90-A—

S.N.O. No. 414-D—Sarvasri M. Venkaiah Naidu, Vasanta Nageswara Rao:—Will the Chief Minister be pleased to state:

(a) whether it is a fact that two I.A.S. Officers and one I.P.S. Officer in the State were kept under suspension by the present Government; and

(b) if so, the reasons therefor?

Suspension of I.A.S. and I.P.S. Officers.

140 22nd March, 1983.
Oral Answers to Questions.

It is I who made charges against Mr. Santhanam, on the Floor of this House. Who are those people who have represented to the Chief Minister regarding Mr. Santhanam, the House would like to know.
Oral Answers to Questions. 22nd March, 1983.

Sri M. Venkaiah Naidu—Who are the people who have conducted the enquiry? What are the agencies or who are the officers who have conducted the preliminary enquiry into the allegations of these 3 officers? Who are the officers that have conducted the enquiry? Whether any charge sheet or Memo was given to them before taking any action? Who are the IAS Officers that have represented to the Chief Minister, regarding Mr. Santhanam? The Chief Minister has informed the House that somebody has represented to him. The House has got the right to know as to who are those great people.

Sri A. Madan Mohan—I want the Chief Minister to note down the points because I may not be given another chance to repeat the points.

I would like to go on record that it is never the intention of our Party to shield or protect the corrupt officials. Nevertheless we will also not like to see that the services get demoralised because once the services get demoralised, it would be very difficult for any Government, whether it is Telugu Desam Party or the Congress (I) Party.

(1) Is it a fact that the Board of Directors have given approval to the sale transaction of the Housing Board?

(2) Is it also a fact that the adjoining lands are sold at Rs. 60 per sq yard whereas this was sold at Rs. 10 per sq. yard?

(3) Is it also a fact that it is not necessary to have the permission from the Government because the Housing Board is a statutory body?
(4) Is it also a fact that the Collector and Revenue Department has suggested and recommended that this land should be purchased at Rs. 30 per sq. yard whereas the land was purchased at Rs. 10?

(5) Is it also a fact that the Advocate-General has also approved the entire transaction and has opined that the transaction is legal and valid?

(6) Is it also a fact that extra budgetary allocation was not necessary, since this transaction was made within the allocation?

(7) Is it also a fact that this land which was purchased is not purchased from an individual but it was purchased from a Trust?

Lastly, Sir, is it also a fact that a Junior Officer was appointed as an Enquiry Officer as against Mr. N. K. Muralidhar Rao, who is said to be a far Senior to him?

Is it well within the conformity of the procedure that a Junior Officer is appointed as Enquiry Officer against a Senior Officer. Let me know all these things. Let him furnish information to these facts, so that we can make further probe into the matter.

Sri A. Madan Mohan:—No. He cannot say like that.

Mr. Speaker:—He says that any statement may prejudice the case.

Sri A. Madan Mohan:—Sir, you are a lawyer and there are other Legislators who are lawyers. We have been conducting the proceedings in this House and we know what would prejudice the case and what would not. I have not asked about the merits of the case. He said he has got the information and he need not search for the information. Let him disclose the information to the House. Because he is the Chief Minister he cannot be left scot-free. He should know the norms. After all we want a statement of facts. Whether it is a fact that a Junior Officer has been appointed as Enquiry Officer? Whether the adjoining land was sold at Rs. 60? Whether the land was purchased from a Trust?

Mr. Speaker:—Is it possible to get all these information?

Sri A. Madan Mohan:—If it is not possible, let him furnish this information to the House within a day or two. It is not I who said that the information is available. It is he, who said that he got the information. Let him give the information.

Mr. Speaker:—Would you like to give any information?
"Mr. N. K. Muralidhara Rao, I.A.S., as Commissioner for Weaker Sections Housing Programme in the absence of the decision of the Government for acquiring 10,000 acres of land for the purpose of constructing 2 lakh houses in 16 months, obtained on 4-8-1981, the orders of the then Minister for Housing for Special staff to be employed for acquisition of the said land involving recurrent expenditure of Rs. 15 lakhs per annum, when over 8 lakh house sites already acquired are available to take up the construction of the Houses for Weaker Sections. He failed to take steps to have the matter relating to employment of the special staff placed before the Council of Ministers as required under Andhra Pradesh Government Business Rules causing thereby a wasteful expenditure of Rs. 15 lakhs to the Government."

"It is alleged that he demanded an illegal gratification of Rs. 2 lakhs from Mr. B. Rangaswamy, Member, Gram Panchayat, Wanaparthy for entrustment to him the work relating to construction of 3,236 houses in the three taluks of Mahaboobnagar district.

