(b) and (c).- Location of Bus Depots depends upon the growth in traffic and the need to have infrastructural facilities at a particular place but not based on the Revenue Taluk Jurisdictions. Hence it is not correct to say that the other Taluks in the District are neglected. Anyway keeping in view the traffic potential there is a proposal to have two more Bus Depots at Bodhan and Banswada which may come up in due course.

Hence, both skilled and unskilled labour were not readily available and they had to be brought from outside. Even building materials have to be brought from Hanumakonda or Karimnagar. Hence the contractor could not complete the construction in time. He was penalised twice for delay in execution of the work. Now the work is in progress and the Civil Works were completed except certain finishing items. The Water supply and Sanitary arrangements also remain unfinished. The Electrical Wiring work is under progress, and will be completed shortly. The Bus Station is expected to be completed in all respects by the end of October, 1983.

As against the handling capacity of 1,000 litres per day, the milk procurement at the time of closing the unit was 102 litres per day.

The Andhra Pradesh Dairy Development Co-operative Federation incurred a loss of Rs. 5.33 lakhs on the unit from the day it was commissioned on 28-10-1978 till the date of its closure.

329 re: Deteriorating Law and Order Situation in Tungaturthi Taluk, Nalgonda District.

Sri S. Jaipal Reddy:— Mr. Speaker, Sir, we wanted to bring to the notice of the House and the Hon'ble Chief Minister about the deteriorating law and order situation in Tungaturthi taluk, Nalgonda district. Mr. Omkar, Mrs. Swarajyam, Mr. Venkaiah Naidu, Mr. Rajab Ali and myself, recently had the opportunity of visiting the trouble torn villages in Tungaturthi taluk. We found to our surprise that the entire trouble in the affected area lies on the defection of one person Mr. Kusalava Reddy from C.P.M. to T.D.P. Mr. Kusalava Reddy is the brother of Mrs. M. Swarajyam, M.L.A. When this question arose for consideration earlier, I got an impression that the Chief Minister tried to dismiss the entire question as a factional issue amongst brothers and sisters. The issue is not simple as that Mr. Kusalava Reddy took his birth in that family and he was associated with the C.P.M. for 30 years. He was known for his violent tendencies in C.P.M. That was the reason he found his way out from C.P.M. He contested in that Constituency as T.D.P. candidate. The T.D.P. has become a refuge of defectors of all kind of parties. Therefore, there is no surprise about his candidature, in the T.D.P.
In the elections Mr. Kusalava Reddy got fourth place, though the T.D.P. has won majority of the seats in the State for forming the Government. The next day, he physically prevented the candidate of the victorious party, i.e. C.P.M. from taking out a victorious procession from her own native village. That is where the trouble started. We have visited the various affected villages by this incident. We found that Mr. Kusalava Reddy had been drawing upon the influence of the ruling party and the Ministers or the Hon‘ble Chief Minister had extended patronage to him directly. In another incident, in another village, a murder took place. That is a murder of a Harijan. With this a question arose for consideration of the House on that occasion and again the Chief Minister tried to dismiss it as a matter of factional dispute in a family. We went into the circumstances under which this murder took place. We happened to visit the village and we happened to talk to the wife of the accused. During our visit, we met cross section of the people. We met the Members of the T.D.P., Leaders of the Congress-I and B.J.P. We had obtained a comprehensive view of the situation prevalent in that taluk. When that murder took place in that village, three other persons were also sustained grievous injuries. You will appreciate if I say as to how this murder took place and three other persons sustained serious injuries. This cannot be a family dispute among the brothers belonging to a Harijan community. The groups in the villages were totally involved. The groups belonging to other parties are also involved, directly and physically. Today there is no security for a person of Local Legislator, Mrs. M. Swarajyam. There is no security for a senior respected Legislator of CPM, Mr. B.N. Reddy. The local people refused to give protection to him saying that he is not an M.L.A. But I think the T.D.P. should be able to appreciate the view point that the Legislators and Ex-Legislators who were in public life for decades in the past should be protected. I do not want to go into the details of various incidents that took place in that area. I would like to impress upon the Chief Minister that he should not allow the situation to further deteriorate just because his party candidate has not come, there. Let the Chief Minister examine all aspects for improving the law and order situation and take suitable action.

