Subject: Brutal Murder of Shri Q. Linga Reddy at Kommalal village, Warangal District.

Dear Sir,

I am writing to bring to your notice a brutal murder that occurred recently. A man was brutally
murdered at Kommalal village in the Warangal District. The victim, Shri Q. Linga Reddy, a
member of the village council, was found dead in his home.

The murder took place late at night. The victim was sleeping in his room when he was
awakened by a loud noise. When he went outside to investigate, he was attacked by an
unknown individual who suffered fatal injuries. The body was found near the village
well. The police have launched an investigation to trace the perpetrator.

I request you to take immediate action and ensure that justice is served. The victim was
a respected member of the community and his death has caused considerable grief.

Yours sincerely,

re:- Brutal Murder of Sri G. Linga Reddy at Kommal village, Warangal District.

Sri B Venkatram :- Sir, this is a case of political murder of Sri Gattu Linga Reddy belonging to C P L (M) party committed by Sri Chintakindi Ashok and 2 others on 2-8 1982 at about 2.00 p.m. on the outskirts of Kommal village. This offence took place in retaliation to the earlier murder on 24-3-1982 in which Sri Kakkarla Venkataiah of Viswanathapurum village was murdered by C P L (M) party led by Sri Gattu Linga Reddy and 19 others. In the present case out of 23 accused 22 accused were arrested on 2, 8-1982, 7-8-1982 and 10-8-1982 and they were remanded to judicial custody. Vigorous efforts are being made to arrest the remaining one, absconding accused

On 2-8-1982 at 1600 hours Sri Gattu Mohan Reddy gave petition to the Circle Inspector of Police, Manoor at Komma village stating that on 2-8-1982 at about 2.00 p.m. he along with his uncle Sri Gattu Linga Reddy and Sri Eputi Samba Reddy were returning to their houses from Devasthanam gutta. On the way near Thellabandalu situated on the outskirts of Kommal village Sri Chintakindi Ashok and 22 others armed with knives and axes attacked Sri Gattu Linga Reddy and beat him with axes, stabbed him, killed him and threw him in a pit on the side of the road. Due to fear Sri Mohan Reddy and Samba Reddy ran away. On receipt of this report Circle Inspector of Police, Manoor sent the same to the Sub Inspector of Police Geezgonda with an endorsement to register a case under sections 147, 148, 302 read with 149 I.P.C. As per the endorsement of Circle Inspector of Police, Manoor, Sub Inspector of Police Geezgonda issued F. I. R. in Cr. No. 66/82 under sections 147, 148, 302 read with 149 I.P.C. and he sent express F. I.Rs to all concerned and he also went to Komma village to assist the Circle Inspector of Police in the investigation. The Circle Inspector of Police, Manoor inspected the scene of offence in the presence of mediators and held the inquest over the dead body of the deceased. After the inquest the dead body was sent for postmortem examination. The postmortem examination report is still awaited.

During the course of investigation a blood stained newspaper was found beside the deceased, blood stained earth was found on the road and pit and three materials were seized under the cover of a panchayat, including the clothes worn by the deceased.

Subsequent to this offence, petty incidents were reported from the same village. A report under section 107 Cr. P.C. has been
filed on 31-7-1982 vide Cr. No. 65/82 in the court of Sub Divisional Magistrate Warangal against both the parties. There is an acute political faction in the village Komta and also in the surrounding villages which are being frequently visited by Sub Inspector of Police. Circle Inspector of Police, S.D.P.O. and a police picket was posted to maintain law and order. The deceased Sri Gattu Linga Reddy was involved in the earlier murder. He was accused No. 1 in the murder of Sri Venkataiah of Viswanathapuram on 24-3-1982. He was also involved in rioting cases. He was convicted in December 1981 for three years, but he went on appeal to the High Court and he was released on bail. While on bail he was murdered. It has also been ascertained that on 2-6-1982 Sri Gattu Linga Reddy who had been under protection of a police picket, left the picket, refused a gunman and went on some personal work. During his absence, when he had no protection, he was killed.

10-00 a.m.

Sri Gattu Linga Reddy returned home from the village and found that the police picket had been removed. He was taking his meals when one of his acquaintances informed him that the police had been posted near the village. He got up and rushed to the picket but was shot dead by a policeman when he approached the picket. The police personnel were not ready to fire and were firing at a distance. The policeman who fired at Sri Gattu Linga Reddy was later arrested and was charged with murder. He was convicted and sentenced to death.

Mr. Deputy Speaker :- You are also part of Government.

'He is. Be all right. I think so. Do not worry. I'm sure. We are.'

