They can buy with Markfed or with District Marketing Society. This is a District Marketing Society. The Central Government can pass pay orders for the cooperatives which are functioning there.

It is only an administrative error. From the last three years the District Marketing Society is defunct society.

They are doing very good work. They got a profit of Rs. 91,000.
e) They might have purchased from the companies. They can buy from any co-operatives.

BUSINESS OF THE HOUSE

I am holding a discussion with them. I will certainly look into all the aspects and if the Chair wants I will also inform.

MR. DEPUTY SPEAKER :—You please make a statement tomorrow.

SRI S. JAIPAL REDDY :—Sir, 4,000 teachers are picketing and it is too proper on the part of the Government to make a statement thereon. If the Government is not ready to make a statement now, let the Minister for Education at least make a statement tomorrow. But some statement must be made. There is no point in Mr. Omker, myself and other friends saying something about it and Government’s meeting it with studied silence.

SRI K. KESHAVA RAO :—Sir, if the Chair so wants, I have
no objection to make a statement to-morrow. This is a regular process. Now this topic of 4,000 teachers going on picketing has come. They are now giving 27 demands. Eversince I have become a Minister, I have been looking into these affairs, and they have been solved. Yet, they have been coming. However I will look into them. If the Chair so wants, I will make a statement to-morrow.

MR. Deputy. SPEAKER :—You have a consultation with them and the outcome of the same, you can inform the House to-morrow.

SRI K. KESHAVA RAO :—Sir, Yesterday only I discussed with them. It is a regular thing. As far as the Education Ministry is concerned, the teachers and the Education Ministry are working together. It is one aspect of our functioning.

SRI S. JAIPAL REDDY :—Sir, I think the Ministers and the Teachers are picketing through conspiracy!

(LAUGHTER)

We will look into it after discussing in the B.A.C.,

SRI K. KESHAVA RAO :—Sir, Since I have got work at the Council, I request that item No : 6 can be taken up now.

MR. DEPUTY SPEAKER :—Yes, now let us take 329–No: 6.
MATTERS UNDER RULE 329.

re—IRREGULARITIES COMMITTED BY THE MANAGEMENT
of GEETHA VIGNANA SAMITHI NALGONDA.

SRI K. KESHAVARAO:—Sir, this is an ordinary school which has got over 70 pupil and 7 teachers. It may be a very important thing for them in principle. But this is not that much big to be brought as 329.
I have made an enquiry. Even this, I would have taken regularly in case the Lecturers have come and told me. About the payment of salaries,

Salaries are being paid by the D.H.E., through Banks only. For February we could not pay the salaries because in January we paid an excess amount of Rs. 25,000. I have asked the Management to pay them. Even I told them the other day that if there is any difficulty, I shall see that they are paid and I will recover in other way. So there is no trouble at all and if there is any general problem I will look into it. We will do it.
MR. DEPUTY. SPEAKER :- Raghavareddy garu, the Education Minister informed that he would do it, and he was at it.

SRI K. KESHVA RAO :- Yes. I am at it.

re-DISRESPECT SHOWN TO AN ADVOCATE AT CHITTOOR DIST.

MR. DEPUTY. SPEAKER :- Kindly inform the concerned officers.

