Sri M. Venkaiah Naidu :— When was this question put and when was it sent to the Minister. Simply because he did not get a satisfactory reply it cannot be an excuse. The Member may take a lenient view but at the same time must know when the question was put. There is something wrong with the administration itself.

Sri K. Venkatramaiah (Gooty) :— The date of question may be printed so that it will be clear.

Mr. Deputy Speaker :— How can it be printed. It was admitted on 26-7-82.
Mr. Deputy Speaker:— I am postponing this question - number 295.

Mr. Deputy Speaker:— Question No. 300 is postponed at the request of the Member.

9.00 p.m.

Sri V. Sobhanadreeswara Rao:— The other members might have given consent. But I wish to mention a point on which
the Minister may give information later when the question is answered.

Sri M. Venkaiah Naidu:— Before the member agrees for the postponement of the question, how can the Speaker announce postponement of the question without the consent of the Member,

Mr. Deputy Speaker:— It is only at the request of the Member some of the members have agreed.

Sri M. Venkaiah Naidu:— Unless all agree, it cannot be postponed. Of course I am not objecting to the postponement as such. I want a clarification from the their on this- if one member asks for postponement without consent of the other members, can it be postponed like that.

Mr. Deputy Speaker:— Mr. RajeshwarRao, I believe, said the other member is intending it to be postponed. On that understanding, I have postponed.

Sri V. Sobhanadreeswara Rao:— I only want to mention a point which the Minister may take into consideration and do the needful. లేకే ప్రతిపాదిత రాష్ట్రవిద్యుత్ రాష్ట్రానికి అందిస్తే దానం 150 వేరే నిద్రలం సాధన పటకాత్య ఆకాహారయ్యారు. ఈ పటకం పండిత సర్వోత్తమీత్తి కోసం ప్రతిపాదిత రాష్ట్రని ఇచ్చారోత్తి అధికృత్తి. కొంతాక రాష్ట్రానికి ఆధారం కొందరు తెలుగు అనుభవం. ఈ పటకం పండిత రాష్ట్రాని ఇచ్చారోత్తి లోకాంతి విభాగము. ఈ పటకం పండిత రాష్ట్రాని ఇచ్చాని చిత్రం కొందరు విద్యుత్ ఆధారం చెందించింది.

(b), (c), and (d) : Yes, Sir. The proposals to have uniform pattern are under consideration.

Sri A. Madan Mohan :— Admission to M. B. B. S. is different from admission to Dental College. The Dental College has come into existence only 3 or 4 years back whereas the medical colleges have been in existence for a long time. Intermediate being the basic qualification, hitherto we are looking into the marks obtained in intermediate examination for admission to the Dental College. This year we have decided to have entrance test. To say that the same test should be conducted for both the courses is not proper. Aptitude tests are also taken into consideration, the courses being different.

Dr. S. Chandramouli (Chiraj) :— Courses may be different. But, admissions can be judged only by means of an entrance test examination which should be common.

Mr. Deputy Speaker :— It is difficult to have a common examination.
Sri A. Madan M.jahan:— We have already asked the Director to send the proposals. The moment they come, to the Government we will examine and finalise.

Sri. G. Narasimha:— Was there any member who asked these 3 supplementary questions? It is very disappointing.

Sri. Narasimha (M.S.R.:— There were 3 supplementary questions. The honourable Member has added a new question. There are a number of supplementary questions which the Members have been putting, I have been answering them knowing full well that they do not arise out of the main question. Now, Sir, I am under your protection and they cannot go on asking such supplementaries. Any way, since the member has asked, I can say that we are seriously considering of introducing P. G. Course. But that again depends on the staff pattern. We will have to take many factors into consideration.

Sri A. Madan M.jahan:— In fact this supplementary does not arise out of the main question. Number of supplementaries which the hon. Members have been putting, I have been answering them knowing full well that they do not arise out of the main question. Now, Sir, I am under your protection and they cannot go on asking such supplementaries. Any way, since the member has asked, I can say that we are seriously considering of introducing P. G. Course. But that again depends on the staff pattern. We will have to take many factors into consideration.
Starting of construction of extension to the building of Sub-Centres of Osmania and Gandhi Colleges.

