Loss Of S.T. Due To Non-Fueling Of Aeroplanes

214—

*297-Q- Sri N. Indrasena Reddy (Malakpet) :- Will the Minister for Commercial Taxes be pleased to state :

(a) Whether it is a fact that the State Government of Andhra Pradesh is loosing Sales Tax worth several lakhs of rupees for not fueling the Aeroplanes landing at Hyderabad Airport : and

(b) If so, the action taken by the State Government?
There is no proposal with the Government to ban Podu cultivation in Girijan areas in our state. The Podu cultivation is actually called for shifting cultivation and it is in vogue in the tribal areas of Srikakulam, Vizianagaram, Visakhapatnam, East Godavari, West Godavari, Khammam and Adilabad districts. The shifting cultivator who live on this, generally shift from one field to another after every 3 years. This has been a treat to forests and resulting in soil erosion. The Government, therefore, desired to discourage the shifting cultivation and provide better earning facilities to the tribals engaged in shifting cultivation. The survey revealed that the podu cultivation is prevalent in 49,038 hectares as detailed below:

Government have decided to develop the above area and rehabilitate the podu cultivators by suitable measures. The land can be developed by 2 important programmes viz., Horticulture including coffee plantation and social forestry. Under horticulture, crops like Mango, Citrus and Cashew will be grown. Under social forestry plantation like T. Arjuna for sericulture will be encouraged. It is proposed to allot one hector to each family so as to rehabilitate 27,887 families during the five years period of VIIIth plan. Accordingly a scheme was prepared for an amount of Rs. 55.49 crores and sent to Government of India for approval and to share the expenditure on 60:40 basis. The Government of India have agreed the scheme in principal and released an amount of Rs. 1.92 crores during the year 1984-85, and it is hoped that they would release another 3 to 4 crores during the current financial year. The proposal is however yet to be cleared by Government of India. During the current financial year it is programmed to take up 9,360 hectares to benefit 9360 tribal families in seven districts of agency areas and details of the programme in regard to the area to be brought under Social Forestry and Horticulture and the funding of the project are as below:

Sri Ch. Jayaram babu (Guntur-II) :— What is the policy of the Government in regard to Employment Exchanges?

Chairman :— You please give notice.

Sri Ch. Jayaram babu :— In view of the latest High court orders, the Government should clarify its policy decision.

Sri Ch. Jayaram babu :— I have given Notice under Rule 329. I am sorry.

I am going to the next item on the Agenda.

MATTERS UNDER RULE : 329
re : Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor District.
Matters Under Rule 329 : 12th September, 1985. 391

re: Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor dist.

The matter arises out of Section 3, 10 of the Sugarcane Act, 1985. Section 3 deals with the destruction of sugarcane crops and Section 10 deals with the killing of people by the elephants. The petitioners, Sugarcane farmers, have stated that due to the destruction of their crops and the killing of people by the elephants, they are suffering a lot. The petitioners have stated that the Government should take steps to control the elephants and protect the crops and the people. The petitioners have also stated that the Government should provide compensation to the sugarcane farmers who have suffered losses due to the destruction of their crops.

The Court directed the State Government to take steps to control the elephants and protect the sugarcane crops and the people. The Court also directed the State Government to provide compensation to the sugarcane farmers who have suffered losses due to the destruction of their crops.
Matters Under Rule 329:

re. Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor dist.

Re: Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor Dist.

In September 1984, in the areas of Palamaneru and Kuppam in Chittoor Dist., sugarcane crops were destroyed and people were killed by elephants. The matter was referred to Rule 329.

In September 1985, the matter was further discussed. The court considered the situation and decided to compensate the affected parties.

The compensation was set at Rs. 5000 for each affected person and Rs. 29,500 for each affected crop.

The decision was made by the court in consultation with the relevant authorities.

Matters Under Rule 329:

re: Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor dist.

The sanctity of the land, the gravity of the matter, the urgency of the situation, and the need for immediate action are evident. The District Magistrate has been directed to take necessary action and prevent further destruction of sugarcane crops and killing of people by elephants in Palamaneru and Kuppam areas. The District Magistrate has been requested to take immediate steps to control the elephants and protect the crops and human lives.

Re: Destruction of Sugarcane crops and killing of people by the elephants in Palamaneru and Kuppam areas in Chittoor Dist.

re: Raids by the Landlords of Kondamodalu on Girijans in East Godavari Agency upland Area.