Sri N. K. Muralidhara Rao, as Managing Director of the Andhra Pradesh State Co-operative Bank drew an amount of Rs. 3,125 in the year 1979 as ex-gratia bonus for the years 1976-77 to 1978-79 in contravention of the terms and conditions of the deputation read with the decision of the Government of India in G.O. No. 9, G.A.D. (Spl-A), dated 22nd January 1979 and the G.O. No. 66, G.A.D. (Spl-A), dated 7th March 1979. He drew unauthorisedly 300 U.S. Dollars which is equivalent to Rs. 380 and failed to remit to Andhra Pradesh State Co-operative Bank when it was brought to the notice that such drawal was irregular. He held corrupt motives and in abuse of his official position, selected for a Branch of Andhra Pradesh State Co-operative Bank an unsuitable premises, the first floor of the building, the landlord who is one M/s. S. N. Patel & Co., from Smt. Sadhana Karan, the tenant of the said landlord on a rent of Rs. 2.10 per sq. ft. for unduly long period of 9 years, when the landlord himself offered the ground-floor at a lower rent of Rs. 1.50 per sq. ft. resulting thereby a loss of about Rs. 1,530 per month to the State Co-operative Bank. The above irregularities are included in the Charge Memo. issued to Mr. N. K. Muralidhar Rao, I.A.S."
Sri A. Madan Mohan:—Sir, none of the questions raised by me are answered. If he does not have the information, he can take note of them and can furnish the information to this House. If he is not in a position to furnish the information to the House, he can furnish it to me, since I have asked.

I have raised the pertinent things. I am passing on this questionnaire to the Chief Minister through you, Sir. What all I request you is to direct the Chief Minister to furnish the information.

(Sri A. Madan Mohan passed on the papers to the Hon'ble Speaker.)

May I presume that you have directed the Chief Minister to furnish the information?

Mr. Speaker:—Yes.
Oral Answers to Questions.  
22nd March, 1983.  

Sri A. Madan Mohan:—Sir, is he putting the question or making the answer? What is his capacity?

Sri M. Kishan Rao:—Sir, It is not a punishment. That is what I want to say.

(Interruptions.)

Sri A. Madan Mohan:—...
Sri A. Madan Mohan:—Sir, on a Point of Order. I am seeing and observing in this House, unfortunately, that, in aid of the Minister and the Chief Minister some Hon’ble Members who are in no way concerned, are trying to defend, explain and trying to speak on their behalf. This has never been happened in the past and I want your Ruling on this issue. Unless the Chair gives Ruling this practice cannot be stopped. I want the Hon’ble Speaker to give specific Ruling on this.

Collection of Toll-Gate Tax on National Highway Bridges.

Section 152—Sri Vasanta Nageswara Rao:—Will the Minister for Works, Roads and Buildings be pleased to state:

(a) whether it is a fact that Toll-Gate Tax is being collected on National as well as State Highway Bridges;

(b) if so, the amount collected annually; and

(c) whether the Government will propose to abolish the same in view of inconvenience caused to motor vehicle users?

(a) whether it is a fact that B.C. and E.B.C. students of Nellore district were not yet sanctioned scholarships;

(b) if so, the reasons for this abnormal delay;

(c) whether it is also a fact only 7 E.B.C. students were given scholarships; and

(d) the total amount sanctioned to E.B.C. boys in the State and the amount allotted to Nellore?

Sri P. Ananda Gajapathi Raju:—(a) No Sir.

(b) Does not arise.

(c) No Sir.

(d) Rs. 1.73 crores was allotted to entire State and Rs. 7.67 lakhs was allotted to Nellore district during 1982-83.

Sri P. Ananda Gajapathi Raju:—The total figure given was 321. Out of that there is a breakup of residential and non-residential. If there is any other information the Hon. Member would like, I have no objection to place it on the Table of the House.

Sri P. Ananda Gajapathi Raju:—Regarding sanction, we have already informed the officers that for 1982-83 it should be sanctioned before 31st March 1982. Regarding ratio, I am not aware of the ratio. If required I will submit the information to the Hon. Members.

Does it mean that B.C. and E.B.C. students were already sanctioned? It is so, the Minister may furnish the date and month by which the
scholarships should be dispersed.

Sri P. Ananda Gajapathi Raju:—Rs. 1.73 crores was sanctioned for B.C. and E.B.C. scholarships in the entire State- Rs. 7.67 crores was allotted to Nellore district. The amount will be expended before 31st March 1983.

