*2000 Q—Sri P. Ranganayakulu (Hindupur):— Will the

(a) Whether it is not a fact that there is a likelihood that the

those areas;

(b) if so, whether the Government have taken any steps to
provide irrigation facilities to those areas, from various rivers in our
State; and

(c) in case, irrigation facilities cannot be provided from the
rivers of our State, whether steps will be taken to provide water
facility to the Southern Taluks of Anantapur from the west flowing
rivers of our neighbouring States;

Oral Answers to Questions

a) Whether it is a fact that the Commissioner of City Police Hyderabad has sealed the office of the Munisif Urdu Daily on 23rd September, 1983;

b) If so, under what provision, the Commissioner has taken this action; and

c) whether the Commissioner of Police lodged any complaint against any writings of the said newspaper to the press Council of India prior to sealing of the office of the Munisif paper.

Minister for Finance deputising Chief Minister (Sri N. Bhaskara Rao) —

a) No Sir

b) Does not arise.

c) The City Police has been sending extracts of objectionable material printed in the 'MUNISIF' to the Press Council of India for some time past requesting it to take suitable action against the paper for violating its code of conduct.

SRI N. BHASKARA RAO:— You know that we are in 1984. If I understand correctly the hon'ble Member, after all the High Court passes some remark when the High Court passed a remark Sri N. Sanjeeva Reddy, the then Chief Minister resigned. He says when there is a remark passed against the officer why you have not taken action against the officer. I certainly understand the feeling of the Member. Here, the point is the Government has not closed the Press. We have only occupied the premises. In the same premises the other paper called...
was printed in those days. We have not stopped the press people from printing the paper. I have gone through the record. There is no failure. Ansari has gone to the press council and the Government has gone to press council. Both the things are pending. Besides there are 9 criminal cases against this gentleman who has conducted unlawful activities in the premises. How the Government would keep quite? It has to maintain law and order. It is with that view we have taken the premises and nothing else.

SRI N. BHASKARA RAO:— I am not properly understood by the hon'ble Member. The premises has been locked. Once again I am repeating. It is only to stop him from indulging unlawful activities. We have not stopped the Press. The other paper 'Milap' is printed and circulated.

SRI N. BHASKARA RAO:— It is under City Police Act. As a matter of fact the Commissioner is empowered to take action wherever there is apprehension that a rioting is going to take place or wherever the disturbance is likely to take place. He is authori-
As far as Assembly is concerned, High Court is not superior to this Assembly.

SRI S. JAIPAL REDDY:— Sir, only two days back we passed the Bill extending the application of Revenue Recovery Act to this kind of collection. We said on that occasion that for all big fishes this drastic piece of Law would not help, because they have higher Courts to rush through and obtain the interim orders. So I would like the Minister to enlighten us as to how the recent piece of legislation would really help in such matters? Secondly, why did not the Board take action right then? If the Board could take action, what exactly were the specific measures adopted by the Board for collection of these dues in time? Because from the statement made by the Minister, the levy of the penalty imposed by the Electricity Board were totally legitimate.

SRI N. BHASKARA RAO:— Sir, this is exactly the reason that I brought out the Bill and that was adopted by this august House the other day. In fact the Revenue Recovery Act does not apply here. It applies only for loans and as such I was compelled to bring that Bill for the consideration of this august House and the House was very kind enough to pass that in to to I was very much obliged for that. Basing on that, now, I can proceed and I can take steps to auction their properties. I can take any action. Now the Board is armed with this.

SRI S. JAIPAL REDDY:— Sir when the Court orders are there, the Government cannot do that.

SRI N. BHASKARA RAO:— Even the Bill that we adopted here, may be questioned again in the Court of law. I did not say even for a moment that itself is enough. This is one of the measures I have taken and definitely I will collect these dues without any failure.

SRI S. JAIPAL REDDY:— Sir, he did not answer my second question as to what were the specific measures taken up by the Electricity Board for collection?

SRI A. Madan Mohan:—Sir, the A. P. Steel is in Public Sector Bhadrachalam Paper Mills is a Private sector. I can understand about the court having passed the orders of stay in collection of the dues but how can the differential treatment which was meted out to these two industries. The Power was not cut as far as the Bhadrachalam Paper Mills is concerned, and as far as the A. P. Steel is concerned though it is in public Sector, the power was cut. How does the Minister explain this position?

SRI N. BHASKARA RAO:—Sir, this has to be verified, as to whether it was so, but I am not aware. This information was not at all furnished to me. I am very sorry for that.

SRI A. Madan Mohan:—What is the position in respect of the penalities levied for exceeding the quota during the months of October and November.

SRI L. Narasimha:—The penalities are levied for exceeding the quota during the months of October and November.

Re: Placing of the Answers to Starred and Unstarred questions on the Table of the House

Business of the House:

MR. SPEAKER: — I am to announce to the House that as per the proviso to Rule 41 of the Rules of Procedure and Conduct Business in the Andhra Pradesh Legislative Assembly, answers to 39 starred questions and 19 unstarred questions received from the Government and not included in the list of Questions till 29-6-1984 are placed on the Table of the House. They shall form part of the proceedings of the House.

BUSINESS OF THE HOUSE

Re: Notice of Privilege Motion.

MR. SPEAKER: — I have received a notice under Rule 168, regarding a privilege motion from Sri Veeraiah Chowdary, M. L. A. Now, Mr. Veeraiah Chowdary to explain about the privilege motion.
29th June, 1984.

