Oral Answers to Questions
Oral Answers to Questions 24th September, 1985 255

Q. 1. Question: What is the current situation regarding the implementation of the 24-hour working week?

A. The implementation of the 24-hour working week is ongoing, and efforts are being made to ensure its smooth transition. The government is working closely with the trade unions to address any concerns and ensure a fair transition.

Q. 2. Question: What is the current status of the pilot project on waste management?

A. The pilot project on waste management is currently being evaluated to assess its effectiveness and sustainability. Further steps will be taken based on the findings of the evaluation.

Q. 3. Question: What is the current status of the project to improve road safety?

A. The project to improve road safety is ongoing. Significant progress has been made in the installation of safety barriers and the improvement of road markings. However, more work is needed to address the root causes of road accidents.

Q. 4. Question: What is the current status of the initiative to promote renewable energy?

A. The initiative to promote renewable energy is gaining momentum. Significant investments have been made in solar and wind energy projects. However, more support is needed to expand access to clean energy in rural areas.

Q. 5. Question: What is the current status of the project to expand the railway network?

A. The project to expand the railway network is currently in progress. Significant progress has been made in the construction of new lines and the modernization of existing infrastructure. However, more work is needed to address the challenges associated with funding and maintenance.

Q. 6. Question: What is the current status of the initiative to improve access to education?

A. The initiative to improve access to education is ongoing. Significant progress has been made in the addition of new schools and the expansion of educational programs. However, more work is needed to address the challenges associated with funding and infrastructure.

Q. 7. Question: What is the current status of the project to improve health care facilities?

A. The project to improve health care facilities is ongoing. Significant progress has been made in the construction of new hospitals and the expansion of health care services. However, more work is needed to address the challenges associated with funding and staff training.

Q. 8. Question: What is the current status of the initiative to promote tourism?

A. The initiative to promote tourism is gaining momentum. Significant progress has been made in the development of new tourist destinations and the expansion of tourism infrastructure. However, more work is needed to address the challenges associated with funding and marketing.

Q. 9. Question: What is the current status of the project to improve water supply?

A. The project to improve water supply is ongoing. Significant progress has been made in the installation of new water supply systems and the expansion of water treatment facilities. However, more work is needed to address the challenges associated with funding and maintenance.

Q. 10. Question: What is the current status of the initiative to promote rural development?

A. The initiative to promote rural development is ongoing. Significant progress has been made in the creation of new employment opportunities and the expansion of rural infrastructure. However, more work is needed to address the challenges associated with funding and staff training.

Q. 11. Question: What is the current status of the project to improve agricultural productivity?

A. The project to improve agricultural productivity is ongoing. Significant progress has been made in the introduction of new farming techniques and the expansion of agricultural infrastructure. However, more work is needed to address the challenges associated with funding and staff training.

Q. 12. Question: What is the current status of the initiative to promote small and medium-sized enterprises?

A. The initiative to promote small and medium-sized enterprises is ongoing. Significant progress has been made in the creation of new business opportunities and the expansion of support services. However, more work is needed to address the challenges associated with funding and staff training.
Purchase of Materials By A.P.S.E.B

1369—Q.—Smt. Yerneni Sita Devi (Mudinepalli) and Sri D. Rajasekhar (Kankipadu): Will the Minister for Finance and Power be pleased to state:

a) whether the materials required for the Andhra Pradesh State Electricity Board are being purchased from the Small Scale Industries; and

b) if so, the details thereof?

1) 1983-84
2) 1984-85

Sri Gangineni Venkateswara Rao (Vizianagaram) : Will the Minister for Agriculture and Animal Husbandry be pleased to state:

a) the amount of loss sustained till now by Andhra Pradesh Dairy Development Corporation:

b) the reasons for sustaining loss:

c) the steps being taken by the Government to improve the activities of the Corporation: and

d) whether automatic milk yielding units are going to be started to remove the difficulties of the consumers in supplying the milk?

Mr. Gajapati Ram Reddy Gerganti, Minister for Agriculture and Animal Husbandry, replied:

1) 1983-4 was a hot season and the seasonal crops faced difficulties, which resulted in an overall reduction of production in the state. The Government of India has sanctioned loans of Rs. 106.27 crore for the year 1983-4.

2) A total of 24,74,55,000 litres of milk were sold in state co-operatives, which is a 33% increase over the previous year.

Cases Pending in Abids, Saifabad, Humayun Nagar Police Stations

*1346—AQ.—SAIVASII P. Janardhan Reddy and Md. Jani (Gun-tur-I): Will the Minister for Home be pleased to state:

a) Number of cases of theft, snatching of motor cars, motor cycles pending under the Abids, Saifabad and Humayun Nagar Police Stations since January 1985:

b) the number of cases disposed?

Cases Pending in Abids, Saifabad, Humayun Nagar Police Stations
24th September, 1985

Oral Answers to Questions

1. The Minister is requested to explain the reasons why there has been a delay in the implementation of the new industrial policy in this constituency. The delay has caused serious concern among the industrialists in the area. They have expressed their disappointment with the Government's failure to address their concerns.

2. The Minister is requested to clarify the Government's stance on the issue of land acquisition for the new industrial park. The affected farmers have been protesting against the forced acquisition of their land and have demanded just compensation.

3. The Minister is requested to update the House on the progress of the new railway line project. The project is crucial for the economic development of the region and the affected communities have been awaiting its completion for a long time.

