Mr. Speaker:— The notice of privilege motion given notice of by Sri Rambhoopa Reddy, M.L.A., against the Circle-Inspector of Police and Sub-Inspector of Police, Banaganapalle. It is in the nature of expressing misapprehensions. Nothing has occurred and does not refer to anything that has happened recently. The matter can be raised during discussion on Demands for Grants. As such, the notice is disallowed.

Notice of Adjournment motion given notice of by Dr. Y. S. Rajasekhara Reddy and other M.L.As.

Dr. Y.S. Rajasekhara Reddy:— On this adjournment Motion the Speaker was pleased to observe that this is not a matter of urgent public importance right now. The Municipal Council when it passes a unanimous resolution to shift a particular officer, to transfer a particular officer, the Government has got no other go. The Government is statutorily bound to oblige the municipal council. Unfortunately, here in Tadipatri it is not much of a matter of urgent public importance. Under rule 72 of the Andhra Pradesh municipalities Act, the Municipal Council when it passes a unanimous resolution to shift a particular officer, to transfer a particular officer, the Government has got no other go. Mr. Speaker:— Please do not intervene like this.... I will read out the provisions of the rules. Rules 67 states: 'The Speaker if he gives consent under rule 63 and holds that the motion proposed to be

You have been referring to 30 members. Please read out, I would like to be benefited by your reading. Under what provision you say that.

Dr. Y. S. Rajasekhara Reddy:—Rule 64: Notice of an adjournment motion in triplicate addressed to the Speaker, the Minister concerned and to the Secretary shall be given to the Secretary one hour before the commencement of the sitting on the day on which the motion is proposed to be made. Rule 67 says: “The Speaker if he gives consent under rule 63 and holds that the motion proposed to be discussed is in order shall after the questions.

Provided further that where the Speaker has refused his consent Under Rule 63 or is of opinion that the motion proposed to be discussed is not in order he may if he thinks it necessary read the notice of motion and state the reasons for refusing consent or holding the motion as not being in order. If objection to leave being granted is taken the Speaker shall request those members who are in favour of leave being granted to rise in their places and if not less than one tenth of the total membership of the Assembly rise accordingly the Speaker shall intimate that leave is granted. If less than one-tenth of total membership of the Assembly rise the Speaker shall inform the member that he has not the leave of the House.

Mr. Speaker:—As you have read rule 64, you please read 65 (iii). The motion shall be restricted to a specific matter of recent occurrence." No occurrence has taken place.

Dr. Y.S. Rajasekhara Reddy:—I beg to differ. It is a specific matter of recent occurrence which is occurring.

Mr. Speaker:—I am coming to that. You can again place all those facts. See also 65 (iv). The motion shall not anticipate a matter which has been previously posted for consideration. Now, when once I permit you to move the motion, somebody objects: it is only when I permit your motion to be taken up, if objection of leave being granted is taken up, then the question of 30 members or whatever it is comes. Notice of Adjournment motion given notice of by Dr. Y. S. Rajasekhara Reddy and other M.L.A.s.

The Government is under statutory obligation to transfer the Officer. The Government has flouted the rules.

The Government is trying to supersede the municipal council. It is a mere apprehension. There cannot be any adjournment motion on this count.
Notice of Adjournment motion given notice of by Dr. Y. S. Rajasekhara Reddy and other M.L.As.,

Mr. Speaker:— I am not allowing him to discuss anything on the Adjournment Motion. He wants to enlighten me. I want to hear from him because this is a pertinent point and moreover, he is a senior Member. Let him say.

Sri K. Venkateswara Rao:— “The motion shall not anticipate a matter which has been previously posted for consideration. In determining whether a discussion is out of order on the ground of anticipation regard shall be had by the Speaker to the probability of the matter anticipated being brought before the Assembly within a reasonable time.”

Mr. Speaker:— This has been already stated.

Sri K. Venkateswara Rao:— “....regard shall be had by the Speaker to the probability of the matter anticipated being brought before the Assembly within a reasonable time.”
Mr. Speaker:— That is what exactly I have taken into consideration. I have gone through word by word and gave my decision.

Sri K. Venkateswara Rao:— Mr. Speaker, you have not taken the relevant point into consideration.

Sri A. Dharma Rao:— There are number of adjournment motions....

Dr. Y.S. Rajasekhara Reddy:— Mr. Speaker, I will not take more than one minute. We abide by your decision. We request the Chair, to give direction to the Government to act according to the rules on the unanimous resolution moved by the Tadipatri municipal council.

Mr. Speaker:— I hope, the Government will take into consideration, the suggestion made by the Member, and act immediately.

Sri A. Dharma Rao:— What about the issue relating to the misleading statement about the health of the Hon'ble Chief Minister?

RULING FROM THE CHAIR.

Mr. Speaker:— Mr. M. Baga Reddy and others have given notice of Privilege Motion stating that on 2-9-1985, Hon'ble the Chief Minister and the Minister for Revenue and Home represented to the House through the Hon'ble Speaker that as the Hon'ble Chief Minister was laid up with 103 degrees of temperature, he could not attend the House. It has been further stated that Hon'ble Chief Minister was quite healthy and had attended a marriage and several other programmes in the city. It is contended that they deliberately misled the House and the committed breach of privilege of the House and members.