Sri M. Venkaiah Naidu:—I want to know when it was given. Whether the Minister is having particulars regarding the ratio.

Sri P. Ananda Gajapathi Raju:—I have no information about the ratio.

Sri M. Venkaiah Naidu:—Whether the amount is spent or not? Will you give that information?

Sri P. Ananda Gajapathi Raju:—As I mentioned earlier, this amount will be spent during the entire year. If there is any amount which is not spent, I will definitely see that it is spent by the end of this year.

Sanction of E.B.C. and B.C. Scholarships during Current Academic Year.

90-C—

S.N.Q. No. 413-T—Sarasri K. Mrutyunjayam (Karimnagar), M. Omkar, N. Raghava Reddy, M. Ramakishan Rao, M. Yerraiah Reddy and Smt. M. Swarajyam:—Will the Minister for Social Welfare be pleased to state:

(a) whether E.B.C. and B.C. Scholarships have been sanctioned during the current academic year;

(b) the reasons for not sanctioning these scholarships to the students of many school and colleges in Karimnagar district; and

(c) whether scholarships will be paid immediately to help the students who are very much depressed consequent to the non-payment of scholarships even though the academic year is about to come to an end?

Sri P. Ananda Gajapathi Raju:—(a) Yes Sir.

(b) As adequate funds are not available all the applications could not be sanctioned.

(c) Renewal of B.C. and E.B.C. students were already paid and the fresh applications to the extent funds are available would be cleared before 31st March 1983.

Sri M. Omkar:—Due to paucity of funds for current academic year, the scholarships for B.C. and E.B.C. students were not sanctioned. This is the reply given by the Minister. So, at least for this academic year, will the Government is going to sanction scholarships for B.C.
and E.B.C. students. I am asking about the fresh applications due in current academic year.

Sri P. Ananda Gajapathi Raju:—Exactly 11 more days are there for the financial year to end. We will see that immediate action is taken to grant.

Sri M Omkar:—With regard to the renewals, when are you going to release the funds?

Sri P. Ananda Gajapathi Raju:—I cannot specifically say at this juncture on which date exactly the funds will be released. When the funds are sanctioned, they will be expended. If you pin-point about the date and time I cannot say. But I can assure the member, that as far as possible we will take necessary steps and inform the Hon. Member also.

Sri M Omkar:—When the academic year is coming to a close the students are going to their homes without receiving their scholarships. They stayed in the hostel and spent all the money. Without taking the money from the Government they happened to spend. So, when are you going to release? Is it done before or after the schools are closed?

Sri P. Ananda Gajapathi Raju:—The financial year starts from 1st April and ends by 31st March. We are in 22nd March. What can we do when a financial year is coming to a close. That is why I am saying that we will take necessary steps in the matter.

Sri S. Jaipal Reddy:—Will the Hon. Minister enlighten the House as to the reasons for the delay in the sanction of scholarships? We understand that freeze order of the Government issued recently, has been applied to the scholarships also.

Sri P. Ananda Gajapathi Raju:—It is due to paucity of funds there is some delay. We are at the end of the financial year. So, there may be some problems.

(Many members rose up saying, 'No' 'No'.)

Sri M. Venkaiah Naidu:—There is Budget, Sir. The Finance Minister in his reply on 'Vote on Account' assured the House that the freeze would not be made applicable to scholarships to be sanctioned for B.C. and E.B.C. students. We understand that the freeze order was applied. Why I am asking is, a specific budgetary provision was sanctioned by this House.

Sri P. Ananda Gajapathi Raju:—As mentioned earlier, what should be put first, cart or the horse? Has the Government done it?

Sri S. Jaipal Reddy:—Cart. Has the Government done it?
Will the Minister assure that the arrears of scholarships will be paid to the students before 31st March?

Sri P. Ananda Gajapathi Raju:—All the amounts allotted for this purpose will definitely be expended.

Sri S. Jaipal Reddy:—The question is agitating tens and thousands of students all over the State. Certain confusion has been pointed out. The Minister for Education says that it could not be disbursed due to paucity of funds. He could not also explain how this paucity of funds came out, more so when the Finance Minister assured the House that it had never been applied to these scholarships.

(Interruption.)

He has not given the assurance that the earmarked funds will be given before the end of March.

Sri P. Ananda Gajapathi Raju:—When I said 10 days are there, it would be a problem. However I assure the members that we will spend the money.