4. The Minister is requested to provide an update on the current status of the new hospital being constructed in the area. The hospital is expected to cater to the healthcare needs of the population but there have been delays in its construction.

5. The Minister is requested to explain the measures being taken to ensure the safety and security of the residents in the affected areas. The recent incidents have raised concerns among the populace and they are demanding adequate protection.

6. The Minister is requested to address the issue of the ongoingancy in the area. The residents have been complaining about the lack of regular supply of essential commodities and they are demanding immediate action.

7. The Minister is requested to provide an update on the progress of the new school being constructed in the area. The residents have been eagerly awaiting the completion of the school and the provision of quality education for their children.

8. The Minister is requested to explain the reasons behind the recent increase in the price of electricity. The affected residents have been protesting against the hike in electricity prices and they are demanding a fair explanation.

9. The Minister is requested to address the issue of the ongoing water crisis in the area. The residents have been facing difficulties due to the lack of water supply and they are demanding immediate action.

10. The Minister is requested to provide an update on the current status of the new airport project. The project is expected to boost the local economy but there have been delays in its construction.

11. The Minister is requested to address the issue of the ongoing environmental pollution in the area. The affected residents have been complaining about the adverse effects of pollution on their health and they are demanding adequate protection.

12. The Minister is requested to provide an update on the progress of the new road project. The road is expected to connect the area with the rest of the state and the affected communities have been awaiting its completion for a long time.

13. The Minister is requested to address the issue of the ongoing electricity cuts in the area. The affected residents have been protesting against the cuts and they are demanding immediate action.

14. The Minister is requested to provide an update on the current status of the newly built bridge. The bridge is expected to improve transport connectivity but there have been delays in its completion.

15. The Minister is requested to explain the reasons behind the recent increase in the price of commodities. The affected residents have been complaining about the hike in prices and they are demanding a fair explanation.

16. The Minister is requested to address the issue of the ongoing water crisis in the area. The residents have been facing difficulties due to the lack of water supply and they are demanding immediate action.

Sri M. V. Krishna Rao (Tanuku): Sir, it is purely a local affair. It is not in the public interest. I do not know why this question has been allowed at all. The Hon'ble Member should have obtained this information from any Police Station.

Sri N. Indrasena Reddy (Malakpet): But, Sir, this shows about the administration of the Government.

Import of cement by Andhra Pradesh State Trading Corporation

Sri Md. Rajab Ali: Will the Minister for Small Scale Industries, Textiles Commerce and Marketing be pleased to state:

a) whether any deal has been struck up by the Andhra Pradesh State Trading Corporation, wherein the Union Government has been cheated upto Rs. 6 crores in a Cement Import affair from Korea:

b) whether the said fraud has been made possible with the active connivance of some highly placed officials of State Trading corporation; and

c) if so, the action taken by the Government against the said officials and to recover the amount lost?

L.A.Q. Postponed from 13-9-1985

Khader Ali Khan Enquiry Commission on Wakf Properties

1345—E-Q.—Sarvasr G. Butchaiah Chowdary and Bashiruddin Babukhan: Will the Minister for Sugar Industries and Wakf be pleased to state.

a) whether the State Government have appointed Khader Ali Khan Enquiry Commission during the year 1982 to save Wakf property of Andhra Pradesh. If so, the Commission has submitted its report and the action taken on the report;

b) How many mosques, Peerlapanjas, Dargahs are situated in Andhra Pradesh and the properties owned by these institutions;

c) whether recognised Mutavallis (Trustees) have been appointed on all the wakf properties as per the Wakf Act 1954 or not?

(No Answer)
Sri Bashiruddin Babukhan (Bodhan): The Hon'ble Chief Minister is also present in the House. It is more than a year since the Wakf Enquiry Report of Khader Ali Khan came as well as the Wakf (Amendment) Act which has been passed by the Centre and sent to the State for adoption. I would request the Hon'ble Chief Minister to see that these two documents are placed on the Table of the House and these are brought into force immediately.

The Khader Ali Khan Enquiry Commission had examined the working of the Wakf Board and had advised as to how the working can be improved in the management of these huge properties. As has been listed, many acres of land is belonging to three Institution-Mosque, Darga and Peer Panja. The administration, as per the Commission's advice, is to tone up if these properties are to be protected or developed further. It is therefore my earnest request to the Hon'ble Chief Minister that these two documents are placed on the Table of the House immediately.

PRESENTATION OF PETITION
re: Appeal issued by the A.P. Teachers’ Federation, Vijayawada regarding the problems of aided and private school teachers in the State.

Dr. Y. S. Rajasekhara Reddy: Sir, I present a petition to the Assembly signed by 11,115 teachers on the appeal issued by the A P. Teachers Federation, Vijayawada regarding the problems of aided and private school teachers in the State.

Mr Deputy Speaker: Petition presented.

MATTERS UNDER RULE 304

Irregularities and Misuse of Funds in MARKFED

In the report it was observed that the staff due to their being related to higher ups in various Departments of the Government or in political life, have become indisciplined and many of them appear to be incorrigible. Many of them got accustomed to foul means of earning and mismanagement and it is difficult to take any strong action against any of them due to various reasons like the influence they command or goondaism or hooliganism they resort to, as referred to by Sri M. Veeranjaneyulu. In the report it was further observed that the present working of the Federation gives an impression as though it has been functioning with the main object of continuing its employees in employment rather than with the objective of rendering any service to its members or to the public.
310 24th September, 1985

Matter under Rule 304 re Irregularities and Misuse of funds in MARKFED

In the year 1981, a matter under Rule 304 was referred to the MARKFED. In the year 1982, the matter was referred to the MARKFED again. In 1983, the matter was referred to the MARKFED for the third time.

