SUPPLY OF ORIYA TEXT-BOOKS

32—

★2328 Q. - Sri Dr. M. V. Krishna Rao (Echapuram) :— Will the Minister for Education be pleased to state:

(a) whether it is a fact that Text Books printed in Telugu are being supplied to Oriya children in Oriya elementary schools in Andhra Pradesh;

(b) whether these Oriya children can read and write Telugu Language; and

(c) the steps taken by the Government to supply Text Books printed in Oriya to Oriya children?

THE MINISTER FOR EDUCATION (Sri P. Ananda Gajapathi Raju) :—

(a) No Sir,

(b) The Oriya children who have studied Telugu as Second language can read and write Telugu language.

(c) The Printing work of non-language Text Books in Oriya language has been entrusted to M/s. Sarada Press, Berhumpur, Orissa. As soon as the Books are received from the printers the same will be supplied to the concerned.

SRI P. ANANDA GAJARATHI RAJU :— Regarding the number of children who study in that language, this was not part of the question and I do not have the information. I will pass on the information to the Hon. Member. Regarding the text-books for Classes III to V, non-language subjects, these could not be printed because nobody was taking up the work. First of all the Government of India Text Book Press, Berhampur was approached and
they refused to print. Then the Director of Printing & Stationery, Orissa was asked, they also refused and subsequently on persuasion they requested one M/s. Sarada Press, Berhempur and order was placed on 24-3-1984 but it could not be implemented. The order was revalidated for 1984-85 stating that within four months the books should be supplied.

P. ANANDA GAJAPATAI RAJU:— I do not recollect anybody approaching me for printing work. All I can say is that the Director, Printing and Stationery, Publication, Orissa entrusted this work to Messrs. Sarada Press because they are the only Press printing Oriya Text books.

SRI P. ANANDA GAJAPATHI RAJU:— If they approach, we will see what they will have to say.

MR. SPEAKER:— The question No. 40 is postponed at the request of the Minister.

SHORT NOTICE QUESTIONS AND ANSWERS

40-A
Collection of donations in the B. Ed. College, Vidyanagar, Nellore District.

S. N. Q. No. 4635 - U:— Sarvasri Nallapareddi Chandrasakha Reddi (Venkatagiri), Chenna Reddy Penchalla Reddy (Sarvepally): Will the Minister for Education be pleased to state:

a) Whether it is fact that 60 students have submitted a petition to the Chief Minister alleging that donations were collected in the B. Ed. College, Vidyanagar, Nellore District, though there is a ban on its collection;

b) the action taken by the Government in this regard; and

c) the reason why the Government should not take over this college?

Minister for Education (Sri P. Anandagajapathi Raju):—

a) Yes, Sir.

b) & c) The matter was referred to the appropriate authority for making discreet enquiry and appropriate action will be taken on receipt of the report.
SRI M. VENKAIAH NAIDU:— Which is that appropriate authority and what is that appropriate action? Will he tell it at the appropriate time or now?

SRI P. ANANDAGAJAPATHI RAJU:— The appropriate authority is the A.C.B. and when the matter comes from the A.C.B. definitely action will be taken.

SRI P. ANANDAGAJAPATHI RAJU:— A petition was given to the Hon'ble Chief Minister on 23-4-1984 alleging collection of donations by the management by force. This matter was referred to A.C.B. on 1-5-1984. No reply has been received from A.C.B. As soon as the report is received action will be taken.

SRI S. JAIPAL REDDY:— How much time will the A.C.B. take the matter? Will the Government address the A.C.B. for expediting it? Secondly, is the Government aware of similar allegations made against the other private B.Ed. colleges including one or two in Hyderabad? What action the Government propose to take against all such private B.Ed. colleges which have been collecting donations inspite of statutory provision?

SRI P. ANANDAGAJAPATHI RAJU:— Regarding the reminder to A.C.B. we will expedite the process. Regarding collection of donations, there is a similar calling attention and also one 329. It is also about collection in I.T.Is and T.T.Is etc. Here, I would like to share my thoughts and views with Hon'ble Members. We have the 1982 Educational Act and Regulation ro
prohibition on Capitation Act. These two Acts are there. After studying these Acts and working out the modalities and making collection of fee more realistic, keeping these views in view, if necessary we will bring separate legislation to see that this kind of collection is completely prohibited and stopped.

SRI S. JAIPAL REDDY — I think the Minister also was good enough to give information regarding I. T. Is, etc. which will come up in the course of the day. I am of the considered view the present laws are adequate to deal with such matters. The University can easily disaffiliate such colleges. Our Universities can be directed to dis-affiliate such colleges. What did the Government do?

SRI P. ANANDAGAJAPATHI RAJU :— To-day somebody may collect the donation. Unless there is a proof, unless there is something in writing action cannot be taken just on oral words.

SRI S. JAIPAL REDDY :— For the information of the Minister it can easily be established, because, there is linkage between admission and donation. We did not merely prohibit capitation fee we also stated admissions to these colleges must be regulated purely on merit. If you keep the list of boys who are admitted you will know as to who paid the donation.

SRI P. ANANDAGAJAPATHI RAJU :— It is not so simple as that. All these things have legal implications, even in the other things which are coming in the shape of calling attention and 329. Therefore all these issues have to be studied. I will extend an invitation to our hon'ble Member Jaipal Reddy to express his views before us so that when we bring the legislation and amendments we can do the same. Definitely we will do our level best.

SRI S. JAIPAL REDDY :— What will he do in regard to colleges which we have been blatantly charged with these malpractices.

SRI P. ANANDAGAJAPATHI RAJU :— Just making a charge is not enough. It has to be legally proved. Then only action will be taken. Just by making a charge it cannot be done. It will be a one-sided case. It has to be proved. If action is taken he will go to court. When action is taken it has to be fool-proof. There are
certain loopholes. Keeping in view the two Acts we will bring some legislation and see that this kind of loopholes are removed.

SRI M OMKAR:— There are several laws in existence. The only point is this. It is an open secret that in all colleges ITI institutions, donations are being collected under different names like buildings fund etc. However, donation system is still continuing. Unless all these private institutions are nationalised then only it could be solved. The Government should assure the students that it will provide accommodation and admission. This type of donations should be stopped. The students and the parents are suffering very much as they had to pay huge donations. Unless they are nationalised these things cannot be stopped. Whether the Government will consider from this angle?

SRI P. ANANDAGAJAPATHI RAJU:— This particular aspect requires lot of discussion. I cannot elucidate all the points. Regarding the laws being there, but still it is not possible to implicate somebody unless there is a proof. It has to stand the scrutiny of law. Unless this is done it is not possible. The existing laws are not sufficient to prohibit this. In fact certain donations in certain sectors is not regulated. Education has to be regulated. When it is regulated on proper and sound lines then this can be stopped. We can have a separate discussion on the subject if the Members want. Regarding nationalisation of Education, this is something which cannot be done overnight. Of course, public sector has to play a vital role. Public sector institutions safeguard the interest of the common man. Therefore it is necessary that all these things are to be studied. These are complicated issues. We can discuss this matter separately.

SRI P. ANANDAGAJAPATHI RAJU:— All these things are complicated matters. It cannot stand the scrutiny of law and nothing can be established and proved. Action taken against anybody without scrutiny of the law is improper and not correct.

Who has to determine?
Therefore these are complicated matters. The issues are coming up later also in the form of 329s and calling attentions. If the Members wish for a discussion we can have it on some other day.

SRI M. SANJEEVA REDDY :— Recently some B. Ed colleges are established in our area. Daily we are getting the reports from the students that the management is collecting from Rs 5,000 to Rs 6,000 I don't know how our learned education Minister is saying that everything must stand in the eye of law. Let him conduct C B C I D enquiry.

SRI P. ANANDAGAJAPATHI RAJU :— The hon'ble Member can definitely give us a report that such an incident has happened. We will find out. If there is a prima facie case I will definitely enquire it.

MR SPEAKER :— You send the information to the Minister

SRI V. RAMBHUPAL CHOWDARY :— We have given in writing (3 M. L. As) to the Minister and the Chief Minister. No action has been taken.

P. ANANDA GAJAPATAI RAJU :— Mr. Speaker Sir, this is a Short Notice Question and this is only about the Vidyanagar College in Nellore District but if he wants the information regarding other Colleges, I have no objection in passing on the information to him.
Sir, there are so many Colleges in the State. It is humanly very impossible to have the records of all the colleges here. They have asked here about the Vidyanagar College and as such I have the information regarding this particular case and I am ready to give it. But regarding the other colleges in the State, I cannot have the information and it is not possible to provide the information now and I will pass it on to the Hon'ble Member if he writes to me.

He must be ready with the information and the supplementaries are from a part of the question. Mr, Speaker Sir, you must come to our rescue but you are not protecting our rights. They are all similar type of cases and complaints.

MR, SPEAKER:— I am sorry - it is not relevant.

SRI P ANANDAGAJAPATHI RAJU:— Sir, I said I will furnish the information.

SRI S. VIJAYARAMARAJU:— Sir, how many B. Ed. Colleges are run in our State by the Private Management and is the Government aware that all the Private Colleges are collecting huge donations and is it a fact the Govt. has given any permission for collecting donations?
MR. SPEAKER:— You please confine to the relevant question.

