Government of India
Ministry of Information and Broadcasting

New Delhi, the 12th Sept 1983.

The Deputy Secretary,
General Administration (I & PR Deptt.)
Government of Andhra Pradesh,
Hyderabad

Attn - Dr Smt A Vanajakshi, APAS
Sub :– Telugu programmes figuring in Doordarshan National Programme,

Madam,

I am directed to refer to your letter No 1370/I & PR/A4/83-1 dated 7.7.83 on the above subject

2 The duration of National Programme is only 1½ hours out of which half-an-hour is taken by two news bulletins in Hindi
and English of 15 minutes duration each. The items in National programmes are contributed by various Kendras projecting the Social, Cultural and developmental activities of the region. Most of the items telecast in National Programme are in English and Hindi.

3 The items telecast in Telugu from April, '83 to June '83 are as follows:

<table>
<thead>
<tr>
<th>Date</th>
<th>Programme</th>
</tr>
</thead>
<tbody>
<tr>
<td>27 04 83</td>

4 As regards the Government's policy on the subject, it is stated that a fair representation is given to the programmes relating to all the regions of the country. One of the main objectives of National Programme is to foster Cultural and Emotional unity in India. Therefore, programmes in different languages from different regions are telecast in the National programme keeping in view the constraint of time available for it. For example, Hyderabad Kendra is contributing documentary on various subjects like Kalamkari, Bangles, Handloom and interviews with well-known personalities etc.

Yours faithfully,

(Sd/-)

BUSINESS OF THE HOUSE

Mr Speaker: I will convey your sentiments

Sri A Madan Mohan - The problem of drinking water has become very acute and is taking serious proportions I would like to draw the attention of the Minister for Panchayat Raj through you (looking at the Minister) I want you to be attentive in the House It cuts across all the political barriers When I am speaking about the problem, I except the Minister to be very attentive The drinking water problem has become very acute and it is assuming serious proportions I do not know to what extent the Hon'ble Minister for Panchayati Raj would be able to appreciate the magnitude of the
problem. Inspite of the fact that a number of borewells were dug, there was a pressure on us to have it at every locality. In certain villages we did have borewells. In fact we don't have the infrastructure to really repair the existing borewells. That aspect has to be taken into consideration. Secondly, after Telugu Desam has come into power, people expected much from them. It is quite clear in their manifesto and speeches before they assumed power. I am not saying for criticism's sake. What is the psychology of the people? When the Telugu Desam party was campaigning in elections, it did shed tears to say that they would provide drinking water. This went into the psychology of the people at that time. They did not realise as to what is the resourcefulness of the Government, whether they can really mitigate the sufferings of the people of every village. Their expectations have risen high. In fact, the promises made by Telugu Desam Government in every village, without any difficulty to our satisfaction. It has assured drinking water to every village. They could not fulfil their own promise. I am not politically capitalising the issue. I am only trying to make this Government to appreciate the existing situation through you. The allocation on the budget to-day has been reduced when compared to last year. When you could have it last year with the resources that were available by making a cut in the allocations, why not you have it this year also. I would like to know how the Panchayati Raj Minister is visualising? Simply saying it on the floor of the House that 'we are looking at it' is no good. These are ready-made answers. I want him to understand the magnitude of the problem. Members of both the ruling party and opposition did drive this point home. I was watching everything. Subject to correction, it gave me the impression that all that seriousness has not gone into the head of the Panchayati Raj Minister. Let him explain as to whether he will be able to persuade the Finance Minister to increase the budget allocation. Secondly, to what extent he will be able to mitigate the sufferings of the people in the coming months. The scarcity of drinking water is very acute. The third aspect is between 4 1/2 inches rig and 6 inches rig. They want 6 inches rig to be employed. The difference of money is not much. It is the discretion of the Government. Let him understand the feelings of the people. They are still expecting that the Telugu Desam Government would be able to provide drinking water to every village. It is not just possible. It has to be taken up in a phased manner. Let 50% of the seriousness which you have shown before you promised to the people be implemented.
Sri A. Madan Mohan, I will not like them to get conditioned in the psychology in which they feel indoctrinated.

We are not interested in making a statement or speech. I have made certain things very clear. I would like to ask through you as to what is the estimate that you have made and how many rigs you are going to employ. In how many villages you are going to take up this work. He has said that he had already discussed with the Finance Minister and the Chief Minister and they have agreed to increase the allocation. Naturally as a concerned Minister he has to go and discuss with his colleague Finance Minister for the Chief Minister provided he has the perspective planning. Unless he has that perspective planning as to what is the estimate that they have made, what are the rigs that they require, how many villages are going to be covered this year, how many borewells he is going to take up, otherwise it will not be fruitful, and justifiable. Your promise was to provide drinking water by June last in every village. You have miserably failed. I said that I do not make a capital out of it. Since you said you have discussed with the Finance Minister and the Chief Minister, you tell me as to what is the perspective planning you have made and what is the perspective planning which

Mr Speaker, - How can you discuss all these things? I don't allow you to bring those matters to the Minister.

re: Arrest of Sri R Gurunatha Reddy, MLA on 26-4-1984

Sri D K Samarasimha Reddy - Sir, there appears to be three villains for this entire show, but I will confine myself only against two. In respect of the other one I reserve my right to say after hearing the statement of the Minister. It is apparent on the face of the record and it is nothing but a personal vendetta against the Member by the concerned District Collector and the concerned Vigilance Officer. If the antecedents of the Vigilance Officer as well as the antecedents of the Collector are looked into everything will be clear. The member made a request to the House. He is asking for an impartial judicial enquiry. I have gone through his statement also. He has gone to the extent of even making a statement that he will even quit from the political life. He is not going to be in the public life at all if this going to be proved. Now before us the statement of the Member is there. If you just go through it, the manner in which he was treated, you will know. You are a protector of the rights of the legislators. I am not trying to say that the hon'ble Member is trying for his right as a legislator, but the way in which he has been treated the manner in which he has been treated is quite clear. He is a legislator. If it were to be an ordinary citizen it would have been different. I don't think they have not even conducted the case, because he is a legislator, much more a Congress legislator. This appears to have been done more for the purpose of currying the people in power. That may be with a reason as he put it. Even under the Rules to take a person within the precincts of the house they have to obtain the permission of the speaker under the rules. Precincts of the house means M L As quarters also come within that. That is well said. There is no dispute about it. If you go through the Rules, you will know. The rule 170 'precincts of the house' means the Assembly Hall situated in Legislative Buildings, Lobbies, Galleries, the rooms in the

occupation of the Legislative Assembly Secretariat, the Speaker's room, the Deputy speaker's room, the Committee rooms, the Library Building, Party rooms, all other accommodation in the Assembly Secretariat including the approaches leading thereto and the open spaces therein enclosed within the iron railing and fencing and such other places as the speaker may from time to time specify.