In 1984, the matter was referred to the MARKFED for the fourth time. In 1985, the matter was referred to the MARKFED for the fifth time. In 1986, the matter was referred to the MARKFED for the sixth time.

Matter under Rule 304
re: Irregularities and Misuse of funds in MARKFED

24 September, 1985

Sri H. B. Narsegowd in the Chair

The meeting was held on 19th July 1987 in the office of the
Chairman. It was informed that the investigation was conducted
under Rule 304 of the Act. The investigation was
conducted by the members of the team under the supervision of
the Chairman. The investigation was completed on 19th July 1987.

(Sri H. B. Narsegowd in the Chair)
Matter under Rule 304  
24th September, 1985  
re: Irregularities and Misuse of funds in MARKFED

The matter is as follows: The matter under the Rule 304, which has come under our observation, has been brought to our notice by the management of MARKFED. The management has informed us that there has been an irregularity in the utilization of funds. The details are as follows:

1. The irregularity is due to the mismanagement of funds. The management has failed to utilize the funds as per the instructions given by the government. The funds have been used for personal purposes instead of for the benefit of the society.

2. The management has not maintained proper records of the funds utilized. The management has not kept a record of the funds utilized and the purpose for which they were utilized.

3. The management has not maintained proper records of the financial transactions. The management has not kept a record of the financial transactions and the amount of money utilized.

4. The management has not maintained proper records of the assets and liabilities. The management has not kept a record of the assets and liabilities and the amount of money utilized.

The management has been instructed to rectify the irregularity and to maintain proper records of the funds utilized. The management has been instructed to submit a report to the government within 10 days of the receipt of this order.

The management has been instructed to submit a detailed report to the government within 10 days of the receipt of this order.

re: Irregularities and Misuse of funds in MARKFED

M. V. Kaishna Rao Sir, it is not fair to bring in the names of the officers who are not present in the House. Therefore, I request you to expunge the name of the officer whose name has been furnished in connection with the charge because we do not know whether the allegation is going to be proved. If it is disproved,
unnecessarily that officer will have to bear the stigma. Therefore, I request you to expunge the name of the officer.

re: Arrest of a Watchman of  
Municipal High School,  
Santhapet, Chittoor District.

Sri K Vidyadhara Rao: The convention of the House has been that during the last Session and this Session, if the matter is the same they are generally clubbed.

(Interruptions)

Chairman: Please, please.

Sri P. Ramachandra Reddy (Sangareddy): The reason for splitting is to avoid tension. If it is clubbed, we will be inviting trouble. I am telling this for the smooth running of the House. And now the same mistake is sought to be repeated. Let the answer be given to our Members to-day and to-morrow later on. If there are any points, let him answer to their points.

Sri Vasantha Nageswara Rao: Let me clarify to the august House.

Sri P. Ramachandra Reddy: Sir, I am requesting the Chair to use discretion. On the same principle which was agreed upon, split the question. The same position is there to-day.

Chairman: It is already split.

Sri P. Ramachandra Reddy: The incident is the same but different persons are involved. The Speaker has to use his discretion.

I am not going on technicalities. This could have been avoided. May I request you Sir to take this up to-morrow.
Matter under Rule 304
1e Arrest of Watchman of Municipal High School Santhapur Chittoor District

We have requested for the smooth running of the House. The Hon’ble Minister for Home is very healthy and energetic to answer every body but he is creating tension.

Sri Vasanta Nageswara Rao I am able to answer to any question.
Matter under Rule, 1985
24th September, 1995

re. Arrest of a Watchman of
Municipal High School,
Santhapet, Chittoor District,

The present case relates to an arrest made by the police. On 2nd September, 1995, at 2.30 a.m., a school watchman, Mr. Ramesh, was apprehended by the police. The arrest was made based on a warrant issued by the Court. Mr. Ramesh, a teacher at the school, was accused of negligent discharge of duty.

The warrant was issued by the Court on 3rd September, 1995. The warrant was based on a complaint filed by the school authorities. The warrant was served on Mr. Ramesh on 4th September, 1995.

Mr. Ramesh was released on bail on 5th September, 1995. He has been instructed to appear before the Court on 6th September, 1995.

Matter under Rule, 1985 24th September, 1985

re: Arrest of a Watchman of Municipal High School, Santhapet. Chittoor District,

After carefully considering the matter mentioned above, it is hereby observed that the arrest of the Watchman, Mr. J. Ramesh, who was employed at the Municipal High School, Santhapet, was illegal and without due process of law. The school authorities were informed about the arrest and were requested to take appropriate action. It is further observed that the Watchman was not provided with any legal assistance during the arrest.

It is hereby ordered that the Watchman be immediately released and that the school authorities take necessary steps to ensure his security and welfare.

Sub: Order of Release

This order is issued in view of the above observations and in accordance with the provisions of the relevant laws. The school authorities are requested to ensure that the order is implemented without delay.

Matter under Rule 304

re: Arrest of a Watchman of Municipal High School, Santhapet, Chittoor District.

Sri K. Vidhyadhara Rao: Chairman, Sir, it is really surprising to note that so many Members have said about it. But the notice given is regarding the arrest of a watchman of a Municipal High School in Chittoor district on 2nd August, 1985. But, the things highlighted are something totally different. The issue is totally different. It is really unfortunate that people who have been in power for so many years and who are ruling at the centre to have claimed that the arrest of a watchman was so great. The main point here is why was he arrested. The arrest of the watchman was done because he, under the leadership of Municipal Chairman Mr. Jyothirath, a Member of the Congress Party, along with his benchmen.

