re:- Beating of harijan ladies of Vutchuruvalipalem, by the constable of the Kota Police Station, Nellore District on 24-7-1982.

Sri C. Jagannatha Rao : Sir, without the Collectors, report how can I say anything? The report should be available. Just cannot say off hand without a report as to what has happened and observed and as the Hon'ble Members also desired it should be enquired into by the collector. I will ask the Collector to enquire into and basing on the Report of the Joint Collector, I will initiate action by the diligent officer.

Sri M. Manohar :— Sir, this charge has been brought by the Ruling Congress I Members. It is a very serious matter. In the Report which the Deputy Chief Minister got ready, there is something wrong. They have not given the correct picture of the entire affair. Our Hon'ble Member says that the harijan women have been beaten on the spot and they were tortured. But as per the report nothing has been done and no women were beaten and no man was beaten. The report which he has got is being influenced by some boy-else who is very powerful man in the district. So, in the name of the justice, I would appeal to the Chair to direct the Home Minister to get a proper report and constitute a magisterial enquiry into the affairs and do justice to those poor people.

Sri C. Jagannath Rao :- Sir, actually as a policy we have decided and I have already submitted to this august house that whenever an allottee has improved the land, it would be given to him - so that he may not feel difficulty and we have decided to acquire the land and hand over to him. That is what I told. We will take that step but this is a subject matter of enquiry and let the Jt. Collector give her report and we will see what has to be done.

Sri M. Venkaiah Naidu :- Will the Collector also find out whether the land was improved and developed by them or not?

Sri C. Jagannatha Rao :- Sir, it depends upon the facts of the case as it comes out in the enquiry.

re:- Death of a girl student (M Ramadevi) of S.C. Girls Hostal Chirala

Sri C. Jagannath Rao :- Sir, actually as a policy we have decided and I have already submitted to this august house that whenever an allottee has improved the land, it would be given to him - so that he may not feel difficulty and we have decided to acquire the land and hand over to him. That is what I told. We will take that step but this is a subject matter of enquiry and let the Jt. Collector give her report and we will see what has to be done.

re: Non-posting of Junior Lecturers selected by the A.P Public Service Commission.

114 positions of Junior Lecturers were advertised in the 1971-72 recruitment. The A.P Public Service Commission selected 107 candidates for these positions as per the order of merit. However, the Department did not post these candidates as Junior Lecturers as per the recommendation of the A.P Public Service Commission. Consequently, 17-7-82 a request was made by the Department to revise the order of merit.

re-Non-posting of Junior Lecturers selected by the A. P. Public Service Commission

Sri K. Keshava Rao, Sir

The Andhra Pradesh Public Service Commission invited applications to fill in the posts of Junior Lecturers in Government Service. After conducting screening tests in June 1981, the Public Service Commission interviewed the candidates in November/December 1981. The lists of selected candidates were sent by the Commission to the Director of Higher Education in batches in February, March, and April 1982. During 1981-82, a large number of Government Junior and Degree Colleges were opened. Since the Public Service Commission candidates were not available at that time and in order to see that the instructional work does not suffer, Government permitted the Director of Higher Education to make temporary appointments till 31st March 1982 to be replaced by Public Service Commission candidates. Of the 600 candidates so appointed temporarily, 260 joined duty.

Before the interviews, the Director of Higher Education gave an estimate of vacancies to Public Service Commission keeping in view the vacancies that arose during 1981-82 and likely to arise during 1982-83. According to the decision of Government, the posts of Junior Lecturers had to be filled in only by Public Service Commission candidates. As such, the Public Service Commission selected candidates for future vacancies also. On representations made, Government took a decision in March 1982 to continue the Junior Lecturers temporarily appointed during 1981-82 with directions that a special qualifying test should be conducted by Public Service Commission to regularise their services.

The Public Service Commission selected 574 candidates in different subjects for various zones, and out of these 329 candidates were appointed so far in the existing vacancies, and the remaining could not be appointed for want of vacancies. During 1982-83, Government proposed to start about 40 Junior Colleges and about 450 vacancies will arise. In addition, some more vacancies will arise.
to promotions and retirements. As such all the candidates selected by Public Service Commission are likely to get appointments during this year. In fact as per the present estimates there will be dearth of candidates. The class work is not affected now as all the vacancies are filled in by Public Service Commission Candidates.

The position of candidates selected by Public Service Commission and appointments made so far is as follows:

An attempt has been made to re-orient plan allocations to give the necessary fillip for the schemes intended for the welfare of the Weaker Sections...
Balance of Rs 250 is to be met by the beneficiary in the form of material, cash or labour.

Out of 12,269 villages which were identified as problem villages in the state, 4,063 villages with a population of 57.58 lakhs were covered by the end of Fifth Five-Year Plan. The remaining problem villages numbering 8,206 with a population of 116.95 lakhs is proposed to be covered during the Sixth Five-Year Plan Period.

Very shameful— I am sorry to say.

I might add that under Non-Plan we propose to spend Rs.3.22 crores towards Rural Water Supply. Out of this, Rs 1 crore is for restoration of about 400 protected water supply schemes which were defunct for quite some time.
Rs. 2.22 crores is provided for repairs and maintenance of hand pumps.
Hon. Members would no doubt discern this Government's keen desire to hasten the process of development of our State and make a perceptible dent in solving the problem of poverty.

Annual Finance Statement (Budget) for 1982-83 General Discussion

The following Finance Statement is submitted for your perusal and consideration, pertaining to the period 1st April 1982 to 30th September 1982. The budget for the year 1982-83 has been prepared keeping in view the current economic situation and the challenges faced by the country. The performance of the economy during the last fiscal year was disappointing due to various factors, including the global economic slowdown. The budget aims to address these challenges and lay the foundation for a sustainable recovery.

The revenue expenditure for the year has been projected at Rs. 500 billion, while the capital expenditure is estimated at Rs. 250 billion. The revenue deficit is expected to be Rs. 200 billion, and the overall fiscal deficit is projected at Rs. 300 billion. The government has outlined measures to increase tax revenues, including raising the excise duty on luxury goods and introducing new taxes on certain items.

The government has also highlighted the need for increased investment in infrastructure and education, which are crucial for long-term economic growth. In this regard, the government plans to allocate a significant portion of the capital expenditure towards these sectors.

The budget also includes provisions for poverty alleviation and social welfare programmes. The government aims to ensure that the benefits of economic growth are distributed fairly and that the most vulnerable sections of society are protected.

The government has also taken steps to improve the business environment and enhance the ease of doing business in the country. This includes measures to streamline regulations and reduce red tape, which will help attract foreign investment and promote economic growth.

The government has also emphasized the importance of international cooperation and has outlined measures to strengthen ties with other countries, including through trade agreements and joint ventures.

In conclusion, the budget for 1982-83 is a comprehensive plan designed to address the challenges faced by the economy and lay the foundation for sustainable growth and development. The government looks forward to working with all stakeholders to implement this budget and achieve the outlined goals.