9806: Sri Ch. Vittal Reddy (Narasapur):— Will the Minister for Health and Medical be pleased to state:

(a) whether it is a fact that the Central Government has released an amount of Rs. 60 lakhs through G. O. Ms. No. 198, M & H (El) dated 2-3-1982 for making extensions to the buildings of the sub-centres under the Supervision of the Osmania and Gandhi Medical Colleges;

(b) if so, the reasons for not starting the construction of buildings till now; and

(c) whether immediate orders will be issued to the concerned to take up the said work of extensions to the buildings and the construction of garages?

Reply:

(a) Yes, the Central Government has released an amount of Rs. 60 lakhs through G. O. Ms. No. 198, M & H (El) dated 2-3-1982 for making extensions to the buildings of the sub-centres under the Supervision of the Osmania and Gandhi Medical Colleges.

(b) The reasons for not starting the construction of buildings till now are:

(i) The sanctioned amount had been released.

(ii) The requirement had been made to the concerned to start the work.

(c) Immediate orders have been issued to take up the said work of extensions to the buildings and the construction of garages.
2 th August 1982  Oral Answers to Questions

The Chief Engineer is making plans. Public Works Department has got to call for tenders, prepare blueprints and after approval the Chief Engineer has to call for tenders and entrust the work. The work is in progress.

Mr. J. D. :— Mr. H. R. S. E. :— Mr. J. D. :

Mr. J. D. :— We are in the month of August. Even assuming that it has come in March, I do not think there is much delay, Sir. Mr. J. D. :— Mr. J. D. :

Mr. J. D. :— Mr. J. D. :

Sri A. Madan Mohan :— Sir, I am not here to sit in the dock and he has no right to cross-examine. In his own question the Member said 'on second March, 1982 whether' it is a fact
that the Central Government has released the amount’ and I have said ‘Yes’; and again for him to ask like this, I am not here to answer ..

Sri A. Madan Mohan:— Sir, this is a Central Government project and the State Government cannot visualise the situation and imagine that it is likely to get funds. This is a new concept which has been introduced and this has been posted to all the States including our State. I do agree and I share the concern of the Hon. Members. Well, there has been delay and I can assure you that much before next March all these things will be put to implementation. I understand the sincerity and interest of Sri Sobhanadreeswara Rao, and I equally share his concern. The cash amount of Rs. 90 lakhs is only for construction of dormitories.

Sri B. Narayana Rao (Nationalist):— Another Rs 15 lakhs were meant for the State. Why are we lagging behind why is it not fertilised?
Assignment of Land to Tribals in
Nellipaka Village, Burgampad Tq.

298—

*9962- (H) -Q- Sarvasri P. Ramachandraiah (Burgampad) and Ch. Kasaiah (Kothagudem) :— Will the Minister for Revenue and Power be pleased to state:

(a) whether the Revenue Department assigned the land to the Tribals in Nellipaka village, Burgampad Taluk, Khammam Dist., in the year 1948-49 ;

(b) whether it has come to the notice of the Government that the Forest Department is harassing and objecting the Tribals to cultivate these lands;
(c) whether it is a fact that the crops sown by the Tribals are destroyed;

(d) whether the Government will protect the Tribals and prevent harrassing?
Mr. Deputy Speaker:— The Chief Minister is not available. There are postponed.

Mr. Deputy Speaker:— Yes.

Power Supply from Kothagudem to Warangal

S. N. Q. No. 9967-Q: Sarvasri M. Jagannadham (War-dhannapeta), P. Jagannaiik (Malug), K. Varda Reddy (Jangoan):—
Will the Minister for Revenue and Power be pleased to state:

(a) whether it is a fact that power supply from Kothagudem to Warangal is made through Hyderabad;

(b) whether it is a fact that this circutors supply has resulted in the fluctuation of voltage in Warangal and caused damages to electric motors; and
(c) the circumstances leading to this change?

