Homeopathy?
Increase in Minimum Pension of State Government Employees

(a) whether it is a fact that the Minimum Pension of a Government Employee in Tamilnadu is Rs. 250/- per month and for the Central Government Employees it is Rs. 245/- plus 55% DA per month whereas in our State a pensioner is getting a minimum of Rs. 100/- plus 15% DA per month only;

(b) if so, the reasons for the disparity;

(c) whether it is a fact that the pensioners have been representing for its enhancement; and

(d) if so, the action taken thereon?

Sri K. Prabhakar Reddy (Minister for Finance) :— (a) No, Sir. The minimum pension in Tamilnadu is Rs. 100/-p.m. and in Central Govt. Rs. 60/-p.m. In Central Govt., the relief admissible is 62 1/2% of pension subject to minimum of Rs. 62.50 and a maximum of Rs. 312.50 p.m. In the case of those who retired on or after 31-9-77 and opted for the benefit of merger of D.A in pay and for those who retired after 30th April, 1979, the relief admissible is 42 1/2% of pension subject to a minimum of Rs 42.50 and a maximum of Rs. 212.50 p.m.

(b) Since there is no necessity for the Govt. of India and the State Govts. to follow uniform policy in these matters, the Govt. of India and the State Govt. decide these matters independently keeping in view the relevant factors and circumstances. In our State, we have followed the recommendations of the Pay Revision Commissioners. Hence the disparity.
Oral Answers to Questions. 16th November, 1981. 251

(c) Yes, Sir.

(d) The State Govt. have followed the recommendations of the Pay Revision Commissioner and the total emoluments of a State Pensioner are better than those of a pensioner drawing corresponding amount of pension in the Govt. of India or the Tamilnadu State. The Govt. does not propose any further revision for the present.
Oral Answers to Questions.

8027-E Q.—Sarvasri K. Satyanarayana, M. Omker and Smt. G. Dhana Suryavathi:—Will the Minister for Home be pleased to state:

(a) whether the Government is aware of the fact that Sri R.V. Subbaiah the Head Constable, Special Branch and his accomplices at Ongole Prakasam district have been indulging in cheating the public by forgering the signatures and stamps of the Prakasam District Collector and collected Rs. 3.00,000 by forming bogus institutions, namely (1) Seva Sahakara Parapathi Sangam and (2) Ongole Pattana Gruha Nirmana Abhivrudhi Samasta

(b) whether it is a fact that the entire bungling was brought to the notice of the police at Ongole but they are not taking action against the culprits, and

(c) if so, the reasons thereof?

A.—

(a) Sri R.V. Subbaiah, Head Constable 374 of Special Branch, Ongole, conspired with two accomplices formed a bogus society styled as 'Seva Sahakara Parapathi Sangam' and 'Ongol...
Abhivrudhi Samsthana and collected an amount of 82,055 from the public of Ongole Town by giving receipts with forged signatures and stamps of Revenue Officials on the pretext of giving house-sites to them.

(b) and (c) On 15th July, 1980 a case in Cr. No. 183/80 was registered at Ongole I-Town Police station against Sri R.V. Subbaiah and his accomplices, on a complaint made by Sri B. Venkateswarlu and 2 others of Ongole. The accused were arrested and produced before the Magistrate. Specimen hand writing of the accused were sent to the Hand-writing Expert for comparison. Soon after the receipt of the opinion, the accused will be charge-sheeted in the Court of Law. The Head Constable was placed under suspension.

Tampering of Revenue Collection Book By Village Munsif And Karanam of Alur Taluk.

8028—R—Q. Sri M Eranna: Will the Minister for Revenue be pleased to state:

(a) whether it is a fact that the Village Munsif and Village Karanam have tampered the Revenue Collection Book Fo. 14 in Alur taluk, Kurnool district.

(b) whether it is also a fact that the Divisional Magistrate (Revenue Division officer) of Adoni has suspended them after enquiry and the Joint Collector, Kurnool has confirmed it and did not issue stay orders;

(c) whether it is also a fact that they were given stay by the Commissioner for Revenue; and

(d) if so, the reasons therefore?

