Mr. Deputy Speaker:- Now Question No. 81.

**ORAL ANSWERS TO QUESTIONS.**

81—

**CONSTRUCTION OF BRIDGE ACROSS RIVER MANAIR NEAR SIRICILLA**

a) Whether it is a fact that the construction of the bridge across river Manair near Siricilla in Karimnagar District has been stopped for the last over three years;

b) If so, the reasons therefor; and
c) the steps proposed to be taken up by the Government to complete the bridge:

The Minister for Roads & Buildings (Sri M. Manik Rao):-

a) Yes Sir.

* An asterisk before the name indicates confirmation by the Member.
b) The work was executed for some time but suspended by the Contractor raising certain claims. The Arbitrator has been appointed.

c) The Department has persuaded the Contractor to resume the work, pending finalisation of arbitration proceedings. The Contractor did not resume the work. The Superintendent Engineer (R & B), Karimnagar suspended the contract of the main bridge portion under clause 61 of A.P.D.S.S. Thereupon, the contractor moved the Sub-Court at Karimnagar in December, 1981. The Department could not proceed further in view of the injunction order of the Sub-Court, Karimnagar on 26-12-1981.

There are no two opinions about that.

There is delay on the part of the Contractor and I accept the delay. I am not defending. I feel sorry for that.

Sri M. Manik Rao :- This benefits two taluks and the road is involved.
Sri M. Venkaiah Naidu:— What is involved? It is the Minister who is involved in the delay.

I am not involved. I think, he will bear with me. The delay has happened and I am at it.

That is the failure of the Government.

LEVY OF TOLL GATE FEES AT MANGALAGIRI BRIDGE

82—

*8028(D)-Q.—Sarvasri K. Satyanarayana (Vunguturu) and M. Omkar (Narasampet):— Will the Minister for Roads and Buildings be pleased to state:

a) Whether the Government levied toll gate fee at Mangalagiri Bridge recently;

b) If so, the schedule of rates for various category of vehicles there;

c) Whether the Government is aware that the traffic is being jammed on the National Highways for a long time and for many times a day and the serious resentment of the public for heavy toll gate fees; and

d) If so, the remedial steps the Government propose to take?

Sri M. Manik Rao:—

a) Yer Sir,

b) A statement is placed on the table of the House.
c) Yes Sir,

d) The Government have suspendee the collection of fees. In the meanwhile the Government of India have abolished the collection of Tolls on Road Over Bridges on National Highways.

84—

*8901-(T)-Q.—Sri V. Sanyasi Naidu (Elemenchili):— Will the Minister for Marketing and Rural Development be pleased to state:

a) Whether the Government propose to regularise the services of the employees who were taken through the Employment Exchange and working in district, Village Development Boards;

b) If so, when? and
c) If not, the reasons therefor?

The Minister for Rural Development (Sri Paladugu Venkata-Rao:—

a)&b) The District Rural Development Agencies are autonomous bodies to be registered under the Societies Registration Act. The services of their employees recruited through Employment Exchanges will be regularised by the Agencies after the rules governing their services are issued. The question of framing model rules for adoption by the District Rural Development Agencies is under active consideration.

"benefits derived by the Corporation and the Small Scale Industries..."
Sri V. Venkateswara Rao:— The salient features of the recommendations are: The registration procedure also is studied and certain recommendations are made. In this, the Indian Institute of Management recommended that in the present scheme, the Corporation's Technical Inspector should inspect production before registration and see whether it is according to the specifications. The Corporation should follow the Tamilnadu system, either according to ISI specifications or specifications made on the test in the laboratories.

1-50 a.m.

Sri V. Venkateswara Rao:— Not only rate contract system, price data collections, reduction in delay in release of payments.

Sri V. Venkateswara Rao:— Not only rate contract system, price data collections and besides these, marketing and promotion advisory cell—these are the various recommendations they have made. For example, under Advertisement, promotion advisory Cell, Indian Institute of Management recommended that the Small Scale Industries in Andhra Pradesh due to lack of awareness of the needs and for effective and meaningful communication, are not able to sell...
their products properly. Therefore the Indian Institute of Management has recommended that the Corporation should render immediate service to Small Scale Industries by setting up Advertisement Promotion Advisory Cell to advise the Small Scale Industries on the need for advertising and promotion, designing and advertisements and display of samples and advertising the sale promotion, publicise the services available under the Marketing Assistance Scheme of the Corporation and also explore the possibilities of arranging and exhibiting the display of expertise especially the new products. These are recommendations.

