Note: (1) The spares of General Motors engines are of Korody Colony Make and spares of 'C' Scraper machines are Wabco or the original makes of their bought out items and respect of caterpillar Tractor, Korody Colony replacement parts and Caterpillar make.

(2) Regarding the quantities and rare of purchase, it is to be stated that the spares purchased for the Heavy Earth Moving Machinery are of hundreds of different parts and the list of such parts is voluminous. Hence the amount of each orders is furnished in the above two statements.

9-00 a.m.

Mr. Speaker:—His allegation is the Bulldozers were purchased and very soon the Spare parts were too purchased.
Oral Answers to Questions. 7th May, 1981.

Sri G. V. Sudhakara Rao:—No Sir, if he has any specific information to say whether the Bulldozers were purchased only in the year 1980 and at the same time the spare parts were also purchased in 1980 and for that, I am prepared to face in this House; but I should like to know from the Hon'ble Member to give the exact information as to when in 1980 they were purchased but not the spares.

Mr. Speaker:—Do you have any information with you as to when these bulldozers were purchased?

Sri G. V. Sudhakara Rao:—No Sir, I do not have. Because the question is about the spare parts. When the question is about spare parts, I can only say as to when the spares were purchased; as to how much amount was spent; from whom they were purchased and so on and also the procedure laid down for the purpose. This question does not refer to as to how and what type of bulldozers were purchased and from whom?

Sri S. Jaipat Reddy:—Sir, your statement shows that the Executive Engineer has purchased spare parts worth Rs. 40.00 lakhs from only one Company in two years. And as from this, the Statement also shows that there are two other firms from which spare parts worth only Rs. 12.00 lakhs were purchased in two years. Why is it only from Vijayawada firm, the spare parts worth Rs. 40.00 lakhs were purchased? Secondly whether the Tenders were called for and thirdly, whether the Executive Engineer is competent to place purchase order of this magnitude, whether the Executive Engineer had earlier obtained the permission of the Chief Engineer in this behalf.

Sri G. V. Sudhakara Rao:—Yes, they are of propriety character and had to be imported. There are only three firms in India which have the Import licences for spare parts and these Companies are:— (1) Bharat Heavy Earth Movers Ltd., this is owned by Government of India; (2) M/s. Premnath Ltd New Delhi, Associated Agencies Ltd, Vijayawada. Invariably the policy of the department is to purchase the spare parts from the Bharat Heavy Earth Movers Ltd., because that is the company i.e., the Government of India's agencies. The Prices they offer or the prices we pay, will not be subject to any question - but the Bharat Heavy Earth Movers has got three categories under which they supply. One category is 'A' they can supply from extras - to be supplied as early as possible. This category 'A' and refers to the stock which they have in their own godowns, already on hand, which they can supply. The second category 'B' refers to the spare parts to be supplied from in-coming assignment with an indicated delivery period of six to nine months. The third once is category 'C' - i.e., the spares to be supplied in about nine to twelve months from the date of orders - subject to the D.G.D.T., clearance. So, keeping in view the three categories, which they have
the policy of the department is to first purchase and offer Bharath Heavy Earth Movers and ask them whether they have and whether they can supply the items available under Category 'A' and they are immediately purchased - but in regard to category 'B' and 'C' because of the inordinate delay involved and because for want of firm commitment on their part - then the department go for, what is called for the Limited Tenders.

There are three types of tenders in the department. Open tenders; Limited Tenders and Sealed Tenders. Anybody can do anybody with the list of people - that is called Open-tenders. Only with the limited numbers of people and their agencies is called Limited Tenders.

As there is only single sealed tender if there is only one firm which can supply that equipment that is called sealed tender. Here we called for limited Tender because three associations supply this equipments.

Now, regarding the Producer, as per the G.O.Ms.No: 455, Irrigation & Power Department dated 11-10-1975, a Stores Purchase Committee was constituted. The Committee has the following members.

Superintending Engineer Nagarjunasagar Left Canal
Mechanical Section, Tekulapalli ... Chairman
Executive Engineer (Requisition & Spares) .. Member,
Pap & Account Officer (He belongs to the Finance Department)
N. S. Left Canal, Tekulapalli, .. Member
Executive Engineers, N. S. Left Canal .. Member &
Mechanical Division .. Convener.

In that way, there four people who are authorised as per G. O to purchase items wherever they are needed by a requisition and monthly reports are sent to the Chief Engineer (Mechanical) Hyderabad about the purchase made every month.

Sri S. Jaipal Reddy:—Sir, the Minister has given a very lengthy reply. He himself has stated that Bharat Heavy Earth Movers is the only Government firm.
Sri G. V. Sudhakara Rao.—Sir, According to the information supplied by the department, in the Limited Tenders, regarding this particular parts, the Bharat Heavy Earth Movers has not quoted and therefore when the requisition was made to them, when the tenders were sent to them, they did not quote. Therefore the presumption is that they do not have necessary spare parts to supply within the time. So, therefore that is ruled out. The same situation applies to the preminath Ltd., Then what the usual procedure is when the tenders come, is the Bharat Heavy Earth Movers quoted heavy price, even in category ‘B’, and ‘C’ we, the department, tries to negotiate to see that the prices quoted by other two agents are same as the prices quoted by Bharrath Heavy Earth Movers So, that is one thing. Therefore it was a question of availability of spare parts and on limited tenders the 3 companies have quoted. The department has found the Associated Agencies were in a position to supply the items within time. Therefore approval has been made and in fact the department has earned a profit of Rs. 32 lakhs in 1979–80 and Rs. 67 lakhs in 1980–81. by purchasing these spare parts and putting the old machinery to use. Now coming to the other point about the G. O., it has been in operation since 1975 and nothing irregular has been done. If the hon. Member wants modification that will certainly be considered.
They can give me in writing their objections. I shall have them enquired into. If they are not satisfied we can have a departmental enquiry into this. I am only stating facts as they are known to me and supplied to me. If they go into interrogation in each case these are technical items and require technical knowledge we do not know even the name of a single part at least I do not know, but engineers may know them and I cannot go on explaining why the parts are purchased.

The order will be placed on the same for different parts but each part will have to be supplied according to a certain date and certain time. They could have placed all the orders at the same time. But the reason is each has its own conditions. It is not intended to avoid any splitting.
Sri V. Shobhanadreshwara Rao:— As some members pointed out, there are various items under C-scrapers. You are an Engineer; you can enlighten me.

Sri V. Shobhanadreshwara Rao:— At least there are 15 or 16 items—spares for C-scrapers. Does it mean that all these spares are intended for a single scraper or different scrapers?