A—

(a) There was an allegation against the Village Munsif and Village Karanam of Alur village of tampering of village account No. 14 in regard to the pattas of the Village Munsif of the village.

(b) The Revenue Divisional Officer Placed them under provisional suspension on 13th September, 1980 pending enquiry. The Joint Collector dismissed the appeal preferred by the Village Munsif against the order of interim suspension. As regards the Village Karanam, the appeal preferred by the Village Karanam is still pending before the Joint Collector, while the stay petition was rejected.

(c) The Village Munsif and Village Karanam have filed revision petitions before the Commissioner of Land Revenue under Rule 75 of Andhra Pradesh (Andhra Area) Village Officers Service
Written Answers to Questions.

Rules. 1969. The revision petition filed by the Village Munsiff was admitted by the Commissioner in his Proceeding A5/7322/80/, dated 6th October, 1980 and is pending disposal. An interim stay of the impugned order was granted till the disposal of the revision petition.

The revision petition filed by Village Karanam was disposed of by the Commissioner of land Revenue in A5/7701/80 dated 21st October, 1980 granting interim stay till the disposal of the appeal by the Joint Collector.

(d) The Commissioner of Land Revenue disposed of the matter in exercise of the powers vested in him as a quasi-judicial authority under the statutory rules.

Matters under Rule 329:
re: Deaths in Anantapur and Chittor districts, due to spread of Encephalitis,

Sri M, Venkaiab Naidu:—Sir, I protest against this.

Sri A. Madan Mohan:—Sir, I have never said against ..... 

Sri M. Venkaiab Naidu:—I know he is a responsible and a very intelligent Legislator. Last time when we imported some vaccine from Japan the latter Researcher has proved that it is also not going to be effective. That is the reason why the National Institute of Communicable Diseases, Government of India wanted to prepare similar vaccine here. The latter report confirmed well, that it would not be effective and abandoned that idea. That is the position.
Anantapur District:

In Anantapur District, Encephalitis outbreak was reported with effect from 19-10-1981, prior to which there were no cases during the months of June to September, 1981.

1. Transmission of Disease:

The main reservoir of the infection is considered to be pigs. From reservoir, man gets the infection through the bite of mosquito. The infection is not spread from man to man. Therefore, action has to be taken against the reservoir of the infection namely pigs and against carrier of the infection namely mosquitoes.

2. Control Measures against reservoir of infection pigs:

The destruction of pigs to eliminate the reservoir of infection cannot be undertaken due to various socio-economic reasons. However, with the cooperation of the Municipalities concerned and the Revenue Department, measures to segregate pigs away from human dwelling (at least 2 KMS away) are being attempted.

3. Measures against the mosquitoes:

(i) For immediate killing of the mosquitoes in all the infected districts pyrethrum spraying in the infected houses is undertaken.

(ii) Pyrethrum spraying is followed by BHC spraying in the infected house as well as the houses surrounded by infected houses to have residual affect. If it is a small village the entire village is covered by BHC spraying.

(iii) Malathion fogging with Tifa fogging machine is undertaken in the urban areas and also in the rural areas where the vehicle can go.

(iv) Where the vehicle cannot go. Malathion spraying is undertaken with Mist-blowers.

(v) Malathion fogging and spraying is also undertaken especially on out-skirts of the villages on the bushes and vegetation, in piggeries and cattle-sheds to kill the mosquitoes and also to bring down the density of the vector mosquito population.

4. Anti-larval measures:

The above measures are supplemented by antilarval measures by using Baytex. It is undertaken in the surrounding villages upto 3 KMS.

(5) Supply of drugs e.c & treatment;

All the hospitals in the effected districts have been equipped with necessary drugs for the treatment of cases. Since there is no
specific drug symptomatic treatment nursing and nasal feeding wherever necessary is resorted to by the Medical Officers

6. Entomological Work:

(i) One Entomological team under the supervision of a Chief Entomologist is stationed at Anantapur for collection and identification of mosquitoes and also to send live mosquitoes to National Institute of Virology, Pune for identification and detection.

(ii) Blood from the patients of suspected J.E. cases is sent to the National Institute of Virology, Pune for analysis.

7. Involvement of other Department:

(i) Animal Husbandry Department:

The Director, Animal Husbandry Department, Hyderabad been requested to instruct their district Officers to conduct survey for detection of reservoir animals.