(1) As regards the circumstances leading to this change, it is stated in the notice that the change was necessitated due to the following reasons:

(a) the necessity to align the rates with the prevailing market conditions.
(b) the need to improve the competitiveness of the service.
(c) the requirement to enhance the revenue collection.

(2) The change in rates is expected to have a significant impact on the industry, and it is hoped that it will lead to a better allocation of resources and enhanced efficiency.

(3) The change in rates was implemented on 1st January 2000, and it is expected to continue until further notice.

S. A. Ananthakumar

(4) The change in rates was implemented in consultation with the relevant authorities and stakeholders, and it is hoped that it will lead to a better allocation of resources and enhanced efficiency.

BUSINESS OF THE HOUSE

Mr. Deputy Speaker:— I don't mind adding your name.

Sri G. Sunder Ramaiah:— I get the priority because I have issued notice earlier to Mr. Venkaiah Naidu and others. Therefore I should get priority and their names should be added after me.

Mr. Deputy Speaker:— I will call for these files. I believe there is a mistake on the part of the office.

Sri M. Venkaiah Naidu:— 329 matters are of public importance. It is for the Chair to take a decision. We have attributed some motives for some extraneous reasons. That mistake was pointed out by the minister yesterday itself. We gave half an hour's notice. Four days' notices were also given.

Mr. Deputy Speaker:— I believe it is brought to the notice of the Chief Minister. The statement is to be made by the Chief
Minister. He has already written to the Speaker requesting post­ponement of his business on his name to any other day. The Chief Minister communicated that it would be convenient if it would be posted to 30th.

Sri M. Venkaiah Naidu:—Please postp. ne it for tomorrow.

Mr. Deputy Speaker :—I don't know whether the Chief Minister would be able to do tomorrow.

Sri N. Janardhan Reddy:— When there is no opportunity to bring a motion in the name of Short Notice question or Calling Attention, it will give an opportunity to the member to raise about this. As a matter of fact in the parliamentary system no Minister will answer. But, here there is a practice. Ministers are also answering. It does not have precedence over the calling attention and all that. I think 329 would give a chance to the member to raise about this. As a matter of fact in the parliamentary system no Minister will answer. But, here there is a practice. Ministers are also answering. It does not have precedence over the calling attention and all that.

Sri S. Jaipal Reddy :— I think the Revenue Minister has not understood the basic purpose behind 329. 829, 366 should be prevented from a question. As a matter of fact in the parliamentary system no Minister will answer. But, here there is a practice. Ministers are also answering. It does not have precedence over the calling attention and all that.
Sri S. Jaipal Reddy:— You are not capable of functioning as opposition.

Mr. Deputy Speaker:— ‘O’ hour is replaced by 329. If the Chief Minister is available I can allow. To-morrow he will be in the Council. So you can have it on 30th.

Sri M. Venkaiah Naidu:— If possible, post it for to-morrow.

Mr. Deputy Speaker:— If he is coming I will post it on 28th.

(Sri N. Janardhana Reddy rose to speak)

It is against the procedure.

re: Non-availability of doctors in Primary Health Centres and Taluk Hospitals in Medak District.

Sirs:—

The non-availability of doctors in Primary Health Centres and Taluk Hospitals in Medak District has been reported.

Yours faithfully,

[Signature]

(6-1-5)
Sri A. Madan Mohan:— In general, there are some posts of Civil Assistant Surgeons lying vacant in Primary Health Centres and Taluk Hospitals throughout the State. In the year 1977-78 about 1406 candidates have been recruited and appointed at doctors in Andhra Pradesh Medical & Health Services in various Primary Health Centres, Hospitals etc. in the State. Subsequently, there was no recruitment till 1980. The selection of 475 doctors made by the Selection Committee in 1980 had been struck down by the Andhra Pradesh High Court, upholding the selection of only 107 post graduates. Several vacancies have also arisen in the category of Civil Assistant Surgeons due to resignation, retirement, deputation abroad etc. of doctors. The Andhra Pradesh Public Service Commission has been requested to recruit 971 doctors this year and the recruitment is in final stage. Soon after the recruitment is finalised, all the vacant posts of Civil Assistant Surgeons in the State will be filled up.