I say so. It is also a rule :- what should I say? The fact is, I am not sure. And I am happy. I have not seen any one of you. I am not sure whether it is true or not. I am not sure whether it is true. I am not sure whether it is true. We are not sure whether it is true.

We are not part of Government. Government does not represent Speaker. It represents only a particular party or group. Is he ready to face an enquiry? If he is not, we have to construe that they are trying to cover up facts, because the responsibility lies with them. Is he ready for enquiry?

Then only change will come.

re: Disappearance of Sri G. Nanaiah of Buruguguda, Asifabad
Taluk
Sri B. Vekantram :- One Gattu Ramulu was wanted in Cr. No 11/81 under section 395 IPC of Asifabad Police Station. Since Gattu Ramulu was absconding, the Sub-Inspector of Police, Asifabad Police Station surprised his house one day and enquired of his brother Gattu Nanaiah about the whereabouts of Gattu Ramulu. Gattu Nanaiah pleaded his ignorance. However the next day Gattu Nanaiah went to the Police Station and informed the Sub-Inspector that he
was unable to find out his brother's whereabouts. The wife of Gattu Nanaiah and one Golla Mondi were then present with Nanaiah. Gattu Nanaiah promised to bring his brother Gattu Ramulu as soon as he is found.

On 31-3-1981, the wife of Gattu Nanaiah came to the Police Station and informed that her husband was missing for a few days. On this, the Sub-Inspector of Police took a complaint from her and registered a case in Cr. No. 23/81 and initiated investigation.

On 28-7-1981, the wanted accused Gattu Ramulu was arrested and on his confession, a pair of gold rings was recovered.

Gattu Nanaiah was not at all wanted in any case. As such the question of his arrest and torture do not arise. Since he could not trace his brother as promised by him, he might be living elsewhere being ignorant of the fact that the police had succeeded in arresting his brother. It is however rumoured that Gattu Nanaiah is in his area in Maharashtra. Although the case in Cr. No. 23/81 was referred as "undetectable" on 29-9-81, the Superintendent of Police, Adilabad, has been directed to make further enquiries to trace out Gattu Nanaiah. This case is being referred to the C.B. C.I.D. for further probe and suitable action will be taken against all the concerned.

re:— Way laying of a Matador Van by Robbers near Adilabad.

Sri B. Venkatram — I may be permitted to read out the statement in English. One Sri Y. K. Shah, business man of Hyderabad was returning to Hyderabad from Jabalpur in his Matador van No. ATX 8558 along with his family members. He left Jabalpur on 27-7-1982 at about 1600 hours and reached Adilabad by about 0300 hours in early morning en-route to Hyderabad. Adilabad is on national highway which passes through thick forest from Adilabad to Nirmal about 80 K.ms. There are many ghat sections having steep and blind curves. One such ghat section is near Gudihathnoor village, about 20 K Ms away from Adilabad. The Matador van while passing through the ghat sections and negotiating a steep blind curve, was stopped at about 0345 hours on 20-7-1982 by about 10 offenders by putting boulders across the road. Offenders who were hiding in bushy area abutting the route, pelted stones on the van damaging head lights, wind screen etc. Three of them entered the van and forcibly robbed gold jewels from lady Mrs. Y. K. Shah, 3 wrist watches, cash Rs. 5,000/- etc. all worth rupees 18,000. Four gents and a lady and her 2 1/2 years child were travelling in the van. Two gents received minor injuries and they were treated as outpatients in Adilabad. Hospital. The robbers were wearing khaki knickers and white full bananas and spoke fluent Hindi and broken Telugu. On a complaint of Sri Y. K. Shah, a case in Crime No. 152/82 under section 395 I.P.C of Adilabad To Police Station is registered. Investigation disclosed that this is the work of Maharashtra gang probably from Kinwat taluk. Study of crime shows that there are active criminals in Rampud Tanda and Chikal Tanda in Kinwat Taluk of Nanded District, Maharashtra State which borders Adilabad District. Large scale raids were conducted on this Tandas with the assistance of Maharashtra Police and some suspects were rounded up. Their complicity is being examined. There was a similar highway dacoity in Adilabad District on the same national highway in 1976 when a bus waylaid and looted. This was also the work of Maharashtra gang. Five criminals concerned in this dacoity were arrested but they were however acquitted in 1980. The complicity of the acquitted accused is also being examined. Three districts of Maharashtra namely Nanded, Yoothmahal ana Chandrapur are borders of Adilabad district. National highway passes through Adilabad district.

for about 130 KMs through thick forests and ghat sections. A few highway dacoities occurred in bordering areas of Nanded and Yootumral districts. As a preventive measure intensified mobile patrol by deploying 4 mobile parties during nights on the 130 KMs stretch of National highway has been arranged. Each mobile party is under the charge of Assistant Sub Inspector of Police and consists of half section armed reserve. Many inter State buses from Nagapur Chandrapur, Knwa etc. pass through Adilabad districts during nights. All these important buses plying during nights are being provided with armed escorts upto district borders from Adilabad to coordinate investigation is being done with Maharashtra police and no efforts are being spared to detect this important highway dacoity.

