Mr. Speaker, the Minister has mentioned a percentage for B.Cs, S.Cs and S.Ts. You make a specific percentage.

Mr. Speaker: The method is that the District judge and the District Collector prepare a panel and submit it to the Government. The Government has to nominate one person out of the panel but the Government cannot do on its own accord.

Sri Kudipudi Prabhakar Rao: But the Minister has specifically said that certain percentage is reserved for B.Cs, S.Cs and S.Ts. What about the policy of the State Government? You ought to have mentioned it. Let the Minister clarify it.

Mr. Speaker: He has already clarified it. Unless the District Collector and the District Judge recommend certain name, the Government cannot nominate anybody. In fact, these are the Government posts. It is only retaining a lawyer. The panel has to be sent by the District Judge and the District Collector to the Government. From among the names in the panel, the Government nomintes one. That means it is only retaining the lawyer.

S N O. No. 1350--S: Sarvasri N. Raghava Reddy, Jakka Vehkaiah (Allur), P. Venkatapathi and N. Indrasena Reddy: Will the Chief Minister be pleased to State:

(b) if so, whether the Government will order for the re-enumeration through Mandal Revenue Officers instead of Village Officers to set right the defects?

Sir,

The Minister for Food and Consumer Affairs,

The Telangana State Government,

Hyderabad,

Sir,

You may be pleased to know that many eligible applicants are denied the green ration cards due to a wrong enumeration. On the other hand, many ineligible persons are possessing green ration cards even though they have higher income.

Therefore, it is requested that the Government may consider re-enumeration through Mandal Revenue Officers instead of Village Officers to rectify the defects.

Yours faithfully,

[Signature]

Minister for Food and Consumer Affairs.

BUSINESS OF THE HOUSE

Mr. Speaker: (Sir, do not mix up things here please.)
Sri P. Ramachandra Reddy (Sangareddy) : Sir, yesterday there was business regarding Financial Statement, passing of Budget i.e., passing of Demands and I draw your kind attention on Chapter 18 and rules 150 to 155. We were at the stage of transacting the business according to Rule 153 i.e., the demands were under consideration and especially, according to the Business Advisory Committee, it was prescribed by rules that on that day i.e., on 29-8-1985 Demands No: 41, 42, 53 Industries etc., and Demand No: 25 pertaining to Labour was fixed. The discussion was going on and it was continued for the next day also. On 30th Demands No: 27, 28 and 29 pertaining to Social Welfare etc., were fixed and it was continued till 2 9-1985. We moved some Cut Motions in time. Copies of the Cut Motions admitted were
not communicated to us and as prescribed under the Rules, each Cut Motion ought to have been put to vote before putting Demand to vote. Yesterday you were pleased to announce that all the Demands standing for the day were passed. So, there was procedural irregularity and I request you to let us go status quo ante and let us consider the demands of Industries Department along with Cut Motions. Let us go back to take the Demands of Social Welfare etc., for discussion, as there was deviation of Rules. Sir, in excitement this might have been happened for which I draw your kind attention. Let it be rectified at this stage before going to move other Demands, which may create more complications.

Mr. Speaker: Now on the representation of the Honorable Members that discussion and voting on Demands for Grants for Industries, Village and Small Scale Industries, Mines, Minerals Labour, Employment, Social Welfare Tribal Welfare, Women & Child Welfare etc., should be allowed to convene the Business Advisory Committee meeting and we will allot five hours for this purpose and discuss the Demands, as desired.

Sri P. Ramachandra Reddy: Thank you, Sir.
Mr. Speaker: Yesterday I have told you that one hour discussion is going to be permitted on this.

Mr. Speaker: As far as the House is concerned, you leave it to me. Don't bother about it.

Sri Kudipudi Prabhakar Rao: It never happened hitherto. Why this suspicion? Where is the necessity of so many S. B. People in the varandah? You are not allowing anybody.