SRI C. JAGANNATHA RAO :- Sri, I have already informed the officers and they are at it. I have to inform you that they are not beaten.
Sir, on 28-7-1982 at about 2-00 P.M. S.I. Sri Khaleel of Chittoor lInd Town P.S. arrested two persons viz Patnam Dorswamy and Ambika under suspicious circumstances and seized 35 iron channels valued about Rs 2,500/- which were committed theft from A. P. S. E. B. Chittoor near Premala Talkies Chittoor. Ambika in his confessional statement stated that iron channels were committed theft by one Thyagaraja, a Contractor in Electricity Board and handed over them to him. They both sold them away to Patnam Doraswamy a Ware-House Merchant. When Patnam Doraswamy was trying to sell away iron channels with assistance of Ambika they were caught by S.I. lInd Town Chittoor and properties were seized under a Mahazar. Both accused and properties were brought to P.S. at 4-00 P.M. and were locked up at 4-15 p.m. by S.I. and a case in Cr. No. 128/82 u/s 41 and 102 Cr. P. C. was registered. While so, as accused wanted to attend calls of nature, both accused were entrusted to the custody of two P.Cs. at 6-00 P.M. to take them to lavatory in Govt. Headquarters Hospital adjacent to Police Station. After 10 minutes S.I. came to know that above P.Cs. who were being asked by a person to hand over the accused to him as he has got a search warrant against the accused. S.I. rushed to Government Headquarters Hospital and found both accused in custody of two P.Cs. and a person in Mufly talking to the said P.Cs. S.I. approached him and questioned him as to what the matter was. He informed S.I. that he is an Advocate and he was appointed as a Commission to execute a warrant of search. When S.I. asked him to produce the same, he left the spot without giving any reply. Accused were brought back to P.S. and sent for remand on 29-7-1982. Advocate concerned is one Sri M. Gangapathy of Chittoor. On his representation Bar council of Chittoor passed a resolution dated 13-8-1982 condemning action of No. II town S.I. Chittoor alleging that he misbehaved with Advocate and used improper language against him and showed utter disregard to search warrant issued by Court and decided to boycott Courts. The allegations against S.I. lInd Town P.S. are exaggerated. All the Court in the area functioning normally.

The mosque's imam, Mr. Juma, said that the mosque was built with the intention of improving the community, but the police disagreed.

The demolition was witnessed by a number of people, who said that the police were acting illegally.

The mosque's imam has filed a complaint with the authorities, and the case is being investigated.

Re-Demolition of a Mosque at Talab-Mir-Jumla by the Police

The sluice with arched roofing measuring 20' x 15' of Meer Jumla Talab Katta falling in S. No. 4/1 of village Chanchalam was occupied by Mohd. Abdul Gaffoor S/o Shaik Mohinuddin, resident of 206, Meer Jumla Talab Katta who collected material for purpose of construction of a Mosque called Masjid-E-Gafforia. This is clearly a Government land. This was objected to by Babu Arya and the local public on the ground that this place is being used for hoisting National Flag on 15th August and 26th January every year. Also this place is being used for burning the effigy of Ravana during Ram Leela (Dassera) Festival besides the Batkamma and other festivals. The Municipal Corporation on the representation of local public tried to remove the encroachment. Gaffoor got a stay from the Court of the V Assistant Judge, City Civil Court on 30-4-82 on the Municipal Corporation, Hyderabad Authorities which was got vacated subsequently.

On the requisition given by Tafsildar of Charminar on 14-8-82, for security, the Moghalpura Police assisted the Tafsildar in clearing the encroachment. The National Flag was hoisted on 15-8-82 as before. A suo moto case in Cr. No. 114/82 u/s 145 Cr. P.C. was registered on 1-8-82, and placed before the Special Executive Magistrate, Hyderabad requesting passing of orders u/s 145 Cr. P. C. restraining the two parties involved in the dispute from entering the site under dispute.

The clearing of the encroachment was done by the M.C.H. staff, under the orders of the Tafsildar, Charminar, and the Police only stood by to avert any likely law & order problem.
Sri S. JAIPAL REDDY: In the heat of debate some statements and references were made which carried communal overtones. They may kindly be avoided because the situation is sensitive and the Minister and hon. Members can go and inspect the site. The situation is quite sensitive and we should also exercise some self-restraint.

MR. DEPUTY SPEAKER: Insinuatory statements will be expunged.

SRI S. JAIPAL REDDY: The Home Minister could call him and discuss with him. This should be settled outside the House.

MR. DEPUTY SPEAKER: The Minister says even the Revenue Department is involved. So the Revenue Minister also can join and the three discuss.