Three special teams are working in this case.

re - Reduction of seats in the Private Engineering Colleges

There are under rule 329 matters to the effect that the percentage reduction of seats in Private Engineering Colleges should be from 40 (forty) to 573 (five hundred and seventy-three) in a year. This is in order to meet the shortage of seats in these colleges. The decision is made after consultation with the relevant authorities.

It is hereby ordered that the reduction of seats shall be 40 (forty) per cent in 1982. This will be implemented progressively over a period of three years, with the following percentages to be reduced:

- 40 per cent in 1982
- 20 per cent in 1983
- 10 per cent in 1984

This decision is taken after consultation with the relevant authorities.

re:- Reduction of seats in the Private Engineering Colleges.

Sir, there is a rule that 20% of seats should be reserved for S.C. & S.T. categories. The Minister, without denying that he is saying as to whether 40 seats to be reserved for S.C. and S.T. category should be over and above 200 or should be a part of 200? Is it not self-contradictory?

Sri S. Jaipal Reddy:- Sir, there is a rule that 20% of seats should be reserved for S.C. & S.T. categories. The Minister, without denying that he is saying as to whether 40 seats to be reserved for S.C. and S.T. category should be over and above 200 or should be a part of 200? Is it not self-contradictory?

Sir, that means, last year you did not insist upon observance of 20% reservation. Is that true? Let him
clarify the particular rule position as regards the reduction of seats in the Private Engineering Colleges.

Mr. Jayaprakash Reddy: Sir, the mathematics is very simple. I know Mr. Harigovindachari is not a mathematician but he knows this much of mathematics and calculation. There is nothing to be examined deliberately he has been guilty of violation of rules. This information is very much with him, but he does not want to clarify.

You postpone this and have it tomorrow.

Mr. Jayaprakash Reddy: - 100 marks 30% 20 marks 30% marks, marks in English, marks in second subject, marks in third subject, marks in total. The marks in second subject, marks in second subject 200 marks 50% marks. Is the Minister having information? Can he give? If so, why does he withhold information?

Chairman: If you want that information you can have a separate clarification and you can have it later on but not now under this 329.

(Interruptions)

You give a separate notice. Then we will think about it provided all that information will be available subsequently.

Sri S. Jayaprakash Reddy: - Sir, does not the Minister understand that much? Is the Minister so poor in mathematics?

Chairman: If you give notice we will have separately and that information would be made available subsequently.

Sri S. Jayaprakash Reddy: - Sir, he is having information. He is withholding information.

Chairman: Already the notice has been given by the Hon'ble Members, for which the Hon'ble Minister has replied. You asked
Matters under rule 329  
17th August, 1982  

Reduction of seats in the Private Engineering Colleges

certain questions and for those, he has replied but you are not satisfied.

Sri V. Shobhanadreeswara Rao :- Sir, let me bring to your kind notice that he has not replied to what our friends have raised the issue.

Chairman :- I suggest that you can give another notice and we can discuss later on. This can be later on discussed.

Sri S. Jaipal Reddy :- Sir, a point of order relating to the reduction of seats in the private Engineering Colleges, according to the admission of the Minister for Technical Education, last year 40 seats were reserved out of 240. If 240 was the total sanctioned strength in the Private Engineering Colleges, according to their own declared policy, the number of seats reserved for S.Cs., S.Ts and B.C. categories should be 48. What is the answer Sir, Should the Minister give the answer or not? Why should he sit silently like that? We want the Chair or the Minister to answer the views. The business in the House cannot be transacted irregularly. I am only pleading you Sir,...

(Bell)

Chairman :- On subsequent notice, this information can be furnished. We will have all that information later on, in a subsequent discussion.

(Interruptions)

Sri S. Jaipal Reddy :- Sir, the question should be postponed or the point of order is replied.

Chairman :- I would suggest to the Minister to give the information later on to those particulars which are required now, and this amounts to postponement only is it not? The Minister may kindly clarify to them.

