 Amendment of Srikrishna

 Devanagari University Act. 1981

182—

*2611-* (C) Q. Saryasi A. Madan Mohan (Siddipet) Y S Raja- spkhara Reddy, (Pullireddi) K Nagarjuna Reddy, (Cumbum) M. Jagannadhara (Vardyannapet) P. Shankar Rao, (Shiddinagar) P. Govardhan Reddy, (Mungode) and M. Narayana Rao (Somepeta)

Will the Minister for Education be pleased to state:
270 16th March 1984. Oral Answers to Questions

a) Whether it is a fact that the statutes of Sri Krishnadevaraya University Act, 1981 have been amended, replacing the Legislators by the members of faculty in the Syndicate;

b) if so, while amending the Act did the Government take into account all the points raised by University Grants Commission in this regard;

c) whether it is a fact that the seniority of the teachers has been ignored while nominating members to the academic council; and

d) if so the reasons for?

Minister for Education:-

Sri P. Ananda Gajapathi Raju:

a) The University Grants Commission suggested certain amendments to the Statutes/Act of Sri Krishnadevaraya University. One of the suggestions made by the University Grants Commission is that it does not seem necessary to have a separate election or a category for the Members of the Legislators to serve on the Syndicate. It is these persons who could seek election from the Senate to the Syndicate. The University Grants Commission have also suggested to give representation to teachers also on the Syndicate. Consequently, on the acceptance of these suggestions the Statutes of Sri Krishnadevaraya University have been amended accordingly.

d) Yes, Sir.

c) No, Sir.

d) Does not arise.

Sri K. Nagarjuna Reddy: Is it on the basis of the suggestion or recommendation made by the U. G. C. that the Legislators were not made members of the Syndicate?

Is it only in the case of Sri Krishnadevaraya University or in respect of other Universities also? Their suggestions are not mandatory. They are only recommendatory. I understand that the Hon'ble Minister has given assurance in the Legislative Council to a question that suitable action will be taken and the Act will be amended so that the Legislators would be given representation in the body of the Syndicate. Is it a fact?

Sri P. Ananda Gajapathi Raju: Regarding other Universities, they came number of years back and these conditions were not specified. But for Krishna Devaraya University, it is a different matter. The Secretary, U. G. C. discussed on 20th November 1982 to adopt certain criteria which the U. G. C. has fixed up for
this University. Based on that criteria, they said that the Legislators should not be Members of the Syndicate. Regarding other Universities, they formed much earlier and these conditions were not put up earlier. Regarding spending of Rs 1 crore by University, I did not give assurance This money would not be spent unless it is properly monitored through. I am requesting the Chief Minister and in turn, the Chief Minister request the Chancellor of the University to take necessary action

Sri K. Nagarjuna reddy: In the minutes of the meeting held, para 7 Statute: Composition of the Syndicate, reads like this:

"It is observed that too much of election element has been introduced in the Constitution of the Syndicate. The Teachers should not depend upon the outside element and students, etc on the Senate for being elected to the Syndicate. In fact, the entire representation of the Teachers on the Syndicate should be by ex-Officio position of Deans or Principals and by rotation at least amongst Professors, and Readers whose number is not large. If necessary, election element may only be when a representation is given to Lecturers. It should also be provided that neither an employee nor a student would be eligible for election from the Senate to Syndicate. Further it does not seem necessary to have a separate election or a category for the members of the Legislature to serve on the Syndicate."

It is their observation and it is not binding on anybody.

Answering to (c), the Minister said ‘No.’ In the Professors’ category, excluding the first two persons, third Professor was given the representation on Syndicate and in Readers’ Category, the first person was excluded and second person was given. Even in the Academic Council, in regard to Readers’ category, the first person was ignored and 2nd and 3rd were given and in Lecturers’ category first and fourth person were given ignoring the seniority of second and third persons. This is what, I have also given in a Memorandum.

Sri P. Ananda Gajapathi Raju: Regarding the recommendations made by the U G C, as the Hon’ble Member has said it is only a recommendation to see that the elected element of the Syndicate is brought down. On 17. 11. 1982, before this Government came in that suggestion of the U G C was taken into consideration. In April, 1983, we passed this Bill incorporating all these
elements Regarding seniority, I have been given this information that Dr B V Krishna Lecturer in Maths has been selected and Dr K Venkata Rao, Lecturer in English has been selected and Dr. Chandraiah Chowdary has been selected. There is a tie between Dr Chandraiah Chowdary and Dr. V. Seshagiri Rao having joined on the same date i.e. 12.9.74. But on the basis of alphabetical order, Dr M Chandraiah Chowdary was selected. There seems no problem on this issue.

Appointment of S C Persons as Lecturers in Law College of Sri Krishna devaraya University

183-

1965-Q-Sri Kandula Nagarjuna Reddy :- Will the Minister for Education be pleased to state:

(a) whether it is a fact that the High Court has given its decision that only persons belonging to the Scheduled Caste should be appointed as Lecturers in the Law College of Sri Krishna Devaraya University;

(b) whether any person has been appointed in this post ignoring the order of the High Court;

(c) if so, the action taken by the Government against the person who violated the Court Order?

SMT. D Bharathi, S. C. candidate appeared for Interview and she was not selected. She went to High Court. The Court direction was that the post should be given to S. C. or S. T. In 1983, again the posts were advertised but it was not advertised for S Cs. and S Ts. The High Court direction was not taken into consideration and one Lecturer Mr. Seshiah was selected to the post. Whether it is a fact or not?

Sri P Ananda Gajapathi Raju :- In 1983, 2 Lecturer posts were advertised. It was stated that the rule of reservation would be observed. One candidate belonging to B C. Category was appointed on 31-7-1983. No S. C or S. T. has applied for posts of lecturers in Law, and therefore, an adhoc appointment was made. This lady, as the Hon'ble member was referring, Smt.
D. Bharathi, was a S. C. candidate. She was not found fit by the Select Committee. Therefore, she appealed to the High Court. The final judgement is still awaited. Because the Committee found that she was not fit to the post, she appealed to the High Court and the matter is still pending.

Sri P. Ananda Gajapathi Raju:- The case was in regard to second vacancy relating to S. C. This vacancy has not been still filled up. The matter is still in the High Court. In future if certain vacancies arise, S. C. and S. T. post should be clearly advertised and only S. C. should be appointed to the post on the basis of roster system. We are trying to see that definitely that this policy of roster system is implemented.

Oral Answers to Question

10. Sri P. Ananda Gajapathi Raju :- Definitely we will consider this.

Mr. Speaker :- The candidate applied was found unfit by the Selection Committee.

