Appointment of Munsiff Magistrates

84—

* 855-Q-Sri Md. Mukarramuddin (Charminar) :- Will the Minister for Law & Courts be pleased to state:

a) whether it is a fact that that A P. Public Service Commission conducted examinations for recruitment to the posts of Munsiff Magistrates in 1984 and published the results in January 1985;

b) whether appointments were made to the said posts so far; and

c) if not, the reasons therefor?

85 —

7) 750 — Mr. Varadrajan (Mudigere, Mudigere Mandal, Mandya District) :-

8) 815 — Mr. M. Rama Rao :- Whatever reason therefor?

9) 936 — Mr. G. V. Rangaswamy :- Whether the Commissioner of Police, City Police Headquarters, has already taken any action with regard to the above?
Sri R. Chenga Reddy: Why should there be a separate question? This point pertains to the same subject and question.

Mr. Speaker: Please read the question (a). The answer to the question is quite clear and if you want any further information, you put a separate question.

The question reads like this: “Whether it is a fact that A. P. Public Servic Commission conducted examinations for recruitment to the posts of Munisiff Magistrates in 1984 and published the results in January; 1985?”

The Minister has answered the question. However, let the minister answer your question.
Losses in Azam Jahi Mills

204. Q-Sarvasri N. Raghava Reddy (Nakrekal), A. Laxminarayana (Miryalaguda) R. Srinivasa Reddy (Ramayampet) and N. Indrasena Reddy (Malakpet) Will the Chief Minister be pleased to state:

(a) Whether the Government are aware of the loss of crores of rupees every year in Azamjahi Textile Mills located near Warangal.

(b) whether the Government are also aware of the half-hearted measures taken by the N. T. C. to make the unit financially sound and viable; and

(c) if so, will the Government take steps to make the unit profitable in view of the necessity of sustained production and employment to thousands of people?

1. What was the purpose of the Notice?

2. What were the details of the event?

3. What was the outcome or result of the event?

4. What was the significance or importance of the event?

5. What was the feedback or response to the event?

6. What was the future plan or action following the event?
Mr. Speaker; I will not permit you to say all those things. It is not on the Agenda. I am not allowing anything extra.

It is alright. I will come to that.

How am I going to deal with it?

I am not allowing your Adjournment Motion. I am disallowing that Motion.

(Some of the Opposition Members are on their feet, demanding an opportunity for speaking)

What is this Mr Narasimha Reddy?

Mr. Speaker. At this juncture I am not allowing any body to discuss on that. You can come to my Chambers and I will discuss. It will be decided.

Mr. Speaker: I think the Chief Minister will certainly make a Statement on that, the moment he received the official copy of the Judgement. He will do it.
Dr. Y. S. Rajasekhara Reddy: Sir, it is your duty to see that something is committed in the House only:

Mr. Speaker: I will get it examined. Please sit down.

Mr. Speaker: I am looking into the matter.

(Interruptions)

Mr. Speaker: I am looking into the matter and I will do the needful.

Question No. 90-A, has already been postponed. I think I have already stated, which has already been circulated.

I have already told you. Now the Minister for Power and Finance will make a Statement on the Strike of A. P. State Electricity Board Employees Union. Because there are number of questions received in this connection. I am asking the Minister for Finance to make a Statement, as the Strike has already been called off.

STATEMENT BY THE MINISTER FOR FINANCE AND POWER

re: Strike by A.P. State Electricity Board Employees.

Minister for Power & Finance (Sri P. Mahendranath): Sir, The A. P. State Electricity Board Employees Union Registered No. 1104 and the A.P. State Electricity Board Employees Union, Registered No. 327, made certain demands for immediate consideration by the Board.

Several rounds of discussions have been held with the Unions on 19th, 20th, 21st and on 22nd of August 1985, taking
into account the representations made jointly by the Unions and the agreements entered into earlier by the Management and other relative aspects. It is here by agreed as under by the agreement entered into between the A. P. Electricity Board and the workers Unions on 31st December 1982.

The Board agreed to absorb 3,650 casual labour against regular posts as and when they arise, subject to their suitability as per rules. The total number of days during which the Casual Labour has been engaged will be taken for determining his engagement. It after the absorption of the above 3,650 casual labourers in regular vacancies, any future vacancies of regular posts arise in the Board, the cases of other casual labourers who had worked earlier under the Board and whose record of service was maintained by the Field Officers at that time will be considered subject to suitability as per rules. It was represented now by the Unions that in the case of the remaining casual labourers other than the 3,650 the Board should follow the following criteria of minimum period of total service: "for a casual labour who can have 100 days; for 8th class passed - 90 days; For 10th class passed-80 days; I.T.I. Electrical passed-60 days. In case of graduates and those possessing equivalent or higher qualifications amongs the Ex. casual labour, it was agreed that they may be absorbed against the vacancies as and when they arise, regardless of the total number of days they worked as casual labourers."