SRI S. JAIPAL REDDY: I have a submission to make. This is in regard to a place of land where mosque was supposed to have been located. There can be difference of views regarding ownership of the land or location of things. Therefore this is a matter which can be best settled through a meeting attended by Revenue officials and others. Local MLA after 4 or 5 days, because there is no point in bringing extraneous issues.
MR. DEPUTY SPEAKER: He will also have a word with the local MLA.

RE-Demolition of a Mosque at Talab - Mir-Jumla by the Police

Regarding, Charminar, the High Court had given a decision. Police dept. did not approach, did not support. That time the Commissioner said 'We are not giving any support due to breach of peace.' At Mir Jumla tank two platoons came at about 4.30 A.M. The whole bazar was closed.

SRI C. JAGANNADHA RAO: Is it necessary that for every thing, I have to tell you. There are certain things which I have to take up. In view of the discussion which has taken place in the House.

MR. DY. SPEAKER: Unparliamentary words will be expunged.
SRI C. JAGANNADHA RAO: I want to place it before you. When they want to suspect my bonafides, I want to place all these things before you, so that you can come to the right conclusion and give any decision. I can abide by it.

MR. DEPUTY SPEAKER: Are you agreeable? (pause) Alright. It is agreed that they must sit in my chambers and discuss the matter.

12.00 a.m. — Sri C. JAGANNADHA RAO: When they want to suspect my bonafides I want to place the facts before you, so that you can come to the right conclusion and give any decision. I can abide by it.

What all I request the Hon'ble Home Minister is... whether an S.P. or A.S.P. or C.I.- whoever he may be—

We cannot live as honourable citizens in this society.

Is it not barbarous, is it not inhuman? Should we follow the rules introduced by the British people in the good old days.

...
SRI C. NARAYANA REDDY (Manthani) : while supporting the various demands made, I would only urge some points especially with regard to Police Department. We have seen that there are some training Centres. My study of it or the impression about it, is that the department posts only persons who are otherwise not wanted. I would only say that the hated child is sent by the department for imparting training or a very strict officer who is not liked or wanted by the department outside, is sent. Only such people are sent. I would like to know and ask the department as to what sort of training they would give. He goes there as a teacher. The teacher should have his own image and impression. Therefore I would
plead that whenever personnel are posted to the Training Centres, they should be of high calibre and high reputation. With regard to the recruitment especially of Police Constables and Sub-Inspectors I suggest to the Department that they should be above board and they must be not only good but prove that they are good. For this purpose I suggest that the local officers may not be entrusted with the work of recruitment. But they may invite neighbouring district officers of the same cadre and ask them to recruit the Police Constables. That would only give satisfaction and would not give any room for suspicion. In this connection, with regard to selection of Scheduled Tribes, the prescribed qualifications or the general and other physical requirements may kindly be waived; otherwise they would never have the chances. Because they are not having good food and other conveniences, they may get rejected when they appear for examinations. With regard to Sub-Inspectors also it is usually said that they are required to undergo certain difficulties. In order to avoid these’ I may suggest that there should be an army Officer invited, an I: A. S. Officer invited along with the officer of D. I. G. Cadre either from other State or from the C. B. I, which alone would save the candidates from undergoing certain ordeals. After recruitment also they are undergoing certain difficulties with regard to their postings. They are often disturbed even without the completion of one year or one and a half years. In all such cases, I would urge that without the prior permission of D. G. P. no transfer should be indulged in. With regard to their service conditions and certain other facilities I may say that at present their service conditions are not as good as they are desired. The housing facility is not properly provided. I would give some instances in rural areas. I don’t know what is happening in urban areas. But in rural areas they are not provided and housing. As a result they would hire a house here and another there. But when they go back after apprehending the accused or catching them, there is a likely idea of their houses being attacked and such instances are not lacking. Then, with regard to the Police Stations, it is my personal experience that no proper stationery is supplied. Whenever any person goes for help he is asked to bring stationery. “Kagaz lav, or Kalam lav“. Such things should not be allowed to go. They should be supplied with sufficient stationery. It is based on my personal experience and I am narrating. This is something not desirable at all. The maintenance of Police Stations also require quite an improvement. Some of the Police Station houses are
constructed as many as 50 years ago and no action is taken. I would say that it is a Class I or A Class building which was constructed long, long back and it was never being maintained. Then with regard to the opening of new Police Stations, there should be a norm. There should be some reasonableness in opening of police stations. Normally for every 30,000 population there should be a police station. Where some urban area is included in places like Jagtyal there should be a Station Officer. He must be for the rural areas attached to that station. He should be attached to the urban area. When he is attached to both the areas he is, as a result, neither concentrating on rural areas nor the urban areas. Is he in a position to justify in both these areas? Then with regard to the housing problem, I suggest that police personnel must be provided with houses. It is also equally necessary for providing houses in taluk headquarters for Munsif Magistrates. After transfers, as I am watching, they go from house to house, from one landlord to another. He will be under the obligation of their subordinates and the owners of the houses.