Is it commensurate with each other? That is the point.

Sri V. Venkateswara Rao:- This expertise whatever they have given us, will give fruits in the long run, and not immediately.

DEATH OF A PERSON IN POLICE CUSTODY AT MAREDPALLY POLICE STATION

36—

*9139-Q.-Sarvasri M. Venkaiah Naidu (Udayagiri) Ch. Rajeswara Rao (Sircilla) M. Omkar and Bachinder Rao (Secunderabad Cantonment SC):- Will the Chief Minister be pleased to state:

a) whether it is fact that one Mr. D. Narasimha died in police custody at Maredpally Police Station of Hyderabad:

b) whether it is a fact that Sri Narasimha died on account of police torture; and

c) whether the Government have ordered judicial enquiry into this matter?
296 30th March, 1982 Oral Answers to Questions

I don't like you to say that it is not going to be a good enquiry or proper enquiry, whatever it is.

The honourable member - Sir, according to you, enquiry is a very serious affair. I wish to state that I have the utmost confidence in the ability of the Governor to conduct enquirie, proper or not. The Governor is a very well known person in the country. I have no doubt in my mind that the Governor is capable of conducting any enquiry, whatever it is.

He said that Narasimha died because of some pain in the chest and he was taken to the Hospital where he died.

If the public had beaten him, he would have been taken away straight to the Hospital.
There are two points of time. The first one is at the point of time when he was taken to custody and the second is at the point of time when he was taken to the Hospital.

Sir B. Venkatram: -- I will call for the records and examine the whole case and take a decision. I know the anxiety of the Hon. Member. I assure that there should be a proper enquiry in the matter.
Oral Answers to Questions 30th March, 1982

He is actively progressing with the enquiry.
I will be taking into consideration all the aspects.

Re: (1) Firing by the police on 11-1-1982 at Bandameedi Kothapalli H/o: Thummagutta Village Madanapalle Tq.

Sri B. Venkataram: On information that a massive cock-fighting was organised at Bandameedi K. Palli: Hamlet of Chalapalli village, about 25 km. from Madanapalle on 11-1-1982 afternoon, one Police Party consisting of local Sub-Inspector, two local Head Constables, three local Police Constables, one armed Reserve-Sub-Inspector, twelve Armed Reserve-Head Constables and 13 Armed Reserve Police Constables proceeded in Police Vehicle 5AX-5796. On seeing the police, a crowd of 1,000 persons indulging in cock-fight 'gambling' ran 'helter and shelter', but the Police Party could arrest 22 persons and seized 23 cockfighting cash Rs. 510-00. While the Police Party was about to leave with the arrested persons, the crowd gathered again, surrounded the Police Party and demanded immediate release of arrested persons. As the police refused to oblige them, the crowd started pelting stones and brick 'bats' as a result of which one Sub-Inspector, Armed Reserve-Sub-Inspector, Armed Reserve-Head Constable, six Armed Reserve Police Constables, two local Head Constables and one local Police Constable sustained injuries. The Police Party resorted to the opening of fire and 52 rounds in total were fired, resulting in the death of four persons and bullet injuries to 10 others. 22 persons were arrested by the Police on 11-1-1982 and a case in C. No. 1782 under sections 147, 148, 324, 332, 341, 427 and 307 IPC, read with sections 149, 153, 153-A IPC, read with sections 149, 153, 153-A IPC.
of A.P.G. Act were registered in Bandameedha Kothakota Police Station. The Collector and the Superintendent of Police, Chittoor visited the scene of offence and the injured persons in the hospital. Government have sanctioned ex-gratia amount of Rs. 30,000 at the rate of Rs. 5,000 each to the illegal heirs of the deceased and Rs. 1000 each to the injured and same has been disbursed to the concerned by the Tahsildar, Madanapalle on 26-2-1982. Government have also appointed Justice A. D. V. Reddy, Retired Judge, High Court of Andhra Pradesh, as Commission of Inquiry to enquire into the incident of opening fire by the Police on 11-1-1982 at Madanapalle, Chittoor District. The Commission of Inquiry is taking up the enquiry in the second week of April, 1982.

re: Cheating of a shepherd of Thotiguta Village, Ramayampet taluk, Medak district by one Sri Rajireddy and beating by the Police at Jai Praja Bhavan subsequently.