(Interruptions)

ANNOUNCEMENT

re: Laying of Answer to Calling Attention Matters and Laying of Papers on the Table of the House included in the agenda on 24.9 85

Chairman All the Calling Attention matters and the papers included in the agenda are deemed to have been answered and laid respectively (See Appendix)

Under rule 133 (3) of the Assembly Rules, I put all the outstanding matters in connection with the Demands for Grants
BUSINESS OF THE HOUSE

24th September, 1985

1. THE BILL: The Hon. Member for the month of October 1985 stated that the Government had made some significant changes in the tax structure. The changes included the introduction of a new withholding tax on interest income, a reduction in the rate of capital gains tax, and an increase in the excise duty on tobacco products. The Minister for Finance responded that these changes were aimed at increasing revenue and providing relief to taxpayers. The Opposition whip, however, expressed concerns over the impact of these changes on small businesses and farmers. The Speaker adjourned the House until the following day.

2. THE QUESTION: The question regarding the performance of the national economy was tabled. The Minister for Planning and Economic Development presented a comprehensive report on the economic indicators for the past quarter, highlighting the significant growth in the manufacturing sector and the increase in foreign direct investment. The Leader of the Opposition thanked the Minister for the update and raised questions about the government's plans for addressing unemployment and poverty. The Speaker ruled that the question be referred to the relevant committees for further investigation.

3. THE PRIVILEGE: A motion was moved to express concerns about the abuse of power by law enforcement agencies during recent protests. The mover cited instances of excessive use of force and urged the government to ensure that the rights of citizens are protected. The Attorney General responded that the government was aware of the concerns and was taking steps to improve police accountability. The Speaker called for a vote on the motion, which was passed with a majority.
1.30 P.M.

Mr. President (Mr. R.): The Business of the House is the审议 of the day, as agreed to yesterday. The honourable Member for Madras (Mr. S.) has to be absent for the day. The Business of the House is, therefore, on the Order of the Day. The first Order is the insurrectionists in the Madras Presidency. The honourable Member for Madras (Mr. S.) has moved a Resolution on this subject. The Resolution has been moved by the honourable Member for Madras (Mr. S.) and seconded by the honourable Member for Bombay (Mr. T.).

The question is whether to adopt the Resolution.

The first question is whether to adopt the Resolution. The debate on this subject will be adjourned until after the discussions on the other matters.

(The discussion.)

The discussion will be adjourned until after the discussions on the other matters.

Short Discussion on Drought
situation in the State

356, 10,176 cases of drought have been reported as of 30th August. The situation in the 12,000 affected areas is described as very serious. A major drought is expected in the coming days. The government has taken necessary steps to deal with the situation.

4:30 P.M

In order to strengthen the public's understanding of the situation, a discussion was held on the importance of drought control. It is evident that the drought situation is very serious. The government has taken necessary steps to deal with the situation.

Short Discussion on Drought situation in the State

1984 and 1985 were years of drought, with 1984 being the worse. The situation was so bad that the farmers were forced to adopt various measures to conserve water. The following measures were taken:

1. Dug wells and bore wells.
2. Constructed check dams and bunds.
3. Installed water harvesting devices.
4. Developed rainwater harvesting systems.
5. Adopted water conservation techniques.

These measures helped in conserving water and ensuring a steady supply for the crops. However, the long-term solution to the problem of drought lies in the development of water management systems and the implementation of policies that promote sustainable water use.
Short Discussion on, Drought, 24th September.

situation in the State...
Short Discussion on Drought situation in the State

24th September, 1985

The state is facing a severe drought situation. The recent rainfall has been insufficient to sustain the current crop needs. The state government has implemented various measures to mitigate the impact of drought. Farmers are being provided with drought-resistant seeds and irrigation facilities are being improved. However, the situation remains critical, and more support is needed to alleviate the suffering of the farmers.

The government has also initiated programmes to provide relief to the affected population. Food and essential supplies are being distributed to the needy. Additionally, steps are being taken to enhance water conservation and management practices.

The drought situation is expected to persist for some time, and it is crucial for the state to prepare for the long term. The government is closely monitoring the situation and is ready to implement further measures as required.

In conclusion, the state is facing a severe drought situation which requires immediate and sustained efforts to address the challenges. The government is taking all necessary steps to mitigate the impact and provide support to the affected population.
Sri Shivaiaao Shetkar ; (Narayanakhed) : Mr. Deputy Speaker, Sir, the report submitted by the Hon. Chief Minister, pertaining to the seasonal conditions indicates, in crystal clear terms, that the State is presently facing drought and is going to face famine conditions. When that being the case, I submit that the proposals submitted in this Report as to how they will face this situation are very vague. The Chief Minister in his statement has mentioned that Rs. 4 1/2 crores have been sanctioned ... Rs. 3 crores for the water supply schemes, Rs. 1 crore to meet the water scarcity in municipal areas and Rs 50 lakhs to cater to the fodder requirements in the State. That is very meagre.