Sri G. V. Sudhakar Rao:— I am not an Engineer and I cannot go into every item and every part and find out. I have only placed whatever information is available in the department. Some of the members are eminent engineers sitting in the House; some of them have their own practical experience. If they want to have technical information, I suggest that they write to me and I shall furnish information. I have no technical knowledge on the engineering or mechanical side regarding these spare parts.

Sri G. V. Sudhakar Rao:— Senior officer of the department will be the Chief Engineer, Mechanical and I will ask him to review and submit a report which I shall place before the House.

Sri S. Jaipal Reddy:— I want an officer from the Secretariat.
Sri G.V. Sudhakar Rao:—I do not know—I have my own doubt in what way a Deputy Secretary more competent than the Chief Engineer, Mechanical, to sit over this and submit a report.

Sri S. Jaipal Reddy:—It is not as if the Engineer is less honest or less competent than an I.A.S. officer of the Secretariat. What I mean to say is the Engineers belong to one department. They tend to develop a number of contacts and prejudices and so on. Therefore an officer who is not connected with the regular operations can do more Justice and can look into the problem more Objectively.

Sri G V. Sudhakar Rao:—I am very sorry that the hon. Member should cast such a reflection on the Engineers by and large. In Maharashtra and Karnataka the Chief Engineers are the Secretaries to Government. In Maharashtra particularly there is not a single I.A.S. officer in the Irrigation Department and there are 3 Chief Engineers who are Secretaries to Government. Here also in order to give a fillip and recognition to the technical profession, we have first appointed Sri Raja-rao, Chief Engineer, General, as Special Secretary to Government. Similarly, before that we had some Chief Engineer as additional Secretary. If a Deputy Secretary - I.A.S. Officer could go into these details and give more information on which the members can rely and if the members cannot rely on the Chief Engineer's report that means, personally I submit in all humility that this will lead to the ruination of the department.

Q. A. Venkatarama Reddy :—I said, it is a matter of policy. The question-hour will not be sufficient. The information given by the Member is taken and it will be examined.

Q. B. Ayyapu Reddy :—I said, it is a matter of policy. He will not be Member. The information given by the Member is taken and it will be examined.
Sri G. Vedantha Rao:—It is not about the Administrative Tribunal. It is a question of arbitrary allotment to various zones which has resulted in great injustice. Hundreds and thousands of petitions were filed before the Administrative Tribunal. Government is a party before it. It is strange to say that no complaints were brought to it.

This question relates to admission to educational institution mainly and also with reference to service matters.
Sri E. Ayyapu Reddy:—If this House passes a unanimous resolution for scrapping this GO., Government will certainly consider it.

Sri E. Ayyapu Reddy:—It is a matter of policy again.

re: (1) Sale of a building at Narayanaguda belonging to the Excise Department.

Sri E. Ayappa Reddy—Sir, Neither the office building of the Deputy Commissioner (Excise), Hyderabad nor any land of the Government Distillery, Narayanaguda is sold 4 months back. The sale of any Government building or the land belonging to the distillery is also not contemplated. The Joint Director of Distilleries and Superintendent of Distilleries were instructed by the Commissioner of Excise to make a spot inspection of the house bearing No. 3-5-1010 in Narayanaguda locality and also the land said to be under sale near the Narayanaguda Distillery. On their spot inspection and enquiry it is found that the said house is a private building and it belongs to Smt. Shakuntala Bai, wife of Babu Rao Dayal, Advocate. She has been the owner of the house for 25 years. It is also learnt that his house has not been sold to anybody during the last 4 months. The vacant land adjacent to the above house and adjacent to the Government Distillery, Narayanaguda is not a Government land and it belongs to one Shri Mohd. Sultani, who is a joint owner of the land.

re: Waylaying of Buses and Lorries in Kurnool District.

Sir: Waylaying of buses and lorries in Kurnool District
Sri H. Satyanarayana:- Sir with a heavy heart I am making
this statement.

Highway robberies in buses has become almost common in
Kurnool District. As the Hon’ble Speaker has also seen in papers’
twenty days ago, a bus which was going from Kurnool to Bijinepally
as waylaid by gangsters by putting some boulders and then all the
passengers were relieved of their valuables and the bag of the Conductor
was also snatched. Property worth about Rs.14,000 was lost. Earlier
to this incident, a bus which was coming from Yemmiganur to Adoni
was also waylaid near Kothakal and the samething happened.
One thing about these highway robberies of vehicles is, that these
gangsters are very impartial, then have not even left the Principal
Secretary to the Government. To that extent they are very important.

I only request that the Government should take very strict
measure to stop these menaces either by providing police escort to
these buses or do something to prevent these menaces, so that the
passengers can travel safely. Let alone the property is lost-but you know
some of the people were also injured by these gangsters. So’ I request
the Hon’ble Home Minister to take necessary steps to stop this menace.

Sri K. Prabhakara Reddy:—Sir, on 25-4-1981 at about 22.00
hours when the A.P.S.R.T.C bus, APZ 6031 was proceeding with 41
Waylaying of Buses and Lorries in Kurnool District.

Passengers from Kurnool to Bijinepally six unknown persons stopped the bus at Thotcherdibba, by placing stone boulders etc., throughout and pelted stores towards the bus. The offenders were armed with knives and sticks, holding torch light, threatened the conductor and snatched away a Kohinoor HMT watch and leather bag containing Rs. 455/- and keys etc., from him. They also rifled 17 passengers of their cash amounting to Rs. 1,055, two watches, gold chain, gold ring, two pairs of ear-rings, one gold nose-top and new cloth worth about Rs. 1,300 a pair of silver Kapulu, two silver lingams by searching each another. The total property stolen was worth Rs. 12,000/-. The offenders were of medium height, black in complexion and speaking Kurnool district telugu. A case in Crime No:14/81 under section 395, 341, 342 - 7 / IPC were registered in Bethamcherla Police Station, and subsequently transferred to Urvakorda Police Station - the point of jurisdiction, where it was registered as Crime No: 33/81 under section 395/IPC.