On 2nd September, 1985 either Hon'ble the Chief Minister or the Minister for Revenue or the Minister for Home had not made any statement and misled the House. It is a well established practice that when the Chief Minister or a Minister is unable to attend the House either of ill-health or due to unavoidable circumstances it does not constitute a breach of privilege. The breach of privilege occurs only when a Minister makes the statement on the floor of the House with a view to misled the House knowing fully well that he is deliberately misleading the House. As the Hon'ble Chief Minister or other Ministers have not made the statement on the floor of the House, the question of privilege does not arise and hence the motion given by the members are disallowed.
Mr. Speaker:— The only point for consideration is "misleading the House". What type of misleading is it? How it affected the deliberations of the House. What is misleading? Suppose when a Minister is running with 103 degrees temperature and still moved about, can there be any privilege motion against him? What is that the House has been misled. Moreover, he has no business to attend the House on that day.

Therefore, this is not the question where privilege motion can be raised.

Dr. Y. S. Rajasekhar Reddy:— The Office of the Chief Minister is supposed to be some prestigious office in the state.

Mr. Speaker:— Besides yourself........

Dr. Y. S. Rajasekhar Reddy:— Of course. The temperature was 103 degrees, is that misleading? And the Minister was running at that temperature. Can we raise a privilege motion against him? What is misleading? Suppose when a Minister is running with 103 degrees temperature and still moved about, can there be any privilege motion against him? What is that the House has been misled. Moreover, he has no business to attend the House on that day.

Mr. Speaker:— Already once it was disallowed. You are again putting the clock back. I am not allowing. Whatever I am doing, I am doing with consciousness. There is no question of privilege motion. It is disallowed. I am done it a second time.

Sri A. Dharma Rao:— But you have not given reasons.

Mr. Speaker:— I have already disallowed. That is all.

BUSINESS OF THE HOUSE

Mr. Speaker:— All the motions under Rule 329 cannot be posted on one day. There are 55. There is no argument. Whatever priority, I have felt, I have put it. I have used my discretion.

Sri Y. S. Rajasekhar Reddy:— I may quote the Rules.

Mr. Speaker:— I am not interested in being enlightened any further. Please sit down. That subject is closed.

(Sri H. B. Narse Gowd in the Chair)

Irregularities were committed by the Principal in the matter of admissions and examinations, and misappropriation of student union fund. The irregularities are as follows:

1. During the academic year 1982-83, the admissions were conducted unfairly, and student union fund was misappropriated.
2. During the academic year 1983-84, similar irregularities took place.
3. During the academic year 1984-85, further irregularities were committed.

These irregularities are serious and merit immediate action to prevent further misuse of student union funds.

Sri Mohd. Jani:— We want a particular information. Please permit us, to speak on this particular case.

Chairman:— Mohd. Jani garu, don’t shout. Your name is not there. Please take your seat. I will give you a chance. Mr. Mysoora Reddy, your name is also not there. You know the Rules, and you can go and ask the Secretary. If anything is removed, you can ask the Secretary. If your name is not there, you can give a complaint to the Secretary. He will take action.

Sri A. Dharma Rao:— Sir, the Hon’ble Education Minister has stated that on account of corrections on the answer script, injustice has happened to the student. It is a wonderful reply. I want to know, if the number of answer sheets are changed, are the contents also going to be changed? The contents are there. The answer scripts are there. It can be examined now as to whether there is any change in the marks, whether there is any harm is caused. Simply because the number is corrected with good intention of helping the student, instead of barring the marks of the student, it did not cause any harm to the student. It did not change the contents. The contents

are there and paper is there and the student has failed. It can be verified even now also. Then what is the harm that has been done to the student? What is the fraud and offence committed by the Lecturer? Unfortunately it is only a vindictive action. It is only a political motivation of harming the Lecturer and for harming this Management this action has been sought. That is why I want a clarification from the Hon'ble Minister i.e., will he get the answer books examined now as to whether he gets more marks or less marks?

re: Establishment of Filaria Control Units in Guntur and Srikakulam Districts.

The Department of Health has received complaints from various quarters regarding the lack of proper control measures against filaria in Guntur and Srikakulam districts. There has been a resurgence of cases of filaria, especially in rural areas. The Department has decided to establish control units in these districts to tackle the problem effectively.

The establishment of these units will involve the coordination of efforts from various government agencies and the community. Proper education and awareness programs will be conducted to inform people about the importance of early detection and treatment of filaria.

The units will be equipped with modern diagnostic tools and treatment facilities. Regular monitoring and evaluation will be conducted to assess the effectiveness of these initiatives. The Department looks forward to the successful implementation of these control measures and hopes to see a significant reduction in the prevalence of filaria in these districts.

The Department urges all concerned parties to support these efforts and contribute in any way possible to help eradicate filaria from Guntur and Srikakulam districts.