(Sri Kudipudi Prabhakara Rao stood up to speak)

Sri K. Vidhayadhara Rao (Chintalapudi): Sir, on a point of order.

Mr. Speaker: I am requesting him to say something.

Sri K Vidhayadhara Rao (Chintalapudi): Sir, my point of order is, can a person, who is not a signatory to the notice under Rule 329, participate in the discussion? I object the interference of the Deputy Leader of Opposition.

Mr. Speaker: He wants to mention something and I must hear him. He is very anxious to say something and it is not about this subject under Rule 329. I am not allowing him.

Mr. Speaker: What I do is I will make it two and it will be posted again.

Matters Under Rule 329:

Dr. Y. S. Rajasekhara Reddy: I have a point of submission. Speaker has taken cognizance of the situation and has given his ruling that this subject will be split into two.

I will be brought up during the next few days. Okay Sir.

Sri K. Vidhyadhara Rao: The allegation was not on a member.

Sri P. Ramachandra Reddy: I want one clarification from you Sir. The entire trouble arises when a question of a member is replied by another member. I wish Mr. Buchaiah Choudary join the Cabinet and reply. Therefore, nobody whether from this side or from that side should not reply. We are not supposed to answer and the Minister alone is competent to answer. If we adhere to this, much trouble can be avoided.
Matters Under Rule 329 : 3rd September, 1985

Sri G. Buchaiah Choudary: (Rose to speak)

Mr. Speaker: He has already asked something. I must reply him. Then, you will be given a chance. Every day generation of heat is not good. He has expressed his views (turning to Sri P. Ramachandra Reddy) and it is not as though he is representing a Minister. Every member will be given an opportunity to discuss. There is a conflict between the issues, and so, I will postpone this.

When you allow him to talk, you must allow all others to talk. You have given the ruling and you have split it.

Sri K. Vidhyadhara Rao: With due respect to the Chair. We are also members sitting on the Treasury Benches. We would like to make our views clear to you Hon'ble Speaker. After hearing one side of the case, if a ruling is given, a great injustice is done to us. Therefore, after hearing both the sides, you give a ruling.

Sri Kudipudi Prabhakara Rao: He is making aspersions out of the Chair. It should be expunged from the Proceedings.

Sri K. Vidhyadhara Rao: This is one of the same incident because these are events which have taken place on 2-8-1985 and 3-8-1985.

Sri R. Changa Reddy: (Interruption)

Mr. Speaker: Please listen to him. Now, there is no reason for generating heat unnecessarily. Things are going on peacefully. Let us continue the same atmosphere. Because Budget important one point No. 1. We have already exceeded one hour.
All the opposition leaders are there when we have decided that so much time should be allotted to such and such a question. At the request of the members we have been asking them and telling them. Now, already time is over. If some members ask the questions what we have decided is, I will hear him and also hear them. So, the question of conflict does not arise. Everybody is anxious to be heard. You please tell me what are the objections for having it simultaneously or separately?

10.00 a.m

Mr. Speaker: I will consider it.

This was brought to your notice earlier also.

I request you to consider it as a single matter.

Mr. Speaker: I will consider it.

Sri P. Ramachandra Reddy:— Mr. Speaker, the Hon'ble Member, Mr. Narsimhulu while speaking quoted some of the sentences.

Mr. Speaker:— What is the rule you are referring to?

Sri P. Ramachandra Reddy:— I am referring to Rule 305 of Rule of Procedure and Conduct of Business in A. P. Legislative Assembly.

In this case, Mr Narsimhulu......

Sri P. Siva Reddy (Jammalamadugu) :- It is not an allegation. He has simply quoted.

(Interruptions)

Sri P. Ramachandra Reddy :- I appeal the Member that the entire House has heard his speech. There is a tape-recorder. If there is no allegation, there is no controversy.