SRI P. ANANDAGAJAPATHI RAJU:— Sir, if he wants the information about other B. Ed. College, he can ask for discussion about that and definitely we are ready for it.

SRI K. P. REDDAIAH:— Sir, I have already written to the Hon'ble Minister for Education regarding this. Because these two cases, you could not route out this menace. I had suggested for routing the applications through the Government to the Principals towards the selection to be made on merit and Rule of Reservation. These two things will give the answer for all these things. Whether the Hon'ble Minister for Education is prepared to do this by bringing a special G. O., like other things, to route out this menace?

SRI P. ANANDAGAJAPATHI RAJU:— Sir, The suggestion of the Hon'ble Member will definitely be taken into consideration.

WRITTEN ANSWERS TO QUESTIONS

DEMANDS OF THE ANAKAPALLI RURAL ELECTRIC
CO-OPERATIVE SOCIETY EMPLOYEES' UNION

21—

4337-U Q. — Sri P. Appala Naidu: Will the Minister for Finance be pleased to state:

(a) whether the Anakapalli Rural Electric Co-operative Society Employees Union has submitted their demands to management, if so whether strike notice has been given to the management on the ground that their demands were not solved;

(b) if so, the steps taken by the management on the strike notice if not, the nature of steps to be taken; and

(c) whether it is a fact that an official member is acting as the President of the said society at present; if so, whether there is any proposal to appoint a non-official member as its President as was done previously; if not, by what time elections will be conducted for the said society?

A. —

(a) It is a fact that the Anakapalli Rural Electric Co-operative Society Employees Union submitted a memorandum with 13 demands to the management of the society for acceptance failing which the Union informed that management in its notice dated 2nd February, 1984 that the employees proposed to go on strike on or after 20th March, 1984.

(b) The Collector, Visakhapatnam and the Chairman of the Society held discussions with the representatives of the Employees Union and the Management of the Society and accepted 11 out of 13 demands.

(c) It is a fact that the Collector, Vizag has been acting as the Chairman of the Committee of Person-in-charge of the Rural Electric Co-operative Society, Anakapalli from 1st January, 1983 onwards.
FILLING UP OF THE BREACHES OCCURRED DUE TO ENAMADURRU DRAIN, WEST GODAVARI DISTRICT

22—

2591-M Q — Sarvasri Ch. Venkateswara Rao, A V. Satyanarayana and K. Vidyadhara Rao — Will the Minister for Works be pleased to state:

(a) the extent of land submerged in West Godavari district due to Enamadurru drain;

(b) whether any immediate steps have been taken; and

(c) whether any steps have been taken to fill up the breaches occurred in Muddapuram and other villages?

A. —

(a) An extent of 1,25,000 acres spread over the villages of Nidadavolu, Singavaram, Tallapalem and Chettipeta of Kowur taluk and Nandamuru, Arulla Konala and Muddapuram of Tadepalligudem taluk was submerged due to heavy rains and floods in Yerrakalva Yenamadurru drain during August and October 1983.

(b) Necessary steps have been taken such as formation of ring bunds with sand bags after driving casurina piles with bamboo thatties to prevent further widening of breaches that occurred during floods.

(c) The breaches occurred to B. Kondepadu channel in Muddapuram village limits during the floods of August 1983 were closed. But again some more breaches have occurred to the same channel due to floods in October 1983 and these have also been closed.

DRILLING BORES IN CERTAIN TALUKS OF WEST GODAVARI DISTRICT

23—

3137 Q. — Sri K. Srinivasa Rao:— Will the Minister for Works be pleased to state:

...
364  28th June, 1984.  Written Answers to Questions

(a) the number of applications received and pending execution of drills by the Andhra Pradesh State Irrigation Development Corporation Ltd., in Tadepalligudem and Bhimadole taluks of West Godavari district;

(b) when were the initiation charges remitted by the applicants;

(c) the reasons for not drilling the bores so far; and

(d) when the work will be completed?

A — (a) 227 applications are received in Tadepalligudem and Bhimadole taluks in West Godavari district for the construction of bore wells/tube wells. Out of 227, 138 wells are drilled and 89 are pending execution.

(b) Out of 89 applications pending execution, the initiation charges were not remitted in respect of 51 applications and a part payment is made in respect of 1 case. Initiation charges were paid in respect of 37 applications during the period 1977-83.

(c) Out of 89 applications pending, 33 points located in Trap rock were deferred due to high drilling cost involved. Clearance has not been received from State Ground Water Department in respect of 19 points. Scheme estimates are under preparation in respect of 12 applications. For the balance 25 applications scheme estimates have been prepared.

(d) The works will be taken up in order of priority after the National Bank for Agricultural and Rural Development clearance is received and subject to budget limitations.

RECONSTRUCTION OF NAIDUMOLU LOCKS

24—

3844 Q.—Sri Govada Mallikharjuna Rao:—Will the Minister for Works be pleased to state:

(a) the reason for the discontinuance of the reconstruction of Nidumolu locks which was started 3 years ago;

(b) whether it is due to paucity of funds or irregularities on the part of the contractors; and

(c) whether the Government propose to restart the work now?
A— (a), (b) and (c) The work of reconstructing a composite bridge in Km 13/4-8 of Kouthara-Nidumole-Lilur road was originally entrusted to M/s. Sri Satyanarayana Contractor's Company, Gudivada and the site was given possession to him on 12th November, 1978. The entire work was expected to be completed in all respects by 9th May, 1980 as per the agreement. The contractor has executed the work to a value of Rs. 15 lakhs against the agreement value of Rs. 8.69 lakhs i.e., 18% of the contract value. In view of the slow progress of the work, contract was determined under clause 60 (a) of P. S. to A.P. D. S. S. in the month of February, 1982. The balance work costing Rs. 7.11 lakhs was again put to tenders by the Superintending Engineer (R&B), Eluru and entrusted to Sri D. Ratnapratap of Vijayawada and the site was given possession to him on 6th November, 1982. This balance work was to be completed by 5th November, 1983 as per the agreement. The contractor, Sri D. Ratnapratap has also not shown any interest and the progress was found to be far behind the schedule. Hence his contract was determined under clause 60 (a) P. S. to A.P. D. S. S. in the month of July, 1983. The work was again put to tenders by the Superintending Engineer (R&B), Eluru—duly fixing the date of receipt of tenders in Circle Office on 31st December, 1983. But there was no response for the tender call. The balance work was put to tenders again and after settlement of the agency, the work will be taken up for execution. The delay in execution of the work is not due to paucity of funds. There is a provision of Rs. 3.00 lakhs in the Budget Estimate for the year 1984-85.

EXPENDITURE INCURRED ON VAMSADHARA PROJECT

25—

4313—P Q. — Sri A. Janardhana Rao: Will the Minister for Works be pleased to state:

(a) the expenditure incurred for digging the left canal of Vamshadhara Project;

(b) for how many acres water was supplied during 1983-84;

(c) the expenditure incurred on the staff; and

(d) whether works for which tenders were called for have been completed; if not the reason?
A.—(a) The expenditure incurred on left main canal including distributaries up to end of January 1984 is Rs. 1,281.60 lakhs.

(b) Water was supplied for irrigation for a total ayacut of 73,941 lakh acres during Kharif 1983.
(c) The expenditure incurred on the staff to end of January 1984 is Rs. 529.33 lakhs.
(d) Tenders for 123 works on left main canal were called for, out of which 95 works were completed. The position in regard to the balance 28 works are as follows:

1) In case of 13 Nos. works are in progress.
2) Four works were closed due to land acquisition problems and technical changes.
3) In case of 11 works, they were terminated due to stoppage of work by the contractors and action taken to let out the same to other agencies.

EXTENSION OF LEFT CHANNEL OF GAD, GEDDA RESERVOIR, VIZIANAGARAM DISTRICT

26—

4318 - W Q.—Sri P. Sambasiva Raju:—Will the Minister for Works be pleased to state:

a) Whether there is any proposal with the Government to sanction extension of Left channel of Gadi-gedda Reservoir of Ne. llemerla taluk of Vizianagaram district; and

b) if so, why it was not sanctioned even though it was included in 1983-84 budget?

W. A.—(a) Yes, Sir

b) The scheme has since been sanctioned.

Refund of Land Revenue to the Ryots of certain villages of Khammam District

27—

3190 Q.—Sri Y. S. Rajasekhara Reddy:—Will the Minister for Revenue be pleased to state:

a) whether it is a fact that Revenue Officials have collected
Land Revenue in full even though remission was given to ryots of Nagaram and Jagannadhapuram of Kothagudem taluk, Khammam district;

b) whether it has come to the notice of the Government that the villagers have submitted representation to the district officials on 22nd January, 7th and 14th February, 1983 requesting for the refund of the said amount; and

c) if so, the action taken by the Government?

A—(a) The patwari of Nagaram village, Kothagudem taluk, Khammam District has collected excess land revenue of Rs. 193.21 paise for Fasli 1391 from the ryots of Nagaram village and its hamlet village Jagannadhapuram to whom remission of land revenue was granted by the Jambandai Officer.

b) No. Representation were received from the villagers on 28th January, 7th and 14th February, 1983 by the District Officials for refund of the excess amount collected by the Patwari. However, some complaints were received alleging the excess collection of land revenue by the Patwari.

c) An enquiry into the complaints was conducted and the Patwari was kept under suspension by the Assistant Collector, Kothagudem pending completion of departmental action. The Tahsildar, Kothagudem has been instructed by the Collector to withdraw the excess amount collected and remitted into the Treasury by the Patwari and refund the amount to the ryots.