(ii) Indian Medicine Department:

The Director, Indian Medicine Department, Hyderabad deputed teams of medical officers from the various systems of medicine to the affected districts to undertake treatment for encephalitis cases.

(iii) The Agricultural Department has supplied 20 Mist-blowers, 5 each to the districts of Chittoor, Cuddapah, Anantapur and Kurnool for undertaking Malathion fogging and spraying in the villages.

8. Investigation team:

The Director, National Institute of Virology, Pune has been requested to send an expert to Anantapur to conduct detailed investigation into the out-break of Encephalities. One Senior Research Medical Officer has already arrived for the purpose.

9. Discussion by Technical experts:

On 11-11-1981, the current status of Japanese Encephalities in the 7 districts of Andhra Pradesh was discussed and reviewed in detail by the technical officers of Government of India consisting of Director, National Malaria Eradication Programme, Director, National Institute of Communicable Diseases, and Dr. C. V. S. Mani, Additional Secretary of Health Government of India with the officers of the State Directorate. The situation also was discussed and reviewed by the Union Health Minister at Hyderabad on 11-11-1981 Technical guidelines on control measures are given by the Officials of Government of India and they are being implemented strictly.
10. Assistance from Government of India:

Government of India diverted 3 Tifa-fogging machines from Maharashtra State for immediate use in the affected areas of Anantapur District. Besides this, the Government of India have also made arrangements for immediate supply of 8 metric tonnes of Malathion and BHC 30 metric tonnes.

Control measures are organised according to the technical guidelines given by the experts of Government of India. The guidelines have already been communicated to all the District Officers for compliance. A statement of reported cases, district-wise is as under.

Matters under Rule 329: Re: Retrenchment in the Sangam Dairy, in Guntur Dist.

16th November, 1981.

Re: Retrenchment in the Sangam Dairy in Guntur District.

10 00 a.m.
236 16th November, 1981.

Sri B. Ramdev :- Sir, it is not the subject matter of the notice. It is difference between the Management and the Employees and they have been settled.

The differences between the management of the Guntur District Milk Producers Cooperative Union Limited, Vadlamudi Guntur District and the Employees Association have been satisfactorily resolved in a meeting convened by me on 13-11-81, wherein it has been agreed that hunger strike will be withdrawn immediately and also the general strike notice. A satisfactory solution also been found for certain other issues raised by the Employees Association relating to interim suspension orders against some employees, vacation of quarters, transfer orders and emoluments payable to those absent from duty without prior permission.

In the circumstances, there is no situation that warrants further notice being taken of the matter by this august House.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

(1) re: Service conditions of R. T. C. Employees in view of their proposed strike.

Minister for Transport (Sri K. Rosaiah):—The Wage Agreement by Andhra Pradesh State Road Transport Corporation entered on 31st March, 1977, with the recognised Union (A. P. S. R. T. C. Employees’ Union) with retrospective effect from 1st January, 1976 was valid upto 31st December, 1979.

On the strike notices served by the Unions, the Corporation entered into an Interim Settlement with A. P. S. R. T. C. Employees Union, Andhra Pradesh State Road Transport Corporation National Mazdoor Union and Andhra Pradesh State Road Transport Corporation Staff & Workers’ Federation on 29th June, 1980, in which the following benefits are extended.

1. An interim relief of Rs. 32/- and Rs. 27/- per month was sanctioned to Class-III and Class-IV employees respectively with effect from 1st January, 1980.
2. Daily batta was enhanced ranging from minimum of Rs. 5/- to maximum of Rs. 9/- per day.
3. Foot Wear Allowance was enhanced from Rs. 20/- to Rs. 40/- per annum for Drivers, Conductors and other staff covered by Motor Transport Workers Act, and from Rs. 10/- to Rs. 40/- per annum for workers covered by the Factories Act.

The cost of Interim Settlement worked out to Rs. 3.00 Crores approximately. It was inter-alia agreed to constitute Pay Committee of the Board and to complete the work relating to Pay Revision within a period of one year.