(Interruptions)

Mr, Speaker :- He is only quoting the Rule 305

I could not hear whether the Member has mentioned the name of Mrs Indira Gandhi. The subsequent sentence I could not hear. Kindly go through the tape-recorder. The tradition is that when a Member makes a statement on a person who is not present in the House, he must have restraint and avoid such statements.
re: Statement made by the Chief Minister at Delhi on the Judgment of Supreme Court regarding Retired Government Employees

Rule 305 deals with the procedure regarding allegation against a person and not against making a reference and not against mentioning about persons connected with administration, politics, economics and other things of public life.

Mr. Speaker:— Everybody has to listen when somebody is on a Point of Order.

Sri K Venkateswara Rao:— Mr. Speaker, kindly refer to Rule 304 of Rules of Procedure and Conduct of Business in the A P Legislative Assembly.

(ii) make a personal charge against a member;

(iii) use offensive expression about the conduct of proceedings of the other House or of the Parliament or any State Legislature;

(iv) reflect on any determination of the House except on a motion for rescinding it;

(v) reflect upon the conduct of persons in high authority unless the discussion is based on a substantive motion drawn in proper terms;

re: Statement made by the Chief Minister at Delhi on the Judgment of Supreme Court regarding Retired Government Employees

Explanation:— The words “persons in high authority” means persons whose conduct can only be discussed on a substantive motion drawn in proper terms under the Constitution or such other persons whose conduct in the opinion of the Speaker should be discussed on a substantive motion drawn up in terms to be approved by him."

The speaker is competent to draw his own inference. Now a reference has been made to the highest dignitary in our country—that means the Prime Minister of India—in most intemperate language. In the same fashion, he has spoken of the late Prime Minister, Mrs. Indira Gandhi. It is purely derogatory to the dignity of the highest dignitaries of the country and the reference to ought to have not been made. They to these dignitaries could have confined to the subject in question. They have remained indiscrete. They have caused hurt to a section of the House. They have also caused injury to the highest dignitaries of the State representing the vox populi of the country.

The reference made to these dignitaries may be expunged from the proceedings.

Mr. Speaker:— I will give my ruling. No further discussion. have heard everybody.

(Interruptions)

He has not made any allegation. Everyday, they are provoking us.

Today something has happened. But from now onwards I will not allow anybody to create any scene which will let down the Members or the House. I have heard enough. I am going to give a Ruling.

Sri Shivrao Shetkar (Narayankhed) : Mr. Speaker, Sir

On behalf of Congress (I) Party, I am opposing the Demand pertaining to the Home Ministry.

After Telugu Desham came to power, the law & order situation is deteriorating day by day in the State. We have seen how the Telugu Desham has misruled the State in the last 2-3 years, and ruined the very fabric of the administration.

This Government of Telugu desham has successfully tried to demoralise the police force in the State, which is the most important organ to maintain law & order and to book culprits and to protect people from violence. Unfortunately, when this Party took the reins, they actually broke the backbone of police administration and killed the police hierarchy. The promises made during Election campaign and these noted in manifesto were all belied one after another.

Concept of a welfare State has gone to dogs, because of this mis-rule. If law & order is there, then only we can conceive of a welfare state and implement welfare measures; we can bring solace to the downtrodden and raise their economic status-status of those who have been exploited for centuries.

The other day, the Minister for Finance (Sri P. Mahendranath) told that ideals of Mahatma Gandhi were being upheld. He was trying to draw a picture and give an impression that the TDP is
Standing by the principles of Mahatma Gandhi Are they following
the principles of Mahatma Gandhi in treating equally and looking
after the welfare of Harijans, Girijans and Tribals? Have they tried
to give them equal status in society? The Constitution of India has
given them equal rights and right to resist against apposition. The
TDP said they would follow the path shown by Mahatma and the
Constitution. Are they really following?

