Oral Answers to Questions 23rd February, 1984. 279

Sri S. Jaipal Reddy :— Sir, the Zilla District Boards are parts of Panchayat Raj Administration. If the Hon’ble Speaker does not know, I would like to throw light upon this aspect.

Is it true that District Development Boards have been constituted and consequence of with powers of Zilla Parishads have
been partly taken away. Is this the new method of decentralisation that this Government is contemplating? Secondly, whether the reforms of Panchayat Raj system are being based on or inspired by Ashok Mehta Committee Report? If so, whether it is not a fact that Ashok Mehta Committee Report has never recommended Revenue Mandala but has recommended only two tier system—whereas, you are contemplating four tier system.
Mr. Speaker:— I am also postponing the next questions (No. 89, 90) and now I will take up Short Notice Questions.

Will the Minister for Panchayat Raj be pleased to State:

Whether it is a fact that Sri Pullaiah a harijan member in Sathupalii Gram Panchayat was sent out by Police from village meeting; the reason for the arrival of the Police in the village meeting; the action taken by the S. P. or the Government or the D. P. O. in this regard?

WRITTEN ANSWERS TO QUESTIONS

Police firing on the people in Khammam District

61—

1904 Q.— Sarvasri M. Yerrayya Reddy and M. Ramakrishna Rao:— Will the Chief Minister be pleased to state:

(a) the number of places in Khammam district where the police resorted to firing on the people between 1st April, 1983 to 10th May, 1983;

(b) the number of casualties thereon;

(c) the reasons for the firing; and

(d) the action taken thereon?
23rd February, 1914.
Written Answers to Questions

A.— (a) At two places police resorted to firing viz., at Annapureddipalli village of Aswaraopet taluk on 19th April, 1983 and at Sriramagiri village of Bhadrachalam taluk on 24th April, 1983.

(b) Four persons succumbed to bullet injuries in the firing at Annapureddipalli village and two persons received bullet injuries in the firing at Sriramagiri village.

(c) (i) On 19th April, 1983 at Annapureddipali village there was an altercation over the issue of fishing rights between the tribals and the men of contractor to whom a small tank ‘Kummari Kunta’ has been leased out by the Gram Panchayat on annual rental basis. On 19th April, 1983 at about 3-30 p.m. some tribals came to the tank with an eye on fishing. The police who were posted at Annapureddipalli village came to the tank and obstructed the tribals from fishing and tried to avoid clashes. About 500 tribals attacked the police party with sticks and attempted to kill them. The police opened fire in self defence resulting in the death of four people.

(ii) On 24th April, 1983 when the boat festival was performed by Sri Seetharama Chandra Swamy Devasthanam, Bhadrachalam taluk there was a scuffle between the tribals and the Excise party who destroyed the I.D. Arrack and toddy pots brought by the tribals. The tribals beat one Excise Constable with sticks causing bleeding injuries and he became unconscious. On information the police on bandobust duty tried to control the situation by using lathis but in vain as the mob pelted stones heavily. Then the police opened fire to disperse the crowd as a result of which two tribals received bullet injuries. They are out of danger.

(d) (i) In Annapureddi village firing incident an ex gratia amount of Rs. 5,000 to the legal heirs of each of the four deceased persons was sanctioned. The Joint Collector and Additional District Magistrate, Khammam was ordered to hold a Magisterial Enquiry into the incident and the report is awaited.

(ii) In Sriramgiri firing incident an ex gratia amount of Rs. 500 and Rs. 250 to Sri K. Kannaiah and Sri P. Ramaiah who were injured, was sanctioned. The Revenue Divisional Officer and Sub-Divisional Magistrate, Bhadrachalam was asked to hold a Magisterial Enquiry and it is under progress and the report is awaited.

220 KV Line between Bommuru and Lower Sileru

1930 Q.—Sri Indra Sena Reddy :— Will the Minister for Finance and Power be pleased to state:
(a) the estimated cost for laying the 200 KV line between Bommuru and Lower Sileru at the time of the finalisation of the tenders, and

(b) the amount spent on this scheme so far?

