Business of the House

re: Presence of the Chief Minister in the House.

Sri A. Madan mohan (Siddipet): Sir, as per the newspaper reports the Chief Minister is well in the City. May I know the reasons that led him to abstain from the House.
Sri N. Bhaskara Rao—Sir, the business was allocated as it was done in the earlier Session. The same thing is being continued. Some subjects have been allocated to me.

Mr. Speaker:—I have received a communication from the Chief Minister.

"I have requested the following Ministers to answer the questions relating to subjects noted below in the Legislative Assembly and also to attend to legislative business in relation to the subjects on my behalf in the ensuing session of the Assembly commencing from 25th June, 1984:

P. Rajya Sainik Board.

Smt. Prathibha Bharathi.
Minister for Social welfare

Endowments.

Sri A. Madan Mohan:—I can understand the difficulties and limitations of the Chief Minister in answering the questions. But that is only a temporary arrangement, of course, agreed to by
the House. But it cannot be made a practice. None the less, nothing prevents him from coming and sitting in the House. It is showing disrespect. It is all right one of the Members of the Cabinet keeps on answering questions. That is a different thing. But there is some decorum to be followed by the Leader of the House. This shows he has scant respect for the House. How are you going to protect the honour and dignity of the House, I would like to know.

Mr. Speaker:— I will convey your sentiments to the Chief Minister.

Sri A. Madan Mohan:— It is not my sentiment. I am sharing the sentiments of the entire House. I want you to convey the sentiments of the House.

Mr. Speaker:— This was the convention adopted previously also.

Sri A. Madan Mohan:— I know. When such situation arises, it is only a temporary arrangement. But it cannot be made a practice. Nothing prevents the Chief Minister to make himself physically present here in the House. His continuos absence certainly speaks of scant disrespect shown to the House. That is what I would like to bring to his notice, through you.

Government Bills:
The Andhra Pradesh Motor Vehicles Taxation (Second Amendment) Bill, 1983. (L.A. Bill No. 40 of 1983)

there is going to be again an increase in bus rates.

Nothing prevents the Minister to enhance the rates unless the public resists.

I think nobody on the earth agrees to the proposal. If this proposal is accepted, there will be further bankruptcy to the RTC.
When there is steep hike in motor vehicle tax pattern. You cannot be going for a hike in the Motor Vehicle Tax unless you come before the Assembly with the proposal. So, in that case you can also come before the House for the amendment of the percentage.
the moment you increase the tax, they will increase the bus rates also. There is no need even in future to go for increase in percentage of the tax.

If you want to fix, there should also be some facility.

If the deal is not settled between the R.T.C. and the Government, you will have to settle upon a percentage.

For everthing taking this House as granted

He is almost convinced that there is every necessity to include weavers, shepherds and tappers.

Weaver does not mean a casta. It is a profession. Tapper is the same. Shepherd is the same.

Agriculture labour does not mean Harijan or Girijan. Even a forward man comes under that definition.

I request the Minister to take it seriously and come with an
official amendment as early as possible. Let him give an assurance to that effect.

Sir, Sir. Sir.