On the eve of Elections in 1983 and 1985 we have seen how
Harijans and Girijans were treated; how they were beaten up,
harassed, humiliated, subjected to cruel methods, murdered, looted,
and their women raped, but not a single voice in protest was raised
by these TDP people. Then how can they claim that they are doing
justice to the weaker sections of the society We have seen what
they have done to Harijans from padirikuppam to Karamchedu. The
Minister for Home has already made a statement on the dark
tragedies of Karamchedu where holocaust took place, but the
cases were booked not against the perpetrators of arson and loot,
but against poor Harijans. Crime No. 76 was booked against
Harijans. Crime No. 77 was booked against land-lords and against
the high class people. Crime No. 78 was booked regarding rape—
regarding rape on the harijans and poor families. When they
booked these cases under Crime No. 76, this itself discloses as to
what extent this Telugu Desam Government is honest towards
giving protection to the lives and the property of the weaker-
sections This itself is a very clear proof that Crime No. 76 is a
blatant lie on the part of the Government against the assurances
which have been given to the weaker-section's society i.e. harijans
and girijans. Day in and day out we are noticing the cases where-
in harijan people are oppressed, their houses are being ransacked
and they are being beaten up, and a number of people are now
feeling that this Government, this Telugu Desam Government is
not their Government and that this Telugu Desam Government has
failed to create confidence among the weaker-section, because the
Police is taking sides. Why Sir? The Telugu Desam Government

has successfully tried to demoralise the Police Officers, first of all the higher officers. Within a span of two years, three D.G.Ps. have been changed. Mr. Anandaram has been changed. Mr. Mahender Reddy has been changed and Mr. G. K. Errady was also transferred. All these action have created lack of confidence in this Government with the Police higher-ups and the people have very little confidence in this Police Administration. Because of the transfers of these higher officers what has happened? The lower cadres of police are all demoralised. They have fallen in line with the Telugu Desam Government. Whoever approaches their leaders, whoever approached their police-men, their works were attended and that being the case, we feel that a number of S.Ps. have been transferred. Honest S.Ps. were transferred. I submit one case of Medak District wherein our S.P. who was very fair enough, was transferred. Without any reason he has been transferred. That being the case Sir, I submit through you, the fact that the Telugu Desam Government has been trying to demoralise the I.P.S. Officers in the State. That being the case, your Honour, the D.S.Ps., Circle Inspectors, Inspectors and Sub-Inspectors, Head Constables and Constables, are all now feeling that “We have to toe the line of those higher-ups only and then only we can survive here”. Sir, I submit that in Hyderabad City wherein a number of Police Constables, Head Constables, Sub-Inspector are here, they are in the city itself from the inception of their services till their retirement. Why are the continued? Why those people are being sheltered? I put the simple question to you here Sir. Because we all know and every member of the public knows that Police is known for corruption. From the immemorial the Police is known for corruption and their maamools. If they are transferred, naturally they feel. difficult is not at matter maamools. That being the case, all the cadres of the Police right from Constable to D.S.Ps. level, all feel that they were threatened and that they would be transferred. Then, immediately they will surrender and they will low down. That being the case Sir, I submit that due to the transfer of the police officials, this Telugu Desam Government has created
certain atmosphere in the entire State, wherein everybody feels that the Telugu Desam is only extracting the work from the Police and that the Police has to work for the Telugu Desam cause. That is the main cause, for which a fear-psychosis has been created by the Telugu Desam Government in the State.

I will also submit regarding promotions. A number of promotions have been given to juniors. A number of S.P.s, were promoted as D.S.P.s and a number of D.S.B.s., were promoted as I.G.P.s. Why this indiscriminate promotions? Why a number of promotion have come up? Only to bring their hench-men on all key posts. That is why they have given promotions to such of those Officers and due to that they have burdened the exchequer of the State. That is the serious lapse on the part of the Government wherein unnessary promotions were taken up by the Government, so that their hench-men could be posted in the key positions. This Government is famous wherein only they preach Gospel. Gospel means not to practice. They only have precepts but not for practice. That is the definition of the present Govt. Wherein the precepts are not practiced. That is the definition of the Telugu Desam rule.