Business of the House:

re: Notice of Privilege Motion

SRI S. JAIPAL REDDY:— Pint of order, Sir. He is referring to a report that appeared in a particular newspaper containing allegations against him in his capacity as Chairman of the A. P. Dairy Development Corporation. I will go a step further. Even if it was against him, without reference to the conduct in the House, it cannot, by any stretch of imagination, constitute a matter of breach of privilege.

SRI S. JAIPAL REDDY:— In the name of the privilege motion, he wanted to bring the issue before the House. It is not a question of privilege at all by any stretch of imagination.

MR. SPEAKER:— At the stage of admission...

{INTERUPTIONS}
SR! A. MADAN MOHAN:— Are you allowing all this? Are you allowing him to make a statement? Is it relevant?

MR. SPEAKER:— By giving notice, he can explain his stand. What is wrong in it?

SR! A. MADAN MOHAN:— First of all, it should fit in the norms.

(INTERRUPTIONS)

SR! VASANTHA NAGESWARARAO (Nandigama):— He is having every right to explain

SR! A. MADAN MOHAN:— If you allow him to make a statement about the allegations that have appeared against the Dairy Corporation, then every Member as a privilege issue, has got to exercise his powers to raise the issues. If he is making a statement, let him make; if he is not making a statement he must only talk about the privilege motion. First of all, you must allow us to give our opinion whether there is breach of privilege involved in this issue or not. I say that it should be ruled out. It should be dismissed. He is only narrating the facts. If you have asked him to convince you or satisfy you in regard to the issue, it is alright. Otherwise, let him only confine himself to the legality, procedural norms, how does this issue become a breach of privilege, etc. He has to explain to this House, and he must satisfy you as to how it should be admitted as a privilege motion.

MR. SPEAKER:— I gave an opportunity to him to explain about the admissibility of the motion.
Ru^e 168 dea ts with the privilege of the Member.

MR. SPEAKER :— Please let me know as to how this motion is admissible?
SRI S. JAIPAL REDDY:— I am sorry to defer with some Hon’ble Members’ opinion.

I am referring to rule 171(1), which reads as follows: “171(1) The Speaker, if he gives consent under rule 168 and holds that the matter proposed to be discussed is in order, shall, after the questions and before the list of business is entered upon, call the member concerned, who shall rise in his place and while asking for leave to raise the question of privilege, make a short statement relevant thereto:”

We cannot pose a threat to the freedom of press on the ground of privilege of the Member. A Member does enjoy well established and well settled privilege. If allegations are made against me, as a M.L.A., in Press, without reference to my conduct in the House, it cannot, by any stretch of imagination, constitute a breach of privilege. Why I am saying this is, if any Member of the House indulges in any thing outside the House, he will be acting as an ordinary citizen only.

I have gone through the report in the Deccan Chronicle. I consider Mr. Veeraiah Chowdary, as a Member with integrity. I do not sit over the judgement of merits and demerits of the issue.

MR. SPEAKER:— M.L.A.s outside the House are not entitled for privilege?

SRI S. JAIPAL REDDY:— Only when they discharge their duties as Legislators, the personal conduct of M.L.A.s comes into picture. Otherwise, it does not constitute a breach of privilege at all.

(INTERRUPTIONS)
29th June, 1984

Business of the House:
re: Notice of Privilege Motion.

If any short of black-mail is going outside by the Press intentionally, then Government itself can proceed against it.
Mr. SPEAKER: — We are not discussing the merits of the case.

Mr. Speaker: — I shall certainly maintain that the allegations are of a serious nature and I am the first man to welcome such a thing because I believe that in the year 1980 the Government declared SEZ policy and it was a blow to the people's minds and I believe that the Government is acting in consultation with the local people and if there is any question of [corruption] in the Government, I believe that the Government should be answerable to the people.

Mr. SPEAKER: — I think you have a point there.
Business of the House:

Notice of Privilege Motion.

The right to raise a question of privilege shall be governed by the following conditions, namely:

(i) no more than one question shall be raised at the same sitting,
(ii) the question shall be restricted to a specific matter of recent occurrence; and
(iii) the matter requires the intervention of the House.

SRI S. JAIPAL REDDY:— Let him explain to the House.

MR. SPEAKER.—Without knowing the facts how can you say? Let him tell the facts.
SRI S. JAIPAL REDDY:— Then there will be privilege motion every day. You must permit them. (interruption)

We are not opposed to Member being given an opportunity to explain his case. I am only asking the Speaker whether he has got any doubt regarding the admissibility. If he has got the doubt, he can take the opinion of the House. If he has got any doubt, he can take the opinion of the House. MR. SPEAKER — It is exactly regarding the admissibility alone I am allowing him to speak. Rules are clear.

Business of the House:

re: Notice of Prevalge Motion

...
Business of the House: 29th June, 1984

Motion.

SRI A. MADAN MOHAN (Siddipet):— Few omissions and commissions here and there can be overlooked. The way Mr. Omkar is trying to say about the freedom of expression, about Judiciary and Legislature conflict, it goes into the very root of the problem. Let him confine himself to the merits which have been discussed by him. Otherwise I can also explain to this House as to...
what are the reasonable restrictions imposed under Article 19(1),
whether these also are extended to the Members and what are the
privileges of the House and what is the confrontation and conflict
and what is the crisis and who are responsible persons. I will have
to go to the root cause. It is better he confines to the merits of the
case and let him not go to the genesis.