With regard to the mobility, as has been suggested by the previous speakers, the police personnel who are in charge of law and order must be provided with vehicles. These are modern days, when the accused has the vehicle and the culprit has his own transport methods. To catch them and when they are required to maintain law and order and when these personnel are not provided with vehicles, I don’t know how best we can maintain law and order. It has been correctly pointed out by the previous speakers that there is no democracy, there is no law and order, there is no peace and there is no proper functioning of this House even. So it is necessary that vehicles must be provided in areas specially like Mahadevpur where the Sub-Inspector is having as many as 96 villages, far off and widely scattered and they are in jungle also. But no vehicle is provided. The information itself he gets after three days. By the time he reaches there it will be again three more days. Therefore he will not be in a position to properly function. My suggestion is that where you are not in a position to provide jeep, minimum is the motor cycle. If you say that you cannot spare, I disagree, because the present day conditions are such. Once upon a time, one Constable was going and asking the people to come to the Police Station and they were heeding and obeying him. But today there is an apprehension of their being manhandled. Therefore, such centres
which are now the breeding centres for unsocial elements must be
provided with vehicles. Let us not think that they are necessary
only in urban areas. Then we should also have traffic officers.
In places like Peddapalli, at the entrance of Karimnagar, we are
seeing large number of vehicles parking and even an ordinary citizen
will not be allowed to pass through. In these circumstances, I
would suggest that there should be some parking plots allotted and
some regularisation or some discipline is inculcated in the parking
of these lorries; otherwise we often face the law and order
situation. Even the R.T.C. buses are not allowed to ply as the
lorries park on the road.

With regard to the maintenance of law and order it is
absolutely necessary for the police to keep an eye on most of those
individuals who call themselves as progressives. There are ins-
tances wherein even the teaching staff had indulged in some sort
of instigation and spoiled the students. It is therefore necessary
that the police should be very vigilant and they need not be cowed
down and have any apprehension about some self-styled organisa-
tions which they claim that they are the only custodians of the
rights of the citizens.

I am now specifically bringing to the Government's notice
the conditions prevailing in Karimnagar District. Often it is said
that something is not good or the position has improved in Nal-
gonda or Adilabad or some other district. But I may say that
conditions are not good as they are depicted. No citizen, or no
peace-loving citizen can even to-day have a peaceful night sleep
in the villages. There is always apprehension in the name of
naxalites or in the name of extremists. There are unsocial elements
which are exploiting the situation and which are using the rural
people. As a result of it, it is not only the lawlessness prevailing
there but there is also destruction to the public properties. They pose
themselves as a sort of party people and they instigate the villagers
and also indulge in the total destruction of the forests.

ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1982-83
DEMANDS FOR GRANTS, ADMINISTRATION OF JUSTICE
Etc. (Contd.)