Tamping the records by the Tahsildar, Rajendranagar, R. R. District

28—

4320-R Q.— Sarvasri P. Shankar Rao, M. Narayana Rao, H. Laxmanjee, Ravindra Reddy and K. Nagarjuna Reddy: — Will the Minister for Revenue be pleased to state:

a) whether it is a fact that Mr. D. K. Rama Rao, Tahsildar of Rajendranagar who is on leave and Mr. A Ranga Reddy, Deputy Tahsildar, Urban Land Ceilings have assiduously tampered with the records transferring 1½ acres 22 guntas of land in Survey No. 580 of Alwal village of Vallabhanagar taluk of Ranga Reddy district;
b) whether it is also a fact that the R. D. O., submitted her report in File No. F/8194/83 dated 28th December, 1983 and was sent to the District Collector on 19th January, 1984; and

c) if so, what is the action taken thereby?

R A.—(a) The revenue Divisional Officer, Chevella has enquired into the matter. The enquiry revealed that in the certified copy issued on 22nd February, 1982 on the application of Sri Faiz Ahmed, son of late Osman Ahmed, dated 16th June, 1982, there was deviation in the names appearing in Col (16) of the Pahani of 1981-82 pertaining to S. No. 580 of Alwal village. But there was no tampering of Government record by any official. The Copyist, Head Clerk and Deputy Tahsildar of Taluk Office, Vallabhanagar are involved in this irregularity.

b) The Revenue Divisional Officer, Chevella submitted his report, dated 28th December, 1983 which was received in the Collectorate on 2nd January, 1984. He has reported that there was variation between the two certified copies issued on 1st September, 1982 and 22nd September 1982. The Pahani for 1981-82 which was with the Collector sent back to the Revenue Divisional Officer, Chevella with Collectorate letter dated 19th January, 1984 for verification, as it was not earlier available with Taluk Office during his enquiry. The file was not circulated to the Collectorate on 19th January, 1984.

c) Necessary action is being taken to fix up responsibility on the concerned for wrong issue of the certified copy of the Pahani for the year 1981-82 pertaining to S. N. No. 580 of Alwal village.

Saving the cattle wealth from the effect of fluoride water in Prakasam District

29—

2720 Q.—Sarvasri V V. Narayana Reddy and M. Kasi Reddy:— Will the Minister for Panchayati Raj be pleased to state:

a) the quantum of water allowed for each adult and child for usage of NSP waters through Netherlands Aid Scheme in Prakasam district.

b) the maximum storage capacity of the tanks constructed at Darsi and Chandravaram in Prakasam district;
c) whether cattle are eliminated from the supply of NAP water;

d) whether ryots are forced to change the bulls at least in each two or three years, due to the effect of this fluoride water; and

e) if so, steps taken as remedial measures to save the cattle wealth?

A.—(a) The quantum of water provided for each adult and child is 40 liter per head per day.

b) The maximum storage capacity of SS tank constructed at (i) Darsi is 2,538 M. litres (ii) Chandravaram is 1,021 Million litres.

c) Yes, Sir. The cattle demand has been considered for villages where the fluoride content is 4 PPM and above.

d) In the endemic area the work animal and milk cattle are invariably being replaced once in 2 years.

e) Remedial measures are being taken up by proposing to provide safe drinking water to the animals in the CPWS. Scheme for 81 and 30 additional villages at Darsi, and separate treatment is provided for the cattle in the other schemes at 60 litres per each cattle per day wherever the fluoride is 4 PPM and above in surface water.

Misuse of Fertilisers by Velugupalli Co-operative Credit Society, Nalgonda District

2259 Q. — Smt. M. Swarajyam, Sarvasri N Raghava Reddy, M. Rama Krishna Rao, Yerraiah Reddy and M Omkar — Will the Minister for Agricultural and Co-operation be pleased to state:

a) whether it is a fact that the Managing Committee of Velugupalli Co-operative Credit Society, Tungurthi tuk Nalgonda district misused the fertilisers received from the MARKFED and misappropriated the amount;

b) if so, the steps taken to recover the amount; and

c) the action taken thereon?
A — (a) Yes, Sir. Sri P. Yella Reddy, Ex-President of Velugupalli Primary Agricultural Co-operative Society misappropriated an amount of Rs. 1,00,787.81 relating to sale proceeds of chemical fertilisers supplied by the MARKFED through District Co-operative Marketing Society, Nalgonda.

b) Surcharge orders were issued by the Divisional Co-operative Officer, Nalgonda based on the enquiry report for Rs. 1,000,787.81 against Sri P. Yella Reddy, Ex-President of the Society. The delinquent had filed a petition against the surcharge orders in Munsiff Magistrate Court Suryapet, and the appeal petition was dismissed by the Munsiff Magistrate Court, Suryapet. Regarding recovery of the amount misappropriated, the Taluk Co-operative Officer, Suryapet attached properties worth Rs. 315.00 from the house of the delinquent and handed over the same to the Village Officer for safe custody and that the Divisional Co-operative Officer, Nalgonda was approaching the Tahsildar, Thungathurthy for execution of surcharge orders under Revenue Recovery Act. The District Co-operative Officer, Nalgonda is pursuing action for early disposal of criminal proceedings and recovery of misappropriated amount.

c) The Collector, Nalgonda sanctioned prosecution on 6th October, 1983 and a Police complaint under C. R. 13/84 was registered by the Sub-Inspector of Police, Thungathurthy on 31st January, 1984.

Black Marketing of Fertilisers by the Karepalli Visala Sahakara Parapathi Sangam of Khammam District.

3208 Q — Sarvasri M. Ramakrishna Rao, M. Omkar, Smt. M. Swarajam and Sri M. Yerraiah Reddy:— Will the Minister for Agriculture and Co-operation be pleased to state:

a) whether the Government are aware of the black marketing of Fertilisers specially Urea and Ammonium Sulphate by the Karepalli Visala Sahakara Parapathi Sangam of Illanud taluk, Khammam district; and

b) the action taken by the Government in the matter?

A—(a) Yes, Sir. The cultivators of Gandhinagar of Khammam lodged a Police complaint alleging black marketing of Urea
and Ammonium Sulphate in September 1983 in the area within the jurisdiction of this Society.

b) The Revenue authorities and the Police have made enquiries into the matter and found that there was black marketing of Urea and Ammonium Sulphate in Illendu Panchayat Samithi during 1983. The District Co-operative Officer, Kothagudem has appointed the Co-operative Extension Officer of Panchayat Samithi, Illendu as Enquiry Officer. The Enquiry Officer has seized all the records connected with the case and the enquiry is in progress. On receipt of the enquiry report suitable action will be taken.

Election of the President, Primary Agricultural Co-operative Credit Society, Mandavalli, Krishna District.

32—

4318-Y Q. — Sarvasri A. Narendra and B. Gopal:— Will the Minister for Agriculture and Co-operation be pleased to state:

a) whether it is a fact that the resigned President of the Primary Agricultural Co-operative Credit Society, Mandavalli, Krishna district presided Board meeting held on 5th January, 1984 and managed the members to accept his resignation;

b) whether it is a fact that the Board of management had co-opted and elected some body from outside as president without circulating in agenda contrary to Act and bylaws of the society;

c) whether it is also a fact that one Mahila member of the Board put a petition regarding illegal election of the president to the Divisional Co-operative Officer and the Financial Bank on 8th January, 1984; and

d) if so, action taken thereof?

Y A.—(a) The Board meeting held on 5th January, 1984 was attended by 10 out of 11 directors, including the resigned President, Sri P. V Ganga Rao. There is no evidence or proof of his managing the members to accept his resignation. Apparently there is no benefit derived by him by resigning from his office.

b) Yes, Sir. Under item No 4 of the agenda 'other items' was included. The issue must have been taken up under this.

c) Yes, Sir. Smt. G. Mangalaxmi also was present at the meeting of the Board, dated 5th January, 1984 and did not record any dissent.
d) Does not arise.

Misappropriation of funds in the Super Bazar, Visakhapatnam

33—

4320 - P Q.—Smt. G. Madhavi, Sarvasri K. K. V. Satyanarayana Raju and E. Vasudeva Rao:—Will the Minister for Agriculture and Co-operation be pleased to state:

a) whether it is a fact that funds in the Super Bazar, Visakhapatnam, were misappropriated;

b) whether it is a fact that the existing board is not holding meetings;

c) whether it is also a fact that the Managing Director is performing the duties without consulting the board;

d) whether any complaint has been lodged in the matter with the Government; and

e) if so, the action taken thereon?

A — (a) No, Sir,

b) Yes, Sir. The board has conducted five regular meetings during the current Co-operative Year, the last meeting was held on 14th October, 1983. The board meeting convened on 29th November, 1983 and 31st December, 1983 could not be held for want of quorum. Subsequently 3 meetings by circulation were held on 1st, 20th and 25th January, 1984.

c) It is not correct to hold the view the Managing Director is performing his duties without consulting the Board. The regular board meetings were held up to 14th October, 1983 and 25th January, 1984 by circulation. However an enquiry has been ordered, in this regard.

d) Yes, Sir.

e) Additional Registrar-II has been asked to enquire into the allegations.

