Mr. Speaker: The question No. 24 is postponed at the request of the Minister under intimation to the Members.

Mr. Speaker: The question No. 25 is also postponed at the request of the Minister under intimation to the Members.

9:00 A.M.

Mr. Speaker: Qn No. 26 is also postponed by the request of the Minister under intimation to the Members.

Sri M. Venkaiah Naidu: Let us understand why we are raising this issue. I am not trying to find fault with you or with him. If the Chief Minister or any Minister takes permission of
the Speaker, the Speaker has to announce in the House that he has given permission and so this business is postponed or so and so is going to answer. That is the convention of the House. So, let us follow that convention in future.

Reservation of Barytes Mines At Vinjamoor for Government

27—

*2592-(B)-Q.—Sri M. Venkaiah Naidu:—Will the Chief Minister be pleased to state;

a) whether it is a fact that Government have reserved Barytes Mines at Vinjamoor for Government during 1980-81;

b) if so, whether A.P. Mining Corporation has applied for the lease of the same;

c) whether it is also a fact that Geological Survey of India after survey suggested that the reservation may be withdrawn; and

d) if so, the action taken?

Sri M. Venkaiah Naidu: If the Mining Corporation is not able to do it it must be leased out to some people on behalf of...
the Mining Corporation. I want the Mining Corporation should start its own work. My information is that even without the permission of the Mining Corporation some private mine owners are taking away Barytes. Will the Minister takes this information and order for an enquiry into that.

...
Sri S. Jaipal Reddy: Sir, I have missed a point.
Mr. Speaker:- No, he has mentioned the point.

Sri S. Jaipal Reddy: Sir, originally we were given to understand that this plot of 79 acres also was a part of the overall plot which meant for reservation. Now that the Minister has come out with a new piece of information to the effect that this plot of 79 acres of land, out of the larger plot of 400 acres had never been reserved at all, why did the State Government make this mistake of not reserving this plot also? Will the Government take at least steps now to rectify that mistake and reserve that plot also?

Sri S. Jaipal Reddy: What exactly were the reasons that prompted this Government?

Mr. Speaker: How can this Government tell about this?

Sri S. Jaipal Reddy: Sir, then this Government must face an order of enquiry.

Sri S. Jaipal Reddy: Sir, he must be able to satisfy the House that this Government justified in not reserving this plot. If the Government does not satisfy this, it must be ready to order an enquiry into that.

Sri A. Madan Mohan: Mr. Speaker Sir, the Minister seems to be totally ignorant of the rules and procedure. In fact there is no appeal lies to the Government of India and it is only revision that lies under M.C. Rules of 1950 and Mineral Development Act of 1957. I wish the Minister would have studied the matter perfectly, before he comes to the House. The second aspect is that the "sub-lease" has come as an allegation. But he is silent. The question is whether the State Government has given permission to sub-lease this area to Mr. Obul Reddy. Unless, he is very specific about it, I do not think, putting any number of questions, will really serve the purpose.

Sri A. Madan Mohan: Sir, I was only trying to guide the Minister. If he has to say "that is not correct", let him say. What is correct?

Sri A. Madan Mohan: Sir, I am sorry to make the observation that probably he does not know as to what is 'Appeal' and what is 'Revision'.

Sri S. Jaipal Reddy: Sir, I think the House need not go in such technicalities. Let him come to the point of Mr. Kandla Obul Reddy, which is the main point.

Sri A. Madan Mohan: Sir, I think the House need not go in such technicalities. Let him come to the point of Mr. Kandla Obul Reddy, which is the main point.
Mr. Speaker, I am postponing the next question.

Sri A. Madan Mohan: Sir, the whole pertinent question in this is whether a sub-lease was granted. First of all he said "No Sub-lease was granted". Now he says he is not getting anything after the area has been sub-leased, if I have understood as to what he said. First of all my feeling is—either he is confused or he has no information. I have put a very specific question to him.