10. 10 a.m. Therefore it is necessary for the leader of the Telugu Desam Party and more particularly, the Chief Minister to be on guard against various elements that are operating from within his own Party and this situation calls for political intervention. We had an occasion to discuss this matter with the Chief Minister in Business

Situation in Tungaturthi Taluk, Nalgonda District.

Advisory Committee. He was good enough to listen to us in detail. In fact he agreed to call for a meeting of various party leaders to sort out the problem. The problem has to be dealt with at two different planes. One, the plane of law & order and the other - the Political plane. There is need for the Chief Minister to take initiative to call for the meeting of various party leaders to get the problem sorted out. That is the only solution.

re: Deteriorating the Law and Order: Situation in Tungaturthi Taluk, Nalgonda District.

Sirs,

The situation in Tungaturthi Taluk, Nalgonda District, has deteriorated to such an extent that it is difficult to maintain law and order. The people involved in all this and the action to be taken by the Police officials who are maintaining silence over these incidents need to be looked into. Forget about Telugu Desam, C. P. M. or Jana Sangh. What about the people who are involved in all this and what about the action to be taken by the Police officials who are maintaining silence over these incidents?

Yours sincerely,

re: Deteriorating the Law and Order Situation in Tungaturthi Taluk, Nalgonda District.

I do not know why the Chief Minister has understood in that sense. We were also fair in our criticism. I want to go on record that we have serious ideological difference between Marxists. But still, for effective functioning of the House and for democratic functioning of Political parties, keeping all these things in view, we went there and appealed to the Chief Minister to take firm steps to arrest such things in future.

As a casual remark, it was made nothing more than that he has taken about the Sangam Murder and Harijans and what about the safety measures for the four villages which are in unrest?

re: Alleged Rape by Sub-Inspector of Police in Amravathi Guest House, Guntur District.

Sri A. Madan Mohan (Siddipet) :—Is it not a fact that the mother of that woman had filed a complaint with Deputy Superintendent of Police, Guntur. Is it not a fact that the local people living in Amravathi village have made it clear that if an open enquiry is conducted they are prepared to make a statement against the atrocities of this police officer. Inspite of all these things, as was very rightly pointed out by Venkata Naidu how is it that the regular law procedure has not been adopted in this House. He should have been chargesheeted under the offence of the rape. That has not been done by the Government. Why the Government treated him on a different footing than what is supposed to do? What are the extra privileges and extraneous considerations and what are the political overtones.

10-00 a.m.

When the Chief Minister himself conceded that this gentleman has separated that woman from others and took her and committed atrocities. What is the action the Government
had taken? Is the Chief Minister thinking that it is sufficient.

It is difficult to understand. Whatever the Chief Minister is saying, it
must be decided. Whether they are husband and wife? Under what
rule can a S.I. force a woman and take her to another room? Have you
taken action on the regular law?

Whether they are husband and wife? Under what rule this S.I. can
force a woman and take her to another room? Have you not taken
action on the regular law? I request the Chief Minister to assure this
House and that gentleman should be arrested according to the
provisions of law and take necessary action.

This is nothing but psychopathy. I am only repeating what has been
said. I am not adding a word. I am not doing any conjectures,
specially in the context of things that are taking place under his very
nose. I can quote a number of incidents that took place during my
Government. I can say with a sense of pride. Here have been many such instances (Interruptions).
Sri A. Madan Mohan:—I have a right to explain. It is not unparliamentary. Deliberately, wilfully and intentionally I have made use of that phrase. She has no right to ask the presiding officer to expunge it.
Sri S. Jaipal Reddy:— Is it the position of the ruling party that they should not be reminded of the pre-election pledges? It is the duty of the Opposition and people to keep reminding them. Then only they will realise.

Sri S. Jaipal Reddy:—Point of order. The Hon'ble Chief Minister in his over-enthusiasm has committed a lapse. No Government employee under the rules can be straightaway dismissed. What Venkaiah Naidu had pleaded was that the accused should be arrested, in the instant case it is the S I. We did not support for illegal and impossible things. If the Chief Minister did not know and made a mistake, he is free to correct it.

