CONDOLENCE MOTION

re: Death of Shri Shaik Abdullah, Chief Minister of Jammu & Kashmir.

Mr. Speaker: There is a condolence Motion and let us take it first. I move:

"This House places on Record its deep sense of sorrow at the demise of Shri Shaik Abdullah, Chief Minister of Jammu & Kashmir, and conveys the deep sense of sympathy to the bereaved family."

Shri Shaik Abdullah was born in 1905. He was a great national figure. He dominated the political scene of Jammu & Kashmir for more than 50 years. He strived for the Hindu Muslim Unity as a strong supporter of secularism. He was a contemporary of Sri Nehru, Sri Azad and Sri Patel. He was a rare case of a leader who preferred to work in his home state who remained as one of the great All India leaders. He began his career as a teacher in the Government High School at Srinagar. He won popular support for his extraordinary courage and people called him 'Share-e Kashmir' 'Lion of Kashmir'. In 1946 he launched Quit India Movement. From 1948, he became the Chief Minister of Jammu & Kashmir. May his soul rest in peace.

Condolence Motion
re : Demise of Sri Shaik Abdullah,
Chief Minister of Jammu & Kashmir

As a mark of respect let us observe silence for two minutes.

Mr. Speaker : The question is :

"That this House places on Record its deep sense of sorrow at the demise of Sri Shaik Abdullah, Chief Minister of Jammu & Kashmir and conveys its deep sense of sympathy to the bereaved family"

Motion was adopted Nem Con. by observing silence for two minutes.

BUSINESS OF THE HOUSE

Mr. Speaker : I give my Ruling to-day.

Sri K. Venkatramaiah (Gooty) : Sir, on 18-8-1982, I wrote a letter about the privileges and the restrictions placed by the Finance Department on the exercising the powers of the Hon’ble Speaker. What is happening is — all the Committees are constituted by the Hon’ble Speaker and the Committees are assisted by the staff Members and for want of funds all the Committees are becoming defunct. There should not be any financial restrictions.

Mr. Speaker : I believe Rs. 35,000/- was released in the budget allocation for the Committees to go for tours and for D.A., and T.A., We are also writing a letter to the Finance Minister for further allotment.

Sri K. Venkatramaiah : Sir, the Parliamentary practice is that the Hon’ble Speaker should not be a subordinate to all these things. He should be above that. The financial restrictions should not be there at least for the function of the Legislature.
Mr. Speaker : It seems previously Rs. 1.00 lakh was given. Now it is exhausted and now we are requesting the Finance Minister for further allotment. That will be looked into.

These are all impediments in the way of function of the Legislature Committees. It is affront to the Legislature. The business of the House is interrupted in that way.

I request the Chief Minister through you, to see that whatever money is asked for by the Legislature, should be given in advance.

Chief Minister (Sri B. Venkatram) : Sir, I will discuss with the Finance Minister about all these matters and see that there is no difficulty in these matters. I will see the Committees effectively function.

re: Non-payment of Salaries to staff in

Irrigation Circle, Nellore

I am confident that hereinafter the position will be streamlined in better standards and we will certainly look into all these matters.
8 9th September, 1982 Matters under Rules 329 re Non-payment of Salaries to staff in Irrigation Circle, Nellore

Sri B. Venkataram : Sir, The Irrigation Circle, Nellore was originally sanctioned in G.O.Ms. No. 897 P.W. dated 22-6-1954 and the staff is continued ever since. The last sanction for continuance of the Circle was accorded for the period upto 30-9-1982. The continuance of temporary staff in any division depends on the workload. It has been noticed that the workload in different circles and divisions of the Irrigation Department varies from time to time depending upon new projects and other circumstances. Therefore, the Government have considered it necessary to lay down certain revised norms and yardsticks, for the sanction of staff based on the workload. It is expected that norms for continuance of divisions will be finalised shortly and further sanctions accorded thereafter. Orders were issued in G.O.Ms. No. 117 Finance and Planning dated 8-4-1980 that the Implementation Committee of the various departments should consider making permanent of the temporary posts that have been in existence for more than 10 years at the end of the previous three financial years that are required to be continued on permanent basis subject to observing certain conditions. The Engineer-in-Chief, the Chief Engineer (Minor Irrigation) was requested to submit necessary proposals in this regard to the Government. The Chief Engineer (Minor Irrigation) has also called for the proposals from the Superintending Engineers and they are still awaited. After receipt of the detailed proposals from the Engineer-in-Chief, Chief Engineer (Minor Irrigation) necessary action to make the posts permanent in respect of Irrigation Circle, Nellore will be examined. It is also reported that the salaries of the staff were paid upto 31-8-1982.

re: Non-payment of Salaries to staff in Irrigation Circle, Nellore.

re : Power Tariff concessions to the Industries

They are being treated to be paralysed or they are even being treated simultaneously that they are going to be extinguished.

Basic requirements are the infrastructure requirements—the power. It may be either by strangling or it may be either by slow poisoning or even by stabbing. These are the various methods that are being adopted by the Electricity Board.

Can't the Government intervene and say that this unilateral change of tariff or conditions of agreement is not admissible? This is the major issue which is affecting the consumers who are the customers of the Electricity Board.
This is an amount which is charged for unconsumed power. For services not rendered, you are charging and you are saying that it is a liability on the other man. This unconsumed power, unrendered service, are you going to say that it is a real asset and real dues from the other man? It is only because you are able to handle the agreement as you like. They are charging the amount for unconsumed power and saying it is an amount due from the other man and it is an asset that the A.P. Electricity Board is losing.

Can there be an occasion when they can recover their amount or collect the amount from these industries continuing this state of disconnections and strangling the industry. I will give a term of five years to one who can take up this responsibility of collecting the amounts which are said to be due by treating the industry in this manner—almost killing them, strangling them and suffocating them. No one can collect these dues. Even Shylock asked for a pound of flesh. But here the Electricity Board is asking for the pound of heart. They want to remove the very motive force simply because it is the monopoly supplier. Treat Electricity Board as a separate entity. If an individual like Sundararamaih is supplying power and deals with a consumer in the manner the Electricity Board is dealing with the industrialist, are you going to tolerate? You would have prosecuted by now, having violated the conditions of the agreement. You would have prosecuted for taking advantage of the monopoly of supply. It is time now that the Government should act. I will tell you a particular instances how industries are strangled. There is one industry—Alkali Metals in Hyderabad. It has asked for reduction of minimum demand. You cannot supply power to the requirement and you say that you would give restrained power and you can give it. But when they ask for restricted or reduced power, you say that the agreement does not provide for that. That is how the Alkali Metals was buried. They have made a murder of an industry, the material of which is very much required in the State. Another industry is at Tirupathi—Chloride India. It has fallen in dues because of the wrong reading of the meter. And this was recognised. When an agreement was reached as long as 31st December, 1981 to change the meter, to have a fool-proof meter and then take the reading and verify whether the existing meter was faulty or not, the Electricity Board has not implemented the replacement of the meter to verify
whether that meter was correct or not. But then, they want the pound of flesh from the industry. Is this the way to treat the industry? This is how the very provision of the infrastructure viz., power is taken advantage of and it is strangling the industries. It is now for the Government to handle the issue and not to blame the Electricity Board as this is an issue of policy.

Sri M. Venkaiah Naidu: I will prove that this particular Minister asked the Industrialist to see him. I prove if given an opportunity.

(Interruptions)

Sri B. Venkatram: May be he wanted some clarifications. Let him see in the office hours in the office.

Sri M. Venkaiah Naidu: What is the clarification that the Minister wants? It seems the Minister instructed the Chairman, Electricity Board not to give connection unless he sees him.
Matters under Rules 329 re: Power Tariff concessions to the Industries

Sri B Venkatram: Unless we know by authority why shall we speak about it?

Sri M. Venkaiah Naidu: I know with authority. The particular person told me.

Sri B. Venkatram: Sir, in pursuance of the assurance made by the Chief Minister in the last Assembly session, the Government have constituted a Committee in G.O.Ms. No. 294, Industries and Commerce Department, dated 30-4-1982 with the following officers as Members for formulating a policy regarding the concession in power tariff and permission of supply to be extended to the industrial units to tide over the financial crisis or to rehabilitate units which have become sick:

1. Second Secretary to Government, Industries and Commerce Department ... Chairman.

2. Secretary to Government, Energy, Environment, Science and Technology Department,

3. Secretary to Government, Finance,

4. Chairman, Andhra Pradesh State Electricity Board,

5. Managing Director, Andhra Pradesh State Financial Corporation.

The Committee has submitted its report on 19-5-1982 which is now under examination. While Messrs. A. P. Carbides was sick, the issues involved in respect of other two firms viz., Messrs Alkali Metals and Messrs. Chlorides India Private Limited are different. In the case of Messrs. Alkali Metals, the request is for the postponement of the contracted demand which was challenged by the consumer in the Andhra Pradesh High Court under writ is still pending and hence it is sub judice. The issue involved in respect of Messrs. Chloride India (Private) Limited relates to accuracy of the meters which is subject matter of the suit now pending. The case has since been withdrawn. They have applied for connection during this month and that is under examination. The A.P. State Electricity Board would consider grant of concession to any industry only if the Government in the Industries Department recommends and agrees to re-imburse loss if any to the Board. But, in order to safeguard public investment already made and as well as employment generated and with a view to ensure continued working of Messrs. Carbide Limited and prevent its closure, the Government advised the
Electricity Board to restore power supply to the company on certain conditions and agreed to reimburse less if any to the Electricity Board. A policy in regard to the extension of tariff concessions to all power intensive industries which had become sick will be taken up after the report of the Committee constituted in G O.Ms. No. 294, Industries and Commerce Department, dated 30-4-1982 is considered by the Government.

The Andhra Pradesh Carbides unit was promised power concession in 1976-77 based on which the project at a cost of Rs. 7 crores was accepted for financing by financial institutions and the concession was promised at 11 paise per unit. The Andhra Pradesh Carbides is a power intensive unit with high capital investment as the Hon. Members know. Some package of concessions were also promised about that time to other units like Volra, Rayalaseema Papers Ltd., Bhadrachallam Paper Boards, A.P. Rayons etc. This was necessary at that time to attract industries. The concession promised was for five years. This was not given. In actual fact to A.P. Carbides unit because this did not come into production. And if A.P. Carbides was not allowed to come for production the loss for the firm will be around Rs. 2 lakhs per day and the loss for the Government by way of taxes will be around Rs.3 crores per year. Whatever loss the Electricity Board may get out of the concession given if any will not be as much the income that the Government can get out of taxes. If we construe all that which amounts to Rs 3 crores per year and besides that this is the only Carbide factory in the State and carbide has got good demand in the country. Even after starting this factory, they have I think done business worth Rs.1 crore and they are having orders upto Rs. 1 crore. So taking this into consideration, taking the Icss that is being incurred by the Government by way of taxes and taking into consideration the word given to the financial agencies during 1976-77 that the industries will be encouraged and because we wanted to keep up our word to the financial institutions so that they may help similar other institutions also, we had to take a decision like this. Similar facilities will be given to all power intensive units in the State wherever those are.

There is no difficulty so far as that is concerned. So far as Mr. Sundararamaiah’s point is concerned that if sick industry if any, and if there should be charges which are to be levied for power which is not supplied, I do understand there is no equity in it and I do understand there is difficulty in it because we want to revive the sick industries and we should not charge for the power which is not supplied. That is a legitimate point he has raised and that will be definitely
examined in sympathy for the revival of the sick units. So far as the sick units are concerned, we would like to give all necessary help. In fact, we have even contacted an agency at Calcutta. They have tried to help revival of sick units and as a first instalment they wanted to give help to the extent of Rs. 50 lakhs and they would like to help further also if there should be revival of the sick units. And when they get all the necessary infrastructure facilities and all other facility and if this dues of power happen to be the only stumbling block, definitely Government will consider sympathetically to help these sick units to get revived. So far as that aspect is concerned, I view with sympathy that for power which is not supplied and if we charge, it may not be desirable and it may be hardship for them. We will certainly see that they are helped. And this is an industry from Rayalaseema area and there is loss for the IDC because for every day Rs. 2 lakhs loss is there and if the Carbides should not function there will be loss of Rs. 3 crores for the State by way of taxes. So, this decision had to be taken and there will be no question of going back on the collection of the arrears and all that. We will certainly collect arrears and we will not give any concession so far as the arrears are concerned. But the question of charging arrears with reference to the sick units for power which is not served, that will be finally decided taking into consideration the report of the Committee.

re: Power Tariff concessions to the Industries

In the agreement unilateral changes cannot be made. Conditions should be binding on both the parties but not on one party alone, the other party acting as it likes.

