Irrigation Under Singur Project

296—

"1347-K-Q.— Sarvasri Shivarao Shetkar (Narayankhed) : M. Baga Reddy (Zaheerabad) and C. Vittal Reddy (Narsapur) : Will the Minister for Major and Medium Irrigation be pleased to state :

a) whether there is any proposal to irrigate 44,000 acres of land in Jogipet and Sadashivpet Taluqs of Medak District from Singur Project :

b) whether it is a fact that the work on the Project is suspended : and

c) if so, the reasons therefor ?

Sri Shivrao Shetkar : The Singur Project is being constructed on Manjira river. The Manjira river flows through Medak district and three fourth of the district is covered by that river. The Singur project is designed as a multipurpose project. The first
purpose is to serve the drinking water needs of twin cities of Hyderabad and Secunderabad. The river Manjira starts from Osmanabad and another place in Maharashtra and Bidar in Karnataka. These three districts have been declared as drought prone areas. That being the case, the river Manjira is not a dependable source of water supply to the twin cities and the growing industries round about Hyderabad. I would like to know from the Minister through you, Sir, whether the Government is contemplating any other source of water supply to the twin cities either from Krishna or Godavari. I submit that Manjira river should be spared for the irrigation purposes of Medak district only. In 1983, this Government has passed orders to suspend the work on Singur project. That has created a very bad climate in the entire district that this Government is not there to augment the irrigation sources or to give water to the ryots of Medak district. 40,000 acres are there in the constituency of the Hon'ble Member Mr. Rajaiah and 4,000 acres are in Sadasivapet. They are very backward areas. Only 14 per cent irrigation is there in Medak. A dependable source should be there either from Krishna or Godavari to meet the drinking water needs of twin cities. Now they are bungling with that four TMC of water to be spared for the irrigation of 44,000 acres. Is the Minister in a position to categorically assure that 44,000 acres will be irrigated under Singur project?

Chairman : I will get the Privilege Motion examined thoroughly. If there is any prima facie case of privilege, it will be referred to the Privileges Committee suo moto by the Hon'ble Speaker.

From
M. Bagareddy
Dr. Y.S, Rajasekhara Reddy
Ch. Jayaram Babu and others
To
The Secretary,
Andhra Pradesh Legislature,
Hyderabad.

Sir,

We intend to move the following privilege motion for the contempt of the House by Sri G. Muddu Krishnama Naidu, Minister for Education.

A Short Notice Question regarding pursuing of two full time Degree Courses by Shri Rajesham Goud, Minister for Law given by me under Rule 51 was admitted and sent to Government on 30th August, 1985 for giving a reply.

As per Rule 51 (1) the Short Notice Question should have been answered in the House within 8 days from the date of receipt of the questions.

As per rule 39 which is applicable to ordinary starred and unstarred questions the Government shall furnish answers to questions sent to them within 21 days from the date of despatch.

When the said S.N.Q. came before the House on 6-9-1985, the Minister for Education sought for postponement of the question. For the presistent enquiries of the Members for the next date of posting the Minister agreed to answer the question within one week. Accordingly the chair directed to post the question within the time agreed to by the Minister.

As per Rule 51 (7) read with Rule 39, answer to the said question shall have been furnished by the Minister by 20-9-1985 as 21 days have elapsed by that date.

Ersking May in his Treaties on Law, Privileges, Proceedings and usage of Parliament, 17th Education at page 111 observes "That disobedience to the orders of the House whether such orders are of general application or require a particular individual to do or abstain from doing an act or contravention of any Rules of the House is a contempt of the House."

Thus the Minister for Education have not only contravened the direction of the House as directed by the Chair to answer within 21 days. In the light of the authority of May referred to above, the conduct of Minister for Education is shielding the guilty is contumacious and undermines the authority of the House. We
wish the matter be taken up in the House today under Rule 152 (Old Rule 172) of Assembly Rules and refer to the Committee on Privileges.

Yours sincerely,
M.B. Reddy
Y.S. Rajasekhara Reddy

Chairman: Yesterday some Members made some allegations specifically against the Chairman that the Chair was not allowing them sufficient time for discussion during the discussion of the Bill. There was no time at all. So, atleast to-day I wanted to keep up my time and to finalise other items. There is Appropriation Bill, which is before us. If you go on asking questions each and every time, how will it be possible for me to allow? Please co-operate with me. I have to allow at least a couple of members to speak on Appropriation Bill after this. Now let us go for matter under 304. Mr. K. Vidyadhar Rao to speak.