Sri N.T. Rama Rao:—He shall be proceeded according to law

(interruptions)

Sri A. Madan Mohan:— Both myself and Venkaiah Naidu raised the issue and it is supported by Jaipal Reddy and Venkaiah Naidu.

Law will take its own course.

Sri M. Venkaiah Naidu:— Law has taken its own course and it is awaiting for the Assembly to move the matter. Till the matter has come to the notice of the Assembly no action is taken except keeping him under suspension on the information available to the department at that time.

re: Police Firing in Hyderabad City.

Sri M Venkaiah Naidu:— This is an important issue. It is a burning issue. People outside the Assembly are very much agitated. We would like to know what action the Government has taken? What is the view of the Government in this particular issue?

Mr. Speaker:— If all the Members want to speak what is the time factor?

Sri M. Venkaiah Naidu:— At the cost of silent people of one group is taking advantage and goes on doing. We cannot keep quiet. This is a very serious issue and seven people have died and 70 people are stabbed. There is so much commotion outside the House.

Matters Under Rule 329:

re: Police Firing in Hyderabad City.

As per the information received, the matters under Rule 329 relate to police firing in Hyderabad City. Further details are awaited.
Sri M. Venkaiah Naidu: —Sir, you are allowing to make allegations. Then, a Member here says that xxx. He says that xxx. Are you going to accept it?

Mr. Speaker : —I will expunge it ... What can I do about it?

Sri M. Venkaiah Naidu: —Sir, if you want to follow the rules, you follow it uniformly. If he says that the people who are extremists in any region and if they are to be curbed, I am one with you. But if one says that xxx I am not going to accept it.

Mr. Speaker : —I will expunge those words.

Sri M. Venkaiah Naidu:—Sir, No mention is made about any religion when Sri Owaisi spoke and we heard without any interruption. We did not object to what he has said. Every Member has got a right to express his views, but one cannot make criticism about a particular community. One cannot make community criticism openly.

(Interruptions) (Bell)

Sir, a Member cannot make allegation against a particular community. If you want to show that you are more secular, you condemn the extremists but do not condemn the religion as it is. I am not here to accept what he says.....

Mr. Speaker:—Inspite of my request, he has been mentioning—Muslims, Hindus etc.,.....

xxx Expunged as ordered by the Chair.
Sri M. Venkaiah Naidu:—Sir, he is accusing, saying that, xxx. He says that xxx. It is not correct....

Mr. Speaker:—What can I do?....Inspite of my requests, not to use such words, he is using. I am going to expunge it. What is the source open to me? I will expunge the irrelevant language.

Sri M. Venkaiah Naidu:—Sir, you have to regulate the business but if a Member comes to the conclusion that majority community is responsible for the whole thing, who will accept it?

Mr. Speaker:—How can we accept it? I will expunge.

Sri M. Venkaiah Naidu:—Sir, if somebody wants to say that some section is responsible and if the House has allowed to hurt the sentiments of one section and of the particular community, I am sorry—we are not going to do justice at all.

Mr. Speaker:—You are protesting but what is the course that is open to the Speaker?

(Interruptions) (Bell)

Sri S. Jaipal Reddy:—Sir, as we had discussed earlier and as we had agreed to earlier, it has been the convention of the House and to be the convention of the House, for any Member to avoid references to the names of religious groups, to the specifications of places of worship and to the mention of particular names of individuals. If this convention is violated by any Member belonging to any Party, you should be merciless and you should wield your axe relentlessly in this regard and all such references must be expunged from the records and the Press should be requested not to publish the same. The Press should be instructed not to publish. If a Member is offering analysis, even in that process of analysis he should avoid casting reflections on any community, because that does not help. The Assembly is here to see that the frayed tempers outside are soothed but our proceeding should not further provoke. Sir, I therefore appeal all the Members through you, to see that these conventions will be observed as they are scrupulously, by all Members.

Mr. Speaker:—That is what I said and requested. I will expunge it.

Sri Md. Amanullah Khan (Chandrayanagutta):—Sir, what Sri M. Omkar, the Hon'ble Member said that in India, Hindus are majority, it is a fact and that is why it has not to be expunged. It is a fact.
Mr. Speaker: —I agree with you.