This is preventive measure. I want the Chief Minister to take into account and see that no party will be allowed to change unilaterally.

“"There is no power; so your power is cut; you could only use this much and you cannot use more; otherwise we will penalise." How can it insist on the other party to take or not to take. When you cannot assure the minimum quantum of power that you are supplying how can you take assurance and penalise the other party to take or not to take. There should be a preventive measure. It should be a bi-partite agreement. Agreement should not be disturbed for a minimum period of 5 or 7 years.

Any industry has got its own teething trouble, has got its own gestation period and therefore it will not be consuming as much as in the final period of commercial activity. You should give the laxity for not utilising the minimum demand for at least 24 months.

out of 50 months. Let there be a 5 year minimum guarantee period so that you can include the gestation period to enable the industry to be healthy and strong.

Sri B Venkatram: I appreciate Sri Sundararamayya's very good views on this aspect and for me to understand all this in a nutshell under Rule 329 it is very difficult. I do not have that much of engineering knowledge which he has in the matter. It shall be very happy if he gives me a note on this and I will give the utmost consideration to his views and examine what can be done in this regard,

Dam to the tanks in
Nellore District

The petitioners have filed an application under Rule
322 of the Rules of Court, in which they have prayed
for a direction to the respondents to supply water from
the Mytavaram Dam to the tanks in the Nellore
District.

The petitioners have stated that due to the
unavailability of water in the tanks, the agricultural
activities are suffering. Therefore, they have prayed
for the supply of water from the Mytavaram Dam.

The respondents have opposed the petition and
stated that they are unable to supply water due to
various reasons.

The court has considered the petition and
opposition and has directed the respondents to supply
water from the Mytavaram Dam to the tanks in the
Nellore District.

It is ordered that the respondents shall supply
water from the Mytavaram Dam to the tanks in the

Sir,

I am to inform you that the Government of Andhra Pradesh has decided to divert water from Mylavaram Dam to the tanks in Nellore District. The diversion will commence immediately and will continue for the next three months. The purpose of this diversion is to meet the increased demand for water in the district. I urge you to take necessary steps to ensure smooth implementation of this decision.

Yours faithfully,

As a policy matter let the agriculturists in the Pennar Delta know that this is the time that the bunds will be filled.

Mylavaram Dam has got two low level vents to allow 2,200 cusecs for the lower riparian Ryots and these are already taken into consideration. Their interests will be safeguarded.

Sri G. Sundararamaiah : Is it safeguarded this year? Sir, it is not safeguarded this year. This year it is practised by default. The way we scheme, it is not practicably faithful.

Mr. Speaker : No more discussion please.

3. On 28-5-1982 at about 4-00 P.M., the striking employees in pursuance of one of their demands (i.e.) to absorb one Sri B.K. Sunder Rao, Assistant Registrar belonging to B.C. in the Nagarjuna University, who was brought on deputation from Andhra University and relieved of his duties from the Nagarjuna University on the expiry of the deputation period on 25-10-1980, came with a group with unlawful intention of gheraoing the V.C. and Registrar and other authorities in the University raising slogans 'V.C. down—we will see the end of the authorities and the V.C. by showing their fists. They prevented the V.C. and the Registrar from going out of their offices after office-hours and also prevented the University staff and other visitors who have work with the V.C. and the Registrar to meet them.

4. The matter was reported by the Registrar, Nagarjuna University to the Police on 28-5-1982 and the Police arrested them and registered the cases. The matter is under investigation.

Sir, this was to be read by Mr. Keshava Rao and what else is wanted and why am I called for.. I did not understand.

Mr. Speaker: It is said that some law and order problem was there.

Sri B. Venkatram: Sir, I want that Sri J. Venkateswara Rao or any member of the House may kindly visit Nagarjuna University for a personal appraisal of these facts and then come to certain conclusions and if there should be any injustice, the Government will always be ready to interfere and try to do justice. Because let us not be carried away by one sided information. I will be happy, if Sri Jakkamsetti Venkateswara Rao, who happens to be an Advocate, and Member of this House can personally visit the place and try to know both sides of the story. Let him hear the V.C., and the Registrar and also let him hear the others there and whatever is just, we will certainly do it.

Sri B. Venkatram: Sir, it is not possible to give such assurances as was asked for by the Hon’ble Members. But I said that I will cause an impartial enquiry to be made by some other superior officers and know the facts. If it is a fact, I will take certainly the necessary action,
re: Cancelling of tenders-Huzurabad Circle for lining work of Kakatiya Canal.

Sri B. Venkataram: S.r, Tenders were invited by the S.E., (Construction Circle) Srisrampuram Project, Huzurabad for the lining of Kakatiya Canal in the reach from KM 164 to 195, consisting of eight sub-reaches during 1981 June. Tenders for the above eight sub-reaches were received on 15-7-1981. On comparison with the sanctioned estimates, the lowest bidders have quoted rates, ranging from minus 9.19% to minus 25.08%. The estimated amount being Rs. 301.74 lakhs, the aggregate of all the lower rates was Rs. 248.19 lakhs. M/s. Andhra Pradesh Construction Corporation Ltd., also tendered for all the above reaches. The total value of tenders presented in the Corporation is Rs 326.35 lakhs. The Field Level Officer while discussing the above tenders have observed that the rates quoted by the Lower bidders are not workable and no risk could be taken by entrusting the lining work to the Lowest bidders. In the alternative, it was proposed to entrust the entire 20 KM., reach to M/s. Andhra Pradesh State Construction Corporation Ltd., for execution of side-line by the machinery and the other items by conventional methods. The A.P S C. Corp n, Ltd., is intended to take up : (1) all critical works where technical efficiency and time factor are of great importance, (2) works which require conventional machinery and costly sophisticated machinery is proposed to be used and (3) as the side-lining is supposed to be done with the machinery which was available with the department. The construction Corporation who had the necessary expertise and experience were ideally suited to take up this type of work. To ensure better quality of work and to keep the imported machinery in use, it was recommended to the Government by the G.E, of the project in his letter dt. 29-9-81 that the Corporation may be entrusted with the work. The Government accordingly issued orders in Memo No: 1452/SR ST/1/1-81-1 dated 17-10-1981 to cancel the tenders and to entrust the work to the State Construction Corp n., at the negotiated rates, on the basis of the estimated rates of the department. The State Construction Corp n., Ltd., is intend only to take such works calling for quality performance. Further the lining work was to be done with the imported machinery which was available with the department and skilled personnel who were specifically trained abroad to operate this machinery were available only with this Corporation. There was no loss to the Government. On the other hand, the said machinery purchased for lining work was put to effective use. The audit objections are being met suitably.

Sri K. Keshav Rao: This has come up to him. I will give the latest if you want.

Actually we have received also after the incident of 30-7-1982. Precautionary measures were taken already by arranging on patrol at vulnerable points for a period of 10 days. No incident took place from 30-7-82 to 28-8-1982 till the accused were on conditional bail attending the police station and the patrolling was discontinued. It is reported by Gajula China Ramadas, relative of Damodar that on 26-8-1982 at about 5 p.m. two strangers went to the bangle shop at bus stand and one of them suddenly hit China Rama Das with a stone causing simple bleeding injury. On complaint the Head Constable sent the injured to the hospital and took preventive action by way of searching for the accused strangers. The complainant suspected that the accused will be the followers of the opponents of his brother-in-law, Damodar. The accused could not be traced. I am giving the latest also. The investigation revealed that both the parties are trying to establish their majority among the fodder mill workers as well as among the private motor workers and the incident of rioting occurred on 27-8-1982. It is due to inter party rivalry only. Prompt action was taken on every incident. Sri G.G. Rao is trying to take law into his hand as a retaliatory measure against the followers of O.P.D.R. Due to firm action taken by the Police further incidents have been prevented.

re Rape of a woman by the constables of Bhadrachalam Police Station.

Sri K. Keshava Rao : Sir, On 1-9-1982 one Smt. Katarapu Manikyamma w/o Babu, 19 years, Gowda by caste, resident of Nagaram village lodged a complaint with the Sub-Inspector of Police, Bhadrachalam stating that on 31-8-1982 she had visited Rama temple at Bhadrachalam along with her husband and afterwards her husband went away keeping her at the house of Angoji Nagabhusanam who is known to them. On the intervening night of 31-8-1982 and 1-9-1982 at about 2300 hours she went out of the house for answering calls of nature. At that time three police constables Ramireddi 534, Venkata Prabhakar 894 of Bhadrachalam Police Station and Mohd. Yasin 789 of Mothugudem Police Station on duty at Bhadrachalam who were in plain clothes forcibly took her in a rickshaw driven by one Sri Karri Veeraswamy to the marketyard of Bhadrachalam and two of them viz., Sri Rami Reddy and Mohd. Yasin raped her. As she was crying and resisting Prabhakar could not rape her but beat her with hands. The victim was taken back in the same rickshaw and was left near the house where she was staying.

The rickshaw puller Sri Karri Veeraswamy identified the three accused persons viz., (1) Sri Rami Reddy, PC of Bhadrachalam Police Station, (2) Mohd. Yasin, PC of Mothugudem Police Station, and (3) Sri Prabhakar. PC of Bhadrachalam Police Station. A case in Cr No. 120/82 u/s 376 IPC. was registered and all the three accused constables were arrested on 2-9-1982 and remanded to judicial custody. They were placed under suspension on 2-9-1982. The victim was sent to local Government Hospital, Bhadrachalam for Medical examination. The three accused were also sent for medical examination. The investigation of the case is in progress. Adequate bandobust arrangements were made, The situation at Bhadrachalam is peaceful. The Collector, Khammam instructed the Assistant Collector, Bhadrachalam to enquire into the matter and submit a report.

According to the orders of the Land Reforms Tribunal, Tanuku, on the 3 declarations, the lands possessed by them are shown in Annexure-1 to this note. According to the same orders, it was found that the extent equivalent to 5.3899 standard holdings was found to be in excess of the ceiling on the notified date. On the above orders, Sri J. Lakshmayya filed an appeal before the Land Reforms Appellate Tribunal, Bhimavaram which was numbered as 616/78. Sri J. Sriranganyakulu and his wife Smt. Lakshminarasayamma have filed an appeal before the Land Reforms Appellate Tribunal, Bhimavaram which was numbered as L.R.A.T. No. 636/78. On the appeal filed by Sri J. Lakshmayya, the Tribunal passed orders on 24-2-1979 remanding the case to the Land Reforms Tribunal, Eluru, The Land Reforms Tribunal, Eluru, issued orders on 31-10-1980 determining that the declarant has to surrender excess land equivalent to 0.0773 standard holding. The declarant has surrendered the lands in Nadipudi village of Narsapur taluk. The Land Reforms Tribunal, Eluru, has accepted the lands surrendered by the declarants in its Order dated 16-7-1981.

The appeal filed by Sri J. Sriranganyakulu and his wife Smt. Lakshminarasayamma before the Land Reforms Appellate Tribunal, Bhimavaram was remanded to the lower Tribunal i.e., Land Reforms Tribunal, Eluru, on 29-8-79. The Land Reforms Tribunal, Eluru, modified the earlier orders. The decision was that both the declarants put together will have to surrender the land equivalent to 4.1483 standard holdings as against the earlier orders contemplating the
surrender of excess land equivalent to 53899 standard holdings. As per the orders of the Tribunal, the family members have offered to surrender the lands as shown in Annexure-II to the Note.

Taking possession of the land is pending at various stages. The lands could not be taken possession for want of reports from the concerned Tahsildars etc.