Sri T. Hayagreevachari :- No, No.

Sri M. Venkaiah Naidu :- Sir, it must be postponed to 22nd or so.

Chairman :- Yes, that is what I am saying now. You kindly get it indicating to the Minister.

Sri T. Hayagreevachary :- The question is answered. How can you say that? It is a separate question. I am going to Delhi on 18th, 19th and 20th for the Health Ministers’ Conference, on 21st or 22nd, if they ask I will certainly tell them.

re: Non-functioning of the Nellore Power Station.

5th August is the date of the incident. 9,4 m/s for 30 minutes on 17th August. Subsequently, there was no report.

It appears that the Nellore Thermal Power Station has been non-functional since 1982. The incident occurred on 17th August, 1982 at 9,4 m/s for 30 minutes, and subsequently, there was no report.

1982 was the year when the Nellore Thermal Power Station was declared non-functional. This is the reason why the Nellore Thermal Power Station has not been in operation since 1982. The report indicates that there was no report since 1982.

As of 1980, the station was unable to meet the required hours. Over the years, the shortfall has been increasing. It is crucial to ensure the station meets the required hours to avoid any further consequences.

The table above shows the shortfall in hours operated compared to the hours required over the years from 1979-80 to 1981-82.
re : Strike by the students of Dr. Gururaju Government Homoeopathy Medical College, Gudivada

Sri T. Hayagreevachary :- The students of Dr. Gururaju Government Homoeopathy Medical College, Gudivada have been on strike from 26-7-1982. Their grievances mainly relate to certain alleged misdeeds of the Principal and other staff members of the College like collection of unauthorised moneys from the students, abusing and insulting students in the class rooms, lack of proper facilities in the Laboratory.

2. In G. O. Rt. No. 1443, Medical and Health Dated 7-8-1982 the Principal Dr. Gururaju Government Homoeo Medical College, Gudivada, was granted earned leave for 30 days from the date of relief. Incharge arrangements were also made. The charges levelled against the Principal and a few teachers are being enquired by Director of Indian Medicine and Homoeopathy.

The Minister For Co-operation (Sri N. Amaranatha Reddy) :-
Sir, on behalf of the Deputy Chief Minister...

Sri S Jaisel Reddy :- Sir, what happened to the Deputy Chief Minister?
Sri N. Amaranatha Reddy :- Hon. Deputy Speaker has permitted me to lay on his behalf.

Chairman :- Yes, you might proceed.

Government orders annulling the Andhra Pradesh Administrative Tribunal’s Orders.

Sri N. Amaranatha Reddy :- Sir, with your permission, on behalf of the Deputy Chief Minister, I beg to lay on the Table copies of the following Government orders in which the orders of the Andhra Pradesh Administrative Tribunal have been annulled as required under clause 6 of article 371-D of the Constitution of India:

1. G.O. Rt.No 2435, Home (Police C) Department, dated 4-9-1981

Amendment to the Andhra Pradesh Co-operative Societies Rules, 1964.

Sri N. Amaranatha Reddy :- Sir, I beg to lay on the Table a copy of the amendment to rule 59 of the Andhra Pradesh Co-operative Societies Rules, 1964 issued in G.O. Ms.No. 291, Food and Agriculture (Coop IV) Department, dated 8-7-1982 and published in Rules Supplement to Part-II Extraordinary of the Andhra Pradesh Gazette Issue No. 19, dated 12-7-1982 as required under sub-section (2) of section 130 of the Andhra Pradesh Co-operative Societies Act, 1964.

Chairman : Papers Laid.

Sri M. Baga Reddy :- Sir I beg to lay on the Table...

Sri M. Venkaiah Naidu :- Point of order, Sir, I draw the attention of the Chair to the Reports that are going to be placed on the Table of House presently. All these reports pertain to 1979-80 and 1977-78. Earlier on number of occasions and number of times I have brought this to the notice of the House, notice of the Chair and notice of the Government. Every time they were saying that the reports would be placed the next immediate year. But, they have never cared to rectify this.
"If it is a question of simply placing it as a formality, the Government need not place these things on the Table of the House, I am telling you, and if the House is so helpless as not to take any action against anybody then it is better you don't place them on the Table of the House. This is not the first time that it is happening in this House; it has been happening in every case and you take it because you think the House is so helpless as not to take any action against anybody. There is no point in your saying that the House cannot take any action or nobody can take any action; at least you have got powers to take action against the person responsible for the delay." Then the Minister said: "We want to take the explanation of the Chief Executive Officer in this regard as to why such delay has happened." To this, the Speaker observed: "They have already given their explanation that the Accountant-General took his own time."