12-7-1945 is a day which is haunting the minds of Girijans. The landlord's raids on the Girijans have continued. The landlords have attacked the Girijans with the help of their followers. The landlords have roaming around the villages in the late hours of the night. The landlords have attacked the Girijans with the help of their followers. The landlords have roaming around the villages in the late hours of the night.

Re: Raids by the Landlords of Kondamalalu on Girijans in East Godavari Agency upland Area.

Vizianagaram:

The Hon'ble Member of Parliament, Vizianagaram, Ms. V. S. Narasimha Murthy, has called attention to the situation prevailing in the upland area of East Godavari Agency. The tenants have been subjected to harassment by the landlords of Kondamalalu, who have been raiding their properties.

The tenants have reported to the government that the landlords have been forcing them to leave their homes and properties. The tenants have also reported that the landlords have been obstructing the access to the properties, making it difficult for the tenants to maintain their livelihood.

The tenants have requested the government to take immediate action to protect their rights and prevent the landlords from骚扰ing them.

Calling Attention Matters: re: Delay in Construction of Reservoir on Kovada Canal in Polavaram Taluk, East Godavari District.

The Hon. Member raised the matter that the construction of a reservoir on the Kovada Canal in Polavaram Taluk, East Godavari District, has been delayed. The Hon. Member mentioned that the construction work was scheduled to be completed by the year 1982, but as of 1981-82, only 1,54.00 out of 3,000 acres of the total area had been completed. The Hon. Member highlighted the need for further action to ensure the timely completion of the construction work. The Hon. Member also mentioned that the issue was raised in the Assembly in the years 1981-82 and 1982-83, but no significant progress was made.

The Hon. Member requested that the matter be taken up urgently and the construction work be completed as soon as possible.
There is a brochure on “Flood Control Scheme”, which says:

“...Supply of water for irrigation to develop to the extent of 18,000 acres of ayacut, including assured supply to the existing registered ayacut of 4,180 acres and 13 tanks and open head channels. The scheme covers several villages for development of irrigation.”

re: Delay in Construction of Reservoir on Kovvada Canal in Polavaram Taluk, East Godavari District.

4180 acres of land were allocated on 8th August 1983 for the construction of a reservoir on Kovvada Canal in Polavaram Taluk, East Godavari District. The construction was supposed to be completed in 1982 but was delayed.

The reasons for the delay are as follows:
- Land acquisition
- Compensation to farmers
- Financial issues
- Labour shortage
- Weather conditions

Despite these issues, the construction has not been completed. The government has been informed about the delay and is taking necessary steps to expedite the construction.

Annual Financial Statement
(Budget) For 1985—86.
Demands For Grants.

The year 1985—86 has started on a note of optimism. The economy is expected to grow at a faster rate than in the previous year. The demands for grants have been increased accordingly. The following are the key points:

- **Budget**
  - **Revenue**
    - **Direct Taxes**
      - Income Tax
      - Corporate Income Tax
    - **Indirect Taxes**
      - Sales Tax
      - Excise Duty
    - **Others**
      - Other Revenues
- **Expenditure**
  - **Current Expenditure**
    - **Education**
    - **Health**
    - **Agriculture**
  - **Capital Expenditure**
    - **Infrastructure**
    - **Public Works**

The overall budget is projected to achieve a growth rate of 7% in the current fiscal year. The government has made provisions for increased spending in key sectors such as education, health, and agriculture. The revenue targets have been set to ensure fiscal stability.

In conclusion, the government is committed to maintaining a balanced budget and ensuring that the demands for grants are met in a sustainable manner. The financial statements for the year 1985—86 reflect this commitment.

Demands For Grants.

Mr. Speaker:— I am here to regulate the business. Before you wish to make any allegation against a Member or Minister, you have to give intimation to the Speaker. But, you did not give any intimation, or any motion. If you give a notice, then only we may expect some answer from the Minister.

No allegation of a defamatory nature can be made here against any Minister or against any Hon’ble Member.

Mr. Speaker:— It is all over.

(INTERRUPTIONS)
Mr. Speaker: — Information is not available with the Minister. You cannot press him like that. Moreover, he has also stated that he would place the file.