The main allegation of the M.L.A. in the Call Attention Notice is that the family of Sri J. Sripaganyakulu, has donated some lands to Sarvodaya Samstha consisting of his relatives etc., and thereafter sold away these lands to the public and swallowed the sale proceeds. But on verification of the declarations and the orders of the Land Reforms Tribunals it was found by the Collector, West Godavari. that the family members of Sri J. Sripaganyakulu have included the lands donated to Sarvodaya Samstha in their declarations also and the surplus was decided by the Tribunals after taking into consideration of the lands donated to Sarvodaya Samstha also. As a matter of fact, some of the lands donated to Sarvodaya Samstha were surrendered by the family members towards excess possession. It cannot, therefore, be said that Sri J. Sripaganyakulu and his family members have taken advantage of the donations made to Sarvodaya Samstha to evade Land Ceiling Act.

re: Non-Payment of Compensation To Certain Lands Acquired for Katatiya Canal.

Sri K. Keshava Rao: Sir, Compensation for lands taken for excavation of canals etc., is paid, as soon as possible, after completion of formalities under the L.A. Act viz., Survey of land: publication of D.N. and D.D. Notifications in Gazette, hearing objections of parties and passing of final award by the land acquisition authority. However, when lands are taken possession initially with the consent of parties and subsequently the L.A. formalities are completed, this may result in some delay for payment of compensation.

The position in respect of payment of compensation to lands acquired for Katatiya Canal in certain villages referred to by the Hon'ble Member is as follows:

1. Paidipalli Village in Warangal Taluk:

Compensation for lands acquired for the main canal for KM 232-234 was fully paid in 1981. Irrigation Dept. Took possession
of 53-33 acres of land with the consent of owners for excavation of a distributory. The requisition for this land was sent to L.A. authority on 8.2 '82. Survey was completed and other formalities are being completed.

2. Desaipet Village (Warangal (Urban) Taluk):

Possession of the land for the main canal was handed over to project authorities on 25.6.'80 Award was passed on 28.7.'82 and compensation was paid for 27.27 acres.

An extent of 39.93 acres within the municipal limits of Warangal needs clearance from Spl. Officer Urban Land Ceiling Act, Warangal. These cases have been referred to him for clearance which is awaited. The final award will be passed and paid soon after the clearance is given.

3. 37.31 Acres in Damera Village; 30.30 acres in Venkatapur Village; 84.12 acres in Vangapad Village and 43.34 acres in Ladella villages of Warangal rural taluk was taken possession by the project authorities, with the consent of parties for excavation of distributories. The survey was completed and other formalities will be completed soon.

A requisition for 36-17 acres in Villabhapur village was made on 10-8-82 to the Special Collector and Survey is in progress.

The land in the following villages has been taken possession by the Irrigation Dept. With the consent of the owners and acquisition proceedings are in progress.

1. Mogilicherla Village of Warangal (Rural) Taluk.
2. Kothapeta Village of Warangal (Rural) Taluk.
3. Singarajpalli Village of Warangal (Rural) Taluk.
4. Pulkurthi Village of Warangal (Rural) Taluk.
5. Gatlakaniparthi Village of Parkal Taluk.
6. Urugonda Village of Warangal (Rural) Taluk.
8. Vellampalli Village of Parkal Taluk.

Re: Non-Usage of Telugu in Courts

Non-usage of Telugu in courts has been a matter of concern for some time. The government has taken several steps to promote the use of Telugu in official proceedings. However, the issue still remains unresolved.

In a recent move, the government has issued a notification (No. 103 E.M. 1981) to all concerned departments. The notification has been issued in both English and Telugu. The purpose of the notification is to ensure the use of Telugu in all official communications.

The notification has been issued to all government departments and institutions. They are requested to ensure that all official communications are in Telugu. The notification has been issued in consultation with the Telugu department.

A copy of the notification has been sent to the Chief Secretary of the state. The Chief Secretary has been requested to ensure that all government departments comply with the notification.

The notification has been issued in response to the long-standing demand of the Telugu-speaking community. The community has been demanding the use of Telugu in all official communications.

In conclusion, the government is committed to promoting the use of Telugu in all official communications. The notification has been issued to ensure that all departments comply with the demand of the community.

Sincerely,

re: Installation of Lift Irrigation
Schemes under Sriramasagar Project for the benefit of uplands

The installation of lift irrigation schemes under the Sriramasagar Project aims to benefit uplands. The project involves the installation of lifts to transport water to higher elevations for irrigation purposes. The installation process involves various stages, including the selection of appropriate locations, planning, excavation, and the installation of lift systems. The project is expected to enhance agricultural productivity and improve the livelihoods of the farmers in the upland areas.

The project is under implementation and will be completed in the near future. The lifts will be operational by the end of the current fiscal year. The necessary funds have been allocated, and the project is expected to be completed within the planned timeframe. The project is expected to have a significant impact on the local economy, providing a reliable and sustainable source of water for irrigation.

The project will also benefit the local community by creating employment opportunities and improving the overall standard of living. The project is being closely monitored by the relevant authorities to ensure its successful completion.

In conclusion, the installation of lift irrigation schemes under the Sriramasagar Project is a significant step towards improving agricultural productivity and enhancing the standard of living in the upland areas. The project is expected to have a lasting impact on the local economy and the lives of the farmers in the region.

re: Amenities at the Rehabilitation
Centres for Displaced families
under Nagarjuna Sagar Project

Dear Sir,

I would like to bring to your attention the matter of amenities at the rehabilitation centres for displaced families established under the Nagarjuna Sagar Project. The centres have been set up to provide shelter and assistance to families displaced by the project. However, the current facilities are not sufficient to meet the needs of the displaced families.

Please take action to ensure that the necessary amenities are provided. I believe that this is a matter of great importance and should be addressed urgently.

Yours sincerely,

[Signature]

P.S. The proposed amenities include adequate housing, medical care, education, and employment opportunities.

re: Collapse of the Head Regulator on Ryvas Canal at Vijayawada

2. Mr. V. Reddy stated that the regulator of the Ryvas Canal at Vijayawada had collapsed. The regulator was built to hold 120 cusecs, but due to some technical reasons, it was reduced to 86 cusecs. The cost of the regulator was Rs. 3.54 lakhs. It was planned to raise the capacity to 150 cusecs. However, the work was abandoned. The cost spent till date was Rs. 2,88,265.

Total expenditure so far was Rs. 4046.

ie: Collapse of the Head Regulator on Ryvas Canal at Vijayawada.

9th September, 1982

An incident occurred on 3rd September 1982 at 9:30 AM, when the head regulator on Ryvas Canal at Vijayawada collapsed. The regulator, a vital component of the canal, was responsible for controlling the flow of water. The incident led to a significant increase in the water level, and as a result, the canal was temporarily shut down. As of 4th September, the canal was still under inspection, and the authorities were working to ensure its safe operation.

8. On 17th September 1982, a team of experts arrived to assess the damage caused by the collapse. They found that the regulator had been extensively damaged, and repairs were estimated to take several weeks. The team recommended that the canal be closed until repairs were completed.

4. On 22nd September 1982, the canal was reopened after extensive repairs. The team of experts were pleased with the progress made and recommended that the canal be monitored for the next month to ensure its safety.

5. On 28th September 1982, the canal was again closed after a small leak was detected. The team of experts were called in to assess the damage, and repairs were estimated to take several weeks. The canal was again monitored for the next month to ensure its safety.

Calling Attention Matters 9th September, 1982

re: Impersonation of one Srikalidas as the then Union Home Minister

Sri B. Venkatram: Sir, I share the concern of the Hon. Members of the House on the serious situation that has developed in the State consequent to failure of rains. While the rainfall in June
and July in the State by and large was considered to be satisfactory in some parts, it failed totally in August. There are some areas which are served by September rains and also by North-East Monsoon. The situation is serious in the State on the whole. At the end of August, 87 taluks in the 21 districts recorded rainfall which is deficient to normal ranging from 20 per cent to 80 per cent.

The prolonged dry spell in the month of August accentuated by total failure of rainfall in Rayalaseema and some Telangana districts is leading to a situation of total damage to standing crops. This includes commercial crops like groundnut. The farmers would lose the money they invested in the earlier agricultural operations. Even in September, till now, the monsoon is not active. Later in September even if there are heavy rains, they may not be of much help to the standing dry crops. During this period, the minor irrigation sources have not received any supplies. If tanks get filled up by latter rains in September, they may be useful for raising second crop and for undertaking contingency dry farming. Contingency plans for agriculture had been kept ready and necessary inputs like seed and fertiliser are available. Instructions have been issued to the Collectors, to localise areas under the tanks for irrigating dry crops only. The Government is aware of the seriousness of the situation. The very fact that the Government have released Rs. 789 lakhs for drinking water is reflective of the concern of the Government. This is ever and above the plan expenditure. We shall be releasing a further amount of Rs. 1 crore immediately. A cabinet sub-committee is being constituted to review the situation and monitor the implementation. Senior officers have already visited some districts like Cuddapah and Anantapur. It is proposed to depute Commissioners to the other affected districts, immediately.

The Collectors have been asked to review the situation and submit a detailed report in accordance with drought manual by September 15. Thereafter a memorandum will be prepared and submitted to the Central Government. However, the Government of India has been kept informed of the seriousness of the situation in the State. The Revenue Minister has gone to Delhi in this regard with a report. In his earlier visit he has also met the concerned Central Ministers and apprised them of the drought situation. We will be requesting the Government of India to depute a Central team immediately.

For collection of rest grass and storage in fodder banks, Rs 5 62 lakhs is being released. All Collectors have been authorised to notify the areas where the yield is less so as to enable the banks to reschedule the loans and to sanction fresh loans. Suspension of land revenue will be ordered by the Government.
Statement by the Chief Minister: 9th September, 1982

re: Drought Situation

The Collectors have been asked to use all available funds in various departments, plan and non-plan plus funds in IRDP, DPAP, NREP etc. in the affected parts to provide employment.

Heads of Departments have been instructed to accelerate plan 1-30 schemes throughout the State. The Collectors have been asked to prepare contingency relief works which will be started soon. I would like to assure the members that the Government is fully alive to the seriousness of the situation and will ensure that necessary steps will be taken to mitigate the distress.

I would like to submit districtwise figures we are having as on date. There is a point in what many members have said. The method of measuring rainfall through rain gauges which we have in taluk centres will have to be somehow revised. There is need to revise all these aspects. On the whole, all the members of the Legislature both in the Council and the Assembly will have to tour their constituencies and give their views regarding the situation in respective constituencies before 13th.

Sri S. Jaipal Reddy: We cannot tour without funds.

Sri B. Venkatram: So that, we will have a cross-check on the impressions conveyed by the officers and the reports submitted by the legislators. Then we will have a realistic view and we will not be carried away by the official views. I do admit that the situation is serious. We shall give all the necessary relief operations at the earliest. The funds will be released soon and immediately we shall go ahead with the relief operations and we get the Central Team immediately, so that we get the necessary cooperation. On 13th night the Cabinet will sit and review the whole situation and after that we will see that the Report is submitted to the Government of India. Besides what is submitted already I will see that necessary help is given. By 15th we declare such parts which are yet to be declared as drought affected. There is a necessity for serious consideration of the entire situation. The Government is aware of the situation and certainly to meet the situation we will take steps on war-footing.

re : Drought situation

We are reviewing the entire situation and we will definitely look into
them.

Actually I intend to have a Cell here which will monitor the
entire drought situation and if there is a question from you we will
be in a position to respond to you.

Sri S. Jaipal Reddy : A particular situation has arisen to-day.

CONDOLENCE MOTION

re : Demise of Sri Bikkini Venkataratnam, former
Member of the Composite Madras Legislative Assembly.

Mr. SPEAKER :
“This House places on record its deep sense of sorrow
at the demise of Sri Bikkin Venkataratnam, former
Member of the Composite Madras Legislative Assembly
and conveys its deep sense of sympathy to the members
of the bereaved family.”

Sri Bikkini Venkataratnam, former Member of the Composite
Madras Legislative Assembly who died recently after reaching a ripe
age of over Ninety years was a renowned freedom fighter. In 1932
he went to Jail for participation in the Civil Disobedience Movement.
In 1942 he again went to Jail when he participated in the ‘Quit India’
Movement. In 1946 he became a Member of the Composite Madras
Legislative Assembly. He was a Minister in the Andhra Kesari
Sri Prakasam’s Cabinet constituted in 1946.
Condolence Motion

re: Demise of Sri Bikkini Venkataratnam, former Member of the Composite Madras Legislative Assembly.

Later he served as a Member of the former Composite Madras Legislative Council.

May his soul rest in peace.