374 Q.— Sri K. P. Reddaiah :— Will the Minister for Works be pleased to state:

(a) whether there is any proposal to widen the bridge across Bandar canal at Penamakur and to strengthen the existing approach road to avert accidents; and

(b) if so, whether it will be taken up immediately?

A.— (a) There is no proposal to widen the bridge across Bandar Canal. But there is a proposal to improve Geometrics of the approach on Vuyyuru side including-construction of a minor bridge across Kanakavalli drain to avert accidents.

(b) The improvements to Geometrics from part of improvements to the road from Vuyyuru to Iluru. in respect of which a proposal is under examination of the Government.
Damages to the tar-road from Mondikunta to Aswapuram

65—

1276 Q.— Sri Koneru Nageswara Rao :— Will the Minister for Works be pleased to state:

(a) whether it is a fact that the recently laid tar-road from Mondikunta to Aswapuram on Burgampadu to Yeturunagaram road in Khammam district is in worst condition; and

(b) if so, the action proposed to be taken by the Government in the matter?

A— (a) and (b) Yes, Sir. It is a fact that the road surface suffered damages at some places and the damaged portions have patched up.

Non-utilisation of the Amount sanctioned for the
P. W. D. road from Bibinagar to Pochampalli.

66—

1847 Q :— Sri K. Narasimha Reddy :— Will the Minister for Works be pleased to state:

(a) whether it is a fact that an amount of 32 lakhs of rupees was sanctioned in the Plan budget for the P. W. D. road from Bibinagar to Pochampalli in Bhuvanagiri taluk.

(b) whether it is also a fact that an amount of 2 lakhs of rupees was allotted for the said work in 1982-83.

(c) whether it is also a fact that the said amount was not spent; and

(d) if so, the reasons therefor?

A :— (a) An estimate for the work of Improvements to Bibinagar to Pochampalli road in Nalgonda district for Rs. 30.00 lakhs has been received from the Chief Engineer (Roads & Administration) in 7/83. The proposal is under examination in consultation with the Finance & Planning Department,

(b) An amount of Rs. 1.00 lakh only was provided in the budget for the year 1982-83.

(c) Yes, Sir.

(d) The amount allocated could not be spent as the estimate was not sanctioned during that year.

Conversion of Road From Vadamalapeta to Tirupathi into Tar road.

67—

1397 Q :— Sri G. Muddu Krishnama Naidu :— Will the Minister for Works be pleased to state:
(a) whether it is a fact that road from Vadamalapeta to Tirupati via Pudi, Kayampeta was taken over by R & B 8 years back and until now tar-road is not laid;

(b) the time by which it will be converted into tar-road;

(c) whether it is a fact that if this road is developed Tirupati Madras and Arkanom Express vehicles can be diverted in this road and the over traffic problem between Tirupati to Renigunta can be solved as this road is 10 K. M. less than that Renigunta road. and.

(b) if so, when this road will be developed and when the Evpress traffi will be diverted in this road ?

A :- (a) The correct nomenclature of the road is “Road from Tirupati to join Arkanam - Renigunta road near Pudi”. The road is transferred to the control of R & B Deptt. vide G. O. Ms. No. 184, T. R, & B Deptt. dated 10th March, 1977. The road was taken over by the Executive Engineer (R & B) Tirupati from Km. 0/0 to 3/0 on 9th September 1977 from T. T. D. Tirupati; and from Km. 3/4 to 15/2 on 1st January, 1978 from Zilla Parishad Authorities. The road from Km 0 0 to 3 0 is a B. T. road and it is in good condition. The road from Km. 3 0 to 3/4 is a missing link and it is being maintained by T. T. D. The stretch from Km. 3/4 to 14/880 is metalled road and it was renewed by providing W. B. M. renewals in the year 1980-81 and 1982-83. It is proposed to black top the road from Km. 3/4 to 14/880 during the year 1983-84.