Sri P. Ananda Gajapathi Raju :- The Committee felt that this candidate was unfit. Nevertheless, as the Member said that reservation would be strictly followed, we will do our best in the matter. We will bring in to the notice of the Vice Chancellor also.

STARTING OF JUNIOR COLLEGE AT ASIFABAD

184—

Sri G. Mallesh :- Will the Minister for Education be pleased to state:

(a) Whether it is a fact that permission was obtained in December 1982 for the Asifabad Junior College;

(b) If so, why the Junior College has not been started;

(c) Whether there are any proposals to start the Junior College, this year; and

(d) If so, when it will be started?

a) Yes, Sir

b) The College Committee has not deposited the recurring deposit of Rs. 1.60 lakhs, hence it was not permitted to start the College.
c) Orders were issued in December, 1983 for the starting
d) of this college during the current year (1983-1984).

Sri P. Anandagajapathi Raju: A request was made by the Collector, Adilabad saving that the area was a tribal area and a backward area. Therefore they could not pay this Rs 1,60,000 deposit in view of salaries etc. Again the matter was recommended by the Director of Higher Education they cannot pay this amount. Therefore on 15-12-83, the condition today this amount was waived and permission was granted to start this College.

But now the member is saying that there is no Principal, there is no staff. If there is anything that can be done in this direction, definitely I will use my good offices.

Sri P. Anandagajapathi Raju: We will definitely consider

What is the minimum deposit for corpus fund?

Sri P. Anandagajapathi Raju: There are certain conditions which have to be fulfilled before starting any educational institution, whether it is degree college or junior college. All these conditions are felt to be too stringent. In this particular case of Asifabad Junior College they did not have money to pay for the recurring amount. It was recommended by the Collector and Director of Higher Education. We thought it is a fit case. Like
that certain rules are framed and conditions have been laid. There is an element of discretion. Taking into consideration the backwardness of the area all these considerations are taken into consideration. Sometimes this is not always possible to fix the guidelines rigidly and follow them strictly.

Sri C. Janga Reddy: I will give two examples. Chennur people have not given. In our Warangal district people of Sangam had paid Rs. 50,000. We have paid Rs. 50,000 for Shampet. Since some political pressure is exercised they are given...

Sri P. Anandagajapathi Raju: I don't have the details. Let him either pass on the information or raise an L.A.Q in the House and definitely I have no objection to answer...

In the entire taluk there is no college. Preference should be given to that. If it is a forward area and if they want a college the donation should be maximum. I don't know whether the Minister had personally gone through them or not. There are places where there is no college, but opportunity is denied. There are places where there is a college nearby another college is given. I am not objecting for giving any number of Government Junior colleges. Whenever people are coming forward with some contribution in backward areas they should be given preference. Will the Minister place all the details before the House and accept for a discussion in his chambers on this issue?
Sri Ananda Gajapathi Raju :- We will consider-

Dividing of A. P Dairy Development Federation into District level units

185-

* 2326-Q.-Sri Vasanta Nageswara Rao (Nandigama) ;- Will the Minister for Agriculture and Cooperation be pleased to state :

(a) whether there is any proposal with the Government to divide the A. P Dairy Development Federation into district level units ;

(b) if so, how they will be formed ; and

(c) when it will come into force ?

Sri Ananda Gajapathi Raju :- We will consider-

My question has been very specific but he is not giving specific answer to that question. It has to be done by the Govt of India. Has it been done? Was he aware there was such a survey at all?

Sir, you must come to our rescue. Is there any ambiguity in my question?

Let the Minister come and answer. Let it to be postponed.

Sri D. K. Samarasimha Reddy: Sir, because the Minister piked up this rule I have to point.

This is pertinently with regard to that aspect.

Sri M. Venkaiah Naidu :-This House is the custodian of the money of the State. On the fifth of the month we know that 500 and 2000 rupee notes are issued. There is a tendency to issue 500 notes every month, but the number of 500 notes issued is more than the 2000 rupee notes. I want to ask the Hon. Member as to why the 500 notes are issued more than the 2000 rupee notes. If there is any explanation for this, I would like to know the reason for it.

Is it an ordinary thing Sir?

It is a crime against the society and against the people. It can be settled in a day. It is only bureaucratic delay and red-tapism.
Will the Minister at least now assure the House that this would be transferred to the Education Department by the end of this month?

Health and Education Departments are the same part of the Government. The Government is having a collective responsibility and is governed by a Principle of collective responsibility...
Oral Answers to Questions 16th March 1884 287

I think I owe an explanation. The Hon'ble Minister seems to have got himself confused in answering this question. In fact there was a representation made by the Lecturers themselves for the retention of the said staff. There was a representation by the students of the medical college. Since most of the students who came and who have passed their intermediate through vernacular languages, the capacity to express themselves both in writing and otherwise in English was found difficult and as such the English lecturers were retained and about the other lecturers also they were found that they were useful. It is a fact that they have come from the Education Department.

Because of the usefulness and because of various representations made by all the three sections, i.e., from the College Management, as well as the lecturers themselves and the students, actually this people were retained. That was the position at that time. I do not know if there has been any change now.

Sri S. Jaipal Reddy:—Sir, both the Leader of the opposition and the Minister are equally confused. Because these colleges were taken over a few years back. So, there is no question of their Management, making any representation. Secondly, the Hon'ble Minister in his answer clearly admitted after confirming with the officials that these Lecturers had never been utilised at all or their services could not be utilised and there are no relevant subjects for these lecturers to have done anything at all.

Sri A. Madan Mohan:—Sir, that is not a correct position.

Sri S. Jaipal Reddy:—Sir, the question is put with a view to seek clarification and not to get confusion. Since the confusion has got worse compounded there is need to ask for more clarifications......

Sri S. Jaipal Reddy:—Sir, the Hon'ble Minister has given a categorical assurance with regard to the time limit within which...
this question was resulted but we have put a question with rega

to the neglect of the problem for the last six years, resulting in
a loss of Rs 36.00 lakhs to the public exchequer On this questic
no clarity has been yielded.

Sri P Ramachandra Reddy:- Regarding recruitment of Munisif Magistrates, long back applications are collected. How much time the Public Service Commission will take. This is a matter of urgency, because posts are vacant. The Magistrate courts are not functioning. May I ask the Government to request the public Service Commission to expedite it within one month from this date.
The officer must be above all influences. If it is left to the mercy of somebody, he cannot discharge the duties properly.

Residential quarters should be constructed.
Sri E. Vasudeva Rao (Visakhapatnam) :- In view of the pendency of cases in Vizag two Additional courts have been installed, but to-day no officer has been posted. There is no building. I don't know why the Government has taken such a hasty step in opening courts without buildings. Can the Minister say that within some particular time the buildings will be ready and the officers will be posted, because there is no purpose served in opening courts without officers and buildings.