I think this is the twentieth time that I am raising in this House about the same thing.

No useful purpose could be served by placing these Reports now. If they were placed in time, we can give a notice on the Report placed and we could have had some discussion.
1977-78 రాష్ట్రంలో లేదా సంస్థలో సంయోగ లర్నాగా ఉండాలి అనే సమస్య ప్రపంచ నిర్ధారణ కనుక మరియు వాటి మొత్తం ప్యాట్రీ పేరు మేరకు సంచాలన చేయాలి అనే పిల్లా నాటి విశేషాదా కారణం.

I am appealing to the House that something should be done in this regard.

Chairman :- That will be looked into.

12-00 Noon

Chairman :- Let us not go further into this subject matter. Let me say that since you are agitated, this will be brought to the notice of the Public Undertakings Committee and I would also say that this should be looked into and necessary further action will be taken to see that it is not repeated.
Sri M. Venkaiah Naidu: - Sir, I am asking the Government to take the responsibility and see such things do not recur. Let the Leader of the House or the Chief Minister take up the responsibility and do something about this. It is a serious matter. Are they not worried about the state of affairs?

Chairman: - The House is also equally worried. For that reason only I said we shall ask the PUC to look into this aspect.

The Minister for Major Industries (Sri M. Bagga Reddy): - Sir, I beg to lay on the Table a copy of the 19th Annual Report of the Andhra Pradesh Industrial Development Corporation Limited for the year 1979-80 together with the Audit Report and the Comments of the Comptroller and Auditor General of India, in compliance with section 619-A(3) of the Companies Act, 1956.

kept in one of the following four places of Ellajirao of U.D.F Corporator and others of Congress (I) landlords Paradise Lodge, Circuit Guest House and Z.P. Guest House. Police visited all the four places to verify the truth on 3-9-1982 night itself. Missing Corporators Sri N. Venkat Rao, Sri Namala Satyanarayana, Sri Mupudi Apparao and Sri Ramachandra Raju were not found in any of the said places. On 4-8-1982 at 1-45 P.M. Srimati H. Akkamma wife of Sri Venkat Rao, one of the missing corporators, gave a complaint that her husband was forcibly taken away by Ellajirao, China Suryanarayana. Namala Satyanarayana Corporators on 3-8-1932 morning. A case in Cr. No. 133/82 under Sec. 368 I.P.C. was registered in Town Police Station No 5 Visakhapatnam and the case is under investigation. On 5-8-1982 the Mayor of Visakhapatnam Municipal Corporation sent a petition enclosing Press Statement of Sri Namala Satyanarayana that he escaped from the kidnappers who had confined him and three other corporators at Repaka village in East Godavari District. It was requested in the petition that the three corporators who were confined at Repaka Village might be rescued. The Superintendent of Police, East Godavari was contacted on 5-8-1982 and passed on the information. The Superintendent of Police, East Godavari verified the complaint on 5-8-1932 night itself and found that no corporators of Visakhapatnam were found in Repaka. Sri Namala Satyanarayana did not give any complaint to the Police on 5-8-1982. He was kept somewhere by the Mayor himself ostensibly for reasons of security. They Mayor of the Visakhapatnam Corporation was contacted on 5th, 6th and 7th August to get the complaint lodged by him. But on 8-8-1982 a complaint was sent by Namala Satyanarayana to 5th Town Police Station Visakhapatnam through Harikrishna B J P. Corporator. On this complaint a case in Cr. No 146/82 U/s 368 I.P.C. was registered by the 5th Town Police Station, Visakhapatnam and this case is also under investigation. For some reason, Sri Namala Satyanarayana is not being produced for examination. On 9-8-1982 at 11 P.M. the Mayor, Visakhapatnam rang up Inspector, Law and Order Visakhapatnam Town informed that one more kidnapped corporator. Sri Narada Venkata Rao was rescued at Soncham Village of Bimili Taluk and was brought to Visakhapatnam. He is also not produced for examination. In Cr. No 133/92 which is already registered on his wife's complaint. Further, on a telegram dated 5-8-1982 sent by a U D F Corporator complaining of harassment from Ellajirao, policemen were posted at houses of B. J P Corporators. 18 Congress (I) and U. D. F Corporators mentioned by him. Not even one incident of harassment was reported so far. The situation is quite peaceful.

re:- Opening of additional sections and Junior Colleges in the state.

Why the Chief Minister is also encouraging this sort of activity in Vizag town? If at all they win the elections we have no objection.

This is all a part of electioneering.