MLAs quarters are under the control of the speaker. They are under the control of the Legislature Secretary. They definitely fall within the definition of the precincts of the House. Even after releasing they have not informed you till this day. There is a clear violation of rules. Even after releasing they have not informed you. I want to be treated at least like an ordinary person. Normal rights have been denied in this particular case. What is the grave crime that he has committed even accepting that some crime has been committed? It is purely on technical offence. In my experience, have never gone to a criminal court. They have gone only before the joint collector under 6A of the Essential Commodities Act. Invariably the joint collector confiscates the entire stocks. Under 6B it goes to the District Court by way of an offence and even the District Judge has been mentioned as personal designator. They have gone only before the joint collector under 6A of the Essential Commodities Act. Invariably the joint collector confiscates the entire stocks. Under 6B it goes to the District Court by way of an offence and even the District Judge has been mentioned as personal designator.

Do they want to threaten the Legislator? Do they want to show their power or strength in this manner so that the voice of the Legislator is throttled? If this is the way no democracy will function. To-morrow no legislator is not safe. So that the voice of the Legislator is throttled. This cannot be permitted. That is the reason I am trying to say. Kindly leave apart party politics. Do not shield corrupt officials. I reserve the right to speak again after the Minister replies because I have some points to make. An attempt is being made to shield some official here. I reserve my right here. An attempt is being made to shield some official here. An attempt is being made to shield some official here. It has gone even to the British Broadcasting Corporation. The British Broadcasting Corporation has relayed the news from London. Who is behind all this? It has gone even to the British Broadcasting Corporation. The person involved on one side is a Legislator to whatever party he may belong to. On the other side, the person incharge is the District Collector who is powerful by virtue of his being the District Magistrate and District Collector. I never heard Mr. Gurunatha Reddy here before. But the way he has explained in the House has satisfied me. I have heard that the law will take its own course. He also quoted about the precincts of the House and the Legislature Hostel, attacking the government on the precincts of the House including the Legislature Hostel. Legislators' quarters are not from part of the precincts of the House. After the premises have been vacated by the members, the area is made accessible to the public. On that account, I am finding them guilty also. Suppose the Speaker is not available in the headquarters and if some dacoity or robbery takes place and a Legislator has to be arrested and if he takes shelter there, it will become much more crime also. Any delay in the matter will further aggravate the situation because he has made the statement outside the house also. Because he has made serious allegations against the Collector that his actions are motivated and involves the functioning of the Legislature, you have to protect rights of the Members and protect the dignity of the house also.

re * Arrest of Sri R Gurunatha Reddy, MLA on 26-4-1984

Sri P Ramachandra Reddy - Mr Speaker, Sir, in this specific instance, the district officials have acted very hastily and there was no necessity since we across these things day in and day out. It clearly shows that they wanted to be vindictive against the person who holds some position in the society. As far as adulteration is concerned, there is a scope at various stages, from the main supplier till it reaches the petrol bunk. At petrol bunk employees also can mix. There is a scope for such a thing. Unless there is a detailed enquiry they should not have acted upon. After all they could have, for filing charge-sheet, included all the real accused. Having done all these things, since the Collector himself is almost a party here for various other reasons, I suggest it may be entrusted to an outside agency of the district like the State Headquarters CID or some other institution of the Police, which has nothing to do and which has no influence of the Collector or the SP of the District. So, unless this is entrusted to some other agency in the Police Department at the State Headquarters, I don't think any proper investigation will be done. The third thing is, this trend should be curbed, whether he is SP or Collector. I don't think any Chief Minister will instruct the subordinates to prosecute all the opposition, otherwise Venkaiah Naidu and Jaipal Reddy would have been the biggest victims of such crime. No Chief Minister will advise that. But some are over-enthusiastic. They go in this way and try to please the bosses and ultimately they land in trouble. Therefore sending it to Dharma Maha Matra or Lokayukta is a different matter. At present, immediate relief is, this case may be withdrawn from the District Police. As far as the Collector's
allegations are concerned, that is a different issue. It may be referred to others. As far as this individual case of adulteration is concerned, a detailed investigation by CB CID or a Headquarters State level agency entrusted to a big officer who is not subordinate to that SP may be entrusted. At the same time the concerned DIG is involved in this. We were arrested under political reasons several times. They allowed us to take both even during Nizam's imperialism. They allowed us to see our children. They allowed us to collect our bag and baggage. They allowed us to take food even in the middle of night. But this is a case where they did not allow the Legislator to take his own course to move along with them. More summons are sufficient to appear before a police station. This may be taken as a serious matter. First of all, this investigation may be done by an outside agency of the district so that the Legislator may not be harassed further. As it is already indicated that another case is registered against him. When the district authorities think to involve a man, at every stage and at every hour they can register a case against any individual. When that is the attitude, you entrust the work to a bigger agency. Let some responsible man in the Cabinet take responsibility to see that this Legislator is not harrassed further. We came across in the same session how the local police behaved in an unwanted way. I know that Caddapah affair where another Legislator was involved. This should be curbed. People who are ruling the State must control their police, instruct them properly. In another occasion I told that there are instructions issued many times and also during 1974 as to how to deal with the Legislators. I suggested last time to the Finance Minister who was replying in another question that this may be repeated quickly and sent to all the district officers while dealing matters with the Legislators. It will guide them and give proper guidance. Thank you.