Whether this area has been sub-leased to one, Mr. Kandula Obul Reddy or to his proxy or to any of his agents by name Mr. Sattar and our information is that Mr. Kandula Obul Reddy or one of his be-namy agencies is operating upon this mine and thousands of tonnes are being carried away from that area. Without prior permission of the State Government, no sub-lease can exist or subsist. If there is any private understanding between Mr. Sattar and Sri Kandula Obul Reddy, it has no sanctity whatsoever. Now, is the Government prepared to order an enquiry about this illegal mining by appointing a Senior I.A.S. Officer or by a High Court Judge?

*approach for the Minister. Sir, you will have to reprimand the Minister, either you ask him as to whether the Government is interested in ordering for an enquiry and saving the national wealth or whether the Government would like to deliberately allow this to go about.

Sri A. Madan Mohan: Sir, please bear with us. This is our information that every week thousands of tonnes are being carried out from there and this area is being exploited. This is our allegation. After all the Government should not shirk from the responsibility or ordering an enquiry because it is a national wealth. It is a wealth
which cannot be carried away by an individual. When we are making a specific allegation that this area is being operated upon, wherein there is no sanction of sub-lease by the State Government and that this is an illegal mining by a third person who can be called a Tresspasser and encroacher and - well, if the Government would like to deliberately, wilfully shut its eyes and ears inspite of the fact when we bring it to its notice, well, it is not the correct.

"How establish the facts? Our specific allegation is, this mine is being continuously operated upon and it is being to-day operated upon and the information supplied to the Minister is totally wrong. How this problem should be settled?"

Either the Minister is misleading the House or he has been misled by the Department.
Suppose if it is proved to-morrow : that material was being carried for the last one month from that place, is the Minister ready to resign?

Sri S. Jaipal Reddy : Sir, we are throwing a specific challenge and let him get ready for enquiry.

A 3$* o-^g^A : &Q^a?v& 79 ^^^o€^ ^ba y^o geiX)
Mr. Speaker: Next question is postponed as the Chief Minister is out of station.

Sri A. Madan Mohan: Sir, kindly bear with me. It is not such an easy question to be set aside in such a lighter way. My submission is either the Minister is not properly informed or the Minister is deliberately trying to mislead. But the extraneous conditions as have been stated by my friend Mr. Jaipal Reddy, because of the close proximity and the relationship that is existing between Mr. Kandula Obul Reddy and the present Telugu Desam Government, either they are deliberately trying to shield Mr. Kandula Obul Reddy or the Minister is so innocent that he is not correctly informed or is he ignorant about the very functioning of the Ministry. That is unfortunate. Whatever it is ... I would not like to make any further observation on that. But one thing is: When he has agreed to order an enquiry, now that this situation has to be taken into consideration because I have said, because of the proximity of the relationship between Mr. Kandula Obul Reddy and the Telugu Desam Government, we have a feeling—our feeling is a justified feeling—that any departmental personnel will not be able to do justice. As such, either a senior I.A.S. Officer or a High Court Judge should be appointed to enquire into the matter. Will the Government accept this?

Sri A. Madan Mohan: Sir, This is our specific complaint and allegation that this area has been given to sub-lease, but the State Government did not have any permission. There is no expression of permission by the State Government. In the absence of the permission by the State Government, it amounts to illegal mining. This area has been encroached upon over 79 acres or 300 acres—whatever may be, which is reserved for by the Government for mining purpose. Now thousands of tonnes are being transported from there to Hosspet and from Hosspet it is being sent to Mangalore. We have made these specific allegations. The Minister should take it as a Complaint and now he should be ready to order an enquiry either by a High Court Judge or by a senior I.A.S. Officer.
Sri S. Jaipal Reddy: I would request the Minister to direct the Dharma Mahamatra to enquire into it.

Sri A. Madan Mohan: We agree for that. Now, the last thing that remains is, the facts are in dispute. In as much as we are saying that there is illegal mining going on and the information is there is no such illegal mining. I would like to request the Minister through you that if such misleading and wrong information is supplied to the Minister, the departmental officers that are responsible for giving such information have to be punished. Is the Minister prepared to take action against them?

Sri Ch. Venkata Rama Jogaiah: Definitely. We will take action if any wrong information is supplied to us.