SHORT NOTICE QUESTIONS AND ANSWERS
RECOGNITION OF B Sc., (FISHERIES) COURSE

190—A

(a) whether it is a fact that two B Sc. (Fisheries) Graduates of Siddipet have launched indefinite hunger strike before Secretariat for recognition of B. Sc. Fisheries course;

(b) whether it is also a fact that the indefinite hunger strike has entered the 6th day;

(c) the reasons for not recognising the B Sc., (Fisheries) course by the Government; and

(d) the reasons for starting the above course in Siddipet Government College?

ANSWER

a) Yes, Sir

b) Yes, Sir

c) The B Sc., (Fisheries) Course candidates with Zoology as one of the subject are eligible for consideration for appointment as inspector of Fisheries in Fisheries Department. The Government is contemplating to amend the rules to make them more specific to provide B Sc., (Fisheries) also as one of the qualification for appointment to the post of Inspector of Fisheries

d) As per the recommendation of the University Grants Commission the restructured course with Fisheries, Zoology, Chemistry combination has been introduced in Government College, Siddipet from 1979-80. University Grants Commission assistance is also available to this course to the tune of one lakh per annum

Sri A. Madan Mohan : He said the Government is contemplating to amend the rules. Already two batches have come out and the third batch is agitated. By what time can the Government bring this amendment to enable the graduates to get preference over other normal graduates.

Sri P. Anindagajapathi Raju: There was a meeting in my chambers on 2-3-84 to discuss the problems relating to B. Sc,
Fisheries  Firstly, they wanted that their course should be recognised along with Zoology and Chemistry. Then they wanted certain preference with the Andhra Pradesh Public Service Commission and their course should be recognised. Definitely we will try our best to see that something is done. It is not in our hands along. The Forest and Rural Development Department is not in favour of giving preference to this matter.

Sri A. Madan Mohan: I am failing to appreciate the Minister's answer, in as much as he is saying that the Forest and Rural Development Departments are opposing. Which are those departments and what is their competence to disagree when the Government made this a policy. When the Government would like to bring an amendment? This is a policy matter he said! The bureaucrats can guide you and tell you whether the existing rules are applicable or not. You require political will. The policy has to be decided by the Government. It means, the Minister has to take a decision or the bureaucrats have to change the rules. They will only explain what is the present position. That does not mean they are opposed to it. This course was introduced by University. U.G.C. had recognised and given money. Two batches have come out.

Sri P. Anandagajapathi Raju: Discussion took place in my chambers. They opposed it, but nevertheless, I will speak to the concerned Minister and discuss with him about this problem. The second thing is, you are getting fisheries candidates from fisheries training institute, Kakinada. You are getting them from Bombay. Candidates who have already done in M Sc, are applying to the posts of Fisheries Inspectors. There is lot of competition and we will try our best. These boys are taking only fisheries as the course and we will try to see that some advantage is given to them. I will move the matter with the Minister concerned and see that something is done.

Sri S. Jaipal Reddy: In his answer he said that this course was started and U.G.C. also made a recommendation, provided some money for it. Before the course was introduced the aspects of employment and also further education should have been taken into consideration.

Sir, I would like to know as to whether it is not a fact that these boys are not having any opportunity of studying M.S.C, and if so what is the purpose of this course? Secondly, as Mr. Madan Mohan has rightly pointed out if the students were asked to specialise in this course, if students with certain merit were alone admitted into this course and if they are not permitted to get recruited in that particular field - then there is no purpose at all.
Sri P. Ananda Gajapathi Raju: Sir, the point raised by the Hon'ble Member is - that there would be no purpose served with the course if they have not given opportunity - is a very salient aspect. Definitely, when the course is put them the students must be able to derive some benefit out of it in terms of job opportunities. That is why I said, I will move this matter with Forests & Rural Dev. departments to see that some preference is given to these candidates in the Public Service Commission Examination. That is one aspect which I will definitely move. The second aspect is the post-graduate course. We will examine the possibility of opening post graduate course in this subject. We will examine the possibility - because there are so many problems relating to it. We cannot tell the future half hand.

Sri S. Jaipal Reddy: Sir, I think I was not properly understood by the Hon'ble Minister. If they open Fisheries course at the Post-graduate level, the same problem would be compounded, instead of being resolved. The students passing out of B Sc. (Fisheries) are not being permitted to study M Sc., atleast with regard to some other Faculties. We can appreciate the inequity involved in this, only when we know that students with higher than the average merit were admitted into this course. So, they are being denied the opportunity to study M. Sc., course otherwise. They are being denied employment and they are also being denied the opportunity of higher education.

Sri P. Ananda Gajapathi Raju: Sir, what the Hon'ble Member says is quite correct. They are denied the opportunity of going for higher course and also denied the opportunity of employment. Both ways their fate is sealed. In this connection, I would like to mention that some of these courses which were started in subjects like this, have to have some connection with the Agriculture University and with some other body which acts as an apex body to these disciplines. Now, what has happened is - it has been started in an ad-hoc basis. It was started sometime in 1979 on an ad-hoc basis. So, when it started on an ad-hoc basis, it becomes difficult for Universities to admit these candidates who have done B. Sc., (Fisheries) into some other M Sc., courses because they are not competent to enter into some other course. Second this is in job opportunities also they are not given preference. I do agree with the Hon'ble Members that these are the problems. We will definitely apply our minds to these problems and try to see how best we can solve.

Sri S. Jaipal Reddy: Sir, the point is that all these aspects should have been considered in their minute outlay before the course
was introduced. Now the lives of students are being experimented with. Why were not these aspects considered at all that time? You really fell in the bate or monitory inducement of the U. G. C. and when the Minister himself has admitted that this course was introduced on an ad-hoc basis, I should add that the course was introduced without any thought at all.

Sri P. Ananda Gajapathi Raju: Sir, I still maintain my stand that this course was started on an ad-hoc basis. It was started without considering and ramifications of the course and now we have come to a stage where we have to reconsider all these issues and I will definitely apply our mind to that.

Today they are forced to be on the streets! That is why this issue was brought to the notice of the Minister and he was kind enough to convene a meeting on 2-3-84. I was also invited for that meeting and I was there. Some of the issues raised by the students were not answered by the Minister now. One is about the Laboratory facilities. Second is about meeting the expenditure of fisheries tour for seven days. Thirdly, posting of adequate staff to teach these particular subjects and fourthly, in consultation with the Public Service Commission, amending particular rule, giving weightage for these boys.