(Interjections) (Bell)

Sri M. Venkaiah Naidu:—Sir, I am here to help the House to function smoothly on this issue. 11:30 a.m., the majority community is harassing xxx. That itself is inflammatory. It will again provoke trouble outside. That is only my objection. It will again be published. If you go through the Record, you can see as to what was said. The Member is entitled because I do not object to that also.

Mr. Speaker:—That is why I am requesting all the Members not to use any names of religious places etc., I am going to expunge it. (Interruptions) (Bell)

Mr. Speaker:—That is why, I am once again requesting all the Members not to use the names of any religious institutions, in this House.

xxx Expunged.

Sri A. Madan Mohan:—Sir, it is with a very heavy heart that I am expressing my feelings before this August House about the happening in the twin cities recently. In spite of the fact that in the recent years we have witnessed such unfortunate ocational eruptions in the twin cities and more particularly in the old city, we have really not been able to take lessons out of them. I thought with the experiences of the past before this Government, the Government would be wise enough and imaginative enough to take timely decisions and try to see that such a situation is averted. But unfortunately, the Government has failed in this direction. I am saying this not just to criticise the Government but this is a dispassionate observation of mine—this city is known for its communal harmony and cosmopolitan texture. Unfortunately in the recent past this atmosphere has really been polluted. Now, as the custodians of law as well as of the State and City, every responsibility is cast on your shoulders to revive it. O herse, it will be very grim. We have got to revive and make people really feel that they are one and the same. My party is a firm believer in the concept of secularism. We have always advocated for that cause and we have never shirked our responsibility in doing our bit. I am just reminding and not to find lapses and mistakes on the part of the present Government how in certain occasions it becomes the responsibility of the Government to take certain precautions. I am only trying to cite a previous incident during our Government when Dr. Channa Reddy was the Chief Minister. When such an occasional eruption because of individual incident and the city was threatened and engulfed. The people of the twin cities. He as Chief Minister had to take necessary precautions with the result the oncoming festival viz., Moharrum which is celebrated with gaiety and grandeur was allowed to be performed in the same fashion allowing people to go and move freely and of course taking necessary bardobust in certain areas. Another festival followed which was Ganesh Chathurthi. Because of certain unsocial elements in the society there was likelihood of some disturbances in the minds of city dwellers. Irrespective of caste or community, race or religion, majority of the people are peace-loving and they were really fearing that again some incident might erupt and certain unsocial elements might take advantage of the situation. There again the Government had to take steadfast arrangements and took the responsibility with the result the two festivals where people belonging to either communities participated in the form of processions and were celebrated in the same fashion with gaiety and grandeur without a least incident of communal eruption. Why I am saying this is only remind the present

Government to take note of this and instruct the police and concerned officials and see that an atmosphere which you and I were trying to build up and create harmony which should be maintained. There is a famous saying:

Goondas have no religion of their own. Irrespective of caste or religion or community, I would like them to be pinned pointed. With this, I am sure you will be able to run out of the sails. I hope the Government would take precautionary measures to see that such incidents do not recur.

Because of that only these things are created. If Hindus have fought arrest them, If there is a Hindu or Muslim who is following violence you arrest them and put them behind bars. We are not going to object. We are confined to the particular issue today. Who are the people? The ordinary Muslims at Hyderabad, they are not worried about this. They are not taking part in this. They are unhappy over the incidents. It is causing insecurity. Ordinary Hindus of the city are not very much worried. Only a handful of people who want to take political advantage of the situation they are doing it. They are blackmailing the Chief Minister and the Police. It is only for the sake of elections they are doing, and they are at liberty to do whatever they like. Nobody can say that the rights and property of the people are secure in Hyderabad. Irrespective of caste, creed and sex they are at liberty to do whatever they like. Who are the people who are the organisations? I am finding fault with the Government for the simple reason when these people who want to create mischief are not arrested. Nobody can say that the rights and property of the people are secure in Hyderabad. I am not ready to accept. It is not Hindu-Muslim galata. It is only a mischief by a handful of people who are really interested in doing something non-sense in Hyderabad city. I don't accuse any religion. I only accuse some people who are bent upon creating violence for their political advantage. They are the people behind this. Let the Chief Minister take action agianst those who are responsible. Then only justice will be done.