There are three regions in our State. In Telangana the rainy season is from June to September and with that, the rainy season is over practically in the entire Telangana region. When that being the case, there is no future scope that you will get rains. Our irrigation sources are reservoirs and the water level in the reservoirs
has gone down. We cannot expect that any additional water will flow into those reservoirs in future. I concede that there may be south-east monsoon. Those monsoons may come in Circars and to some extent in Rayalaseema. It has been amply recognised that Rayalaseema is a chronically drought prone area. When that being the case, permanent measures have to be taken to face the drought conditions in Rayalaseema. For that, comprehensive water supply schemes have to be taken up along with several other minor irrigation sources like percolation tanks, other minor irrigation sources and bunding of the fields. That is one aspect. The Nizamsagar project has dried up. That means there is no water, there are no rains in Medak district and also in Nizamabad. The whole catchment area of Manjira basin is in Medak district. When that being the case, I submit here how precarious our position is. Our crops are affected badly. Even the dry crops jowar, pulses, etc., have dried up. There is no scope of getting a single grain from those crops. I submit that the entire Telangana area is going to face very bad future. In the statement of the Chief Minister, it is hoped that in future if any rain comes, we can face the situation. I submit that there is no scope in Telangana. I warn the Government that the Hyderabad city will not get water from Singuru project and the Hyderabad city will be facing very bad situation about drinking water. That is why, from now itself, you have to plan how to face the very bad drinking water problem in the capital.

My friends have said that agriculture community and labour community will be affected. My submission is that the whole community will be affected. The consumer, the producer and the labourer will be affected. Prices will be soaring. In my district paddy prices are going up day in and day out. I submit that we have to open fair price shops further and not only rice we have to give jowar, pulses, oils and other essential commodities through the fair price shops. Then only we can help the consumers. First of all the agricultural community should be given relief. Recently, we have passed a Bill through which we are collecting wet assessment from precarious sources also. All of them have dried up. There is no scope of irrigating a single acre from them. When that is the case, collection of the revenue from the precarious sources and collection of wet assessment should be abandoned forthwith. I except the Revenue Minister and the Hon. Chief Minister to come up and say that they are not going to collect the wet assessment this year from all minor irrigation sources. Any type of loan collection, whether it is revenue, cooperative or any other loan should be stopped forthwith. Till this date, the Agriculture Development Bank is collecting arrears of loan with all persuasion and coerciveness. That
Short Discussion on Drought situation in the State

should be stopped immediately. I expect that our Chief Minister will categorically assure this House that no loan will be collected either it is in the cooperative sector or revenue sector or through banks. We have created a good precedent. Last year, we have given to the small farmers interest free loans. We have to give assurance to the cultivators that interest free loans will be provided to them. That is the need of the hour. We have to go in a big way to help the farmers of Andhra Pradesh. The farmers of this prestigious State has served the entire country by supplying food. This year we are facing a very bad situation. The farmer should be given a big helping hand.

My friends have emphatically said and also proposed labour intensive works. For the labour intensive works, lot of money has to come from the Central Government. They are having banks with them. In the report it is mentioned that the State Government has submitted a second memorandum to the Government of India seeking Central assistance of Rs. 345 crores for continuing the on-going drought relief works. Till this day we have not spent the drought money on on-going relief works. This reveals that the State Government is not in position to spend all the money which the Central Government has sanctioned to the State. This will reflect on our proposals and creates an impression that our Government is not in a position to spend it. Such a report should not be submitted to the Central Government. My humble submission is, we have to clarify from here itself how you are going to face the drinking water problem. Our Chief Minister, with all earnestness and sincerity came before the House to say that he will solve the problem. This year the Central Government or the State Government should curtail all other activities and flow money into these activities to face the famine and drought conditions. No need, not less than Rs. 500 crores to face this situation. Comprehensive schemes are pending with the Central Government. Even the Netherlands Government is giving Rs. 9 crores to this Government. I submit that our Hon. Minister for Panchayati Raj should visit Delhi and get the money sanctioned before the end of October, plan the scheme and ground them successfully. For small and petty cultivators, our Government should and subsistence allowance this year. My submission is that we should all cooperate with this Government in solving this problem.

Start Discussion on Drought situation in the State

24th September, 1985

Situation in the State

The situation has escalated drastically. The condition is severe, and the entire state is affected. In the southern part, the situation is particularly grim. The drought has led to significant agricultural losses.

In the northern region, the situation is equally concerning. The implementation of the irrigation system has been inadequate, leading to water scarcity. The prolonged dry spell has taken a toll on the crops.

The government has announced an emergency package to mitigate the impact. However, it requires immediate action to prevent further deterioration.

The situation demands a comprehensive approach involving various stakeholders. The state needs to prioritize water conservation and efficient irrigation management.

Short Discussion on Drought situation in the State

The report shows that 90% of the area in the state is affected by drought. In some areas, the percentage is as high as 80% or more. Various steps have been taken to mitigate the situation. In addition, there are plans to increase the number of water sources in the state, including the construction of new reservoirs and the expansion of existing ones. The state government is also encouraging farmers to adopt drought-resistant crops and agricultural practices. Overall, the situation is critical, and concerted efforts are needed to alleviate the impact of the drought.

Short Discussion on Drought situation in the State

6:30 P.M.

The meeting was called to order by 24th September, 1985

Sir, the situation prevailing in the State is as follows:

A few days ago, we had a briefing session with the officials from the water department. It was highlighted that the water levels in various reservoirs are critically low. The Madhura and Kaveri rivers have not seen any significant flow recently.

The situation is particularly severe in the districts of XYZ. The irrigation canals are almost dried up, affecting the cultivation of crops. The livelihood of the farmers is at stake.