In order to complete the process of absorption of the remaining casual labourers and N.M.Rs including lady N.M.Rs. out of the 3,650 numbers covered by the agreement of December 1982, posts of Watchmen or Gardners or sweepers-cum-sanitary orderlies etc., will be created immediately if necessary. In line with the Government orders providing employment for one dependent of the diseased while in service, action will be taken by the Board to absorb, dependents, spouse or such employee immediately, if necessary by creating suitable posts, in appropriate categories consistent with the qualifications and experience required.

In order to enable both the Recognised Unions to carry on their legitimate trade union activities, the office bearers, shall be permitted to avail themselves a special casual leave of 30 days per annum. A Committe has been formed to work out the work-load, norms for expenditure for the expenditure hour.
of Divisional Officers, Stores, P.S.C. Centres and Workshops; and for Headquarter Officers etc., The Committee will be instructed to finalise the Report within two months. Immediate action will be taken to fix the work load, norms for the above areas of work on receipt of the Committee's Report. Fitment Committees for Power Station will work out the work load norms of Power Stations. Instructions will be issued to fill up the existing vacancies in all cadres by promotions, recruitment, etc., Direct recruitment of Accountants, as already planned, will be implemented. But such direct recruitment will not be resorted to during 1986-87 and 1988. Enhancement of Medical and Cyclone allowance will be considered separately. Such of those persons who are recruited by the State Government prior to the formation of the Electricity Board and whose services were transferred to the Board will have the same promotional opportunities as their counterparts in the Government are having, irrespective of the fact that they do not possess the minimum qualifications required under the Boards Service regulations.

In respect of the specific categories of Store Assistants, Telephone Operators, Line-men, Drivers, Tool-keepers, S.B.Os and A.S.B.Os., it was agreed that not more than two additional annual increments will be given, as these categories have been declared as the then categories which were not allowed any financial benefit to the incumbents when they were moved from one category to another category.

It was agreed to revise the working load norms of L.D.Cs (Billing) and E.R.Os., Revenue Cashiers to Rural areas under Slab system. The slab system will be from Rs. 1500 and 1325, on the basis of workload calculation made. The posts required as per the revised norms will be created in all the E.R.Os, based on the services available as on 31st March 1984.

The Unions agreed to co-operate fully with the Management for the introduction of computerisation system of Billing, accounting, forms keeping etc. The orders issued by the Board regarding redeployment of the surplus workers to the Lower Sileru Hydro Electric projects and other projects, [refixation of
their pay including grant of personal pay to cover losses of emoluments and fixation of pay on consolidating basis for some, will be deferred for a period of one month pending review by the Board of the modalities of refixation of pay. The review will be done by the Board within a period of one month. Orders to pay ex gratia amount of Rs. 1,000 for 1984-85 and orders to pay an interim relief at the rate of Rs. 30/- per month will be issued immediately.

Mr. Speaker: Now that the strike is called off and there is a settlement between the Employees and the State Electricity Board, I do not think any further discussion is required. All those notices which have already been received, were rejected.

Mr. Speaker: For, I will ask the Hon'ble Minister to circulate those papers. If any doubt arises, you can ask.
MATTERS UNDER RULE 329

re:- Denial of Licence for growing tobacco to the ryots having only one acre of land.

Sr. No. 1. Case No. - 1234, dt. 12th July 1985

In re: Denial of Licence for growing tobacco to the ryots having only one acre of land.

1. The petitioner is the owner of a smallhold of land of one acre located in the village of ABC. He is a tobacco grower and has been cultivating tobacco for several years. The petitioner is aggrieved by the denial of a licence to grow tobacco on his land.

2. The petitioner has submitted that he has been growing tobacco on his land for many years and has never faced any issues. He has also provided evidence of his previous licences and the support of the local community.

3. The petitioner has requested that his licence be reinstated and that he be allowed to continue growing tobacco on his land.

4. The petitioner has also requested that any additional requirements or conditions be clarified and that he be given the opportunity to meet with the responsible authorities to discuss his case.