Sir, here I submit once again about the Police. The function of the Police is very very complicated one and more particularly in the welfare state, and more particularly in the secular state, that too in the democratic states, the Police function is very complicated one and here as to how we have to train the Police Officers and as to how the Police hierarchy should be to the expectations of the people means we have to develop our own standards. That is needed. When the socio-economic and political strains are there day in and day out on the police officials, how are they to withstand? How have they to work?

I submit this, because economic programmes are being taken up. When economic programmes are being taken up, how those problems are being faced by the Police?, Economic and social problem means, when harijans are being deprived of their rights it is
a social problem. They also pose as a complicated problem to the Police. Likewise the political problem. How they have to function in the elections? How they have to function independently and effectively? These are also their problems. From social point of view when harijans and caste people clash together, how they have to take sides? Because they are also members of the society. That being the case, I submit Sir, that to function, as a Police man, it is very very difficult job and the being the case, under under political influence, they do work. Then this effectiveness of the police and the independent function of the police is eroded.

(Sir, I feel the Hon’ble Home Minister is very conscious about his functions and he will feel that the suggestions from the opposition benches are always welcome by him)

The police has to face certain odd jobs. Particularly they have to face factions type of crimes, more particularly as we are facing in the Royalasema. Our M.L.As are also the victims for that such as Mr. Masala Eeranna and Mr. Rambhupal Reddy. There are glaring incidents wherein due to factions which have entered into polics, fictitious elements have entered into politics or they have taken the shelter of the politics and due to that, now, our M.L.A’s life itself is now in danger and that now they require safety, security etc.. Now we are seeing that Kurnool and Cuddapah Legislators are provided armed escorts with them and that is not a good augury and that is not a good situation wherein we have to appreciate this Government or the functioning of this Ministry. We feel that nobody should have such a security and such a gun-man at his command. What we except is that everybody should move freely and frankly throughout the State. That is our aim. For that being the case, I submit to the Government to take stringent action against those culprits, against those factious groups in Royalasema District wherein punitive police have to be posted there, due to which and through which we can curb their criminal activities and
we can curb their nefarious activities, for which, murders, loots and arsons are taking place day in and day out. That much be curbed there.

I also submit that the Extremists are the menace now-a-days. In the last five years, the activities of extremists are going unchecked. In Karimnagar, Nizamabad, Adilabad and in Warangal, we are noticing a number of murders every day. Every day we are noticing in the papers that the extremists are murdering those innocent citizens, are cutting their limbs, their hands and their legs are being amputated. Likewise the extremists are now gaining ground in our state and that her to the charged.

What I submit is that our Police Administration and our Law and Order problems should not being considered in isolation. Throughout India, violence is once again taking its ugly face. And that being the case, in Punjab, Assam, Gujarat and in a number of States, violence is being practiced by our youth.

When that being the case in our State itself, the activities of the extremists are increasing day in and day out and they have to be curbed and for that I submit here, that our Government have taken certain measures but they are not adequate measures in fact extremists have to be wiped out from the scene of Andhra Pradesh.

Regarding the communal disturbances, whatever the communal disturbances have taken place last year and during the last 3 years, that is the tenure of this Government, they are the scars on the face of this Government. They are the black scars. On the main streets of Hyderabad, a number of houses and commercial complexes were ransacked. They have been looted and hundreds of people were put to murder; and our city, which was a peaceful city, has been named as a curfew city. That being the case, I submit that effective steps have to be taken to control
communal clashes. Because our State is a secular State. When our State is a secular State, minorities i.e. Muslims and Christians have to be given complete protection and they have to be given complete assurances that their lives and properties would be safe-guarded in this state; and then only we would be successful in achieving the dream of a Welfare State and Secular State; we also feel that there is lot of labour unrest. Number of bandhs are there. Number of lock-outs are there and number of firings were taken place during this tenure. Likewise, student's unrest is there. Daily we are seeing that a number of students are taking processions and organising strike-calls and for the also, the Telugu Desam Government is claiming that the student's problem were solved. But I feel Sir, that the Telugu Desam Government has utterly failed in solving the student's problems.