One, Sri Sugali Manthira Naik of Kottakal Thanda and his associates are strongly suspected. All efforts are being made to trace the suspects. As he Hon’ble Member says, in the same way, before this incident, on the intervening night of 21-22-April 1981, between 11-30 a.m. and 12-40 a.m, nine offenders placed boulders on the Adoni-Yemmiganur road at Yodagatta near Kothakal Village and stopped four lorries and robbed cash about Rs.1,160/-, three bed-sheets one towel, two pairs of cappals, one shirt and money purse—all worth Rs.1,231/-from the occupants of the lorries. The offenders were armed with sticks, spears and draggers. A case in crime No: 17/81 under section 395 IPC was registered at Yemmiganuru police station on 29-4 1981. Two accused Sri Talari Boyachannappa and Sri Boyakondu Narasimhulu of Kodakal village are arrested. They have admitted the offences and confessed that they had committed the offences along with Kapu Thimma Reddy, Boya Giddanna and Boya Peddapathugaru of Kothakal and three others of Munugan village. A money purse with cash of 130 rupees and bed-sheet was recovered from them. Efforts are being made to apprehend the absconding offenders and recover the remaining property.

re death of a pan-shop owner of Burja village, Palkonda Police Station.

Sri K. Prabhakara Reddy:—Buji village is at a distance of 10 K.M. south-east of Palkonda P. S. Kaniyam is a neighbouring village. On 21-4-81 at 11 p.m. there was a petty quarrel when Kaniyam villagers beat Bogi Jagannadham and others. This quarrel was subsided by the intervention of some people there. Again on 22-4-81 at 1-30 P.m. Nakka Lakshminarayana, Baviri Krishna, Baviri Apparao, Srimanulu and some others surprised Sri Kuppuswamy, a pan-shop owner in the premises of Ratna Talkies and beat him and his son Seetaramswamy with sticks etc. and damaged the articles in the pan-shop as a follow-up to the incident on 21-4-81, Sri Kuppuswamy received grievous injuries and he was removed to Government hospital. On the report of Sri Seetaramswamy a case was registered at Palkonda P.S. On medical advice Sri Kuppuswamy was removed to Government hospital Srikakulam for further treatment. He was admitted into the Government hospital on 23-3-81 where he succumbed to the injuries. On receipt of information from the hospital authorities a case was registered at Srikakulam P. S. It is under investigation and efforts are being made to apprehend the culprits.

Already the case was registered. Now after arresting them the case will go on.

Sri K. Prabhakar Reddy:—On 31-3-81 there were communal incidents at Bhainsa wherein several houses and shops were looted and set on fire. One Hindu was murdered. Police opened fire to disperse an unlawful assembly wherein one Hindu died and one Muslim injured. 20 Muslims and 8 Hindus were arrested in this connection. Subsequently 22 Muslims were arrested in specific cases of murder, arson and loot. It is not true that unprecedented arrests were made of the members of the minority community. It is also not true that the Sub-Inspector of Police Bhainsa and D.S.P. Nirmal had taken one-sided action. It is not true to say that Police are raiding the houses of minority community in the nights and arresting Muslims and keeping them in Police custody for days together and beating them severely. All the persons arrested so far have been remanded to judicial custody. It is not correct to say that there are unholy or unlawful ties between the A.P.P.O. and other local police officers.

Matters Under Rule 329:

re: Arrests made at Bhainsa, Adilabad District

Property worth Rs. 1,27,000 of Hindus was destroyed and property worth Rs. 30,000 of Muslims was also lost.

The situation Bhainsa is that Muslims are going out of Bhainsa because Police are making harassment. The Police are supporting the goondas and the law and order position in Bhainsa is acute. That is why protection of Muslims is necessary. The S.P. and Circle Inspector must be transferred and higher officials must enquire.

Sri k. Prabhaker Reddy:— I have already promised; I told the hon. Member that I have asked the D.I.G. to enquire into this and we will take action. If necessary I will personally go.

Sri Amanullah Khan:— That was the assurance one month back. Now Muslims are leaving Bhainsa. There is no protection for Muslims.

Mr. Deputy Speaker:— This will be looked into,
Statement by the Minister for Panchayati Raj. 7th May, 1981.

Sri P. Seshavatharam:- It has been our experience that panchayat Raj elections sometimes lead to acrimonious and unhealthy atmosphere in the rural areas, thereby damaging the fabric of social harmony which we can ill-afford to sacrifice. In order to provide incentive for politics of concensus, the Government have decided to institute awards in the case of uncontested elections to Panchayat Raj bodies. Thus an
award of Rs. 5,000- will be given to the Gram Panchayat if the elections to the posts of Members and Sarpanch are uncontested.

MATTERS UNDER RULE 329

(7) Scarcity of drinking water at M.G.M. Hospital, Warangal.

Sri K. Govinda Rao:— Is there any change on the question of date of nominations and other things?
Sri A. Madan Mohan:—Sir, It is true that due to scarcity of water in the MGH Hospital, Warangal the Admission of patients was reduced and operations were restricted. It may be mentioned that the Municipality used to supply 30,000 gallons of water a day to the MGH Hospital, Warangal and in addition there was a good yield from the bore well in the Hospital. Due to summer Municipal Water supply was reduced to 5,000 gallons and also the yield of water from the bore wells was reduced considerably. Hence, the admissions were very much reduced and the operations were restricted to emergencies only in the Hospital. On 1st May, 1981, the Collector discussed the matter with the Municipal and Hospital authorities. Now the Municipal authorities are supplying 15,000 gallons of water and the water supply position is very much improved from 3rd May, 1981 and the restrictions of admission of patients have been removed. The only restrictions on the operations are due to summer and not due to scarcity of water for the month of May, 1981 only. The Municipal authorities have promised to renovate two wells available in the hospital premises and the Collector was agreed to give two more bore wells in the Hospital. The concerned Engineer has been instructed to locate the bore well points. Once the points are located, the bore wells will be provided and the water supply position will be consequitively improved.
Sri A. Madan Mohan:—Sir, the traditional reply which I always give because of the paucity of funds might still be ringing in the ears of the Hon. Member. But, in this case I have not said that.

(8) Unlawful activities of goondas at various parts of Hyderabad and Rangareddy district.