Sri S. Jaipal Reddy: We suggested an enquiry by the Dharma mahamatra. What happened to my proposal?

Mr. Speaker: He has already said the enquiry will be by a Senior officer.

Sri A. Madan Mohan: What for is the Dharma mahamatra meant?

Sri S. Jaipal Reddy: Sir, we suggested an enquiry by Dharma mahamatra. What happened to the proposal.

Mr. Speaker: He has already said that.

Sri S. Jaipal Reddy: Let him say ‘no’ at least.

I cannot help it. I cannot extend the Question-hour beyond one hour. I am sorry.

Either confine to the Question-Hour or forego some Questions that is all.

Q. No. 28 postpone accordingly.

Mr. Speaker: The Short Notice Question is being postponed since the Chief Minister is out of station. The matter under rule 329 is also postponed due to the above reason.

CONDOLENCE MOTION

re: Demise of Sri Yuri Andropov, President of USSR.

Mr. Speaker: I am now moving the condolence motion.

"This House places on record its deep sense of sorrow at the demise of Sri Yuri Andropov, President of the Union of Soviet Socialist Republic and conveys its deep sense of sympathy to the People of the Union of Soviet Socialist Republic."

The House then adopted the motion nem con.
BUSINESS OF THE HOUSE

Sri M. Venkaiah Naidu: I am not questioning about the circumstances or asking for details of the incident. If the Chief Minister is not here, the Government is there and they must inform the House when it is in Session about the information they have so that the House might be seized of the matter.

Sri S. Jaipal Reddy: It is good that the Chief Minister himself has gone personally to enquire into the matter, the circumstances under which firing took place and talk to the people themselves. But it is also equally necessary for this House to be informed of those circumstances to reflect the feeling that have been aroused by the people in the wake of this firing.

Mr. Speaker: By whom?

Sri S. Jaipal Reddy: The Government knows. If the Chief Minister is not there, do you mean to say, the Government is not functioning? Somebody must be able to give us the information.

Sri S. Jaipal Reddy: The Government must make a statement on the actual conditions that obtained at the time of firing.

Business of the House

...
Sri A. Madan Mohan: Today's newspapers have carried the news that there has been cyclone in Nellore District and taluks of Sulurpet, Naidupe, and Wakadu were in danger. Road links were cut off from Madras and Nellore.

Last night when the Chief Secretary was enquired about this, he said there was no information so far. It is normally in such a situation, the Government should be vigilant. For the last 3 days, there were rains and some parts were cut off and people marooned. The Government does not have any information about this. My colleague could talk to the District Collector, Nellore. It was informed that she could not go and the Dy. Collector was asked to go to assess the situation. The situation seems to be very bad. I want to know whether the Government is aware of this? If it is not aware, at least now the Government should wake up from its slumber and try to reach the people and help them in a situation like this.

Point of Submission  
re : Cyclone in Nellore District.

We came to know that so much crop was damaged.

\[\text{This is the message received from Mr. Giri, Relief Commissioner :—}\]

"Spoke to the District Collector, Nellore District late in night. Informed that the Southern parts of Nellore District have received very heavy rain fall 200 mm of rain in less than 48 hours and there have been some Tank Breaches in Sullurpet. 4 villages have said to be in waters and people from affected areas have been evacuated. People have been taken to the places of safety. The Town of Sullurpet was inaccessible as the flood waters had surrounded the area. Water was over flowing on the National highway.

The Collector is sending the Jt. Collector and the Superintending Engineer by tomorrow 5.00 a.m. to see the affected areas and make an on the spot assessment and we will send a report by 10.00 a.m. on 15-2-1984. No loss of life reported so far. Further report will follow on receipt of Collector's report by about 11.00 a.m."

Mr. Speaker : This Calling attention matter re : Harrassment and killing of a Harijan youth by high caste, land lords in Thajalpur Village, Nizamabad District. is postponed since the Chief Minister is not here today.
Mr. Speaker: The papers laid on the Table.

MOTION ON ADDRESS BY THE GOVERNOR
(Discussion Contd.)

Mr. Speaker: Mr. A. Madan Mohan will continue his speech.