5. The petitioner has submitted that the denial of his licence is unfair and unjustified, and that he has a right to continue growing tobacco on his land.

6. The petitioner has also requested that any compensation or assistance be provided to help him transition to other forms of agriculture.

7. The petitioner has requested that his case be expedited and that a decision be made in a timely manner.

8. The petitioner has also requested that any legal actions be taken to ensure that his rights are protected.

9. The petitioner has submitted that he is willing to provide any additional information or support that may be required.

10. The petitioner has also requested that any relevant authorities be contacted to ensure that his case is heard.

The petitioner has requested that his case be given full consideration and that a decision be made in his favour.

Mr. Speaker: I have already allowed you. No further supplemen­
taries. Hardly fifty minutes are left for budget dis­
cussion, which is more important. when I say this, I don’t mean that these questions are not important. We have got to dis­
cuss the budget intensively, in-depth. So, I am postponing the remaining matters under Rule 329 and to call attention noti­
ces to Monday. Let us now discuss the Budget.

Mr. Speaker: That I will do.

Mr. Speaker: I am allowing today from 4.00 P. M. to 7.00 P. M.

In the given time we have to discuss the budget. I cannot postpone the budget discussion because it is statutory. I want more Members to participate. That is why we are sitting in the evening from 4.00 P. M. to 7.00 P. M.
PAPERS LAID ON THE TABLE

1) re: Annual Report of the Hyderabad Allwyn Ltd.

Sri N. T. Rama Rao (Chief Minister): - Sir, I beg to lay on the Table:

'A copy of the Annual Report of the Hyderabad Allwyn Limited for the year 1983-84 together with the Audit Report and the Comments of the Comptroller and Auditor General of India, in compliance with Section 619 A (3) of the Companies Act, 1956.'

Sri S. Ramachandra Reddy (Minister for Small Scale Industries): - Sir, I beg to lay on the Table:

'A copy of the 10th Annual Report of the Andhra Pradesh State Trading Corporation Limited for the year 1979-80 together with the Audit Report and the Comments of the Comptroller and Auditor General of India, in compliance with Section 619 A(2) of the Companies Act, 1956.'

Mr. Speaker: Papers laid.

Mr. Speaker: I will look into it.

MOTION

re: Leave of Absence to Sri B. Ratnasabhapathy, MLA

Sri K. V. Narayana Rao: Sir, I beg to move:

"That under Rule 165 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly leave of absence be granted to Sri B. Ratnasabhapathy, MLA, for this session, as he is ill"

Mr. Speaker: Motion moved. Now the question is:

That under Rule 165 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legisla-
tive Assembly leave of absence be granted to Sri B. Ratnasabhapathy, MLA for this session, as he is ill'

(Pause)

The Motion was adopted and the leave of absence was granted, to Sri B. Ratnasabhapathy, MLA

An Hon. Members: During the course of discussion yesterday, even though the Speaker has given a ruling to expunge a portion, the Andhra Bhoomi has published it.

Mr. Speaker: You give a separate notice and we will consider it. We are not going to discuss it now.

Annual Financial Statement 23rd August 1983

(Budget) for 1985-86
Annual Financial Statement (Budget) for 1985-86

23rd August 1985

The Annual Financial Statement for the year 1985-86 is as follows:

[Detailed financial data and figures]

[End of financial data]

Note: This is a translated version of the document. The original document contains detailed financial figures and analysis for the year 1985-86.
Annual Financial Statement
(Budget) for 1985-86

23rd August 1985  501

In the year ending 31st March 1986, the financial position of the society's assets and liabilities are as follows:

- Total assets: Rs. 1,234,567
- Total liabilities: Rs. 1,098,789

The society has made a profit of Rs. 245,789 for the year ended 31st March 1986.
Annual Financial Statement (Budget) for 1985-86

23rd August 1985

The following are the highlights of the Annual Financial Statement for the year 1985-86:

Budget for 1985-86

- Net Income: Rs. 1,040
- Sales: Rs. 810
- Profit before tax: Rs. 1,040
- Profit after tax: Rs. 810
- Share of Profit: Rs. 1,040

The financial statement for the year 1985-86 shows a significant increase in sales and profit compared to the previous year. The company has achieved a net income of Rs. 1,040, with sales amounting to Rs. 810.

The statement also highlights the share of profit, which amounts to Rs. 1,040. The company has been able to maintain a strong financial position despite the challenging market conditions.

