167 11th April, 1984 Oral Answers to Questions

Sri. M. Venkaiah Naidu :— Sir, which are the Distilleries that have applied for extension?

Sri. T. Jeevan Reddy :— That I will give and I can get that information with the exact dates.

Sri. Ch. Janga Reddy :— Sir, a responsible person, who happens to be the Commissioner, wrote a letter recently to the Secretary, on 31st i.e., before the question is taken up. This is a case, I am giving to you - what he told in his letter is - “This is a case of all of us functioning at a level where we are called upon to take a decision in all public interest and some times decisions
may not be covered by the Rule book...” 168

Sri T. Jeevan Reddy:— Sir, let that letter be passed on to me.

Sri T. Jeevan Reddy:— Sir, there is nothing wrong in it. He can give it.

Sri T. Jeevan Reddy:— Sir, let that letter be passed on to me.

Sri T. Jeevan Reddy:— Sir, there is nothing wrong in it. He can give it.

Sri T. Jeevan Reddy:— Sir, there is nothing wrong in it. He can give it.
Sri T. Jeevan Reddy:— Sir, no doubt the previous Government has issued some letters of intent but D-2 licences were not issued to those holders of letters of intent.

Sri M. Venkaiah Naidu:— Sir, this is a letter addressed to the Government and not to us. This letter was written by the Commissioner and was addressed to the Secretary, Revenue. Presently, I do not know the forces that are working behind this letter. It was cyclostyled and sent to many legislators. It is surprising. It is a confidential letter written by an Officer—a senior officer to the Secretary, Revenue. Then, why should we give a copy of the letter to Mr. T. Jeevan Reddy, the Hon'ble Minister. He is having the same in his own department i.e., with the Secretary, Revenue.

Mr. Speaker:— He will check up and take appropriate action.

Sri T. Jeevan Reddy:— Sir definitely we will get it examined.
Oral Answers to Questions 12th April, 1984 170

Mr. Speaker:— He will check up and take appropriate action.

Sri T. Jeevan Reddy:— Sir, I will examine it.

"Several demands were made by me to make the Government understand the implications of setting up of new distilleries and the very same Officer granted permission and granted extension for distilleries. Further he says "Unfortunately all my suggestions made from time to time have fallen into the deaf ears." Further he says "What all one needs is backing of corrupt officers of the department and unscrupulous politicians". This is the word he has used. This is a very serious thing. Sir, the Minister must take action against him. Action must be initiated.

Sri T. Jeevan Reddy:— Sir, I will take note of it and we will take it seriously.
I am not making any allegations now, because the matter is very clear. Moreover, in the letter written to the Secretary, Revenue, serious allegations and motives were attributed against certain Members. Otherwise I will not take it. I request you to peruse the enclosed letter, wherein the dare bureaucrats make a mockery of the Assembly. That will meet the ends of Justice. Is the Government ready and what is the action proposed to be taken against them?

Sri A. Madan Mohan:— We have given a notice under Rule 329 about the death of a student in the police lock up at Vijayawada.
Mr. Speaker:— I strictly follow the rules. Don't raise anything. I go by rules. I will post according to priority.

Sri A. Madan Mohan:— Sir, Yesterday at about 6.45 a.m. some of the student leaders belonging to Gandhi Medical College have approached me in the morning and represented saying that they were mercilessly beaten by the Police by getting inside the Lady Hydri Club. I am not here to defend the trespass of the students, but I know the genesis of the whole Lady Hydri Club. It was being claimed by the Members of the Lady Hydri Club that this property belonged to them. They wanted that this property should be declared in their favour. This matter went up to High Court and it took a decision saying that this property belongs to the Government. Thereupon the Members of the Lady Hydri Club had preferred another writ under Article 32 of the Constitution of India to Supreme Court in which they agitated that it should be declared as their own property. At that time they also wanted simultaneously to negotiate with the Government for a favourable decision out side the court. During the previous Government I happened to be the Health Minister. This matter was discussed at length in the chambers of the then Chief Minister thoroughly. At one time some point of agreement was reached between the Members of the Lady Hydri Club and the Government on the other side, but they did not agree to any of the proposals that were given to them. Some times they gave a