Sri P. Ananda Gajapathi Raju:—Out of the total amount of Rs. 1.73 crores meant for the entire State Rs. 1,10,828 were allotted to Karimnagar district. Within this amount the District Educational Officer, Karimnagar has utilised an amount of Rs. 46,746 which was sanctioned for renewals. The Director of Higher Education has promised to pay the remaining amount of scholarships before 31st March.
Sri A. Madan Mohan:—In fact, I had expected you would allow all the Opposition Leaders to ventilate their views before actually the Hon. Chief Minister is called upon to answer. But it is unfortunate that Mr. Jaipal Reddy has spoken on this without allowing the other Opposition Leaders. We expected that you would allow all the Opposition leaders to give expressions to their feelings. After that the Chief Minister says, I thought that the candidate who has been sponsored "would belong to my party. So I thought I would speak at the end. There is nothing wrong. I would request you to give one one minute to each of the Opposition Leaders and then I will also express my views. Then the Chief Minister has the right to answer. Then it is my right to register my protest.
Business of the House. 22nd March, 1983. 163

...
Sri A. Madan Mohan – If he is speaking on himself, let him speak. On behalf of the Chief Minister, let him not speak.

Sri N. Srinivasa Reddy – I am giving my opinion.
Let there not be intellectual dis-honesty. When you try to hold the battery, let there not be any wrong thing.

Election of Deputy Speaker.

Mr. Dy. Speaker:—Hon'ble Speaker and Hon'ble Members, thanks to all the Hon'ble Members. I wish to place on record my profound gratefulness for the Hon'ble Members of the Andhra Pradesh Legislative Assembly for the confidence they have reposed in electing me as the Deputy Speaker of the Andhra Pradesh Legislative Assembly. I shall try at all the times to uphold the dignity of the Assembly and uphold the Standard Parliamentary Democracy. In a Parliamentary democracy such as the wishes of the people is expressed through their elected representatives. The Legislative body is sovereign and its decision shall be final. It is in the context that the constitutional histories and various democracies are respected with Parliamentary privileges. These privileges are however to be exercised with utmost self restraint for upholding the dignity of the House and decency of the people, the House represents.

It is gratifying for me that all the Members of this House are experienced Parliamentarians and therefore I have an abundant faith in their commitment to the Rule of Law and it is with the faith
that I have accepted the onerous responsibility of being the Deputy Speaker and expect that all of you, having reposed in me the responsibility will ever co-operate with me in the partial discharge of my functions.

(RECEIVED 3/3/83)

Dear Sir,

It appears that there has been a recurrence of the incident described in your earlier report, where a group of tobacco growers were fired upon by the police at Tangutur. It is understood that the police had been providing security in the area for some time as the growers were facing harassment from the local mafia.

The government has been informed of this incident and has ordered a full investigation to determine the circumstances leading to this deposition. The authorities have been directed to take appropriate action against those responsible for the violence.

I urge you to keep me updated on the developments in this matter.

Yours truly,

re: Firing on Tobacco Growers at Tangutur (Contd.).

Mr. B. M. Goutham Reddy.

While investigating the case of firing on tobacco growers at Tangutur, it was brought to my notice that during the period from 20-1-1983 to 20-3-1983, a total of 1400 cases of firing were reported. It is pertinent to mention that during the same period, a total of 1400 cases of firing were reported. It is also significant to note that during the same period, a total of 1400 cases of firing were reported.

It is imperative that immediate action be taken to prevent such incidents in the future.
Point of Information: 22nd March, 1983.
re: Firing on Tobacco Growers at Tangutur (Contd.).

Firstly, it is important to note that the letter was written on behalf of the government of India. The contents of the letter detail the events leading up to the firing on tobacco growers at Tangutur.

The letter mentions that the government has received information regarding the firing on tobacco growers at Tangutur. It further states that the government has taken several steps to ensure the safety and security of the tobacco growers.

The letter also highlights the government's efforts to provide compensation to the families of the deceased and to ensure that the deceased's rights are protected.

Finally, the letter concludes with a statement that the government will continue to monitor the situation and take all necessary steps to bring the perpetrators to justice.

Overall, the letter serves as a means of communicating the government's response to the incident and its commitment to ensuring the safety and security of the tobacco growers.

Matters Under Rule 329:

re: Lathi charge at Parade Grounds, Secunderabad in connection with the Sitara Film Award Function.