Steps have been taken to address the issue. Dams are being fully utilized, and water is being河道 from other sources. However, the demand far exceeds the supply.

We need immediate action to mitigate the impact of drought. Plans are underway to increase the storage capacity of reservoirs. The government is also looking into the possibility of exploring new sources of water.

Mr. Minister, we request your urgent intervention and support to ensure that the measures are implemented effectively. The suffering of the people cannot be ignored.

Thank you.

Short Discussion on Drought situation in the State

Situation in the State:

The year 1975 saw a critical drought situation in the state. The first phase of the drought happened during the year 1975. The second phase occurred in 1977. The third phase was in 1980, and the fourth phase was in 1982. The fifth phase happened in 1985.

The state had to face severe consequences during these drought phases. The crops were affected, leading to a decrease in the yield. The situation was further worsened by the lack of rainfall. The government had to take several measures to mitigate the impact of the drought.

In conclusion, the drought situation in the state has been a continuous problem, affecting the agriculture sector and the overall economy. The government needs to work on long-term solutions to combat the effect of drought and ensure food security for the future.

Short Discussion on Drought situation in the State

The situation of drought in the state of our country has been very acute. The precipitation has been very low due to the abnormal weather conditions. The crops have been affected severely due to the lack of rainfall. The government has taken several measures to mitigate the effects of drought. The farmers have been advised to adopt drought-resistant varieties of crops. The irrigation departments have been urged to make maximum use of available water resources. The drought relief measures have been intensified to provide assistance to the affected farmers.

The situation is very critical, and the state government is working closely with the central government to tackle the drought. The state has been able to procure some relief material from other states, and the assistance is being provided to the affected farmers.

In conclusion, the government is taking all possible measures to overcome the effects of drought. The situation is expected to improve in the coming months with the onset of monsoon.

Andhra Pradesh (Krishna, Godavari and Pennar delta area) Drainage cess Bill, 1985

I. Introduction:

The Government of India, through the Andhra Pradesh (Krishna, Godavari and Pennar delta area) Drainage cess Bill, 1985, sought to address the issue of drainage cess. The aim was to implement measures to mitigate the effects of floods and ensure sustainable drainage systems. The bill was introduced on 24th September, 1985.

The bill was estimated to bring in substantial revenues for the state's flood mitigation and drainage management. It sought to create a dedicated fund for such purposes. The cess would be levied on specified categories of activities that contributed to drainage issues.

II. Detailed Description:

The bill detailed the structure of the cess, including the rates and collection methods. The cess was levied on various activities such as construction, mining, and industrial operations. The rates were set to ensure adequate funding for the planned projects.

The bill was aimed at reducing the economic burden on the state by ensuring that the revenue from the cess was used efficiently. The funds collected would be used to finance projects such as the construction of new drainage systems, the repair and maintenance of existing systems, and the implementation of flood control measures.

The bill also included provisions for strict monitoring and enforcement of the cess. The authorities were empowered to ensure that the cess was collected in a transparent and accountable manner.

III. Implementation:

The implementation of the bill was expected to improve the state's flood management systems. The collected cess would be used to fund projects that aimed at reducing the impact of floods and improving drainage systems.

The bill was a significant step towards addressing the challenges posed by drainage and flood control. It promised to bring about a significant improvement in the state's drainage infrastructure, thereby enhancing the quality of life for its residents.

The bill was widely supported by the government and received positive feedback from various stakeholders. It was anticipated to bring about a positive change in the state's drainage scenario, thereby reducing the impact of floods and improving the overall well-being of the population.

Government Bills

Andhra Pradesh (Krishna, Godavari and Pennar delta area)

Dramagag cess Bill,

...

The lands are suffering from excess of water—water is more.

Drainage and irrigation go together.

The lands are suffering from excess of water—water is more.

Drainage and irrigation go together.
How far it is possible, we have to examine. How far this lift irrigation scheme will be feasible?
If you refer to the statement of Objects & Reasons, it says it is for the construction of reservoir. But, already, the reservoir has been constructed.

It is only to tackle the drainage problem.

It should not apply to dry lands.

Collected from owners and loan money received from Central Government

In short...
My request to the Government is that whatever amount is collected should be allocated to the State Government. We have every right to approach the Central Government. Whatever we are spending we can ask them to re-imburse. We have to justify for more grants.

There is every justification to approach the Central Government, and ask for money.
First phase is completed

We have created some artificial problems for ourselves

It should be taken up hereafterwards on sound scientific lines, because drainage problem is an account problem.
There is clearly, lack of co-ordination.
Government Bills
Andhra Pradesh (Krishna, Godavari and Pennar delta area)
Drainage cess Bill,

This is for taking up the drainage schemes in the delta area.

The bill is for removing the existing drainage systems and setting up new systems in the delta area.

The bill aims to improve the drainage system in the delta area to prevent flooding and improve agriculture productivity.

The bill provides for the collection of a cess on landowners to finance the construction and maintenance of drainage systems.

The bill also includes provisions for the operation and maintenance of the drainage systems once they are constructed.

The bill is expected to be passed in the current session of the state legislature and come into effect from 1st October 2023.

Andhra Pradesh (Krishna, Godavari and Pennar delta area)
Drainage cess Bill, 1985

Nothing has been collected from dry lands. It is only exclusively meant for delta areas and to reduce the problem for delta areas I request the Hon'ble Minister not to collect anything from the delta areas.

Sri K.E. Krishnamurthy: Sir, if it was the practice of last year, this year also it would be continued.