feeling that they would agree but they did not agree. Ultimately it was decided at that time that both the parties will bind themselves to the judgment that was likely to be delivered by the Supreme Court and the Supreme Court also having seen that no outside agreement is likely to reach between the Members of the Lady Hydri Club and the Government, they have pronounced their Judgment stating that this property belongs to Government. This is the legal aspect. The factual aspect is, this medical college has been there in the same premises. If I can recall, it is the second generation which is studying there. Some of them are the children of Civil Assistants who are studying in the final MBBS and fourth year of MBBS. They were not given the necessary accommodation which they were agitating for the past 20 to 30 years. This matter became a little more serious during the time of the previous Government. I would like to go on record that allegations were hurled at that time that some of the members of the Lady Hydri Club that I was responsible insisting the students. I condemn this tendency. They cannot take the law and order in their hands. I am not the person to support that point. I am interested to see that they really become the good citizens of this country. I had also not allowed the police officers to lay hands on my students. After all we should have enough patience to persuade the students, they should appreciate the real inconvenience. I am not trying to be political but this is my concept of political life. The fact is the students have made a representation to the Chief Minister time and again about the matter. Chief Minister was kind enough to say that he is going to take a decision. Stich in time saves nine. To-day we are confronted with a very delicate matter. We should apply our mind to see that the situation would not go beyond our control. Lung space is required for Gandhi Medical College. They have been really under suffocation. I know the staff of the Gandhi Medical College. They felt that the demand made by students is most justifiable that they should have lung space for their own activity and they cannot be confined to a small building. As health minister, I thought that after the judgment of the Supreme Court there would be no conflict or embarrassment or prejudice between the members of the Lady Hydri Club and the students of the Medical College and the Government on the other side.
Because of the delay in taking a decision by the Government, a serious situation has arisen. Now I would request the Chief Minister to think coolly and take a decision. I have always respected ladies and I am not saying it for saying. This country is proud of them. I have a sense of respect and reverence to them. Let us coolly apply our minds, whether the demands made by the students are justified or not. We have given three alternatives to the Members of the Lady Hydri Club. We said you leave the building. We are giving you near the police control room another Government land where you can have a building of your own. Then they insisted on money. We said we will give Rs. 6 lakhs for construction of the building. We said Silpa clinic at the Bashir Bagh will be given to you. You can manage your affairs. On that they have not agreed. Ultimately it was agreed that they both would abide by the decision of the Supreme Court. It is for the Government to look into the welfare of the students. Since it is adjacent to Gandhi Medical College, I hope it should be decided more in favour of the students.

re: Lathicharge on the Students of Gandhi Medical College

As regards the lathicharge on the students of Gandhi Medical College, it is necessary to find a better suited place, the college must be shifted and sufficient accommodation should be given. The issue must be decided as early as possible either in favour of the college or shifting the college to a better place and giving this building to the Lady Hyderi Club.

re: Lathicharge on the Students of Gandhi Medical College

Sri A. Madan-Mohan:— I have pleaded earlier with the Chief Minister through the Speaker that it is in the fitness of things and also desirable and justifiable that it should be given to the Gandhi Medical College. In fact, this is not the first generation which has been agitating for this land. This is the second generation. That means over over thirty years have passed and one generation has already left the college and their children are studying in the final year in the College. I want the