Milk Chilling Centres in Srikakulam District

34—

4325 - K. Q.—Sri Tammineni Seetharam:—Will the Minister for Agriculture and Co-operation be pleased to state:
a) in what year the milk Chilling Centres were started functioning in Peddapadu, Tekkali, Seethampeta in Srikakulam district;

b) why were they closed abruptly;

c) what is the Government proposing to do in buildings etc.; and

d) steps proposed to be taken by Government in alternative to maintain the living conditions of the people who are mainly depending on this?

A — (a) The Milk Chilling Centre at Peddapadu (near Srikakulam town) started functioning from 1st December, 1982. Prior to commissioning of the new Milk Chilling Centre, a smaller chilling centre was functioning at a temporary location at Srikakulam (Arasavalli).

The Mini Milk Chilling Centre at Tekkali was started on 1st December, 1982 and the Mini Milk Cooling Centre at Seethampeta started functioning from 10th November, 1979.

b) The Milk Chilling Centre at Peddapadu (Srikakulam town) is not closed.

The Mini Milk Chilling Centre at Tekkali and the Mini Milk Cooling Centre at Seethampeta were closed due to very low milk procurement resulting in very high overhead costs, after duly informing the milk producers.

c) The area falls under the Sri Vijaya Visakhapatnam Milk Producers Co-operative Union Limited, and it will be requested to utilise the buildings etc., for the technical inputs services, cattle feed, etc.

d) In general, dairying is a "subsidiary" occupation. Even at the time of closure of the Dairy Units, the Federation has taken steps to regroup/divert the milk routes to the nearby functioning units to the extent possible. Further arrangements will be made by the Andhra Pradesh Dairy Development Co-operative Federation Limited to procure the milk left over due to closure of the above centre in the coming flush season by the Visakha Union.

Extension of work in Karimnagar Vanaspathi Complex

35—

4328 0 Q.—Sarvasri M. J. Thomas Chowdary, Ch Venkateswara Rao and V. Rambhupal Chowdary :— Will the Minister for Agriculture and Co-operation be pleased to state:

a) whether it is true that the Government ordered extension of works in Karimnagar Vanaspathi at Karimnagar district by 7 years back; and
b) whether the complex the E. E. MARKFED was taken Rs. 50,000 are kept with him since 7 years, whether it is recovered from him? If not what action the Government proposed to take in this regard?

A.—(a) No, Sir.

b) The Executive Engineer, MARKFED was given an advance of Rs. 50,000 in four instalments during April 1975 to January 1976 for the construction of Godowns which were sanctioned by National Co-operative Development Corporation located at Karimnagar Vanaspathi Complex. The said amount was spent in full from May 75 to January 76. Hence, it is not correct to say that the amount was kept with him for 7 years.

Appointment of Paid Secretaries in the Co-operative Central Bank, Prakasam District.

36 -

4337 - P Q — Sarvasri K. Nagarjuna Reddy, M. Jagannadh, M. Ramachandra Reddy, S. Santosh Reddy and V. Venkateswara Rao:— Will the Minister for Agriculture and Co-operation be pleased to state:

a) whether it is a fact that the President, Co-operative Central Bank, Prakasam district had not followed the reservation procedure during promotions of Paid Secretaries;

b) is it a fact that the High Court also directed the President to implement reservations; and

c) if so, the action taken?

P A.—(a) No, Sir.

b) No, Sir.

The High Court permitted the interviews to go on but not to publish results till the W. P. is disposed off.

But subsequently the High Court vacated the stay and permitted even issue of appointments which would, however, be subject to result of Writ Petition.

c) The Ad hoc Committee implemented the orders of the High Court and appointed the candidates as per the directives of the High Court.
increasing the bed strength of Kurnool General Hospital

37—

952 Q.—Sri V Ram Bhopal Chowdary — Will the Minister for Medical and Health be pleased to state:

a) whether is any proposal to increase the bed strength of Kurnool Government General Hospital from 802 to 1,000 bedded hospital; and:

b) if so, when it will come into force?

A.—(a) and (b) Yes, Sri. Due to paucity of funds the proposal has been deferred.

Sanction of grants to the patients going abroad for treatment.

38—

2671 Q.—Sri V. V. Narayana Reddy — Will the Minister for Medical and Health be pleased to state:

a) whether it is a fact that Government have been sanctioning grants to the patients who undertake treatment in Foreign Countries;

b) if so, the No. of cases sanctioned with such special grants in 1981-82, 1982-83; and

c) the names of the patients, the amounts sanctioned, their Profession and the disease specified?

A.—(a) Government employees are being permitted to receive medical treatment at Government cost only in certain specified diseases such as Cardio-Vascular defects, congenital heart diseases, Cancer Therapy, Pediatrics and Gynaec Disease and Endocrine disorders etc, for which facilities are not available in our country.

b) 1981-82—Nil.

In 1982-83, four persons have been permitted:

c) 1. Dr. L. Pullaiah, Civil Assistant Surgeon, Primary Health Centre, Dhamerwada (Mahaboobnagar) Be, district (Open Heart Surgery) Rs. 50,000

2. Sri J. Venugopal Rao, Additional Metropolitan Session Judge, Hyderabad (Open Heart Surgery) Rs. 2,00,000
Establishing Headquarters Hospital at Ongole

3777 Q.—Sarvasri V. V. Narayana Reddy, and M. Kasi Reddy:—Will the Minister for Health and Medical be pleased to state;

a) whether it is a fact that our Government have purchased the Mission Hospital building and site at Ongole for location of the District Hospital;

b) if so, the amount paid by the Government.

c) whether there is any proposal to construct additional buildings for the Hospital in this Compound; and

d) if not whether the Government will consider to sanction additional buildings and necessary medical equipment in view of the growing need of the town and the backward district?

A.—(a) No, Sir. Government land measuring 11.26 acres which was temporary alienated to American Baptist Mission for Clough Memorial Hospital at Ongole was resumed.

(b) Does not arise.

c) and (d) It is proposed to establish 200 bedded Headquarters Hospital with ancillary building.

Percentage of Harijana, Girijana and B. C. Hostel Students Passed in Karimnagar District

3791 Q.—Sarvasri K. Raji Reddy, D. Satyanarayana and M. J. Thomas Chowdary:—Will the Minister for Social Welfare be pleased to state:

a) the percentage of candidates passes in 1982-83, from among the students in the Harijana, Girijana and Backward Classess hostel in Karimnagar district; and

b) the reasons why the hostel students have not passed in good number?

Matter under Rule 329 :
Re - Collection of donations
in T. T. Is and I. T. Is,

SRI S. JAIPAL REDDY :- The Minister of-course has been
alived to this problem. We have been acquainting h'm with this
problem number of times for quite a long time and he has also been
devoting his attention to it. I may say this in all fairness to him.
At the same time, I might point out that this is a class of illustration
of incorrigible administrative paralysis by interminable legal anal-
ysis. It is a case of paralysis by analysis. I do not know what
analysis of legal implications the Government have been indulging
for so many months, if not years. We know for sure that the I. T.
Is have been getting stay orders from the High Court so that no
action would be initiated by the Government. They have also been
successful in getting stay orders to the effect that students of their
institutions should be allowed to appear for the examinations while
the announcement of the results would be subject to the final out-
come of the High Court decision. As far as I know, in none of the
writ petitions which are innumerable the High Court was allowed to
pronounce any final judgement. It has been a very interesting case
of litigation. I do not know why our Government Advocates have
not been able to pursue the matter at all.

As my friend Sri Venkaiah Naidu has rightly pointed out, we
have witnessed mushroom growth of these institutions of TTIs and
ITIs and the Hon'ble Minister for Education and the entire House
know that each institution gets a clean profit of Rs. 3—5 lakhs a
year. And the students will never be able to depose as to the dona-
tions they have paid because all their original certificates are in the
possession of these institutions. With the fear that they might
not get their original certificates, they cannot give adverse evidence.
Secondly, they have themselves got their vested interests in that
they could not get admission into the Government colleges for want
of merit and therefore the students who are themselves parties to
the legal process for the fulfilment of their little vested interest can-
not be expected to give evidence. I may also say that the D. E. Os
have been hand in glove with the managements of these institu-

28th June, 1984.

It is very necessary that the Minister should take a very hard and close look at this. We have of-course to envisage separate legislation on this. But, I think he must cease to contemplate and start to act. He must also let us know how is acting. I can anticipate his answer. He will say, 'this question bristles with unpredictable legal complexities and therefore it is receiving active consideration of the Government'. That kind of answer will not help.

My suggestion is that if some urgent legislation is required, it may be brought forward right to-morrow. In fact, I have been a great opponent of ordinances. In spite of that, I do not like the Government to waste time in endless litigation.

...
Matter Under Rule 329:

386 28th June, 1984

As per Rule 329, donations are to be collected in I.T.Is and T.T.Is. The sum of Rs. 4,000 is to be collected in each. The Petitioner requests that the same be accepted as Rs. 10,000, and that the remaining sum be added to the donations.

The Petitioner submits that the amount of Rs. 10,000 has been collected in accordance with the said rule, and that the remaining sum should be added to the donations. The Petitioner requests that the Petitioner's request be considered and that the remaining sum be added to the donations.

The Hon'ble Court is requested to accept the Petitioner's request and to add the remaining sum to the donations.

In I. T. Is. and T. T. Is.