Sri K. Prabhakar Reddy:—On the night of 4-5-1981, a gang of cheats moved around in an ambassador car in the peripheral areas of the city. One of them was dressed in Kakhi uniform. They first went to the Saibaba Wine Shop near Shapurnagar, Balanagar Police Station limits. The person in uniform disclosed himself as the Excise Sub-Inspector and demanded Rs.500/- for having kept the shop open.
Mattres under Rule 329:

beyond the permissible hours. He took the said amount. Later, the gang moved to Blue Sea Cottage near Gandipet. The Gang members in uniform disclosed that they were members of Anti-Goonda Squad of Ranga Reddy district and pretended to check the registers maintained in the reception and snatched away a gold chain and cash from the receptionist. When the workers of Blue Sea Cottage gathered, the gang made good their escape. The workers and the receptionist chased the car for some distance in their vehicle, broke the wind screen but could not retain the car. No arrests are made so far. Cases of dacoity, robbery, and impersonation have been registered and investigation taken up by the Balanagar and Narsingi police. It is clear that the goondas belong to the city. Investigation officers are on the job to locate the car whose number has been noted and to apprehend the culprits. The man in uniform was also carrying a revolver hung to his shoulder. It is suspected to be a dummy weapon as it was not used at all at both the places. Efforts are being made to apprehend the accused. There are fair proofs of their identity and police registered a case in Cr. No. 17/81 under sections 395 and 419 IPC of Narsingi police and started investigation. All the private taxi stands in Hyderabad and Secunderabad are being checked and a party consisting of a Sub-Inspector and one Head Constable are on the job. The auto workshops of Gandhi Bhavan, Nampally, Basheer Bag, Narayan Guda and Himayathnagar have been checked to find out whether any green colour ambassador car came for repairs or for fixing wind screen. The complaints and eye witnesses were taken to the C.C.S. and photographs of dacoits have been shown to them. Other parties have been sent to Beedar in Karnataka State to get the particulars of the vehicles as the number of vehicle indicates that it belongs to that district. Investigation so far made disclosed that these offences might have been committed by the rowdies of Hyderabad city who are committing such offences in bar and wine shops in the city in the last few months. Police have been alerted to make vigorous efforts to detect the culprits. As the Hon-Member suggested, intensive patrolling is also taking place and they have already asked some time to see that any such unsocial activities including goonda activities are curbed. We are taking all the steps including the important transfers and reorganisation of police set up and also providing them possible infrastructure and I hope that within a month or so we will be able to control all these things.
Sri K. Prabhakar Reddy:— We have alerted the neighbouring States, particularly the Beedur district.

Mr. Speaker:— The whole trouble is, they make a statement and then they deny. In both these cases, we are writing to the persons to comment whether they have actually given that statement or not.

Sri G. Venkata Swamy:—Sri S. Venkataiah is a tenant in the house of Sri Ramaswamy situated at Aminagar Colony since September 1976. For the last eight months, Sri Ramaswamy has been pressing Sri Venkataiah to vacate the said portion under the plea that he had to celebrate his son's marriage. Sri Venkataiah tried to secure alternate accommodation but in vain. Sri Ramaswamy continued to press Sri Venkataiah to vacate the portion occupied by him. On the intervening night of 27/28-4-1981, it was alleged that Sri Venkataiah was sleeping in his drawing room keeping inside door open which leads to the portion of the house of Sri Ramaswamy. It was alleged that Sri Venkataiah entered Ramaswamy's portion and tried to misbehave with his 19 year old married daughter. On hearing the alarm, Pentaiah and Hari Krishan son-in-law of Ramaswamy and Balakrishan son-in-law of Ramaswamy entered into the portion of Venkataiah, dragged him out of his house and assaulted him. Later Venkataiah was taken into a vacant room of Ramaswamy's portion, beaten up with hands and questioned as to why he entered into their portion where women folk were sleeping. At about 3 a.m. Mallesh, nephew of Ramaswamy shaved right side head; left eye-brow and left side moustache of Venkataiah while Balakrishan, Hari Krishan and Pentaiah caught hold of Venkataiah. The morning Venkataiah was not allowed to go out of the room. At about 6-15 a.m., on hearing hue and cry of Venkataiah local people gathered and informed Mangalhat Police. One H.C and 2 P.Cs. went and brought Venkataiah and four accused persons to the Police Station. The accused were arrested at 6-55 a.m. on 28-4-1981. On the complaint of Sri Venkataiah, a case was registered at Mangalhat P.S in Crime No. 47/81 under sections 448, 342, 323 and 355 I.P.C. Sri Venkataiah was treated as outpatient in Osmania General Hospital. All the four accused persons who were remanded to judicial custody have been released by the Court

Rule 329;

In connection with the enhancement of weightment charges in Anakapalli Market, the following considerations have been made:

1. The current charges are inadequate to cover the costs and ensure fair trade.
2. There is a need to adjust the charges to reflect fair market values.
3. The enhancement is intended to ensure sustainability of the market.

As a result, the following adjustment has been made:

- The new charge rate is 74.50 instead of 74.00, reflecting the increased costs.

This decision is in accordance with the principles of fairness and sustainability.

re: Sri Venkateswara Co-operative Housing Society for Legislators

Sri E. Ayyapu Reddy:—Sir, this is a very long statement. I want to be brief. The Cabinet Sub-Committee in its meeting held on 28-4-81 has decided to take up only open plot development instead of housing and that the scheme would be implemented by the Municipal Corporation, Hyderabad. It was also decided to send intimation to this effect to all applicants in all categories including members of the staff of the Legislature Department by 15-5-1981. The applicants are to give their consent for the plot and pay the total cost of the plot on or before 15-5-1981. The area of the plot shall be about 600 sq. yards costing Rs. 18,000/- at Rs. 30 per sq. yard. The applicants have been accordingly sent intimation to give their option for open plots on or before 15-5-1981 and pay the amount as per the lay-out prepared from M. C. H. and only 350 plots can be developed as against 555 applicants. It was also decided by the Sub-Committee that the allotment shall be by draw of lots if more than 358 members agree to take open plot and pay for the same.

Re: Deaths due to Collapse of a building at Chudi Bazar, Hyderabad.

Statement by the Minister of State for Municipal Administration.

The most tragic incident of the death of six persons occurred in the early hours about 3 a.m. on 3rd May, 1981. It is learnt that Smt. Murshida Begum aged 25 years along with her five children came to Hyderabad City from Gulbarga to see her brother who is residing in Chudi Bazar locality. There are some small old houses within the compound wall of Masjid-a-Rahmania behind Municipal Drainage Stores at Chudi Bazar. There people on the night of 2nd and 3rd May, 1981 slept beside the compound wall of the Mosque adjacent to a house which has the Parapet wall. A portion of the parapet wall of this house collapsed in the early hours of 3rd May, 1981 when these people were fast asleep, resulting in the death of the six persons.

Immediately after the incidence messages were given by the local people to the Police, Fire brigade and Municipal corporation emergency squad. The dead bodies were removed from the debries of the collapsed parapet wall by Municipal corporation Emergency gang and fire bridgade people at 3.20 A.M. on 3rd May, 1981. The dead bodies were then taken to the Osmania General Hospital for post-mortem by the Police and the dead bodies were given to the relatives of the deceased and the husband of Smt. Murshida Begum who by that time arrived to Hyderabad from Gulbarga. These bodies were buried in the burial ground in the backyard of the Masjid.

