ORAL ANSWERS TO QUESTIONS
Purchasing of Microfilm by Archives Department to Film All Telugu Dailies

51—

*609 —Q.—Sri M. Venkaiah Naidu(Udaigiri):—Will the Minister for Education be pleased to state:

(a) whether it is a fact that the Archives department brought microfilm to film all the Telugu dailies and preserve; and

(b) if so, the number of dailies microfilmed so far?

Minister for Education (Sri P. Ananda Gajapathi Raju):—

(a) Yes, Sir.

(b) (1) Andhra Patrika(Daily)—1914.

(2) Sadhana Patrika (Weekly) from 14-8-1926 to 25-3-1950.

(3) Krishna Patrika (Weekly) from 1-2-1902 to 31-12-1929.

(4) Sri Vijayavani Newspaper (Weekly) from 2-10-1940 to 4-6-1941.

*An asterisk before the name indicates Confirmation by the Member.

J. No. 43. (181)
Sri P. Ananda Gajapathi Raju:—We have no mobile unit and most of the old dailies were from Vijayawada and Madras. Therefore, it is not possible to microfilm them. I have given a list of those papers which are in Hyderabad.

Sri P. Ananda Gajapathi Raju:—Till now the policy is to microfilm those papers which are old in nature for reference to certain valuable information. Even the newspapers that have come out are brought under this category.

Sri P. Ananda Gajapathi Raju:—Definitely, we will consider the suggestion made by the hon. Member.

Increase of strength of pupils in schools in R. R. Dist. due to Introduction of Mid-day Meals Scheme

52—

*408 Q.—Smt. Uma Devi (Medchal);—Will the Minister for Education be pleased to state:

(a) whether it is a fact that the strength of the attendance of the pupils in schools in Ranga Reddy District has increased due to the introduction of Mid-day Meal Scheme;

(b) if so, is there any proposal to increase the teaching staff also proportionately; and

(c) if not, the reasons therefor?

Sri P. Ananda Gajapathi Raju:—(a) Yes, Sir.

(b) Yes, Sir.

(c) Does not arise.
Sri P. Ananda Gajapathi Raju:—The question was relating only to schools in Ranga Reddy district. To the extent that the mid-day meal scheme has come there has been an increase of 12,452 pupils in the schools.

Sri P. Ananda Gajapathi Raju:—The mid-day meal programme is in progress.

Sri P. Ananda Gajapathi Raju:—The question was specific as to whether there has been an increase in the enrolment due to introduction of mid-day meal scheme. If the member wants further information in this regard about mid-day meal scheme itself he can put a separate question.

Sri P. Ananda Gajapathi Raju:—The Government has sanctioned 14,600 additional posts of teachers out of which 2,117 are language pandits. We are converting certain single teacher schools into two-teacher schools. To that extent we will take action.

Sri P. Ananda Gajapathi Raju:—This question came before this Assembly once. I had mentioned that the appointments would be completed by the end of next month.
Functioning of World Famous Arabic Institution "Dayaratul Ma arif-ul Osmania" in Osmania University

(a) Whether it is a fact that in the Osmania University one World famous Arabic institution called "DAYARATUL MA ARIF-UL OSMANIA" is existing;

(b) if so, from which year;

(c) the functions and objectives of the said institution;

(d) whether it is also a fact that the said institution is dormant;

(e) if so, the reasons therefor; and

(f) the action taken thereon?

Sri P. Ananda Gajapathi Raju.—

(a) Yes, Sir. The correct name of the Institution is "Dairatul Maarifil-Osmania" which is an independent institution.

(b) 1888 A.D.

(c) The aims and subjects of the institution are :-

(i) To investigate, collect and preserve such old and rare manuscripts in arts, science and religion in classical Arabic as are getting extinct or lost.

(ii) To give preference to the publication of such works of recognised authors upto the 4th Century A.H. (10th Century A.D) as acknowledged tobe the original source of reference on different subjects.

(iii) To publish critical editions of such text of eminent authors to the end of the 8th Century A. H. (14th Century A.D) as have won universal recognition in the fields of arts, science and religion.