30 March, 1983.

The matter was referred by the Medak District Court to the Court of the District Judge, Medak, under Rule 329 of the Criminal Procedure Code. The Court of the District Judge, Medak, has, therefore, given orders instructing the police to investigate the complaint of the shepherd of Thotiguta Village, Ramayampet taluk, Medak district, against Sri Rajireddy, who was accused of cheating him and beating him subsequently.

The complaint states that on the morning of 30 March, 1983, Sri Rajireddy, who was a shepherd in Thotiguta Village, Ramayampet taluk, Medak district, accused the complainant of cheating him and beating him subsequently. The complainant, therefore, filed a complaint against Sri Rajireddy with the police at Jai Praja Bhavan.

The police, therefore, investigated the matter and found that Sri Rajireddy had indeed cheated the complainant and beaten him subsequently. The police, therefore, arrested Sri Rajireddy and filed a case against him in the Court of the District Judge, Medak.

The Court of the District Judge, Medak, has, therefore, given orders to investigate the matter and to submit a report to the Court. The Court of the District Judge, Medak, has also given orders to the police to investigate the matter and to submit a report to the Court.

Re: Short supply of water to irrigate the lands in Mahaboobnagar District under the Rajoli Banda Diversion Scheme.

The supply of water to irrigate the lands in Mahaboobnagar District under the Rajoli Banda Diversion Scheme is insufficient. The annual requirement is 67,500 acres, but only 50,000 acres are being irrigated. The proposed solution is to increase the supply to 87,500 acres. The proposals include:

1. Increased water supply from the river
2. Construction of water storage tanks
3. Use of groundwater

The government has sanctioned Rs. 37,000 for the project. The work is expected to be completed by 1990.

re: Acute Problem of Drinking Water in Twin Cities

Minister for Municipal Administration (Smt. B. Sarojini Pulla Reddy):

At present the supply of water to twin cities is a little over 60 Million Gallons per day excluding the water supply to industries. This works out to 24 gallons per head per day as against 40 gallons for a city like Hyderabad. The per capita supply of water is less in certain localities. To augment this, reservoirs are under construction to improve pressures which will increase the quantity of water.

2. At present twenty service reservoirs are taken up for construction. Simultaneously, old pipelines are being replaced by new pipes of a larger diameter.

3. A programme of installing boosters has been taken up to improve pressures. Eighteen boosters have been installed.

4. Where there is no pipe system, water is being supplied through 16 tankers. Besides, there are about 900 bores which are in use. Due to depletion of ground water, certain bores drilled in 1973, are not working. The Public Health and Municipal Engineering Department has set up a separate maintenance of bores.

5. In case of break down, people can send their complaints to the nearest service reservoir. Centralised complaint cells have been set up one at Narayanguda and the other at Maredpally, specially for summer. In case of interruption of power supply the

officials of the Electricity Board are responding to the request of the Public Health and Municipal Engineering Department for restoration of supply promptly. At Pattancheru, the Electricity Board has set up two boosters at my request. Due to this, the supply on the Manjira system has improved. There is no acute shortage of water anywhere in the twin cities. If any instance is brought to notice of the Public Health and Municipal Engineering Department, the same will be attended to promptly.

6. The Public Health and Municipal Engineering Department has already taken up Manjira phase III for execution. Besides, major sources like Krishna and Godavari are proposed to be tapped and investigation has already been taken up.

7. In all localities, Government have sanctioned public stand posts. During the last three years, 750 public stand posts have already been erected.

8. As the Honourable Members are aware, the Municipal Corporation of Hyderabad, Hyderabad Water Works and Electricity Board have taken up a massive programme for improving slums. Arrangements have been made for supply of water to 130 slums out of 450 slums. Water will be released to these slums in the next few days. There will be no dearth of water in the slums.

Sir, I shall mention that in few of slums of Sri Amanullah Khan's constituency, these have been taken up.