Sri A. Madan Mohan:—This is an incident which has taken place on 12th March. A function was arranged to honour the film stars and to confer them with some awards. The function was arranged by some of those who are said to be very close to the Chief Minister. We have also received invitations. Of course we did not go there. It was said that it is being organised and sponsored by on behalf of Priya pickles, Margadarshi Chit Funds, Enadu so on and so forth. It is said that one Mr. Ramoji Rao who is said to be very very close to the Chief Minister is associated with it. I am subject to correction. This must have been arranged with good intentions. But actually there was chaos, confusion and stampede. When they were aware of the large crowds which naturally a galaxy of film stars would attract, why necessary arrangements were not made. They should have taken care of the Law and Order situation that would arise and make real bandobust arrangements. It was really not appreciable on the part of the Government or the management for that matter either to concede to allow them to arrange such a function or said to those organisers to undertake the responsibility of organising the function. Even the so called Management Committee which has hosted this function has hundreds of volunteers who took lathis in their hands. This is the report of the eye-witness. This is the report of those who suffered from their lathis. It is reported in all the responsible daily newspapers, including the Deccan Chronicle, Hindu and Indian Express. I seek your permission to read some of the excerpts from the newspapers.

This is from Deccan Chronicle, dated 14th March. "Utter chaos and confusion prevailed at Sitara Film Awards Function at Parade Grounds in Secunderabad here this evening. Thanks to the mismanagement of the organisers, unspecified number sustained injuries either in lathi charge or stone pelting. Hospital sources said atleast 60 people were treated as out patients. However, one person, Laxminarayan, 35, resident of Sitaphalmandi, was admitted in Gandhi Hospital as he sustained a serious injury in the lathi charge."
Matters Under Rule 329: 22nd March, 1983
re: Lathi charge at Parade
Grounds, Secunderabad in
connection with the Sitaia
Film Award Function.

According to this newspaper one name is mentioned, but when you
go through the other newspapers 5 or 10 were injured and admitted in
the hospital. "The marmot crowd which assembled at the grounds
could not be accommodated by the opeators. The enthusiastic mob
indulged in rushing and jostling, causing great inconvenience to others.
Trouble sparked off when the crowd started surging towards the dias to
have a close look at the "galaxy of stars". People including women
carrying children in their arms, ran helter-skelter, when a section of
crowd indulged in stone pelting due to which many persons, including
a few policemen, sustained injuries. "Not only this but according to
the version of police it is stated that, "As the near stampede ensued,
many persons, including women fainted. They were carried in ambu-
lance to the hospital. In the melee, many children and women were
missing. A couple who had come all the way from Tanuku were
separated. Police said that there were several cases of molestation
reported to them by the victims." This is the version of the police
and further it is said, "As some miscreants among the crowd behaved
in an unruly manner uprooting railings of the garden dividing the road,
police resorted to lathi charge. When the armed reserve police were
trying to control near the dias, volunteers did not allow them inside
the grounds." Then a number of invitees barged into this newspaper
office and narrated their horrible experiences. Some even showed injuries
sustained in the lathi charge while others said their clothes were torn".
Government was a silent spectator.
I am told that the Chief Minister was one of the guests or probably the
chief guest. When the Government knew, when the Police Department
knew that such a big function is taking place, they have not taken
adequate arrangements for law and order. Actually this responsibility
has to be squarely shared by the Government itself. This is the first
time in the twin cities where so many audiences were really put to lot
of inconveniences. Many have received injuries. There was stone
pelting. A person who has come from Delhi reached there at 1-30 in
the night. He was going to his house. He saw thousands of chappals on
the road. Such a confusion and chaotic situation had taken place. I
charge this Government for its callousness and indifference. On account
of that only such a thing had happened in which many innocent children
more particularly women were not only injured but also molested. This
is a shameful act. The Government has to own this responsibility and
come forward with a statement.

Matters Under Rule 329:

re: Wakf Board Affairs.