(iv) To issue the publication of the Daira free of cost or to give them on concession rates to special scholars, experts, authors and teachers who are engaged in research and to recognised national Institutions, Universities and literary academies.

(d) No. Sir.

(e) & (f) Does not arise.
Oral Answers to Questions. 20th August, 1983. 185

Sri M. Omkar:—This is a very ancient and reputed organisation. The Minister while replying to (d) said "No" but it is domant. Has the Government received any complaint or representation in this regard?

Sri P. Ananda Gajapathi Raju:—We have not received any complaints till today.

Sri M. Omkar:—There are many complaints. The main complaint is that the authorities who are responsible for running this institution are not evincing any interest in running this institution and the people who are placed in charge of this institution are not well-versed in the Arabic language or they are not so much interested in developing Arabic language. So people who are really interested and well-versed in these matters are being neglected and they are thrown out. So in order to make this institution active what steps the Government wants to take?

Sri P. Ananda Gajapathi Raju:—If the hon. Member feels that certain irregularities are there he can definitely bring them to our notice; we can take action.

Sri M. Omkar:—I myself made a representation. The previous Minister who received it promised that he would look into the matter. Since then no positive steps have been taken. My main anxiety is this is an important and ancient institution and Government should come forward sponsor steps without giving scope for factionalism and prejudice should not prevail in the institution. It should be run properly.

Sri P. Ananda Gajapathi Raju:—The Committee which is appointed to oversee the activities of this institution consists of a number of eminent people and definitely if the hon. Member has any complaints in this regard, he can bring to our notice and we will take action.

Sri N. Indra Sena Reddy:—Is it a fact that this institution is getting aid of petro-dollars from Arab countries?

Sri P. Ananda Gajapathi Raju:—This is not part of the question. He can put a separate question.

Mr. Speaker:—Question No. 54 is postponed at the request of the member.

Derecognition of Intermediate Certificates of Andhra Pradesh by Punjab University

60-A—

S.N.Q.No. 2580-H:—Sarvasri M. Venkaiah Naidu, M. Rama Krishna Rao, M. Omkar, N. Raghava Reddy, M. Yerraiah Naidu and Smt. Mallu Swarajyam:— Will the Minister for Education be pleased to state:

(a) Whether it is a fact that the Punjab University has cancelled recognition to the Intermediate Certificate of Andhra Pradesh;

(b) Whether it has come to the notice of the Government that many of the Andhra students who were given admission in that University were subsequently rejected admission on this account; and

(c) if so the steps taken by the Government?

Sri P. Anandagajapathi Raju:

(a) No sir., the Punjab University re-equated the 12th Class examination under (10 2 3) scheme of all the States including that of Andhra Pradesh to the P.U.C. examination of Punjab University in May, 1980.

(b) The admission of 4 students of Andhra Pradesh of Engineering who were provisionally admitted in the Punjab Engineering College, Chandigarh was cancelled since the Intermediate Examination of Andhra Pradesh is not equivalent to the Pre-Engineering of the Punjab University which is the qualifying examination for admission to B.E. course.

(c) The Controller of Examinations of the Board of Intermediate Education has been duputed to Chandigarh to ascertain the reasons for the removal of the four students and to assist the Advocate engaged by the special Commissioner, New Delhi in the Writ Petition filed by the students against the decision of the Punjab University. The Writ Petition filed in the Punjab High Court has since been dismissed on the ground that the University is competent to equate or recognise any examination of other Boards/Universities to that of the examinations conducted by that University. Earlier the High Court of Punjab and Supreme Court also pronounced the same verdict in similar Writ Petitions filed by students of other States. However, the State Government are pursuing with the Ministry of Education Government of India and the Punjab Government for readmission of the four students on compassionate grounds.

re: Admissions into Engineering and Polytechnic Colleges in the State:

Minister should take necessary steps. 

Sri P. Ananda Gajapathi Raju:—I will definitely do the same.

Sri M Omkar:—At what stage, our Government's request is and whether the Punjab University authorities have accepted our plea? How many students were removed and at what stage is our request?

