Mr. P. R. Rajasekhar: The amendments will be made as soon as possible.

Mr. V. N. Reddy: Is the State Government planning to set up a committee to look into the issues related to the power sector?

Mr. P. R. Rajasekhar: A High Level Committee has already been constituted for the purpose of looking into the problems related to the power sector in the State.

Mr. B. V. Reddy: Will the amendments to the Electric Lighting Act be made soon?

Mr. P. R. Rajasekhar: The amendments will be made as soon as possible.
On hand we have got so many important projects. I can’t say that we can take up this project.

Dr. Y. S. Rajashekara Reddy. This is too much.

Sri K.E. Krishna Murthy; This is not too much.

Dr. Y.S. Rajesekhara Reddy; If it is so there is no need to put questions here.

Sri P. Ramachand Reddy: (Sangareddy) All the questions are being answered by the Members instead of by the Minister.
There we are deviating from the procedure. Kindly control the other side not to answer for Minister. Otherwise, it cannot be peaceful.

The Minister should pull up the officers. It is not a reply at all.

re: Hunger Strike by the teaching and non-teaching staff of Andhra Balika Junior College, Warangal against the Management.

The administrative department: 

A few months ago, I received a letter from a group of teachers and non-teaching staff of the Andhra Balika Junior College, Warangal, expressing their dissatisfaction with the Management. They had been working for such a long time without any appreciation or recognition of their efforts. The conditions of work were deplorable, and the salaries were far below the market rate. The teachers were overworked, and the non-teaching staff was treated unfairly.

The staff had been asking for better conditions and salaries for months, but the Management had been ignoring their demands. They had even been threatened with dismissal if they did not stop their protests.

As a consequence, the teachers and non-teaching staff have decided to go on hunger strike to bring attention to their cause. They have set up a committee to coordinate their efforts and to keep the public informed of their progress.

I urge the Management to listen to the concerns of the staff and to take appropriate action to address their grievances. Failure to do so will only exacerbate the situation and may lead to further unrest.

Yours sincerely,

The Hon'ble Member countered the charge of misappropriation of funds by TTD for the construction of cottages. The inquiry revealed that funds amounting to Rs. 10,000 were due to be transferred to the credit of the construction fund but were diverted to other purposes. The TTD had spent Rs. 9,000 on a cottage, which was not in accordance with the approved budget. The matter was referred for a detailed investigation.

The Hon'ble Member further stated that the TTD had allocated Rs. 100,000 for the construction of cottages in 1983. However, only Rs. 10,000 had been spent, while the remaining amount was still unutilized. He urged the TTD to expedite the construction work and ensure that the funds were utilized as per the approved budget.

...
But as a coin will have two sides, the Department also has got two sides. Especially with regard to Rayalaseema the Department has done well in seizing lethal weapons and Five bombs. For that, as a Legislator from Rayalaseema, I would say that we owe much to the department. As a man who has got belief in truth, I have to deny that this department is free from corruption. Corruption is rampant. But this is a legacy we have inherited from the earlier periods. Within a short span of three years we cannot overhaul the entire department and that argument has been accepted. For recruitment in the police force, there is preference for the post of Sub Inspector of Police rather than to Lecturer. I hope the Hon. Members can draw their own inference. For streamlining the police force, I request the Hon. Minister for Home to initiate steps. The first thing that should receive his attention is Housing. The allocation for police housing corporation is very poor. At this juncture, I would like to bring to the notice of the august House that there are certain colonies of constables which have not been electrified. They are forced to indulge in corruption because of their living conditions.

The department must take steps to improve their living conditions. In the same way, several welfare measures will have to be initiated for which the Minister has to get more grants. At the top level the Department has improved but not at the lower cadres. Now there are six D G. Ps., 16 I G. Ps and nearly 20 DIGS but proportionately the recruitment has not increased at lower cadres. To quote an instance, if a significant incident is reported, a constable has to accompany the Sub Inspector of Police and the very next day, the Deputy Superintendent of Police will visit and five to six police constables will accompany him for four or five days. The lower cadre has to accompany the officers and they will have no time to
investigate or detect or trace the culprits. Officers at the lower cadres will have to be recruited on a war footing, otherwise the crime detection or eradication of crime incidents cannot be achieved.

The Department has to open more number of police stations in faction-ridden areas. In Rayalaseema, I would request the Minister for Home to specially set up a task force or whatever nomenclature he would like to give with a DIG at its head to eradicate the factions since there are so many factors prevailing in the area. It is strange that the vehicles of 1948 and 1952 make Dodge vehicles are being maintained by the police force even to-day. It would be rather unfair on our part to expect better performance from these people with out-moded vehicles and equipment. There is need to equip them with electronic computers and machinery which has been adopted by other countries. The people at the lowest level should be provided with at least latest type of vehicles and machinery and methods in vogue. I request the Hon. Minister to take into consideration all these factors so that the performance of the department will be improved.