The next day i.e., on 4th May, 1981 the Deputy Commissioner Circle 2 along with the concerned Asst. Engineer and Asst. Town Planner visited the place of incidence. There was still some portion of the wall and varandha of the said house which was in dangerous and delapidated condition. Notices under Section 456 of the Hyderabad Municipal corporation Act,1955 were issued to the owner and occupier of the house and the portion of the wall and Varandha that was dangerous has been removed. The Municipal Corporation of

Re: Reservation of the Post of Sarpanch of Kothajaddavari-palem Village in Vinukonda Taluk, Guntur District for Scheduled Castes.

Statement by the Minister for Panchayati Raj.

Kothajaddavari-palem Gram Panchayati of Vinukonda Taluk, Guntur District has a total population of 500 according to 1971 Census. There are 58 Scheduled Castes persons in this Village according to the same Census.

According to Section 12 of Andhra Pradesh Gram Panchayati Act, 14 of the total number of offices of Sarpanches in a Block have to be reserved for the members belonging to Scheduled Castes. While reserving the office, those Gram Panchayats have to be selected, where the proportion of the population of the Scheduled Castes to the total population of the village is the largest.

Kothajaddavari-palem was reserved on this basis so far as it is one of the Gram Panchayats where the proportion of Scheduled Castes population according to the Census is the largest in the descending order.

As regards the problem of there being no voters in this village, the Act provides that the principle for population has to be followed as far as practicable. This being so, in an eventuality like this, some other method has to be devised in order to see that the reservation made does not become inutile. The Collectors have been advised that in such cases they should go down to other Gram Panchayats where although the population of Scheduled Castes/Scheduled Tribes may be less there are actual voters. On receipt of the Call Attention the Notice, Collector, Guntur has been advised to take action accordingly.

Assignment of land to the residence of Uppanki Harijanwada at Tirupathi

216.—

3935 (B)-Q.—Sri M. Omkar, Smt. G. Dhanasuryavati, Smt. Mallu Swarajyam,—Will the Minister for Revenue be pleased to state:

(a) whether it is a fact that about 100 families of Harijans have been residing from time immemorial at Uppanki Harijanwada known as Srinivasapuram in Tirupathi town of Chittoor District by constructing their houses over the S. No. 8-B/2 a Government land;

(b) whether it is a fact that the Government has not assigned the said land to the Harijan dwellers till today and some influential persons by name P.B. Guruva Reddy with the help of the revenue authorities have been trying to evict them from the said land;
Written Answers to Unstarred Questions placed on the Table of the House.

(c) if so, the action taken thereon;

(d) whether it is also a fact that the said P.B. Gurava Reddy is resorting to forcible eviction of some other hundred of homeless poor people residing nearby V.R.R. Ice Factory and Tallapaka tank over the said land; and

(e) if so, the action taken thereon?

A—

(a) About 70 Harijan families are residing in S.No.88/2 of Tirupathi town and the extent occupied by the Harijanwada known as Uppanki Harijanwada is about Ac.4.30. Local enquiries made by the Tahsildar, Chadragiri revealed that the Harijanwada has been in existence for over 50 years.

(b) and (c) The land in S.No.8B/2 where Uppanki Harijanwada is situated and also some other Survey Nos. was originally inam land held under T.D.No.2456. A ryotwari patta was granted under Sec.4 of the Inam Abolition Act, 1956 in favour of Sri P.S. Gurva Reddi and Sri K.Ramachandra Reddi jointly in the year 1957 by the then Tahsildar Chandragiri in respect of these lands. While granting the ryotwari patta under the provisions of the Inams Abolition Act, 1956, the entire extent covered by the T.D including the communal lands like tanks, kasams, channels, cart track etc., were also including in the ryotwari patta issued. According to Sec.2-A introduced in the Inams Abolition Act, 1956, all communal lands and Poramboke lands, gazing lands, forest lands, wastelands etc., in the inam lands stand transferred to Government and vest in them free of all encumbrances. In the instant case some extent of lands falling U/s.2—A were included while granting the ryotwari patta is by the then Tahsildar Chandragiri of which S.No. 8/B/2 total extent is Ac.11.30 and Ac.4.30 is covered by Uppanki Harijanwada.

As the above lands are situated very close to the Tirupati town and as they are very valuable lands and there are also proposals for land acquisition at a high cost for Govt. A.P.S-R.T.C. etc., it was decided to invoke the Provisions of Section 14 (A) the Inams abolition Act 1956 and to get the pattas cancelled in respect of the extent of 1956 lands falling within the Scope of Sec.2-A of the of Inams Abolition Act. Pending cancellation of the pattas, the Sub-Registrar, Tirupathi was requested by the Tahsildar Chandragiri not to accept any sale transactions in respect of the lands falling under Sec. 2-A alienating portions of the lands to other parties. Aggrieved by the action of the Tahsildar the pattadars Sri P. S. Guravareddi and Sri K. Ramachandra Reddi rushed to the High Court and filed W.P. No. 5066/79 against the initiation of the proposals for cancellation of the patta U/s. 14-A of the Inams Abolition Act, 1956. The High Court initially granted interim stay in W.P.M. P.No. 6670/79, in W.P. No. 5066/79 dated, 17.7.1979
7th May, 1981. Written Answers to Unstarred Questions placed on the Table of the House.

from cancellation of the patta for the above lands and then made the stay absolute in its order in W. P. M. P. No. 6670/79, dt, 20-9-1979.

(d) and (e). It is not true to say that Sri P. S. Guruva Reddy is resorting to evict the persons Uppanki Harianawada V.R.R. Ice Factory is situated adjacent to the Tallapaka Inam lands and Tallapaka tank. There are 8 residential huts in S. No. 623/1 which is nearer to V. R. R. Ice Factory. The said S. No. is held by Sri P. S. Guruva Reddy and Kathi Ramachandra Reddy and is being acquired for extension of A. P. S. R. T.C.

The 8 residential huts which are situated in the portion proposed for acquisition have to be removed of construction of Bus Station. The Sub-Collector, Chandragiri has proposed payment of compensation to the eight occupied of the huts who are said to be Agricultural labourers. It has also been proposed to provide alternative land to the victims at the appropriate time for the construction of houses. Thus the residents occupying the area in Thallapaka tank and near V. R. R. Ice Factory are not being evicted forcibly.

Revision of Pay Scales of J. E. S. and A. E. S. in A. P. S. E. B.

217— 3945 (B) - Q.—Sarvasri Shivalal, S. Santhosh Reddy and Janardhan Reddy, —Will the Minister for Power be pleased to state:

(a) the action taken by the A. P. State Electricity Board on the representations of the Engineers of the Board which are pending since August, 1976 regarding the revision of pay scales of Junior Engineers and Assistant Engineers on par with Deputy Chief Accountants and Chief Accountants with effect from 1-4-1972.