Sri P. Ananda Gajapathi Raju:—4 students were removed from the course and we are taking steps for their restoration.

Sri M. Omkar:—Already 3 months were over,

Sri P. Ananda Gajapathi Raju:—As soon as they were removed, we have filed in the Punjab and Haryana High Courts and now the writ petitions were decided and we are taking up the matter with the Government.

Sri P. Ananda Gajapathi Raju:—Mr. Speaker, Sir, as I mentioned, definitely, I will place it on the Table of the House.

Matters Under Rule 329:

re: Admissions into Engineering and Polytechnic Colleges in the State.
20th August, 1983.

Matters Under Rule 329:

re: Admissions in Engineering and Polytechnic Colleges in the State:

Sri P. Ananda Gajipathi Raju:—Sir, According to the Rules issued by the Government in pursuance of the Ordinance No. of 1983, the Common Entrance Examination for admission to the various Engineering Colleges in the State was conducted on 22-5-1983. The results of this examination were published on 6-8-1983. Based on the ranking assigned at this examination, admissions have already been completed to all the University Engineering Colleges and the Regional Engineering College, Warangal by 4-9-1983. The representatives of all these Colleges met at a Common venue i.e. Osmania University Engineering College, Hyderabad for conducting the interviews for finalising the admissions as stated above. The class-work for the first year students already commenced in some of these institutions.

2. The Convenor of the Common Entrance Examination Committee is the competent authority to call for applications for admission into B.E./B. Tech. Courses in the Private Engineering Colleges and to select candidates according to merit. Mere appearance at the Common Entrance Examination does not entitle a candidate to be considered for admission automatically to any of the Engineering Colleges in the State, unless he/she (i) applies for admission to the Colleges concerned; and (ii) satisfies all the admission requirements stipulated by the concerned University/Institution.

3. Some of the managements of the Private Engineering Colleges filed W. Ps against the Government. All these have since been dismissed. An advertisement has been issued by the Convenor calling for applications to the Private Engineering Colleges. The last date for receipt of applications has been fixed as 31-8-1983. The interviews for finalising the admissions are scheduled to be held during the 2nd and 3rd week of September, 1983.

4. It can thus be seen there is no question of failure on the part of the Government to issue specific instructions suggestions.

5. Regarding Polytechnics, the department of Technical Education has issued notifications for admission into various diploma courses in Polytechnics in the month of May, 1983 fixing the last date for
Matters Under Rule 329:
re: Admissions into Engineering and Polytechnic Colleges in the State.

Receipt of applications as 20-6-83. In the meanwhile the Government have issued orders that admissions into Polytechnics whether managed by Government or Private body for the year 1983-84 be made through District Level Selection Committees headed by the Joint Collectors of the concerned districts in order to have uniform academic programme for Government and Private Polytechnics for the year 1983-84. Some of the principals have represented that many parents and candidates have approached them for further extension of date in view of Government's decision to give 3 grace marks in S.S.C. and Intermediate Examination. Therefore, the last date was extended upto 30-7-1983.

6. In the meanwhile, Private managements of Polytechnics filed W. Ps. in the Andhra Pradesh High Court challenging the admission rules made under the Andhra Pradesh Educational Act, 1983. Honourable High Court in the order dated 23-9-1983 ordered that applications may be received by Selection Committee but the admissions shall not be finalised. Therefore the Selection Committees could not proceed further. However on obtaining Government Pleader's opinion on 19-8-1983, the convenors of District Level Selection Committee have been asked to chalk out the suitable admission programme for notifying first and second lists and waiting lists for admission in Government polytechnics which should be concluded by 19-9-1983 so that the regular class work should commence from 20-9-1983. It was also informed that the selection of candidates in Private Polytechnics will be taken up only after the decision of the Honourable High Court on W. Ps. filed by Private Managements.

Sri P. Ananda Gajapathi Raju:—Sir, the matter has come before the Hon'ble High Court. The Hon'ble High Court in the order dated 23-6-1983 ordered that applications may be received by Selection Committee but the admissions shall not be finalised. That is the Court direction and we have to honour it.

re: Implementation of Midday meals programme.