Sri A. Madan Mohan (Siddipet): Mr. Speaker, Sir, Mr. N. Venkataratnam and Mr. M. Kishen Rao were trying to throw blame on the Central Government during their speeches made. They never talked about the incompetency or inefficiency of the present Government. They were only trying to take refuge under the lame excuse that the Central Government has not been helping them and assisting them. I would like to give certain statistical figures in respect of Central Government coming the rescue of the State Government. It is only because of inefficiency and incompetency, the Government has not been able to complete the targets. For example, in I.R.D.P. out of 11.32 lakh beneficiaries, it is only that the State Government could reach 1.98 lakh people. This is a very disappointing figures. Inspite of the Government of India providing
the funds to the State Government. It is by way of lack of imagination, sincerity, the Government has not been able to cover all the 11.32 lakhs of people and reach the target. On the contrary, they could read only 1.98 lakh people. This Government talks of efforts made towards the welfare of S.Cs and S.Ts. Whenever you go through the figures, this Government does not have the sense of commitment towards the weaker sections. As a matter of fact they should have covered about 1 lakh population of S.Cs. by the end of this year. But the State Government could cover only 48,000 S.Cs. I can quote 100 and odd figures where the Government of India in spite of giving money to the State Government, they could not spend it. You know whether it is I.R.D.P., N.R.D.P., Gramodaya and other various schemes under minimum needs programme, it is the Government of India which gives money. For P.H.Cs. also, funds are given by the Government of India. 70 per cent of the Schemes are covered by the Government of India, whether it is leprosy scheme, T.B. Control programme or running of P.H.Cs. or any thing. I would like to know from the Government as to what is the contribution of this State Government in all these matters and how they would justify in blaming the Central Government over their failure. I would like to put a question to the State Government on this-

(MR. DY. SPEAKER IN CHAIR)

It is very unfortunate to say that before you came to power you made several promises and after coming to power, you could not fulfill your promises. Why don't you accept your failures? You did not have the moral courage to accept your failures.

In respect of I.R.D.P., I have given statistics. In regard to N.R.E.P., Gramodaya and others, they are all Government of India schemes, P.H-Cs. are running with Government of India funds. The major irrigation schemes are funded by Government of India. Government of India gave Rs. 125 crores, How much money has been spent? How you can blame the Central Government and say that the funds are not being provided by Government of India? You spent huge funds on One Year Annual Celebrations of your Government. You said that this is the First Annual Celebrations of the Andhra Pradesh Government. It is wrong. It is not the Annual Conference or Celebrations of the Andhra Pradesh Government. The Government of Andhra Pradesh has come in the year 1956. It is only the Telugu Desam’s annual Conference and not the annual Conference of the A.P. Government. It is really wrong to say that it is the first annual conference or annual celebrations of Government of Andhra Pradesh.
They spent huge amounts with the life size photos of the Chief Minister. What is that they can boast for.

You said about the construction of houses for weaker sections, I would like to ask to how many houses you have been able to construct in favour of harijans, girijans, backward classes and other economically weaker sections. You have no figures. You are boasting about annual conference. You said you have built so many houses. You quote one district in which you were able to complete it. You have promised to do by June last. You spoke high about your drinking water facility being provided. Last year people have suffered but they have put up with it. They also wanted to give an opportunity to the State Government since it has come recently. Even in the twin cities the people have suffered. Now the newspapers are reporting that there is acute drinking water scarcity. What have you done in that direction? Did you really plan for that? There were calamities like cyclone etc. This Government has miserably failed to go to the succour of the people and provide the necessary relief measures to the people. We thought it is only cyclone and a natural calamity, but unfortunately it was a political calamity. The Chief Minister went to Kashmir forgetting the sufferings of the people here. He has left the people of the State in such a helpless situation and was indulging in luxury of Kashmir conclave. So, it was not only a natural calamity but it was a political calamity to the State.