Sri M. Venkaiah Naidu : I am ready to prove what I say in the House. Is the Chief Minister ready to take up this challenge and institute an enquiry? The Police have gone there and the Minister is there in the Circuit Guest House. They have threatened the Police Officers. People must understand the game of the ruling party.

STATEMENT BY THE MINISTER FOR EDUCATION

re:- Opening of Additional sections and Junior Colleges in the State.

Minister for Education (Sri K. Keshav Rao) :- I will do it now.

As directed by the Hon. Speaker, I have convened a meeting of the leaders of all the parties in both the Houses of Legislature to discuss about opening of additional sections in Junior Colleges and also opening of new Junior Colleges to ease the problem of admis-
Opening of additional sections and Junior Colleges in the State

It has been decided to recommend the opening of new sections in Junior Colleges wherever there is a need, and to recommend the opening of new Junior Colleges and Degree Colleges. This will help to mitigate the pressure on the colleges for admission. About 126 new colleges have been planned to open their colleges in the academic year 1982-83. They are supposed to fulfill the conditions prescribed by the Government with regard to the new colleges.

Out of 24 colleges in private and public sectors, only 12 have been permitted to start in the first year and 12 of them have been permitted to start in the first year according to the number of students who have passed S.S.C. and the required admission as the intake capacity last year was 7,48,007 as against the total number of students passed S.S.C. 2,14,000.

Regarding additional sections, I have to inform the House that the sections were permitted to start in the first year and 14 of them have been permitted to start in the first year. Orders are being issued to the Principals of these colleges to continue these sections at first year and to give the demand for first year stage.

There are 27 sections about 72 requests from the Principals to start additional sections. Orders are being issued to them to start these sections subject to the condition issued in this matter. The guidelines are such that the Principals should, as far as possible admit students seeking admission into the first year either by increasing the class strength or by opening new sections wherever there is accommodation available for through staggering the college year to accommodate the required students. The opening of new sections will be handled by the local college committees and the plans for the additional sections will be provided by the Government. This will help in accommodating the students and teachers. The additional sections will be handled by the local college committees and the plans for the additional sections will be provided by the Government.

In the first year, in the Inter first year, with the opening of new sections for the said purpose, the opening of new sections for the said purpose, the opening of new sections will help our commitment to provide to all eligible students.
example, he said, he would allow the Principals to open additional sections without appointment of full time teachers. This could be done in the first year. But since the last year, students moved to the second year, additional full time appointments have become indispensable for opening additional sections this year also in the first year. This was appreciated, recognised and agreed to in the meeting.

Another point referred to in the meeting was that in regard to the opening of the colleges certain rigorous conditions were imposed. The conditions imposed were so rigorous and very taxing that they would not be fulfilled at all in backward districts, particularly, Andhra Pradesh, Vizianagaram and Visakhapatnam districts. Therefore the Minister did agree to review and relax these conditions. We suggested that the conditions that were imposed during last academic year in regard to the opening of Government colleges should continue this year also. Otherwise in backward areas, the educational facilities at the level of Junior Colleges will suffer enormously. These points were never mentioned. On the requests of the principals that it is not possible at all to open additional sections in the first year without additional full time appointments, the Minister said that he did not know how the Minister made the statement. And the minimum requirements and the Minister failed to secure the sanction of the Finance Department and he had frankly brought before the House instead of mitigating the problem.

This agreement is not binding on the Electricity Board but it is binding on the consumer. Is this the relationship you want to develop between the supplier and the consumer? If the Electricity Board is a private organisation, can it survive? Because it is a monopoly industry, it is surviving - otherwise people would have hated and they would have thrown away the supply of power from this Board - they would have gone to a Board which will take the responsibility and which will take the penal clause on both sides. It is not, simply because it is monopoly industry? It is not, the responsibility of this Government to safeguard the consumer from the clutches of this Board from the one sided agreement? Are we to spend all funds from the exchequer only to please the public who are the consumers? This is really very unjustifiable and improper and so the agreement should be redrafted.

The Chairman of the Commission should be preferably a non-official with high competence and ability. 'Two members of the Board should be technologists and two should be drawn from the field of Economists and Chartered and Cost Accountants and management experts-one member should represent the consumers' interest and one member should be a Trade Union Representative.
He has give a report and this Report was accepted by the Central Government but the contents of the Report are not being implemented. How? Who is at default? You mean to say that the tariff can be fixed up by an officer sitting at Vidyut Soudha without knowing the pulse of the consumer without any respect on the overall policy of the Government, which is providing funds for the generation and the distribution? Even if a private man supplies the power, the Government interferes to regulate as per the general policy of the Government, but here the Government owns it, the Government supervises it— but it has no effective control or monetary control over it. The tariff which is finalised by an officer in the department is not the tariff which has to be adopted and the Government should interfere and see that this Commission of Members on the cost and tariff is immediately constituted.