I only request the Minister to convene another meeting at the Cabinet level with the Minister for Forests & Rural Dev. and then appraise the Chief Minister also about the same and then try to get the relative rule amended as far as the public service Commission is concerned. The Education Minister himself can solve some of the problems such as Laboratory facilities, education tour and the question of staff etc.
*Who have done specialisation on the Fisheries Course. These are the four points and important aspects which the boys have raised in the meeting. The Minister said that he would sympathetically consider. Sir, how long he would consider since five years have passed?

Sir P. Ananda Gajapathi Raju: Sir, I do agree with the points raised by the Hon’ble Member. There are number of problems. Certain problems can be solved by me departmentally. Certain problems are concerned with other departments. I do not go into the wisdom of starting course—but only thing what I am saying is that when vocationalisation takes place, it should take place with aim and mind after settling all the connected issues. But this was started basically on an ad-hoc basis. It was not started after considering all the aspects. That is why these problems are recurring to-day and there are so many problems. Definitely I have no objection to discuss all these problems and take a decision on these points.

Sri P. Ananda Gajapathi Raju: Sir, I was only saying that the officials of Food, Forests & Rural Development Departments were opposed to these proposals. I did not say that the Minister himself was opposed to these proposals. But we will discuss these matters at length and take a final decision.

Sri P. Ananda Gajapathi Raju: Sir, as soon as possible Now this is not just relating to my department alone. It is with other departments also. The convenience of other Ministers and departments have also to be seen, since the other Ministers are also involved. So, taking into consideration the convenience of the Minister and all others, as soon as possible, we will do.
3. Will it be before the month end?

Sri P. Ananda Gajapathi Raju: Sir, that I cannot assure and as soon as possible will be alright.

Sri A. Madan Mohan: Mr. Speaker Sir, you should come to our rescue. Now this is a very evasive answer I did not expect such a reply from a youthful and dynamic Minister like Sri. P. Ananda Gajapathi Raju. I thought that he would be very specific in giving time, date and schedule as to by what time he would be able to take a decision. If this is the approach of a youthful Minister of Telugu Desam Party, I do not know about the elder generation as to what extend they would be useful to this society. Here is a problem and everybody is alike with that problem— it is not as though it has come up for the first time to the notice of the Education Minister. He is agreeing to the fact that when it has been brought to the notice that he is seized of the matter. I, in fact, have done in this case half of the Government Job. I spoke to the Secretaries the Education Minister and the Secretary, Forests & Rural Development and the Secretary, Agriculture. I also spoke to the other concerned people to ultimately see that they should come round and sit together and take a decision. Only the thing is they will have to convene a meeting with the Vice-Chancellors. Both if necessary the V-Cs., of Osmania University and the Agriculture University. If the Secretaries of all concerned departments, the Education Minister and the Minister for Forests & Rural Developments, sit together, I think they will be able to take a decision. It should not take so much of time and unnecessarily the Minister should not get a bad name and reputation for himself to say that he is trying to be evasive—or he is not trying to give attention, to such a serious problem.

Sri P. Ananda Gajapathi Raju:—Sri, we will take a decision before the next academic year begins.
Sri P. Ananda Gajapathi Raju :- Sir, definitely we will consider all these things.

Sri K. Bapi Raj Karikalur : Sir, I only appreciate and thank the Hon'ble Minister for the stand he has taken and what I request him through Mr Speaker is - let him give us an opportunity to congratulate him on the stand he takes before the Assembly Session is closed.

Sri S. Jaipal Reddy :- Sir, this is one “Raju” trying to congratulate another “Raju”.

(LAUGHTER)

Sri K. Venkateswara Rao :- Sir, I am at a loss to understand what he spoke He has driven home the points I have not received the reply.

Sri P. Ananda Gajapathi Raju :- Sir, I understand all the points raised by them. Because the Hon'ble Member was referring to congratulate me, I was wondering as to why he was going to congratulate me and that is why I have asked him to repeat the same.

His answer is not germinating to my points

Sri P. Ananda Gajapathi Raju :- Sri, we will consider all these issues.

Sri M Venkaiah Naidu :- Sir, it is “Raju” congratulating a “Mantree”.

(LAUGHTER)

Sri K. Bapi Raju :- Sir, I want to clarify. The Hon'ble Minister has not understood me. I do not speak to be misunderstood. I am very cautious when I speak. I never congratulated persons who do not deserve it. What I had requested is - let the
Hon'ble Minister for Education give us an opportunity to congratulate him for the action he is going to take before this Session and I congratulated him earlier.

Sri P. Ananda Gajapathi Raju :- Sir, he is giving a post-dated cheque with congratulations; and I accept the cheque.

**DRINKING WATER PROBLEM IN KURNOOL TOWN**

190-B

Will the Minister for Law & Municipalities be pleased to state

(a) whether it is a fact that the Kurnool Municipality is supplying water for drinking purposes through existing pipe lines for only 10 to 15 minutes a day in the morning;

(b) whether it is also a fact that the K. C. Canal will be closed in this month;

(c) if so, the alternative arrangements made by the Municipality to cope up with the acute drinking problem?

Let the Minister convene a meeting with the Secretary Revenue, Commissioner of Relief, Commissioner of Civil Supplies and the concerned legislators and try to thrash out the issue as early as possible.

Re: Damage to Property caused due to Heavy Rains in and around Chittoor.

These are the things which cannot be settled in the House. I don’t know why the Minister is hesitating to take the Legislators into confidence. He is right. He will consult the Commissioner and make a statement. Some statement will come again.

re: Statewide strike by Teachers from 14-3-84 in support of their demands

Sri M. Venkaiah Naidu: I request that by that time the minister may call the Commissioner, Civil Supplies, Commissioner for Relief and Secretary, Revenue also.

Sri P. Anandagajapathi Raju: Sir, there is a statewide strike by the teachers which started on 14-3-1984 in support of their demands. The apprehension of the hon'ble Members is that it may hinder the progress and conduct of examinations to lakhs of students. In this connection I would like to mention that wireless message was given by the Chief Secretary few days back to the concerned districts to see that the examinations are not postponed under any circumstances. Subsequently the Chief Secretary sent D O. letters to all the District Collectors and the Commissioner of School Education has also communicated to some of the D E Os to see that the examinations are conducted as per schedule.

re:- Statewide strike by Teachers from 14-3-84 in support of their demands.