Calling Attention Matters

re: Acute Problem of Drinking Water in Twin Cities

30th March, 1982

The problem of drinking water in the twin cities has become a pressing matter. The supply of water is inadequate and the quality is often poor. The situation has worsened due to the increase in population and industrial activities. The government has been informed of this issue and appropriate action is required to address it.

The need for clean and safe drinking water is crucial for the health and well-being of the residents. Measures should be taken to ensure a sustainable water supply system is in place. This includes improving the infrastructure, implementing water treatment processes, and increasing the water storage capacity.

Immediate steps should be taken to provide access to safe drinking water to all residents. This can be achieved through the provision of water purification units and ensuring the maintenance of existing water supply networks. Community involvement and education on water conservation are also vital in addressing this issue.

The government and relevant authorities are urged to take urgent action to address the drinking water crisis in the twin cities. The well-being of the citizens depends on it.

The bill concerns the extension of the existing water supply and sewerage facilities in the city of Hyderabad. The bill includes provisions for the construction and maintenance of new water supply and sewerage systems to meet the growing needs of the city's population. The bill also provides for the imposition of rates for the use of these services.

The bill was introduced in response to the increasing demand for water and sanitation services in the city. The existing facilities were insufficient to meet the needs of the growing population, and the bill seeks to address this issue by providing for the construction of new water supply and sewerage systems.

The bill has been well-received by the public and has been praised for its comprehensive approach to addressing the city's water and sanitation needs. The bill is currently under consideration by the legislative body, and it is expected to be passed into law in the near future.

The Government shall constitute a Consultative Committee consisting of members of the Board and such other persons, being not less than three and not more than nine, the Government may appoint after consultation with such representatives or bodies, representing the following interests, as the Government think fit:.......

One shall be a person who has experience of and has shown capacity in commercial matters and administration; then, another member shall be a person with wide experience in the field of public health engineering with reference to water supply, sewerage and sewage disposal and industrial wastes; the third member shall be a person who has experience of accounting and financial matters in a public utility undertaking, preferably a water supply or sewage disposal undertaking.

In the House of the People.

Mr. Speaker,

I beg to lay on the Table of the House a Bill entitled the Hyderabad Metropolitan Water Supply and Sewerage Bill, 1982.

This Bill is aimed at providing for the improvement and extension of the water supply and sewerage system in the Hyderabad Metropolitan Area. The Bill seeks to authorize the Government to raise funds for the purpose of the said improvement and extension.

I would like to inform the House that the Bill has been drafted after extensive consultations with various stakeholders, including the Municipal Administration, the Water Supply Authority, and the environmental and community groups.

The Bill provides for the creation of a Metropolitan Water Supply and Sewerage Board to oversee the implementation of the projects. The Board will be responsible for ensuring that the projects are carried out in an effective and efficient manner.

I am confident that this Bill will contribute significantly to the development of the Hyderabad Metropolitan Area. I urge all Members to support this Bill and ensure its timely passage.

Thank you, Mr. Speaker.
The proposed Board will also have power to levy rates fees, rentals and other purposes and to vary them from time to time in order to provide sufficient revenue to the Board.

re: The Hyderabad
Metropolitan Water Supply
and Sewerage Bill, 1982.

Smt. B. Sarojini Pulla Reddy: Only when it is not convenient, I might have said. But that is not right. Of all the people should Sri N. S. N. Reddy say that?

Sir, I have to give him all respect and he must not say like that.
Government Bill

30th March, 1982

Smt. B. Sarjini Pulla Reddy: I am grateful to all the hon Members for their most valuable suggestions. Especially, I am grateful to the hon. Lady member who understands the common man's difficulties. Being a lady, I can assure you that a lady will have a soft corner.

The present Bill is a simple and non-controversial. The main concept of the Bill is to bring two services viz., Water Supply and Drainage, under one agency and constitute a Board for the purpose. This is not a new concept. It is on the Bangalore pattern which has been functioning since 18 years. Sri Omkar said that the Bill is absolutely bulky and contains 129 sections. All of them deal with procedural matters, in regard to the constitution of Board, its functions and maintenance of accounts and regulation of water supply and drainage system.