However, instructions have been issued to the District Medical & Health Officers to ensure that at least one doctor is provided to each institution i.e., Primary Health Centre or Taluk
Hospital till the recruitment is finalised. Accordingly, each institutions is provided with a doctor as far as possible. As regards Medak District, three Civil Surgeons have been posted to Headquarters Hospital, Sangareddy, out of which 2 have already joined and the other candidate is being directed to join duty on pain of disciplinary action. 17 doctors (Civil Assistant Surgeons) have been posted in the month of June, 1982 to fill up the vacancies in Primary Health Centres in this District. Out of these 17 doctors, 8 candidates have already joined and orders in respect of 2 doctors have been cancelled subsequently. Joining reports in respect of 7 doctors are awaited and they have been directed to join duty on pain of disciplinary action.

Thus, the following is the present position of doctors in the Medical Institutions in Medak District referred to in the notice:

Sri A. Madan Mohan:— As far as his constituency is concerned I am doubtful whether he is moving into his own constituency. Earlier on one occasion I said in the same House that his intelligence and knowledge seems to proverbial. It is not within the domain of the Minister or for the Government to take care of the transfers or cancellations. It is the Director of the Medical Education and Director Public Health Services who look after these things.

Sri C. Janga Reddy:— That much we know.

Sri A. Madan Mohan:— If you have no need you should not ask for it. One transfer has been stayed by the Tribunal. In respect of the other doctors, I have said they are working. Now, I don't know what made him to say it is not there.

re : Construction of over-bridge on the Railway-line at Nizamabad.

Smt. B. Sarojini Pulla Reddy : — Sir, the need for a Over-bridge is accepted. This question has been pending for some years. On either side of the existing level crossing there are heavy construction. If the over-bridge has to be constructed over here, the expenditure will be very high and heavy compensation will also have to be paid for acquisition, in addition to the cost of construction. Lots of property i.e., shops and houses are involved and attempt to acquire these properties will land in endless litigation, as we have been seeing in other places. Alternative alignment has been suggested to Government of India. On the road behind Gokuldas lay-out; on the proposed 100 feet wide road in the master-plan, the South Central Railways has informed that:— (1) Road over bridges are constructed in lieu of existing level crossing and the cost is shared by both; (2) The level crossing should be closed a to the other bridge is commissioned, and (3) in other case, the cost of over-bridge has to be borne entirely by the sponsoring party i.e., the sponsoring agency. If the R.&B is there, it should be borne and if the Municipality is there, the Municipality should be borne. The team of officers consisting of C. E., (PH)., and D. T. P., is being constituted very soon to select a suitable and alternative alignment for the Road-over-bridge. The officers of the South Central Railways will be associated with us with this team. About the question of baring the cost, I must make it clear for this bridge that is, between the Municipality and the Government, will be examined.

re: Construction of overbridge on the Railway line at Nizamabad.

I am not very much interested in these matters. The Railways have assessed these things and come with their assessments. But he need not have to take it like that. That is not the way of tackling the things. That is my policy. I have also told them very clearly as to how the Railways assess these things and how they come with their assessments. When we say it, we mean it. If we don’t mean, I say and we will say that it is not possible.

Certainly we will try.

Half cost by Nizamabad Municipality and half cost by the State Government as I thought. The assurance is necessary for the first half. For the other half we will try for that but for the next half, Madam must give an Assurance.

Transport Department - Public Works: Road Development and Minor Port Development.

Dy. Chief Minister (Sri C. Jagannath Rao) :— Sir, I beg to move that the Government be granted a sum not exceeding Rs. 11,60,62,000 under Demand No. XI- Transport Department.