Minister for Education (Sri P. Ananda Gajapathi Raju)

Government in their effort to streamline the Mid Day Meals Programme has introduced certain modifications in the implementation and coverage aspects. Leaders of Political Parties were also consulted in this matter. The first, i.e., implementation was modified to relieve the Teachers of the additional burden of Supervising the Programme as several complaints were received that the teachers are wasting their time on this Programme. The coverage was restricted to avoid wastage and prevent malpractices and not to extend the Programme to that Section of people which does not need it.

The modifications include that children of Scheduled Caste, Scheduled Tribe, Backward Classes and children of parents whose income does not exceed Rs.3,000/-per annum have been made eligible to participate in this programme. To relieve the burden on the teachers the local functionaries like the Sarpanchas, Mahilamandals, Voluntary Organisations, Parents' Committees etc., were advised to take up this Programme. Collectors were also asked to implement the Programme as per the local convenience and facilities available. Government would however like to review the Programme duly taking into consideration the suggestions that would come up as a result of its implementation from the beginning of this academic year.

Sri M. Omkar: No doubt the opposition party leaders were also consulted, but their advises have not been taken into consideration by the Government. They have taken their own decisions. In our meeting we have warned against the discriminative tendency between

the haves and havenots. At this stage the children are saying that some people are eating and some people are deprived of such facility. This will certainly create undesirable consequences. It is not good. Many scientists have already pronounced that such discrimination either class, group or any other type at that level will lead to devastating effects. That is one point. According to our information such bad effects are already appearing and it may lead to some undesirable consequences in future. Now the Sarpanches in many villages have been expressing their unwillingness to under take this programme. Many samithhis have passed resolutions. Some Zilla Parishads have passed this resolution. So, arrangements made for supply of mid-day meals to the children is very defective and unorganised and it is not reaching to the needy students and it is also not being implemented properly. So in view of these things what steps the Government is going to take Firstly, this discrimination should be stopped immediately and secondly arrangements should be such that it should be utilised properly.

Sri S. Jaipal Reddy:—I did not table notice but I make one submission. This is admitted. I have not tabled the notice; this is a matter over which all the members of the House are exercised. I would like to appeal to the Speaker to spare some specific time for discussion on this question, because the details of the programme are amazing that justice cannot be done under this rule.

Mr. Speaker:—We meet in the Business Advisory Committee and decide

Sri M. Omkar:—As Mr. Jaipal Reddy suggested some time may be allotted for this.

Sri P. Ananda Gajapathi Raju:—The programme is, as I mentioned earlier in the statement, is under review and definitely I have no objection for a debate and discussion in this matter any time.
Re: Indefinite closure of Andhra University Due to Unrest of Students And Non-teaching staff

Sri P. Anand Gajpathi Raju:—Certain clashes occurred between some students and some Members of non-teaching staff of the Andhra University in the Afternoon of 5.3.1983. Police complaints have been lodged. The non-teaching employees of the University thereupon have begun to abstain from work. Since then i.e. from the afternoon of 5.8.1983 strenuous and persistent efforts were made by the University authorities including the Principals, Senior Professors and Wardens to bring about an understanding between the non-teaching employees and the students involved in the dispute. But, the University authorities did not succeed. On the other hand in the evening of 8.8.1983, the Non-teaching Employees Unions have given notice of indefinite strike and to continue it until the authorities take disciplinary action straight away without further enquiry against the students involved in the said clash.

2. The Students Joint Action Committee, have also gave an ultimatum to the university to go on an indefinite strike from 9th August, 1983, unless action is taken against the employees who participated in the strike without prior notice unconditional withdrawal of police cases against students and for an apology from the non-teaching staff for their rash behaviour towards students.

3. The Andhra University authorities have assured both the Parties saying that a judicial enquiry will be constituted to go into the happenings and they could tender evidence before the Commission. They were also promised that further action will be taken only on the basis of the findings of Commission, Despite all these assurances, an amicable understanding could be reached between the two parties. In order to avoid tension and grave inconvenience that will be caused to all parties concerned, the two University Colleges of Arts, Commerce and Law and Science and Technology were closed indefinitely by the university from 6th August, 1983. The Engineering College is functioning normally.