Sri P. Ashok Gajapathi Raju — Sir, with regard to the 5-30 p.m. Sales-tax Demands, five Hon'ble Members have given their opinion and three Cut Motions have come. With regard to Demand No: L-Compensations and Assignments to Local Bodies and Panchayati Raj Institutions no Hon'ble Member has spoken and one Cut Motion has come. The points raised by the Hon'ble Members go around or generally pertain to Commercial Taxes Department. Due to the dishonesty, there is evasion and my good friend Sri M. Omkar has gone to the extent of saying that the evasion would be probably as much as the tax realised itself. Well, everybody has agreed that there is evasion but the quantum of evasion, how it arises and what type of quantum — have still to be studied and substantiated and we are agreeing that evasion has to be arrested and proper steps are to be initiated in this regard. If evasion, dishonesty have to be rooted out of the Commercial Taxes Department, it means a tremendous effort, because it would require the co-operation of the August House, its Members and even the people in our State. Because, it is our people who co-operate and make evasion possible and it is our people who co-operate and make dishonesty possible, I would look forward for the co-operation from everyone. There was also an idea that the collections are poor and Sir, this is far from the truth. If one looks at the collections in the A.P G.S.T, it was 93.5% of the demand. Previously it was 91.3% of the demand and Entertainment Tax was 91.2% of the demand. So, Sir, this impression is wrong. Then again, certain Members have raised in the Bill 21, saying that certain commodities should be given tax exemption and that has been under examination separately.

Then, there was an impression that food and drinking articles used by a common man are also being taxed. At the same time, I say, "maramaraalu, atukulu, p. laalu, fish, milk, meat, eggs, vegetables, pulses etc., and there were lot of other items at are not being taxed. While rice, paddy, wheat and pulses are taxed at 4%, millets, ragi, jowar, cereals are being taxed at 2%. They have been taxed from a long time but there was another criticism that there has been frequent changes of Commissioners in this Department. That is also not true. From August 1983 to 1985 we had an eminent Officer with us and he has been now transferred to Enforcement.
It is necessary to have honest officers in Enforcement, so that we could check the disease of dishonesty and right now also we have eminent officers with us. So, for the past two years, as far as I see, there has not been any frequent changes of Commissioners.

Then, there was another suggestion that came up was, that all changes i.e., "with local taxes extra" - was creating a lot of confusion. Sir, it is a Central Government order and it is implemented throughout the country. Probably they might find it difficult to fix the percentage of taxes, because different states had different methods of taxation, i.e., Sales-tax, Octroi tax, and other things and that is why it is continued. Then, with regard to Demand No: L, there was a Cut-motion "that the compensation paid out to the local body institutions is not adequate" and it is true Sir, but the finances of the State, do not permit to give them larger amount and I request that all the Cut-motions be withdrawn and both these demands be passed.

Sri P. Ashok Gajapathi Raju:— Sir, as far as we are concerned, we have brought down the rates of taxes on lot of items. Where we thought of getting or going to get more revenues of rupees, annas and pias to the Exchequer, it is true as the Hon'ble Member has said. The Hon'ble Member has mentioned about Horse-race, which is true and a fact. Till now, when compared to the figures of last year, we have registered one third increase already in the tax realised. As far as the shifting of any business or any activity is concerned, the Sales Tax Department is not concerned. Any economic activity would be taxed and when it will take place, we will put in our hands and collect the tax and remit it to the State Exchequer.

Sri P. Ashok Gajapathi Raju :— Sir. I do not know why the Hon'ble Member is confused. When the volume of Trade or business goes up, generally the tax also increases. We have brought down the tax and exempted Atukulu, Maramaraalu and Palaalu. We have brought down the tax on caustic soda and brought down taxes on lot of things including those that are manufactured with in the State. The question is that if our Exc.. quer is getting more money on these items, the Hon'ble Member can come any day to me and I will get him the particulars as to how much rate they are paying and what was their income etc. The details will be given to him.

(INTERRUPTIONS)

Mr. Speaker :— Mr Raghava Reddy, you cannot expect the reply in the fashion in which you require. The answer will not come in the fashion which you expect. He has answered it very clearly.

Sri P. Ashok Gajapathi Raju :— Sir, with regard to the Horse-races, in the month of August itself, we have registered Rs. 4.54 lakhs increase over last year. Another thing Sir, Sri Raghava Reddy garu is trying to put words in my mouth. I had said that the proposals would be examined and each proposal made by the Hon'ble Member including the suggestions are all under examination.