RESOLUTION

re: Felicitations to the Hon. Speaker for the successful tour of the common Wealth Countries

Sri P. Ramachandra Reddy: Sir, I wanted to ask the Chairman, as to under what rule and procedure you are conducting the House since half an hour? You have deviated the procedure of the House.
Resolution re: Felicitating to the Hon'ble Speaker for the successful tour of the Commonwealth Countries.

Sri P. Ramachandra Reddy: Sir, there is no rule under which you are conducting the business now. You are deviating the rules and you have deviated the procedure. Under what rule you wanted to conduct the House, there is no rule under which you are conducting the business. Sir, please let us go back to the rules and conduct of the business of the House. This is my point of order Sir, you please clarify.

I have to give respect to the Leader of the Opposition, Sri M. Baga Reddy, when he wants to speak. It is not?

Chairman: Yes, whatever Sri P. Ramachandra Reddy has suggested, it is a good suggestion. I like Mr. Ramachandra Reddy's advice very much.

Matters Under Rule 304 25th September, 1985 511
re; Non-payment of dues to the
Andhra Pradesh State Electricity
Board, Lime Stone Suppliers
e tc., by Andhra Pradesh
Carbides Ltd, Kurnool.

Sri K. Vidhyadhara Rao (Chintalapudi) · Chairman, Sir,
the main issue involved in this A.P. Carbides is that they owe to
the A.P. Electricity Board roughly an amount of Rs. 9.89 crores out
of which Rs 8 1/2 crores are looked up in legal bottles. They have
to pay roughly an amount of Rs, 1.68 crores to the A.P. Electricity
Board right away as minimum charges for the past four months.
Besides this, they owe roughly an amount of Rs. 1.5 crores to the
suppliers of raw material like limestone, tin, etc. Besides this,
they are also involved in a fraud of Rs. two crores to the State Bank
of India, Hyderabad for the working capital and the stocks shown
have been siphoned away through black-market. There is also an
evasion of sales-tax. The turnover of this institution requires that it
should be assessed by a Commercial Tax Officer. It is surprising that
they have managed in such a way that it is being assessed by a subor­
dinate officer. I do not know under what pretext this institution is
given exemption. It is very much required that they should be enquired
into by the Government through the Vigilance Department and the
CBCID. It necessarily requires a House Committee to be initiated so
that it can go into various transactions. I would like to draw the atten.
tion of the House to the fact that the previous joint venture between
Sri K. Srinivas Rao and Sri V. Janardhanrao with the APIDC, which
started the AP Carbides in 1975 was taken over by Sri Y S. Sudhakar
Reddy and others in 1981. The issue here is that in spite of the fact
that this venture owes huge amounts to the A, p. Electricity Board,

Sri K. Vidhyadhara Rao (Chintalapudi) · Chairman, Sir,
the then Congress Government, which is very much interested in patronising the politicians rather than patronising the development of various regions, gave concessions to this industry with retrospective effect. The G. O. clearly states that for the first three years of commissioning of this industry, it should be charged at the rate of 0-18 ps., 0-19 ps. and 0-20 ps. per unit and the usual trif from the fourth year onwards. There is a legal lacuna here that the G. O. indicated from the date they have taken over. Further, they have gone to the court and obtained a stay order on the payment of arrears to the Electricity Board. Whatever it is, the amount involved is more than Rs. 10 crores, due to the A. P. Electricity Board.

Besides this, now the industry is closed down. I do not know whether it is done with the notice of APIDC and other shareholders. They have changed the product from Calcium Carbides to Ferro Silicon to get the licence from the Government of India. This institution owes huge amounts to the Electricity Board, raw material suppliers and to the State Bank of India. There is also an allegation that there is an evasion of tax. Nobody knows whether this institution is being assessed at Hyderabad or Kurnool. The amounts have been totally siphoned away from the sick unit and they have not been accounted for. They have been diverted to so many other financial institutions at Vijayawada. This institution produces calcium carbide which is marketed in three different grades called A, B and C. Though it is marketed as A grade material, they have no accounts at all. There is no confirmation received about the grades purchased and the grades delivered. It is being shown that for the material classified as A-grade, the dealers are not paying the required amount whereas for the B and C grade material, the amounts are repaid by the dealers. The difference between the A and B grade material in rate is about Rs. one thousand. Similar is the difference in rate between B and C grades. Rs. two thousands are siphoned away by under-hand dealings and by black-marketing......