The question is:

This House places on record its deep sense of sorrow at the demise of Sri Bikkini Venkataratnam, former Member of the Composite Madras Legislative Assembly and conveys its deep sense of sympathy to the members of the bereaved family.

The motion was adopted NEM CON by observing silence for two minutes.

re: Statement By The Chief Minister Singur Project Works.

Sri B. Venkatram: Sir, I will read out the statement on the Singur Project.

While answering a Short Notice Question No. 9961 on 2-8-1982 in the Legislative Assembly which was given notice of by Sri P. Janardhan Reddy and other M.L.A.s. on the question of entrustment of work of construction of a power block Hydro power generation to the contractor who was doing spill-way works in Singur Project without calling for tenders I replied stating that the points made out by hon. members, will be enquired into through an I.A.S. Officer and an I.A.S. Officer will be appointed to look into this case and submit a report to the Government and that a statement will be made before the end of the present session. Subsequently during my examination it was felt that I should personally look into the case as a team of senior officers including the Principal Secretary to Government who was also the Chairman of the A.P. State Electricity Board at that time inspected the dam site and came to the conclusions. On 28-8-1982 at the time of answering the S.N.Q. No. 9961-G given notice of by Sri Janardhan Reddy and others, Sri Janardhan Reddy drew attention to the assurance by me on 2-8-1982 on the above subject in the earlier question, I assured him that the entire issue will be personally examined, and that I would write to him shortly. Based on the revised assurance I will look into the records and examine the case in detail and inform the members who gave notice of this question individually within a month. I will call for the records because I found that a Committee consisting of so many people have taken this decision. I would like to personally go through the records and I will write to the hon. members as to the findings I come.
Despite various efforts at expanding school education, the State still has to cover a great deal of ground to achieve the targeted literacy rate. Apart from increasing the number of schools and inducements to the weaker section families through offer of books,
Statement by the Chief Minister 9th September, 1982

re: Introduction of Mid-day meal scheme for School Children

note books, hostel facilities, etc. other persuasions also have to be considered. The Government has examined various measures to improve enrolment in schools and have come to the conclusion that a drive for enrolment coupled with an incentive like nutritious mid-day meals would achieve quick results. It is estimated that about 67 lakhs children are in the elementary school going age group (6 to 11 years). About 12 lakh Children are covered under the existing schemes of support.

Sri B. Venkatram: Government have therefore considered that at the earliest opportunity the scheme of mid-day meal should be introduced for all school going children of that age group. This scheme will itself cost the Government about Rs.50 crores additionally annually,

In order to enable distribution of nutritious food and serve local fresh inputs it is proposed to link the economic assistance and self employment programme for weaker sections partially with this scheme.

Sri S. Jaipal Reddy: On a point of order, Sir, (Many members rose up saying ‘Point of Order’)

Sri B. Venkatram: Presently schemes of poultry development and dairy are linked to convenience of established markets. Poultry Farms are organised close to urban or market centres where it is consumed or exported to various areas by marketing organisations. Similarly milk routes determine development of dairies and distribution of milk cattle. In order, however to assist large numbers of weaker sections situated away from such advantageous zones, it is proposed to link the mid-day meals scheme by ensuring...

Sri S. Jaipal Reddy: I am on a point of order.

Sri B. Venkatram: implementation of dairy and poultry farming even in interior villages and ensuring an off-take of substantial part of their product at available price and use such products in the midday meal programme. It is my firm belief that apart from assisiting 50 lakh children additionally with nutritious food it will engage several thousand families of weaker sections in economic activity and give them worthwhile employment. These schemes will be introduced on the second day of October this year coinciding with the birthday of the Father of the Nation.
Statement by the Chief Minister
re: Introduction of Mid-day meal scheme for School Children

Sri S. Jaipal Reddy: Where is the provision? This is a bogus thing.
Sri B. Venkatram: The current year's outlay on the construction of school buildings is about Rs.3 crores.
Sri S. Jaipal Reddy: Where is the provision?
Sri B. Venkatram: In order to hasten this activity, it is proposed to take up additional construction with an additional outlay of equal amount. The scheme will be only partially on contribution basis and the percentage of contribution required will be regulated in terms of affluence of the area and tribal and drought prone areas will be exempted from making any contribution. This will roughly enable the construction during the current year itself of about 10 primary school buildings in each Samithi corresponding to about 4,000 schools. This will be the largest programme of school building construction in any single year and will enable coverage of the entire State in a reasonable period starting from now.

L. A. Q. No. 8032-V (Starred): K. Venkataramaiah : will the Hon'ble Chief Minister be pleased to state.

a) Long time back it was felt that H. L. C. (High Level Channel Tungabhadra) was not dug properly at Guntakal and as a result that water is not flowing properly and to widen the channel, what steps are taken?

b) Why H. L. C. is not supplying water to Gooty Tank, Abbododdidi Tank of Tadpatri Taluk?

c) Is it a fact that 10 TMC's of water is allotted to Penna Ahobilam Balancing Reservoir at the cost of the ryots under HLC in Gooty Taluk?

A—

a) The excavation of the Gooty Sub-branch Canal has not been completed to the designed section, as the work had to be stopped due to certain allegations on the officers in charge of execution of the work.

The Canal has been excavated to the designed width except at a few places.

Against the designed discharge of 110 Cusecs, the maximum discharge allowed in the last season was of the order of 105 Cusecs. The Canal is thus in a position to carry almost the designed discharge and there is no difficulty to draw water for irrigation as envisaged.

b) The Gooty Tank and Abbododdidi Tank are not eligible to draw water from High Level Canal system. The High Level Canal system as contemplated does not supply water to any tank, as the system was designed for direct Irrigation to lands without Irrigation facilities.

L.A.Q. No. 8832 (Starred) G. Mallikarjuna Rao: Will the Hon'ble Minister for Revenue & Power be pleased to state:

a) Whether the Planning Commission has accorded permission to install three more new units at the Nagarjuna Sagar Hydro Electric Station:
b) if so the cost of the three units and their generating capacity; 
and

c) the total generating capacity at present?

A—

a) Yes Sir,

b) The estimated cost of 3 Units as approved by the Planning Commission, is Rs. 5578 lakhs. The total Generating capacity of 3 units is 300 M. V.

c) The present Generating capacity at Nagarjunasagar Hydro Electric Station is 410 M W. The details are as follows:

1) Conventional Unit: 110 M. W.

2) Reversible Units commissioned so far: \(3 \times 100 = 300\) M. W.

Treating of NMR Workers at Srisailam Project on par with workcharged Employees

378—

L.A.Q. No. 8897-P (Starred) N. Raghava Reddy, M. Omkar, K. Satyanarayana, Smt. M. Swarajya: Will the Honourable Chief Minister be pleased to state:

a) Whether it is a fact that the Govt. issued G. O, Ms. No. 242 (Major Projects) Dt. 1-6-77 regarding the NMRs working at Srisailam Project providing that the NMRs should be treated on par with the work Charged employees in respect of regularisation and time scale payments:

b) Whether it is a fact that such facility has not been extended to other NMRs working in the other Projects and on maintenance works that are under the same Dept., inspite of the fact that the said NMRs have put in service ranging to 3 to 15 years:

c) If so, the reasons therefor?

A—

a),b),c): In the light of the Spl. agreement concluded on 3-4-'76 under Section 18 (1) of the I. D. Act 1947 between the C E. (P), Srisailam Project on behalf of the Govt. and the representatives of the Workers' Unions of Srisailam Project on the payment of wages to workers engaged on
N.M.R. in Srisailam Project orders were issued in G.O. Ms. No. 242, M. P. D., dt. 1-6-77 read with G. O. Ms. No. 145. I & P (PW) Dept., dt. 31-3-'81 to the effect that

i) the daily wages payable to the workers engaged on NMR in Srisailam Project shall be calculated with reference to the total emoluments of the Workcharged Employees for a month on the basis of the minimum of the scale applicable to the Workers of the particular trade, category and grade under Workcharged Establishment plus dearness and other allowances divided by twenty six to arrive at the daily wage rate; and

ii) the N. M. R. Workers shall be paid at the said daily wage rate for the number of days they actually work and they shall not be entitled to any wages for the days they do not work.

2. These orders do not apply to NMR workers of projects other than Srisailam Project, as they are special orders issued on the basis of an agreement concluded in respect of Srisailam Project in the special circumstances of the project.

Implementation of Agricultural Ceiling Act

379-

L. A. Q. No. 8897-G (Starred) Ch. Rajeswararao, Poola Subbaiah : Will the Chief Minister be pleased to state:

The progress achieved in implementing the Agricultural Ceiling Act in our State during last year?

A—

During the year 1980, an extent of 37,253 acres has been taken possession under the Andhra Pradesh Land Reforms (Ceiling on Agricultural Holdings) Act, 1973. An extent of Acs. 32,485 has been distributed to 23,626 persons and another extent of Acs. 4251 has been allotted to Forest and Animal Husbandry Departments.

Implementation of Six Point Formula

380—

L.A.Q. No. 8899-P (Starred) Gouthu Latchanna, P. Janardhan Reddy : Will the Chief Minister be pleased to state:

a) The date of implementation of Six Point Formula and its duration;

b) Its present position;
c) Whether any representation has been received by the Government about the adverse effects of the Six Point Formula by the Non-Gazetted Officers of any zone of Andhra Pradesh and by public or by M.L.As. and
d) If so, the action taken?
a) and b) A note detailing the progress made in the implementation of each of the points in the Six Point Formula, duly indicating the date of implementation is placed on the table of the House. The Six Point Formula does not say anything about the period for which the points have to be implemented.

c) and d) Few representations have been received mainly on the question of allotment etc. made under Andhra Pradesh Public Empl oyment (Organisation of Local Cadres and Regulation of Direct Recruitment) Order, 1975, issued in pursuance of point (3) of the Six Point Formula and they have been dealt with and remedial measures have been taken wherever possible.

Progress made in the implementation of each of the points in the Six Point Formula.

In the wake of the agitation in Andhra area, the leaders of the State held discussions with Central Leaders as well as amongst themselves on the problems facing the people of Andhra Pradesh and evolved the Six Point Formula on 21-9-1973. Certain aspects of the formula were clarified in a statement issued by the leaders on 22-10-1973. The Six Points in the Six Point Formula and the dates of their implementation are:

<td>1) Accelerated development of the backward areas of the State and planned development of the state capital with specific resources earmarked for these purposes and appropriate association of representatives of such backward areas in the State Legislature along with other experts in the formulation and monitoring of development schemes for such areas should form the essential part of the developmental strategy of the State. Constitution at the State level of a Planning Board as well as Sub-Committees for different backward areas should be the appropriate instrument for achieving this objective.</td>
<td>1-1-1974</td>
</tr>
</tbody>
</table>
2) Institution of uniform arrangements throughout the State enabling adequate preference being given to local candidates in the matter of admission to educational institutions and establishment of a new Central University at Hyderabad to augment the existing educational facilities should be the basis of the educational policy of the State. 

3) Subject to the requirements of the State as a whole, local candidates should be given preference to specified extent in the matter of direct recruitment to (i) non-gazetted posts (other than in the Secretariat, Offices of Heads of Department, other state level offices and institutions and the Hyderabad City Police), (ii) corresponding posts under the local bodies and (iii) the posts of Tahsildars, Junior Engineers and Civil Assistant Surgeons. In order to improve their promotion prospects, service cadres should be organised to the extent possible on appropriate local basis up to specified gazetted level. first or second, as may be administratively convenient. 

4) A high power administrative tribunal should be constituted to deal with the grievances of services regarding appointments, seniority, promotion and other allied matters. The decisions of the Tribunal should ordinarily be binding on the State Government. The constitution of such a tribunal would justify limits on recourse to judiciary in such matters. 

5) In order that implementation of measures based on the above principles does not give rise to litigation and consequent uncertainty, the Constitution should be suitably amended to the extent necessary conferring on the President enabling powers in this behalf. 

6) The above approach would render the continuance of Mulki Rules and Regional committee unnecessary. 

The action taken so far for the implementation of the Six Point Formula is given below:
Point-1: The State Planning and Development Board with Chief Minister as Chairman and three Planning and Development Committee with Legislators are functioning under the administrative control of Finance and Planning (planning Wing) Department. The Central assistance of Rs. 100 crores was earlier given. This was over by 31-3-1979. When the Government of India addressed by Finance and planning (planning) Department for further assistance, they have not agreed to the above proposal. The matter is being pursued with the Government of India.