(b) The entire road is programmed to be black topped by March, 1985, subject to availability of funds.

(c) Yes, Sir, the road shortens the distance between Tirupati and Madras by about 10 Kms.

(d) It is programmed to blacktop the road by the end of March, 1985, subject to the availability of funds. The Express traffic can be allowed on this road after this road is black topped.

Providing Water permanently to Cuddapah, Annantapur, Chittoor Dists.
through Telugu Ganga Scheme

68—

3502 Q :— Sarvasri V. Kesanna and M. Venkaiah Naidu :—
Will the Minister for Works be pleased to state :

whether the Government propose to make changes in the Telugu Ganga Scheme since Cuddapah, Anantapur and Chittoor districts which are famine areas are likely to loose the opportunity of getting water permanently because of the present scheme ?
A :- There is no such proposal. The Telugu Ganga Project as contemplated would irrigate 1.08 lakhs acres in Kurnool 1.67 lakh acres in Cuddapah, 0.46 lakh acre in Chittoor of Rayalaseema besides 2.54 lakh acres in Nellore. Telugu Ganga Project canal does not command any area in Anantapur district.

Official name of Telugu Ganga

given by Tamilnadu.

69—

Keeping the medicing in the
First Aid Boxes in Buses

70—

2351 Q :- Sarvasri G. Maddukrishnamma Naidu and P. Chandrasekhar :- Will the Minister for Transport be pleased to state :

(a) whether it is a fact that in all R. T. C. Buses there are only empty 'First Aid' Boxes without any first aid medicines;

(b) if so, the reasons for not keeping the medicines in the First Aid Box in R. T. C. buses and also in private buses; and

(c) the steps taken by the Government in this regard?

A :- (a) It is not correct to say that in all buses First-aid Boxes without medicines are kept.

(b) Sometimes 'First-aid Boxes' might be found without medicines owing to thefts and untimely replenishment when they are exhausted.

(c) The existing system of fixing and maintaining First-aid Boxes in buses is found difficult in practice as they are not secure against tampering and theft. Hence, the Andhra Pradesh State Road Transport Corporation has decided to introduce a revised system of allotting First-aid boxes to the Conductors along with the ticket tray boxes. The size of the First-aid box has been reduced to make it portable. Prototype of the modified first aid box has been approved and orders were already placed for supply of 12,000 First-aid Boxes at a cost of Rs. 21.55 Pa. per boxe. These boxes are
expected to be supplied to the Corporation by the end of September 1983. With this new system, the Conductor is made responsible for the contents of First-aid Boxes and also timely replenishment of medicines. Conductors can use the contents of first aid boxes in the event of injuries to passengers either due to accidents or otherwise. The security of the first aid boxes along with the contents is ensured with the Conductors becoming responsible for their custody. Regarding the First-Aid Boxes in private vehicles, the Transport Commissioner has been asked to ensure that the instructions for maintenance of First Aid Boxes are scrupulously implemented by the operators. Cases are being booked by the checking Officers whenever they notice the empty First-Aid Boxes and the offences are dealt with under Section 60 of Motor Vehicles Act. Fourteen such cases were dealt with by State Transport Authority during 1982-83, besides those booked by the Regional Transport Authorities.

2214 Q :— Sarvasri A. Jayaprakash and B. S. Jayaraju :— Will the Minister for Transport be pleased to state :

(a) whether there is any proposal to construct another bus stand in Vijayawada town in the place of the present bus stand due to enormous increase of passengers on account of the growing population day by day; and

(b) if so, the steps taken thereon?

A :— (a) Yes, Sir. Keeping in view the growth in traffic and also future needs of Vijayawada town, there is a proposal to construct a modern bus station at a site in between Krishnalanka and Bandar Canal i.e., in the area locally known as Bhaskara Rao pet.

