In the interest of Justice, if Mr. Jeevan Reddy, if the Minister believes in principles of democracy and natural justice, he must
better, quit the Cabinet post and ask the Chief Minister to order for a judicial enquiry to find out the truth. If he is found guilty, then he has to face the results. If the judiciary enquiry says that he or his family members are not guilty and not used the political influence to influence these matters, then he can again come back in the interest of justice.

One can declare that he is a naxalite and there is nothing wrong in it.

The Hon'ble High Court (His Excellency) :

Sir,

This Court has received information that on 10th January, 1984, Sri Gopal Reddy and Sri Ramachandra Rao were murdered by a group of radical goons at Iagtialm, Karimnagar District. The deceased were said to have been members of a political party and were murderously attacked by the goons.

It is reported that the goons arrived at the victim's residence in the evening and started beating them. The victims were then taken to a nearby forest and slaughtered. The goons then fled the scene.

The police have been informed and are investigating the matter. It is said that the goons were suspected to be members of a political party opposed to the ruling government.

SRI CH. VENKATA RAMA JOGAYYA: Sir, on 19-2-1984 R. Gopal Reddy and B. Ramachander Rao, Organisers of R. S. S. in Karimnagar District, after attending the marriage of the daughter of Sri V. for Assembly Elections from the Jagtial Constituency on CPI-ML ticket in January, 1983. Dog squad was pressed into service. But in vain. Search parties were formed and went towards different directions. Pickets were posted and patrolling was organised in the town as a precautionary measure to contain any untoward incident. The bodies were sent for autopsy and the Medical Officers opined that both the deceased died due to injuries. Investigation disclosed that offence took place in the background of raging conflict between the extremists organisations and R. S. S and its front organisations. Efforts are in progress to apprehend the accused.

He is not in charge of the portfolio and when the Chief Minister comes before the House, let him make a statement.

What is the action taken? If we question, “Efforts are going on to book the murderers. Dogs are pressed into service”, these are the answers we receive.

...
Annual Financial Statement 27th February, 1984
(Budget) For 1984-85
(General Discussion concluded)

No body is there to check and to check us.
Planning Commission has pulled this Government. They said,
you first complete all on-going projects and till then we are not
going to finance any new projects.
what is the percentage. I am asking. It is negligible.
I have challenged the Government to prove their allegations against me, but they are not prepared. I know very well they cannot prove.

The Netherlands Government is prepared to finance but this Government is not taking any action to provide drinking water to these Flourine affected areas. This is a very serious charge of mine. More than 50% bore wells are not having platforms.
2. Protected water supply is a permanent solution and bores are not permanent solution.

3. Regarding Industries, this has been the neglected subject in this State. My first charge is that you have not taken any care to start new industries in the State.

4. The Chief Minister never cared to meet the Industries Minister of the Centre when he was here. Three times he cancelled the programme. The Chief Minister is in charge of Industries portfolio and he has no time to discuss about the industries.

In this way the State is going to suffer. Whatever licences are got through APIDC, they are not published in the press. They are distributed to their own kith and kin. This is improper.

5. I will come to Law and order. I do not want to mention facts and figures because my learned friends Sri Venkaiah Naidu and
Sri Jaipal Reddy have already mentioned about the increase in crimes in the State and so I do not want to waste time by going into them again.

6. The post has been downgraded from the level of IGP to DIG and when a juniormost man in the State has been posted to Intelligence wing, one can know the importance that is attached for Intelligence wing.

7. There is no law and order and there is no government. They are the government ruling there. They are running the Government.

9. This has been published in so many books and journals.

10. Government weapons, government armoury, everything he can give. That great man is Mr. Appa Rao for raid. It is the job of the ACB and not Intelligence wing.

How do you expect law and order will be controlled in the State? An honest and dynamic person like Sri Anandaram hasgone,
he has applied for leave and gone with frustration saying 'I cannot do anything here'. No I P S. Officer is happy.

He is not able to give a statement here. There are certain press statements that he should be dismissed from T. D. P. There is some misunderstanding between them.

It is a contempt of the House, Sir.

I pity him. There is no contempt to speak in this House. He is my colleague, Sir, I have to respect him. I do not pass any remarks.

Now, Anti Corruption Bureau, Sir,
Annual Financial Statement
(Budget) For 1984-85
(General Discussion concluded)

They are not able to charge-sheet them. They are not in a
position to file a charge-sheet against them.