SRI M. OMKAR: - I am fully within my limits. Whatever I
said it is only in relation to the question that is raised here.

not more than one privilege motion by a member. He tabled only
one privilege motion to-day. It should be a specific matter of
recent occurrence. Yes - it is certainly a specific matter of recent
occurrence whether the motion warrants the
intervention on of the House.
SRI S. JAIPAL REDDY:— In my view there is absolutely no case and it has to be disallowed straight away. If you have a precedent, naturally other members will use them to their best advantage.

Because he is also an Hon'ble Member of this house and he can make a clarification to the House also. When once he is a member and when a discussion is taking place in this House about the particular deal or alleged deal, the Member must be given an opportunity and he must explain it and he has got every right also. He can proceed privately.
MR. SPEAKER:— Regarding admissibility, I will reserve my Ruling.

SRI A. MADAN MOHAN:— Sir, my observation may be noted. This is a clever trap being laid by Mr. Sreanivasul Reddy over the Hon'ble Speaker. I would like to caution the Hon'ble Speaker, let him not become the scapegoat.

MR. SPEAKER:— I said a ready - my decision is reserved.

SRI S. JAI PAL RED:— Sir, I am happy, you have reserved your Ruling. While giving the Ruling, the Hon'ble Speaker could utilise this occasion to throw light on many obscure corners of the issue. It is an important matter where crores of rupees are being evaded in the State by various companies by way of excise duty and sales tax.

MR. SPEAKER:— I will verify it.

SRI A. MADAN MOHAN:— Sir, let me also make a submission in this Zero Hour, since you have already permitted others to seek clarifications etc.

BUSINESS OF THE HOUSE
SRI A. MADAN MOHAN:—Sir, this is a very important issue and a serious matter. Well, this House would recall that during the last session, on the first day itself, I have raised the Rayalaseema issue in this House. I have also brought it to the notice of the Hon'ble Chief Minister 15 days to one month earlier than the meeting of this House. In this session, I had highlighted this matter by calling for a Press Conference that there is total discontent among the people living in Rayalaseema area. This is much more so among the Government employees. There seems to be some lurking suspicion in their minds. The first duty of the Government or the Government of the day is to remove that suspicion and try to see that it is nipped in the bud. We expected the Chief Minister that he would be able to take note of the situation. We had also made it very clear both in the Press conference as well as when I have made a statement here in this House that my party to which I belong, as a responsible party and as a responsible Opposition, we would not like to make political capital out of the situation - because we are basically concerned with the problems of the people and sooner it should be better for the Chief Minister or for this Government to take note of the situation, and try to do something about it. Unfortunately the Government was sleeping in slumber - probably they thought that we are trying to provoke them and probably they could not understand the magnitude of the problem, with the result, there was a firing, a death and some injuries - you know Sir, what all has happened.

After that, well, an all party meeting has been convened. Today, the position in Rayalaseema - I was watching and weighting carefully that the Chief Minister would come forward with a statement, explaining the situation obtaining in Rayalaseema. Unfortunately, the elections and the U. S. trip of C. M. probably - hasn't been able to get over the euphoria or get over the jet-lag that probably he has had in the foreign tour. Why I am saying is - this is an urgent matter. The reports that are reaching us are that the entire Rayalaseema to-day is paralysed. No taluk or district office is functioning. Regular pickets are going on and relay hunger strikes are going on and the people are very much agitated. I have not given anotice of and Adjournment Motion, Sir. Again I am trying to say that this can get into the head of the present Government.
and they would be able to see the extent to how responsible my party is. That we never wanted unnecessarily enrage the feelings of the people there. We expected that the Government would come forward with a statement - otherwise nothing prevented us from giving a notice of Adjournment Motion and naturally we had the enough requisite strength to give the notice of an adjournment motion. We could have stalled the proceedings - we could have stalled every deliberation and every business that has to be transacted in this House until and unless the Rayalaseema issue has been discussed thread-bare in this House and until and unless the Government - either the Chief Minister or one of his colleagues come forward with a greater assurance so as to satisfy not only the Members of this House but also people living in Rayalaseema that a workable solution would come out and ultimately they are at it.

But the impression that I am gaining, unfortunately is - that nothing seems to be coming and given touch to the very problem by the Government. Probably the Government does not seem to be moving in any direction. Otherwise they should have come forward saying what is the factual position. After all in a situation when an important limb of the body gets paralysed, well, the whole body has to feel for it. Rayalaseema is an important limb of the entire body politics of the State. We just cannot be silent spectators. I expect the Chief Minister to make a statement, take the House into confidence to say that "These are the efforts we have made - we are still tackling the problem" - or he should have taken us into confidence to give the factual situation by obtaining a Rayalaseema. We cannot leave it at that. This State has unfortunately witnessed two strong emotional agitations - you know Sir, way back in 1969 when there were genuine fears, misgivings and injustices, the people of Telangana had risen in revolt! There was another occasion in 1972 where, because of the misgivings the people living in circulars have risen in revolt. Please do not allow such a situation to happen in Rayalaseema. This, I am speaking with a sense of responsibility as one who belongs to the State and one who believes to the peace, tranquility, harmony and also prosperity of the State and not with a petty angle of a politician or with a small short-sighted approach like a political opposition. I hope you will be able to understand and you allow some time for
discussion without looking into the norms and forms of procedure and I hope the Chief Minister himself gets ready over this issue.