(b) The Collector, Krishna proposed to give 27.10 acres of land at Bhaskara Rao pet to A. P. State Road Transport Corporation for construction of Bus Station Complex, out of which, 7 acres was already handed over to R.T.C. Regarding the remaining site as there are problems both legal and eviction of unauthorised occupations it could not be finalised. The Corporation is however pursuing the matter with the Collector to decide the issues early and arrange to hand over the entire land at Bhaskara Rao pet. After taking possession of the land, the Corporation will take necessary steps to construct a modern Bus Station Complex in Vijayawada.

It is said that the High Court has decided to construct the said building after the financial year 1983-84 subject to availability of funds.
Matter Under Rule 329:

re: Arrest of News Today Photographer

This complaint is directed against the Police department by the Newspaper Photographer. Can the Minister make a statement here based on the report of the Police department itself, which is in the dock, which is accused in the instant case?

Mr. Speaker:— Certainly. Government depends only on such information. On whose information does the Government depend?

Sri S. Jaipal Reddy:— No, Sir. The Government can institute an enquiry independent of the Police department as a part of which the evidence of the complainant can be collected.

Mr. Speaker:— That depends on the case on hand.

Sri S. Jaipal Reddy:— It involves the freedom of the Press, very vital freedom. If a newspaper photographer can be assaulted by police in the name of proper investigation of crime with perfect impunity, then what is the solution?

Annual Financial Statement (Budget) For 1984-85 (General Discussion)

(Mr. Deputy Speaker :— In the Chair)

10-00 a.m

1984 was the year of positive strides. The Government, following the recommendations of the Budget presented to this House, took several measures to achieve the objectives set for the year. The Budget was aimed at promoting the growth of the economy and ensuring social welfare. The following are some of the key highlights of the Budget:

1. **Agriculture:** The government allocated a significant amount towards the development of the agricultural sector. This includes measures to improve irrigation facilities, promote crop diversification, and support small-scale farmers.

2. **Industry:** The Budget aimed at boosting the industrial sector by providing incentives for setting up new industries and expanding existing ones. The government also plans to improve infrastructure in industrial areas.

3. **Education:** The allocation for education was increased to support the expansion of educational facilities and improve the quality of education. This includes funding for new schools, scholarships for students, and teacher training programs.

4. **Health:** The government allocated funds to improve healthcare facilities in rural areas, with a focus on primary healthcare. This includes setting up more health centers and providing medical equipment.

5. **Transport:** The Budget includes measures to improve transportation infrastructure, including the development of roads and transportation networks.

6. **Social Welfare:** The government emphasized social welfare programs, including poverty alleviation schemes and support for the elderly and disabled.

The Budget was presented with the aim of achieving a balanced growth, ensuring social welfare, and promoting the development of the country. The government is committed to implementing these measures to achieve the desired outcomes.

steadily and its activities expanded in various fields. The
resulting increased income enabled the organization to undertake
additional projects and activities.

In the budget for the year 1985-86, provision has been made for
further expansion and development. The organization looks forward
to a successful and productive year ahead.
Annual Financial Statement
(Budget) 1984-85
(General Discussion)

The year 1984-85 began on a hopeful note. The government,
under the able leadership of the Prime Minister, has taken
positive steps to achieve the targets set for the year.

The Planning Commission has prepared an elaborate
budget for the year. The budget is aimed at the following
objectives:

1. To increase agricultural production.
2. To expand industrial capacity.
3. To improve infrastructure.
4. To promote exports.

In order to achieve these objectives, the government has
allocated funds for the following programs:

Agriculture:

- Allocation for the development of agriculture.
- Funds for the purchase of farm equipment.
- Grants for the improvement of irrigation facilities.

Industry:

- Allocation for the expansion of industrial capacity.
- Funds for the modernization of existing industries.
- Grants for the establishment of new industries.

Infrastructure:

- Allocation for the development of roads.
- Funds for the construction of bridges.
- Grants for the improvement of water supply.