(Bell)

Let me complete. It is a fraud of crores of rupees. I have to complete.

Chairman: Please conclude.

Sri K. Vidhyadhara Rao: Not only they have committed fraud on the quality of goods, but they have also shown that the

agents, who have taken delivery owe more than Rs. 1 1/2 crores. The Managing Directors have directly collected the money from the agents to whom the goods are delivered. These amounts are not being shown in the accounts. They have been totally siphoned away. The shareholders and the APIDC are kept in dark and crores of rupees are siphoned away. I call upon the Government to initiate an enquiry immediately. The institution should be taken over by the APIDC, a new co-promoter selected and the unit reopened. Lot of ancilliary units are totally dependent on it and 3,000 workers have to be looked after. The Government should immediately take over the unit and reopen it with a new co-promoter, initiate an enquiry relating to the evasion of sales-tax and siphoning away of huge amounts through other private organisations.

Mr. Secretary,

Subject: Non-payment of dues to the

This is in response to your letter dated 20th September, 1985, regarding the non-payment of dues by Andhra Pradesh Caibides Ltd, Kurnool, to the Andhra Pradesh State Electricity Board, for the supply of lime stone.

As per the records, the company has failed to pay the dues for the period from 1st January to 30th June, 1985, totalling Rs. 30,000. The company has claimed that the credit period was extended to 30th September, 1985, and the payment was made on that date. The company's failure to pay the dues on time has caused inconvenience to the Board, and it is hereby requested to take appropriate action against the company for non-payment of dues.

Yours sincerely,

Sri P. Ramachandra Reddy: Sir, I am on a Point of Order. I am ready to hear his interpretation and request him to enlighten us.

Appointment of Committees: we find from Rule 173 onwards. Committee means any Committee which is appointed or elected by the House or nominated by the Speaker or constituted under the rules and includes a Select Committee which functions under the direction of the Speaker and presents its report to the House or to the Speaker.

It is not the Minister who accepts or not accepts but the which decides it.

It is left to the choice of the Speaker.

re: Delay in taking over of 13 Private Colleges managed by Bapiraju Charitable Trust in West Godavari for its mismanagement and for not paying salaries to its teachers since 13 months.

Government have issued orders on 20-9-1978 for the taking over of the 3 Oriental Colleges, 5 Junior Colleges and 5 Degree Colleges belonging to Sri Chintalapati Bapiraju Dhama. Samstha without any liabilities based on the report of Sri P. Admarayana, the then Joint Director of Public Instruction which revealed that;
Calling Attention Matters

re: Delay in taking over of 13 private Colleges managed by Bapiraju Charitable Trust in West Godavari District.

a) teachers were indiscriminately transferred contrary to the instructions issued by Government;

b) the management was not paying salaries of the teachers in full and in time; and

c) proper accounts were not being maintained by the educational institutions.

These institutions are under direct payment of salaries with effect from 1-4-1977.

The physical take over of these institutions has not been completed so far since there is a dispute on the quantum of compensation to be paid to the management for these institutions. The management is claiming Rs. 32,12,528.59 ps. in addition to the amount of Rs. 1,35,000/- with interest being the amount deposited on behalf of the colleges. As per the report of the Sundaresan Committee which was appointed on 3-10-1979, the compensation payable to the management for these colleges is Rs. 12,31,747.63 Ps in addition to the amount of Rs. 1,35,000/- with interest deposited on behalf of the colleges.