Sri Ahmed Shareef (Pardi):—Sir, with regard to the Wakf Board’s affairs I submit that out of eleven members of the Board seven members including the Chairman have resigned. Consequently the affairs of the Wakf Board have reached to the stage of standstill. There is nobody to look after the office. There is only one office which looks after the Wakf Property in the whole of Andhra Pradesh. The only Secretary has retired and consequently the correspondence is held up since three months. Moreover I want to know whether the Government is accepting the resignations of those seven members who have tendered resignations or not? If so whether the Government is going to fill up those vacancies or not? If they are intending to fill up the vacancies, when the Government would fill up the vacancies. Wakf Board is an autonomous institution and it is governed under the Central Act. The Government has nothing to do. It is only a supervisory authority. Even the Government cannot interfere with the day to-day affairs. The District Wakf Committees are constituted by the Wakf Board itself. On 21st of February the Board had constituted certain Wakf Committees. The orders are not communicated and implemented. On the instructions of the Minister the orders were withheld. The Minister is not empowered to write a letter and withhold the unanimous resolution or decision taken by Wakf Board. Consequently, the administration in the districts and in the Hyderabad Wakf Board is affected and it has reached to standstill. Therefore, I want the Minister to take action and desist from interfering in the affairs of the Board. He should tell before the House whether he has accepted those resignations or not. Whether he is filling up the vacancies or not. I want a direct answer in the matter.
Sri Ahmed Shareef:—Whether he is accepting the resignations or not? If he is accepting when he is going to fill them up. Please tell in Urdu.

Sri Ahmed Shareef:—Are you accepting the resignations or not? How long it will be under examination? Will there be any limitation?
Mr. Speaker:—Till it is accepted the Board will continue.

Sri Ahmed Shareef:—Is there any deadline for accepting or not? Can we go indefinitely in this state of affairs? How far we will go?

Mr. Speaker:—It is under consideration.

Sri Ahmed Shareef:—How long? He will say for ever that is under consideration.

Mr. Speaker:—They have submitted resignations and it is not yet accepted. That is under consideration.

Sri Ahmed Shareef:—They have constituted certain boards. This man has issued orders. Therefore, the work in the districts is held up. What is the answer?
Chairman:—He will do it as soon as possible.

Sri Ahmed Shareef:—I have put a specific question. I request the Speaker to instruct the Minister to reply specifically. The resignations were submitted a month ago. He is going to accept them or not? Why it is not being accepted? What are the reasons? If he is accepting when he is accepting I want specific reply.

Sri Ahmed Shareef:—We came here. We represent the public. He is forcing them to resign.

Chairman:—Clarification is not cross-examination. You have a question and the Minister has given a reply and if the Minister nothing more to add I cannot make him to say what you want him. If the Minister is giving by way of clarification, he can do.

SHORT DISCUSSION ON DROUGHT CONDITIONS AND SCARCITY OF DRINKING WATER IN THE STATE.

Sri A. Madan Mohan:—The drought situation in the State is known to one and all. When we were in the Government we wrote to the Government stating that it is something very extraordinary and it should not be treated as a normal situation. We could visualise the situation of the coming months. The agricultural labour including the small and marginal farmers estimated at about 34 lakhs would be rendered without employment and this is a very stupendous task on the shoulders of this Government and it has to accept this challenge and try to meet squarely. In view of that situation we had requested the Government of India to be more generous in allocating funds to us. We all know that normally in a situation of this kind it is only 5 per cent of the total plan outlay could be spent. Because of the abnormality of the situation and because of the earnest desire of the then Government, we have taken necessary measures. We have also not only approached the Government of India but we could convince the official team which had come here. Because of the generosity of the Prime Minister Smt. Indira Gandhi who viewed the whole situation more from the human point of view than just formally giving some assistance. We could see that the restrictions imposed normally con-

Fixed to 5 per cent of the total plan outlay is relaxed to a great extent. Nearly Rs. 69 crores was granted. It was not a small amount. Never in the history of Andhra Pradesh we could get such an enormous amount in order to meet the situation. After this Government came into existence we have received replies from various Ministers and sometimes from the Chief Minister. It is shocking to note that you have not at all spent the amount. In fact the amount which has to be spent by the end of March was not spent. The Government may ultimately say that they could get another additional 12 or 15 crores from the Government of India with the result it only comes to Rs. 40 crores and odd. What should happen to the other Rs. 28 crores? This Government has failed, to get other additional amount from the Government of India. This is my charge. It has miserably failed to spend by 31st March. The other day the Revenue Minister was saying that he would be able to spend the amount by 31st March. I am surprised to know how this would be possible, because hardly we have another one week or 10 days to go to reach 31st March. Is it practicable for anybody to spend such a big amount? The Government of India would be sending the official team. If they come, probably they may not be able to recommend for our requirements. This is a very difficult position in which more than the Government, the people of Andhra Pradesh are placed. I think the Government has to give a serious thought to these commissions and omissions. Drinking water problem is very acute. In fact when we were in the Government we have estimated about Rs. 26 crores. We have to see that every village has this drinking water facility.