Exports:

- Allocation for the promotion of exports.
- Grants for the development of export-oriented industries.
- Funds for the establishment of export processing zones.

The budget is expected to provide a strong impetus to the
economy, resulting in increased growth and prosperity.

In conclusion, the government is committed to achieving
the targets set for the year 1984-85. The budget is a
reflection of the government's commitment to the welfare
of the people and the development of the country.

Annual Financial Statement 23rd February, 1984
(Budget) for 1984-85
(General Discussion)

This is the general discussion on the financial statements for the year 1984-85. The discussion covers various aspects of the budget and financial performance.

In brief, the discussion highlights the key points of the budget, the financial achievements, and areas for improvement.

Furthermore, the discussion includes a detailed analysis of the financial figures, which are presented in the following sections.

Overall, the financial statements for the year 1984-85 show a positive trend, indicating a strong performance by the organization.
Sri A. Prabhakara Rao (Malleswaram) :— Sir, at the outset I would like to congratulate the Hon. Minister for Finance Dr. Nadendla Bhaskara Rao for presenting a balanced budget for the year 1984-85. I fully support the Demands placed before this House. Our budget is a continuance of the last year’s budget. While sustaining the welfare orientation given in the previous budget, an effort is made to usher in growth orientation during the year. This has been made possible due to our commitment to the welfare of the poor and the down-trodden. During last year we have put forth revolutionary schemes for the welfare of the poor and the down-trodden e.g., supply of rice @ Rs. 2/- kg., sites for the poor, pucca houses for the weaker sections. All these programmes are meant for the weaker sections of the society that is the welfare orientation. Now the emphasis during this year has been changed for productive investment. The investments for industry and power have been raised substantially. This is raised with a view to provide for the future prosperity of our State.

Before going into the merits of the proposals during this year. I would like to place before you the figures of the plan performance during the last three years of the Congress rule i.e., from 1980–81, 1981–82 and 1982–83. During these three years if you look at the plan expenditure on these important major heads, we can come to a conclusion. During the period 1980–83, the plan period of the Congress rule, the expenditure for agriculture is Rs. 135.34 crores against an outlay of Rs. 301.28 crores which is only 44% of the outlay for five years. Likewise, the provision for Irrigation projects inclusive of Command Area Development, Flood Control and Drainage is Rs. 953.40 crores and the expenditure is only Rs. 460.18 crores which is only 48%. I am giving the expenditure during the last three years of Congress rule of the VI Plan period. Coming to Power, the expenditure is Rs. 407.47 crores against the plan outlay of Rs. 753.47 crores which is about 57%. Coming to the Industry and Minerals, the expenditure is Rs. 88,96 crores out of the plan outlay of Rs. 205.45 crores which is only 43% of the outlay envisaged for five years. For Road Development—Roads, Transport and Communications the expenditure during the three years period is only Rs. 112.02 crores against an outlay of Rs. 212.23 crores which is only 50% of the outlay. Coming to Social Welfare, welfare programmes covering the fields of Education, Medical and Health, Housing, rural and urban water supply schemes, welfare of the labour, Scheduled Castes and Scheduled Tribes and Backward Classes welfare—for all these programmes the main thrust as you know during the last budget by the Telugudesam is for the
Social welfare particularly welfare of the poor. There is major spurt in the expenditure during last year and it is continued this year also. We shall look at the figures about the amount spent by the previous government for the last three years of the plan period. The expenditure is Rs. 331.54 crores out of an outlay of Rs. 913.41 crores which is 36% of the plan outlay. By showing savings, by reducing unnecessary expenditure, the plan outlay has been substantially increased from Rs. 3,100 crores—outlay envisaged at the beginning of the Plan to Rs. 3,404 crores. The increase is Rs. 304 crores—an increase of 10% which is mainly due to the effort of our Government during last year and this year. Let us compare the expenditure, against the outlay of Rs. 3,404 crores the overall expenditure was Rs. 1,551 crores and it is only 45.6%. We can understand the position from the above figures and yet the opposition leaders criticise our government. What is their performance and our performance? Is there any ground for criticism? When they have spent only 45.6% in this year? In these two years, the performance of the Telugu Desam Government is much more than their three years and we have done much more in two years. There is buoyancy in the revenues also. While their collections of revenue was only Rs. 1,639 crores, this year it is Rs. 2,276.4 crores. These is substantial increase in the collections and other revenues of the Government. This amount is spent on the development—of course there is a general feeling that the expenditure in Revenue Account is only for establishment—it is not so. It is for the maintenance of the running schemes, maintenance of roads, continuance of the facilities etc., for all this revenue expenditure is also spent. Taking advantage of the favourable position of buoyancy of revenues, our Government has already increased the plan outlay by Rs. 304 crores. I would like to put one question to the Opposition benches. Does this not show the efficiency and better financial planning of our Government? Does it not show our efficiency, financial planning and commitment to the progress of the State?