I may be permitted to move the following official amendment to Clause 2.

Chairman: Yes please.
24th September, 1985

Government Bills
Andhra Pradesh (Krishna, Godavarti and Pennar delta area)
Drainage cess Bill,

Sri K. E. Krishnamurthy. Sir, I beg to move

"Instead of "The anicut near Dowaleswaram" it should be "Barrage at Dowaleswaram."

Chairman: Amendment moved.

Sir, I beg to move

"Instead of "The anicut near Dowaleswaram" it should be "Barrage at Dowaleswaram."

Chairman: Amendment moved.
Chairman : Let the Bill be put to vote for consideration then you can press for division Mr, Omkar.

Chairman : The Question is :

"That the Andhra Pradesh (Krishna, Godavari and Pennar Delta Area) Drainage Cess Bill, 1985 be taken into consideration."

Sri M. Omkar : I press for division please.

The House divided thus :

Ayes ... 31
Noes ... 15
Neutrals ... nil.

The motion was adopted and the Bill was considered.

Chairman : Now I shall put the clauses to vote.

There are no amendments to clauses 3 to 16, Schedule, Clause I, Enacting formula and Long title.

The question is :

"That clauses 3 to 16, schedule, Clause I, Enacting Formula and Long Title do stand part of the Bill."

(Pause)

The Motion was adopted and Clauses 3 to 16, Schedule, Clause I, Enacting Formula and Long Title were added to the Bill.

Chairman : There is one amendment to Clause 2, already moved.

The Question is :

"That in Clause 2, instead of "anicut near Dowleswaram" it should be "Barrage at Dowleswaram."

(pause)

The Amendment was carried

Chairman : The question is :

"That Clause 2, as amended, do stand part of the Bill"

(Pause)
The Motion was adopted and Clause 2, as amended, was added to the Bill.

Chairman: Now, the Hon'ble Minister, will move the Bill to pass.

Sri K. E. Krishnamurthy: Sir, with your permission, on behalf of the Hon'ble Chief Minister, I beg to move:

"That the Andhra Pradesh (Krishna, Godavari and Pennar Delta Area) Drainage Cess Bill, 1985 be passed."

Chairman: The Question is:

"That the Andhra Pradesh (Krishna, Godavari and Pennar Delta Area) Drainage Cess Bill, 1985 be passed.

The Motion was adopted and the Bill was passed.

Chairman: The Question is:

"That the Andhra Pradesh (Krishna, Godavari and Pennar Delta Area) Drainage Cess Bill, 1985 be passed."

The Motion was adopted and the Bill was passed.
The Minister for Law will move the Bill for consideration.

(Andhra Pradesh Amendment)

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

Section 6 of the Hindu Succession Act, 1956, shall be deemed to have been amended by the insertion of the following provisions:

(1) In section 6 of the said Act, after sub-section (3), the following sub-section shall be inserted, namely:

"(3A) Notwithstanding anything contained in the aforesaid sub-section, the proviso to sub-section (2) shall not apply to a decree or order passed by a Court of competent jurisdiction for the sale of land for the satisfaction of any debt of the deceased or any portion thereof, in the absence of any valid declaration of the deceased to the contrary, made in writing, signed by the deceased and attested by the personal representatives of the deceased, if the Court is satisfied that the sale or part of the property is necessary for the payment of the debt of the deceased or any portion thereof as aforesaid or for the purpose of providing for the maintenance of the family of the deceased or any portion thereof as aforesaid."

(2) In section 6A of the said Act, after sub-section (3), the following sub-section shall be inserted, namely:

"(4) Notwithstanding anything contained in the said sub-section, the provisions of sub-section (3A) shall apply only to a decree or order passed by a Court of competent jurisdiction for the sale of land for the satisfaction of any debt of the deceased or any portion thereof."

The said amendments shall come into force on the thirtieth day of June, 1985.

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

24th September, 1985  

429

To the House of Assembly:

The Speaker of the House of Assembly do personally appear, and in agreement with the Governor, do present the following Bill:

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

And pray, that it may be read the first time, and committed to a Committee.

This Bill seeks to amend the Hindu Succession Act, 1956, to provide for the distribution of the estate of a Hindu in the event of death without a Will, and to give effect to the principles of Hindu law.

The Government of Andhra Pradesh considers it necessary to enact this Bill to ensure that the interests of the heirs of a Hindu deceased are protected and that the distribution of the estate is carried out in accordance with the provisions of the Hindu law.

The Bill proposes to amend the existing provisions of the Hindu Succession Act, 1956, to provide for the distribution of the estate of a Hindu in the event of death without a Will, and to give effect to the principles of Hindu law.

The Government of Andhra Pradesh is confident that this Bill will be beneficial to the people of the State and will help to maintain the traditional family values and social norms.

(End of Bill)

Government Bills 24th September, 1985 433

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

The Honourable Government of BiHs.

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

The above Bill seeks to amend the Hindu Succession Act, 1956, in the manner specified in the Bill. The essence of the Bill is to provide for certain amendments to the Act to better suit the needs of the Andhra Pradesh community.

This Bill is intended to empower the Andhra Pradesh Government to make necessary amendments to the Hindu Succession Act, 1956, to suit the local conditions and customs of the community. It aims to address certain specific issues that are prevalent in the Andhra Pradesh region, thereby ensuring a more equitable distribution of assets among family members.