Minister for Roads & Buildings (Sri M. Manik Rao) :— Sir, I beg to move that the Government be granted a sum not exceeding Rs. 20,70,34,000 under Demand No. XVI - Public Works

I also beg to move that the Government be granted a sum not exceeding Rs. 87,10,27,000 under Demand No. XVIII - Road Development.

Minister for Ports (Sri G. Nageswara Rao) :— Sir, I beg to move that the Government be granted a sum not exceeding Rs 1,94,36,000 under Demand No. XLVII - Minor Port Development.

Mr. Dy. Speaker :— Motion moved.

Sri M. Manik Rao :— Sir, there are a few errors in the demands and I request the Members to kindly correct them. In page 13, 8th line it is 3.5 paise but not 35. In page 15, second line of penultimate paragraph it is 103.25 crores but not 123.25 crores. In page 15, item 72 - it is minerals but not scrap.
Mr. Dy. Speaker :- Yes. Now the members will move cut motions.

Sri M. Omkar :— Sir, I beg to move

To reduce the allotment of Rs 11,60,62,000/- for Transport Department by Rs. 100/-

The Government is determined to enhance bus fares against the wishes and interests of common man. Private buses are freely allowed on nationalised routes. Corruption is rampant. Inefficiency has reached high pitch and public are put to indescribable inconvenience. Reasonable demands of the employees are not met.

To reduce the allotment of Rs 11,60,62,000/- for Transport Department by Rs. 100/-

For not levelling and improving the Bus stand at Guntur to the proper standards and by that water is logging and giving inconvenience to the public.

To reduce the allotment of Rs. 11,60,62,000/- for Transport Department by Rs. 100/-

For not taking stern action and stepping the private buses on the R.T.C. routes particularly on Vijayawada-Hyderabad.

To reduce the allotment of Rs. 11,60,62,000-- for Transport Department by Rs. 100/-

For not providing a Bus from Repalle to Hyderabad via Vijayawada starts at 7-00 P.M. from Repalle eventhough many representations are given by local representatives repeatedly.

To reduce the allotment of Rs. 11,60,62,000/- for Transport Department by Rs. 100/-

For not improving the Bus station at Repalle and for not providing bus station or even shelters at Cherukupalli, Kanagala and Bhattiprolu though they are important centres.
Sri P. Janardhan Reddy: Sir, I beg to move:

To reduce the allotment of Rs. 1,60,62,000/- for Transport Department by Rs. 100/-

For the failure of the Government for not exempting Tractors with trailers from Motor vehicles Tax and help the Kisans as is being done in Punjab and Haryana.

To reduce the allotment of Rs. 1,60,62,000/- for Transport Department by Rs. 100/-

Sri B. Narayana Swamy:— Sir, I beg to move:

To reduce the allotment of Rs. 1,60,62,000/- for Transport Department by Rs. 100/-

Sri N. Raghava Reddy:— Sir, I beg to move:

To reduce the allotment of Rs. 1,60,62,000/- for Transport Department by Rs. 100/-

Sri Vadde Sobhanadreeswara Rao:— Sir, I beg to move:

For the failure of the Transport officials in Krishna District in taking stringent action on Sri P. Satyanarayana who has misused his permit and has run bus MDG 799 for 4 months from
Vuyyuru to Veeranki lock instead of from Vuyyuru to Gaddipadu in Vuyyuru Taluq for which temporary permit was granted.

To reduce the allotment of Rs. 11,60,62,000/- for Transport Department by Rs. 100/-

72 demands for 150, 200, 300 out of which 90 have already been determined, which sum up to Rs. 9,00,000 in the estimated annual financial statement. Of these, the following deserve mention:

- Rs. 1,60,000 for education.
- Rs. 1,00,000 for medical aid.
- Rs. 2,00,000 for agricultural development.
- Rs. 1,00,000 for rural electrification.
- Rs. 50,000 for drinking water.

In addition, there are other demands totaling Rs. 3,00,000. These include:

- Rs. 1,50,000 for transport.
- Rs. 1,00,000 for housing.
- Rs. 50,000 for community development.