4. The Vice Chancellor, Andhra University, Waltair constituted a Judicial Enquiry with a retired District judge to enquire into the incidents which had taken place on 5-8-1985 between some of the non-teaching employees and some students.

5. Peace is now prevailing the Campus. The Vice-Chancellor, Andhra University and his colleagues are making efforts to reopen the two colleges at the earliest.
Calling Attention Matter:  

re: Indefinite closure of Andhra University due to unrest of Students and non-teaching staff.

... attention is necessary. The Indefinite closure of the university due to unrest of Students and non-teaching staff has led to a situation where the educational process has been disrupted. Students and non-teaching staff have been demanding various grievances to be addressed.

Mr. Omkar: While appreciating the steps taken, I wish to say that there are clashes between the students based on caste feelings and also non-teaching staff and the students. If steps had been taken in the preliminary stages this kind of undesirable consequences would not have arisen. But somehow the situation has worsened. At least now while requesting the Vice-Chancellor to see that the colleges are opened earlier, they should also be requested to see that such incidents do not recur. Whenever symptoms appear immediate steps may be taken.

Mr. P. Ananda Gajapathi Raju—The matter is pending before a Judicial Committee. Nevertheless we will pursue the matter with the University authorities to see that the colleges are opened. As for the suggestion of the hon. Member to see that such things do not occur in future, I may bring to his kind notice that the Hon’ble Chief Minister also held a meeting with the student leaders to discuss these matters.

Annual Financial Statement (Budget) 20th August, 1983.

for 1983-84.