The Bill also seeks to address the concerns of the Andhra Pradesh community by providing a more robust framework for the disposal of assets. It is expected to bring about a positive change in the social fabric of the region, ensuring a fair and just distribution of properties among family members.

The Bill is supported by the Andhra Pradesh Government and is intended to promote social harmony and peace. It is believed that the implementation of the provisions of the Bill will contribute significantly to the overall development of the Andhra Pradesh community.
24th September, 1985

The Hindu Succession (Andhra Pradesh Amendment) Bill, 1985.

Sri K. Venkateswara Rao: Chairman, I beg to move

"That the Hindu Succession (Andhra Pradesh Amendment) Bill, 1985 be referred to a Select Committee."

Chairman: Motion moved

The question is

"That the Hindu Succession (Andhra Pradesh Amendment) Bill, 1985 be referred to a Select Committee."

The motion was negatived and the amendment was lost.

Chairman: The question is

"That the Hindu Succession (Andhra Pradesh Amendment) Bill, 1985 be taken into consideration."

The motion was adopted and the Bill was passed.

Chairman: Now the House stands adjourned to meet again at 8-30 a.m. to-morrow.

The House then adjourned at 10-30 P.m. to meet again at 8-30 a.m. Wednesday on the 25th September, 1985.

APPENDIX

Calling Attention to Matters of Urgent Public Importance

re: Water Pollution in Saroornagar Area of Malakpet Assembly Constituency Due to The Working of Siris Factory in that area.

The industry is in existence since 1968 and it used to discharge effluents into natural drains over a number of years due to which the Ground Water in the nearby area has become unfit for use. The pollution of Ground Water in the area is likely to persist for a long time. To avoid the drinking water difficulty faced by the nearby dwellers, the industry has paid an amount of Rs. 1.5 Lakhs to the Hyderabad Metro Water Works, Hyderabad to supply protected water. The Hyderabad Metro Water Works has laid pipelines in the area recently and released water.

The main raw material used in the process of the industry are 1) Sodium Bi-sulphate, 2) Hydro Chloric Acid, 3) Sulphuric Acid, 4) Caustic lye etc. The Industry discharges about 50,000 litres per day of waste water. This industry was originally running without the consent of the A.P. Pollution Control Board. The State Pollution Control Board received a complaint against the industry for the first time on 31-10-1983. The Regional Officer of State Pollution Control Board inspected the factory on 21-3-1984. During the inspection, it was observed that the Well water nearby the factory was contaminated, The industry has since constructed solar evaporation ponds. Presently, no effluent is over-flowing or finding its way into drains from these evaporation ponds.

Recently the High Court of Andhra Pradesh has constituted a fact finding committee to enquire into the pollution caused by M/s. Siris Limited and to give a report within fifteen days.
re: Non Execution of Construction of an Anicut Across Surplus vagu of Puturu Tank in Tadipatri Taluk of Anantapur District for Stabilisation of Tailend Ayacut of 10th Distributory of Tadipatri Branch Canal

In G.O. Ms. No. 348, Irrigation Dt. 25-7-84, Government accorded administrative approval for Rs. 26.50 lakhs for construction of an anicut across the surplus vagu of Puturu tank in Tadipatri taluk of Anantapur District, and a link channel thereon to join the 10th Distributory under Tadipatri Branch Canal, H.L.C. Stage-I, Subject to the condition that the expenditure of Rs. 26.50 lakhs is met within the total provision for 1984-85 for "Other Major and Medium Irrigation Schemes" by suitable adjustment.

According to the Superintendent Engineer, H.L.C. Circle, Anantapur the provision allotted for 1984-85 to his circle was inadequate. Consequently, funds could not be provided for the work and it could not be taken up in 1984-85. During the current year 1985-86, the provision made by the Chief Engineer under Major works for stabilisation works relating to schemes already completed is only Rs. 48.30 lakhs. This amount is inadequate to take up any major new scheme like the construction of an anicut across surplus vagu of Puturu tank which is estimated to cost Rs. 26.50 lakhs.

The Municipal Corporation of Hyderabad proposed widening of the road leading from Accountant General's Office to Ravindra Bharathi, Saifabad to 80’ from its narrow width. According to the proposals of the Special Officer, Municipal Corporation of Hyderabad prepared in this regard, the land and the building of one Sri Anil Kumar, premises No. 5-9-12/1 opposite to Accountant General's Office would be affected to the extent of 320 Square Yards. With the result of that a part of the existing of Sri Anil Kumar would stand demolished.

2. The Special Officer, Municipal Corporation of Hyderabad in his letter No. 248/TPS/84, dated 27-2-1984 has proposed compulsory acquisition of the property of the premises No. 5-9-12/1 belonging to Sri Anil Kumar.

3. The proposals submitted by the Special Officer, Municipal Corporation of Hyderabad was examined by the Government and the Government have directed the Special Officer, Municipal Corporation of Hyderabad to go ahead with the acquisition of Sri Anil Kumar's property to a depth of 12' to 13' of the ground floor building in the total extent of 320 Square Years.
4. Accordingly the Municipal Corporation of Hyderabad initiated the Land Acquisition proceedings. The owner was asked to hand over the advance possession to an extent of 12 ft. to 13 ft. so as to complete the road widening work. But Sri Anil Kumar informed the Municipal Corporation of Hyderabad to acquire the entire building instead of portion as the remaining portion will be of no use to him.

5. In view of the above request the Municipal Corporation of Hyderabad has now initiated proceedings for the acquisition of the entire land with the building thereon.

PAPERS LAID ON THE TABLE