Now, I would like to mention about the provisions in this year’s budget. As already mentioned, we have made higher provision and this has been made possible by our better financial management. For agriculture, we have made a provision of Rs. 84.59 crores which is 29% of the total outlay for the five year period. Coming to irrigation and flood control measures, this year the provision is Rs. 265.77 crores which is 27%—almost 1/3 of the total provision of Rs. 953.40 crores for the entire five year period. Power, it is Rs. 200 crores—a substantial increase making it possible to commission 310 megawatts of power during the year. The
outlay for five years is Rs. 753.43 crores. As regards minerals and industry, the plan provision has been doubled by our Government and this is due to our sincere effort. It was Rs. 10 crores and now it is Rs. 200 crores and the provision this year is Rs. 48.92 crores which is about 24%. Likewise for Transport and Communication also the provision is Rs. 51.59 crores—24% of the five year outlay. Coming to the Social Welfare Programmes and community services, the plan allocation has been increased to Rs. 288 crores. This has substantial increase has been initiated during last year and continued this year also. The provision is 32% of the outlay of Rs. 913.41 of the revised plan provision.

I would like a place before you that I am proud of the performance of our Government in the previous budget and also the proposed budget for this year. The pace of activity is so accelerated that increased provisions are kept for all activities of our government. This effort is made possible by our sincerity.

Last year we had to face two great havoc. The flood havoc caused by incessant rains in August which affected 480 villages and the subsequent October havoc caused heavy damages in 20 districts of the State. Inspite of the very meagre assistance from the Centre, with our limited resources we spent Rs. 15.8 crores for Relief operations in August and Rs. 50.88 crores in October. During this period, we have rushed relief measures to these flood-striken people very quickly and the people praised this.

Finally, I would like to reply to a few comments made by the respective leaders of the Opposition. One Leaders of the Opposition said—"What is it? Do we lack in thinking? Does the Budget proposals show lack of imagination and understanding of the problems of the State? No. Respected Leader of the Opposition said that we lack maturity, intelligence and experience. May be, Sir, we may be lacking experience in mis-management. But, I would like to place before this House that in financial management and welfare of the people, we have better experience and our budget proposals are indication for this. Another Leaders of the ex. B. J. P., particularly, Sri M. Venkaiah Naidu said—"I think he is not very serious about his coment. He himself said that earlier, the Congress Leaders and Congress Government has not done much to the Tribals and for the welfare of S.Ts. and this Government has done a lot for the welfare of the S.Ts. He himself has conceded in his argument that this Government is doing much good work for the welfare of the S.Ts.
Finally, about the A. P. Steels. The purpose of the State Government is not to run its own industries, but to help the industrial growth, and to lend a helping hand to the industrialists. If some industry is not functioning due to labour trouble or due to defective machinery in all those cases, those industries cannot be maintained by the Government. The A. P. Industrial Development Corporation is there to cater to the needs and efforts of the people for better industrial administration in the State. We are entrusting all the industrial proposals to the concerned authorities and they are showing very good results. Thank you, Sir.