SRI V. RAMBHUPAL CHOWDARY :— I want to bring to the
notice of the Education Minister about a specific thing. The manage-
gements of I. T. Is., T. T. Is. and B. Eds. are not selling even children of
the M. L. As. to pay donations. I can give specific examples. I have given specific written complaints to the Education Minister
and the Chief Minister.

them.

10-30 A.M.

SRI P. ANANDAGAJAPATHI RAJU:— The Teacher Training Scheme was introduced by the Government in the year 1975 suitably revising the syllabus of Secondary grade training course. In pursuance of the scheme the Government have established 12 Teacher Training Institutes in the State provided the management also can establish and run Teacher Training Institutes after obtaining prior permission of the Government. In Andhra Pradesh Education Act was brought into force in 1982. According to the provisions of section 20 of the said Act every management intending to start the educational institution shall apply to the competent authority for permission. As per provision of sub section 3 of section 20 the authority granting permission shall have to give due regard to the following.
Matter Under Rule 329 : 28th June, 1984

(1) that there is need for providing educational facilities,

(2) adequate financial provision,

(3) proposed to be located in sanitary and healthy surroundings.

(4) The site for building, playground dan garden proposed to be housed should confirm to the rules prescribed thereon.

(5) The teaching staff qualified according to the Rules made by the Government in this behalf is appointed and the application satisfy the requirements laid down by the Act and the Rules made thereunder.

Under Section 20 of the Andhra Pradesh Education Act 1982 there are certain rules under sub section 3 under which these T T. Is and ITIs must conform. Only if they are conformed then only it is given. I would like to say that some of these Teacher Training Institutes went to the High Court and 1983 they got an order stating that they should not be prosecuted if they run the institutions 299 writ petitions were filed out of this 126 writ petitions were disposed off by the High Court with the direction that they should be referred to the education department and the education department should examine whether these institutes are complying section 23 of the Education Act. 176 petitions, which are remaining have not yet been referred to the education department. We are taking expeditious steps to see that these 176 applications are referred to education department so that the whole thing can be disposed off. Out of 126 applications which were referred to the education department a dozen of them have already been rejected. I have instructed the department to see all of them which don't conform to the section 23 of the Education Act and reject. There are some institutions which are not covered under this 299 writ petitions, because they are running separately and the have taken permission separately. If they had taken protection under 23 of the Act then there is nothing that we can do about them. These 299 institutions have not taken provision under section 23 of the Act. Naturally we take action against them. That is about T. T. Is. I would like to mention that the matter can be referred to the A. C. B. Of course, we have no objection, but this is a legal tangle and this has to be
settled in the legal manner. Therefore after exhausting all the provisions of the Act, then only it would be better to refer to A C B. I have no objection to bring it to the notice of ACB.

SRI S. JAI PAL REddy:— He is referring to sections under Andhra Pradesh Education Act. He has omitted reference to the Prohibition Act.

SRI P. ANANDAGAJAPATHI RAJU:— What the Member is saying is this. I am referring to the Andhra Pradesh Education Act 1982 and that we are trying to prohibit starting of these institutions under Andhra Pradesh Education Act. Why not you try to stop them under collection of prohibition of capitation fee. This is what I mentioned earlier. If you take action under Andhra Pradesh Education Act we will be able to prohibit these institutions. They have to fulfill these conditions, which I have read out. If they don't fulfill the conditions they cannot be started. If we take action it has to stand to legal scrutiny whether they have collected the money. Unless there is a proof they cannot be prosecuted. Therefore we are taking action under this Act.

SRI S. JAI PAL REddy:— We did not merely prohibit capitation fee, we also directed that admissions be made strictly on merit into all educational institutions because of these private T. T. Is. It is an admitted fact that admissions were made indiscriminately and without any reference to the order of merit, so that provision under this Act can be invoked. In regard to the writ petitions filed by 299 institutions, you can imagine the magnitude of the problem. Having regard to the continuous growth of the institutions, imagine the legitimate earnings of this particular sector. The directors of the High Court under these writ petitions were of the interim nature. It is only as an interim measure the High Court directed the Government not to prosecute these managements. In their final disposal what the High Court did was merely to remind the cases. Therefore, even in the case of litigation our Government defaulted. I am of the considered view that legal position of the Government in question is unassailabley strong. We have not been able to pursue the matter.

In regard to the students who are supposed to have been trained by these institutes, may I tell you that in the case of 99% of these institutes there are no proceedings. The institutes are existing only on paper and all the students were allowed to appear to the examinations. I would like to know as to why their results were announced. The High Court directed that they should be allowed to appear for the examination provided the announcement of the results
of the examination was subject to final disposal of the High Court. I don’t know a single High Court direction which said that these institutes were started properly. Therefore the students of these institutions who appeared in the examination must be favoured with the announcement. How did the Government announce? The proof of the pudding lies in eating. The students who don’t have must acquire admission in the institutions and ultimately whatever be the legal process, obtain certificates. Therefore what do you do in this situation?

SRI P. ANANDAGAJAPATHI RAJU:— I definitely appreciate the legal points raised by the Member. What the Member says is ‘why not you establish a regulation on admission.’ Till now the regulation of admission in T.T. I’s is that certain age limit has been fixed and certain percentage of marks. He can not join any T. T. I unless he has the minimum number of marks. Now this additional suggestion has come regarding regulation of admission itself. Definitely we will give considerable thought.

Regarding the interim order of the High Court, we cannot help it. The High Court gave an interim direction that we should not interfere with the functioning of these institutes. I am only mentioning that out of a total of 299 writ petitions 126 have already been referred back to the education department. Regarding the balance of 173 also we will request the Court through our machinery to again refer it back to the Government so that these also can be disposed of in a similar way, in the manner in which the rest of the 126 are disposed off. If there is any balance that will be done in the similar manner. I am not a lawyer myself. I am only apprised of legal modalities in this.

SRI S. JAIPAL REDDY:— In fact I concede the earnestness of the Minister in this case but I am not able to understand certain things. You are not able to make a headway. The students were allowed to appear in the examinations under the interim direction of the High Court. If the results of the students were withheld then the ball would have been in the court.

SRI P. ANANDAGAJAPATHIRAJU:—Regarding withholding of the results, I will check up. The High Court has directed the Government not to interfere with the functioning of these institutes. In other words the students can continue as students. They can write their examinations. They can pass the examination and the results also can be declared. The Government at this stage cannot interfere in their functioning. This is the direction by the High Court and there is nothing that can be done in this.

Matter under Rule 329

SRI P. ANANDAGAJAPATHI RAJU:— I have no objection in discussing the matter with the hon'ble Legislators and come to a final solution.

SRI M. VENKAIH NAIDU:— If the Minister clarifies the High Court judgment or interim direction in this manner, then the Management’s case will get strengthened outside. The students will say ‘even the High Court said that nobody should be prosecuted and so we are saved’.

SRI P. ANANDAGAJAPATHI RAJU:— That is why I said there is a legal tangle. I don’t say that everything has been done in this case. In this matter I have no objection in holding a meeting. I will fix the date and inform him. I will fix the date as expeditiously as possible.
Re: Transfer of Teachers in Vinukonda Samithi

SRI P. ANANDAGAJAPATHI RAJU:— Within the next week I will hold the meeting and we will discuss all these points

SRI P. ANANDAGAJAPATHI RAJU:— I do agree with the sentiments expressed by the hon'ble Member that there is a lot of racket going on. Now it has become a legal tangle and it has to be solved. Let us go in a rational manner.

CHAIRMAN:— It can be decided in the meeting. The next question is postponed.

SRI M. VENKAIAH NAIDU:— Let it come tomorrow.

CHAIRMAN:— I will ask him to take it up tomorrow.

Matters are of such importance that the following points need to be highlighted:

- The need to transfer teachers within Vinukonda Samithi is vital for the smooth functioning of educational institutions.
- Teachers from various schools are not equally distributed, leading to disparities in teaching quality.
- The existing infrastructure does not adequately support the current teaching load.
- There is a pressing need to align the transfer of teachers with the school's capacity to ensure effective teaching.

It is imperative to address these concerns to improve the overall educational standards in the region.

re: Transfer of Teachers in Vinukonda Samithi

28th June, 1984.

On one side you create an authority but on the other side you act as an upper hand.
on the same authority. If it were that way, it will be very good for the teachers. If it is not, then we have to look into it. We have to take into consideration the wishes and feelings of everyone. It is expected that the government will make a decision based on the distribution of the teachers in Vinukonda Samithi.

As for the transfer of teachers, it is not clear what the government plans to do. It is also possible that there are other factors that need to be considered. For example, the distribution of teachers may also affect the quality of education in the area.

In conclusion, it is important to understand the situation and make a decision that is in the best interest of the teachers and students. It is also important to consider the wishes and feelings of everyone involved in the decision-making process.

He is also a politician. How the government is going to solve the problem? Everyone is waiting. But it is not clear what will happen. It is expected that the government will make a decision based on the distribution of the teachers in Vinukonda Samithi.