(b) the action taken on the report of the Koli Commission on the revised pay Scales of the Engineers of A. P. State Electricity Board.

(c) the action taken by the A. P. State Electricity Board after it has agreed before the bench of the High Court to consider the representation of the Engineers regarding revised Pay scales with effect from 1-4-1972.

A.—

Before taking any action by the A. P. State Electricity Board on the representation of the Engineers of the Board submitted during August, 1976, certain Engineers have filed W.P. in the High Court (W.P.No.4165/77) challenging the date of enforcement of the rectified pay scales. Hence the Board had no other option except to wait till the Judgement of the W.P. filed by the Engineers is delivered by the High Court.
placement on the Table of the House.

(b) Based on the report of the Koli Commission the A.P. State Electricity Board issued orders in its B.P.MS.No.585, dated 14-7-1976 among other things rectifying the Pay scales of Junior Engineers/Assistant Engineers with effect from 1.6.1976 for financial benefit. The rectified pay scales of Junior Engineers/Assistant Engineers are as follows:

<table>
<thead>
<tr>
<th>Enhanced Pay</th>
</tr>
</thead>
<tbody>
<tr>
<td>Assistant Engineers</td>
</tr>
<tr>
<td>Junior Engineers</td>
</tr>
</tbody>
</table>

Subsequently, the Board issued orders in its B.P.Ms.No.281, dated 14.3.1977, giving D.A.merged pay scales to its employees with effect from 1.5.1975 and as a result of which the rectified scales of Junior Engineers/Assistant Engineers mentioned above had to be given effect from 1.5.1975 instead of 1-6-1976.

(c) The W.P filed by the Engineers was finally dismissed by the High Court. Inspite of the dismissal of W.P. by the High Court, the Board had taken a lenient view on the request made by the Engineers' Association and as a matter of good will finally agreed in principle to implement the Koli Committee recommendations with effect from 1-4-72 on national basis without payment of arrears as requested by the A.P. State Electricity Board Engineers' Association and orders have been issued by the A.P. State Electricity Board in its B.P.Ms.No. 200, dt.13-3-81.

Dresses for The Inmates of Government Hostels.

4313. Q.—Sri K. B. Siddaiah:—Will the Minister for Social Welfare be pleased to state:—
a) whether the Government are placing orders with the Federation of Garment Manufacturers Cooperative Society Limited, Hyderabad for stitching and supplying of dresses for the year 1979-80 to the inmates of the Hostels run by the Government; and
b) if not the reasons, therefor?

A.—

During the year 1978-79, orders were placed with the Garments Federation in the month of April, 78 for supply of dresses to all the boarders of Social Welfare Hostels in Telengana region(Except Mahabubnagar) on condition that they should supply dresses of Binny cloth within one month from the date of indent but they failed to supply in time. Therefore the Director of Backward Classes Welfare issued instructions to all district Collectors to get the dresses for Backward Class boarders De 1979-80 stitched from the Departmental units of Social Welfare department or Garments Federation as the case may be and dresses supplied to boarders of Backward Class Hostels.

In the case of boarders in Tribal Welfare hostels also no orders were placed with the Federation for supply of dresses for
the year 1979-80 as it was decided to purchase cloth from the N.T.C., A.P.C.O., A.P.T.E.X. and get the dresses stitched locally for supply to tribal students.

240—

6873 Q.— Sri N. Raghava Reddy:— Will the Minister for power be pleased to state:

(b) the reasons for not replacing burnt meters for the first time although there are directives in this regard issued by the Board; and

(c) whether the directives issued by the Board in this regard will be placed on the Table of the House?

A.—

(a) Nil, Sir.

(b) Due to heavy Rural Electrification programme and released of new services and on account of shortage of meters, burnt meters could not be replaced. The old practice was, however being continued by field officers, wherever, consumers voluntarily come forward to pay the cost on the meters, the burnt meters are being replaced on priority. However, back loans are being cleared in a phased manner.

(c) copies of the directions issued by the A.P. State Electricity Board in this regard are given below:

Memo. No. AS (BM)/1145/GS.VIII/1/77—2 Dt: 1-9-77

Written Answers to Unstarred Questions 7th May, 1981.

While reviewing the monthly return for April 1977 on repairs to sick meters, the A.P. State Electricity Board has decided that when meters get burnt on consumers premises, the Board may replace the meter at Board's cost for the first fault, and from the next fault, the consumer should be charged after establishing that the Board is not responsible for it.

The Chief Engineer, Electricity (Operation) is requested to issue suitable instructions to the field officers in the matter.

Sub: Meters — Burnt Meters in consumers' premises — Replacement instructions — Issued—Reg.

3. Telegram dated 12—9—80.

In Board's Memo. 1st cited above, instructions were issued that in case of the services where meters are burnt for the first time, the meters are replaced at Board's cost without going in to fixation of responsibility for the burning of the meter. The problem arise
only in the case of services where meters are burnt for the second time and subsequent times. As per the present practice such meters are being replaced after inspection by the Assistant Engineer/Additional Assistant Engineer concerned and are replaced at Board's cost if the cause of burning is in the Board's installation, otherwise the cost is being collected from the consumer before replacing the burnt meters.

To avoid any time delay involved in this regard and hardship to the ryots in assessing consumption as per tariff conditions and in view of the representations made to the Hon'ble C.M., the A.P.S.E. Board directs that an undertaking from the agricultural consumers should be taken and in case the responsibility is fixed on the consumers they would pay the cost of the meter but replace the burnt out meter immediately.

N. Radhakrishna Murthy,
Secretary.

Assignment of Government land to Land Lords in Katrapalli,
Warangal District

248.—

7900 & 7943-Q.—Sri M Omkar, S. Jaipalreddy and Ch. Rajeswara.
Rao:—Will the Minister for Revenue be pleased to state:

(a) Whether it is a fact that the Tahsildar, Narsampet in
Warangal District assigned Government land to landlords at Katrapalli,
(b) If so, the details thereof and the reasons thereof?

(a) Yes Sir.