A Cabinet Sub-Committee was constituted to go into the claims of Sri Bapiraju Dharma Samstha with the following Ministers:

1. Minister (Education)
2. Minister (Finance)
3. Minister (SSI)
4. Minister (SW)
5. Minister (CA)

The matter was placed before the Cabinet Sub-Committee for consideration of the following:

1) Whether Schools and Colleges taken over from the Samstha may be treated as admitted to grant-in-aid from the date of inception or not;

2) Whether the audit objections pertaining to the institutions may be waived as recommended by the Enquiry Officer and also in view of the request of Sri Murthy Raju, and
Calling Attention Matters

re: Delay in taking over of 13 private Colleges managed by Bapiraju Charitable Trust in West Godavari District.

3) Whether in respect of the immovable properties, the valuation as fixed by Sri V. Sundersan be agreed to or the claim of Sri Murthy Raju be upheld, or the valuation be got determined by an authority or agency and if so, the same may be specified.

The Cabinet Sub-Committee met on 15-5-82 and 24-5-82, but no decisions were taken in the matter.

The matter was referred to Law Department with a request to examine whether the executive orders issued by the Government taking over the schools and colleges and the claim of the management of Dharma Samstha for payment of compensation for taking over the Educational Institutions could be covered under any of the enactments repealed by the Andhra Pradesh Education Act, 1982. Law Department have opined that the institutions appear to have been taken over purely by executive orders and not under the provisions of any Act. Sri M. R. Pai and Sri V. Sundaresan also appear to have worked out both the assets and liabilities on the basis of market value. It is for the Government to decide as to the amount of compensation to be paid.

The matter was referred to the Additional Advocate General for his opinion whether it is obligatory on the part of the Government to pay compensation to the Samstha in lieu of the Educational Institutions taken over from the Samstha and if so whether the payment of compensation is in accordance with the sub-section (3) of Section 68 of the Andhra Pradesh Education Act, 1982 and if not whether the institutions have to be handed over to the Samstha as requested by Sri Murthy Raju. The Additional Advocate General has opined that as on date the Andhra Pradesh Education Act, 1982 is applicable to these institutions. If the Government wants to hand-over the institutions back to the Samstha, it is open for them to do so by following the procedure in Section 66. On the other hand, if the Government wants to acquire the property the procedure under Section 67 has to be followed. The Government is bound to pay compensation to the Samstha in case of acquisition in accordance with sub-section (3) of Section 68.

Since this is a major policy decision involving huge financial commitment to Government, the matter is under examination of the Government.

With regard to the staff of five Degree colleges which are un-aided, adhoc grants are being sanctioned by Government every year. The Director of Higher Education has reported that salaries to the staff of these five un-aided colleges have been paid upto 28-2-85. The Andhra Pradesh Appropriation (No 2) Bill, 1985 (L.A. Bill No. 33 of 1985)

Minister for Finance (Sri P. Mahendranath); Sir, I beg to introduce;

"The Andhra Pradesh Appropriation (No. 2) Bill, 1985."

Chairman: The Bill is introduced.
Sri P. Mahendranath: Sir, I beg to move:

“That the Andhra Pradesh Appropriation (No.2) Bill, 1985 be taken into consideration.”

Chairman: Motion moved. Now, Sri Y.S. Rajasekhara Reddy to initiate discussion.

We are all in this country and also in this State working under a Constitution and in this Constitutional framework independence of the three branches of the Government is very well recognised-executive, legislature and judiciary.

The mainstay of the executive is the permanent civil services.
Andhra Pradesh Appropriation (No.2) Bill, 1985 passed.

Leader of the House who is supposed to lead the Cabinet and administration through socio-economic reforms, through legislative and administrative decisions

They have got very scant regard for Courts and Justice.

When the Tribunal passes an order finally disposing of the case, the proceedings thereof will be forwarded to the State Government and that order will become effective upon its confirmation by the State Government or on the expiry of three months from the date on which the order is made, whichever is earlier under clause
(5) of Art. 371-D. The State Government may, by special order made in writing and for reasons to be specified therein, modify or annul any order of the Andhra Pradesh Administrative Tribunal before it becomes effective and in such a case the order of the Administrative Tribunal shall have effect only in modified form or be of no effect, as the case may be.

That is deemed to have been accepted by the Government.

Now, the State Government vested with the right of annulment has not been implementing every final orders of the Tribunal. Even that power of annulment or modifications has not been exercised. But in a autocratic manner they are just not bothering about the Administrative Tribunal!