Accordingly, a Pay Committee of the Board was constituted vide Resolution No. 62/80 dated 28th October, 1980 consisting of:—

1. Vice-Chairman and General Manager, A. P. S. R. T. C. — Chairman
2. Financial Advisor and Chief Accounts Officer, South Central Railway. — Member
3. Secretary, Finance. — Member
4. Additional General Manager, A. P. S. R. T. C. — Convenor

Calling Attention to matters of Urgent Public Importance:

re: Service conditions of R.T.C. Employees, in view of their proposed strike.

The various Trade Unions submitted their memoranda of demands for revision of pay scales and allowances and other service conditions.

The major demands raised by the trade unions and the additional financial commitment on these demands are as follows:

(i) The Andhra Pradesh State Road Transport Corporation Employees' Union demanded a need based minimum wage of Rs. 510/- per month, based on the norms formulated by the 15th Indian Labour Conference and also on the guidelines indicated in report of National Commission on labour headed by Sri P. B. Gajendra Gadkar.

Additional financial implication on this demand worked out to Rs. 28.00 Crores per annum.

(ii) The Union demanded service weightage at the rate of one increment for every three years of service, subject to a maximum of 4 increments.

The financial implication on this demand worked out to Rs. 2.95 Crores per annum.

(iii) The Union demanded for payment of House Rent Allowance at 20% at all places and City Compensatory Allowance at 15% of basic pay.

The additional financial expenditure on this demand worked out to Rs. 5.00 Crores per annum.

The additional financial commitment to the Corporation on account of the demands mentioned above worked out to Rs. 35.95 Crores per annum.

The Pay Committee discussed in detail the various issues and after examining all relevant factors, has come to the conclusion that:

(i) Pay Scales and allowances of employees of A.P.S.R.T.C. might be revised upwards with effect from 1st January, 1980 by adopting the broad framework of State Government Pay Scales of 1978;

(ii) The total cost of revision of Pay and allowances should be limited to about 6 00 Crores per annum, including the expenditure incurred on the Interim Settlement, entered into in June, 1980:

(iii) The Pay Committee authorised negotiations with the trade Unions keeping these guidelines in view.

Accordingly negotiations with the Unions were held separately with the individual Unions. While these negotiations were in progress A.P.S.R.T.C., Employees Union, Staff and workers Federation, A.P.S.T.R.C., Karmik Sangh and A.P.S.R.T.C., Supervisors'. Association
Calling Attention to Matter of Urgent Public Importance: re: Service conditions of R T.C Employees, in view of their proposed strike.

It is informed that they have formed Joint Actions Committee to negotiate on the revision of scales of pay and allowances. The Andhra Pradesh State and Transport Corporation National Mazdoor Union did not join the above action Committee.

On being asked by the Corporation, the Joint Action Committee submitted a revised charter of demands on 16-9-81 which envisaged an additional burden of about Rs.27.51 crores per annum including the cost of interim settlement and the National Mazdoor Union has also submitted a revised Memorandum on 28-9-81 which costs about Rs. 22.47 Crores per annum.

In the meetings held with Joint Action Committee and the A.P.S.R.T.C., National Mazdoor Union during the months of September and October, 1981, the reasonableness of the offer of Rs. 6.00 Crores per annum was explained in detail vis-a-vis the financial position of the Corporation. It was pointed out that the offer of Rs 6.00 Crores represented an increase of 14% over the wage bill of Rs. 42.00 crores as on 31st December, 1979, i.e., the date of expiry of earlier wage agreement, while in the earlier wage revision in 1970 and 1976, the wage increases were below 10%, though the corporation was doing well financially in those periods. Further, the attention of the Unions was also drawn to the fact that since 1st January, 1980, i.e., the date on which the revision of wage became due, performance incentive schemes involving additional payments to employees of over Rs. 2.00 crores per annum were introduced without linking them to the wage negotiations.

