The replies have been sent to the Legislature in regard to only 24 recommendations out of 41. The reply is like this—

"Action is being pursued for obtaining replies in regard to the remaining recommendations."

It is not merely the responsibility of the ministers. What is it that the Officers are doing and what for are they paid? It is not merely the responsibility of the ministers. What is it that the Officers are doing and what for are they paid?
Short Discussion on—

We are equally responsible for it but primarily, the Ruling Party which is ruling the country these days have failed miserably to solve the problems because of non-commitment right from the Cabinet formation onwards. As a result, the people are suffering. We demand that the government should take appropriate and immediate action to solve the problems.

Implementation of the Recommendations of the Three Welfare Committees.
Short Discussion on—  7th September, 1982

Mr. President, Mr. Secretary, Members of the Committee,

I would like to discuss briefly the implementation of the recommendations of the three welfare committees. The recommendations were made after extensive consultations with various stakeholders and experts in the field. The objective was to improve the welfare and living conditions of the people.

The recommendations cover a wide range of issues including education, health, housing, and economic development. The implementation of these recommendations is crucial to achieve the overall goals set by the government.

We have seen some progress in the implementation of these recommendations. However, there are still challenges that need to be addressed. The main challenge is the lack of resources and funding. The government needs to allocate more resources to implement these recommendations effectively.

Another challenge is the lack of coordination among different agencies and departments. There is a need for a more cohesive approach to implement these recommendations.

Nevertheless, I am confident that with the support and cooperation of all of us, we can successfully implement these recommendations and improve the lives of the people.

Thank you.

Implementation of the Recommendations of the Three Welfare Committees.

...
Short Discussion on: 7th September, 1982.

The discussion on the Implementation of the Recommendations of the Three Welfare Committees was held on 7th September, 1982. The recommendations were made by three separate committees, and the discussion aimed to evaluate the progress in implementing these recommendations.

The discussion began with an overview of the recommendations made by each committee. The first committee focused on social welfare, the second on education, and the third on health. Each committee's recommendations were discussed in detail, highlighting the successes and challenges faced in their implementation.

The implementation process was highlighted as a crucial aspect of the discussion. It was noted that while some recommendations had been successfully implemented, others faced significant obstacles. The difficulties encountered during implementation were due to various factors such as financial constraints, lack of institutional support, and resistance from certain segments of society.

The discussion also emphasized the importance of continuous monitoring and evaluation to ensure the effectiveness of the recommendations. It was suggested that regular reviews should be conducted to assess the impact of the implemented measures and to identify any areas that require further attention.

The participants in the discussion agreed on the need for collaborative efforts among all stakeholders involved in the welfare sector. They recommended the formation of a steering committee to oversee the implementation process and to ensure that all recommendations are addressed in a timely and effective manner.

In conclusion, the discussion highlighted the importance of sustained efforts in implementing the welfare recommendations. It was acknowledged that while significant progress had been made, there is still a long way to go to fully realize the benefits of these recommendations. The participants urged for continued commitment and collaboration to achieve the desired outcomes.

Mr. P. V. Narasimha Rao, M.P., rose to move the following resolution:

That the payment of the dearness allowance to Members of the Assembly be increased from Rs. 25/- to Rs. 100/- per annum.

Mr. Narasimha Rao said that the House had already decided to give Rs. 100/- per month as dearness allowance to Members of the Assembly, but there was very little increase in the cost of living, and the time had come to increase the dearness allowance to Rs. 100/- per annum.

11-10 a.m. AP. R. Narasimha Rao (Nominated) :- I express my heartiest congratulations to you on your unanimous election as the Speaker of this august Assembly. September 7th, 1982.

Election of the Speaker.
Sri C. N. Reddy (Manthani):—I thank you for having given me this opportunity. I was thinking I could claim a preferential treatment and I was expecting I would be called earlier. I congratulate you on this unique honour bestowed on you in having been elected Speaker unanimously. You have been conducting the business of this House from a very long time and at least we have seen two budget sessions. You have conducted yourself in a highly impartial manner with dignity and independence and also equally with firmness. There were at times whispers in certain sections that there has been no equal distribution of time. It is for this reasons, at one stage, we were compelled to think that there was unnecessary niggardliness on certain occasions. You were highly impartial and we have been co-operating with you. The House cannot conduct its business in a dignified manner unless there was co-ordination and co-operation and also absolutely loyalty to the Chair in respect of the rulings that you have given. There should also be stability of procedure and it is this procedure which enables us to conduct the House in a dignified manner. I congratulate you on this happy occasion of your election as Speaker.

Dr. R. M. Manohar (Atchampet):—I am glad that a legislator from Tirupathi is today installed as Speaker. Your visit to London has given you a clear vision of how the parliamentary institutions function all over the world. Your choice as Speaker will bring about a lot of changes in the entire State; it will bring about good administration and leadership. Today administration everywhere is full of red-tapism and corruption is in abundance. We are the truly elected representatives of the people and we are in a position to give proper administration; the Congress has great majority. During the period when you were acting as Speaker you have come across a lot of discontent and the Opposition has been voicing and there is an expression of resentment against the administration. It is true that the people in this State are not happy; the administration is run by bureaucrats; eventhough the Ministers pass orders, these bureaucrats are not carrying for their orders. We have got to book them and punish them also. I am confident that under your stewardship and Speakership, this State will progress with peace and prosperity.