"...Would be indirectly activising the same result with the additional advantage of not following the principle of natural justice and not giving reasons and also not placing the matter before both Houses of the Legislature."

Concrete instance wherein this State Government is not both ering about the High Court judgements.
"It may be noted that the statement in the order dated 24-8-1985 passed by the Chief Minister that the petitioner happened to be the chief executive of the organisation at the time grave irregularities were noticed is far from truth."

"The impugned order thus suffers from both these vices of arbitrariness and discrimination. I will go a little further to say, this order being arbitrary and discriminatory results in denial of equal protection to the petitioner and is therefore violative of Art. 14 of the Constitution of India."

"The Andhra Pradesh High Court cited the case of Home Department wherein the persons sentenced by Sessions Judge, Ongole, to undergo imprisonment for the murder of T. Venkateswarlu in Budavelu of Prakasam district were granted parole.

In his judgement Justice Lakshminarayana Reddy observed: "That persons convicted of murder cannot be released on parole, unless they have completed three years imprisonment. In this instant case, they have hardly completed six months but were granted parole. The moment the application is presented and recommended by the M.L.A. it is simply granted by the Minister then and there without looking into rules or knowing his own powers.

The Judge observed that such orders can only be expected from an autocrat like Nizam, who was not governed by rules. It is obvious the Minister is inclined to oblige, and, therefore, the Minister recommended the case, the Judge added, without any regard for Court, Justice or Law.

After much deliberation and after the Committee went in details and the Cabinet sub-committee considered at length."

The commission be made a Statutory Body and legislation may be brought and the Commission be invested with powers under Conduction of Enquiry Act on the lines of Karnataka State.

It is also noticed from the news item that the Minister Mr. Mahendranath was unaware of the said decision. The Government thereupon issued an official clarification which was published in the Indian Express of 21st and 22nd October 84. Mr. Rama Rao (the Chief minister) clearly stated to the Press that there was no Cabinet decision.

Then there was the remark by the same Judge, who said:

"There was no justification for such an important subject to be taken up in such an casual and haphazard manner. The decision of the Cabinet noted by the C.M. in Telugu was described as tentative. There is no such thing as 'tentative decision' under business rules."

Andhra Pradesh Appropriation
(No.2) Bill, 1985 passed.

Mrs. Marjorie M. Godfrey (Nominated): Sir, I would like 6.30 P.M. to bring to your notice some of the points pertaining to Municipalities and its roads.

I feel that there are number of islands put on the roads. I would request the Minister for Municipal Administration to see that enough road space is given at the point of islands. There are so many islands on one road which makes very confusing for the traffic. For free flow of traffic, these islands should be put in such a way that there should not be any confusion for anybody who is going up and down.

Bye-lanes: Hitherto, much importance is given to main roads on which heavy traffic goes. Due to which there is lot of congestion even in the bye-lanes which nobody knows. I would request the Minister to see that the bye-lanes should be given little beautification. You are looking only the main roads. I also request the Minister to see that bye-lanes are kept atleast a little wider so that traffic could be diverted to these lanes and avoid so much of rush on the main roads. Another thing that the Corporation doing is dumping of rubble on any part of the road. This should be avoided.

Mosquitos: The Municipal authorities should keep the roads clean and see that people do not get the diseases particularly from the mosquitos. This is due to the dumping of rubble all over the places.

Lights: Lighting is very very unsufficient particularly in the bye-lanes, Because of this poor lighting, house-breaking and also robberies are occuring. For cycle rickshaws and autorickshaws, there should be sufficient lighting in the bye-lanes; but because of this poor lighting, we see number of accidents. That is why, this ligthing problem should be solved immediately.

I request the Chief Minister to know the difficulties of the Minorities. More powers should be given to the Minorities Commission and whatever recommendation the Commission is made, the Government may kindly consider it, keeping in view the interests of the minorities in the State. Its recommendations should not be just brushed away.

Women: The conditions of the women in our State are miserable. I have heard many people to say that their girls are not given proper facilities for their education. What is the difference between a boy and a girl? They are thinking that the girls are not
useful for the family than some of the boys. Now the girls are doing a better job than boys. I request that these girls should also be given equal opportunities both in education and in employment. This kind of education should be spread in the villages particularly in the women's work and in our girls.

Thank you very much.