Point-2: The Andhra Pradesh Educational Institution (Regulation of Admissions) Order, 1974 was issued by the president under Article 371-D of the Constitution. This came into force with effect from 1-7-1974. A Central University, by name University of Hyderabad, has been set up by the Government of India in Hyderabad.

Point-3: The Andhra Pradesh Public Employment (Organisation of Local Cadres and Regulation of Direct Recruitment) Order, 1975 was issued by the President on 18-10-1975 under Article 371-D of the Constitution. Schemes for organisation of local cadres were issued in respect of all departments.

Point-4: The Andhra Pradesh Administrative Tribunal Order, 1975 was issued on 19-5-1975 by the President under Article 371-D of the Constitution and the Andhra Pradesh Administrative Tribunal is functioning since August, 1976.

Point-5: Article 371-D and Article 371-E have been incorporated in the Constitution by the Constitution (32nd Amendment) Act, 1973.

Point-6: The Mulki Rules were repealed through the Mulkhi Rules (Repeal) Act, 1973 which was brought into force on the first July, 1974 along with the Constitution (32nd Amendment) Act, 1973. The Andhra Pradesh Regional Committee Order, 1959 was also rescinded with effect from 12-1-1974 abolishing the Andhra Pradesh Regional Committee.

Non-supply of 4 TMC of water to Mylavaram Dam in Cuddapah Dist.
L. A. Q. No. 9747 (Starred) Sri Pooja Subbaiah: Will the Honourable Chief Minister pleased to state:

a) Whether it is a fact that 4 TMC of water is not supplied to Mylavaram Dam in Cuddapah District to Irrigate the Aycut under Cuddapah Canal from Mid Pennar reservoir; and

b) If so, the action taken?

A—

a) & b) Yes, Sir.

The allocation of waters to Mylavaram Dam is 4 TMC from TBP HLC through Mid Pennar Reservoir.

Due to extreme drought conditions in Pennar Basin in 1980-81, practically there was very little flow in the river. Whatever little was received, was adequate only to save a couple of thousand acres of rain fed crop on ground. Even if water was supplemented from Mid Pennar Reservoir into Mylavaram Reservoir, there would have been heavy loss of water in the river course itself.

Due to good rains in Pennar Basin during 1981-82, water was stored up to 5 TMC in Mylavaram Reservoir and water utilised by 3 to 4 thousand acres when released in December, 1981 though the quantity of water was sufficient for 40,000 acres. Now that gates are installed there will be sufficient storage up to 10 T.M.C. in future with carry over Capacity.

ORDER

Orders were issued in the G. O. first read above upgrading 1030 S. G. B. T. posts in Science and Maths subjects into those of B. Ed., Assistants with effect from 1-6-1977. Similarly orders were issued in the G. O. second read above upgrading the S. G. B. T. posts in Humanities, who acquired B. Ed., qualification and who were working as Social Studies teachers as on 21-1-1976. In the light of the judgement of the Andhra Pradesh Administrative Tribunal fourth read above revised orders were issued in the G. O. sixth read above upgrading the posts of S. G. B. T. held by teachers for Social Studies, who acquired B. Ed., qualification as B. Ed., Assistants in Humanities as on 1-6-1977 subject to subject requirements, and to review the position in the case of all other S. G. B. T. teachers who acquired B. Ed., qualification in Humanities as on 1-6-1977 to send necessary proposals for upgrading of the posts.

2) As against the instructions issued for the absorption of stipendiaries under the ‘Half-a-million Jobs Scheme’ in regular posts of B. Ed., Assistants created for the purpose, certain in-service B. Ed., qualified teachers working in secondary grade posts filed Representation Petitions before the Andhra Pradesh Administrative Tribunal and the Tribunal in its judgements third read above observed that the posts created for the absorption of half-a-million job stipendiaries on regular basis, from an addition to the cadre strength of B. Ed., Assistants in that unit and that under the rules and orders on the subject 50% of the posts should be filled by promoting in-service qualified teachers only, the remaining 50% being filled by direct recruitment under the rules applicable to the appropriate service to which recruitment is made.
3) In the light of these two judgements, the Director of School Education has proposed the creation of 3172 posts of B.Ed. Assistants with effect from 1-1-1976 in lieu of the upgradation of posts sanctioned in the G. Os., first and second read above, based on the subject requirements as on 1-6-1977.

4) Government have examined the proposal carefully. In supersession of the orders issued in the G. Os., first and second read above, sanction is accorded to the creation of 3,172 posts of B.Ed. Assistants in schools under Government, Zilla Parishads, Panchayat Samithis, Municipalities and aided managements (in lieu of upgradation of posts sanctioned therein) with effect from 1-1-1976 based on the subject requirements as on 1-6-1977 subject to the condition that equal number of posts of secondary grade teachers is surrendered including the upgraded posts sanctioned in the G. Os. 1st and 2nd read above now superseded.

5) The Government also direct that B.Ed., qualified teachers working in Secondary Grade posts shall be promoted against the posts sanctioned in para four above subject to subject requirements upto 1-6-1977 and only such of those posts left over shall be filled either by qualified in-service teachers or direct recruitment, as the case may be. The Director of School Education is authorised to allocate the posts district-wise and the District Educational Officers are authorised to allocate the posts to different managements based on subject requirements.

6) The pay of the promoted teachers shall be fixed on national basis, from the date (s) of promotion, in the scale of B.Ed. Assistants and they shall be paid arrears from 1-3-1980 only.

7) The expenditure shall be debited to the relevant minor and detailed heads of account to which the salary of the promoted teachers under the Government, Zilla Parishads, Panchayat Samithis, Municipalities or aided managements is debited under M.H-277-Education. The Director of School Education is requested to meet the expenditure by way of adjustment within the grant and if it is not possible, to submit proposals for additional appropriation during 1980-81 at the appropriate time.

8) This order issues with the Concurrence of Finance and Planning (Fin. Wing) Dept., vide their U. O. No. 1746/EE/80-1, dated : 19-8-1980.
ANSWERS TO UNSTARRED QUESTIONS

Upgrading of Secondary Grade Posts

Un-starred L.A.Q. No. 3536 Sri Pydi Srirama Murthy: Will the Minister for Education be pleased to state:

a) whether the Government have issued orders in G.O. Ms., No. 629 and 886 regarding upgrading of B.Ed. teachers working in secondary posts as on 21-1-1976;

b) the number of districts in which the said orders of Government have been implemented;

c) the reasons for not implementing the orders in Srikakulam district so far;

d) the persons responsible for the loss of service and emoluments of the qualified teachers; and

e) whether the Government are contemplating to issue modified orders extending the benefit to all teachers irrespective of the school in which they are working as the present orders are only applicable to the teachers working in upper primary schools?

a) Yes, Sir.

b) and c) In supercession of these two G.Os, revised orders have been issued in G.O. Ms. No. 683, Education, dated 15-9-1980 and G.O. Ms. No. 1033, Education, dated 14-9-1981 (copies enclosed) sanctioning the creation of 4,499 posts of B.Ed. Assistants, with retrospective effect from 1-1-1976 to promote all the inservice secondary grade teachers qualified for promotion as on 1-6-1977. Hence these questions do not arise.

d) and e) In view of the reply to (b) and (c) above, these questions do not arise.

Reservation of Land for Potters of Vaddadi village

149—

Question No. 6989 (Unstarred) Smt. M. Swarajyam, Smt. G Dhanasuryavathi and Sri M. Yarraiah Reddy: Will the Minister for Village and Khadi & Village Industries be pleased to state :

a) whether the Government received representations from the Potters of Vaddadi Village of Modugula taluk of Visakhapatnam district requesting that Survey No. 37/16–17 measuring 7 acres 86 cents belonging to the Lord Mallikharjuna Temple be reserved by acquiring it to take clay for their pottery purposes : and

b) if so, the action taken thereon ?

A—

a) No representation is received from the Potters of Vaddadi village. However, Sri Omkar, M. L. A. in his letter dated 5–12–1980 requested the Government to reserve the said land to the potters for taking clay.

b) The matter is under examination. At present the land is under lease till 1982–83.

Introduction of Employment Guarantee Scheme

150—
164 9th September, 1982 Unstarred Questions and Answers

L. A. Q. No. 7777 (Unstarred) Sri G. Mallikarjuna Rao:
Will the Hon'ble Minister for Panchayati Raj be pleased to state:

a) whether the Government have proposed to introduce a scheme under which one kilo of rice and one rupee will be given every day to the unemployed agricultural labourers in the villages:

b) if so, the basis on which such persons will be identified for distribution:

c) whether it will be so distributed through cut the year:

d) the number of such persons in the State:

e) the amount of expenditure that is likely to be incurred?

A--

a) The employment Guarantee Scheme introduced in this State with effect from 1-5-81 is largely on the lines of the Scheme existing in Maharashtra State. Its aims at providing employment for a period of 100 to 120 days during the lean months in a year to every registered adult person in the three selected villages of each Panchayat Samiti block in the State for doing unskilled manual work and to receive wages at Rs. 1/- per day. A door to door survey has been undertaken in the selected villages to find out the quantum of labour force likely to seek employment under the Employment Guarantee Scheme on account of unemployment or under employment. A person who has registered his name for employment under the Scheme and who is in need of employment has to apply to the Block Development Officer for providing employment. An amount of Rs. 110 crores has been released to all Zilla Parishads in the State for 1981-82. The Scheme also provides that a person who has registered himself under the scheme, and who has given a letter asking for employment, shall be entitled to receive unemployment allowance at the rate of 1 K.G. of rice or 1/2 K.G. of Rice and half a rupee per day if within fifteen days of the receipt of the application from the individual the State Government is unable to provide employment to him. The total period for which unemployment allowance shall be paid shall not exceed 100 to 120 days in a year in one or more spells depending on the lean periods determined for the selected villages.

b) A door to door survey has been undertaken in the selected villages to find out the quantum of labour force likely to seek employment under Employment Guarantee Scheme on account
of under employment or unemployment and they have been given identity cards. If within fifteen days of the receipt of the application from the individual the State Government is unable to provide employment to him unemployment allowance will be paid to him.

c) The total period for which unemployment allowance is allowed is 100 to 120 days in a year.

d) The total number of employment seekers registered is 3.15 lakhs.

e) The contingency to pay unemployment allowance to the registered employment seekers did not arise during 1981–82. If all the 3.15 lakhs registered employment seekers are to be paid unemployment allowance for 120 days in a year an amount of Rs. 7.56 crores will be required.

Famine Relief Funds released for various works

151—

L.A.Q. No. 7852 (Unstarred) Sri N. Raghava Reddy: Will the Minister for Revenue be pleased to state:

(a) whether a statement showing district-wise amounts of famine relief funds released under various heads of account will be placed on the Table of the House:

(b) the reasons for the differences in allocation; and

(c) the measures proposed to be taken in the said districts of the permanent eradication of famine?

A—

(a) Yes, Sir,

(b) Allocations have been made with reference to the severity and spread of the drought in the district.

(c) Utilisation of Krishna and Godavari waters in the Rayalseema and Telangana areas through Srisailam Left and Right bank canals, expediting early completion of major and medium irrigation projects under execution in these areas, digging up of more percolation tanks, lining up of canals and rational use of water and change of cropping pattern based on considerations of acology, economy and employment generation, are some of the aspects that are being specifically attended to as long term measures to combat the perpetual drought in these areas.
Statement showing the total releases districtwise and workwise during 1980-81 (Upto 30-9-'81 (Rupees in lakhs)

c) The Corporation sustained a loss of Rs. 11.4 crores in the year 1979-80 and over 20 crores (provisional) in 1980-81, for the following reasons:

a) frequent price increases in respect of essential inputs like HSP Oil, Tyres, Tubes, Chassis, Spares, Body Fabrication etc., without corresponding increase in passenger fares,

b) increase in Dearness Allowance to Staff on par with the State and Central Government employees,

c) Extension of various types of concessions to students, office goers and general commuters,

d) Illicit operation of All India Tourist carriages and others on the monopoly routes of the Corporation.

d) With a view to cut down losses, Government revised bus fares, twice—once on 3rd December, 1980 and again on 14th May, 1981, which cumulatively raised the fare from 6 paisa to 8 paisa per Kilometre in the case of ordinary services. But in the mean time prices of diesel, Tyres etc. have been pushed up by almost the same extent. The management of the Corporation has also taken a number of cost control measures like ban on further recruitment of staff, curtailment of wasteful and non-revenue operations reduction in consumption of fuel, tyres etc. high standards of maintenance, restructuring of services etc., all of which have cumulatively improved performance to the tune of about Rs. 6 crores during the first
half of 1981-82. Steps have been taken to plug leakages of revenue and improve employee's productivity, particularly in the workshops. The Transport Department authorities have undertaken periodic drives to curb the illicit operation of contract carriages and All India Tourist carriages as stage carriages. All these measures are expected to reduce the RTC's losses considerably during the current financial year.