Sri D Narayanaswamy. Sir, if what Gurunatha Reddy has stated is found to be true it would be said that the conduct of the District Collector and the officials is most abhorring. It is a nice thing for this Assembly to take a dispassionate view of the matter without politicalising it for the simple reason that the honour of this Member of this Assembly is at stake. Gurunatha Reddy seems to have said whilst he was representing about the civil supplies matter, the District Collector has curbed him and asked him not to speak about it. If that is so it amounts to breach of privilege of the Member of this House. Therefore, the proper course shall be not to refer to anybody but to refer to the House Committee and see what will happen. If it is found to be correct, it amounts to contempt. Second thing is, the hon'ble Member seems to forget that it is by our
Matter under rule 329:

misconduct bad results follow For example, we are all finding, including the Chief Minister, that the conduct of the bureaucracy is mostly rotten. It is stinking but for few good individuals the administration would have been brought to great contempt. There would have been a somewhat revolution. Most us are not satisfied. Everyone is behaving like a ruler himself. There is no respect for even an ordinary Member of the Legislature. It is a fact and nobody can deny. What I am telling the hon'ble opposition members is, when they struck work they unfortunately supported them. Had they failed in that strike the Government would have been able to control them properly. Then there would not have been this mishappening.

I hope the Government also would consider this aspect. Instead of referring the matter to the Lokayukta, it is better the Committee itself may consider, because, it is our own Member. It is our own Police. Let us deal ourselves, whether there is any breach of privilege or not. That is my humble suggestion. Since the Chief Minister is not here, it may be better the minister seeks his advice also, consult him. The matter is a serious matter. He will not be able to say. Let him consult the Chief Minister and then make a statement.

On receiving a complaint on 4-5-84 from Sri Ratnalal, stockist, Kodangal to whom the seized petrol bunk of Sri Gurunatha Reddy was handed over for safety custody on 25-4-84 with the seals tampered. The Circle Inspector, Mahaboobnagar proceeded to Kodangal to verify when he found the complaint correct Panchanama of tampered seal was conducted and stocks re-measured. 634 litres of HSD was found short of the quantity seized and handed over on 25-4-84. Hence a complaint was lodged at Kodangal police station for theft of 634 litres of diesel causing disappearance of evidence and detering the public servant from discharging his duty Crime No 35/84 under section 379, 201 and 353 IPC registered in Kodangal.
police station. I want to make it clear that any action taken by the police is done with respect to the law. The issue here is not about the arrest itself but about the manner in which it was carried out. The police had a clear mandate to act, but they acted in a way that was untoward and unwarranted.

We have been informed that a bail bond of Rs. 1000 and a personal bond of Rs. 1000 were demanded. In addition, Rs. 400 was collected as a security deposit. I have been told that the arrest was carried out without any legal authority. I have been informed that the police were acting on orders from the government.

I have been listening to the speeches made by our friends as well as the Minister with rapt attention. Since the Minister has assumed responsibility of answering on behalf of the
Chief Minister, I thought he would also come out with a reply which would certainly be so magnanimous as one is expected to do. It is really unfortunate that he has only narrating of what has been told to him. Now there are 2 or three issues I don't like to go into the merits of the case. Since there are courts, justice will take its own course. If you can go through the proceedings of the House, he would be amply convinced. It is not confined to any particular political party. Legislators as such whether they belong to Telugu Desam or other political parties including my party, we are of the view that certain inroads are made by the executive, more particularly by the police in the instant case. If you look into the narration of facts the way that wanted to dramatise by making an arrest of Sri Gurunadha Reddy, by taking a contingent of Police with one DSP, two Circle Inspectors and so many Sub Inspectors and constables does give an impression that the so-called police executive was trying to please the political head. This is one incident Sir. You know that unless I have substantial evidence with me, I would never make a charge. I will not like to make a charge straightway against the Chief Minister or the present Government that he was personally, wilfully vindictive of the members of the political party. It is not like that, but when you look into the entire narration of the facts as to what has happened before the arrest and after the arrest and how it was played by B.B.C. I will be forced to draw certain conclusions. Certainly there are certain political overtones against the very arrest of Gurunadha Reddy. You are a lawyer and I am also a lawyer. If I can count upon my own knowledge of law, I do know that even under the Motor Vehicles Act, it is a vicarious liability of the owner of the car. Suppose I lend my car to somebody. The driver or person or friend who takes my car meets with an accident, not only he becomes an accused, I am also made a co-accused. It is only a vicarious liability. Thereby it does not mean that the police would straightway come to me as an owner and arrest me. Now what is the situation there? Mr Gurunadha Reddy is physically present. I am not going into the merits of it. I am only trying to impress upon the House, through you, or impress upon the hon'ble and efficient Minister for Information and Broadcasting. I do not know what his other portfolio is. He has not understood the sentiments of the House. None of us are here to protect either the Government of the Information Minister. It is for the Police to say that Gurunadha Reddy is an accused of certain things. Ultimately the court gives its verdict. What promoted or provoked the police contingent to enter into the premises? They said that he was arrested on the road. Assuming that he was arrested on the road, why do you require so much of police contingent to go and arrest

him Was he found adverting oil or petrol? After all he could have been summoned or one Police officer would have been more than sufficient. They have not even informed the warden of the Legislative hostel much less to the Secretary and the Speaker. I would also quote onethmg where it was said on more than one occasion. It has been the observation of this august House that police has erred in not informing the Speaker or the Secretary before arresting a person and they have also made a very strong observation in one of the Privileges Committee report pertaining the Same House. It is said that henceforth the executive would take cognisance and take notice of the serious observation that is being made by Legislature. I am only interested in the dignity of the Legislature.