Now you are speaking about Rs. 2 per K.G. rice. What is happening now? Before elections you promised that you will provide rice to every person living in Andhra Pradesh. When you came to power you said all the people are not eligible and fixed certain income limit. I don't know what are the green cards, yellow cards. The reports that we get from the villages is that the entire programme is very tardy and slow. In some cases it is not being supplied. On an average a person who do manual labour require 15 K.Gs of rice in a month. What the State Government is giving is too small. The rest of the rice required he has to purchase from the open market. Do you know the price prevailing in the open market? They have to purchase at Rs. 4.30 per k.g. During our Government's time the difference in the open market price was 20 paise to 30 paise. In your Government there is almost hundred per cent increase. Why it is so? It is only because of the fact that this Government wanted to benefit the millers and the middlemen. If anybody is benefitted, it is only the millers and middlemen. They are benefitted by the policies of the State Government and not the others. The record is before us. Never in the annals of Andhra Pradesh history the millers and middlemen were benefitted so much as during the one year. It is
because of the wrong and inefficient policies of the State Government. I would like to offer constructive suggestion to the Government provided it has the will to accept. Why not the Government take the entire distribution system of foodgrains so that it could avoid millers and middlemen. That is a good suggestion. If this year the achievement in foodgrains is 150 lakh tonnes. If that is the case the Government should be in a position to really take the entire administration of price control and try to see that the public distribution system is completely taken over by the Government. By that way you will be able to avoid the middlemen. That is good suggestion. I don't know whether the Government is sincere enough to accept my suggestion.

Regarding Rayalaseema aspect, I have said even before the Assembly had commenced. I said that the Government would be failing in its duty if it does not take the alarming situation into notice and try to solve the problem. This was said by me even day before yesterday, but unfortunately it has already gone to the extent of firing. I don't know how the situation is going to erupt.

Regarding untouchability and the cases I want to say this Government is not sincere. It is not sincere in respect of the scheduled castes. When you look into the figures, it is all time low. Whether all cases are prosecuted and convicted. I would not like to go further into details.

About the irrigation potential, I want to know to what extent you are able to create the potential. You have promised to complete Nagarjunasagar in 83-84. Were you able to do that? What about your Telugu Ganga project. Whether it really made any advancement? You are trying to blame the Government of India that it has not given clearance. I would like to ask the State Government whether you have convened the conference of the forest officers, because it has to clear 10,000 to 15,000 hectares of land of the forest department. Did you send recommendation of the central Water and Power Commission. Your primary job is to blame the Government of India. It speaks of your inefficiency. If you think that you can live under this for a pretty long time you are sadly mistaken.

About the law and order I would like to say one thing. They are boasting about law and order situation. Mr. Deputy Speaker Sir during the past six months not a single day went off without more than one dacoity and rape cases. I am only quoting the figures of police and officials. The Government should be ashamed. They have been able to catch Rs, 20 lakhs of bank cash. My information
is, one private individual who went and told the police that a particular person was sitting in the bar and spending thousands of rupees and his activities were suspected. The police then took two days to catch the culprits and for that the Chief Minister patted at the back of the police and the police is trying to grow in its wings. In fact I have nothing against the police officers or D.G.P. or the Special I.G.P. I know them. They are good officers. What I am trying to see is, because of the wrong policies of the State Government the entire morale of the police has gone down. This Government has really killed their morale. That is why it has proved to be the most inefficient in the State. There are frequent transfers of the D.G.Ps and high police officers. Officers with integrity, efficiency are not taken into consideration. Some juniors have been given importance. The Chief Minister being the head of the State, being the Home Minister should take the responsibility rather than pass it on to the collective responsibility of the Cabinet.

Lastly I would like to say about the non-implementation of the Twenty Point Programme. Recently Rs. 76 crores were sanctioned by the Government of India, under Rural Employment Scheme. This is given for the construction of school buildings and for laying black top on the roads and for laying new roads. Unfortunately the State Government has not been able to spend that amount also. This is the situation that is prevailing here. I don’t think this Government has really been able to succeed in achieving anything for the people of this State.

I would like to say one word about your rejoice of your annual celebrations. What right do you have to spend from the public exchequer huge amounts on your self-aggrandizement or self-aggrandizement of your party. Did the common man give you the right or did you go to the six crores of Andhra people for permission to spend this amount on your personal aggrandizement or aggrandizement of your party. This is really unfortunate. I would like to warn this Government that people are watching every action of yours and they will certainly tell you what you should do.