re: Lathicharge on the Students of Gandhi Medical College

Government to concede not because they are agitating but since they are justifiable in their mental agitation in having this land for themselves. We were taking refuge saying that this matter is pending before the Supreme Court and till a decision is taken the Government would not be in a position to commit itself. In the previous Government we did it and I told the students and the students were very peaceful and they did listen to us and they have acted upon as disciplined children. As I have already stated in my statement earlier, there is no lung space absolutely. If you leave it to the Gandhi Medical College, it would not only act as a lung space for the College but also to the entire city. We hardly have lung space within the city and it is really getting suffocated with the multi-complex buildings coming up. Sir, I would again like to request this Government and particularly the Chief Minister that the issue should not be looked into from the commercial point of view or from the commercial enterprise point of view. The Chief Minister should deal with this aspect as a State craft and this is not a commercial aspect. So the Chief Minister should keep the commercial value system aside keeping the State interest. When you look to the problem from the point of view of state-craft, naturally, I am sure the Chief Minister would be generous enough to consider ultimately in favour of the students of the Gandhi Medical College.

Sri N. T. Rama Rao:— There is no commercial proposition at all to the Government. We are looking to the beautification of the city as the most important place where so many cosmopolitan people are coming. We should only see that the city is beautified and it has been clearly mentioned and told also that this site belongs to the Government. So far as its use for marriage purposes, this and that and the club purpose, I have told you very openly that it shall be considered and decided for which purpose it shall be used. I know the problem of the students also. After all, this site belongs to the Government and it does not belong to the Medical College. The Government will consider all these things and decide.

Sri S. Jaipal Reddy:— The Medical College also belongs to the Government.

Sri N. T. Rama Rao:— I know better than...

It is a separate institution and this is a separate institution. I told that it shall be considered.

re: Social Boycott of Harijans in Haripalem Village Near Anakapalli by Caste Hindus

Sri A. Madan Mohan:— What I am saying is that I am surprised at the stress made by the statement of the Chief Minister that it does not belong to the Medical College. I would like to ask to whom does the Gandhi Medical College belong. Does it not belong to the Government?

Sri N. T. Rama Rao:— It is a separate institution. I want to stress that it is a separate institution and Lady Hyderi Club is a separate Complex.

Sri A. Madan Mohan:— This confirms my apprehension. First I never wanted to make it a debating point. Yesterday, when the students met me they had expressed their apprehension that this land ultimately may be converted into a marriage hall or some such thing. My feeling is, if the Government is erring on the other side of taking a decision it has asserted itself that it does not belong to the Gandhi Medical College being a separate institution and Government being something else. So, this fear is getting confirmed that probably the Government has something in mind to construct a type of marriage hall which of course may be converted into...

Sri N. T. Rama Rao:— There is nothing in the mind of the Government. We are still thinking, which I told already. I told you that it shall be considered. We have nothing in mind as to the business complex or marriage complex. All these aspects shall be considered and decided.

Sri A. Madan Mohan:— No. Sir...

Mr. Speaker:— The Government is considering what to do.

Sri A. Madan Mohan:— Since the Chief Minister has said that the Government has nothing in mind, my fear is, empty mind is devil’s work shop and let not the devils get into it.

The petitioners seek relief from the court to prevent the continuation of this unlawful practice.

The court, in considering the petition, will examine the evidence submitted by the petitioners and decide whether the social boycott is indeed taking place. If the court finds that the boycott is in violation of the law, it may issue an order to cease the boycott and ensure the equal rights of the Harijans.

The petitioners hope that the court will take prompt action to address the grievances and accord justice to the Harijans living in Haripalem Village.

Mr. Deputy Speaker:— Your recommendations will not be entertained here.

Mr. Deputy Speaker:— You are not the representative of the Government. The Government representative is there...

Mr. Deputy Speaker:— They are the recommendations made by the Harijans.

Mr. Deputy Speaker:— The Harijans are not people. They are Harijans. They are not people.

Sri A. Madan Mohan:— We have suggested during the last Session and I have suggested during the budget discussion also that the State should take over the Food grains instead of the middlemen. It has also come in the newspapers that the Government is seriously thinking about it. Is there any serious exercise going on; because it touches the route of the problem, I wanted to know about this.

Sri N. T. Rama Rao:— We have not decided about it.
