MR. SPEAKER: Since the Minister has agreed for half-an-hour discussion on the subject as well as placing the Telugu translated Report on the Table of the House, this question is postponed.

BUSINESS OF THE HOUSE

MR. Speaker (in Telugu): Hon. Members who have got the Telugu translated Report may peruse it in order to understand the subject better. 103 doubts have been raised by Congress members. 103 doubts have been solved by the Government. The honorable Speaker said, would you like to raise any question in connection with it? I am ready to hear the discussion.
Mr. Speaker: That is all over. I will not answer your question. Speaker does not answer such questions. If I have disallowed, I have used my discretion. You must know this; you are well-versed in parliamentary practice.

Mr. Speaker: I have given enough time. I will now take up 329.

Dr. Y. S. Rajashekara Reddy: You have to give reason. I have not disallowed the motion. I am not bound to give any answer.

Mr. Speaker: That subject is over. Already I have disallowed the motion. I am not bound to give any answer.

Dr. Y. S. Rajashekara Reddy: You have to give reason.

Sri A. Dharma Rao (Duggirala): You must tell us what action have you taken; why have you rejected, you must give reason.

Mr. Speaker: I have already stated, and it has been rejected.

Sri S. Vijayarama Raju: What action have you taken?

Mr. Speaker: I am here to protect the rights of all the Members here. Mr. Baga Reddy may please take care of the situation. This is not the way to conduct oneself in the House. I was tolerant of remarks even yesterday. Can a lone Member be allowed to disturb the proceedings. He is using certain words which are not dignified and parliamentary.
Mr. Speaker: That I will answer Mr. Baga Reddy has raised a question. My answer is that the Speaker has discretionary power to disallow or admit. I have disallowed the Adjournment Motion, without assigning any reasons.

Mr. Speaker: I have already given my decision.

Mr. Speaker: I have not said 'anything. I am quite clear in my mind. The question firstly is, whether it is in order? If it is in order, then I will do the needful.
Mr Speaker: Whether it was in order or not, I had to see. I went through records, and as it was not in order, I have rejected it.

Mr. Speaker: You cannot go on asking what is wrong. If you so desire, yourself and Mr. Rajasekhar Reddy may come to my chambers, and may discuss. Then that will be looked into.

(Interruption)

Now, let us go to matter under Rule 329. At the request of the Minister, I have postponed the first item under Rule 329.

Sri N. Indrasena Reddy: The Minister has to inform the Member first, about postponement.

Mr. Speaker: I received notice only at 12-00 noon, yesterday.
Mr. Speaker: I cannot bifurcate it, and take one item today, and another tomorrow.

(item No. 1 is postponed)

Mr. Speaker: The Hon'ble Minister and Members have asked for postponement of this item, which is now a question before this House. I am not bifurcating this into half and prefer the half afterwards. What I am trying to tell to the House is that I cannot permit half of the answer to be given now and to permit for the remaining half at a future date. That too, the remaining half information has not been received from the concerned persons. A letter is before me for postponing the matter. I cannot bifurcate the issue and allow to answer now and the remaining half afterwards, Rightly or wrongly, the questions are clubbed and decided as one. So I am postponing this matter.

(item 2 also postponed)

The next item is also postponed at the request of the Minister. Now let us take third item.

Doctor was killed by the processionists and it is said in the newspapers that Inspector was one of the assailants. This is exactly the point where I have been trying to point out that the conduct of the Police is going unchecked. It could have been a cause of retaliation by somebody else but not by the disciplined force of Police. I am sure the Government will have this matter investigated by an independent agency to come to the real truth. If the Government gets only a report from the police they may not get the truth. So, an independent agency should investigate into the matter and arrive at the truth and take necessary action.

Calling Attention Matters 5th September, 1985 301
re: Bogus Engineering Colleges in the State

The Ho. Secretary, 

The Board of Technical Education, 

Date: 30-6-1985

Sir,

Attention is drawn to a request from certain students ofengineering colleges in the State, who have been admitted to the five-year engineering courses from 1980-1985 and their intimation on 9-7-1985 that they were not admitted to the engineering courses.

Since the demand for engineering colleges has been continuously increasing, the Government has been considering the need for establishing new engineering colleges in the State. In view of the above, it is necessary that the Government should be informed about the non-admission of the students to the engineering courses.

Yours faithfully,

re Bogus Engineering Colleges in the State

302 5th September, 1985

Attention is drawn to the alarming increase in the number of bogus engineering colleges established in the State. These institutions are set up without any proper planning or regulation. The number of such colleges has reached 10,000 to 15,000, which is a matter of serious concern. The fees charged by these colleges range from Rs. 420 to Rs. 4200, which is excessively high.

The State Government is advised to take immediate action to curb this practice. The Government should ensure that only genuine and properly registered colleges are allowed to function. This would help in providing quality education to the students.

In conclusion, it is imperative that the State Government takes stringent measures to control the proliferation of bogus engineering colleges.

Sincerely,

Calling Attention Matters 5th September, 1985 303

re: Bogus Engineering Colleges in the State

The matter of Bogus Engineering Colleges in the State has been brought to our notice. It is alleged that several engineering colleges have been established without proper authorization. These colleges are charging high fees for courses that do not meet the standards set by the State. The demand for higher education is increasing, and these colleges are taking advantage of the situation to make easy money. It is pertinent to note that such colleges are not providing quality education and are misguiding the students.

In view of the above, it is requested that the State government take appropriate action to ensure that only authorized engineering colleges are functioning in the State. The government should also ensure that the students are not swindled by these bogus colleges.

Yours sincerely,

Sri K. Bapiraju: Slowly you are injecting my mind to that.

Chairman: After Janata, Congress will get it.

Sri K. Bapiraju: You enlighten me on what ratio you are calling and what is the pattern adopted.

Chairman: I will give you your quota.

Sri K. Bapiraju: What quota? Is it sugar quota?

Chairman: I am here to accommodate each and every body.

Sri K. Bapiraju: Please enlighten me the pattern you have adopted. I feel that you have done injustice in calling the parties.

Chairman: Nothing. The other parties are also there. I have called the Janata Party. After that you will get it. Why are you in a hurry?

Sri K. Bapiraju: You mean I am in hurry.

Chairman: I will accommodate each and every-body. Please take your seat and cooperate with me.

Chairman: I will follow some principle and do justice.