In this particulars case, I do not know the name of the Collector. It is said that Bhattacharya is his name. I know only one Bhattacharya. He was Collector, Khammam Bhattacharya in his capacity as a collector only will have certain privileges, influence and not as Bhattacharya in his individual capacity. So much so Gurunadha Reddy, as a Member of the Legislative Assembly does have certain privileges and as Gurunadha Reddy. This is where the infringement arises. I thought the Minister will rise to the occasion and say it gave me the impression that he has not risen to the occasion. He has only shown his pigmy size in answering the question as to what has been written to him and what has been given to him by the police officers in order to justify, in order to defend of their own folly, of their own commissions and omissions. This is what pains me. If he is really the culprit, he will face like any other ordinary citizen, but at the same time let the Government be aware. Just because the Legislature has given you certain powers you cannot misuse them by way of licence. There is a limitation. So, the Collector also cannot exercise his power and treat it as a licence to lay his hands on anybody with whom he has prejudice. This is what I am trying to say. It has its own limitations. The way Gurunadha Reddy was arrested has been discussed here by Members belonging to all the political parties. It happened to day in the case of Gurunadha Reddy and to-morrow it may happen to somebody else. On a similar aspect when we were discussing in the House, the Chief Minister was also present in the House. It may be in the case of Gopal. At that time I said to the Chief Minister ‘to-day you are the Chief Minister. To-morrow you may be an ordinary Legislator. Assuming that position say, of what your executive is trying to do or indulging in excesses. Whether it is correct or not? In democracy nothing is permanent. Let the Information and Public Relations Minister realise it. Sooner he realises, the better for him. Sooner the wisdom dawns on him it.
Matter under rule 329
re: Arrest of Sri R Gurunatha Reddy, MLA on 26-4-1984

is better for him. To-day we are discussing the privileges of the Legislators. I am not here to hold brief to anybody or to Gurunadha Reddy on the alleged commissions and omissions. We are only discussing here on the protection that has to be given to our legislators which is well within the Act. I am not going out of the way to say what is the answer of the Minister, when it was pointed out that the officers have not taken the permission either of the Speaker or of the Secretary. In spite of the serious observations made by the same august House that they have no right whatsoever to lay their hands before informing the Speaker or the Secretary, how is he going to justify this exercise of the Police executive whether it was SI or CI or DSP. I knew the limitations of Venkatrama Jogaiah in answering this question much less about the comprehension and the appreciation of the situation. I will not like to make comments more stronger than that. Let the Chief Minister come, they said. I have said it is not part of our culture to insist the physical presence of the Chief Minister when he is indisposed. Let this be posted to the convenience of the Chief Minister. Unfortunately we are coming to the last day of the session. That is how it was probably agreed upon by my other friends when I was not here in the House. I knew the limitations of the Information Minister. He cannot further add a semicolon or a comma. There were also occasions when we were Ministers we used to take decisions on the spot. That must be the spirit he should have in have in himself and his own Chief Minister should repose in his colleagues. Whatever it is, it is not a happy situation. We are insisting day in and day out. We are really looking and sometimes the executive making inroads into the supremacy of the Legislature. (looking at the Speaker) You are the protector of this House. You are the protector of the privileges of the entire Members. It is not a question of a particular Member belonging to a political party. I would expect that you would make a very strong observation. First of all the Police executive has not informed the Speaker or the Secretary. The way he was handled is bad. It is not as though he had committed a broad day light murder where he would have been treated like a criminal. It is only a vicarious liability. This is nothing but humiliation and denigration. This is where I said there are certain political overtones. I don't like to make a comments unless I have sufficient evidence with me. I would only presume that the police or certain police officers including the district Collector did it in order to win the praise and appreciation of the weak psychology of the Chief Minister. It is being said like that. I am not saying this. It is only to win his favour, to win his appreciation. This drama was enacted and with the result this sadistic approach was adopted.
I would say there should be certain halt to such sadism There should be halt to persons exercising the powers more than that is necessary I hope even now after the other members have spoken the Minister should go immediately and talk to the Chief Minister on telephone and let him know how to reply, otherwise you should be able to make an observation It would be a very sad observation but we can’t help it The Government has failed in rising to the occasion to protect the interest, because they are also Members of the House and they are just not outside the House They should know that they are part and parcel of the House It becomes their duty to really maintain the dignity of the executive since they have the executive powers, at the same time it falls on them the sense of responsibility of protecting the dignity and decorum of the House and each member of the House The Minister, has dual duty to perform one as an executive and the other as a Member of the House Let him not forget that, if he is the Minister for Legislative Affairs he should be all the more cautious If he has not known he should be able to learn as to how he has got to function If the Collector continues there is every likelihood that he would exert his influence on the subordinates and try to prejudice the entire enquiry so much so Gurunadha Reddy being a local legislator there is likelihood of influencing So in the interest of justice and imploy the Collector should immediately be shifted There should be a thorough enquiry into public distribution system about which there have been serious allegations including this matter. Let the law take its own course What I am saying is about the protection and privileges of the legislators and we are not concerned with the other aspects like the merits of the case etc As far as the protection and the privileges of the legislator is concerned it has to be taken care of It has to be taken notice of Now, you have heard the views of all the political parties and that you would make a very serious observation about the conduct of this executive (police officers)

Mr Speaker – The Minister said that he will get it done including the Civil Supplies.

Sri P Ramachandra Reddy – Sir, you were kind enough in giving me time. After discussing so much, there should be a solution. The solution is withdraw the case from the district. Entrust to City CID. Some responsible officer should be entrusted. An officer with greater integrity may be entrusted. Second is theft.

Sri P Ramachandra Reddy –, – Sir, you and I are Jaywears. From local custody some body has removed. I do not think a Legislator would take out and remove petrol! What is all this? The Minister is trying to satisfy both sides. I agree his abilities. He is a very sober person. Without prima facie enquiry, how can he be accused?

Sri A Madan Mohan - Sir, I do not want you to proceed methodically

Mr Speaker :- What observation can I make under rule 329?

Sri A Madan Mohan - Sir, under rule 329 certain facts have been brought to your notice. You have been listening to the facts from various persons. Now don't you feel that there was some excess in respect of the arrest of Sri Gurunatha Reddy? Or police has acted...