SRI S. JAIPAL REDDY:—Sir, the Hon'ble Chief Minister will kindly recollect that during the last All Party meeting, we took unanimous decision that the Government should collect the statistics with regard to the position of employment in Rayalaseema. I think, if the statistics are collected in an expeditious fashion and in an authentic fashion and if the same are made known to the people of Rayalaseema that might go a long way in giving quiescence to their apprehensions and fears and we will all then be able to talk to the people of Rayalaseema and relieve their apprehension. Will the Chief Minister react?

Business of the House:

SRI P. ANA DAGAJAPATHI RAJU:— Sir, I just like to bring to your kind notice that the Zero Hour has been codified by putting 329, so that all matters could be discussed. But the matters now raised—how can anybody get ready?

(Copy placed in the Library)
MR SPEAKER:— We shall now pass on to notices under rule 329. Now, Mr Madan Mohan.
512  29th June, 1984.

Business of the House

SRI A. MADAN MOHAN:— The unfortunate part of the whole situation is either we are not making ourselves intelligible to be understood by the Minister or well, I am sorry to say, probably there the comprehension is less on the other side.

MADAN MOHAN:— The unfortunate part of the whole situation is either we are not making ourselves intelligible to be understood by the Minister or well, I am sorry to say, probably there the comprehension is less on the other side.
SRI A. MADAN MOHAN:— Since the Chief Minister is here, it is not confined only to Sri Mahendranath. There are other Ministers also. As per his own assurance in the House, let the Chief Minister say, yes, he will issue instructions to his collectors to take the proposal, discuss with the M. L. As and ultimately arrive at a decision. After all, you cannot satisfy everybody. But to the extent, these things can be discussed and arrive at some conclusions. It is only reiteration of the earlier assurance.

SRI A. MADAN MOHAN:—This saga of Vijayawada is full of sufferances and miseries. This has not started in a day and it is not an isolated incident. Series of injustices are being perpetrated against the Congress workers there. I have brought this to the notice of the Government and of the House through you. On earlier occasion also this became a subject matter for discussion where the Superintendent of Police and some of the subordinates have been acting in excess of the powers vested in them. It gives us an impression that they are not the public servants or Government servants but they are the personal servants of the Chief Minister. I do not want to blame the Chief Minister on this. Last time also I made it clear that it may not be at his instance but it may be at the instance of the Chief Minister that the series of acts taking place, and in spite of that there is no check. When there are no proper instructions from the Government, it gives us an impression and confirms the belief that may be, it is at the instance of the Chief Minister. This time, I am getting an impression and my fears are getting confirmed that it is being done at the instance of the Chief Minister. Hunger strikes are going on. There is a boy who has entered the fortieth day. When he entered the 32 or 33 days he was forcibly taken to the hospital and given glucose. When he was released he began sitting and to-day three

harassment in Vijayawada.

People are actually on hunger strike. Their life is in danger. Nobody seems to be taking cognisance of the serious situation. I can understand the way they are being treated since they belong to a political party. Congress has enough strength even to-day to face the suffering and carry the message to the people.

(Mr. Deputy Speaker in the Chair)

What is happening is strange. Even people who do not belong to a political party like lawyers also are being treated in a most shabbiest, inhuman manner and the entire Vijayawada bar has boycotted the courts for three days. Newspapers have highlighted this. It did not give any feeling of human touch. It did not give any sort of feeling for the Government to react to the situation. Then again, the entire Krishna District Bar had boycotted the courts against the injustices being perpetrated not only against the political workers but even on the peaceful citizens and the members of the Bar who constitute enlightened section of the society and also the pressmen. It is a very unfortunate we have seen in the recent past. Even the journalists were not spared and the same thing happened to the lawyers. It gives us a feeling whether we are in a civilised Government in Andhra Pradesh or whether it is because of the brute majority they are having that they are acting in that fashion which we cannot describe by any stretch of imagination as a civilised Government. I am forced to say this because otherwise it should catch the imagination. What has happened in Rayalaseema? The entire Rayalaseema is paralysed and nothing shakes the Government. The Government has become insensitive to the situation. Or is it to create a fear in the minds of the people? It is a ruthless way of thinking and way of functioning. I hope the House will taking notice of this. I would like the Chief Minister to make a statement as to what is the situation and how best he can remedy the situation. When series of complaints and representation both from the Members of the Bar Association and Political Organisations cannot reach the ears of the Government, is it only to create a scare among the people? When the patience of the people gets into melting pot, nobody can stop and even our Government could not stand it much less an inexperienced and hale Government, which we have to-day....

re: indefinite hunger strike by Sri Ram Babu against the police harassment in Vijayawada.

SRI A. MADAN MOHAN: — It is very unfortunate that the Leader of the House should interfere when I am speaking. I have never interfered the Leader of the House when he was speaking. Let him understand and learn the procedure of the business and as to how he should conduct. I am sorry to say this. I am forced to make this observation.

SRI N. T. RAMA RAO: — Ours is Telugu language. You must try it. I am sorry. Ours is the Telugu State. You must speak Telugu language.

SRI A. MADAN MOHAN: — I am not a fanatic linguistic like you. Unnecessarily you are diverting the attention of the people.

SRI N. T. RAMA RAO: — Ours is Telugu State.

SRI A. MADAN MOHAN: — I am not a short-sighted man. (Interruptions) Nobody can force me. Nobody can dictate me. I cannot be dictated. I am sorry to say Vadde Rangarao's understanding of the rules and procedure is very limited and he does not know.

harassment in Vijayawada.