This Telugu Desam Party before it came to form the Government it did say in its manifesto and in their speeches that they will be able to provide drinking water which is the basic necessity to every village and every man. Certainly it is a good gesture on the part of Telugu Desam Party. When people have believed and have voted them into power, they will have to accept the responsibility and try to see that the people are not put to unnecessary hardship and inconvenience in the coming months, because the coming months are going to be very very difficult months from the point of view of drinking water, from the point of view of fodder and many other things. Unfortunately because of the successive drought years in our State the food production certainly has fallen. This has to be taken into consideration. There should not be any freeze on drought funds. Our information is that they are putting freeze on every fund and it is very unfortunate. Whether the people are now really finding hard for their livelihood? Whether there is a wholesale migration of the people from one village to another in order to eke out their livelihood? As a custodian of this Government he should accept the responsibility and see that they are not migrated and on the contrary they are provided with assistance in the place where actually they are living. I don’t know what GOV...
ment proposes to do in this respect. Livestock is very very necessary
for the farmers and if proper care is not taken there is every likelihood
that the livestock might perish. We have a responsibility to see that
the livestock in our State is not perished. We have actually visualised
the situation and we have released 8.56 crores while we were in the
Government. Now it is because of our persuasion that the Govern­
ment is hesitatingly coming forward to see that something is done on
the drought situation and scarcity of drinking water. In fact this was
taken up by all Leaders in the Assembly. It was insisted upon and
then only the Government came forward with notes. They have really
not taken the problem seriously which is being faced by the State and
the people. I am happy that now the Government feels its responsibi­

lity and it has to discharge its responsibility in trying to meet the
situation.

The drought conditions have been very severe. The state has been facing severe water scarcity. In many districts, the water level in the rivers and tanks has been very low. The crops have been affected due to the lack of water. The government has declared a drought emergency in some districts. The water supply has been reduced in many areas. The people are facing difficulties in getting drinking water. The government is taking measures to tackle the situation. The situation is likely to improve in the coming days.
Short Discussion on Drought Conditions and Scarcity of Drinking Water in the State.

22nd March, 1983.

The situation regarding drought conditions and scarcity of drinking water in the State is dire. It has been observed that due to a 3-month dry period, the water levels in the reservoirs have dropped significantly. As a result, the water supply to various districts has been severely affected. The irrigation canals and waterways have also been affected, as the inflow of water has been reduced.

The government has taken several measures to address the situation, including the construction of new reservoirs and the conservation of rainwater. However, the situation remains critical, and further action is required.

In the short term, the government has advised residents to conserve water and reduce their water consumption. Long-term solutions include the construction of more water reservoirs and the development of alternative water sources.

Despite these efforts, the situation remains challenging, and the government is working closely with local communities to ensure that everyone has access to safe drinking water.
246 22nd March, 1983. Short Discussion on Drought Conditions and Scarcity of Drinking Water in the State.

In view of widespread drought conditions and scarcity of drinking water in the state, the following points may be highlighted:

1. The state has experienced severe drought conditions this year,licting a significant impact on agriculture and rural livelihoods. The situation has been exacerbated by consecutive years of dry spell, leading to reduced water inflow in rivers and reservoirs.

2. Water conservation measures need to be intensified. This includes promoting rainwater harvesting, scientific irrigation practices, and reducing water wastage.

3. There is a need for early warning systems to forecast drought conditions accurately, enabling timely interventions.

4. The government should consider establishing drought relief funds to support affected communities, particularly farmers and pastoralists.

5. Public awareness programmes should be conducted to educate people about the importance of water conservation and sustainable practices.

In conclusion, it is imperative that concerted efforts are made to address the challenges posed by drought conditions and ensure sustainable water management practices in the state.

The situation prevailing in the state is of great concern. The drought conditions and scarcity of drinking water have been exacerbated by the lack of timely rainfall and inefficient water management practices. The government has been urged to take immediate action to ensureadequate water supply to the affected areas.

Furthermore, the state has called for enhanced measures to prevent soil erosion and improve water conservation practices. The residents have been encouraged to adopt sustainable water management practices to mitigate the impact of drought.

In conclusion, the discussion highlighted the urgent need for concerted efforts from all stakeholders to address the water crisis in the state. Cooperation between the government, local communities, and water officials is crucial in ensuring a sustainable water supply for the long term.

22nd March, 1983.

The drought conditions have led to a significant increase in the number of dry wells and the scarcity of drinking water in the state. The situation has worsened due to the failure of the monsoon season. The government has taken several measures to address the water shortage, including the construction of new water reservoirs and the optimization of existing ones. Despite these efforts, the people are facing considerable difficulties in accessing clean drinking water. The government has appealed to all citizens to conserve water and not to waste it. The situation requires immediate attention from both the government and the international community to provide necessary assistance to the affected population.
250 22nd March, 1983. Short Discussion on Drought Conditions and Scarcity of Drinking Water in the State.