Mr Speaker - How can I say by way of argument? We will know in the actual enquiry...

Sri A Madan Mohan - The Minister has not denied. Where was the need for the D S P....

Mr Speaker - He says he was arrested outside the MLA Quarters

Sri A Madan Mohan - Assuming for a minute that he has been arrested outside, where was the need for a D S P, C I and half a dozen Sub Inspectors and 20 constables to be present. Do you feel that so much force is necessary, as a lawyer?

Mr Speaker - We do not know what circumstances provoked them

re: Steep fall in the Price of Paddy in the Market

Sri A Madan Mohan - Mr Chairman Sir, this is not the first time that the legislators have been voicing about the prevailing trends in the market as far as the foodgrains are concerned. The farmer is in a very pitiable condition. We have seen how the tobacco growers of our State are suffering. We have also seen how the cotton growers are suffering. You are trying to pass on the buck to the Central Government and make the Central Government a target for every folly, for every commission and omission. That is a political work. But the factual position is we are facing the real difficulty that is being faced by paddy growers. The farmer is happy this time. This time, the crop has been good. The farmer has been facing continuous drought or cyclone and every natural calamity with the result the economic condition of our farmer has been very, very precarious. For the first time he has really been hit. Sometimes he thought he will get the price commensurate with the investment that he has made. We were insisting that these prices have to be taken care of and an independent agricultural price commission has to be appointed by State Government to go into the working. We have also been accusing. We have alleged against the Government. As far as I know in Andhra Pradesh the millers have been enormously benefitted because of the wrong policies of the Government and ultimately it benefitted not only the millers but also the middlemen. The farmer is ultimately hit with this situation prevailing in the market. How do you expect the agriculturists really to get the necessary inspiration to grow sugarcane, cotton or tobacco? What will happen to the economy of the country and State? This is a very serious matter. After all in democracy, in these five years people will take their own decision. Raghavareddy has rightly pointed out and it is a pointer to Telugu Desam Government. Do you think that the farmer will still keep on the maintaining silence? You are sadly mistaken. The tobacco growers are mentally agitated, sugarcane growers are physically and mentally agitated and if paddy growers join them, what will be the situation? But with the broad outlook, we have see that the economy of the farmers is bettered. I am only trying to draw the attention of the Government, that the Government should take con-
gnisance of the situation otherwise I think very soon, when they get really agitated when they get into the bad mood and probably, you will not be able to control. It is not our intention to create such a situation. If it were so, probably we would not have talked so frankly. We are interested in the betterment of the farmers. Farmer is the Trust and you as a Government who is looking like a holder, should be able to feel the responsibility on your shoulders. While the people have voted you to Power, and after getting into power, you should be able to take the responsibility with the same pride and should be able to act in a manner that is expected of you and even now I insist upon the Government to immediately appoint an Agriculture Prices Commission and go into all these aspects and then give support price and make such other announcements which would certainly take the formers away from a situation where he really deserves the assistance of the Government.

...
Matter under rule 329* re. Steep fall in the Price of Paddy in the Market

The price of paddy in the market has fallen sharply in the last few months. The price has dropped from 130.00 to 124.00 in the morning and further to 125.00 in the afternoon. The reason for this sudden fall in the price is due to the increased supply of paddy in the market. The farmers have harvested a good crop, which has increased the supply of paddy. This has led to a decrease in the price of paddy. The government has taken some measures to stabilize the market by procuring paddy at a higher price. However, it is hoped that the price will stabilize soon.

re Steep fall in the Price of Paddy in the Market

Dear Sirs,

Referring to your letter dated 27th April, 1984, I have the honour to state as follows:

The recent steep fall in the price of paddy in the market has caused considerable concern among the growers and millers. The current price of paddy is Rs. 180-00 per quintal in the wholesale market and Rs. 120-00 in the retail market. This is a significant decrease from the previous prices.

However, it is important to note that the price of paddy is influenced by various factors, including demand and supply, weather conditions, and market trends. The supply of paddy is currently adequate to meet the demand, but the weather has been unpredictable, which may affect future yields.

It is recommended that the government should consider implementing measures to stabilise the paddy market. This could include measures to ensure fair prices for the growers and to maintain a steady supply for the consumers.

Yours truly,

Sri S Jaipal Reddy - Sir, we are on facts. We are not on a policy matter. The question to-day before the House is as to whether the rate mentioned by the Minister in his official statement is correct or not. Let a House Committee be constituted to enquire into the fact itself. Is the Minister prepared to stand by the statement? If I do not disapprove him, I will resign as a Member of the Legislative Assembly.

Mr Speaker: - That is the information given by the Collector. This is what the Minister say.

Sri A Madan Mohan: - Sir, I do not want to be drawn into a controversy. I am prepared to sell my paddy at Rs 150. Earlier, I sold it at Rs 145/-. We have to work under certain rules and conditions. Has the Government guts to say, 'No, no FCI collections in Andhra Pradesh.' We do not give any rice to the Central pool. Let the Central Government face this music.

re: Steep fall in the Price of Paddy in the Market

The Hon'ble Secretary,

- There has been a 20% decrease in the price of paddy in the market.

The Hon'ble Secretary,

- It is observed that the price of paddy has decreased by 20% in the current market. It is advised to investigate the reasons for this drop.

The Hon'ble Secretary,

- The decrease in price is due to the increased supply of paddy in the market. It is recommended to take necessary action to control the supply.

The Hon'ble Secretary,

- The supply of paddy is being increased to meet the demand. It is advised to ensure that the paddy is of good quality.

The Hon'ble Secretary,

- The paddy is being supplied at a reduced price to the farmers. It is recommended to continue this practice.

The Hon'ble Secretary,

- The price of paddy is being controlled to maintain its market value. It is advised to take necessary action to control the price.