Sri K. Venkateswar Rao (Kolhapur):— I congratulate you from the bottom of my heart on this occasion. We had the privilege of having put your ability to test after a long period of deliberations here. You have acquitted yourself very creditably and you were not only discharging the role of Deputy Speaker but you were also entrusted with the additional responsibility of the Speaker. Our experience has shown that you have great quality of patience—patience that is unique, patience that has won the hearts of all members of the House. I have found, Mr. Speaker, Sir, you have with great sense of wisdom remained far above the emotions and the many provocative situations that were generated on the spur of the moment; many a member has tried to put your patience to test but you could overcome the passions and the cantankerous situations. That is the reason why your choice has become unanimous. On this occasion of your unanimous election I feel elated and I pay my respects to you. I congratulate you once again from the bottom of my heart.

Mr. D. S. Reddy (Chairman) — Agreed, since the matter of election to the post of Speaker has been discussed so extensively at the meeting, I do not think they should persist. I did not practice. Is it not better to consider the matter with the Members? I am only an Advocate on record. I did not practice.

Mr. Speaker:—I will look into it.

Mr. Speaker:—Yes, I will inform. I will see that the Chief Minister answers this.

Mr. Speaker:—I will communicate to the Hon. Chief Minister and see that he gives an answer.

Sri M. Venkaiah Naidu:—I would like to bring to your notice about the assurance given by the Chief Minister that he would take a decision and inform the House about the Capitation fee also.

Mr. Speaker:—The concerned Ministers are taking notes. I will see that they communicate.
When it is going on record, that means we are going to communicate to the Government. When it is going on record, that means we are going to communicate to the Government.

Mr. Speaker:—You must also know our difficulty. I will look into it.

Sri S. Jaipal Reddy:—On a point of submission, Sir, you are competent to take a decision on the Privilege Motions we table. But, before you give a final ruling on such a vital Privilege Motion, you should also allow some Members like us to say what we think about it.

Sri S. Jaipal Reddy:—Nothing in my view is more important than the dignity and sovereignty of the House, than the question of privilege of the House. How can we be non-challant?

Sri M. Venkaiah Naidu:—Even here number of privilege motions were raised and there were occasions......

(Intermissions)

Sri M. Venkaiah Naidu:—Kindly refer to proviso to Rule 171 (1)—

"Provided that where the Speaker has refused his consent under rule 168 or is of opinion that the matter proposed to be discussed is not in order, he may, if he thinks fit necessary, read the notice of question of privilege and state that he refuses consent or holds that the notice of question of privilege is not in order;"
Even if you refuse also. But if the Speaker feels that there is urgency he can suo motu refer. We will prove. I am ready to prove that there is a question of privilege that the Minister has deliberately misled the House. If you just simply give judgment without seeing the records how can we......

Mr. Speaker:— Where there is no prima facie case, I can suo motu disallow it.

Sri M. Venkaiah Naidu:— I got the proceedings from your office only. I did not print them on my own. Where there is no prima facie case, I can suo motu disallow it.

Mr. Speaker:— Even if any Minister without any sort of menseria about it if he does it. it does not amount to privilege.

Sri M. Venkaiah Naidu:— The circumstances must be enquired into. In the given circumstances the Minister was questioned about that. He was challenged about that. It is not the first time.

Mr. Speaker:— I will have to look into it.

Sri M. Venkaiah Naidu:— You are not trying to shield I know.

Sri M. Venkaiah Naidu:— It is a premature decision. You have to apply your mind.

Mr. Speaker:— We wanted to see all the things are clubbed and take a decision. But I don't have time to go through the earlier decisions.

Sri S. Jaipal Reddy:— I am not able to understand the juxtaposition of two privilege motions. Each privilege motion must be considered on its separate merits. We tabled two privilege motions. I don’t know they have tabled privilege motions, against whom and what. The speaker is obliged to inform the House as to the contents of the privilege Motions. Mr. Venkaiah Naidu myself and few others told to the House on number of occasions about the contents of our privilege motions. Without referring to the contents of the privilege

motions — Opposition parties have tabled one privilege motion and the ruling party tabled a privilege motion — I cannot understand this kind of confusion. The point is that each privilege motion should be considered on its own merits, if there is a case of privilege I would beg of you to permit them to speak on the privilege motions. I invite discussion. I would appeal to you to give them a chance. Let them be given the chance and let them say what is the case of the privilege.

Sri D. Surender Rao — He cannot dictate.

Mr Speaker:— It is his point of view. He is not dictating his terms.

Mr Speaker:— I do not want all those things. I will look into it and take a decision.