Sri P Anandagajapathi Raju :- I will just clarify this doubt. The topic here is whether it hinders the examination of lakhs of students. That is why I enumerated the steps which are taken to see that the examinations are not hindered. Now he wants to know as what are the steps taken to see that the strike itself is resolved. Out of 12 demands that the teacher representatives have brought forward 8 demands have been accepted. Three demands are under active consideration and some demands have been decided in the Cabinet meeting held on 14th and those details have to be announced by the Chief Minister and he would announce them at the appropriate time. Nevertheless I would like to mention that this matter is negotiated with FACTO representatives and we have come to certain understanding with them irrespective whether they are on strike or not. We are firm that the examinations should be held so that the students will not be put to loss. The D.O letters and wireless messages which I have mentioned or instructions given departmentally is to see that examinations are done after instructions are taken from me.

Sri P Anandagajapathi Raju :- Regarding the decision taken by the Cabinet the minutes have to be approved. Once the minutes are approved and given definitely I will reveal that to the House. Only minutes are confirmed, I cannot reveal it to the House. The demands of the teachers involve heavy financial commitment and policy decisions. They cannot be given on the spur of the moment. This has to be thought of, and its repercussions on other services. Anyway out of 12 demands 8 demands have been accepted and three are under active consideration. We are still negotiating the matter with them. We will try to see that the strike is put an end to.

re: Statewide strike by Teachers from 14-3-84 in support of their demands.

S. 1. Dated: March 16, 1984

The said strike has involved the support of 1,75,000 teachers across the state. The total number of teachers involved is around 1,000. In the initial stages, the strike was limited to 12 workers. However, it has now expanded to 17,000 teachers across the state. Is it not appropriate to address the demands of the teachers?

re: Stutewide strike by Teachers from 14-3-84 in support of their demands.

Sri M. Ramakrishna Rao: The question is, the demands which were accepted were not being implemented. That is the main thing for strike. Last year certain demands are accepted, but they are not accepted. On account of this strike not only the examinations are hindered but the students are also hindered. What steps the Government is taking to call off the strike. The teacher MLCs are going on strike since 1 P.M. to-day. What steps the Government is taking to stop the hungerstrike which the MLCs are going to start?

The teacher’s contention is that the Govt. has already agreed to certain demands and they are not implementing the same. That is why they are forced to go on strike before the examinations. No teacher will be happy to go on strike before the examinations, because it will affect the student community also.
Matters Under Rule 329

re: Statewide strike by Teachers from 14-3-84 in support of their demands

I am not happy for the strike at the same time you see the reasons that compelled the teachers to go on strike. It is non-fulfillment of their demands. It is said that certain demands are agreed upon by the Government. What are the demands agreed by the Government? Let the Minister enlighten the House.

Sri P. Anandagajapathi Raju: Regarding the total demands I will pass on the information to the Members. Yesterday, it came up in the Council. The specific aspect is only relating to the examinations.

This is a state-wide strike of teachers which hinders the examinations. The aspect is relating to the examinations. If he wants the demands, I have no objection in passing on the demands. Now 1,75,000 teachers have gone on strike. The Member says the demands were agreed. The teachers want to put the society to ransom. They say that everybody is put in difficulty. They have started the strike on the eve of examinations. If they have started it can be understood. The Government is determined to carry out the examinations because we have the interest of the teachers in mind and also the students' interest, the parents who have invested in the education of their children. Relating to the demands we have never agreed all the demands. They raised so many demands. All the demands cannot be accepted. There is a question of policy and financial commitment. There are unlimited things and limited means. We cannot satisfy all the unlimited things. We said eight demands have been accepted and three demands are under consideration. Relating to the teachers' problems it was put before the Cabinet. That will be communicated to them once the minutes are confirmed. I cannot say anything. Unless the minutes are confirmed I cannot say. I was not present during some of the discussions. It is true. I have gone to Visag and Vizianagaram to attend one meeting. Even when I was not there my colleague Sri Ch Venkataramajogajah and education Secretary were there. Negotiations were going on. Yesterday also we discussed. We tried to see that the matter is settled in this case. We have the interest of those students in mind. We want to see that the students get an opportunity to write the examinations. We wanted to see that the teachers' problem is solved. They have certain problems. Problems are always there in the society. Because they have the strength in the Legislative Council they are able to highlight the problems and bring before the society. Others are not able to do, because they don't have representation either in this Legislature or th
Legislature Everybody is aware of this We have that in terest of teachers at heart We will definitely try our level best to see that the demands are met with and the society's interests are not affected

The point is simple. The Minister is conveniently by-passing. What are demands accepted? I am not talking about the three fresh demands taken up by the Cabinet. There are certain demands accepted by the Government. They are not implemented and hence the strike When we are accusing the teachers we should be clear from our side. They have agreed on certain demands and the same was not carried to the lower level. What are the demands and when they were accepted. Let the Minister tell the House.

Sri Anandagapathi Raju:—Regarding the demands that are accepted and the other demands which are not accepted, I have not brought those details I will pass on the information to the Member;

Sri M Venkaiah naidu:—I don't want demands. When they were accepted? Why the G.Os are not issued and why they were not implemented?

Sri Anandagajapathi Raju:—Some of these matters have policy implications. Some of these matters have tremendous financial commitment. That is why we said we will consider these issues. I still maintain that we have not accepted all the demands. We have accepted some and we did not accept some.

(Mr. Speaker in the Chair)

That is the question here. That is what we went to be enlightened;
re: Statewide strike by Teachers from 14-3-84 in support of their demands.

This is not the first time. This is the third time.

Sri K. Venkateswara Rao (Kollapur):- Sir, it appears as though the teachers have been driven to desparation and they have gone on strike. The time they have chosen, as many of our friends have suggested, was not opportune. May be, out of political expediency on their part they have resorted to this method, but on part of the Government also, acts of oppression and repression have been resorted to. In case of teachers' demands, when they have
Matters Under Rule 329

re:- Statewide strike by Teachers
from 14-3-84 insupport of their
demands.

resorted to picketing, on behalf of the Panchayat Rai teachers
you know once, and on behalf of other teachers Union at the second
time - they were lathi charged and force was applied  Now there
is wide-spread discontent among the teachers community. Having
taken advantage of this situation when the Government have reached
an agreement with the representatives of the Associations of the
Teachers, some of the points that you have agreed upon, when they
are not honoured, the commitments you have honoured them in
the breach, and this most unhappy situation has arisen and I charge
this Government also to be one of the contributing factors to the
crisis that has now developed on this education front

Sri P. Anandagajapathi Raju :- Sir, as I mentioned earlier, all the demands that they raised in the 14th and 15th July
meeting, last year, were not accepted to. We said that we would
actively consider some matters, examine some matters, examine the
financial implications of certain matters and examine the implica­
tions of the matters in relation to Service conditions etc., This
was the way in which we discussed. But out of their twelve dem­
ands we have already settled eight demands and three demands are
under active consideration.