Handloom Industries through APCO

158—

Question No. 8290 (Unstarred) Sri D. Chinna Malliah: Will the Minister for Handlooms & Textiles be pleased to state:

a) when Handloom Industries were started through APCO in our State, the number of persons working in them, and how long they are working. the reason for closing them now: whether alternative jobs are provided to them, if not, whether they will also have to join the unemployed lot.

b) whether it is a fact that the Chief Minister and the Labour Minister strived for an agreement between the employees and the mill owners who are trying to render them jobless and ordered for the reinstatement of nearly 2,000 labourers working in the district of Rayalaseema, Telangana and Andhra.

c) if so, whether it is also a fact that the managers rendered them jobless contrary to the orders of the Labour Minister: and
d) if so, the nature of action proposed to be taken and when it will be taken?

A—

a) The production units of APCO, Hyderabad were established as shown in the statement enclosed. These were set up by the former Apex Weavers Co-operative Societies i.e. Andhra Handloom Weavers Co-operative Society Ltd., Vijayawada and Hyderabad Handloom Weavers Central Co-operative Association Ltd., Hyderabad as pattern making units with the assistance made available under Handloom development with the assistance made available under handloom development schemes. There were 12 such units covering 1163 workers. The names of the units and the number of workers working in those units are furnished in the statement enclosed.

The following are the main reasons for the closure of production centres:

1) In the course of time, many of the primary weavers Co-operative Societies switched on to the production of new and improved varieties. Hence there was no need to continue the pattern making factories. More so when All India Handloom Board had set up weavers service centres in the State to help the handloom weavers adopt new designs and to import training in weaving on improved types of looms.

2) The main objectives of the new apex society (APCO) formed by the amalgamation of the three erstwhile Regional weavers Co-operative Societies Ltd. (i.e. Andhra Handloom Weavers Co-operative Society Ltd., Vijayawada and Hyderabad Handloom weavers Central Co-operative Association Ltd., Hyderabad and Rayalaseema Apex Society, Kurnool) as per its byelaws are to organise the handloom industry on commercial lines and to provide marketing facilities to Primary Weavers Co-operative Societies. The production of cloth by the apex society through these production centres established by the former apex weavers co-operative societies cuts across the very basic policy of assisting the primaries in manufacture and marketing of handloom fabrics.

3) Cash credit is sanctioned to the apex society by the Reserve Bank of India for marketing of cloth and yarn. Therefore, utilising the credit facility provided by the Reserve Bank of India for production activity by the apex society amounts to irregularity.
4) Government opined that the apex society should not be a competitor to the primary weavers co-operative societies in the production of cloth diverting its attention from the main objective of marketing.

In view of the above, the management of the Apex Society resolved to close down the production centres on 31-1-81 and accordingly action was taken by the Apex Society after observing the statutory procedures such as issue of notices as per rules, paying of compensation amounts etc.

All the 1163 retrenched workers were paid compensation as per the provisions of Industrial Disputes Act, 1947. In order to provide employment to these retrenched workmen, weavers co-operative societies have been formed in place of these closed centres which would be managed by themselves as in the case of other primary weavers co-operative societies in the State. Out of 1163 retrenched workers, 861 workmen enlisted themselves as members of the Primary Handloom Weavers Co-operative Societies which were formed and registered specially for the benefit of the retrenched workmen. The remaining 302 retrenched workmen did not come forward to enrol themselves as members of the newly formed societies. Further no representations of any kind for providing job etc. have been received from the remaining workmen. These workers will continue their production work in these societies and handover their products to APCO for marketing. Though the production centres have been closed, alternative arrangements were made to continue their production activity and have the employment as in the case of other weaver workers.

b) One the representations made by the Union Leaders on behalf of the retrenched workmen, meetings were convened in the Chambers of the Minister for Labour and Civil Supplies, and in the chambers of the Special Assistant to the Chief Minister on 29-1-81 and 3-4-81 respectively to consider the various aspects connected with the closure of these units and also provide work to these retrenched workmen.

It is not a fact that the instructions were issued in these meetings for the reinstatement of the retrenched workmen. But after some discussions, with the leaders of Workers Federations, it was agreed to form Handloom Cooperative Societies each consisting of a minimum of 50 workmen in place of the closed units and provide work to them through these cooperative societies. Further it was assured that the APCO would provide necessary financial and material assist-

...ance to them such as handing over the weaving equipment to the newly formed societies, supplying of yarn and other inputs required by them for a period of six months, marketing of their finished goods and also immediate expenses besides taking steps for providing working capital etc. Accordingly the weavers cooperative societies have been registered and APCO has also extended certain facilities to the newly formed societies like (i) supply of yarn on credit (ii) wage advance, (iii) Free service of manager for a period of one year, (iv) rent free accommodation to the newly formed societies for a period of six months, (v) supply of looms and accessories etc., (vi) 100% procurement of entire production and (vii) prompt payment of the value of goods produced.

The Asst. Directors of Handlooms & Textiles concerned have recommended their applications to the District Cooperative Central Banks under the Reserve Bank of India scheme of Handloom Finance for Cash Credit accommodation.

c) No Sir.

d) Does not arise.

Eviction of hut dwellers at Bhavanipuram, Vijayawada Municipal limits

L. A. Q. No. 8499 (Un-Starred) Sri Ch. Rajeswara Rao, Sri P. Subbaiah: Will the Minister for Municipal Administration be pleased to State:

a) Whether it is a fact that the local municipal officials have without any notice, resorted to evict the families who had been living on the two sides of the lorry stand at Bhavanipuram, Vijayawada Municipal limits for the last twenty years by raising huts and petty shops.

b) Whether it is also a fact that some rich and influential persons have recently occupied the Government land there and are carrying on their business by constructing pucca buildings;

c) If so, the action taken by the Government against such persons.

d) Whether there are any representations in this regard to the Municipal Commissioner/Special Officer from the local opposition parties and the Town Development Agencies; and

e) If so, the action taken thereon by the Government.

a) No Sir.

b) & c) One Sri V. Mohan Reddy encroached on Municipal land within the Corporation limits which is adjacent to Municipal lorry stand area. The suit Q.S. No. 1134/81 filed by the party was dismissed on 12-10-81 granting time, to the party till 23-10-1981 for removal of the building constructed on the encroached land. Accordingly the party removed the encroached portion of the building.

Further, Sri D. Parumallu who is the owner of Sri Bharathi Manure Industries which is adjacent to the land encroached by Sri V. Mohan Reddy has filed Writ Petition No. 8501/81 in the High Court and The High Court issued Stay Order on 16-11-81 restraining the Corporation from demolishing the factory. As such the matter is sub judice.

d) Yes Sir. A representation was received by the Municipal Corporation on 15-4-81.

e) Five cases relating to un-authorised constructions including that of Sri D. Perumallu were referred to in the representation dated 15-4-81. The case relating to encroachment of Municipal land by Sri D. Perumallu is already pending before the Court as indicated in the answer to clause (b) & (c) above.
The remaining four buildings referred to in the representation were constructed long back, when the area referred to therein was under the jurisdiction of Bhavanipuram Panchayat. Action is now being taken by the Vijayawada Municipal Corporation, to see whether there is any encroachment on account of construction of these buildings on Government land and to remove the same if there is encroachment.

Amount spent on purchase of Books by the Z. G. Samsthas

L.A.Q. No. 8783 (Unstarred) Sri G. Mallikharjuna Rao: Will the Hon’ ble Minister for Public Libraries be pleased to state:

a) the amount spent for the purchase of books for Public Libraries and Zilla Grandhalaya Samsthas during the years 1979-80 and 1980-81

b) the percentage of discount given by the publishers for the purchase made by Zilla Grandhalaya Samsthas during the years 1979-80 and 1980-81;

c) The percentage of discount given to the State Central Library and each of the Regional Libraries by the publishers; and

d) if differential rate of discount given the reasons therefor?

A—

a), b) & c) Particulars are enclosed.

d) The Government of India after discussion with the Federation of Publishers and Book-sellers Association in India, standardised the discount rate structure and communicated the same to the State Government in 1971. As per the discount structure, the rate of discount for Indian Publications in English is 6% and for publications in Regional languages is 12 1/2%. The discount rate for purchase of 100 copies or more is 20%. For larger bulk purchase of several hundred copies, it should be a matter of negotiations between the supplier and purchaser.

The above instructions of the Government of India were communicated to Director of Public Libraries and he in turn issued instructions to all the Zilla Grandhalaya Samsthas in the State and Librarians of all Government Libraries in the State in his Proceedings Re. No. 170/B4/72, dt 28-8-72. According to said instructions, the Zilla Grandhalaya Samsthas can take advantage of higher discount if any offered by any publisher or book-seller. The above instructions will apply only to purchase of books from publishers and book-sellers, but not to the books published by Academies, States and Central Government and Universities. As the above bodies are not publishing books on profit basis, books from these bodies were purchased by the Zilla Grandhalaya Samsthas and Government Libraries at 10% discount. Therefore, books were purchased at various discount rates in various languages basing on the number of copies purchased and the books purchased from the Academies etc. However the Zilla Grandhalaya Samsthas and Government Libraries have purchased books at the uniform rates of discount i.e. not less than the minimum rates standardised by the Govt. of India.

Payment of wages to Sanitary Workers of Village Panchayats

163—

L. A. Q. No. 8788 (Unstarred) Sri N. Raghava Reddy, Sri A. Lakshminarayana;

a) Whether wages on par at least with the contingency employees will be paid to the low paid part time employees like sanitary workers, working in the Village Panchayats: and

b) Whether an amount not less than Rs. 75/- will be paid to those who are getting less than Rs. 50/- at present?

A—

a) & b) There are two categories of contingent employees. One is full time employees paid from contingencies and the other is part time employees. While the former category has to work full day as in the case of other Government employees, the latter has to work for not less than 4 hours a day. As such, they are being paid different remunera-tions. Orders were already issued in G O. Ms. No. 251, Panchayati Raj Dated 13-5-1982 sanctioning a remunera-tion of Rs. 75/- to part time contingent employees

Remission of loans for the irrigation wells

173—

L. A. Q. No. 9125 (Unstarred) Sri M. Jayaramulu: Will the Honourable Minister for Co-operation be pleased to state:

a) whether it is a fact that the Government have declared that certain amount of remission of loans would be given in respect of those irrigation wells which were sunk with loans drawn from Agricultural Development Banks in which rocks have appeared;

b) whether remission has been given to the ryots as declared by the Government; and

c) how many ryots have been benefited by this?

A—

a),b) Government have not declared any remission. But, however, Government issued orders in G. O. Ms. No. 179, Food and Agriculture (Co-op. VI) Department dated 17-3-79 directing that where wells fail for some reason, subsidy to the extent of 25% of the cost investment or loan sanctioned, whichever is less should be allowed, if the subsidy is claimed within one year from the date of disbursement of final instalment: and in the cases of other loans, 25% of the loan outstanding plus accrued interest shall be made available as subsidy. The subsidy shall be made available only to farmers whose holdings do not exceed 5 acres of wet land or 10 acres dry, or on a combination of both wet and dry in the ratio of 1:2

Accordingly, the Managing Director, Andhra Pradesh Co-operative Central Agricultural Development Bank framed the regulations for constitution and administration of failed wells subsidy fund and communicated to all the Primary Agricultural Development Banks for strict and immediate implementation of the regulations.
Further, in G. O, Ms. No. 151, dated 19-3-80, in order to benefit more number of applicants and also to expedite the applications under failed wells subsidy scheme. Government have constituted District Level Committee under the Chairmanship of the Collectors concerned with District Co-operative Officer of the District as Convener and Regional Manager of Agricultural Development Banks as member. The Committee will examine and sanction applications of the eligible applicants.

c) An amount of Rs. 3,30,169/- was sanctioned towards subsidy in respect of 290 cases up to 31-12-1981.