Another thing—that under the name of minimum charges, even if power is not consumed you are demanding tariff from the industries or from any consumer. Only the consumer is at default for not consuming, because of the reason—either low voltage or high voltage or interrupted power supply. Are you safeguarding the consumer in supplying the power? You don't give required power but you insist him to pay for the power and for not supplying the power, it is your own fault but even then you penalise the consumer.

I will tell you an example wherein really the industries are butchered by this Electricity Board. The Aikali Metals at Uppal is one of the grave yards of the industry which is existing very near here. I will be very much happy to go along with our Power Minister to witness as to how stinking it is—and the sin of butchering of this industry falls only on the Electricity Board and on this Government, which is is unable to put its hands down on the unreasonable agreement and unreasonable insistence and the leeching attitude of the Electricity Department. This is very much essential. Let our Chief Minister and our Minister for power, who are both energetic and dynamic—let them not dampen the industrial development by their coercive attitude in power tariff.

There is a technical terminology—connected load and contracted load. This is a really a twisting of matters—and by these the Electricity Board is once again cheating the consumer very badly. Can't the specified meter safeguard this? Why should you have the

Multipurpose River Projects.
Irrigation, Minor Irrigation and Power Development.

Connected load and contracted load. It is where the technical department should have acted upon.

Coming to the Security Deposits. It is screwing down the industry to its bottom level. If the security deposit clause is implemented, the whole of your capital, the invested capital, that is, equity capital has to be paid towards the security deposit and there will not be any amount as equity capital to attract the financial institutions by the industries to prosper and for survival. When your consumer is not surviving, I do not know how this Electricity Board is surviving. They are unable to understand the very ethical values of survival. The consumer—when he is dead, the survival of the Electricity Board is at stake. Let there be a realistic policy.

Regarding the Multi-purpose projects, the treatment that is given to our acceptance of the budget and as to how it is treated by the Executive Department—I will just focus the attention.

Here the minor irrigation work costs more than Rs. 1.00 lakh and a provision is made for Udayagiri Taluka/Pillapar with Rs. 1.00 lakhs and the same was provided and only Rs. 50,000/- was spent as per the revised estimate in 1980-81. How is it? Are they unable to spend one lakh rupees? Is this the respect being shown to us for having put this stamp of approval? In another case, for the reclamation of Allur swamp, Kovvur Taluk, Rs. 1.50 lakh was provided. Rs 50,000 was spent and Rs. 1.00 lakh was surrendered as per the revised estimates. Is this the way as to how the approval of this House has to be treated with? How are we sure that whatever we are approving is going to be respect in these coming months? This is the respect what we are getting.

1-31 p.m. Mr. Deputy Speaker:—The House now stands adjourned to meet at 4-00 p.m., to-day.

We appreciate his services. But what is happening in villages, Harijan Wadas and Harijan Bastis? There is no electrification though we are mentioning at page 22 that we are doing. The Government have also taken a decision that power supply should not be disconnected to the Rural Water Supply Schemes and street lights in villages, particularly Scheduled Caste localities for non-payment of electricity charges by Panchayats, and that the power supply should be extended even where it is not remunerative. We appreciate this. But they are not implementing it. Wherever we go the Panchayat Samitis and Gram Panchayats say ‘There is no money’ and they are disconnected. The villagers are suffering. Though it is a very good decision you have taken, it should be implemented. Another thing is
that if a High Level Committee is appointed with the Chief Minister as Chairman, I hope it will develop and improve the situation,

In Medak District the irrigation percentage is 6.9% How will you fill up this gap? Through you, I am putting this question to the Hon. Ministers, in-charge of Major, Medium and Minor Irrigation. That is an important factor wherein there is no compromise because in Medak District, we cannot get any major irrigation. Even if you club Cauveri and Ganga, we won’t get water. When that is the case, there is only one source and that is Manjira River. From that, we have to get all this water for our pasture land. That is why, what I feel is that for minor irrigation, more funds should be allocated. Otherwise it will definitely affect my district. Here, during the last two to three years, several schemes were surveyed. But they are all there wherein technical sanctions are required. In the month of June-July, Iyyampad, Nallachervu, Lakshmapuram, Sakhpuram, Marrepalli, Aroor schemes are sanctioned. But no funds are placed at the disposal of the Executive Engineer or Superintending Engineer for lift irrigation. Further, the whole water of Manjira is being pumped to Hyderabad but no water is left for us. Only a 1/2” of water is permitted to develop lift irrigation source. What we need and want through is that at least 2 TMC of water could be spread to our district for lift irrigation purpose.