Let me reiterate again that it is not the intention of this
Government to go on a confrontation with the teachers We in
fact wanted them to come back into service and we have great respec­t
and affection for them. We also know that they play a very
vital role in the society but at the same time we do realise that we
have to think about carefully when the question of taking a policy
decision goes or when the question of making huge financial
commitment goes That is why we have to think about these issues
and any way, we are engaging with them practically over the other
day and we are discussing with them and also appealed them to call
off this strike and as Sri Seelam Sidda Reddy garu pointed out
perhaps, it is not correct on their part also to go on strike on the
eve of examination - they should have looked for some other times
because it is not correct to put the future of the students into
quandary. So, those are all our problems and these are very impor­t
ant and policy decisions involving huge financial commitment whi
ch cannot be decided at a spur of the moment or just by a com­
mitment. That is why I assure the Hon'ble Members that we will
definitely try our level best to settle these issues in the interest of
the teaching community and the students.
Matters Under Rule 329 16th March 1984

re: Statewide strike by Teachers from 14-3-84 in support of their demands.

As you have rightly said, you have to see other repercussions of various sections and financial commitments.

But when once you have come to an understanding, please implement it. What is difficulty in implementing the same? The ball is in your court but not in their court.

Sri P. AnandaGajapathi Raju :- Sir, as I mentioned, even in 4th and 15th July meeting and agreement which we had with them, we did not say that all these twelve items would be done. What we aid was certain matters would be considered; certain matters would be considered in terms of service conditions and certain matters of financial commitments would be examined. We did not say “Yes we are taking all these and therefore the matter is closed”. There was nothing like that. In the minutes of that meeting it was mentioned clearly that we would consider this - we would consider that they would examine this and we were doing that etc. That is why, out of twelve commitments, eight demands seem to have been examined and settled. So, they have got more than 50% of what they wanted. And now three demands are still left.

They are also under consideration. Once they are decided, they also may or may not be implemented. So, what I am saying is Mr Speaker Sir, that we have not agreed to all the demands and we have said we would consider them and that is exactly what we are doing.

Sri M. Venkaiah naidu :- Sir, let him be fair and let them say as to whether they have agreed eight demands atleast.
Sri P Anandagajapathi Raju :- Yes.

Sri M. Venkaiah Naidu :- Sir, are these eight demands implemented? No, Sir and that is the reason for strike.

Sri P Ananda Gajapathi Raju :- Sir, eight demands have been agreed to and "Implementation" means, you cannot say to implement it just. It is not like that. It has to go through certain processes and definitely we are seeing that it goes through the process and implemented.

Sris you come prepared to the House with the action taken on the officer concerned for the delay.

Re: You come with the action taken on the officer concerned for the delay.

Sr. the speaker must come to our rescue. Are we helpless spectators, Sir? Sir, the speaker must come to our rescue. Are we to receive whatever is placed on the Table? I think it is a waste of money?

Mr. Speaker:— Why there is so much delay?

Sri M. Venkaiah Naidu:— Sir, this cannot be placed on the Table of the House to-day under any circumstance. We won't accept. For this, what is the reply on the point of Order? What is the action taken by the Minister on the concerned officers for the delay? Whether it is Congress, Janata-whatever it is, what is his explanation?

Sri A. Madan Mohan:— Sir, I take very serious objection to what the Minister has said here. It is most unwarranted and it is not correct. It does not enhance his dignity and to the position he holds nor to his party or the Government. What have you been

doing? For our lapses, we have already said and we have bowep our heads and we are democrats sitting here. Yes, there may have been lapses. But you cannot take refuge for your lethargy, inefficiency incompetence. It is you who said so many things as if you have fallen from heaven with super powers. This is not correct approach and he must admit his defects in the cause of discipline and integrity. He cannot raise his fingers. Nobody has asked him for what happened during the past four years. He should explain why he has failed miserably or accept his incompetence, inefficiency and lethargy. Do not try to take refuge under

Sri S Jaipal Reddy:— I do not know whether Sri Madan Mohan is responsible or Sri Jana Reddy. But Mr Jana Reddy as a Minister cannot shirk his responsibility of taking action on such people or such officers who have been responsible for inordinate delay, whichever party may be in power.

Sri M. Venkaiah Naidu:— The persons who are holding the Portfolios right from 1979 till now, including the Minister is responsible for this. Whether it is Congress Minister or T D. P. Minister, it is the guilty committed by them. They cannot give excuses of 4 years and 14 months.

You cannot take this House on a ride. Why should we waste Valuable time?

Why should we create apprehensions in the minds of the people? Why should we waste our time here unnecessarily by simply sitting and hearing you.

Suspend them even if they are the I A S Officers. I request the speaker not to accept the explanation from the Minister in order to uphold the dignity, decorum and maintenance of prestige of the house.

Sri M. Venkaiah Naidu: Where is Mr. Vengal Rao today? He is going to be your Boss tomorrow:

You stand on your own feet.

Sri A Madan Mohan: Mr. Vengal Rao is a Congress-man and he proves to be a Congress-man.

Sri S. Jaipal Reddy: Mr. Vengal Rao has got a pass to become a boss over Mr. A. Madan Mohan. Mr Mohan has no choice in the matter.

Sri A Madan Mohan: I do not like to be provoked because they are younger to me Mr. Jaipal Reddy is a lone Member in the House and he should remember it.

Sri S. Jaipal Reddy: I am alone in the House as Janatha Party Member and I have the moral courage to be alone.

Coming to the point, Sir, we have been raising the objections and Mr. Jana Reddy pointed out in a casual manner and there is no point in merely raising objections. A time has come to uphold our objections and prevent the Minister from placing this paper on the Table of the House as Mr. Venkaiah Naidu has rightly pointed out, with reference to the ruling of your predecessor-
Sri M. Venkaiah Naidu:- I am quoting a ruling from the chair. It is dated 26th September 1969.

On the 26th September, 1969 the Hon’ble Speaker observed.

Mr. Speaker:- With regard to the laying of the papers on the table of the House there is a statutory obligation under various acts under which the Minister concerned has got to lay papers on the table of the House. In a number of cases there is considerable delay of six months, one year or like that and when asked to explain as to who are responsible for the delay I am not getting proper explanation. In some cases they do not even tell me the persons who are responsible for this delay. I feel these are cases where it amounts to contempt of the House. I am only sending on such case to the privileges committee to find out the persons who are actually responsible for the delay and then to task. Hereafter if I do not get the information, within a particular date I am going to hold the Minister concerned and the Secretary concerned responsible for the delay and deal with them for the contempt of the House. This was a case where the notification was issued on 28-11-1968 and it should have been placed on the Table of the House in March Session. They did not do it. When asked to explain they are saying that the Legislature Department is responsible for the delay. They are not even telling the names of the persons responsible for the delay. I consider there is a prima facie case for referring to the privileges Committee. It is for the Privileges Committee to find out who are responsible and give their opinion.