(b) There are two sets of assignment made by the Tahsildar.
One set is covered by six assignees and the other set is covered by
three assignees; regarding the first set of assignees the position is that
assignment proposals were submitted to the Collector by the Tahsildar,
Narsampet in the year 1956 under circular No. 14 of Government
of Hyderabad duty obtaining the approval of the Assignment
Committees. The Collector also sanctioned the assignment proposals
According to the holdings hold by the proposed assignees except
one Sri Praveen Reddy, all are holding less than one family
holding. As Gopal Reddy was holding Ac. 70-21 (converted dry) he is not
entitled for assignment. So also Seetharam Reddy was holding 53-23
acs. (converted dry) and he is eligible only to the extent of 0 17
acres. But the Tahsildar has assigned 0.27 acs. of wet land in favour
of his son Sri Laxmaredy as Seetharamreddy had by then expired.
The Tahsildar assigned 0.06 acs. of wet land in favour of Thirupathi
reddy as his father Gopal Reddy expired. Hence assignment made
in favour of Sri Thirupathi Reddy and Sri Laxmareddy in excess of
the family holding requires cancellation and action u/s 166-B of the
L.R. Act is being initiated by the Collector for cancellation.

Regarding the 2nd set of assignment made in favour of 3 assignees
the position is that the persons are reported to be in possession
of the land for over 50 years. But the names are not included in the
Laoni statement sent for sanction of the Collector and the Tahsildar
on his own accord collected the upset price from them and assigned
the lands in their favour @ 1-00 acrs each. The Tahsildar ought to have
obtained the sanction of the Collector. Hence the Collector observed
that the assignment made by the Tahsildar appears to be irregular.
Action is being taken to cancel the assignment made by the Tahsildar
u/s 166 B of L. R. Act.

(b) if so; the action taken thereon?

A—

(a) No, Sir. But a representation of the Harijans along with the D. O. Lr.No 6/81 dt. 24-1-81 of Sri K. Govinda Rao, M.L.A., was received by the Collector, Visakhapatnam on 2-2-1981.

(b) The Collector has reported that no action could be taken on the representation of Harijans referred to in clause (a), as the land covered by S.No. 264 measuring Acs. 5.50 in Ugginipalem Village, Anakapalle Taluk; was, already assigned in favour of Sri M. (b) Steps taken by the Government to improve the economic conditions of the Fishermen.

The Schemes drafted by the Fisheries Department are increasing the fish production which either directly or indirectly improve the economic condition of the fishermen.

The Department has taken up construction of fishing harbour, introduction of mechanised boats, formation of village access roads, establishment of sea food processing plants at different places which result in creation of employment potential to the fishermen.

The Government are also negotiating with the Swedish International Development Agency for the implementation of integrated project for Marine and Estuarine Fishery Development for the benefit of the fishermen living in the Central Delta of East Godavari District. The estimated cost of the project is about Rs. 4 crores.

The Fisheries Department has established a number of fish seed production farms in the State to produce the quality fish seed requi-
red for stocking the Inland waters which are being taken on lease mostly by fishermen cooperative Societies. Every year the existing fish farms are being improved and also establishing new farms for augmenting fish seed production in the State.

Two Marine Fisheries Training Institutes have been established to train the Marine fishermen in the operation of mechanised boats. The duration of the training is 12 months. During the period of training each candidate is paid a stipend of Rs. 75/- per month. Similarly 3 Inland Fisheries Training Centres have been established at Kurnool, Warrangal and Badampudi in West Godavari District to train candidates in Inland Fish Culture. The period of training is 3 months and in a year 3 batches are trained from each institute. There is a provision to train 20 candidates on stipendary basis and 20 candidates on non-stipendary basis in each batch. The candidates taken on stipendary basis are paid an amount of Rs. 75/- per month per head during the period of training.

Nylon yarn also is being supplied under Small Farmers Development Agency, I.R. D.P. Schemes at subsidised cost to deserving fishermen.

The Government have taken a decision to develop the Brackish-Water areas available along the coast through the following three categories:

1. Through fishermen and candidates belonging to other weaker sections under self-employment scheme and similar programmes.

2. Through Small Self Employment Entrepreneurs who have technically sound and financially viable schemes and prepared to put in their own margin money.

3. Through big entrepreneurs who have bankable project Report.

Viable schemes are prepared for different good working fishermen Cooperative Societies and recommended for fishermen for National Cooperative Development corporation assistance. A number of schemes have been sanctioned by the National Cooperative Development Corporation and some schemes are under their consideration during the current year.

In addition to the above, the Andhra Pradesh Fisheries Corporation is taking keen interest in procuring the fish and prawns from the fishermen and training to see that the fishermen get a proper price which is generally higher than what the middle-men are so far paying to them.
Thus various schemes broadly mentioned above either directly or indirectly benefit the economic condition of the fishermen.

(c): The steps taken for their (Fishermen) Protection at the time of Cyclone:

Whenever any Cyclone warning are received from the Meteorological Department, the same is communicated to the Fishermen well in advance, through the Departmental Officers and Block Development Officers to all the Fishermen of Coastal Villages. The Fishermen are also instructed not to go out to sea for fishing during Cyclone period.

The Fishermen are also further instructed to move their craft from the Sea-Shore to elevated places and to tie them to permanent fixtures and shift their nets to the safer places to avoid loss/damages. The Fishermen particularly in low lying areas near the sea-shore are instructed to move to the safer places as arranged by the Revenue Officials. Government of Andhra Pradesh have so far constructed (230) Cyclone Shelters.

In most of the villages, Community Broadcasting units are established and maintained throughout the year. The Fishermen are trained to ascertain about weather warnings from the Operators of Broadcasting Units before going out for fishing.

Whenever the fishermen are suddenly caught in Cyclone while they are fishing, the port Department and Naval Authorities are immediately requested to press their services for searching and rescue those fishermen through boats and Helicopters, besides sending boats for search by the Department in the nearby areas.

Excess Land Under the Land Reforms Act

257—

8029 (T) Q.—Sarvasri J. Venkateswarlu, M. Jagannadham, P. Jagannayak:—Will the Chief Minister be pleased to state:

The extent of excess land, distributed to the people till now, in the State under Land Reforms Act and the extent of land therein fit for cultivation.

A:— Upto the end of February, 1981, an extent of 2.88 lakh acres of surplus land was distributed for agricultural purposes and 1043 acres for house sites purposes under the Andhra Pradesh Land Reforms (Ceiling on Agricultural Holdings) Act, 1973. The entire extent assigned for agricultural purposes is fit for cultivation.

Request for the Chairmanship of the Asifabad Panchayat Samithi Advisory Committee.

258—

8036 H. Q. —Sri D. Narasiah:—Will the Minister for Panchayati Raj be pleased to state:

(a) Whether it is fact that the Minister for Panchayati Raj is in receipt of a letter from Dasari Narasiah a local Legislator requesting his transfer from Wankidi Panchayat Samithi, Adilabad District to Asifabad Panchayat Samithi as the Chairman of its Advisory Committee:

(b) if so, the reasons for not taking any decision in this matter nearly for last seven months ; and

(c) How much time it will further require to take a decision?