(General Discussion)

For admission to the college...
Mr. Speaker:— By the time you took my permission they were arrested and taken.

Mrs. Godfrey:— Mr. Speaker, I want to thank the Government for solving the hotlers problem. I heard that they will be opening today and it is a boon to our people. The general budget which is presented to this House looks very rosy, but it is left to be seen whether all the proposals made therein will be implemented to the letter, and with the impeccable honesty and sincerity. I am interested in Education, Health and Municipalities. I will begin with roads in Andhra Pradesh. The roads are in a deplorable condition in the State. I don't think even a 2 K. Ms. road is without any pot holes and cracks. The Government had allocated an additional amount of Rs. 4 crores for the betterment of roads. I hope this amount will be entrusted to honest engineers who will make a good job of the repair of roads. It is also heartening to note the welfare schemes proposed for the Backward Classes like housing, schools, hostels etc. These projects should not only be completed with religious zeal.

Government has set up certain schemes for women, like ensuring equal property rights for women, for which I think all women should be really happy about. Such schemes would enable women
to take up gainful employment. But what is the Government doing about the curse of dowry which is causing so many broken hearts and deaths? I think this should be taken up seriously against anyone demanding dowry. There should be severe punishment. As it is a social evil only society can bring about a change in this custom. The pension that is being given by the Government for widows is a good gesture, and reservation of 30% jobs in public services. Under ‘pragathi Padham’ the Government have given top priority to drinking water. Atleast one drinking water source has been provided to population of 250.

The Government is building houses for the weaker sections. It will not cost much if a tap is provided to each house. It is very difficult for women to go and fill water from a common tap after a long day’s work. Often it is causing quarrels and breakages of pots. I request the Government to spend a little more money and provide a little more facility for the poor women who are working in the fields and other places. I request the Government to consider fixing of tap in each house so that the women have a little bit of comfort. I am glad to know that the plan allocation has been raised from Rs. 16 lakhs above to Rs. 34 lakhs above. Besides, the Government propose to construct building for schools. These buildings should be in a convenient places so that the children have easy access to them. Besides buildings they should have all other amenities which the children will really like i.e. drinking water, proper toilets and fans in the rooms so that our children will not only learn the alphabets and also get an idea as to how to live in a clean atmosphere. I am sure the Government will agree that they should have some facilities so that they could learn better and with better ease. The Mid Day Meals is provided to poor children and it will help them provided the food given to them is nutritious. It is very important. Constant vigil should be kept about the food that is being supplied to our children. Ofcourse you are trying to increase the nutrition value but I would be very happy if somebody is kept in-charge of this Mid Day Meals being given to our poor children.

Now technical educational facilities are being provided to boys. I hope this will be done for women candidates, because there is a great demand for girls also on the technical side.

Regarding family planning, I would like to say that natural family planning might be introduced which does not involve any operation. It is absolutely safe and being practised in many parts of the world with great success. If the Government permits
344 23rd February, 1984.  Annual Financial Statement (Budget) For 1984–85 (General Discussion)

I would invite one doctor (Mrs. Maria Mascarehas) who is a world natural family planning doctor to give a talk to our doctors, nurses and to lay people so that they can educate the people in the villages to practise this natural planning. This is very safe and it is being practised by many families abroad and also in India. The women have a fear psychosis for these operations and sterilisations. With this natural family planning, there is no fear at all for either party. It is proved to be very successful in the villages.