I would like to tell one word about the revenue Mandals. Do you know how many crores you have got to spend on the reorganisation of the whole system? You are taking up without a perspective planning. Whatever the Chief Minister thinks he want to experiment it on the people. That is very costly. Removing the panchayat raj system, and panchayats which are elected directly by the people is not good. What gross roots do you require than the Sarpanch of a gram panchayat which are directly elected. Your Mandals are not touching
the gross roots. You would like to do away with them only for your political aims. You want to perpetuate your rule by trying to create an artificial cadre at the gross roots level, but it shall not be tolerated by our party. We oppose it tooth and nail.

Sri A. Madan Mohan: The reply may be postponed till tomorrow. Let the question hour of tomorrow be postponed to some other day.

Sri P. Gowarikar Reddy (Munugode): The decision will be given at 1.30 p.m.

I am not trying to accuse this Government or that Government but the system is like that.
The King can do no wrong"

Sri K. Venkateswara Rao: Sir, on a point of order. Governor is a titular head according to the Constitution. He represents the institution whose sanctity is beyond question. To accuse him as an individual of so many charges which are not proved and the person who is absent from the House, is totally irregular, indecent and atrocious. I appeal to the Chair not to allow these remarks to go on record.

Mr. Deputy Speaker: This is not against the individual, Governor.

I will not go back. Here also I am talking in a different context.

Sri K. Venkateswara Rao: Here there is a supreme post, he is adoring.
Sri K. Venkateswara Rao: The very allegation is absurd.

Not only congress parties, I am talking of general opposition parties. Have you taken them into confidence?

Motion on Address by the Governor (Discussion)

I am not bothered of heckling the Chief Minister I am seriously trying to make a point, that the Chief Minister is doing only when he needs their cooperation and he is caring for the opposition and for other things, we are not taken into confidence.
The basic point which I want to try to impress upon the people of the State and the House also is

If you celebrate ASIAD with such a fan-fare and spend Rs. 1400 crores, if you construct five-star hotels and say, will be living in a fools "paradise" This history which we will not forget. Something is happening in the State also.
Is it not because of your unwise policies?

Is it not because of your forceful procurement?

I am assuring you that rice can be sold at Rs. 2.50 Ps. per kilogram for the entire State to all the people.

Coming the case of mid-day meals Simalar is the case in case of mid-day meals. You are spending Rs. 50 crores. Where is the money going? It is going to the middle-men, politicians, the people who are trying to misuse and unpopularise the scheme.

You will have to levy a tax of Rs. 100 crores by way of sales tax or by increasing the R.T.C. charges.

But your single act of exemption to the Siddhartha Medical College has taken away the entire spirit. To-day, your Chief Minister said:

Everybody believed it, and I believed it because he is a new man coming to the politics. But his first promise was broken. He assured that within a month the assets of the Ministers and the Chief Minister would be declared. What happened to it?
In the entire country, out of the total targets fixed, the targets achieved is only 27.5 per cent. This is the Planning Commission's information, I am quoting. This is with regard to I.R.D.P., N.R.E.P., Family Planning Programme, etc. In regard to Family Planning out of 5.81 millions target achieved is only 1.95 millions and the target achieved is only 33.6 per cent. In regard to Weaker Sections House out of 55 lakhs 60 thousand houses target reached is only 29.1 percent.

In regard to Housing Schemes, the target is 2,22,000 houses and as on today, the achievement is not even 50 per cent.

Why all these Ordinances? Hasty may be tasty in the beginning; but after some time you have to feel sorry for this. You will act in haste and repent later.

You must say that this is the alternative and you must have discussions. You must discuss with the other political parties. You must invite them and if they do not come, it is left to them and that is a different matter.
By the time the restrictions were relaxed, most of the stocks have gone to the Millers and Middlemen.
Motion on Address by the Governor (Discussion)

If you take one year into consideration, that is not the problem.
Nobody on this earth up to now can beat and compete with Congress-men. They have broken all the records. Nobody can pass them and beat them.