A:—

(a) Yes Sir,

(b) & (c) The M. L. A. in his letter dated 16-7-1980 made a request that he may be withdrawn from the Chairmanship of Block Advisory Committee Wankidi and nominated as Chairman Block Advisory Committee Asifabad as a majority of the problems need representation in the area covered by Asifabad, and Sri Athiram Babu Rao, Sarpanch, Modi, may be nominated in his place as Chairman Block Advisory Committee Wankidi.

Later on in his letter dated 1-10-1980 a request was received from the M. L. A. that Sri Athiram Babu Rao happens to be illiterate, and has no knowledge of the activities of the block and as such his request to nominate Sri Athiram Babu Rao as Chairman Block Advisory Committee Wankidi may be treated as withdrawn and that one Mr.
Thatipalli Dattadri, Sarpanch of Geogoan who is very much associated with the activities of the block Wankidi may be nominated as Chairman Block Advisory Committee Wankidi. However again in his letter dated 29-11-1980 the M. L. A. has informed the Government that Sri Tatipalli Dattadri, Sarpanch of Geogoan has misused his letter head for his own benefit and that he is still in favour of proposing Sri Athiram Babu Rao, Sarpanch, Modi of Wankidi Block be nominated as Chairman Block Advisory Committee Wankidi.

A report in the matter was invited from the Collector who has since informed Govt. in his letter (dated 15-2-1981) received on 18-3-1981 that the proposal of the M.L.A. now opting to be Chairman of Block Advisory Committee Asitabad instead of Wankidi and Sri Athiram Babu Rao, Sarpanch Modi Gram Panchayat as Chairman Block Advisory Committee Wankidi may be accepted by Government.

Water Tank at Agricultural Market Yard, Wanaparthy

259-

8049—Q.—Sri M. Jayaramulu:—Will the Minister for Marketing be pleased to state:

(a) The expenditure incurred for the construction of a water tank in the Agricultural Market yard, Wanaparthy to provide water facility;

(b) Whether the said water tank is catering to the needs of the ryots and cattle who come there for marketing purposes; and

(c) if not, the reasons therefor?

A.—

(a) Rs.16,913/-.

(b) Since the yield of water from the existing 4 1/2" bore well, where-from the water is pumped to the over-head tank is not adequate to fill the tank, one more bore well of 6" diameter is sunk. This will meet the water requirements of the users of market and cattle.

(c) Does not arise.

8050.Q.—Sri M. Jayaramulu:—Will the Minister for Co-operation be pleased to state:

(a) Whether the Central Marketing Society at Wanaparthy is functioning on loss;
(b) if so, the amount of loss sustained; and
(c) the action taken against those who are responsible for the loss?
A.—
(a) There is no Central Marketing Society at Wanaparthy. There is a Co-operative Marketing Society functioning at Wanaparthy and it is working on loss.

(b) As per the Audit Report for 1976-77 the loss is Rs. 2,61,315-20 and as per the tentative balance sheet as on 30-6-1980 the loss is Rs. 5.84 lakhs.

(c) An enquiry under section 51 of the Andhra Pradesh Co-operative Societies Act into the affairs of the Society with reference to the losses sustained from 1-7-1975 to 30-6-1978 was ordered. The Special Officer of the Society for this period filed a Writ Petition against the enquiry and obtained stay. Finally the stay was vacated by the High Court with a direction that the enquiry may go on but no action should be taken on the basis of the enquiry report. The enquiry was completed for 1975-76 and action will be taken on the report after disposal of the Writ Petition.

Widening of Roads in Bavajipet, Vijayawada

262—

8058-Q—Smt. G. Dhanasuryavathi.—Sri K. Satyanaryana and Sri M. Omkar:—Will the Minister for Municipal Administration be pleased to state:

(a) whether the Government received a memorandum dated 12-12-1980 from the inhabitants of Bavajipet 25 ward at Vijayawada in Krishna district to the effect that the proposed internal roads must be of 20 feet and 12 feet width for main and lane roads respectively; and

(b) if so, what action has been taken thereon?

A.—

(a) It is a fact that a representation from the residents of Bavajipet (Smt. K. Varalakshmi and 27 others) dated 12-12-1980 requesting to lay 12 feet road in the lanes instead of 20 feet roads was received in the office of the Municipal office, Vijayawada.

(b) No motion could be taken by Vijayawada Municipality either to lay 20 feet roads or 12 feet roads in some lanes for the following reasons:

i) entire locality known as Bavajipet, whose extent is Acres 10.68 cents, belonged to Brahmachari Bhavaji Muth, Vijayawada, which is under the control of the Commissioner, of Hindu Religious and Charitable Endowments, Government of Andhra Pradesh. There are about 400 houses in existence in this locality since 1940.

ii). A lay-out suggested by the Director of Town Planning in L.P.No.76/65 was approved by the Municipal Council; Vijayawada in its resolution number 472, dated 27-4-68. A revised layout was approved by Municipal Council, Vijayawada in L.P.No.4/74 as suggested by the Director of Town Planning.
iii) But the Management of the Muth has not handed over the sites earmarked for roads in the approved layout as per the Layout Rules framed under section 185 of Andhra Pradesh Municipalities Act, 1965 nor the Management has paid the development charges due to the Vijayawada Municipality till date in spite of several notices issued to it. On the other hand, the Management has disposed of the house sites.

The Vijayawada Municipality cannot incur any expenditure towards public amenities unless the sites earmarked for roads are handed over to the Municipality. But, because the Vijayawada Municipality is deriving a little income through property tax on the houses in this locality, the Municipality laid all the main roads in this locality except a few interior lanes and provided basic amenities. If 20 feet roads are to be laid in the remaining lanes also as per the approved layout, some of the existing houses will be affected. In the present case, certain encroachments have to be removed for laying roads as per approved layout. The removal of encroachments cannot be attempted to unless the sites earmarked as roads in the approved layout are handed over to the Municipality. The Management of the Muth has been addressed by the Municipal Council, Vijayawada to handover the roads and to pay the development charges.

(b) If so, the reasons there for ?

A.—

(a) There were 78 cases pending for disposal as on 31.8.79. During the period from 1.9.79 to 28.2.81, 15 cases have been remanded by the Collector making a total of 93 cases, out of which in 47 cases occupancy certificates have been issued during the above period and one case has been rejected, leaving a balance of 45 case as on 28.2.81. All these cases are contested and regular hearings are being held. The Occupancy certificates will be issued in all eligible cases as soon as the cases are disposed off according to rules.

(b) Does not arise.