(Bell)

One more thing, and that is with regard to corruption that has been prevailing in this department. An honest officer in the police department is the embodiment or personification of misery and poverty whereas an officer indulging in corruption is living like a Moghul emperor. This has to be checked and proper steps have to be initiated. Couple of days back, the report of Sri K. Ramachandra Reddy “Report of The Police Commission” has been laid on the Table. Of course, we did not have enough time to go through the report. But, all the possible recommendations that are going to be implemented, should be implemented irrespective of the monetary involvement that is implicated in it. I conclude by supporting the Demand and requesting the Members to vote for it.

Sri Md. Mukarramuddin (Charminan): Mr. Speaker, Sir,

Much has been said about Police, and the important position they hold in the society. They are supposed to follow law strictly and maintain law & order. The question is whether they are doing this?

Sir, as you know personally, they have now become the law breakers. It has become common with the police people that they enter the houses of law abiding and peaceful citizens, without notice or warrant, in the name of search, and then harass the women, beat and arrest the young boys and others. These youngs are arrested without any warrant. They are not produced before the Court, but detained unlawfully in lock-ups, harmed, kicked, and beaten up mercilessly. This is a new trend of ‘airnoisities’ by police. I have
brought several such cases to the notice of Home Minister in March '85 itself. No action, has been taken, nobody transferred, suspended or punished, as a matter of fact not even disciplinary action was initiated. Only thing, the Home Minister said was that he had referred the matter to the Commissioner of Police for report. But the Home Minister did not pursue the matter further, to get a report and punish persons at fault. Will he at least do that now? If these police personnel are left unchecked, the situation would lead to chaos and disaster. Several communal clashes have taken place since the TDP came to power. How many cases have been booked against law-breakers, murderers and looters, and how many have been punished. The Home Minister has made a long statement, but has omitted to say anything about these cases. I request the Home Minister to say specifically how many cases have been booked, how many resulted in conviction.

The less we speak of 'task force' the better. This task-force has become a law unto itself, and there seems to be no control on their undesirable activities. It is said to be under the direct control of Commissioner of Police, but several members are convinced that even the Commissioner has lost control over this 'task-force' as they indulge in all sort of atrocities, and do whatever they like. Thus the law-enforcers have become law-breakers. These task force police personnel enter the houses, even at dead of nights, arrest people unlawfully, beat them mercilessly and bring to the control room, and detain there for days together without producing before the Court. Every DCP and ACP, has created a force of his own on these lines, and named them "special parties", who copy the same methods in their respective jurisdictions.

With regard to rampant corruption, in Police Department, even the ruling party member has complained. When attention is drawn to this malice, it is said that it is a legacy of the past. This is no answer. Concrete steps should be taken to eradicate this menace, first in this Department which is supposed to be law enforcer.

To enquire into the incidents that occurred on 9th of September, '84' in Hyderabad. a Commission was appointed. In a meeting of Leaders of Opposition only a few points and recommendations were made known. But, the Report has not been placed on the Table of the House. This should immediately be done. We do not know what action the Government has taken or is going to take in the light of that Report. Immediate necessary action is necessary so that such incidents do not repeat in future.
The Minister in his statement on police administration has mentioned about the ‘Minorities Financial Corporation’. It has been set up as a ‘company’ and the funds provided are very meagre. Last year only 50 lakhs were granted. This year no amount seems to have been granted.

With regard to vacancies of Munsif Magistrates, he said 101 have been filled up. About 125 posts are vacant since 1983, because of which the administration of justice has come to a standstill. Immediate steps may be taken to fill up all the vacancies.

Mr. Spraker, Sir, a few words about Printing & Stationery. Important notifications, etc are published in the Gazette. They are not being supplied regularly and on time to Members, but after a lapse of 2-3 months. When I was not a Member, then also I used to subscribe for the Gazettes, and I have found that the situation has not improved, and long delays are there. I request that they may be printed and supplied in time, otherwise the purpose for which they are printed would be lost.

RULING

re : Expunction of certain portion of the Speech of Sri M. Narasimhulu, M.L.A.
on 3.9.1985

Mr. Speaker : I am to announce to the House that some members requested to expunge certain words used in the speech made by Sri M. Narasimhulu on 3rd September, 1985, from the proceedings of the Legislative Assembly. I have gone through the speech made by Sri M. Narasimhulu and verified the same from the tape recorder. The portion of the speech referred to the Late Smt. Indira Gandhi, former Prime Minister, has been expunged from the proceedings dated the 3rd September, 1985.
Incidentally, I have to mention the undignified and unwarranted behaviour of certain Members yesterday and day before yesterday. Members must observe certain standards of conduct both inside and outside the House to maintain the high traditions of the Parliamentary system so as to enhance the dignity of the House and its members in general. I therefore appeal to the Members to maintain high standards of conduct so that the work in the House is carried out efficiently in a calm atmosphere.

Now, the House stands adjourned to meet at 8:30 A.M. to-morrow.

(The House then adjourned at 4:11 p.m. to meet at 8:30 a.m., the next day i.e., on Friday, the 5th September, 1985.)