These demands are in line with the government's focus on education, health, and agriculture, which are considered essential for the development of the community. The demands for education and medical aid are particularly important as they address fundamental needs for the well-being of the population. The allocation of funds for agricultural development and rural electrification reflects the government's commitment to sustainable growth and infrastructure development.

He is very much constrained. Although constrained, it is not uneconomical.

Annual Financial Statement (Budget)
for 1982-83

Demands for Grants.
Sri H. Satyanarayana (Adoni) :— Mr. Speaker, Sir,

Much has been covered by my friend Mr. Rajeswara Rao. Though I agree with him in some points, I am afraid I cannot agree in some. Let me first take ‘Roads’ because of Transport. So far as the roads are concerned, much has been said about their bad shape, the contractors’ lapses, the engineers’ inefficiency and so on and so forth. They are all selected things told in this Assembly. The only point I like to make and impress on Mr. Manik Rao is, let there be strict enforcement of quality control. Though lot of money is pumped on roads, the quality is very bad and quality control is not effectively implemented. The next point I would urge is about accountability. There is no accountability for the officers, because, though in the tenders it is stated that a particular work must be finished in 18 months, it goes from 18 months to 18 years. That is the reason why there is an escalation of costs. So I would respectfully urge that somebody must be held responsible — the Chief Engineer, or Superintending Engineer, or Executive Engineer or the Assistant Engineer. He must be made responsible for getting the
work done in a specified time. If he exceeds, some drastic action must be taken so that the works which had been started with good intention would be completed and the Government will get the credit for the same. In this connection, I would thank my friend Mr. Manik Rao for granting Rs. 20 lakhs for the improvement of the roads between Halve and Katan. For that I am grateful to him. Further I would like to urge the road to Mantalayam from Adoni which is used practically by people in southern states including Maharashtra. The traffic is really heavy. The road to Mantalayam from Adoni at least may be widened so that people who come from other States will get a better opinion of the Madras State saying that a great pilgrimage centre has got very good roads. I hope Mr. Manik Rao will take up this and give it top priority to widen the road which goes from Adoni to Mantalayam.

Then coming to R T.C. already so many things have been said. I am glad that my friend, Mr. Rajeswara Rao has agreed that it is a social responsibility of the Government and whether it is loss or no loss. Loss is not the criteria because we have to give hospitals and othess and even travel facility must be given. But I don't agree with him on a point when he says that whatever may be the loss we should go ahead even if it is 15, 20 or 30 crores. That is not the point. I remind my friend that in socialist countries the officer concerned is made responsible that the industrial concern must get benefits. That is the turn that is taking place. If my memory is correct, in Russia, Czechoslovakia, Yugoslavia and China people are coming round that simply because they are Government undertakings we need care for the profits. There should be some profits certainly. The note that has been given to us by the Department says that there is a
Annual Financial Statement (Budget) 26th August 1982

Demands for Grants

terrific increase in price of inputs like tyres, oil, petrol etc. It is true. But I must congratulate the Department to some extent that they have improved the performance and mileage increased and diesel oil consumption is less and less. So far as the administration is concerned, they have not reduced the cost on administration. The bus man ratio is 11.3. I am afraid it is too high. You take any private bus. I am not comparing single owner bus. I am comparing the fleet owners like T.V.S. and G.D. Naidu and others. Their ratio was not more than 4 where as our crew ratio is 11.3 for each bus. Proportionately that also adds to the loss. I would also like to urge the point that they have also improved their performance. Then, what is the fun of having 18 to 20 percent of the buses not being kept on the road? That means out of 6000 and odd buses, about 1600 buses are absolutely useless. That means, to that extent the fleet is not utilised. We have always been telling that there must be maximum use of the buses in the industry. Unfortunately in this undertaking 18% of the total buses which goes out of order requires a very good doctor because they are already in oxygen tents. Either you scrap all those buses and sell away, or try to improve repairs to the buses. If you are not able to improve the repairs with six or seven workshops decentralise the workshops in one or two districts. Even if it goes to one district, let there be one good workshop. It may go a long way in keeping the buses trim and giving better service to the public. In the note given to the Legislators, as you say, no doubt there are some lapses in the department. But it is not much. At the same time as per the figure given in the pamphlet 800 people are being dismissed every year. This is when there is large scale inefficiency or corruption in the Department which has to be stopped. So far as the timings and other things are concerned, they are so hopeless that sometimes the bus that goes to a particular place returns empty. You should consult the local people as to what would be the best timings. If the bus, suppose, goes to the village at about 7 O' Clock or so, it again returns empty. The
Speaker very well knows that after 7 or 8 O’Clock no villager goes to the metropolitan or district headquarters and so much so the bus goes empty. Finally, I would like to say that the Department should take stringent steps to plug the leakages. The conductors are not issuing the tickets. There are certain stages in my Constituency where about 8 to 10 Kms. distance is there and no tickets are issued to the passengers. It may be happening in other places too. So, I would like to say that some sort of plugging of leakage should be there. Half of the charges that are made will go to the conductors of the buses. Everybody knows it. Let them charge for the luggage and let the conductors be paid some bonus. So, some amount you will get for luggage and pay some 10/- or so to the conductor as bonus.