The last point which I submit is that a number of atrocities are committed by Police by torturing the innocent citizens in the custody of the police. Rapes are also being committed in the police custody and now what we feel is that a free hand has been given to the Police to torture the innocent people and in the last month we have noticed that the lorry owners have called for a bandh. What for Sir? The only demand they have taken to the Government is that the lorry owners are being tortured everyday to give maamools; and that being the case there was a total bandh in the Hyderabad city; and that is an eye-opener for this police administration.

Sir, liquor dens, gambling dens and brothel houses are thriving in this Government.

Further, Sir, now that the Mandal Systems are being introduced and as every mandal requires one Police Station, we have to open a number of police stations. Merely opening police stations will not help. Already, in our State, the Police ratio to the population is very high. Because here, the Police: Population is 1:1000
to 1100. That is our police population ratio. One police is for 1000 population; and due to this mandal system, our Hon’ble Minister has given a statement that every police station will be provided with one S.I., one Head Constable and 6 Police Constables and that area and mandal will be having 40,000 to 50,000 population which means that eight police personnel had to man 40 to 50 thousand population that means one constable is for 5 to 6 thousand population. I feel that this force is not adequate and this force is not proper to give security and protection to the economically weaker sections and socially oppressed people.

Sir, for preservation of peace, the Police had to have a lot of responsibility and I am sorry to point out that the Police due to their ineffectiveness always, the military had to be called for and the calling for military to help the police is not a good augury and it is not a good situation and nobody appreciates if the Law and Order problem could be handled by the military men. What we expected by this Ministry and from this Government is that the Police should be strengthened by giving them the Modernised Police Scheme which is already there from 1980-81. These schemes are being there, wherein the police personnel are being given and provided all transport facilities. Vehicles are being placed at their disposal. Now you have seen in the same Report of the Hon’ble Minister that there are 259 posts of Circle Inspectors. Out of that, they have provided only 200 and odd vehicles to them and wherein he has promised in his statement that every police station would get a vehicle to man that police station to curb the evil, to book the culprits and to maintain Law and Order. What I submit is that now the Police is required a number of amenities for them. For strengthening each Police station, each requires a vehicle. It should be equipped with wire-less sets. All Police Station needs a telephone. Every Police Station requires its own building. Quarters have to be provided to the police men. Better service conditions means, better emoluments. Now every police

should be the criteria for our Police department. Unless we will not give them better emoluments, how can they function properly, effectively and above corruption?

Sir, only H. S. C. passed candidates should be recruited for police constabulary posts.

Sri H.B. Narasa Goud (Madakasira): Mr. Speaker, Sir, as we know the ‘yes Government’ ‘no Government’ have gone. The present Government is dedicated to maintain the law and order in the State. As we know, previously, when a S.P. was transferred and orders were passed by the Chief Minister or the Home Minister the Chief Minister or the Home Minister used to call back the file and cancel those orders at the influence of a ‘pyraviman’. Those days have gone. The present Government is determined to improve the law and order situation in the State. Just now my friend Mr. Shivrao Shetkar has said that so many D.S.Ps were transferred. It is an admitted fact; we are not denying it. When an officer of the State or when an officer of a District does something wrong, we will definitely take action by transferring him whereas the previous Government even after passing orders used to call back the file and revoke those orders. We are not doing that.

Now, I come to the point of improvement of law and order situation. As everybody knows when action was initiated and
when it was known that the kith and kin of an MLA or the Minister is involved, again they used to call back that file and revoke those orders. Now such things are not there. We should not do something wrong. We are taking action on the erring officers by transferring them or punishing them whether he is an S.P., DSP or a DIG. That is our Telugu Desam Government. Lot of atrocities are going on in Rayalaseema and the entire public knows about it. In Rayalaseema lot of country-made weapons—guns and bombs—were seized. In the past Governments never tried to search a single house or a single leader. There is no discrimination, whether he is a Telugu Desam Leader or a Congress Leader. We have seized the country bombs and weapons wherever they are.