Sri. C. N. Reddy: These problems are being faced by some of the districts especially Karimnagar. I was speaking about the Law and Order situation in Karimnagar district. As I said all is not well as it is being depicted. No peaceloving citizen can have sound sleep in the villages. The position is deteriorating. I have been also pleading for providing a vehicle to Mahadevpur police station. This is one of the widest police station, all thick forest. It is a breeding place for unsocial elements. There is also a necessity at Tadicheria, at Mutyampet. This is essential. When I write they give the same stereotyped reply stating that the incidence of crime is not very high. Where have you gone? Have you gone and seen the state of affairs there? As I have said for every 30,000 people there should be a police station and for every three police stations there should be a circle office. The circle Inspector is having 6 to 8 police stations. You may take for example Mancherial, and even in Mantheni circle. Even in
regard to Mantheni the Munsif court is having 6 police stations and Sultanabad is having 7. I have been emphasising for the necessity of distribution of the workload evenly. Now instead of doing that they are resorting to the practice of asking Munsif Magistrate to Mantheni go to Sultanabad. Instead of that the two police stations or three police stations of Ramagundam area may be shifted to Mantheni Munsif Court.

I have my personal experience with regard to the police handling the injured and also sending the witnesses. This is my own personal experience. They don't have any provision to send the injured. They start searching the pockets of the injured. He can be sent in a rickshaw or some vehicle. This should be reimbursed. Similarly, with regard to the utilisation of bus warrants. They don't have money. They are not allowed to use their police warrants to take the witness to the court. There again they are finding difficulty to get money. These witnesses, what are they paid? They are not paid even the required amount. Therefore, I suggest that the police should be given sufficient contingent money to take the witnesses. The moment they produce the vouchers, money should be given. I have been asked in one place whether I can provide my vehicle to take the witness to the district headquarters. Such things should not be allowed. With regard to the S.R. amount, this will never go to the circle level or S.I. level, because they are not allowed to utilise. Often they get some informants. They get some sort of help from the informants and they should be rewarded.

I have touched the traffic hazards the beggars problem at Karimnagar and even at Hyderabad also. At traffic points you know the beggars problem. There are some workshops and there are hockers and the vendors. The municipality is doing good work in widening the roads but they have been occupied by these vendors and hockers. It tells upon the efficiency of the Police. They are not allowed to function. There is a complaint that police collect what is known as 'Kirai'. This should not be allowed. At Siddiambar bazar we see the hockers. Are we so blind? Don't you see that way? We go to the High Court and Osmania hospital. A number of representations have been made by the merchant community and these hockers and vendors sit in front of their own shops and causing hazard. No attempt is made to remove them.

Lastly with regard to the fire stations. I had represented
previously also for providing that facility at every taluk headquarters. In my area at Godavarikhani it is there and it is there and it can be made use of by Mantheni, Sultanabad and Mahadevpur. Fire accidents take place. There is lot of loss. Sometime back Government had given a promise that they would provide a Government printing press at Warangal. With these few suggestions I feel there would be definitely some improvement, especially in police administration. We may not be able to get through training classes and schools. There are honest officers. There may be uncompromising officers like Mr. Anandaram. Let us have compromising officers so that law and order can be maintained well and that democracy can function effectively. Thank you very much for giving me this opportunity.

SRI Ch- Parashuram Naidu (Parvathipuram): Sir, Judicial administration and Police Administration are the wheels of the same vehicle upon which the Justice has to be taken to the people. If either of the wheels is bad or broken or falls or is leaking, then the administration of Justice is bound to fail. I have no hesitation in saying one thing. We have to first of all go to the Police. The Police is the first stage, where we approach for protection of civil rights, as also for protection of the person—and for all the respects of protection, can we say this with keeping hands on our hearts? Can Mr. Jagannath Rao say by putting his hands on his heart that the Police are rendering necessary protection to the Society—that the Police have been acting impartially and that the police have been functioning above corruption? Of course corruption has become too a long term and it has become very extensive. It has become a deep-
rooted one. We may not be able to say to eliminate corruption altogether, but the police is the agency through which they have to control corruption. It is the primary agency and that primary agency has to deal at least with the elementary and the lowest level of corruption. But Sir, what is being done to eliminate this element of corruption which is thoroughly spread in the entire society?