SRI A. MADAN MOHAN:— As a protest I am not speaking in Telugu. As a protest against this linguistic fanaticism, as a protest against this chauvinism, against this short-sighted approach fanatic outlook I am not speaking in Telugu. It is a person who is incapable of solving the problems of the people only takes refuge under such things. A weak man takes refuge under casteism, regionalism and under language issue. It is short-sighted, weak and spineless approach. A person who cannot face the people, a person who is not sincere to solve the problems of the State, only whip up the emotions of the people either in the name of language, religion or region or caste. It is a very weak, short-sighted, narrow-minded and spineless approach.

SRI A. MADAN MOHAN:— I have not come to the merits at all.

MR. DEPUTY SPEAKER:— First you confine to the subject.

SRI A. MADAN MOHAN:— When a member raised a point of order it is my duty ... (interruptions) I have not done the way
the Chief Minister has done. Let me explain onething. The Hon'ble Member has used an unparliamentary word. He must withdraw it. Expunged as ordered by the Chair.

(Mr. Speaker in the Chair)

(SR! A. MADAN MOHAN) — I have never used unparliamentary language. First of all he must know what is parliamentary and what is unparliamentary. If there is anything ....

(SR! A. MADAN MOHAN) — You may kindly do that.

SRI P. ANANDAGAJAPATHI RAJU :— I would like to
clarify. You said the language of the House is English. In case
explanation is wanted by somebody who can't understand English,
I am ready to give it in Telugu.

SRI D. MUNUSWAMY (Kodumulu) :— One information,
Sir. I have heard so far what the hon'ble Members have said. We
have got the liberty according to the Constitution to speak in any
language. Constitution has given 14 languages for every Member
to speak in the House. Though we are Telugu people we know
English well. What is wrong if we speak in English.

MR. SPEAKER :— Who said it is wrong?

SRI D. MUNUSWAMY :— You have given the programme
entirely in English. You change the entire thing in Telugu. Don't
give any English paper to us. If you given in English anybody can
question.

MR. SPEAKER :— There is nothing wrong in speaking in
English.

SRI D. MUNUSWAMY :— You advise the hon'ble Members
that we have got the liberty to speak in English.

SRI A. MADAN MOHAN :— The Chief Minister was referring
that this incident was referred to him even in America. I didn't
know that it has assumed that international reputation. What I said
was, the Members of the Bar Association, the intelligentsia, the
pressmen and everybody has reacted. It is not one day's affair.
I am passing on the newspaper extracts to you. I have made it
clear to you that this is happening. What is needed at the moment
is how best you are going to protect the lives of those who are
actually fasting for a long time. Suppose, somebody croaks, then
what do you think? Would it not create law and order problem?
It is only the satisfaction of the reports that you get from your sub-
ordinates against whom there were allegations. I know you have
transferred people on minor instances. You have placed them under

suspension. You have ordered investigations and enquiry. How in this particular case you are not doing like that? I do not like to quote his name because he is a Member of this House. There are several cases against one of the hon'ble MLAs who represents one of the constituencies in Vijayawada. Since I respect the Legislator I do not like to mention his name. The Members may know it. For the past one year he is wanted by Courts for his attendance. How can you give a different treatment to him. Because he belongs to your party you are doing like that. How can you treat the other people in a shabby way? The Chief Minister is protecting here. It smacks favouratism and nepotism. Last time I said that unless I have any specific instance to quote I will not say anything against the Chief Minister. Today the way he became emotional, the way he got excited being in a responsible position, the way he is trying to interfere when I am making a statement gives me a feeling that he is subjectively involved in the whole episode. That is how he is taking a partial and partisanship attitude. This is an important matter and serious matter. He is not the Chief Minister for Telugu Desam people. He is the Chief Minister for the entire State. He has to understand that. If he thinks that he is the Chief Minister for Telugu Desam MLAs and workers it shows that he has not grown in his stature. I want him to grow in stature and really function as a Chief Minister taking everybody since everybody looks at him. I hope he will understand and appreciate the spirit in which it is said and rise to the occasion and take an impartial attitude and take necessary action against those erring police officers.

SRI A. MADAN MOHAN:— The Chief Minister has just now read what has been supplied to him. I have already appealed to him. Let him grow a little higher and not merely read what has been supplied to him by the department. By observing the situation, emotions, urgency and priority of the situation we used to take our own decisions and make our own announcements and statements on the floor of the House. It is not necessary that the Chief Minister should read what has been supplied to him by the department. He is not bound by the statements prepared by his department or by his subordinates. He is independent. He is a politician,

re - Indefinite hunger strike by Sri Ram Babu against the Police harassment in Vijayawada.

He is leader of the House. He has got to take his own decisions rather than depend and lean on what has been fed to him by the department. I am not referring to one particular Mohan Ranga. I am referring to the whole situation. A series of things have taken place where even Advocates are not spared. I have brought so many other instances, I have also brought it to the notice of the House and the Chief Minister that the entire Bar Association of Krishna District and also Vijayawada Bar has boycotted it. I am not interested in a particular person. I am only interested to see how best you are going to salvage the situation. To that extent I insist the Chief Minister should really rise to the occasion. Even now it is not too late for him to amend the statement. Let the Government come out with a clear statement as to what it is contemplating to take action against such of those acting officers, be it Superintendent of Police, be it a subordinate police officer or any other officer. The MLA who is a Member of the House against whom there are a number of criminal cases and who was wanted by the court has not been produced in the court. If you think the police has been impartial they would have produced him in the court. Does it not smack of partiality, favouritism? It is narrow-minded or one-sided approach. How are you going to justify it? We may sometimes close our eyes to the realities but people are seeing you, myself and everybody with their eyes wide open. This thing should not be lost sight of. I would like to bring to the notice of the Members that the newspapers have reported that the Telugu Desam MLAs have attacked one Tahsildar at Mangalagiri and another MLA attacked ...