This is the decision given by the Chair. According to the Rules of Procedure and Conduct of Business in the A.P. Legislative Assembly, the Speaker has taken it as a serious matter. In this case 5 years have been lapsed in placing the Annual Report of the Corporation over which the State Government is investing crores of rupees, and where there is heavy losses. The Speaker must view this matter very seriously and without waiting any further should refer it to the Privileges Committee. Without any
admonishment from the Chair and expression of regrets from the Minister concerned, this matter should be referred to the Privileges Committee because there is 5 years delay.

Sri N Venkataratnam -- from the fifth annual report 1978-79 of the A P Dairy development corporation Ltd., at page 2' the Notice dated 27-8-1979, Reads as follows :-

"Note is hereby given that the 5th Annual General Body Meeting of the Share holders of the A. P. Dairy Development Corporation Limited will be held on 27-8-1979 at 1-00 p.m. at Registered Office, Lalapet, Hyderabad to transact the following Business :-

1 To appoint directors in place of those who are retiring.
2. To receive, consider and adopt the Directors’ report  audited Balance sheet and profit and loss account for the year 31-3-1979 together with auditors'report there on.

3 To appoint auditors to hold office till the conclusion of the next annual general body meeting and to fix their remuneration.

Practically, this meeting was held on 30. 12. 1983. You please go through page 3 of the Report, wherein the Notice dated : 15. 12 1983 reads as follows :

" Notice is hereby given that the adjourned 5th Annual General Meeting of the Andhra Pradesh Dairy Development Corporation Limited is convened to be held at (time) 3.30 p.m. on (date) 30 12 1983 at the Registered office of the Company to transact the following business :

“To receive, consider and adopt the Audited Balance sheet and Profit and Loss Account and Auditors’ Report thereon for the period ended 31st March, 1979 ” So, the fact is that after the receipt of the Auditors’ Report and after going through the formalities, this is how it was placed on the table of the House. Practically, the adjourned 5th Annual General Meeting was held on 30/12/1983 in which the report was received
and after due formalities, it was placed on the Table of the House. In this, I do not think there is any omission from any side. I do not think there is any delay either by the previous Government or the present Government in placing this on the Table of the House.

Sri A. Madan Mohan:—I am grateful to Mr. Venkataraman who has really looked into the whole affair. It is not really a cursory glance; but he should have read it in detail. By the time he is referring, I am also going through the contents of the Report. It absolves the charges made on the previous Government by the Opposition Members and the Minister. The Minister should apologize to the House for making such remarks without even going through the contents of the report.

It is only in 1983 December, the business was transacted and it is only the present government responsible and it has to account for lapses. I am asking the Minister through you, Sri, that he has to offer apologies for unnecessary accusing the previous Government without looking into the facts. Otherwise, I have to move a privilege motion against him.

Sri N. Venkaiah Naidu:—We have already gone through the matter.

Is it not the responsibility of the Government to fix responsibility? Is it not the responsibility of certain officers concerned? Is there no responsibility for not conducting the meeting for a long time? A simple view was taken because the Auditors' report was given in 1981, and it was approved in an easy and casual manner. Now, here we are saying 'you are absolved of your responsibility and I am absolved of my responsibility.' What is this? Who are responsible for all this?
So, I don't agree with the contention of the honorable Leader of the Opposition or Venkataratnam.

Sri A. Madan Mohan: You have never been agreeing. It is only I who has been observing with patience. I know it. In one breath you appear to be criticising, at the same time you are trying to offer points to justify the action. Do you think that I am not that much intelligent as not to understand this? I never wanted to have a row with my friends.

Sri M Venkaiah Naidu: Simply because you are sitting in Opposition, simply because you are a non-Telugu Deeam party, if you go on attacking Government, then democracy will be safeguarded by God alone. If Mr. Madan Mohan understands the basic principles of democracy, he must take care of his party's prestige which is already lost in the last elections. Let him enjoy it. But my submission is...
Sri A Madan Mohan:— We might have lost it, but still people have blessed us in a better way than what his party's people have been treated at the hands of the people nor people are going to trust you with power.

Sri M. Venkaiah Naidu:— We were never in power

That is my internal party's affair I know how many people in his own party sitting behind him and attacking what he is saying. Let us not go into party affairs. It is not good. Let us have some basic parliamentary decency.

Re: Annual Reports of the A P. Dairy Development Corporation

Sri M. Venkaiah Naidu:— I am ready to accept the Minister provided he will take action and inform the House also in this session.

Mr. Speaker:— (turning to the Minister) You take action on the officers.

Sri M. Venkaiah Naidu:— Action should be taken on the persons whoever is responsible.

Mr Speaker:— O.K.

Sri A. Madan Mohan:— I don't believe in inciting and provoking people because I have been in that responsible position and I know what are the lapses, commissions and omissions. A person who accepts the responsibility has lot of problems. The Minister has unwarrantedly incited other opposition members to speak about the lapses of the previous Government I really wanted to threaten him by moving a motion of privilege. He has to withdraw it. Once he says he has withdrawn then I would not insist either on regret or moving a privilege motion. He said he would explain to the people of the State about the lapses of the previous Government. Normally I don't take objection. Either he should withdraw or I am allowed to insist on apology. I am at liberty to insist on apology or a privilege motion against the Minister.

Sri A. Madan Mohan:— There is nothing wrong. There were many occasions whenever we committed mistakes we have conveyed our regrets. I don't suffer from any false ego. That is how, as a via media he (minister) should say he will withdraw unnecessary remarks, uncalled for remarks and incorrect statement made by him and over and above inciting the other leaders of the opposition by saying that this is the mistake of the previous Government. Having made an incorrect statement he should withdraw it. There is nothing wrong about it. I would expect the Chair to uphold the basic privilege of mine. You should direct him (Minister) to withdraw it. Because, he has made an incorrect statement.
Re: Annual Reports of the A.P. Dairy Development Corporation Ltd., Hyderabad for the period ended 31-3-1979

Mr. Speaker:— (turning to Sri A. Madan Mohan):— You please tell what is the incorrect part of the statement.