How he is going to solve the problem?

re - Filling up the posts enquiry in to the Expenditure of Sri Krishnadevaraya University

SRI P. ANAND GAJAPATHI RAJU : - The Hon'ble members are aware that while answering S. N. Q No 4317 - N on 22-2-1984 and Question No. 4317 - M and 6-4-84 relating to the affairs of Sri Krishnadevaraya University. I made an assurance on the floor of the house that instructions will be issued to the University to the effect that no new appointments should take place and no fresh amounts should be spent till such time the elected component of the Syndicate of the University is formed. Uponthis, necessary instructions were issued to the Registrar, Sri Krishnadevaraya University on 30-4-1984 with a request to bring the above assurance given by me to the notice of Vice-Chancellor for implementation.

2. The Sri Krishnadevaraya University have taken action and conducted elections to the Syndicate from among the Academic Council members for election of three persons to the Syndicate. Accordingly, three persons were elected (unopposed) to the Syndicate on 12-5-84 from the Academic Council.
3. The elections to the Senate have also been completed except for the 3 vacancies of the registered graduates and 2 vacancies of the students. For these five vacancies, the University started the process of conducting election by issuing necessary notification, fixing the dates for filling nominations and holding elections on 3rd and 6th May, 1984. When the election process was going on, some parties brought court orders restraining the University from holding elections to the Senate for which the dates were already announced. The University filed counter affidavit for vacating the stay. In view of this and since the Senate was not completely formed the election to the Syndicate for electing 3 persons from among the Senate members, could not materialise.

4. Since, the University have secured one crore rupees from the U.G.C., towards opening of new departments for utilisation on or before 31-3-1985 and also to make immediate appointments of staff to the new departments before the academic year starts, the Vice-Chancellor Sri Krishnadevaraya University requested the Government to withdraw the restrictions imposed on the University consequent on the assurance given on the floor of the House, so as to enable the University, to make all staff appointments and utilise the U.G.C. grants, subject to approval of the Syndicate which can meet with the existing members.

5. With a view to seeing whether would be any breach of assurance given by me, if the request of the University is considered, the advice of the Legal Department is being sought. After advice is received, a decision will be taken on the request made by the Vice-Chancellor, Sri Krishnadevaraya University regarding making appointments and incurring expenditure.

SRI P. ANANDAGAJAPATHI RAJU:— Sir, the matter was raised and the assurance was given in this very House but now because of certain changed conditions, there is a request that this assurance be rescinded. Therefore the matter has to be examined by the Legal Department and it will be expedited and a decision will be taken shortly.

(Mr. Speaker in the Chair)

SRI P. ANANDAGAJAPATHI RAJU:— Sir, I will kindly enlighten you as to how I gave this assurance last time in this august House. There was a petition given by 77 M. L As.; to the Governor and that was being examined and there seems that some legislators were having apprehension that the appointments would be made and the money would be spent indiscriminately without any control over it. That is why at that time they requested that the elected component of the Syndicate should be completely constituted. Once the elected component is constituted, there will be

SHORT DISCUSSION ON THE STATEMENT MADE BY THE CHIEF MINISTER ON 25-6-1984 ON HIS VISIT TO UNITED STATES OF AMERICA

MR. SPEAKER:— No it is 11-30 a.m. There are two hours now. We shall take up the discussion straight-away. Mr. Madan Mohan, are you speaking. There are so many people who want to speak. See that as less of time as possible is taken.

SRI A. MADAN MOHAN:— Sir, I quite understand and appreciate your inconvenience. It is not such a small issue. Otherwise, there is no need for us to ask for a discussion.

MR. SPEAKER:— We must complete this in two hours

SRI A. MADAN MOHAN:— It is not necessary that we should confine this to two hours. If necessary, we shall extend.

MR. SPEAKER:— We shall see. Now you might initiate the discussion.
SRI A. MADAN MOHAN (Siddipet); - Sir, the people of the State had different aspirations altogether. In fact, there is hardly any example where the people of a particular State have risen to the occasion accepting that a new government would be able to bring and cater to their needs and probably create better things including self-respect. That is the reason why the Telugu Desam Party has come to be kicked into power by the people of Andhra Pradesh, within nine months. It is a very short span of time for any political party indeed. It is not only that, Sir, the name of our beloved Chief Minister Sri Rama Rao garu also had found entry into the Guinness Book of World Records. It is not a small thing; it is a very extraordinary sure and my party has respected the wishes of the people of the State and we have accepted the verdict of the people. We said; Yes, if the people want a change, they should be given an opportunity in democracy. At the same time, both the people and my party expected a lot from the Government including the protection of the so-called self-respect and honour of the Telugu speaking people.

There have been many stories at the time when the Chief Minister was leaving for the United States of America. Sir, subjectively speaking, I dismissed many theories because I do not normally believe anything without any reason or where I cannot substantiate with at least circumstantial evidence. But, unfortunately, my fears are getting confirmed the way the entire entourage has been undertaken. Well, it is only for a paltry sum of Rs 159 crores which is very proudly being proclaimed by the Chief Minister after his return from the U.S.A. Sir, Rs. 159 crores as far as I know, subject to correction, the Reserve Bank of India does put a clause for raising of the funds specially when concerns foreign investment. I think it is only 5% of the investment that we are allowed and the rest has to be raised from various financial agencies and various financial sources. The Chief Minister except making a very bald and generous statement to say that he has been able to get about Rs 159 crores from those living in United States of America for investment and for the development of the industrialisation in the State, has not categorically made it clear as to the equity component, as to insti-
tutionalised loans and what are the other resources and what exactly is the investment. Even in that investment for any investment that is to be made, to the extent that I had seen either in our State or in other States, everything is priced for it. Even the technological assistance is priced, the man-resources is priced and other equipment also is priced. He was saying with a sense of pride about the equipment assistance by those living there. Well, it may be the first exposure of the Chief Minister to a foreign country and and much more so to the U.S.A., subject to correction again. But, I had an opportunity of going to USA three years back. I have nothing to say against the American people as such. It is a great nation like any other nation. But to get oneself bloated with small and petty thing and also to say that he has been getting much more from there, does not attract me or any other commoner in this country, particularly in the State. It is a very unfortunate situation through which we are passing through. I will come to the entourage at a subsequent stage during my debate.

But suffice it to say for me that well, it is nothing. It is nothing but creating a mole out of a mountain. What he has been able to get is something which is not to my mind appreciative. I do not know whether the Chief Minister is alive to the fact that in the name of equipment, sometimes we have witnessed equipment which has become out-of-date and lost its relevance to the time and pace of the technology in the world is thrown at our face as gift, a thing which otherwise probably, they would have thrown into the Pacific Ocean or put as junk. Such an equipment is thrown at our face as a gift. In fact knowing little about the technological pace of development a person like Madan Mohan or Rama Rao would be flabbergasted about the doles that are being doled out by foreign countries. One has to take care about these things. The Chief Minister is not Mr. N. T. Rama Rao and Mr. N. T. Rama Rao is not the Chief Minister. A chief Minister is different from Mr. Rama Rao in person. A Chief Minister carries greater responsibility on his shoulders not only in respect of excercising one's restraint specially when he goes abroad leaving the shores of the nation but is also expected to see everything with care and caution. Unfortu

nately, my charge against the Chief Minister or his entourage is that they have not been able to really exercise their restraint. They were flabbergasted and they did not realise as to what they are indulging into. This is my charge.

Now, Sir, before going we have seen in the Newspapers that the Executive Officer of the TTD and other staff had been directed to leave for Bombay to purchase silver worth Rs 4 lakhs to make the idols of Lord Venkateswara on one side. I do not know what on the other side. It is for the Chief Minister to explain. But, when the criticism came about that such thing cannot be done, probably that was converted into copper and it was embossed in copper. All these things were taken. He owes an explanation to the House whether he has gone as Chief Minister or a preacher like Swami Vivekananda, Sankaracharya, or Krishna cult or Rama cult or as a secular Chief Minister. The Chief Minister should realise the burden on his shoulders and is one who has sworn by the name of Constitution. Our Constitution is of secular character and it cannot take sides between Hindus and Muslims. I am told that some of the brethren belonging to a minority community got annoyed with this type of religious speech by the Chief Minister. It is not surprising if to-morrow they call Sri Sultan Salahuddin, I mean no offence to him to say that here is a Muslim leader who can be invited. You are creating communalism which is not good. I would like to tell one thing. There are certain things that are permissible within the State and there are certain things permissible with in the country. But there are many restrictions for anybody who goes there. He goes first as an Indian and then only as Telugu-speaking man. If I have understood in the right spirit and right context, the Chief Minister has gone there as first Indian and then only as Telugu-speaking man. He cannot go as a Telugu-speaking man and then subordinate the national concept and nationality and send patriotism down to the gutters. Unfortunately I am forced to say that this smacks not of patriotism but something else than patriotism.

I had also been to USA where I have had occasion during my stay there. While doing so, we had discussions with the North
American Telugu people and we discussed with all those Indians who lived there and interested in medical profession and about investment. We have not created a line of demarcation between Telugus and non-Telugu speaking people. When an Indian goes and tries to create a line of demarcation between Telugus and non-Telugus, it is a very unfortunate situation.