The Ordinance has also been clear. Hon. member Sri Venkaiah Naidu was speaking of the Ordinance. I want to show the urgency. This Ordinance was also cleared by four ministries. This is not an ordinary thing, I want to say. The four Ministries of Government of India are: Roads and Housing Ministry, Ministry of Health, Ministry of Law and Ministry of Home. So this has been scrutinised thoroughly before we brought it to this Assembly. I can tell you I don’t know who is this Rangadas.

If there is any cause of suspicion, you can again bring it to the Floor of the House. I really feel very disappointed.

Why should a person be honest when even honest person is also accused. This really sometimes makes us feel sad.

Believe me, I may not be able to contest the next elections. It is a fact. All that glitters is not gold.

If you want to go for election, lot of money is required. I don’t know how a number of people like you
are contesting the elections, including this side or that side. The elections are beyond my imagination. So don’t drive the honest people also to desperateness. It is my personal request to you and with all sincerity at my command, I am telling you.

I am always available. But during the time when I was preoccupied I might have said “I may not be available”. But I never give room like that. As a matter of fact I believe in healthy democracy. But what is wrong if official members are there from B. J. P. or any other party? As a matter of fact that is a healthy democracy. It survives if there are people from all parties. I believe strongly in that principle.

Sri M. Venkaiah Naidu:- How does the Minister explain about the omission of Mr. N. S. N. Reddy from Vizag Urban Development Authority? He was M. L. A. at that time?

Smt. B. Sarojini Pulla Reddy: You can ask. He knows. I am shortly convening a meeting including the Principal Secretary of I & P Department and Special Secretary etc., to expedite Rayawada Canal to provide extra water to Vizag. I am taking interest and you can also ask all my officers. This I am telling to Sri N. S. N. Reddy.

This Board will certainly have all the autonomy it should have. It needs to be given time. It need not come to the Government. That I can assure you.

This is being examined separately in the case of Hyderabad Water Works. After studying other cities also where such a system exists i.e., the Boards, this Board will certainly adopt those procedures which are found good.

Regarding gardens nobody is going to be affected. There will be some sort of procedure, where they would say this is a commercial garden and they are cultivating so much of land in the bungalow and all that. Nobody will say that this is a commercial thing.

Regarding water connections, if it is unoccupied, they know the connection is cut off. When the house is locked, we always charge minimum charges.

Sri Poolla Subbaiah: In that case in the Act if the "Garden" is defined, it will be sufficient.

Smt. B. Sarojini Pulla Reddy:- Later on if it is found necessary, we will do. As you know 15 day's time already is there. The second notice is for 3 days.

Regarding tenders, pre-qualification tenders are not going to be applied for this Board. That is my opinion. Ordinary Tenders system will be adopted in this Board.

As I said, at present the water supply system in the Twin Cities of Hyderabad and Secunderabad is under the control of public health. Funds are provided by the State Government for the capital works and maintenance in the State Budget. The Sewage Scheme system is under Municipal Corporation. Funds are provided by the Municipal Corporation by obtaining loans from the State Government and L. I. C. etc. The reasons for formation of the Board are these. As a matter of fact, lot of consultations have been made on this. Since two basic services are under the control of different independent organisations, the concurrent development of Board services have become difficult. The revenues derive from water supply system are credited to the general revenues of the State Government, and the expenditure on the various works is linked up with the budgetary allocations approved by the Government, keeping in view the plan allocation of the State Government. Thus the development of water supply and sewage services in any particular area are not progressing hand-in-hand. The Municipal Corporation naturally goes according to the priorities. The City growth is tremendous. A need has arisen for developing the basic amenities like water supply and sewage. Whenever we are approaching the LIC, or the World Health Organisation or the World Bank, they say "You must have a separate Board" within the
limited allocations of the plan. That is why we thought of having this Board. As a matter of fact, even earlier two World Bank Missions have visited the State and held discussions with the State Government officials including the Chief Secretary and the Ministers. During these discussions, it was said that certain organisational changes in the set up are necessary for attracting investment of external agencies like World Bank etc. The State Government has appointed Administrative Staff College of India as consultants for examining the existing set up and suggesting modifications. Even the L.I.C. have been expressing very often that they would like to deal with a single agency for the disbursement and repayment to Water Supply and Sewage Boards. They feel that granting loans, they should function as an autonomous water supply Board for twin cities of Hyderabad and Secunderabad and for providing sufficient operation in the maintenance of water supply. We have also been thinking of having a Board, as a matter of fact, for the entire State. But the Secretaries Committee suggested that first of all, the necessities of the twin Cities of Hyderabad and Secunderabad be dealt with and later on with the experience gained, we would think of the statewide Board. We can wait for six months to see how this Board functions. Later on we will certainly take up in a better way.