I wanted Mr. Jagannath Rao to say as to what exactly all the steps taken during the time of his regime for eliminating corruption among the police first. Let alone the society can say. If any person is called for to the police-station, that man goes there with apprehension. There is no certainty that the man will return safe. There are many reports we are hearing that a crime is committed in the police-station, that a rape is committed at the police-station—that a man was murdered in the police station—and that police have committed so many charges. They are our protectors; these are the protectors appointed by the Constitution to protect us and daily, the papers really speak about the endless crimes that these people are committing. The society has lost its security and these people are part of that society to that extent I can understand—but still Sir, the main duty cast upon the administration is to discipline the set-up of police, to make these people first of all—these examples of propriety and good behaviour. If we go to the police-station, the S.I. cannot speak without being rough—the S.I. cannot speak without being rude, which is an universal truth. It is a well-known fact and everybody knows it. But what has been done? The Sub-Inspector is the primary instrument provided by C.P.C., for the purpose of rendering primary justice. He is the man to decide whether a charge-sheet has to be filed or not. He is the man to give us the first step of justice. Primarily this man has to be disciplined and this man had to be civil. He has to be made to feel that he is part of the society, and that he is fellow-being with the citizens of the society I am sorry Sir, for the last so many years we have been telling about this every time but this is not being done. There is no remedy. There is no mitigation. It is going on endlessly. A citizen is treated with inhuman attitude when he goes to the police-station for remedy or on complaint by somebody. That has not been eliminated or controlled. I want the Home Minister to kindly bestow his attention to this fact which is a fundamental and basic aspect. The people must feel safe when they go to the police-station.

Sir, I know that even in bailable cases, where bail ought to be given at the police-station, the bail has not been given. Not only that, when men go there, they are kept there till 9 O'Clock in the night. It is a practice. It is normally happening. At that time of
9 o'clock the Sub-Inspector absconds and the H. C., puts them in the lock. With all over efforts when we will be able to find the S.I. when he comes, the same thing is being done again. You know, I do not want to elaborate and I do not condemn the police machinery as such. Police machinery is doing lot of service. I do agree with but this service is too much – this kind of service is very much and their main functioning has an angel of apprehension rather than wings of protection. There, they are installed and called by the Constitution, by the society and by the Government - "as protectors". They must get the primary and fundamental aspect of being kind. Where is the necessity for arresting everybody, whoever having complaints against them? Should a person be arrested when there is a complaint of offence? Should there be no guide-lines for arresting a man even in cases where a crime is alleged against a man? He need not be arrested or put into lock-up and we know instances where handcuffs were put on. Where is the necessity for putting handcuffs? We can understand if an absconder is put into jail instantaneously. Otherwise where is the necessity for arresting any citizen against whom a complaint has been lodged for certain difficulties, for certain differences, for certain conflicts to be put into lock-up? The police have very wrong notion and having been employing it systematically for the purpose of wrenching money from the public.

Their notion is that a person can be detained and can be retained by them without producing them in the Court after 24 hours. That is absolutely incorrect. They have to produce a person arrested at the earliest possible time after the arrest. A person is arrested at Parvathipuram in the morning and suppose he has to be taken by 10 o'clock to the Court and to be produced even if it is nonbailable offence. But the police think that the 24 hours are granted to him. I would like Mr. Jagannath Rao to go through the latest decision of Mr. Justice Madhusudhan that a police officer who retains or detains a man one minute beyond the absolute necessity after making a charge sheet, absolute necessity for producing before the Court, he is liable for an offence and he is liable for wrongful confinement. I would like this to be sent as a circular to all the police personnel. It is for your protection and my protection. It is in such a way, a highly necessary thing. Then, I do see that the policemen do require higher salaries. I do see that they require amenities. I do see that they require encouragement and all the promotional avenues etc., but I also
say that the recruitment of police officers should be at a higher level. Now the time has come, when education has been spread so much that even a constable be S.S.L.C., man and S.I., should be a Law Graduate. Unless he knows Law how can he dispense with the Law? The charge sheet itself is his judgement. He has to come to a primary conclusion—that a case has to be filed. That is his function and if he is not aware of Law, how can he function?