Regarding Electricity, I would submit that in generation, the Electricity Board has done very good. But the Government and the Board should not feel themselves complacent. They should go on
or more generation and there is a lot of source for us. However, in transmission some lethargy is noticed. That is why I suggest you to attend to these.

Transmission lines, we are not putting in time. Load shutting is also there. Low voltage is also being felt.

So in distribution stages, we are feeling some difficulty and I feel that under the leadership of Mr. Tata Rao that difficulty also can be overcome. Further, we need a plan, for which I request the Minister for Minor Irrigation to come up with a policy statement before this House, in his Budget Demand reply as to how he will solve that gap in my district i.e., from 6.9% to 35% if there is any plan.

With all my authority I am telling

Sri M Venkaiah Naidu: Whether reconnection is given or not? Whether the Electricity Board has given connection to A.P. Carbides or not?

Connection is different from concession. Has they given any reconnection Sir?

Sri M Venkaiah Naidu: This Minister is part and parcel of the Government. How did they show particular favour to a particular industry. There is an industry at Tirupathi.

Sri N. Janardhana Reddy: It is the policy of the Government to encourage any sick Industry. While doing so it has given certain concessions.

Sri S. Jaipal Reddy: I have a specific question to put.

Sri M Venkaiah Naidu: The other day the Chief Minister himself promised to the House that the same treatment will be given to all the industries.
Mr. Deputy Speaker : The Minister is ready to make a statement.

Sri K. Keshava Rao: I have made a statement in the morning. Jaipal Reddy and Venkaiah Naidu raised various issues and I totally agree with them, keeping those things in view I will certainly see that everybody gets a suit.

Mr. Deputy Speaker: He has given the assurance.

Sri S. Jaipal Reddy: How do you call it an assurance Sir? He has been trying to see with no success whatsoever.

Mr. Deputy Speaker: If he does not fulfill his promise, then you can catch him.

Sri M. Venkaiah Naidu: What about my clarification Sir.

(interruptions)

It is an important thing. When did we get a chance to get the clarification?

To reduce the allotment of Rs. 18,95,74,000/- for Minor Irrigation by Rs. 100/-

As the Government have miserably failed to undertake and complete the minor irrigation works that have been surveyed some years ago especially in the drought prone and agency areas.

To reduce the allotment of Rs. 18,95,74,000/- for Minor Irrigation by Rs. 100/-

For not taking up Tippanakatta Lift Irrigation scheme, in Repalle Taluk as the water in that area becomes saltish.

To reduce the allotment of Rs. 18,95,74,000/- for Minor Irrigation by Rs. 100/-

For not completing the L. I. scheme of Podamatipudi of Guntur District which has been taken up 3 years back.

To reduce the allotment of Rs. 18,95,74,000/- for Minor Irrigation by Rs. 100/-

For the failure of the Minor Irrigation department to undertake a scheme to utilize the waste waters from Vijayawada Thermal Station to irrigate thousands of Acres of land in Krishna district which is requested by the people since long time.

To reduce the allotment of Rs. 18,95,74,000/- for Minor Irrigation by Rs. 100/-

For the failure of the Minor Irrigation Dept. to connect the M. I. Tanks in the uplands of Krishna District with N. S. Canals to stabilise the ayacut under these tanks and at the same time increase income due to lease of fishery rights by open auction which will help a lot in repairs & maintenance of these tanks.

Mr. Deputy Speaker: The question.

To reduce the allotment of Rs. 101,39,25,900/- for Multipurpose River Projects by Rs. 100/-

For allowing 80% excess over estimated rates for the works taken up under Kakathivacana canal in Huzurabad circle in Karimnagar district.

To reduce the allotment of Rs. 101,39,25,900/- for Multipurpose River Projects by Rs. 100/-

For failure to get clearance for Polavaram Project, which is so very necessary for the development of the entire State.

To reduce the allotment of Rs. 101,39,25,900/- for Multipurpose River Projects by Rs. 100/-

Since the Government is failing in the implementation of left bank regulator and left and right bank canals of Sri Sailam Project, 2nd stage of Pochampad Project, completion of the excavation of the canals under Nagarjuna Sagar Projects construction of Polavaram and Itchampalli projects, etc and also lacking comprehensive plan to distribute the available