As I said, we have taken the pattern of Bangalore. It has been functioning very successfully.

Mr. Machidher Rao spoke of the Cantonement to be included in the Board area. This can be done later with the sanction of the Cantonement Board. We cannot do ourselves.

Sri Iswara Rao: Stated that we should have a Statewide Board. Sir, the Secretaries Committee suggested that with the experience in the Twin Cities we will certainly take up Statewide Board.

Some hon. members raised about officials and non-officials on the Board. On the Board four more vacancies are there. Already it is there that M.L. As and M.L.Cs. cannot be members. That was clarified in this. Certainly we will have Municipal Corporators from all the parties. That is what I want to clarify. This Board has a tremendous capacity. I can assure you that ordinary tender system will be adopted by this Board.

Mr. Omkar is here. I will have a meeting in my Chambers with Special Officer, Chief Engineer. Mr. Omkar, Mr. Venkaiah Naidu and other members interested in the Rangadas affair. They can go into the affair and discuss thoroughly. I assure that they can have a look at it since it has a lot of importance.

I am grateful to all the members who said that they would welcome this Board Mr. Omkar, now being convinced, he would certainly agree with us. I request you all with all the humility at my command to pass this Bill unanimously.

I 20. 60p :- హైదరాబాద్ ప్రథమ జాతీయ పట్టణం నుండి నుండి మార్గం కాబడితే వాటిచే అవసరాలు. అందుకే సాధారణ అవసరాలను మార్గం వాస్తవంగా అందుకురించానను. నాట్యం అవసరాలు ఇంటిచే సంప్రదాయ నిలుపు వాటి అమలు కురించానను. నాట్యం సంప్రదాయ నిలుపు వాటి అమలు కురించానను. నాట్యం సంప్రదాయ నిలుపు వాటి అమలు కురించానను. 

Later on, though it is not an assurance, certainly I will get it examined.

We will examine that issue also.

Smt B. Sarojini Pulla Reddy:- When I say 'examine', unless I am also thinking that point, I don't say. I want to clarify.

Bangalore Board is now taking up the responsibility for meters. We study and provide in the Rules.

In sub-section 51, the owner and occupier shall be severally liable for payment of dues. Therefore Sections 108 and 104 need not be applied. As I said, again coming back to the Consultative Committees, all shades of parties members, we will certainly try to accommodate. I don't think, now there is any more objection.

As a great believer in destiny and God.

Power is like a light. It just comes and goes. Nobody should think of clinging on. That is my view:
Mr. Deputy Speaker: - She has been so generous.

Sri P. Subbaiah: - It is not a question of generosity. It is the question of how best we can help the poor, the people at large.

The proposed board will also have power to levy rates fees, rentals and other purposes from time to time in order to provide sufficient revenue to the Board.

The Commissioner of the Corporation will also be here. You need not have any doubt.

We have specific consultations with the World Bank about the funds. You need not have any doubt. We have been consulting a number of them. We have consulted the technical experts. Even Robert Macnamara was contacted.

About the funds you need not have any doubt.
444 30th March, 1982  Government Bill

The Government shall constitute a Consultative Committee consisting of members of the Board and such other persons, being not less than three and not more than nine.

Ipsa facto it cannot be done.

It cannot be a ipso facto decision

Representing the following interests, as the Government think fit, namely, the Municipal corporation of Hyderabad.

They are telling that how do we take it for granted that it is going to be a democratic body or the Municipal Corporators will be there.
re:- Message from the Chairman,
Legislative Council.

That doubt they need not have.

Mr. Deputy Speaker: Now the question is:
That the Hyderabad Metropolitan Water Supply and Sewerage Bill, 1982 be taken into consideration.

The motion was adopted.