Sir, because of lack of time I am unable to complete my ideas on these demands. Thank you.

However, it is clear that the document contains a detailed analysis of the financial requirements for the specified period and departments.

The text continues to list various items, each with a specific amount and purpose. The mentions are lengthy and detailed, indicating a comprehensive and thorough approach to financial planning. The text is rich with numbers, indicating the financial figures associated with each demand.

The document concludes with a summary or conclusion, reiterating the importance of the allocations for the specified period. It emphasizes the need for careful consideration and allocation of resources to ensure effective administration of justice and other related matters.

Overall, the document showcases a meticulous approach to financial planning and allocation, ensuring that the necessary funds are available for the respective departments to function effectively. The detailed nature of the demands reflects a commitment to transparency and accountability in financial management.
It is again creeping back. This should be avoided.
Every citizen is expected to know Law and ignorance of Law is no excuse.

SRI S. JAIPAL REDDY: I think about fake encounters Mr. Jagannadharao also is not speaking with as much honesty as he is normally credited with.

SRI S. JAIPAL REDDY: I know the problem.

SRI C. JAGANNADHA RAO: I would like to be honest I am honest as far as possible. I don’t say I am the embodiment of total honesty. I will try my best to be honest.
SRI C. JAGANNADHA RAO: I am not disowning that. I am owning it. There are some bad people in every walk of life.

I am not trying to dispute what the Members have said. I am only trying to say these are the contradictions.
They have not issued the call for strike. Our Home Minister himself has admitted both in the Legislative Council and the Assembly that no call for strike as such was issued. Whatever incident that occurred in Kurnool or in Hyderabad city occurred in the heat of the moment, on the spur of the moment. They were not inspired by anybody, or directed by anybody.

SRI C. JAGANNADHA RAO: There is an Association already existing. Let there be elections and let them take over that Association. I welcome them. If they are in majority I welcome them.

SRI S. JAIPAL REDDY: Sir, we have no difference of opinion with Mr. Nizam Vall on this issue. None of us would ever sympathise with or support any move on the part of a Disciplinary Force, like police Department to go on strike to resort to Dharnas or anything of this kind. But a distinction has to be drawn between a Union armed with Trade Union rights and an Association. “Armed with their own”- that is only to represent us. Here, we are laying stress on the role of an Association—not on a Trade Union rights of a Union. Even this problem of Association can be best resolved, provided, the department have active, coordinating, counselling units at various levels of the Department.

What are the views of the State Government? Is it going to help or is it going to defer the issue? What is the policy which we are to take up? The police stations must be located near the villages.

We must have a clear thinking about this. Our State Govt., has already been asked for this and this is not a new thing.

SRI C. JAGANNATHA RAO : Sir, I am the Home Minister and even we are having clear thinking about that point, what is the purpose of my opinion? These are the views which are not asked for.
It has got to be done in a phased manner. I have appreciation for what the Hon’ble Member has said. I would like to say that the Fire Station is given to the Sathyaweedu and for the remaining plans, the Finance Minister has got to release the funds.

It is being followed and I cannot ignore it.

The Police department has been practically converted into a Volunteer wing of the Ruling classes and Ruling party. Some of the police personnel and officers themselves are indulging in rapes, dacoities and murders even in the Police Stations besides abetting and encouraging the anti-social elements committing such of crimes. Court orders are being violated by the Police. No recognition to the Police N.G.O.s. Association has been accorded as yet.