And who are the persons you have taken from the Medical Department? The information that I have is Dr. Venkaiah Chowdary. He is a personal friend of mine. That part, is it in the fitness of things that a Cardiologist or an Heart Expert should be in the entourage to negotiate about the medical facilities that are to be created in our country or in our State? I also went and it was Sri C. N. Shastri, Secretary and Dr. Venkatarao, Director of Medical Education who is retired, the persons concerned whom I have taken. And whom did you take? How do you justify the inclusion of Dr. Venkaiah Chowdary in your entourage? You have also taken Mr. Sitaramaiah, this again is subject to correction. The Chief Minister has to answer it is said that he has been his private auditor for decades. Is it the consideration? Otherwise, what are the extraordinary qualifications that he possesses that you should have a non-official included into the official delegation? This is most surprising and shocking. Sir, the people of the State have become helpless by electing them for five years because the reigns will not come back into their hands. This is the unfortunate situation. Probably, the people of the State have to pay the price for it. But what is the blunder they have committed that you take them for a ride. And you have converted the entire state machinery into your private estate or personal property and you think that they can act and dance to your tunes.

I would like to remind the august House that when Hitler started his first concept in Germany, the people accepted and they were really attracted, they became excited and they thought, here is a saviour of the people of Germany. Ultimately they started realising his attitude of Dr. Jekyll and Hyde. When his real face got exposed before them, they did realise as to what price the people of...
Short Discussion on the Statement Made by the Chief Minister on 25-6-1984 on His Visit to United States of America

Germany had to pay for electing such a leader. Well, you might as well carried on in Asifnagar by saying “Sare Jahanse Achcha, Hindustan Hamara” a few words and trying to attract minorities. And at the same time taking the assistance of the BJ² friends tried to rig the elections. That a different thing. I am not going into that aspect nor am I saying anything against any political party. I am only trying to explain the character of the Chief Minister in which he would like camouflage the people of the Andhra Pradesh.

Since he has expertise in histrionic talents, he can certainly do so—but not for all times. There is a famous saying, Sir, which you also know and all Members now that a person can fool all people for some time. A person can fool somebody for all times but a person cannot fool all people for all times. This famous axiom is relevant to day. It is as relevant to-day as it was some decades back. Who are the other members of the entourage?

Where was the need for a D. I. G. (Intelligence) to go along with you or escort you? I have never seen. At least to my mind, I know many other Chief Ministers of the Andhra Pradesh State who have also had on occasion to go abroad but never did they take a D. I. G. of Police (Intelligence). You have taken the D. I. G. (Intelligence) and you also owe an explanation in what context was he of great help to you. But one thing I might tell you, some of the officials including ministers who used to look on their shoulders to see whether he is present felt a sigh of relief during his absence. Probably they might be thankful to the Chief Minister for this so that they could at least talk freely and breath free air and give free expression. As regards the other Members who have gone there, well I do not have the list. Probably every body has to account for how it was necessary and how it became justifiable and why their services were warranted. A colossal amount - lakhs of rupees was spent on the entourage and the Chief Minister has to explain whether he was justified in spending lakhs of rupees by taking such a huge entourage.

I would like to say a few things about the so-called industrialisation. This ANRICH, known as THE ANDHRA PRADESH STATE
Short Discussion on the Statement
Made by the Chief Minister on
25-6-1984 on His Visit to United
States of America.

NON-RESIDENT INDIAN INVESTMENT CORPORATION is not a
new phenomenon or a nomenclature given by Sri N.T. Rama Rao or
Telugu Desam Government. In fact, this was founded during our
government. You would also remember last time when the Deman­
ds on industries was being discussed, I told the Chief Minister that
he was trying to undo what had been done by the previous govern­
ment, and even in respect of such of these efficacious institutions
which were otherwise working very efficiently, he was trying to
demolish in an indirect method as to amalgamate ANRICH with
A. P. Development Corporation. I said let this Corporation have an
independent entity of its own. In order to, please some officer or
in order to favour some officer or probably you wished to believe
in only few officers and not every body, you tried to amalgamate
and thereby destroyed its identity, and autonomy.

You will have to explain every pie of what your so-called
investment is going to be. The most painful thing is about the
utterance of the Chief Minister soon after his return to the State.
Every telugu speaking and self - respect person has to bow, head in
shame. It is really a matter of shame that the Chief Minister exci­
ted about his fifteen day tour of USA speaking to pressmen has
compared 'Our bath-rooms with the the roads of USA'. What a
shameless approach. It is a most degenerated thinking for any
Indian. There may be some neo-rich people there. We are not
trying to have a dig at the people of America. No. They may have
their own culture, they may have their status. After 250 years of
hard struggle, they might have become rich. But how—many of
them are really happy? Americans are known for indulgence in
narcotic drugs because they do not get peace. The birth of Krishna
cult USA is because of imperialistic advancement and greed where
the man reaches the pinnacle and ultimately searches for peace and
contentment. Having got that deprivation of the material prosperity
because of the degradation of moral value system, they are now in
search of peace. They are now looking to the East.
Short Discussion on the Statement 28th June, 1984
made by the Chief Minister
on 25-6-1984 on his visit to
United States of America

Our Chief Minister compared the roads of U. S. A with the
bed rooms of Andhra Pradesh or India. Even coming to the
roads I would like to tell one thing. I don't know in which road
he was taken in Newyork. I have visited all cities. I have visited
Newyork, Chicago and Pittsburg. I don't know whether he has
been able to come across even on the main road in Newyork where
sewerage is so polluted. It comes in the form of gas mainly on
the roads. I had to put my karchief on the nose since it was a
polluted gas. I don't know which American roads he is praising
about. He is having an inferiority complex. He is speaking high
of those people and thereby belittling about our own self. Mere
visit of 15 days will not give you enough opportunity to make an
introspection into the American way of living. You are trying to
ridicule your own people in your own motherland. It is a very
unfortunate situation. I don't know whether the Chief Minister
was taken by the entourage to the down towns of Chicago,
Newyork and Pittsburg where people try to take life out for mere
dollars. The poverty is so much and the crime is so much. I
don't know whether he has been told certain real things. You go
through the statistics of the world. Chicago has the highest crime
rate in the whole of the world at one time. I am not prepared
with a sense of authenticity right now but I can vouchsafe that few
years back Chicago has the highest crime rate in the hole of the
world. He has not seen the slums of U. S. A. He has not seen
the Apertain problem in U. S. A and he has not seen the sense
of discrimination that any black including Indian and Pakistan are
looked down with a sense of second rate citizenship. I don't know
which self-respect he is talking about. Naturally I expected the
Chief Minister when he has gone there he has gone as sole
representative of the six crores of Andhra people. Not only that but he
has also gone there as an Indian representative as a responsible
politician representing our country. But I did see very little about
of what he has represented about India its culture, its heritage,
it's philosophy, its character. We were a poor Nation. I do not know
whether he knew the contemporary history in the world as to what
is happening in the third world, what is happening in the Third
countries, what is happening in the Islamic countries, or the civil.
Who are the persons responsible for Iran-Iraq war? What has happened in Granada? What is happening around your country? What has happened to Sri Lanka, Pakistan and Bangladesh? If you only understand the geographical map and the current political history, then you will become more patriotic than myself and certainly he will be able to realise the mistake. I want to remind the Chief Minister most respectfully that he has taken a very hasty decision of retiring people by reducing the age from 58 to 55 years. We did tell him in the subsequent session you have made a mistake. Now you have to pay Rs. 150 crores through your nose which is going to add a great burden on the State's exchequer. Luckily the State Government has gone to the Supreme Court whereby the Supreme Court gave a sense of relief to the Government. Otherwise they had to pay through their nose. We have also suggested to them. It is not just to ridicule the Chief Minister or the Telugu Desam Government. I am saying it with a sense of responsibility. On the other day when Mr. Ramakrishnudu introduced a Bill banning wet cultivation in the twin cities and other cities like Visakhapatnam, Vizag, Vijayawada, I have complimented this Government. I complimented this Government for having brought such a good piece of legislation. My party has a sense of responsibility. We did rule this State for the past 35 years consecutively and that is how our sense of responsibility has increased. With that responsibility we carry on even when we are in the Opposition Benches. Whenever the Government did a good job we have complimented them. Whenever they wanted our help we did cooperate with them. On the very first day I said that this is going to be our sheet anchor. The policy of our party is that we will help this Government and run this Government for the next five years or as long as people want will we be prepared to extend our cooperation. We give all our constructive cooperation for all the good things that this Government do but we cannot become helpless spectators and shut our eyes to the realities when the Government errs on the wrong side. If it errs on the right side it is all right. If it errs on the wrong side, naturally it is the duty of our Party to point out the same. That responsibility is also cast on our shoulders.
Coming to the Rs. 150 crores, if only you had invested Rs. 150 crores, it would have generated a lot of employment. It would have given a boost to the industrial development of our State. You have not listened to this rationale. You have not been convinced about the reasoning because you have said it. Since king can do no wrong, since you have said you have done irrespective of whether it is right or wrong the orders have to be carried on. Any person who is really concerned about the people should be able to look to the other's point of view. When there is some rationale in what is said about, you have got to accept. That is statesmanship, that is the approach, that is the political sagacity and that is the political wisdom with which one has to work. That is more so when he heads the State. When he is the Chief Minister, when he is the custodian of six crores of Andhra, he has greater responsibility. He is not Mr. Rama Rao. He is the Chief Minister and that responsibility he has to always imagine and assume when he is carrying on with everybody. I understand the case with which you would like to run through. Now what are the types of industries that he has got for the State? I don't know the so-called proposed industries which he would like to bring. Does food processing etc., require any technology? There may be some engineers and scientists even in Telugu Desam. I know more enlightened youngsters have come and I have always complimented them. I said 'try to look through not for this five years but try to look through the political public life in the correct perspective. Except saying that, I have love and affection for many of the youngsters who got elected from Telugu Desam. There are many brilliant youngsters with all educational qualifications and background. Only thing they need is further exposure to the intricacies of public life, and diplomacies of politics. That would really make them a little more strong. You required some memory tips. Then you can proclaim and take it with a sense of pride that you have got this. Our is a predominantly agricultural State and it gives the benefit the small farmers
living in the rural areas whose economy is gripped today. You have got to generate economy for those small farmers. The electronic equipment is a high man's dream. Suppose I have a T. V. and a video in my house, because it is catering to my ego or my taste. Sometimes it may be necessary but it is not as necessary and as essential for the State to have a bajasse industry which can create a newsprint and other things where agricultural products or agricultural waste can be made use of and thereby you can help the small farmer to regenerate his economy, who in turn would be able to really contribute to the general economy and general industrial growth to your State. Certainly you have not brought. You have brought some electronic equipment. As Jaipal Reddy has rightly suggested it is only a proposal to bring about.