Mr. Speaker,

At the outset I would like to congratulate our Finance Minister for submitting a very balanced and welfare oriented Budget. This is the first time in the history of our State that a really welfare budget, a budget of the masses, with a stress on the welfare of the poorer sections of the population is presented. We have been seeing all these years and many of us, though not in the political line, are very much
worried and agitated about the gross neglect of the down-trodden people of our society. Since Independence, the previous Governments have been preaching about Backward Classes and Scheduled Castes, but they remained in preachings only. Now we have increased the budget provisions for welfare measures—for the social welfare of Backward Classes, Scheduled Castes and all classes of the down-trodden people. We have doubled the provisions almost in each sector. If you take the provisions for the welfare of Scheduled Castes, it was Rs. 16.07 crores in the previous year. For the house sites for the poorer sections and for the down-trodden it is Rs. 22 crores as against Rs.11 crores in the previous budget. Similarly for the hostel buildings for the children of Scheduled Castes it is Rs 5 crores as against Rs.2 crores in the previous budget. Many old S.C. people are living in many of our villages. Now our Government has increased the Old Age Pension Budget from Rs.5.09 crores to Rs. 7.20 crores for B.Cs also we have increased the welfare provision from Rs.9.3 crores to nearly Rs.20 crores. For all these measures, the main aim of our Government is the welfare of the B.Cs., S.Cs. and S.Ts. The total provision for the welfare of S.Cs, B.Cs. has been increased from Rs.165.67 crores to Rs.413.36 crores. This is including the additional subsidy given for the rice distribution also. This is also a welfare measure for the down-trodden and poorer sections of the society. Then you have provided for the welfare of the handicapped. The provision has been increased four times. We have increased from Rs.5.8 crores to Rs. 27 crores. The unemployment provision for S.Cs. and weaker sections of the society has been also increased. These are all the social welfare measures. In the other sectors like Education, let us take the example. The capitation fees has been abolished. This abolition of capitation fees in private colleges—Engineering and Medical—may benefit the affluent sections and urban sections of our society. Till now the benefit of these private colleges has never reached the rural population. By abolishing the capitation fees and by ensuring proper reservation we are giving due chance to the rural poor and down-trodden people—the Backward Classes, Scheduled Classes and Scheduled Tribes of our society. Of course, the Mid-day Meals is extended to all sections earlier. But due to the distribution of this food and preparation of this food is reduced to Backward Sections of the Society. I disagree with the Government. The discrimination is not a good thing at the early age of the children. So, I appeal to the Finance Minister to extend this to all the children of all castes upto the limit of Rs.3000 income per annum, if it is feasible. I have already told that it is a welfare oriented budget. Sri, the other activities are also not neglected. In the matter of Irrigation the original provision has been increased substantially from Rs.130...
crores to Rs.210 crores. The provision made for TELUGU GANGA has been increased. Our Leader of Opposition was mentioning that Technical Experts' opinion has not been taken. But the engineers of the Irrigation Department said that this is not a new scheme and this has been under discussion for years. For the benefit of the arid regions of Chittoor, Kurnool and Cuddapah this is an important project for the development of the Rayalaseema districts. We can never forget this. The rain is very scarce. So this is a scheme formulated to utilise the existing facilities—the irrigation facilities. That is why there is nothing wrong if it is pointed out by the Opposition Leader. Provision is also made for the Thermal Power Station of Vijayawada. In this connection, I would like to appeal to the Minister for Electricity and Finance to increase the provision as the provision for Rural Electrification is not sufficient. In our villages, electricity has become a basic necessity. Everybody in rural areas are aspiring to utilise electricity for production, for irrigation and for their entertainment. So I appeal to cover as many villages as possible under the Rural Electrification programme and other programmes. If possible, the provision on this account may kindly be increased. In the case of Industries also, provision in this Budget has been doubled from Rs.23 crores to Rs. 46 crores. For assisting the new entrepreneurs also the Government is setting up an Assistance Centre so that they can go and approach to get their schemes passed through the A.P. Industrial Development Corporation and other agencies. The Government in this Budget, has made a sincere effort for expediting or accelerating the industrial growth of our State. So many projects like Tyre Project at Mangalagiri and Fertiliser Project of Kakinada have been expedited and a shape is given to these projects. So a lot of employment potential will be created. In the agricultural sector also, this has connection with the earlier steps taken by the Government. This Government is giving subsidy to the farmer as an encouragement or as an incentive. On this account we have formulated a procurement target of 15 lakh tonnes for the central pool and for the state 1-35 lakh tonnes. This is possible by the progressive policy of the Government by giving remunerative price to the farmers. We have also activated the A.P.Co-operative Oil Seed Growers Corporation and an investment of of Rs.16 crores as subsidy for a factory for processing soyabean oil seeds. It is essential for seeds grown inside and outside the State. Finished products can get more by this step of our Government. Before concluding my speech I would like to draw the attention of the Chair to a few comments made by the Leader of Opposition. He has accused of our emotions and catching of our Leader.

Mr. Speaker:—Don’t make any comments. Confine to the Budget. Don’t be unpleasant.
Sr. A. Prabhakara Rao—We only express our viewpoint. We are not criticising and I don't exceed the limits. We are dedicated to service. Before the Elections and after the Elections, our aim is social welfare and the welfare of the society. We aspire to do without any selfish motive on our part. We are emotional and it is natural when we are committed. We raise emotions. The Leader of Opposition and ex-ministers are all parliamentarians, we request them to keep the traditions of this House and maintain the dignity of the House. It has been mentioned that freedom is not given to express. In our councils we are maintaining freedom of expression and decisions are taken.

Thanking you

What is the allotment made by the Government?

What is the assurance given in the last Assembly and what did the Chief Minister say last time in the Assembly? He said “substantial increase will be given for minor irrigation”.
Even the Grants which have given now, are not sufficient. I am more concerned about power distribution more generation. To-day our percentage is 56 if you calculate it. I do not know how it can be called electrification when 48% of the villages in Andhra Pradesh are electrified. In my constituency alone last year the target was 33 villages and this year it is 12 villages. See the difference, see the improvement. See the additional moneys given by your own government. We are answerable to the people in our constituency and the people in the backward area. What is the reply that we can give to the people?