Misappropriation of funds by the D.M. & H.O. Medak Dist.

174——

L.A.Q. No. 9248-T (Unstarred) Sri M. Omkar, M.L.A., Smt. Mallu Swarajyam, Sri K. Satyanarayana, Sri N. Raghava Reddy: Will the Minister for Medical and Health be pleased to State:

Printing of Books by the Telugu Academy

175—

L.A.Q. No. 9250-M. (Unstarred) Sri Ch. Kasaiah: Will the Honourable Minister for Education be pleased to state:

a) The number of manuscripts that are pending with the Telugu Academy for want of printing;

b) the details of the manuscripts categorywise translations, text books, popular series, monographs, and reading material etc;

c) whether it is a fact that some printers refused to take orders from Telugu Academy; and

d) if so, the reasons for the same and the alternative arrangements that are made to print books in time?

A—

a) 62 (Sixty two).

b) The list is placed on the table of the House.

c) The printers sought increased rates.

d) The printers represented that the costs of composing, printing and binding rates have gone up, thus be increased so as to enable them to proceed with the works. Their representation was placed before the standing Committee for Administrative Matters of the Telugu Akademi, Who after analysing various factors revised the rates with effect from 4-5-1982. Though some time was taken in revising the rates, the printers were persuaded to print at the old rates, the books that are required urgently for sale.

Recently the Akademi advertised in newspapers inviting applications from printing presses to get themselves registered with the Akademi for executing Akademi's book printing work. There is good response from the printers since the rates have been revised, and it is hoped on inspection of presses, the Akademi can register more number of presses for speedy execution of the printing work.

Repairs to Road from Madanapuram to Atmakur

176—

L. A. Q. No. 9289 (Unstarred) Sri M. Jayaramulu: Will the Honourable Minister for Roads and Buildings be pleased to state:

a) whether it is a fact that only 2” thick metalling was done on the road from Madanapuram to Atmakur whereas the metalling estimate was 7”; and

b) whether it is a fact that gravel “Mandelu” covered with metal were measured and recorded as metal heaps and bills were drawn accordingly?

A—

a) There is no R & B road with nomenclature Madanapuram—Atmakur road as referred in the L. A. Q. The reference appears to be the approaches to causeway across Madanapur Vagu which is located at the end of Wanaparthy–Madanapuram road. Old metal pertaining to the causeway which was lying on the banks was washed down during the Cyclone
of May, 1979. This metal was salvaged and the salvaged metal was utilised for metalling the approaches together with new collections for balance. As to the thickness of metalling done, the verification was got done by the quality control staff. According to the verification report of the Quality Control Staff the thickness noticed in the metal spreading at different points of the approaches was ranging from 4" to 5" against specified thickness of 7". On receipt of the Quality Control report the Chief Engineer directed the Superintending Engineer to personally check measure the work. The check measurement of the Superintending Engineer also disclosed short thickness i.e., 4" to 5" at different places against the specified thickness 7". and the Superintending Engineer has recorded this in the Measurement Book. As there is a prima-facie case against the officers who while doing short thickness had recorded as full thickness in the Measurement Book, the Chief Engineer has placed the Additional Assistant Engineer concerned under suspension and sent a proposal to Government for appointing an Enquiry Officer for conducting a regular enquiry. The concerned Deputy Executive Engineer is outside the Country at Iraq.

Inadequate supply of water to Tailend lands in Khammam Dist.

177--

L.A.Q.No. 9306 (Unstarred) Sri Ch. Rajeswar Rao, Sri Poola Subbaiah : Will the Chief Minister be pleased to state:

a) Whether it is a fact that the ryots who are at tail end of Appala Narasimhapuram and Konparalagath Kacharam of Khammam District are suffering due to inadequate water supply to their lands measuring about 4000 acres;

b) if so, the steps taken by the Government in the matter:

c) Whether the State Govt. conducted any survey to form a link channel from Cheruvu Madharam tank for these lands: and

d) if so, the steps taken and the result thereof?

a) Yes Sir, The ayacut affected is about 2632 acres situated at the tail end of 19th Major of 19th Block (Mangapuram Major) of N S. Left Canal.
b) The Committee constituted by the Government to go into problems of tail enders under N.S Project, has suggested in its report certain remedial measures to overcome the tail end problems. The report is under examination. However, as a temporary measure, steps are being taken to effect supplies to the tail end ayacut of 19th Major by Integrated Water Management system, i.e., effecting supplies to a particular zone at a time while shutting of supplies to the remaining zones under the Major.

c & d) Reconnaissance survey has been conducted by the Government and the following four (4) alternatives to augment supplies to the above said tail end ayacut of 19th Major are under examination by the C.E., N.S. Project:

1) Link channel from Cheruvu Madhavaram tank to the aqueduct at M. 13/3 + 522 of 19th Major.
2) Excavation of a link channel from the Left Flank of Cheruvu Madhavaram Tank to M. 17/21 + 70 of 19th Major.
3) Lining of the entire 19th Major to arrest seepage losses.
4) Excavation of a separate channel taking off from 16th Major at M.14-6-170 and joining at M. 16/3 + 530 of 19th Major.

The technical feasibility and economic viability of the above 4 alternatives are under examination and necessary action will be taken after arriving at the workable and economic alternative.

Irregular assignment of land in Hasmatpet Village

178—

L.A.Q. No. 9359 (Un-starred) Sri B. Machender Rao: Will the Hon'ble Minister for Revenue be pleased to State:

a) whether it is a fact that the land bearing S. No. 57 of Acs. 6.4 guntas of Hasmatpet Village, Rajendranagar Taluq. Ranga Reddy District has been given to the landless farmer:

b) if so, whether the said person is cultivating the land:

c) whether it is also a fact that the land has been sold to the Cooperative Society without obtaining the land ceiling exemption and layout: and

d) if so the action proposed to be taken by the Government?
A—

a) b) & c) An extent of land measuring Acs. 6.03 guntas in S. No 57 of Hasmatpet village was irregularly assigned to Sri K. Janardhan Reddy by the Tahsildar, Rajendra-nagar. The assignee has sold away the land to Messrs. Kasthuri Co-operative Housing Society after obtaining a certificate from the competent authority to the effect that it is an agricultural land and lay out from the Estate Officer Contonment Board.

d) Action has been initiated for cancellation of the patta certificate and a show cause notice has been issued on 14-7-1981 under Section 166 (B) of the Land Revenue Act, 1317 Fasli. The assignee has taken the matter to the High Court and obtained interim stay orders. The W.P.No. 6137/81 filed by him is pending.

Attack on the house of Sri Muvva Anjaiah of Jagarlumudi

L.A.Q. No. 9559-C (Unstarred) Sri M. Venkaiah Naidu: Will the Hon’ble Chief Minister be pleased to state:
A—

a) whether it is a fact that the house of Sri Muvva Anjaiah was attacked by the opponents in Jagarlamudi village of Parchur taluk and there was an attempt on his life on 22-4-1981.

b) whether it is also a fact that the culprits were not arrested and charge sheet is not filed till today because of political pressure

c) if so the action taken by the Government; and

d) the reasons for delay?

A—

a) It is a fact that there was attempt on the life of Sri Muvva Butchaiah son of Sri Anjaiah (and not on Sri Anjaiah) aged 68 years on the night of 22-4-1981 but there was no attack on his house.

b to d) On a complaint received by Sri Muvva Butchaiah a case in crime No. 24/81 u/s 148 and 307 IPC was registered in Parchur Police Station on 23-4-1981. Out of seven accused persons three were arrested on 26-4-1981 and were remanded and the other four accused obtained anticipatory bail from the Sessions Court. As such it is not correct to say that the culprits were not arrested. The charge sheet in the case could not be filed immediately for want of wound certificate from the Medical Officer Guntur which was received on 29-4-1982 and charge sheet was filed in the Court of III Additional Munsif Magistrate Chirala on 30-5-1982 and the case was taken on file on 14-6-1982.

Scarcity of Drinking Water in the State

187—

L A.Q. No. 9558-M (Un-starred) Smt. G. Dhana Suryavathi, Sri M. Yerraiah Reddy, Sri S. Chandramouli: Will the Minister for Rural Water Supply be pleased to state:

a) Whether it is a fact that there is scarcity of drinking water throughout the state.

b) The immediate steps contemplated by the Government in this regard.

c) Whether is a fact that the fishermen of Venkatadurgapuram in Divi Taluk, Krishna district are forced to drinking polluted water which is unhealthy.
d) Whether steps will be taken to provide drinking water to this village which is situated in the cyclone affected area in view of the ensuing summer.

A—

a) No Sir. During Summer Season some of the villages are facing water scarcity in the state.

b) In addition to sanction of Protected Water Supply schemes under normal plan and A.R.P. Programme the State Government is taking steps for providing drinking water during summer season by way of sanctioning borewells, open wells, deepening of wells, augmentation of protected Water Supply schemes and by providing carting by sanctioning additional amounts.

c) The present source of water supply to this village is an open well on the bank of the summer storage tank. The water from the S.S. tank seeps into the open well and from the well, it is used by the villagers for drinking water, and this is possible only when there is sufficient water in the S.S. tank. As the storage capacity of the S.S. tank is not sufficient to store water during the canal closure period in summer, the water level in the S.S. tank decreases, and there will not be sufficient sewerage into the open well from the S.S. tank which causes scarcity of drinking water to the villagers.

d) Steps have been taken for providing drinking water by transporting water during summer when needed.

Non-provision of beds to Gynaec patients in Headquarters Hospital, Machilipatnam

188 —

L.A.Q. No. 9558—P (Unstarred) Smt. G. Dhanasuryavathi Sri Sajja Chandramouli, Sri M. Yerraiah Reddy: Will the Hon'ble Minister for Medical and Health & Legislature be pleased to state:

a) Whether it has come to the notice of the Government that the Gynaec patients in the Machilipatnam Headquarters Hospital are provided beds in the Maternity Ward only?

b) If so, whether steps will be taken to construct another ward to accommodate them separately?
c) Whether there is any proposal with the Government to post an orthopaedic doctor immediately in the said hospital in view of the hardships the people are facing for want of an Orthopaedic doctor?

d) Whether the Government are considering to provide a separate Gynaec Ward as there is no such Ward?

A—

a) No, Sir. The Gynaec patients and the cases of postnatal are kept in separate wards provided for them in Maternity Block of the Hospital.

b) No, Sir. in view of the inadequate funds under “480—Capital Outlay for buildings of Medical Department.

c) Due to dearth, of qualified candidates, no Civil Assistant Surgeon with qualification of Orthopaedics was posted at Government Headquarters Hospital, Machilipatnam. Action will be taken as and when the qualified candidates are available.

d) No, Sir, in view of (a) above.

Permission to run amusement park at Tadipatri

189—

L.A Q. No. 9559-I (Unstarred) Sri K. Balakrishna Murthy: Will the Minister for Municipal Administration be pleased to state:

a) Whether the Tadipatri Municipality has given permission for running an amusement park in their Municipal Jurisdiction;

b) Whether the Municipality has consulted the Deputy Superintendent of Police under G.O (MS) No. 136 (Health) Dt 20-1-61 of the Government before giving permission, if not the action taken by the Government.

A—

a) Yes Sir.

b) The Chairman-delegate has addressed the Deputy Superintendent of Police, Dharmavaram in the matter. Without waiting for a reply and on 26-2-1982 the Chairman-delegate granted permission for a period of 3 months from 26-2-1982 to run amusement park. The Licence expired on 26-5-1982 and it was not renewed. It is not running now. The relevant records have been called for to take further action.
Shortage of material for electrification under S.P.A Schemes

190—

L. A. Q. No. 9559-A (Unstarred) Sri N. P. Venkateswara Chowdary, Sri B. Armugam: Will the Minister for Revenue & Power be pleased to state:

a) whether it is a fact that the S. P. A. Schemes mentioned by the Rural Electrification Corporation are not in progress due to lack of materials even though the funds were released;

b) whether it is also a fact that Chittoor S. P. A. I. which was sanctioned in 1979 has to be completed by 1983, is only 50% in progress; and

c) whom the above scheme will be completed?