(interruptions)

MR. SPEAKER:—It is irrelevant.

SRI A, MADAN MOHAN:—I am not referring the names. I am only saying these things. He mentioned the name of Mohana Ranga whereas I have not mentioned the names. I am decent enough not to mention the names of those MLAs. In fact their names have appeared in the newspapers. I am not mentioning
their names. What action the Government has taken against those people who had prevented the public servant from discharging his duties. You know it is a penal offence. The Chief Minister being the Head of the State represents the Government. When he represents the Government all should be treated equally in the eyes of law. All should be equal before the Government. Mohan Ranga belonging to Congress (I) or some of the workers belonging to Congress (I) were unfortunately being branded as unsocial elements by your officers. What action you have taken against these erring MLAs who have confronted with the officers and prevented them from discharging their duties. Does it included in the discharge of the duties by MLAs? These matters have to be sufficiently explained. He has to explain to the people as to how he is above board and impartial otherwise we will go with the prejudiced minds and you will be giving an impression both to the people sitting here and outside and to the press that you have not been impartial.

SRI N. T. RAMARAO:—I need not depend upon the department which is making the statement and making me read. On certain occasions I am following it, because certain details have to be given in the statement. I am having my own resources or sources of getting the information.

SRI A. MADAN MOHAN:—Nobody can question his resources. I am only questioning his sources and not resources.

Matter Under Rule 329 : 

29th June, 1984. 535 

re : Upgradation of Primary 
School, Cuddapah  

SRI P. ANANDAGAJAPPATHI RAJU :— Sir, According to the instructions in force permission for upgradation of Panchayath Samithi Upper Primary Schools into Zilla Parishad High Schools is given on the following conditions.

(1) That the school committee should deposit an amount of Rs. 36,306/- in 3 years at the rate of Rs. 12,102/- every year in favour of Zilla Parishad;
Matter Under Rule 329:
re - Upgradation of Primary School, Cuddapah

(2) That no grant-in-aid will be paid by Government;

(3) That the school committee should provide all facilities and also bear the entire expenditure on the staff.

The Zilla Parishad are also giving undertakings to run the proposed High School classes without aid till the School is admitted to grant-in-aid besides providing necessary staff, furniture, equipment, accommodation, laboratory, library etc. In the year 1981 the services of the teachers of Panchayat Raj bodies have been provincialised. The Commissioner of School Education sent proposals through her letter Rc No. 3737/D3-3/83, dated: 2-7-1983 for upgradation of the Panchayat Samithi Upper Primary School, Alamkhpanpal, Cuddapah District into a High School by opening of Class VIII (Telugu Medium) during 1983-84. Since the school development committee had remitted only Rs. 7,140/- towards contribution and since the proposal was not received in time it was deferred for consideration during 1983-84.

Again in January, 1984 the Commissioner for School Education has submitted the proposal for upgradation of the above mentioned Upper Primary School into a High School during 1983-84 without grant-in-aid by relaxing rule 62 (a) of Andhra Pradesh Educational Rules and condoning the number of working days foregone due to belated submission as the School Committee has remitted the balance amount of Rs 4,962/- and fulfilled the other conditions prescribed.

While matters should thus, the Accountant General has communicated a draft paragraph for inclusion in the report of the Controller and Audit General of India for the year 1979-80 (Civil) Government of Andhra Pradesh, in which it has been observed that the condition "that the School Committee concerned should meet the extra expenditure on qualified staff, furniture, accommodation etc. Subject to which the primary schools were upgraded was not fulfilled and as a result the Zilla Parishad had to spend 7.22 lakhs from its general funds which could otherwise be available for other activities". The Panchayath Raj Department have observed that the

re - Upgradation of Primary School, Cuddapah.

General Funds of Zilla Parishads cannot be utilised on payment of salaries for the teaching staff in High Schools. As the services of the teaching staff of Panchayathi Raj Bodies were provincialised, the Panchayat Raj Department suggested that the expenditure on additional staff be met from the Education grant along with other teachers. This has created a problem as to which department should bear the expenditure on the additional posts consequent on the upgradation. In this connection I may add that in some cases the School Committee are not fulfilling the conditions on which the upgradation is given and even in cases where full amount of Rs 36,306/- is deposited it is not sufficient to meet the entire expenditure. Though as per the orders of upgradation of Schools, the responsibility for the entire expenditure consequent on upgradation rests with the School Committee, some of the School Committees are failing to discharge their financial responsibility resulting in extra financial burden to the Zilla Parishads. The whole issue is proposed to be discussed at a High Level meeting with a view to find an early solution.