Annually, surplus of 66 lakh tonnes. I am repeating. Our total production of rice is 106 lakh tonnes, Our requirement is 40 lakh tonnes and the surplus is 66 lakh tonnes. But the rate of rice for K. G. is ranging from Rs. 3.00 to 3.75. This is in regard to ordinary rice. What happened to your planning and scheming? What happened to your planning and scheming?

Mind you, we are in a situation where there is an urgent need to address the problem of rice shortage. Today, I am challenging that in almost all the major towns in Andhra Pradesh, the Lecturers and Teachers, they have started open tuitions. Some of the top officials were also transferred. Some officials have gone on leave. Again, he was transferred. What are the reasons for the transfer? You may put him in State Archives. In your wisdom, you yourself brought the honest officer Mr. K.V. Suryanarayana into excise and you have again transferred him for your own reasons. Mr. Arjuna Rao was also brought from Vizag and was again transferred. The image of Mr. Suryanarayana and Mr. Arjuna Rao in the minds of the people?

Secondly, you have suspended some I.A.S. officers. It is good But you have not suspended them on good grounds.
20th August, 1983

Mr. M.V.S. Prasada Rao was suspended on frivolous charges, not on better charges. This Government, under the nose of the Chief Minister suspended Mr. Prasada Rao on frivolous grounds. The entire State and the country is watching you.

I want to give the details of the law and order situation in our State with reference to the past year.

I do not say that Sri N.T. Rama Rao is only responsible. It is collective responsibility and the Government should seriously think about this law and order situation.

You came to rule the State. You came to give better administration. So, you must look into all the subjects of administration, police, law and order, Irrigation, Education, etc.

At the same time, I am compelled to the comment that the Law and Order situation is not under the control of the Government.
In West Godavari, one boy in the public street, in the daylight, at 10-30 a.m. forcefully took away a girl and even after the lapse of 3 days, there is no trace for her. Now Decoities in and around Hyderabad, the support extended to the police is detrimental to the welfare of the public. Everyday, there are decoities in and around Hyderabad and in the State of Andhra Pradesh, these decoities are to be controlled. I am sorry. I am having every respect to the honest and dedicated police officials. But my complaint is that they are not performing their duties as expected. When we are complaining about these atrocities, we only feel that you will try to reduce them. Are you looking our faces so ugly? When you want to run the show, you must have good rapport with the opposition leaders? It is the minimum courtesy that he should consult the opposition members to clear the mis-understandings. In the interests of the State, he must have consultations.
with the opposition leaders. Even my enemy Chief Minister Dr. Chenna Reddy called for the Opposition Leaders Meeting. We have vested interest in your continuance but not at the cost of the people's welfare? Have you gone one step forward and gone back two steps? Whether you go slow or go with jet speed, you must see the welfare of the people first. I must say Sir, that we have got wonderful Ministers. He is a mobilisation Expert. He has got wonderful idea. The Number of unemployed in the registers came from 18 lakhs to 10 lakhs.
How many activities we are undertaking today? For such an upcoming Minister, if you give 7 portfolios, how can he do justice? He is trying to do his best. At the same time, some departments are suffering. How many activities we are undertaking today?
to the Health Minister. He must rise to the occasion and improve the
department. In the Hospitals, they said "work to rule".
You must take stern steps to improve the department.
You must consider as to how to improve your department.

I respect him. I also pity him.

They have machinery at district level, they have got Collector, they have got S.P. They have got A.C.B. branches at every district.
20th August, 1983. Annual Financial Statement (Budget) for 1983-84:

Some people have misunderstood me when Mr. Gopal tried to imitate N.T. Rama Rao, the Chief Minister. I am one who felt insulted. We thought we should condemn his action. Before we condemned they have attacked him. Nobody is happy. Even my friend Mr. Jaipal Reddy is not happy with the dress Mr. Gopal is wearing. Nobody can approve of such type of tactics in the House, but at the same time democracy has given them a right. Democracy has given them a provision. You must respect democracy though you don't like it. That is the spirit of democracy. For the same Pandit Nehru, Mahatma Gandhi and people like Alluri Seetarama Raju and Tanguturi Prakasam Pagantu and Tenneti Viswanadham have sacrificed their lives. We have extended our moral support to Gopal. It is not for his dress, not for his speech, not for his action. I condemned his defection I demanded his resignation also, if at all he is abiding by Telugu Desam party one of my partymen had defected in Visakhapatnam. One of my partymen defected in Rajkot. We have organised demonstrations and we have given moral pressure. We have given a call for bandh of Rajkot city. We made the Corporator to resign and then we referred it to public. It is the people's final verdict that would decide it. If you adopt the same tactics without entering into M.L.A's quarters, without burning his effigy nobody should have pointed out that mistake, but today what have you done in the name of democracy? I can't say it is out. It is on the process. We are aware of it but at the same time the intelligentsia, the people, the political circles, the employees, the newspaper-reading section, they are having second thinking. They have started doubting your actions and reactions. Beware of this activity that is going on. Beware of this new development. You remember your election pledges. I am requesting the members of the ruling party that each of you must have one copy of your election manifesto and one set of speeches delivered by N. T. Rama Rao during his election campaign.
I have written a letter to the Education Minister about opening of 11 new elementary schools in my constituency some 3 or 4 months back. I met the Secretary, Joint Secretary, I met the Director of Higher education, Joint Director. I met the Minister. I met the D.E.O. I got the resolution passed in Zilla Parishad, Nellore. You know what has happened till now. The minimum requirement of getting a report from the Deputy Inspector of Schools, Udayagiri taluk is not yet done. I do not know whether it is O.K. I will see. What is it 'I will see'. If you won't feel they will feel. That is my difficulty. That is my worry. People will see you after sometime.
42nd August, 1983. Annual Financial Statement (Budget) for 1983-84:

Who is this wonderful Vaidyanathan Sir? I just can't understand. He is an advisor to Andhra Pradesh Government. I know, I am not a politician. I am from the opposition. The party I represent believes in the unity of this country. Irrespective of caste, creed, sex, religion and region we are all one. Today their party has roused the regional sentiments. It has roused the Andhra sentiment. What is the status of that adviser? What is the payment of that adviser? What is the status given to him? How is he empowered to look into these? Has he taken oath from the Governor? Law Secretary was forced to go on leave, a good officer. because advises are not made known to the public or the opposition leaders.

Chennai, Tamil Nadu, India  

The Annual Financial Statement for the year 1983-84 is hereby presented. The statement includes details of income and expenditure, assets and liabilities, and other financial information relevant to the fiscal year ended on 31st March 1984. The financial year 1983-84 was marked by significant achievements and challenges. The statements are prepared in accordance with the principles of financial accounting and auditing.

The statement is divided into several sections, starting with an overview of the financial performance, followed by detailed sections on income, expenses, assets, and liabilities. Each section is supported by supporting data and explanatory notes. The financial statements are intended to provide a comprehensive view of the financial health of the organization.

The statement concludes with a summary of the key findings and recommendations for future financial planning and management. The financial statements are an essential tool for stakeholders, including shareholders, creditors, and regulatory bodies, to assess the organization's financial position and performance.
20th August, 1983.  Annual Financial Statement (Budget) for 1983-84:

The Annual Financial Statement for the year 1983-84 has been prepared in accordance with the provisions of the relevant statutes and regulations. The statement reflects the results of operations and the financial position of the organization during the year. The statement consists of the following sections:

1. Balance Sheet
2. Statement of Profit and Loss
3. Cash Flow Statement

The Balance Sheet provides a snapshot of the financial health of the organization at the end of the year. It shows the assets, liabilities, and equity of the organization. The Statement of Profit and Loss details the income and expenses incurred during the year, including details of revenue earned and expenses incurred.

The Cash Flow Statement provides information about the cash inflows and outflows during the year, which helps in understanding the liquidity position of the organization.

The organization has maintained a prudent financial position throughout the year, and the statement reflects the same.

The annual financial statement is a crucial document for stakeholders, including shareholders, creditors, and regulators, to assess the financial performance and position of the organization.