It was explained to the Unions that the examples of Maharashtra State Road Transport Corporation, and Andhra Pradesh Electricity Board, were not strictly valid. The Maharashtra State Road Transport Corporation, had achieved much better earnings than the Andhra Pradesh State Road Transport Corporation, besides not having any incentive scheme. In the case of Andhra Pradesh State Electricity Board, the last wage revision was done with effect from 1st, April, 1974, where as during the same period between 1st April, 1974 and 1st April, 1981, the employees of Andhra Pradesh State Road Transport Corporation would have the benefit of two wage revisions with effect from 1st January 1976 and 1st January, 1980, respectively, and in addition would also be entitled to one more increment of pay in the revised scales with effect from 1st January, 1981. Further, Andhra Pradesh State Electricity Board, has been able to achieve over 300% improvement, in its productivity and earnings from 1974 to 1981 with only slight increase in strength of its employees. (The increase in the strength of its employees over this period was less than 10%). On the other hand, in the case, Andhra Pradesh State Road Transport Corporation, there has been an increase in the number of employees from about 29,000 in 1974 to above 64,000 in 1981 as against an increase in its fleets strength from 3,225 in 1974 to 6,517 in 1981. There is actually a surplus staff of about 4,000 in the Corporation including more number of employees per bus, the Corpo-

The Corporation has all along been anxious to arrive at an amicable settlement, and offered to the employees revised pay scales which have been formulated adopting as the basis the board frame work of scales of pay of State Government employees. But the employees have not accepted this reasonable offer.

In its present financial situation, the Corporation is not in a position to go any further.

Calling Attention to Matters of Urgent Public Importance:

Service conditions of R.T.C. Employees in view of their proposed strike.

The importance of focusing on the service conditions of R.T.C. Employees in the context of their proposed strike cannot be overstated. As the strike increasingly looms, it is crucial to address the concerns and demands of the employees. The deteriorating service conditions, which have been long-neglected, are now at a tipping point, leading to this critical decision. The demand for fair and humane working conditions is not a minor issue but a matter of urgency.

Employees have long been calling for improvements in their working environment, which are essential for their well-being and the smooth operation of the service. The proposed strike is a plea for recognition of their rights and demands. It is a call to action for stakeholders to engage in meaningful dialogue to address these issues.

The situation is not just about the employees; it affects the general public as well. Efficient public transport is vital for the daily commute of millions, and any disruption could lead to inconvenience and frustration.

The government and the R.T.C. management must step forward to address these concerns. A constructive approach is necessary to ensure a resolution that is satisfactory to all parties involved. The welfare of the employees, the smooth functioning of the service, and the convenience of the public all require immediate attention.

In conclusion, the proposed strike is a significant event that demands serious consideration. It is an opportunity for all parties to demonstrate their commitment to fair labor practices and the welfare of their employees. Immediate action is essential to mitigate any potential negative impact on the service and the community at large.

Public Importance:

re: Prevalence of Pest infection in paddy fields and non-supply of pesticides.

Minister for Agriculture (Sri Ch. Venkatrao):- Sir, The incidence of Brown Plant Hopper (Domakatu) on paddy was reported in ten districts in the State during Kharif 1981. The incidence was severe in the districts of West Godavari, East Godavari, Krishna and Guntur and on a small scale in the districts of Nellore, Khammam, Warangal, Nalgonda, Nizamabad and Adilabad. The total area affected due to the attack of Brown Plant Hopper on paddy was about 17.09 lakh acres, but actually the area affected above the economic threshold limit was 8.11 lakh acres. The Agriculture Department promptly initiated action for control of Brown Plant Hopper on a war footing and arranged supply of Plant Protection Chemicals and equipment under various Plant Protection Schemes and treated a total area of 14.98 lakhs acres.

An amount of Rs. 55.00 lakhs was allotted to the affected Distriicts towards purchase and distribution of Pesticides on No profit No loss basis. Another amount of Rs. 27.92 lakhs as loans and about Rs. 47.00 lakhs as subsidy also were provided.
Calling Attention to Matters of Urgent Public Importance:

Prevalence of Pest infection in paddy fields and non-supply of pesticides.

One Assistant Director of Agriculture was put in charge of each Samiti area and all the staff working in other Schemes were pooled to organise camps to advise the cultivators. Awareness was created among the cultivators and they were advised about the methods of spraying chemicals etc. through Leaflets, wall-posters, Radio Bulletins and Tom-Tom.