Sri A Madan Mohan:— The correct part of the statement is this When Venkaiah Naidu was speaking he said the previous Government is responsible. It should have placed in 79 itself. Ever since 79 it was not placed. In addition to that you are also guilty of not placing it. Without looking to the reports as to who is responsible for the delay the minister said ‘I want you to say something against the previous Government for the lapses’. There was no lapse on the part of the previous Government. When he said it I said he has made an incorrect statement. I expect you to ask him to withdraw.

Mr. Speaker:— If it is incorrect statement he has to withdraw. Whether it is incorrect or correct, it is for him to say.

Sri A. Madan Mohan:— I hope that you have been following the entire proceedings. Mr. Venkataraman has pointed out at page 2 and read out about the annual audit report having been submitted in 1983. In 1983, my Government was not there. If there was delay from 1983 to 1984 it has to be squarely accepted by this Government.

Mr. Speaker:— But this is the audit report of 79-80.

Sri A. Madan Mohan:— It was submitted in 1983. What he said was ‘you explain to the people about the lapses on the part of the previous Government’. This is said without looking into the audit report. This fact has been brought by my own Member-I have not brought it. He had the opportunity to study it. When he was quoting I was looking to the papers. Now it has been brought to his notice that this is not the mistake committed by the previous Government. I stand corrected. On many occasions whenever I gave figures or made any allegation, I used to be very cautious. I did this even while I was a Minister. I am doing even while I am the leader of the opposition. What is wrong with it? He can certainly say that I stand corrected.
Mr Speaker:-(turning to the Minister) If you feel like incorrect statement you withdraw it, otherwise I will give my ruling

Sri M. Venkaiah Naidu:- We insist on the Speaker to give ruling afterwards on the points of roder raised by us. We are worried about the delay in placing and bringing it before the House. So, we request the Speaker to come to the rescue of the House and give a ruling.

Mr Speaker:-- I will go through the entire proceedings and give a ruling.

Mr. Speaker:-- Anyway, I will go through it.

He has got the responsibility.

Can the Speaker expunge the words of the Minister when they are not unparliamentary? Don't take the responsibility. You are prone to dangerous proposition. Don't accept that responsibility. If the Minister is feeling shy and afraid, let him withdraw on his own accord. Let the Speaker take the responsibility.

We only want the Speaker to give the rule position.

Mr. Speaker: (looking at the Minister): You proceed.

Sri P. Anandagajapathi Raju :- Sir, with your permission, on behalf of Sri N. T. Rama Rao, Leader of the House, I beg to place on the Table a copy of the Report on the decisions of the Business Advisory Committee taken at its meeting held on 15th March 1984

(See Appendix)

Mr Speaker :- Paper Placed.

GOVERNMENT BILL.

The Andhra Pradesh Entertainment Tax (Amendment) Bill, 1984

Sri P. Anandagajapathi Raju :- Sir, with your permission I beg to move for leave to introduce the Andhra Pradesh Entertainment Tax (Amendment) Bill, 1984.

Sri M. Venkaiah Naidu :- Sir, whenever a Bill is moved, it should be moved by the author of the Bill. The Bill contains the signature of the Finance Minister and the Finance Minister alone is empowered to move. For noting the points during discussion and laying papers on the Table of the House is a different matter altogether. This is a Bill. When it is a Bill, how can this Minister move the Bill? I only request the Hon'ble Speaker to postpone the moving of the Bill, till the Finance Minister comes.
Sri S. Jaipal Reddy:— Sir, a distinction has to be drawn between a Bill and the Papers to be laid on the Table of the House; I mean, the Bills to be moved.

Mr. Speaker:— As per Rule 2 - Sub- Rule(n), a Member in charge of the Bill means, in the case of the Government, the Minister who introduces the Bill or any other Minister on his behalf it is clear.

Sri M Venkaiah Naidu:— Sir, the convention and the practice in this House during the last Assembly, when we objected was that the Bill must be moved by the concerned Minister.

Mr Speaker:— According to the Rule - it is by any Minister on his behalf.

Sri M. Venkaiah Naidu:— Sir, then, can the Minister explain as to what the salient features of the Bill, when he is not the Original Mover?

Mr. Speaker:— I do admit for that ..

Sri M. Venkaiah Naidu:— Sir, the convention is that the Hon’ble Speaker also’ a number of times said from the August place’ that the Minister must as far as possible ‘read and make the statements in English.

Mr Speaker:— This is a very bad practice, Let him move the Bill to-morrow.
Mr. Speaker :- Motion moved

Business of the House

(Mr. Speaker)

(Mr. Speaker)

Mr. Speaker: They are not moving...

Now Sri Madan Mohan will move the second non-official Bill.

NON OFFICIAL BILLS

Mr. Speaker: Motion moved.

The question is:

"That Leave be granted to introduce the Andhra Pradesh Prevention of Specific Corrupt Practices Bill, 1984"

Motion was adopted and the Bill was introduced.

BUSINESS OF THE HOUSE

Mr. Speaker: Now, the non official Resolution, of Serial No: 1 and 3 are Postponed at the request of Sri Rajan and Sri Mukunda Reddy.
16th March 1984

Non-Official Resolution
re: Condemning the Separatist Tendencies Within and Outside the Country.

Sri A. Madan Mohan: Sir, I beg to move the following Non-Official Resolution:

This House condemns the separatist tendencies, aided and abetted by the enemies within and outside the country, especially in Punjab, Kashmir and North Eastern parts of India causing grave situation, threatening the solidarity and independence of our country.”

Mr. Speaker:— Resolution Moved.

Mr. Speaker:— Then what about the remaining resolutions when members are different?
Non-Official Resolution 16th March, 1984 373
Re: Condemning the Separatist Tendencies Within and Outside the Country.

Mr. Speaker:— That is when the members are different.

Sri M Venkaiah Naidu:— Sir, the procedure which we are following before is supposing if two or three members give the similar resolution, it will be clubbed as one and the Mover will be the first man who gets his name in the draw. That is the practice we are following. Now I do not think they will object, since Number 1 and 3 have been clubbed.

Mr. Speaker:— Yes,

Sri M Venkaiah Naidu:— Sir, let us assume that 100 people are giving the same Resolution. Are we going to include these as 100 items in the Agenda?

Sri A Madan Mohan:— Sir, I request the Hon’ble Speaker to postpone the Resolution for the next Friday after 23rd because on 23rd we are not likely to be here.
Re: Condemning the Separatist Tendencies Within and Outside the Country.

Mr. Speaker:- Is there any objection if the Resolution is postponed on Friday? Since the Motion is already moved there will not be any difficulty.

Mr Speaker:-- Now I adjourn the House till 8-30 a.m. of 19th March 1984.

(The House then adjourned to meet again at 8-30 a.m. on Monday the 19th March 1984.)