(Interruptions)

Sri D. Ravindra Naik: I protest. He cannot talk like that. There is no actor or actress in Delhi. He should withdraw. It should be expunged from the records.

(Interruptions)

Sri M. Venkaiah Naidu: Sir, it is only a political criticism. It is not a personal criticism. I am only trying to bring a political contrast.
I still hold that there is nothing wrong. I do not want to go into controversy. It is not useful also.

There is a criticism that the non-congress-I parties are going according to their own lines. The people are the better judges and in the coming 5 years, the people will tell as to who are taking the correct sides. We have given sufficiently one year.

Sri A. Madan Mohan: I would like to bring to your notice that normally there has been Parliament precedents stating that such of those who are not members of this House, they need not be discussed. The other day while speaking on the debate on the motion of thanks to the Governor’s Address, I made it clear. Since Sri Upendra is not a member of this House, I would not like to proceed further for a discussion about him. The second precedent is, the President and the Prime Minister should not be made the subject matters of controversies in the State Legislature. Since he was talking I never wanted to interrupt him. Since the emotions ran high, I would rather request all the members to refrain to the extent possible making such references.
Mr. Speaker: Our Rules prohibit making references to President and the Governor.

Sri M. Venkaiah Naidu: I did not say anything derogatory.

Sri A. Madan Mohan: After great deliberations this precedent was adopted, not to refer to high dignitaries and it has been accepted by the House. I would expect a seasoned, mature legislator like Mr. Venkaiah Naidu to refrain from making such allegations. He is aware that I am nowhere on record making such references and allegations any dignitary.

Mr. Speaker: I appeal to all the members to refrain from making allegations against high dignitary.

Sri D. K. Samarasimha Reddy (Gadwal): I am on a point of order. Kindly see Rule 304. It is relevant that every member should know. A member while speaking shall not (i) refer to any matter of fact on which a judicial decision is pending; (ii) make a personal charge against a member; (iii) use offensive expression about the conduct of proceedings of the other House or of the Parliament or any State Legislature; (iv) reflect on any determination of the House except on a motion for rescinding it.

I would like to know whether the Prime minister does fall within the ambit of the word “persons in high authority”. I want the Chair to decide. I would like the chair to give the ruling.

Mr. Speaker: I agree with you.

Sri M. Venkaiah Naidu: If the rule 304 is strictly applied you should not make any charge against any Member in this House.

Mr. Speaker: You must follow the rules, I agree with you.
While giving an expression to his views, an irrelevant imputation bordering an absurdity has been brought against a high person who holds the position of Governor in the State, I have appealed to the chair not to allow those remarks to go on record.

Mr. Speaker: I will examine.

But it is not a fact, because we are discussing here about the performance of this Government. Therefore every member is having a right to criticise the Ministers.

Mr. Speaker: I am extending the time by one more hour. We will sit upto 2.30 p.m.

Motion on Address by the Governor (Discussion)

Sr. I am happy to announce that the 10th Governor's Address has been presented.

In his address, the Governor discussed the achievements of the previous year and outlined the challenges for the current year. He emphasized the importance of education, healthcare, and infrastructure development.

He also highlighted the need for increased investment in renewable energy sources to combat climate change. The Governor expressed his commitment to work closely with the state government and the parliament to achieve these goals.

The Governor concluded his address by urging all citizens to contribute to the development of the state and to work together for a brighter future.

1:00 P.M.

The Governor then addressed the gathering, emphasizing the importance of unity and cooperation in achieving the state's development goals. He called on all stakeholders to participate in the development process and to work towards a common goal.

The Governor concluded his address by reaffirming his confidence in the state's ability to overcome challenges and achieve progress.

The Governor's address was followed by a question-and-answer session, during which the Governor answered questions from the audience on various aspects of state development.

The Governor's address was well-received, with the audience showing their support and appreciation for the Governor's initiatives and commitment to the state's development.