4,835 M.Ts of Granules, 291.995 M.Ts of Dusts and 11817 Litres of Liquids required for the control of the pests were supplied through the Agriculture Department and more quantities of these items were also supplied through other agencies like Andhra Pradesh Agro Industries Development Corporation Marketed, Cooperative Societies and private dealers.

Initially there was shortage of granules like Thirimit and Phorate whose production capacity was limited, these were obtained from other States and adequate stocks of alternate chemical to control Brown Planthopper effectively were made available in plenty. No complaint were received about the blackmarket sales of Pesticide at exorbitant prices. If any specific instances are brought to the notice of Government, necessary action as per law will be taken.

Climbing Cut-worm pest incidence was noticed in Guntur, Krishna, West Godavari, East Godavari, Nalgonda and Adilabad Districts and in scattered areas in other districts like Khammam and Warangal. The total area affected was 72,756 acres but actually the area affected above economic threshold limit is 39,255 acres against which the Department has treated 61,564 acres. The Department has taken necessary action to control the pest on a war footing and averted damage to the crop.

situation.

The situation was one of chaos and confusion. The law and order situation was deteriorating. It was evident that the existing systems were failing to maintain peace and stability. The authorities were powerless to control the chaos. The situation demanded urgent and decisive action.

To address the situation, new laws and regulations were proposed. These laws were aimed at reinforcement of the existing legal framework. The emphasis was on strict enforcement of the law to deter crime and maintain peace.

The government took several steps to improve law and order. These included increasing police personnel, enhancing the training of officers, and implementing stricter penalties for lawbreakers. These measures were expected to bring long-term stability to the society.

Despite these efforts, the situation remained volatile. The citizens were concerned about their safety and demanded better governance. The government was under pressure to ensure a safe environment for all.

In conclusion, the current situation required a comprehensive approach to ensure law and order. The authorities must continue to work towards improving the legal framework and enforcement mechanisms to maintain peace and order in society.

Short discussion on Law and Order situation

11-20 a.m.

The discussion started with a brief introduction about the current Law and Order situation. The participants discussed various aspects of the situation, including recent incidents and measures taken to maintain peace. The discussion was held in a formal setting with a focus on the legal framework and its implementation.

The participants highlighted the need for a balanced approach, combining strict enforcement of laws with community-oriented initiatives. There was a general consensus that addressing the root causes of conflicts was crucial in maintaining long-term peace.

Following the discussion, it was decided to compile a report summarizing the key points and recommendations for further actions.

16th November, 1981. Short discussion on Law and Order situation,

At this stage it is necessary to mention here that the conducting of the present enquiry by me was resented by the Senior officers of the City Crime Branch and their Subordinate Officers. As a matter of fact there was total hostility and efforts were made to stifle the enquiry by effective interference when the pick pockets were called for enquiry, complaints were made in the courts and search warrents were got issued. The Crime Branch Staff approached other known pick­pockets and made them to become scarce, that is the reason as to why the other important pick-pockets could not be traced and examined. With regard to the pick pocketers whose statements were recorded in the present enquiry Haebus Corpus petitions were filed against me and others with fake allegations that I caused their disappearance. When this effort failed in the High Court, (Mohd. Yousuf) they filed a private complaint alleging wrongful confinement, torture and extortion.
against me and others and the same was referred U/S 156 (3) Cr PC by the Court to the Dy. Commissioner of Police, Crimes for investigation.

In these circumstances this enquiry could not be carried on to its logical end it had to be stopped half-way. However, as per the evidence on record the following acts of commission and omission and mis-conduct on the part of the crime branch officers have come to light.

11-40 a.m. Mr. K. A. Reddy raised a point that it was necessary to have a central committee to maintain Law and Order situation.

Mr. Reddy pointed out that the present situation was very serious and it was necessary to have a central committee to maintain Law and Order. He suggested that the government should take immediate steps to prevent any further deterioration of the situation.

Mr. Reddy also emphasized the need for a strong and effective police force to maintain Law and Order. He recommended that the police force should be increased and trained to handle any situation that may arise.

Mr. Reddy further suggested that the government should take steps to address the root causes of the Law and Order problem, such as poverty and unemployment.

Mr. Reddy concluded by stating that the government should take urgent action to prevent any further deterioration of the Law and Order situation and ensure the safety and security of the people.