SRI S. JAIPAL REDDY:— Sir, I would like to draw the attention of the Hon'ble Chief Minister, because this is a very important matter. Sir, as we know, in the sector of Education, we have been giving more attention to Higher Education, but also give due importance to the upgradation of Primary Schools.

re : Upgradation of Primary School, Cuddapah

Sri P. Ananda Gajapathi Raju :—I definitely sympathise with the sentiments expressed by the Hon. Members and their concern about the school Education. I would like to bring to their notice that we are definitely concentrating on School Education and Adult Education. All these have to be given due place because we have already committed to universalisation of Education and towards this end we will take necessary steps. The Accountant General has communicated a draft paragraph to the Comptroller and Auditor General saying that due to upgradation of schools from VII Class onwards the State has incurred an additional expenditure than the Rs. 36,000 which is given by the contributors. He calculated it as Rs 1 30 lakhs for three years. This is how the matter came up. Now the matter as it stands to-day, we definitely realise the responsibility and subsidise education. This government is thoroughly convinced that it has to take steps in consonance with the social structure of the country and in consonance of the poverty of the country, and the will to work for the common man we have in view. To-day there is subsidy involved in upgrading schools from VII to X Classes. The problem is whether the Education Department should take up the subside or the Panchayatiraj Department. That we will settle. It is
basically an administrative matter and will settle the issue. And we will settle very shortly after having consultations with the officials in the matter.

Sri S. Jaipal Reddy:— We have sought the intervention of the Chief Minister. I do not think it has much to do either with the Education Department or the Panchayatiraj Department. It has something to do with the Finance Department. Therefore, since the implications in this context are going to be quite considerable, I want the Chief Minister to assure that this question will be taken at the highest level and some decision will be taken in the near future.

Sri. P., Ananda Gajapathi Raju:— Now, even for the personnel, it is concerned with the Panchayatiraj Department and education Department. All the departments are involved and finally we have to bring to the notice of the Chief Minister before getting final orders. We do not want to burden him at this stage. When we discuss the subject all the details will be put up and brought to the notice of the Chief Minister and then take his orders.

M. R. M. V. Ayyar:— The question ultimately revolves round Alampamp School.

It belongs to Zilla Parishad.

re: Upgradation of Primary School, Cuddapah

This is a thing to be decided between Panchayat Raj and Education Department and Finance Department. Ultimately, there are umpteen precedents. Why not the Education Minister or the Chief Minister take a lenient view of the situation?

Sri P. Ananda Gajapathi Raju:— Even before I started, I mentioned that I will sympathetically consider all the views expressed by the Hon. Members. Definitely, this matter we will solve as expeditiously as possible.

Sri. P. Ananda Gajapathi Raju:— We will definitely examine it.

re - Taking over of the Challapalli Sugar Factory

The importance of sugar factories in the economy of the region cannot be underestimated. It is a fundamental requirement for the industry, and it is essential to ensure its proper functioning. With the recent development of the Challapalli Sugar Factory, there has been a significant improvement in the production of sugar. The factory now has a capacity of 1,200 tons of sugar per annum, which is a considerable increase from the previous capacity of 650 tons. This has been achieved through the implementation of modern technology and efficient management.

The factory is now fully operational and is contributing significantly to the local economy. The production of sugar has helped to create jobs and improve the livelihoods of the local community. The government has played a vital role in ensuring the smooth functioning of the factory and has provided the necessary support to make it successful.

The Challapalli Sugar Factory is a testament to the commitment of the government and the hard work of the workers. It is a shining example of how modern technology and efficient management can be used to improve the livelihoods of the people. The factory has shown that it is possible to achieve significant increases in production while maintaining high standards of quality.

In conclusion, the Challapalli Sugar Factory is a significant achievement for the local community. The government should be commended for its commitment to the development of the factory, and the workers should be congratulated for their hard work and dedication. The factory is a shining example of how modern technology and efficient management can be used to improve the lives of the people.

re - Taking over of the Challapalli Sugar Factory

The following is a letter written by the Indian National Congress to the Prime Minister of India, taking over of the Challapalli Sugar Factory.

The letter reads:

Dear Sir,

I am writing to draw your attention to the matter of the Challapalli Sugar Factory. The factory has been in operation since 1981. In 1982, it was closed down due to financial difficulties. However, in 1983, the factory was reopened with the help of the government.

The factory has been productive since its reopening. It has been providing employment to a large number of people in the area. However, the factory is facing financial difficulties again due to the high cost of raw materials.

I urge you to take immediate action to ensure the continued operation of the factory. We are looking forward to your early response.

Yours sincerely,

I want the Chief Minister to issue instructions to the officials to go about the issue carefully in handling the issue because it is a sensitive one. I also wish that this issue should not be weakened. The Chief Minister must issue instructions suitably to the officials concerned. Nothing less than judicial enquiry can meet the ends of justice in this issue.

Will any industrialist be attracted? After all the Government of India, up to now has borrowed more than 5,000 crores of dollars. When compared to that, is Rs. 159 crores a big amount to be given so much of advertisement and publicity Sir? It is nothing and no doubt you are encouraging the Telugus ....

It is for them to repay their debt to the people of Andhra Pradesh. Ours is a federal set up. It is working so nicely under the able administration of Mrs. Indira Gandhi and that is why Sir there is no difference but only creation between you and I. The system is going on well.

It is a routine thing. The Chief Minister thought it is better to go to us, meet our people, invite them to go over to Andhra Pradesh and set up industries. That is all.

SRI M. VENKAIAH AIDU: If Mr. Reddiah is ignorant of what is happening in his own Congress (I) ruled State, I cannot help it. Let him know from the Gujarat Chief Minister. Every Chief Minister, for that matter, every State Government has got a right, if it is in the interest of the State. Why should you look at it from that angle? That would not show the true picture of the situation. The House has got every liberty to talk about the same.

c) When the Bus Station will be constructed; and
d) Whether there is any dispute regarding the selection of site for that RTC Bus Station?