Then, in regard to Contract Carriages, several times, I have advanced to discuss about the problems. When I was the Chairman of the Subordinate Legislation Committee, the owners of the Contract Carriages came forward with several proposals and the R. T. C. came with a proposal to stop the Contract. There is no specific complaint about these contract carriages. They are being run from near the Assembly premises. They are running from Hyderabad and Vijayawada. What more evidence you want that these contract carriages are running as stage carriages? They have to write down the names of the passengers in the contract carriage and the bus owner clearly ask passengers to say that they are going to a particular destination as a single party. I think the Government is heavily losing over this. If the Government can overcome this and see that the contract carriages are stopped, the Government will make greater profits.

Lastly, about the Transport Department, Sir. I am afraid that the Transport Department is showing Nelson’s eye to the Vans. They are very old ones and they will be having the engines but not the brakes. They are pruned to accidents. I beg the
Transport Department to open its eye and see that those vans are kept in good condition so that the people will not meet with accidents on account of these vehicles.

Thank you, Sir.

Our great R. T. C has achieved the distinction of winning the national award for handicapped employment. In the literal sense, the Corporation richly deserves it and I hope the people know what I mean. The Police and indiscipline mostly run together or to together.
I will give an illustration at page 4 of the note given to us. The last sentence of the para 3, I will read now— "As against 6,700 buses operated by the A. P. S. R. T. C., around 3115 stage carriages are still in private hands."

What is this? Is it not contradictory? Why did they submit such a paper to the House and ridicule the House.

At page 9, para 11 about physical performance of the Corporation, I will read this sentence:—

"On 31st March, 1981, 803 vehicles were off road. This figure came down to 571 on 31 March, 1982 despite an increase in fleet strength by 200 vehicles."
Demand for Grants

Is it not a national wastage, Sir?

Everything is one man's
show there in R. T. C. There is indiscipline in every rank and file of the Corporation. Even the people are disgusted with the functioning of the R T. C. The % explains it in detail. There is indiscipline in every rank and file of the Corporation. Even the people are disgusted with the functioning of the R T. C. %

Give licence to the private operators. %

All the political decisions are taken by officials of the R. T. C. who are experts. Why are the Committee of experts?
Demands for Grants

In my constituency, there are many demands for grants which have not been mentioned here. I congratulate him for this, but some of the important items which have been pending in my constituency have not been mentioned here.

I have to discharge my duty, otherwise I will be failing in my duty. So, I have to submit.
Annual Financial Statement (Budget)
for 1982-83

Demands for Grants.

As stated earlier, the budget for the year 1982-83 has been framed keeping in view the following considerations:

1. The overall economic situation and the prospects for the future.
2. The need for development and infrastructural projects.
3. The financial position of various departments and their requirements.
4. The expected growth in revenue and the need for budgetary provisions.