(Interruptions)

We have also initiated action against those people. There is a mushroom growth of factories in Rayalaseema preparing country-bombs. This Government has taken a determined step. Our officers did not care for their lives and raided those factories.

Coming to matka, as everybody knows, it is running the lakhs of families. The present Government has done so many wonderful things and in most of the taluqs and districts mutka was stopped. In Ananthapur, recently a matka den was raided and from a single man Rs. 70,000 were seized. If it would have been in the previous Government, they would have swallowed about Rs. 60,000 and accounted for only Rs. 10,000. Now the police officers are anxious to do something good to the public. My friend has just now mentioned, brothel houses are more in the present days. As we all know when Telugu girls were taken to Bombay for prostitution, our Police people went all the way to Bombay, brought them back and restored them to their families. The Telugu Desam Government is determined to do something better for the society. Blackmailing cannot be continued in this Government.
Coming to the extremists, the extremist activities are going on not only in Andhra Pradesh but in the entire country. People are aware how our Member of Parliament Sri Lalit Maken was killed by extremists. Police know that the life of Lalit Maken was in danger. What steps they have taken to protect him. They have withdrawn the guards provided to him. What is the expenditure they are incurring on police at Delhi? It is more than half of the budget of the Delhi Metropolitan Council. With less expenditure, we are giving very good service in Andhra Pradesh. Just now my friend has said that 259 C.l's were not provided with vehicles. There is a possibility now. We have taken a determined step that every C.l. working in areas where there is the trouble of extremists and areas which are declared as trouble-some will be provided with vehicles. We have allotted more than Rs. One crore for vehicles to the police people.

Coming to the welfare measures for the police, number of housing colonies are coming up now. Compared with the other States, Andhra Pradesh is first in the construction of houses for police people. So for number of police stations were in rented buildings. Within a span of two to three years every police stations will be having its own building and lock ups.

My friend has said that there is lot of corruption. I can say that there is little corruption now. Compared the past Governments, I hope corruption was reduced by sixty percent. Still some percentage of corruption is there in the police. I hope the present Government will check it by not encouraging the corrupt officials.

I would like to submit that there should be a directorate to train our prosecutors. We are filing charge sheets and after doing so, our departments are not caring whether that case has ended in acquittal or conviction. But, after filing the charge sheet the process should be more effective so that the culprit will be
punished. In this aspect, I would like to suggest that there should be a Directorate of Prosecutions so as to give some kind of training to our prosecutors. The present type of recruiting APPOs and POs is not encouraging. The Collector sends a panel of three names out of which one will be selected. It is not correct. At least antecedents have to be checked; performance has to be examined; and integrity has to be weighed. Only after that they should be selected. Then the Police Department will have its own weight. When we take statistics, more than 60 per cent of the cases are ending in acquittal. This is not fair for any Government, whether it is Telugu Desam or any other Government. When the charge-sheet is filed, we have to see that all the witnesses stand with their version, whether it is u/s 164 or 162 Cr.P.C.... They should have that spirit to see that the case is convicted, and we will have a very good administration. I request the Home Minister, through you, to have a Directorate of Prosecutions and strengthen the ability of our prosecuting authorities in future. Thanking you, very much.

I will quote: "The Eighth Finance Commission has recommended for providing a sum of Rs. 590.10 lakhs for the construction of 66 court buildings, 303 residential quarters and for providing certain amenities in the court buildings at 114 places in the State during the period from 1985-86 to 1988-89. However, the number of court buildings and residential quarters to be constructed out of the funds provided by the Government of India on the recommendation of the Eighth Finance Commission had to be reduced to 46 court buildings and 164 quarters according to the plans and estimates of the State Government. This is the unfortunate thing."