The statement of the facts as far as my memory goes and as far as the records are available, he never compared himself as an inspcting... That word is offensive and it is derogatory and I appeal to the Chairman to take proper action and expunging the matter.
Sri Daggubati Chowdary (Parchur): Sir, the exact phrasing is -because he was speaking in exasperation at certain things that was going on within the Government. He said - “the people may deem their batch as impotent...” that might be the words. The that remarks may be thrown out.

Democracy is a form of the Government for checks and balances and not for challenges. It is not for criticising. It is for cooperation.
Sri M. Venkaiah Naidu: On a point of order. A member has got every right to speak according to his conscience and dictates. Here he is warning that (expunged) That is not only against their own interests, it is against the interest of the country and against the Constitution also.

Mr. Speaker: Let him withdraw his observation.

I apologise on his behalf.

Mr. Speaker: Better, let him withdraw.

Mr. Speaker: Mr. Bhaskara Rao, are you not going to withdraw?

Mr. Speaker: All right. I am going to expunge it.

Motion on Address by the Governor (Discussion)

So, Sir, Mr. President, Members of the House, I have to say that the

Governor’s Address was presented to this House on the 31st of January,

and since then, there have been several discussions on various

aspects of the Address. The Address contains several important

points, and it is important that we all take note of them.

As the Governor has said, the economy of the country is

undergoing a lot of changes, and it is important that we

all work together to ensure that these changes are

beneficial to the people of this country.

The Address also highlights the need for

education and health care, which are crucial for the

development of the country.

In conclusion, I would like to urge all Members of the

House to pay close attention to the Address, and to

work towards implementing its recommendations.

Thank you.

Sri M. Omkar: Sir, I beg to move:

"But regrets to state that the Governor's Address has failed to mention the following:

(1) A great crisis in the Administration and a sort of non-cooperation between the officers and the Ministers are prevailing;
(2) The great deadlock and stagnation in the execution of developmental works and impediment of State growth;
(3) Law and order is fast deteriorating;
(4) Except for paddy and sugar cane no remunerative price is available for any other agricultural produce and their prices are steeply falling down.
(5) The prices for all essential commodities are hiking up;
(6) No steps for effective implementation of land reforms;
(7) Corruption at lower level is rampant;
(8) Actue scarcity of power is causing irreparable loss to agriculture and industry;
(9) And consequent to all the said factors, a great discontentment is prevailing among all sections of people."

Mr. Speaker: The amendments moved.

Mr. Speaker: Now I will put the amendments to vote:

The question is:

Add the following at the end:

"But regrets that no steps have been mentioned for creating a machinery for effective implementation of minimum wages payment to the Agricultural Workers in the State."
Add the following at the end:
“But regrets that no proposals have been mentioned in the Governor’s Address to amend the land ceiling Act to authorise the District Collectors to reopen the benami transactions.”

Add the following at the end:
“But regrets that no steps have been mentioned for extending the subsidised rice supply scheme to all the people in the State.”

Add the following at the end:
“But regrets that no steps have been mentioned for the Government takeover of the wholesale trade of foodgrains in the Governor’s Address for effective supply of foodgrains through the Civil Supplies Department.”

Add the following at the end:
“But regrets that the Governor’s Address does not make any mention about the release of the second instalment of Houses (Pucca) after September, 1983 under the weaker Section Housing Programme.”

Add the following at the end:
“But regrets that the Governor’s Address does not mention anything about the recent power crises in the State and neither the reasons for it.”

Add the following at the end:
“But regrets that the Governor’s Address does not mention about the reduction of contingency grant to the Panchayati Raj Bodies from 10% to 6% for Education and increasing the salary of contingency staff from Rs. 75/- to Rs. 150/- per month without increasing the grants in this regard.”

Add the following at the end:
“But regrets that the Governor’s Address does not mention about the Government policy of handing over the Public Sector units to the private capitalists in the name of their losses without taking any steps for making them economically viable.”

Add the following at the end:
“But regrets that no steps have been mentioned in the Governor’s Address to curb dacoity in the State and partisan attitude of some of the police in the State.”

Motion on Address by the Governor (Discussion)

Add the following at the end:

"But regrets to state that the Governor's Address has failed to mention the following:-