There is no case against them. No proper investigation.

Let them be from any caste. Every corrupt man should be
punished. That is my opinion.

They are working. Some Officers are still working. They are
lakhiers and karodpathies.

These people are not corrupt, because they must be relatives or
close people of the Chief Minister.

They want to harass certain certain caste and community people. It is not good in the interest of the good administration and democracy.
he was not having money. That man is now Karodpathi. He is the extra Constitutional authority. He can get any file from any Minister or any Officer. He is more than a Chief Minister and he is de-facto Chief Minister.

I am more unhappy over all these things. We must see that the corruption is routed out.

On the Head of the Speaker’s Chair, It is written like this—
“Satya Meva Jayathe”.

We want that you should rule the State for 5 Years.

It is not good in the interests of you. We will be very happy if you rule the State for 5 full years.
Every right thinking man has to think about the type of Government and functioning of the Government.

The viable State may be there. This, we have to think very carefully.

(SRI MP. RAJAB ALI : Point of order, Sir.)

SRI A. MADAN MOHAN:-(Siddipet) Sir, at the outset let me complement Mr. Bhaskara Rao for his lung capacity and exhaustive reply and really I acknowledge that he has established brilliant signs of his eloquence, which may stand in good state in his future career. I may not agree with the facts that he has mentioned here. In respect of so many things I would not like to go in detail but I would like to ask a few questions and seek clarification.

Will he kindly look into open Market Borrowings? If he has the figures with him, I do not like to mention—otherwise I would like to mention. He said Rs. 179 crores are being raised through open borrowings. This is directly something by the Government and something indirectly by the other Corporations, namely, Electricity Board, R. T. C., Municipalities and Housing. How does he account for his
sound financial plan? What is the allocation that this Government has made for Telugu Ganga i.e. State component? I am not asking as to what Tamil Nadu Government has given to this Government. He has not mentioned any thing about the farmers being paid the compensation against the recent motors which are burnt, because of the inefficiency or because of the bad management of the Electricity Board. This Government vouchsafes in the name of the farmers and probably he would like to show his generosity in trying to accept this request on behalf of the farmers that they would be compensating for the losses they have sustained for no fault of theirs.

Now, for Bommeru to Vijayawada 220 KV line I have been told that a senior Officer has already been appointed as an Enquiry Officer and that he has also made enquiries into the whole mismanagement of the whole system of expenditure. Because ultimately it was stopped because of some dispute with the Contractors and the Electricity Board. If that Report is ready, I request the Finance Minister to kindly place the same copy on the Table of the House, so that it will enlighten the members as to who is responsible for that.

About the High Level Committee, since it is already considered I would not like to say anything.

As far as the Education policy is concerned they are taking the pride in saying that this Government has been able to give about 11 to 21 colleges - I do not know, subject to correction of that figure that is already mentioned here but in your election manifesto, you have said that the existing system of education will be a thing of farce and we vehemently apposed and criticised Naturally, we expected that after the advent of this Government they would change entirely the policy of education and bring technical bias to the entire educational system and previous vocational system of education but for that also they are saying good-bye to the University Education. But on the contrary when we see it is not correct. They are only repeating what they have already criticised. Will he be able to say anything on this score also?

Now he was taking pride about increase in the Plan out-lay. I would like him to kindly compare with the other States. Our State has not even accounted for 10% when even the small states like Kashmir and others they have accounted for 15% to 20% increase in their Plan out-lay. I am just saying this and if he finds time let him say about this, otherwise he can write to me and we would not like to waste his time.

Sri K, Bapi Raju: Hon’ble Finance Minister is able to give a very good Speech. Simultaneous, I would like to comment on point. Sir.

M.K.R. I want to know whether the raise in Budget is justified. The Budget for the purpose of education is 100 crores. As you know, it is very large. Education is a must for all. While in 1954 it was 75 crores, in 1956 it was 95.5 crores, 1957 it was 85.5 crores, 1958 it was 100 crores, and 1959 it was 120 crores. The Budget for Education in 1954 was 75 crores, in 1956 it was 95.5 crores, 1957 it was 85.5 crores, 1958 it was 100 crores, and 1959 it was 120 crores. So the increase from 1954 to 1959 was 100 crores.

(End of Discussion)

DR. N.A. KRISHNA: Secunderabad-contarment I appreciate the Finance Minister for giving importance to the Education in the Budget.

Much importance should be given to the Adult Education in order to remove illiteracy in our country.