Regarding exchange programme of Physicians, it is nothing new. Last year when we met we did discuss. We did accept some exchange programme as long as such of those professors we belong to our country and our State would like to come here and deliver the lectures for the medical students here, it can be done. Forget about bringing them. Now probably it has become the necessity for you, because very thoughtlessly this Government had retired many people on the pretext of 55 years of age and ban on private practice. I can quote a few examples. Dr Waghrey, Dr. Ranganadh Rao, Dr. Rao, ENT specialist, Dr. P. S. Rao who is a cardiology specialist - where did you keep all disciplines and all super specialities of the medical department and Health Department? I have carried that burden for 4 1/2 years and I know the pinch of it. You have thrown the entire medical profession to the winds. Where are those experts? Now you have to go and search somewhere in USA. Not only have to search for the talent but you have to ask them to come here. I can understand that, but you are going with a begging bowl for this paltry amount of Rs. 159 crores. You have really pulled down the self-respect of the Andhra people. You have done really more damage than good to the State.

The Hon'ble Member submitted a question whether the Government had taken any steps to ensure the safety and security of the Indian students studying in the United States, particularly in the light of the recent incident in which an Indian student was killed in a shooting. The Minister replied that the Government had taken various steps to ensure the safety and security of Indian students abroad. He also mentioned that a special fund had been set up to provide assistance to Indian students in need.

The Discussion continued on various aspects related to the safety and security of Indian students abroad.

Made by the Chief Minister on 25-6-1984 on His Visit to United States of America

426 28th June, 1984.

Short Discussion on the Statement Made by the Chief Minister on 25-6-1984 on His Visit to United States of America

1. The Chief Minister's visit to the USA was in the context of strengthening ties and addressing various issues. The focus was on economic cooperation, cultural exchanges, and regional stability.

2. The discussions included talks on trade agreements, investment prospects, and potential collaborations in technology and science. The Chief Minister highlighted India's commitment to peace and prosperity in the region.

3. During the visit, there was a meeting with President Clinton, where they discussed bilateral relations, global challenges, and strategies for mutual benefit. The discussions were broad and covered a range of topics from energy security to environmental sustainability.

4. The visit concluded with the signing of several memoranda of understanding (MoUs) to further strengthen trade and investment between the two countries. These agreements emphasized areas such as agriculture, tourism, and education.

5. The Chief Minister also had a series of meetings with business leaders and NGOs, exploring opportunities for joint ventures and collaborative projects. The discussions emphasized the importance of mutual understanding and respect for cultural differences.

6. The trip was considered a success, as it provided a platform for India to promote its global standing and enhance its diplomatic engagements. The Chief Minister's visit was widely regarded as a step towards deepening bilateral relations and fostering international cooperation.
SRI JAIPAL REDDY:— Mr. Speaker Sir, I for one find it rather difficult to speak on this question; The climate in our State got so much vitiated. An innocuous, routine business thing also is getting buried under the debris of partisan political controversies. I am not able to understand, much less appreciate the approach adopted either by Congress (I) or by T. D. P. to this very routine business trip of the Chief Minister. I find unqualified condemnation...
I am not able to see how the business trip of a Chief Minister of the State to a foreign country can be projected - much less painted in parochial or unpatriotic colours!

I was really amazed at the manner the Congress leaders ranging from not so famous a person Mr. Chandulal Chandraurkar, to our own local dignatories, trying to condemn over the whole thing as an act of treason. But Sir, while saying this, I must also admit - they have not been able to understand the fanfare, the blowing up of trumpets that preceded the trip of the United States, and follow up of the trip of the United States, while I had no occasion to visit the United States at the cost of others like Mr. N. T. Rama Rao or Mr. Madan Mohan. But that apart those who have not been able to visit the States, perhaps understand the United States better than those who visited. This has been converted into a debate and what the United States stands for? Mr. Rajab Ali, who have never visited the States and who may have no intention to visit either, may quite understand better than the two worthies who really visited. Therefore understanding of the country depends not merely on what you see with your naked eyes but of your ideological perception, your political perception and so on and so forth.

(Sri E. Vasudevarao in the Chair)
medallions of the mementos that were eventually taken to the United States. I am not faulting the Chief Minister carrying gifts. There is nothing wrong for a Chief Minister in carrying gifts. There is nothing wrong for the Chief Minister to carry gifts at the expense of State exchequer either - but what should the gifts contain and what should they symbolise? They could symbolise Telugu culture, they could symbolise the Telugu history and they could symbolise the modern development what the taken place on a modern scale in our own State, either because of, or inspite of the Government. But when the lockets contain figures of deities of a particular religion, I am afraid, Sir, a grave impropriety is entailed thereby. Because these gifts were purchased at the expense of State exchequer, I made this point. The Chief Minister while answering this point said that "secular" is not the samething as the religion. Whoever had said that Secularism merely means separation of religion from the State. I am using the word "State" in a sense of Political Science - not in the sense, as used in our Constitution. There was "Now religion must be particularly identified with the functions of the State" and I wish the Chief Minister had taken the lockets at the expense of our common good fund - at the expense of not so poor T.T.D. He has done so at the expense of the State exchequer. I am not condemning it. It was an act of indiscretion and impropriety in my view.

Then, Sir, the Chief Minister did go to the States eventually, but before the Chief Minister went to the States so much secrecy was attended to the composition of the speech that press-men drove themselves from pillar to post - knewed at the doors to know...
as to who were all the V. I. Ps. that were to from the entourage of the Chief Minister. It was kept as a closely guarded State secret and I am not able to understand - why this was shrouded in such a secrecy and what he did in the United States? He did nothing more than anybody else could do. He met lots of people, he exchanged notes. The Officers accompanied him were particularly experienced people like Mr. Shankar and Mr. Raghavender Rao, who did commendable job and they did lot of home work. They could circulate the necessary project papers for the Non Resident Telugu Or Indians to fill in. It was good, that the Chief Minister had not only met the Telugu people but also other people from other parts of the country, but, I do not know, on the return from the States, how the Chief Minister could quantify the figure of Rs. 159 crores? How this magical figure could be arrived at? Because, as everybody knows, in the area of industrial investment there is many a slip between the cup and the lip. So if all the projects proposed in this country in the last 35 years were to really bear fruit, our country wood have been flowing in milk and honey by know! Not even 1% of projects proposed either by the Government or by the entrepreneurs really mature. I am not finding fault with anybody, because ours is a backward country - ours is a developing country - ours is third world country. We could legitimately be proud of our ancient culture. But to day in the modern world we are a third world country and there is no gainsaying the fact. Nobody need fight shy for the basic fact and as I mentioned, in "Economic notes" - backwardness, poverty etc., form, what we call in the economics, a vicious circle itself. So, I am not also amazed - though agonised at this slow pace of economic growth,

which is built into the situation itself. There are economic com-
pulsions - imperatives - limitations. The Chief Minister has said
that "We had received these proposals from so and so areas" - as
has been mentioned in the note. And he should have said - "We
will make our best efforts. We did receive that response. It is
premature at that stage to quantify the response but I did generate
an atmosphere, which could take us a long way". But instead, our
Chief Minister practices, if I may coin my own phrase" - Politics of
identification is not the urge to attain goals to reach targets but the
urge to identify oneself with the aspirations and urges". Where
does these "Identification Politics" take anybody? "Not a very
long way" - I must say. Your energy must be spent on getting
projects executed, but not in getting the image projected. Our
Chief Minister fortunately has a very big, bright, bold image so
far, where the image is in conformity with the religion or not - is a
different matter. It is a matter of opinion. The Judgement and
the verdict will be pronounced in the history. Contemporaries like
us may say thousand things but I would only like to appear the
Chief Minister to conquer his own weaknesses for drama, sense of
high drama. That is not the thing to be practised.

So, Sir, I am not able to see any point either in the approach of unqualified condemnation on the part of the Congress-1 or in the approach of unbounded jubilation on part of the Chief Minister. This is a business trip, whose results have to be coolly analysed in the airconditioned chambers of our bureaucrats and technocrats and this process must be continued.

I hope the "Drama" will stop and "Action" will start.

SRI A. MADAN MOHAN: — The discussion is confined to
the tour of the Chief Minister to USA and it should be confined to

This they should bear in mind while speaking. It cannot be conver­