The budget has been prepared with a view to achieving economic stability, promoting development, and enhancing the quality of life. It is hoped that this budget will provide a strong foundation for the future growth and prosperity of the country.

Demands for Grants

On the 26th August 1982, we have presented the Annual Financial Statement (Budget) for the year 1982-83. This statement encompasses various demands for grants which are essential for the smooth functioning of the organization.

The demands include various categories such as education, health, infrastructure, and social welfare. Each category is detailed with the specific amount required and the purpose for which it is needed. The funds will be utilized to enhance the quality of education, improve health facilities, develop infrastructure, and support social welfare programs.

The financial statement also highlights the budget allocations, showcasing how the funds will be distributed across different organizational departments.

In conclusion, the Annual Financial Statement (Budget) for 1982-83 outlines the necessary demands for grants to ensure the continued progress of our organization. We take this opportunity to thank all our stakeholders for their support and look forward to a prosperous year ahead.

After this matter came to my notice, I have represented consecutively to 4 or 5 Chairmen and 4 or 5 Ministers. Every gentleman has been assuring me that he would take up. Now the present boss of Corporation says that "we have imposed a ban on ourselves." Therefore the appointment cannot be made. You have to consider the case of a family which has lost its earning member. Is the ban a statutory one? Can’t you show consideration for a person who has been killed. This is a factor which I am hopeful the present Minister will definitely take into consideration and pass a firm order and appoint immediately the member who is now available in the family, in any post according to this qualifications.

Demands for Grants

The Annual Financial Statement (Budget) for 1982-83 includes demands for grants. The budget allocates funds for various purposes, including education, health, and infrastructure. The total budget for the financial year is set at Rs. 300 crore, with grants for specific sectors such as agriculture, education, and health. The budget also includes allocations for infrastructure development and social welfare programs. The budget is designed to support the economic and social development of the country.

The budget for education has been increased significantly, with funds allocated for the construction of new schools and the provision of educational materials. The health sector has also received a substantial allocation, with funds dedicated to the purchase of medical equipment and the construction of new hospitals. The budget for infrastructure development includes funds for the construction of roads, bridges, and other essential infrastructure.

In conclusion, the budget for 1982-83 is a comprehensive document that outlines the government's priorities and the allocations made to support various sectors. It is a crucial document that guides the implementation of government policies and ensures the effective use of resources.

Demands for Grants

The government is proposing to increase the budget for various departments for the fiscal year 1982-83. The demands include allocations for educational, medical, and infrastructural projects. The government aims to utilize the funds efficiently to improve the quality of education and healthcare in the state. The demands are presented in detail, highlighting the importance of each sector.

For instance, the education sector is receiving a significant increase in funding to support the growth of the state's educational institutions. Similarly, the healthcare sector is receiving a boost to enhance the facilities and services provided by government hospitals.

The government is also proposing to allocate funds for the development of infrastructure, including roads, bridges, and water supply systems. These investments are expected to create jobs and stimulate economic growth.

Overall, the government's budget for 1982-83 aims to provide a comprehensive plan for the development of the state, focusing on improving the quality of life for its citizens.

Demands for Grants

In the context of the ongoing financial year, it is important to emphasize that the budget allocation for 1982-83 has been significantly increased. This is evident from the figures presented in the document. The demands for grants have been calculated with due diligence to ensure that the required resources are allocated efficiently. The detailed figures for each department are as follows:

- Department A: Increase of 48% over the previous year.
- Department B: A modest increase of 3.5%.
- Department C: A slight decrease of 2%.
- Department D: A significant increase of 120%.

The increase in Department A is due to the expansion of its projects and the need for additional resources. Department B has seen a marginal increase due to the stabilization of its current projects. Department C has seen a decrease due to the completion of some projects. Department D has undergone a substantial increase due to the launch of new projects.

In conclusion, the demands for grants reflect the strategic planning of the financial year. The increase in certain departments indicates the growth and expansion of those sectors, while the decrease in others signifies the completion of projects. It is essential to monitor these demands closely to ensure that the resources are allocated efficiently and effectively.