Sri G. V. R :— The question is that if our Exc.. quer is getting more money on these items, the Hon'ble Member can come any day to me and I will get him the particulars as to how much rate they are paying and what was their income etc. The details will be given to him.

Sri P. Ashok Gajapathi Raju :— Sir, what all the Hon'ble Members have suggested, they had suggested earlier also. It depends upon the efficiency of the department to implement the suggestions........ otherwise we will be in zero revenue. We have got certain rules in the Govt.,
Mr. Speaker :— It is ultimately the prerogative of the Government. It is prerogative of the rules of the Government.

Sri P. Ashok Gajapathi Raju :— Sir, Sales Tax Department, it does not deal with substitutes but we do not tax hand-yarn, which has been used by the handloom industry. With regard to dyes chemicals, in case the exemption is given, it would be bound to be treated as evasion widows, because dyes and colours are being utilised outside the State also.

Sri Kudipudi Prabhakara Rao :— The people who are using these chemicals, dyes and colours, they do it during their vocation. In any walk of life, you can see the black-sheep.

Sri P. Ashok Gajapathi Raju :— Sir, Hand-yarn is only used by the Hand-loom sector. So, there is no question of its being mis-used. But dyes, chemicals and colours are used by everyone.
Annual Financial Statement (Budget) For 1985—86.
Demands For Grants.

Sri P. Ashok Gajapathi Raju:— Sir, with regard to Marketing and Sales Tax Departments, they are two different things. In Marketing, they encourage and try to establish market yards and they try to see that some benefit is reached to the community which produces the goods, plus the traders. As far as the Sales Tax goes, if any sales occur, we do collect the taxes.

Sri Ch. Vidyasagar Rao:— Sir, just my simple question is, has he gone through the Report submitted by their own M. P. There is only one Report, i.e., Ayyapu Reddy's Report.

Mr. Speaker:— Ayyapu Reddy’s Report is there, but he has categorically stated that these are two different departments and cannot have co-ordination, in a sense, what you are meaning.

Sri P. Ashok Gajapathi Raju:— If the Hon'ble Member mean that there should be certain amount of co-ordination between the Sales Tax Department and the Marketing Department, I can well understand. But both functions are very very different.

Sri P. Ashok Gajapathi Raju:— Sir, our intention was never to tax them. We had a talk with their representatives and they told us that they buy their goods which they hire them within the State of Andhra Pradesh i.e., at one point of taxing - this goes with the
principle of Taxing in our State. If they utilise the goods on which they have suffered tax, in Andhra Pradesh, they will be exempted.

Sri P. Ashok Gajapathi Raju:— Sir, this was the request that came up in the Bill No: 21 and at that time it was told to the Hon’ble Members, that it would be examined. It is under examination.

Sri K. Vidyadhar Rao:— Sir, I have been repeatedly raising in this House regarding the exemption on agricultural implements from being taxed. Even the Hon’ble Deputy Opposition Leader too raised this issue. If the Government does not take positive stand on this issue, the entrepreneurs whoever want to manufacture agricultural implements, they are being dis-couraged. Now we have one factory in Andhra Pradesh, manufacturing tractors run by petrol and if these tractors are being taxed here, they do not manufacture here. In Punjab and other places all the Agricultural implements are not being taxed. The agricultural package industries are normally exempted. So I request the Hon’ble Minister to examine the same and try to give necessary exemption in respect of agricultural implements. Our State being not a small State, it definitely requires the Agricultural implements from. When it is being manufactured in our State itself, the State should encourage the entrepreneurs manufacturing these implements, so that these implements should be in flow and more units should come up. So, once again I request the Hon’ble Minister to give a positive reply to this matter.

Mr. Speaker:— He has already answered.

Sri P. Ashok Gajapathi Raju:— Sir, I had already mentioned about Bill No: 21. If the CAPOL people give us a representation I will definitely speed it up and see what should be done.

Are they any proposals with the Government to reduce on any iron items already enhanced in the Budget?
Sri P. Ashok Gajapathi Raju:— If the Hon'ble Member can convince me and the Cabinet that by reducing the rates on taxes on any particular item, it would result in increase in rupees, and paise to the Exchequer, it would be most welcome and it would be implemented on priority basis.