Sri A Madan Mohan - Mr Speaker, Sir, in spite of our warning to this Government, not only now but for the past one year, bringing the problems of the farmers to their notice, they have failed really to recognise the problems as problems. They have failed to solve the problems be it of sugar-cane growers, cotton growers, tobacco growers and now it has failed on Paddy growers. Irrespective of the political parties, we have been insisting and trying to bring to the notice of the Government about the seriousness of the situation. The Minister has only given evasive replies. He has categorically confessed. We feel that this Government is not sincere in respect of their problems. As a protest against the attitude of the Government, as a protest against their diabolical approach, hypocrisy before and after coming into power, the way they are snowing their step-motherly treatment towards the farmers, my party and myself are also staging a walk out.

re * A P S R T C Bus Accident Verapalli Village, Nellore District

On 2nd May, 1984, Andhra Pradesh State Road Transport Corporation Bus No AAZ 3464 Plying as express service on route Vijayawada to Nellore collided head on with a private lorry No-MDY 8883 which was coming in the opposite direction from Madras and proceeding to Guntur laden with fertilizer bags. There were 38 passengers in the bus against the permitted capacity of 44. The bus belongs to Nellore Depot. It was driven by Sri S K Kalesha Badge No 621 and was conducted by Sri M V Subbaiah, E 46283. The accident took place at KM No 244/4 between Singarayakonda and Kavali. The cause of the accident appears to be on account of negligent driving of the bus driver. The Deputy Chief Traffic Manager, Vijayawada is nominated by the corporation as enquiry Officer to investigate into the case.

2 As a result of the accident, 4 lady passengers and 1 male passenger travelling in the bus, the bus driver and 5 passengers travelling in the cabin of the lorry and Sri Shanmukha Sundaram S/o K S Sundaram, the lorry driver, expired. Another 36 passengers travelling in the bus and lorry sustained injuries, and the injured are receiving treatment at the Government General Hospital, Guntur and the Government Hospitals at Nellore and Kavali. The bus and the lorry are extensively damaged.

3 The Police Officials of Gudluru Police Station had registered a case and they are investigating into the cause of accident.

4 Officials of Andhra Pradesh State Road Transport Corporation from Ongole, Vijayawada, Kavali and Nellore proceeded to the spot of accident immediately for relief arrangements and investigation. The Vice-Chairman & Managing Director, APSRTC also visited the spot of accident and the injured persons in the Government Hospital, Kavali. The Andhra Pradesh State Road Transport Corporation have declared an exgratia of Rs 1,000/- to the kith and kin of the deceased and Rs 250/- to 500/- to the injured depending on the nature of injuries.

5 The corporation will also pay Rs 15,000/- to the legal heirs of each of the deceased and Rs 7,500/- to those who become permanently disabled, whether or not the driver of the bus is responsible for the accident, as envisaged in the Motor Vehicles (Amendment) Act, 1982. This amount of compensation includes the amount paid on the spot to meet immediate expenses.
Calling Attention Matters

re Police firing at Siligam and Singavalasa,
Amadalavalasa Taluq, Srikakulam Dist

In the FCI godowns at Singavalasa near Amadalavalasa Srikakulam District, there was trouble between striking Hamalis and the labour contractor. On 16-4-1984 the striking Hamalis under the leadership of Ganti Prasad Chalikan Appa Rao and Labba Jagga Rao, all leaders of C P I-M il party unity group decided to stop the working of FCI by not allowing the Hamalis employed by the labour contractor into the godowns. Anticipating the trouble adequate bandobust was made at the godown. About 200 people including the striking labourers and sympathisers assembled in front of the godown. Despite repeated appeals, the extremist leaders of striking Hamalis did not allow the workers to enter. At 13-15 hours when the workers were allowed to enter into the godown with the police protection, the extremists and striking Hamalis attacked the police party with sticks and caused injuries to nine police personnel including two Sub Inspectors. To safeguard the lives of police party the Circle Inspector of Police, Srikakulam ordered mild lathi-charge and dispersed the crowd. But the crowd re-assembled and started heavy stone belting injuring officers and men. Then two rounds were fired in the air but in vain. The unruly mob continued belting stones causing further injuries to police party. Again one round was fired at the crowd. As a result, one Banala Gangulu son of Srimathi aged 30 years, Hamali sustained injury in his right fore-arm. The police apprehended 10 persons including the leader Ganti Prasad. The injured Banala Gangulu got himself admitted in Government Headquarters Hospital, Srikakulam and his condition is out of danger. The situation is under control. The Collector and District Magistrate, Srikakulam has ordered a Magisterial Enquiry into this incident to be conducted by the Revenue Divisional Officer and Sub-Divisional Magistrate, Srikakulam and his report is awaited.

re Declaration of Tirupathi as a Holy City

Tirupathi is a base for Tirumala which is above of Lord Venkateswara. 20 to 30 thousand people visit Tirumala every day. Every pilgrim should necessarily pass through Tirupathi Town. At present the pilgrim needs are looked after by the Municipality but for want of funds the Municipality could not maintain the Town in a satisfactory condition. Therefore it has been proposed to sanction some amounts from the TTD funds to provide basic amenities to the pilgrim to pass through Tirupathi to Tirumala. It is not a case of diversion of TTD funds to the Municipality but it is more intended to provide benefits to the pilgrim that visit Tirupathi and Tirumala.
It is proposed to run a modern Hospital with specialities like Cardiothorasic unit, Nephrology, Neurology etc, to set up bold Bank at Tirumala Hills, to start Sri Balaji Physically Handicapped complex and also take up under ground drainage scheme at a cost of 3 crores and to from a ring road around Tirupati Town.

It has not been decided as to what should be the pattern of administration of Tirupati. However, it is wholly intended to serve the pilgrim better and to make Tirupati and Tirumala Holier than want they have been.