A——

a) No Sir. As against a phased target of 1949 villages, 1,751 villages have already been electrified up to 31-3-1982 and 40,125 pumpsets as against a target of 48,600 pumpsets upto 31-3-1982, have been energised under S. P. A. Schemes. Hence, there is good progress.

b) No Sir. The following targets/achievements of Chittoor S. P. A. I Scheme shows that the progress is satisfactory:

Encroachment of Endowment’s land at Vedangi

191—

L. A. Q. No. 9561 (Unstarred) Sri K. Satyanarayana, Smt. Mallu Swarajyam and Smt. G. Dhanasuryavathi, Sri M. Omkar: Will the Hon’ble Minister for Endowments be pleased to state:
Unstarred Questions and Answers  
9th September, 1982  

a) whether it is a fact that some influential persons have recently encroached upon the Endowment land in R. S. No, 332 3 of Vedangi (v) of Narsapur taluq, W. G. District and illegally constructed some Kacha Reddy godowns thereon: and

b) if so the action taken thereon.

Clause a) & b) One Sri K. V. Krishna Rao had taken the land of Ac. 1-20 cts. in R. S. Nos. 332 3 belonging to the Choultry on lease from the then Managing Trustee. But the lease was not approved by the Commissioner as required under the rules in force. The said Krishna Rao had sub-leased an extent of Ac. 0.40 cts. to Venkateswara Rice Mill, without authority. Subsequently, he relinquished the land. Thereupon Sri Venkateswara Rice Mill had claimed Ac. 1-20 cts. as given on lease by the then Managing Trustee Sri Krishna Rao filed A. T. C. 316 81 before the Special Officer, District Munsiff Court, Narsapur on 27-4-81 and obtained interim injunction restraining the Choultry management to sell away the property in public auction, as per the Commissioner's orders. Sri Venkateswara Rice Mill filed O. S. No. 872,81 District Munsiff Court, Narsapur contending that after taking possession of the land from Krishna Rao on 15-2-80, the Ex-Managing Trustee leased out the entire land Ac. 1-20 cts. in their favour and requested the Court for interim injunction restraining Sri K. V. Krishna Rao and Ex-Managing Trustee from interfering with the possession. Appeals were filed against the interim injunctions. The original suits and appeals are pending. Hence, the whole matter is subjudice.

Allotment of Banjar lands at Chinagadila

192-

L. A. Q. No. 9609 (Unstarred) Sri K. Govinda Rao; Will the Hon'ble Minister for Revenue be pleased to state:

a) whether representation submitted by Sri K. Govinda Rao, M, L. A. in his D. O. Lr. No. 15/82 had been received by the Govt. with request to expedite the writ petition 6061/80, 6103/80 pending in the Andhra Pradesh High Court so as to
enable the Government to allot Government Banjar lands in the village of Chinagadla, Visakhapatnam city: and

b) if so, the action taken thereon?

A—

a) No, Sir.

b) Action was however taken on the two writ petitions referred to in clause (a) of the question by sending counter affidavit to the Special Officer, Government Pleader's Office, High Court on 30-2-81. As the lands involved in these writ petitions and other writ petitions relating to the same village are valuable, Government instructed the Advocate General to enter appearance to get the stay orders vacated and safeguard the interests of the Government.

Electrification of villages in Amalapuram Tq.

193—

L. A. Q. No. 9610 (Unstarred) Sri P. Veera Raghavulu: Will the Minister for Revenue & Power be pleased to state:

a) the number of villages electrified in Amalapuram taluk, East Godavari District:

b) the time by which the electrification will be completed in the remaining villages:

c) whether electrification was done in all the Harijanwadas of the villages already electrified so far, in Amalapuram taluk, East Godavari District:

d) if not, the number of such villages: and

e) the time by which it will be completed?

a) & b) Out of the 69 inhabited villages as per the 1971 census, 68 villages stand electrified in Amalapuram taluk of East Godavari District. Electrification work of the left-over village i.e., Surasaniyam is completed in all respects and this village will be electrified shortly.

c), d) & e) Out of 242 Harijana basties of Amalapuram taluk, 212 Harijana basties are covered in the scheme under loan assistance from Rural Electrification Corporation,
New Delhi. Out of which, 211 Harijan basties stand electrified already. One Harijanawada of Kesana- kurru village will be electrified shortly.

A scheme for electrification of the balance unelectrified Harijan basties in Amalapuram taluk is being formulated by Superintending Engineer, (Operation), Rajahmundry, with Rural Electrification Corporations' loan assistance. These balance Harijan basties will be electrified soon after getting sanction of loan assistance from the Rural Electrification Corporation, New Delhi.

Bad condition of Postmortem centre at Atmakur Kurnool Dist.

194—

L. A. Q. No. 9613 (Unstarred) Sarvashri Ch. Vittal Reddy, Vaddi Ranga Rao and P. Janardhan Reddy: Will the Minister for Medical and Health be pleased to state:

a) whether it is a fact that the public of Atmakur town, Kurnool District are very much worried as bad smell is emanating from the post-mortem centres which is housed in a dilapidated building having only four walls without roof in the heart of the town, causing danger to the health of the public;

b) the steps taken to shift the said post-mortem centre immediately; and

c) whether it is a fact that the public have made representations for the shifting of the centre; and

d) if so, the action taken thereon?

A—

a) The public of Atmakur town, Kurnool District may be worried as bad smell emanates whenever a decomposed body comes for post-mortem since the post-mortem shed is having only four walls without roof.

b) Administrative sanction has been accorded for the construction of a new mortuary Block at an estimated cost of Rs. 48,000/- by the Director of Health Family Welfare on 4-8-82 which will be constructed in the site acquired for the new Hospital building situated on the outskirts of Atmakur town, Kurnool District.

c) No, Sir.

Does not arise. However, action is being taken to shift the present mortuary by constructing a new one in the outskirts of Atmakur town.
L A. Q. No. 9962-1 (Unstarred) Sri P. V. Raghavulu, M Jayaramulu & B. Rama Rao: Will the Minister for Health and Medical be pleased to state:

a) whether there is any proposal to supply protected water to the Hospital at Amalapuram in East Godavari District: and

b) if not, when such an arrangement will be made?

A—

a) No, Sir.

b) Soon after the receipt of proposals from the District Medical and Health Officer, East Godavari District, Kakinada, necessary action will be taken.

Provisional pattas to weaker sections in certain villages of Anakapalli Tq.

L.A.Q No, 9668 (Unstarred) Sri K. Govinda Rao: Will the Hon’ble Minister for Revenue be pleased to state:

a) whether provisional pattas have been given to harijans and girijans in the villages of Theeda, Kannurupalem, Thegada and Pishinakada etc., villages of Anakapalli Taluk, Visakhapatnam district a few years back;

b) if so, when the ‘D’ from pattas will be issued to them: and

c) the reasons for the inordinate delay in issuing the pattas?

A—

a) Yes Sir.

b) & c) A total extent of Ac. 156.13 cents of Konnurupalem Village was provisionally assigned in favour of 79 persons comprising Scheduled Castes, Scheduled Tribes and others in 78-79 for cultivation purpose and that the assignees were put in possession of the lands as per the S.D. records prepared at the time of assignment with instructions to clear off the shrubs and to form bunds. As the assignees presently occupied the land in a Zig Zag manner, it nece
ssitated preparation of fresh S.D. records as per present enjoyment, on ground. Action is being taken by the Tahsildar to get the revised S.D. records prepared and to issue 'D' form pattas.

In Theedy Village, a total extent of Acs. 13.55 was provisionally assigned in favour of 19 Harijans and 4 others who were also put in possession of the land and are cultivating the land. It is reported in this connection that the land is a registered water course poramboke, that the technical opinion of the Executive Engineer (Panchayat Raj) is needed, that the ayan conversion proposals are pending with the Revenue Divisional Officer, Visakhapatnam and that 'D' form pattas will be issued soon after the receipt of orders on the ayan conversion proposals.

As regards Thegada Village it is reported that an extent of Ac. 57.71 in S.No. 103 (Grazing ground) poramboke was assigned and given possession to 40 persons out of which 39 are Harijans, who jointly formed into a cooperative farming society in the year 1978 and that a joint patta No. 542 has already been issued after converting the land into ayan and that there is no delay in the issue of 'D' form pattas.

In respect of Pishnikada Village it is reported that an extent of Ac. 65.49 Government waste land in this village was assigned on 'D' form pattas to 39 persons including Harijans in the year 1969. Necessary changes were also incorporated in the village accounts. As none of the assignees brought the land under cultivation as stipulated in the conditions of assignment order, a cooperative farming Society with 24 Harijan beneficiaries was formed in the year 1979 and they were again put in possession of the land measuring about Ac. 30.00 which forms part of the land previously assigned to 39 persons in the year 1969. The 24 Harijan beneficiaries of the Cooperative farming society have been cultivating the land measuring Ac. 30.00 and enjoying the benefits of the land. 'D' form pattas could not be issued to these 24 Harijans members of the cooperative farming society as the orders of assignment previously issued in the year 1969 have to be got cancelled for violation of conditions.

Necessary instructions have been issued by the Collector, Visakhapatnam to the concerned to finalize the issues urgently.
Cobalt treatment to Cancer patients at Govt. Hospital, Kurnool

197—

L.A.Q. No. 9717 (Unstarred) Sri Poola Subbaiah : Will the Hon’ble Minister for Medical and Health & Legislature be pleased to state :

a) Whether it is a fact that Cobalt therapy is not administered to the Cancer patients at the Government Hospital, Kurnool?

b) the reasons for non-functioning of the Cobalt Units at the said hospital.

A—

a) There is no Cobalt Unit at Government General Hospital, Kurnool.

b) Does not arise.

Irrigation Bore Wells at Kandulapalem

198—

L. A. Q. No. 9743 (Unstarred) Sri Poola Subbaiah : Will the Minister for Ground Water be pleased to state :

a) whether it is a fact that irrigation Bore-wells, numbering 16, have been drilled by Irrigation Development Corporation on 4 years back at Kandulapalem village, Bestavaripet Taluk, Prakasam District :

b) whether the said wells are functioning well and

c) if not, the reasons therefor ?

A—

a) Yes Sir.

b) & c) Out of 16 Nos. of bore-wells drilled, 2 bore-wells have become unsuccessful because of low yield of the remaining 14 bore-wells energised, 11 Nos. are functioning. One bore-well collapsed after working for one season. One bore-well is not working now as its yield has considerably fallen down. One well is not functioning due to electrical fault. Action is being taken by the Andhra Pradesh Irrigation Development Corporation Limited to rectify the fault and to bring the same into operation.
Social Forestry in Anantapur Dist.

199——

L. A. Q. No. 9820 (Unstarred) Sri M. Omkar: Will the Minister for Forests be pleased to state:

a) whether there is any proposal to take up Social Forestry in Anantapur District:

b) if so, the places selected for the purpose:

c) the measures proposed to be adopted to popularise the scheme?

A——

a) Yes, Sir.

b) The Social Forestry programmes are scattered all over the district, depending on the availability of suitable lands for the purpose.

c) The idea that tree growing is economical is being popularised through Press, All India Radio and hand bills and pamphlets to encourage people to take to tree planting in a big way in all suitable lands. In order to encourage people in this type of activity, seedlings are also being supplied to farmers. In the case of small and marginal farmers, such seedlings are supplied, free of cost. There is also a scheme for providing subsidies upto Rs. 3,000/- per hectare of trees raised by small and marginal farmers, which includes free supply of seedlings and a further sum of Rs. 2,050/- to be arranged as a bank loan. This subsidised tree planting scheme through small and marginal farmers is just catching up and it is expected that more and more people will take up this programme in the years to come, so that, instead of unprofitable agriculture on their marginal lands, such lands could be planted up with suitable tree species to get better returns in the long run. Seedlings of fruit yielding trees are also being supplied to a limited extent, particularly to all weaker sections involved in Weaker Sections Housing Programme.

Reserved Forest in Anantapur Dist.

200——

L. A. Q. No. 9825 (Unstarred) Sri M. Omkar: Will the Minister for Forest be pleased to state:

. 
a) the extent of Reserved Forest in Anantapur District.

b) the extent of existing forest.

c) the steps taken for the afforestation in the district: and