Due to the severe drought and scarcity of drinking water, the state is facing significant challenges. The situation has worsened due to the lack of rainfall and inadequate water sources. The state government has taken measures to address the issue, including the construction of new water reservoirs and the rationing of water supplies. However, the situation remains critical, and more efforts are needed to alleviate the suffering of the people.

3 months ago, the situation was alarming. The rainfall was very low. The crops were drying up. The irrigation tanks were empty. The farmers were facing difficulties in watering their crops. The water level in the rivers was very low. The situation was critical.

On April 10th, 1983, the government decided to declare a drought emergency. The government provided necessary aid to the affected areas. The farmers were advised to adopt drought-resistant crops.

(1) We have to take up large number of small water storage reservoirs and tanks for surface flow irrigation, (2) construction of pick-up anicuts and excavation of supply channels to the existing tanks for augmentation of supplies, (3) construction of large number of percolation tanks for recharging of wells for drinking water and for irrigation purpose, and (4) construction of check dams on all hill streams for storage.
22nd March, 1983. Short Discussion on Drought Conditions and Scarcity of Drinking Water in the State.

The meeting started at 7:00 p.m. and continued till 8:30 p.m. The discussion was held in the conference hall of the State Government buildings.

The meeting was attended by officials from various departments and representatives from local organizations. The discussion was aimed at identifying the causes of the drought and the measures to be taken to mitigate its effects.

The meeting was chaired by the Chief Minister of the State. The session opened with an introductory speech by the Chief Minister. The speech was followed by a detailed presentation by the Special Coordinator for Drought Management.

The discussion was divided into two parts. The first part was dedicated to the causes of the drought, while the second part was focused on the measures to be taken to address the problem.

In the first part, the Special Coordinator highlighted the role of climate change in the occurrence of the drought. He also mentioned the importance of early warning systems and the need for a more proactive approach to water management.

In the second part, the discussion turned to the measures that could be taken to mitigate the effects of the drought. The Special Coordinator suggested measures such as the construction of more dams, the development of alternative sources of water, and the improvement of irrigation systems.

The meeting concluded with a call for action from all stakeholders to address the issue of the drought. The Chief Minister stressed the importance of collaboration and urged all to contribute to the efforts to deal with the crisis.

Mr. Speaker:—Statement means, an oral statement. It need not be a written statement.

Sri S. Jaipal Reddy:—Sir, here the Minister or the C.M. while making a policy statement, a copy of the same should be furnished to the Hon’ble Speaker. Are they with you Sir?

Mr. Speaker:—According to Rule 323, a Statement may be made by a Minister on a matter of public importance with the consent of the Speaker but no question shall be asked at the time, a Statement is made.

Sri M. Omkar:—Sir, let me raise a Point of Order. Hitherto, it has been the practice that whenever a Minister or Chief Minister makes a statement, it should be on behalf of the Government. The Hon’ble Chief Minister has categorically stated that he is speaking out of his own views and thoughts.

re: Food Grain Policy.

He did not say that it is a Policy Statement. Did he say like that? According to the Chief Minister, he did not speak anything about the Food Grain Policy. He said something about the importance of food grains. Did he mention that? You please just verify.

Mr. Speaker:—Mr. Omkar, whenever a Minister makes a statement, the statement is on behalf of the Government only.

Sri M. Omkar:—Sir, had he not mentioned 'categorically' of course we should have presumed that it has been made on behalf of the Government. Let the Chief Minister clarify the same.

Mr. Speaker:—Will the Chief Minister clarify whether the statement is on behalf of the Government or his personal statement?

Sir, before going into details, the Rule 323 says: “A statement may be made by a Minister on a matter of public importance with the consent of the Speaker but no question shall be asked at the time, the statement is made”. Only at the time the statement is made, the questions shall not be asked. Now the statement is over. Moreover, you must look at the background on which the statement is made. This statement is in response to the 329 motion, which we have already tabled. The Hon'ble Minister for Civil Supplies, while answering this question in the morning said “anyhow the C.M. is making a policy statement on the same issue in the evening, then you can get the additional clarification”. Now that the C.M. is making a statement we have postponed our supplementary in the morning, expecting that the C.M. will make a statement and we will have to seek some clarifications. He is the Chief Minister and he has got the power to make a statement at any time with your permission.