Government Resolution

Requesting Parliament to amend Estate Duty, Act, 1953

"The Legislative Assembly of the State of Andhra Pradesh hereby resolves in pursuance of clause (1) of articles 252 of the constitution of India that the Estate Duty Act, 1953 (34 of 1953) may be amended by Parliament to provide for the matters mentioned in the resolution "

(Copy of Resolution circulated separately)

Resolution

Whereas by a resolution passed by this Assembly in pursuance of clause (1) of articles 252 of the Constitution, estate duty in respect of agricultural land is now regulated in the State of Andhra Pradesh by the Estate Duty Act, 1953 (Act 34 of 1953), as passed by Parliament,

And whereas it appears to this Assembly to be desirable that the Estate Duty Act, 1953 (Central Act, No 34 of 1953) shall cease to apply to the levy of estate duty in respect of agricultural land situate in the State, and for this purpose, necessary amendments should be made in the Act,

And whereas it appears to this Assembly that the Act aforesaid should be further amended to provide for the following matters, namely.—
Appendices 5th May, 1984 297

1) to omit the provisions of the said Act relating to aggregation of agricultural and with other property for the purpose of determining the rate of estate duty,

ii) to amend sub-section (3) of section 85 of the said Act relating to the laying of rules before both Houses of Parliament so as to bring it in conformity with the model rule laying formula as approved by the Committee on Subordinate Legislation of both Houses of Parliament.

Now, therefore, the Assembly hereby resolves, in pursuance of article 252 of the Constitution, that the Estate Duty Act, 1953 (34 of 1953) may be amended by Parliament to provide for the aforesaid matters

re Adoption of Estate Duty (Amendment) Act, 1982 in respect of agricultural lands situate in the territories of State of Andhra Pradesh

The Legislative Assembly of the State of Andhra Pradesh hereby resolves in pursuance of clause (1) of articles 252 of the Constitution of India to above the Estate Duty (Amendment) Act, 1982 (Central Act 31 of 1982) in respect of Agricultural Lands situate in the territories of the State of Andhra Pradesh on and from the 1st day of March, 1981”

(Copy of Resolution circulated separately)

Resolution.

Whereas, the Estate Duty (Amendment) Act, 1982 (Central Act No 31 of 1982) was enacted by Parliament providing certain concessions mentioned below in relation to estate duty in respect of agricultural land with effect from 1st March, 1981 *-

1) raising the exemption limit of estate duty from Rs 50,000 to Rs 1,50,000 The rate of estate duty in the first slab of estate range of Rs 1,50 001 to Rs 2,00,000 will be 10 per cent, i.e the same rate as is applicable at present in the estate range of Rs 1,00,001 to Rs 2,00,000

ii) the value of one residential house belonging to the deceased would, for purposes of estate duty, be taken at the same value as determined by the wealth tax officer for the purposes of assessment of the net wealth of the deceased on the valuation date immediately proceeding the date of death of the deceased Where the value of such house is not so included in the net wealth of the deceased, its value would be determined by the Controller in accordance with
the provisions contained in Wealth Tax Act and the rules made thereunder,

11) making a provision similar to that contained in Income Tax Act, 1961 and the Wealth Tax Act, 1957 to secure that where the deceased was a member of a Co-operative Housing Society, the value of one house or part thereof allotted or leased to him under a house-building scheme of the society would be treated as a house owned by the deceased, thus qualifying for the concessional treatment accorded to residential house property.

And whereas, it appears to this Assembly to be desirable to adopt the provisions of the Estate Duty (Amendment) Act, 1982 (Central Act 31 of 1982) for the State of Andhra Pradesh so as to regulating the matters in so far as they relate to estate duty in respect of agricultural lands situate within the territories of the State,

Now, therefore, this Assembly hereby resolves in pursuance of clause (1) of article 252 of the Constitution, to adopt the Estate Duty (Amendment) Act, 1982 (Central Act 31 of 1982) in respect of agricultural lands situate in the territories of the State of Andhra Pradesh on and from the 1st day of March, 1981.

Written Answers to Starred Questions Security Guards to Girls Hostels

c) If so, who is responsible for such huge loss and the reasons for not using even imported sets, and

d) Whether the Government propose to recover the losses from the persons responsible?

A

a) The total value of spares imported for Kothagudem Thermal Power Station during the 1974–78 is Rs 6,27,65,400/-

b) About 53.74% of the value of spares imported during 1974–78 are in stock as on date

c) The Andhra Pradesh State Electricity Board has imported spares worth Rs 6,27,65,400 during the four years period for proper maintenance of boiler and Turbo units of Kothagudem Thermal Power Station and they are within the limits prescribed by Central Electricity Authority. Out of the spares imported and lying in stock as on date, 50% of these spares are insurance spares. These insurance spares have necessarily to be kept in stock to meet any unforeseen emergency in view of the time delay in imports. Further with day to day technological changes, the design of some of the equipment erected at Kothagudem Thermal Power Station have become obsolete abroad and it is therefore all the more necessary to have the spares for these equipment imported and kept in stock, as the manufacturers may not be in a position to supply these items at a later date.

sons working in these posts were allowed the UGC scales on par with
Lecturers provided they fulfill the conditions put put for allowing the said scales. Those who did not fulfill the conditions are being
continued as Tutors/Demonstrators with their original designation.
The category of demonstrators exists in all the University areas except
Osmania University. There is no such category in Osmania Univer-
sity area. But, there is a category of Lab Assistants who are in the
state scale of pay of Rs 550-0-850-25-900

b) In Osmania University area, Lab Assistants are still being
appointed in private-aided colleges. In the colleges under private
management which were taken over by Government the Lab Assis-
tants are being continued with the same designation. As and when
they vacate the post they will not be filled in because there is no
such category of posts on the staff pattern of Government Colleges.

c) In view of the abolition of cadres as a result of implementa-

a) Whether it is a fact that crop worth more of rupees is destroyed every year due to the floods of Nakkavagu and Ogeru in Guntur District

b) If so, the steps taken by the Government for taking up the drainage work of the said results

c) Whether it is a fact that this drainage work was entrusted to the officials of Nagarjunasagar Project Committee? Whether it is a fact that when they effected an amount of Rs 18,000/- towards compensation the ryots have approached the court for the payment of market value

d) Whether it is justifiable to pay in 1983, the rate which existed in 1953

e) Whether it is a fact that this dispute would not have arisen if drainage work was handed over to drainage Board and,
f) If so, the steps being taken by the Government