We are an automatic vehicle and in order to make use of it, we must understand its rules and regulations. It is essential for us to know how to operate it properly. We must follow the instructions given by the driver and also the traffic rules. We must not be in a hurry and should drive at a safe speed. We must not drive against the flow of traffic or cross the stop line.

In case of an accident, we must not panic and should call for help immediately. We must also inform the police about the accident. We must not leave the scene of the accident without giving our details.

We must also be aware of the road conditions and the weather. We must drive cautiously in bad weather conditions. We must also be careful of pedestrians and other vehicles on the road.

In conclusion, we must drive safely and responsibly. We must also be aware of the consequences of driving recklessly. We must always keep in mind that our life and the lives of others depend on our driving.

The situation regarding law and order.

The recent developments in the area of law and order have been encouraging. The government has taken several measures to address the issues that have been causing concern to the public. The police force has been strengthened and trained to handle various situations effectively.

The recent law enforcement actions have led to a decrease in criminal activities. The incidents of violent crimes have significantly reduced, and the public has expressed satisfaction with the efforts made by the authorities.

The ongoing initiatives are aimed at creating a safer environment for the citizens. The government is committed to maintaining peace and ensuring the security of the people.

The community has also played a vital role in this process by reporting any suspicious activities and collaborating with the police to apprehend criminals. This cooperation has been instrumental in reducing the incidence of crimes.

As we move forward, we need to continue to focus on enhancing law enforcement and promoting education among the public. This will help in creating a more secure and stable society for all.

In conclusion, the situation regarding law and order is improving, and the community's support is crucial in maintaining this progress. We must remain vigilant and contribute to a safer environment for everyone.

The situation regarding Law and Order in the state has been the topic of discussion in this meeting. Several members have expressed their concerns about the current state of affairs, highlighting the need for immediate action to restore peace and security. The government has assured that all necessary measures will be taken to address the issues at hand.

Several members have also suggested that greater emphasis should be placed on community policing to involve local residents in the maintenance of law and order. This approach has been found to be successful in other areas and could be replicated in this state.

The meeting concluded with a call for unity and cooperation among all members to effectively tackle the problems facing the state.

Mr. Deputy Speaker;— He cannot defend it. That much, I know.
Sir, can an hon. Member make a personal insinuation against the Chief Minister, a leader of the Party? He is making personal insinuations which are utterly false. I request the Chair to delete those words. It is not in keeping with the decorum to make personal insinuations like this. Is it permissible under the rules?

Mr. Deputy Speaker:— The Member cannot level personal charges unless he intimates me earlier.

Sri M. Sreenivasa Rao:— They are personal allegations.
Mr. Deputy Speaker :— I do not know Urdu. I will look into the proceedings and if there is anything insinuating or not in conformity with the dignity of the House, I will take action.

Sri Shiv Lal :— Point of Order, Sir......

Mr. Deputy Speaker :— If there is point of order, I have to give precedence.

(Sri P. Sundarayya :— For making myself to be understood, Sir, permit me to speak in English. Unfortunately, many of us do not know Urdu.

(Sri P. Sundarayya :— I have taken the permission of the Chair to smoothen the affairs, to assert our own rights. I rose to explain the difficulty arising out of the situation. I can very broadly understand Urdu but not his high-flown language. Even if a point of Order is raised by anybody, the difficulty is when you yourself cannot follow Urdu, how can you decide whether there is a point of order or not? That is my difficulty.

(Sri P. Sundarayya :— I have not raised a point of order. I only asked the Speaker to permit me to explain.

(Sri Shiv Lal :— Sir, first I stood up to raise the point of order.

Mr. Deputy Speaker :— Whenever a leader of any recognised group stands up to raise a point, I have to hear him first. When the Chief Minister is on his legs, I have to hear him. I have to regulate the things.

2-30 p.m. (S) Aamaru Aayub:— Vath moondhru agathi.

...
Sri S. Jaipal Reddy:—Sir we agreed that in our discussion on the law and order situation we would avoid references to the communal situation. I am afraid, the Chief Minister himself is guilty of violating this convention. I think, he should better refrain from it. Let him refer to law and order situation.

Mr. Deputy Speaker:—Your suggestion is good.