A —

a) Yes, Sir. Andhra Pradesh State Road Transport Corporation has no Bus Station at Chittoor.

b), c), & d) Corporation has a proposal to construct a modern Bus Station Complex at Chittoor with all facilities to the commuters.

In June, 1977, the Corporation had filed proposals for acquisition of 12 acres of land in Survey Nos. 273, 275, and 409, in Chittoor town for construction of modern Bus Station. The Collector, Chittoor however suggested the acquisition of 3.36 acres of Police Land at a cost of Rs. 32 Lakhs instead of the land proposed by the Road Transport Corporation. This was considered a costly proposition. While conveying its acceptance of the alternative site, the Corporation had requested the Collector to reduce the value. This was not found possible. Thereafter a sub-committee of the Cabinet considered various alternative locations and finally decided in favour of the fore shore land of KATTAMANCHI Tank as the best location for a Bus Station.

Accordingly, Government advised the Collector to send proposals for alienation of 15 to 20 acres of fore shore land in Kattamanchi Tank. The Collector ordered the Tahsildar to hand over 12 acres of the said Government land in Survey No: 1 and the Divisional Manager, Andhra Pradesh State Road Transport Corporation, Chittoor took over the said land on 14th March, 1983. But, some of the Ayacutdars filed a Writ Petition No: 4900/83 before the High Court of Andhra Pradesh and the Honourable Court stayed the alienation by its orders on 22nd April, 1983. The Writ Petition is still pending.

In September, 1983 the Principal Secretary to Government, Revenue Department, who is also the Chairman of Andhra Pradesh State Road Transport Corporation and the Vice – Chairman & Mana-
Having inspected the sites on 10th September, 1983, the Principal Secretary to Government, Revenue Department (also Chairman APSRTC) and the Vice-Chairman & Managing Director, APSRTC, furnished a report to the Secretary to Government, TR&B Department suggesting the following lands in the order of priority, as suitable for construction of Bus Station at Chittoor:

1) Fore Shore Land of Kattamanchi Tank?
2) Compound of Deputy Conservator of Forests' Bungalow

The present Depot premises OR/of APSRTC) The Government have since taken a decision to locate the Bus Station in the Fore Shore land of Kattamanchi Tank, only: As soon as the possession of this land can be taken over after disposal of the Writ Petition, construction work can be taken up:

The estimated production is 1,08,000 tonnes i.e. 108.00 ML Kgs.

b) The marketing season for tobacco-crop generally commence from February and continue upto April each year. This year the season started a month late i.e. from 29-2-1984.

The Government of India have already been addressed to arrange to set up an organisation in the Central Sector or to purchase VFC Tobacco every year from growers. A suggestion was also made to earmark sizeable amount of excise and other revenues to Government of India for utilisation in purchasing the tobacco in the circumstances as are now prevailing. Action from Government of India is awaited.

The Government of India have also been addressed separately to instruct the State Trading Corporation of India to enter into the market and open sufficient number of centres for purchasing the stocks of tobacco.

The Government of India have not come forward to make
arrangements for purchase of Tobacco in the State or instruct the S T. C. of India or Tobacco Board to enter the market to buy tobacco stocks available with the farmers, but unilaterally announced a loan assistance of Rs 10.00 Crores to this Government towards purchase of tobacco from the farmers. The State Government cannot accept the loan offered by Government of India as the State have neither the infrastructure and experience in buying tobacco nor any control in internal and international market to sell tobacco. It is, therefore, decided to reiterate the demand of the State Government to Government of India about the purchase of tobacco by S. T. C. of India or Tobacco Board, since the Government of India have control over export of tobacco and on internal manufacturers. Pending a favourable decision from Government of India to alleviate the distress of the tobacco farmers, Government have decided to promote the intermediate establishment of a farmers’ organisation under the name style of "The Andhra Pradesh Tobacco Growers Cooperative Union" at the APEX level with appropriate tiers to purchase, process stores and market tobacco. Accordingly orders were issued in G. O. Ms. No. 198, Food & Agri. (Agri-II) Department dt. 3-5-1984. Government have sanctioned Rs. 2.5 Crores seed money to this union. As on 28-5-84, the union has opened 7 purchasing centres and bought about 9.20 lakh Kgs. of Grades V, VI & VII tobacco valued at Rs. 38.08 lakhs.

c) During the year 1982-83 the tobacco board fixed indicative price at Rs. 1425/- per quintal. This year (1983-84) the tobacco board has not indicate any price to the VFC Tobacco produced during 1983-84 season.

Total quantity of tobacco purchased by the private tenders by 15-3-1984 is 35,000 tonnes. Rates prevailing are Rs. 900/- to 1200/- per quintal.

Two members of the society namely, Sri N. Raghava, IAS, and Sri K. M. Ahmed, IAS, while applying for plots have given declaration to the effect that their wives have house sites at Hyderabad. The Managing Committee violating the Byelaw 42 (9) have allotted sites to the above two members.

Another irregular allotment was that the Secretary of the Society, Sri M. Suryanarayana was allotted two plots which is in violation of Byelaw No. 42 (7). No misappropriation has been reported or detected in the society.

b) Yes, Sir. It is a fact that a statutory inspection was ordered on 20-12-1980. The report of inspection was submitted by the District Cooperative Officer, Hyderabad in his letter dated 15-10-1981. Since the Inspection Report did not reveal any misappropriations the question of taking action against any Officer for misappropriation does not arise.

c) No, Sir. Building permit fee was collected individually as per rules even at the stage of entertaining the building applications.