Under Rural Development Schemes it is said that 50% of the beneficiaries are to be drawn from Scheduled Casts and 10% from Scheduled Tribes. I would request the Government besides S. Cs. and S. Ts, to include people below poverty line irrespective of caste and creed. There are so many people who don't get any benefits, because they don't belong to a particular cast or a particular tribe. We are all Indians and we would like to see that our people are benefitted in some way or the other. Under the Gramodayya Scheme introduced by the Government, one youth in each village would be helped to take up some business etc., My request is, at least two youths should be earmarked for this, because one person will not be able to shoulder the responsibility. It will create job opportunities for our youth in the villages. I would request the Government to see that some more people are involved so that there will be more interest and many more will be able to get jobs in the villages under this scheme. It is really a good scheme but if you put only one person in charge some sort of ill-feeling jealousy will be there among other youths in the villages. I request that more youths can be involved into this scheme, so that they could spread their knowledge to the other parts. Another interesting point of the budget, that came to my notice is about the cocoons. This is a very interesting part of the budget. There are many areas in Anantapur, Cuddapah, Chittoor, Kurnool where these cocoons were developed. We are getting them from outside and selling. We are not growing them. Mulberry trees and cocoons crowing should be developed in our State, because the climate and the soil is quite conducive here to grow these Mulberry trees. We can rear a lot of them and export. With this I would like to thank the Government for bringing up a good, balanced budget and we do hope that this year will see all promises fulfilled satisfactorily to the benefit of our people. Thank you Sir.

(General Discussion)

As I seek to analyze the annual financial statements for the year 1984-85, it is evident that there have been significant improvements in various sectors. The general discussion highlights the strategies employed to achieve these results.

The budgetary figures reflect a considerable increase in revenue, which is attributed to effective management and strategic planning. The financial statements show a robust growth in sales, indicating a positive trend in the market.

However, it is crucial to address the challenges faced during the year. The report acknowledges the difficulties in managing certain departments and the need for more efficient resource allocation. The budget for the upcoming year aims to mitigate these issues through targeted investments.

In conclusion, the annual financial statements for 1984-85 demonstrate a strong financial performance, with room for improvement. The general discussion provides a comprehensive overview of the achievements and areas for future focus.

The 30. Budget (మండలు విభాగం): – In 1984-85, the total Revenue of the State (తెలంగాణ ప్రభుత్వం) amounted to 330 crores, which was an increase of 400 crores over the previous year. The main sources of revenue are: tax on excise duties, customs, and sales tax. The Finance Department has presented a budget of 350 crores, which is expected to increase by 20 crores from the previous year. The budget is aimed at improving infrastructural facilities, education, and health care.

The General Discussion includes a detailed analysis of the budget, highlighting the need for increased investments in education and healthcare, and the importance of infrastructure development. The discussion also covers the challenges faced by the state in regards to the current economic situation and the need for austerity measures.

In summary, the budget for 1984-85 is designed to balance the needs of the state with the available resources, while also addressing the pressing issues that need immediate attention.

(General Discussion)

As far as the statement goes, it is important to note that the budget for the year 1984-85 has been prepared with the following objectives:

- To achieve a balanced budget
- To ensure sustainable economic growth
- To allocate resources effectively

The budget proposals cover various sectors including education, health, infrastructure, and social welfare. The government has prioritized investments in education and health to improve the quality of life for the people. Infrastructure development and rural development have also been given due importance.

In terms of revenue, the government expects to increase revenue through increased taxation, particularly on the wealthy and corporate sectors. Expenditure will be focused on essential services and social welfare programs.

The budget aims to maintain inflation at a manageable level while also promoting economic growth. The government is committed to implementing policies that will create a conducive environment for investment and entrepreneurship.

Overall, the budget document is an important policy document that outlines the government's plans for the upcoming fiscal year.

In conclusion, the preceding analysis highlights the importance of financial management. It is evident that effective budget planning is crucial for sustaining the organization's growth. The General Discussion section aims to address these critical points.

1. The need for increased investment in infrastructure.
2. The challenges in maintaining a balanced budget.
3. The role of technology in enhancing financial efficiency.
4. Strategies for diversifying revenue streams.
5. The impact of external factors on financial outcomes.
6. The importance of transparent financial reporting.

A comprehensive review of the financial statements reveals that the organization is well-positioned for future success. The General Discussion provides insights into the strategic directions needed to achieve this goal.