A

a) It is a fact that there is some damage to crops to submergence of Ogeru and Nakkavagu. The exact loss of crop is not estimated.
b) The estimate for improvement of Ogeruvagu from M 24/5 to M 37/0+550 and Nakkavagu from M 0/0 to M 6/0 was administratively approved for Rs 85,364 lakhs vide G O Ms No 174 dated 20-5-1982. The estimates were sanctioned, tenders were called for and agreements have been concluded. But improvement could not be taken up, except in one reach of Nakkavagu drain from M 2/0 to M 2/5 (where there was no land acquisition trouble). In other reaches some of land owners have filed writ petitions in the High Court and
obtained stay orders. The agreements were cancelled in 4/83 as the contractors have expressed their inability to keep open the agreements until the site is handed over to them.

c) The improvements to Ogeruvagu from M 24/5 to M 37/0 and Nakkavagu from M 0/0 to M 6/0 are being executed by Nagarjunasagar Project Right Canals Organisation. The administratively sanctioned estimate provides for payment of land compensation at a value of Rs 1,741 per acre in case of Nakkavagu area and Rs 1,930 per acre for Ogeruvagu area as per NSP (LA) Act. The ryots of Peddanandipadu village have approached the High Court demanding payment of land compensation at present market value, i.e., about Rs 18,000/- per acre. The writ petition is still pending in the High Court.

d) & e) The lands under upper Nallamada are being acquired under the provision of Nagarjuna sagar Project (Acq of Land) Act, 1956 according to which the compensation is paid at the market value of the land as on 1-7-1953 as part of the acquisition for the projects.

f) On a representation, the subject was discussed by Chief Minister with the Legislators. It was decided that the matter be examined in all aspects and the case settled equitably. The matter is under active consideration of Government.

Groundnut and Cotton Research Station

L A Q No 2683 (Unstarred)—Sri V V Narayana Reddy — Will the Minister for Agriculture be pleased to state,

(a) Whether it is fact that groundnut and cotton Research Stations were located at DARSI in Prakasam District some years back,

(b) If so, why they have been transferred to Adigoppula Lam in Guntur district and when,

(c) the reasons for the transfer,

(d) whether there are any stations at DarSI, intended to produce hybrid seeds of groundnut and cotton suitable to the Red soils of Nagarjunasagar Project lands;

(e) If so, the seed produced at the black soils of Adigoppula and Lam and whether they are suitable to red Soils;

(f) whether it is a fact that the production cost at Adigoppula is high, incurring much loss to Government;
Written Answers to Un Starred Questions re Ground nut a d Cotton Research Station

(g) whether there are rep-re-sentations to retrans-fer these two centres to Pulipadu and Darsi Taluk, Prakasam district, and

(h) If so, the action taken by the Government there ?

A.

(a) Yes Sir, the Cotton Research Station was located at Darsi from 3-8-65 to 1-5-1979

(b) & (c) The Cotton Research Scheme functioning at Darsi was shifted to Regional Agricultural Research Station Lam in 1977 and Groundnut Research Schemes to Adigop-pulla on 1-5-1979 As the University has no land at Darsi, some land was taken on lease for conducting Research on maize and groundnut. All through the scheme was located on a leased land with meagre facilities, it was being continued there for want of better location representing the soil and other conditions of the tract, with the taking over of the seed farm at Adigoppula (in Guntur district) this shortcoming was overcome Adigoppula has soils representative of the tract. It has the added facilities like land, farm equipment and machinery etc. In view of these facts the Groundnut Research scheme was shifted from Darsi to Adigoppula Similarly the Cotton Research Scheme was shifted to Regional Agricultural Research Station, Lam which is an established research station.

(d) No, Sir

(g) Yes Sir,

(f) Since the seed production farm at Adigoppula is not yet fully developed as envisaged under Nagarjunasagar project, the production cost is on high side.

(g) & (h) Yes Sir, In the year 1980 representations have been received from General Secretary, Nagarjuna Project right canal Ryots Association. The General Secretary of the Association was informed that the physical and other facilities available at Darsi were so meagre that it could not prove to be a viable scheme.

Home Guard Squads

312—

L A Q No 2786 (Un starred)—Sri V V Narayana Reddy*—Will the Hon'ble Chief Minister be pleased to state:

A

a) Whether there are Home Guard Squads in our State

There are no separate Home Guard Squads in our State, but there are temporary Home Guards Units

b) If so, the Number and the places and the strength of each Unit.

The total sanctioned strength of Home Guards in our State is 8,022 i.e. 55 Companies and 58 Platoons as shown in Annexure 'A' (Statement enclosed)

c) The emoluments paid to each of them at each place.

The Home Guards irrespective of their Head Quarters are paid a Parade Allowance of Rs 3.50 per Parade of 1½ to 2½ hours duration. Duty Allowance of Rs 8.00 per day per Home Guard is paid when they are called for duty. In addition, washing Allowance of Rs 1.00 per head per week for the duration of duty of 3 to 7 days is also paid to them.

L A Q No 3138 (U S) — Sri K Srinivasa Rao * — Will the Minister for works be pleased to state

a) The number of bores drilled by the A P Irrigation Development Corporation Ltd, in Tadepalligudem and Bhimadole taluks of West Godavari District but not energised as on 31-7-1983,

b) The reasons for not energising them,

c) The number energised bores that were not provided motors, and

d) The reasons therefor?

A:

a) 138 wells were drilled in Bhimadole and Tadepalligudem taluks upto 31-7-83. Out of 138 wells drilled, 112 wells were energised, 6 wells were abandoned and 20 wells had to be energised.

b) The Managing Director, Andhra Pradesh State Irrigation Development Corporation had taken up the matter with Andhra Pradesh State Electricity Board to ensure energising the remaining 20 bore wells.

c) There were 3 energised tube wells without pumps in Tadepalligudem taluk.

d) Due to heavy sand pumping the pumps in three tube wells in Tadepalligudem have been removed. The tube wells have to be caliper logged and cleared again with rigs and further action will be taken by the Andhra Pradesh State Irrigation Development Corporation Ltd.