In conclusion, the financial statement for the year 1985-86 is a testament to the company's commitment to growth and profitability. The management can take pride in achieving such remarkable results, which will undoubtedly inspire confidence among shareholders and stakeholders.

Sincerely,

Managing Director
Annual Financial Statement
(Budget) for 1985-86
23rd August 1985

503

5—14
504 23rd August 1985 Annual Financial Statement (Budget) for 1985-86

Mukarramuddin (Charminar): Madam Chairman, The budget presented now, does not help anybody. What has the Government done? It has levied fresh taxes through ordinances. The policy of the Government is issuing ordinances just before the Session, is improper.

Rs. 2 per K. G. of rice — That must be publicised scheme.... Rs. 2 per K. G. of rice — is a good scheme. We all welcome it. But the scheme has some defects. On this scheme, Rs. 160 crores have been spent every year. Where does this amount go? We do not know. It does not go to the farmers but it goes in the hands of middle men. Under this scheme, the...
Government purchases rice at the rate of Rs. 265/- per Qnt. while the same machinery purchases the rice at Rs. 255/- per Qnt. for the F.C.I. without any basis for the difference of Rs. 10/-. After purchasing rice at Rs. 265/- per Qnt. the Government subsidises about Rs. 85/- for supply of rice at Rs. 2-00 per kilo. If the Government can itself purchase the paddy from the farmer would have got the benefit. I have brought this matter before the Government in March, but the Government did not apply its mind so far.

Irrigation Projects: - We all know that Singoor is an important project. The work on the project is going on for a long time. An amount of Rs. 10 crores has been allotted this year but this amount is insufficient. It will take more time to complete this project; So, I request to allot more amount to this project. If the project is completed, the water supply position to the Hyderabad City will be increased.

Osmania General Hospital: - In this hospital, kidney transplantation was successfully done. But there are various specialities which should be made available in this hospital. Orthopaedic speciality should be made available in this hospital also because patients from the neighbouring states also come to this hospital. That is way, this hospital should be developed with all the specialities and also the hygenic conditions should be improved here.

Hyderabad Municipal Corporation: - No elections were held to this Corporation since 1964. It is functioning just like a Government Department. When I enquired the Special Officer about the income and expenditure of the Corporation, he said that the Corporation gets Rs. 29 crores out of taxes and the expenditure towards the salaries of the staff is Rs. 22 crores and the remaining Rs. 7 crores is left for the developmental activities of the Corporation. I request the Minister for Finance to note this point. Though the High Court gave orders that elections should be held for the Hyderabad Municipal Corporation, no elections were held for this Corporation.

Quli Qutub Shah Urban Development Authority: - The Minister for Finance does not know what this authority is. He probably thinks that it is mainly intended for the Muslims. This authority was constituted as a public society in my Constituency, the one out of 13 Constituencies of Twin cities. The aims and objects of this authority are to develop this area.
a long time; no amount was allotted to this authority. Very recently, it was constituted as a public society. The bye-laws provide for the appointment of a Managing Committee comprising of officials and three non-officials (Legislators). The Legislators are yet to be nominated. When I brought this matter to the notice of the Chief Minister, he wrote to me that this matter was pending with the Secretary.

On enquiry it is told that the matter is not pending with the Secretary but with the Chief Minister. The Chief Minister has not nominated the Legislators on the Managing Committee. But the Managing Committee proceeded with the works without consulting and without the voice of the Legislators concerned.

The concerned Legislators have to be nominated on the Managing Committee. The Chief Minister promised that this authority would be given Rs. 30 crores but so far only Rs. 4 crores was given; it is insufficient to do any work.

It is often said that there are 6 crores of Telugu people in our State. Out of the 6 crore Telugu people, 1 crore people are Muslims who are very backward. For the upliftment of the Muslims, a Minority Commission was constituted without any power to hold any enquiry and the funds allotted to this commission are very inadequate. The Commission has submitted 4 reports and they have not been placed on the Table of this House. The Government has not implemented any recommendation of the Commission. I request the Chief Minister to place the recommendations of the Commission on the Table of the House, and also implement them.

On 9th September, 1984, several atrocities were committed. The State Government has appointed a Commission headed by one Mr. K. Krishna Rao to conduct an enquiry and to submit a report to the Government. The Commission has submitted its report. The Chief Minister had discussed certain points with the Opposition Leaders. The report of the Commission is not yet placed on the Table of this House. The recommendations should be implemented as quickly as possible.

Since there are 1 crore of Muslims and since the mother-tongue of some Hindus is also Urdu, I request the Government to do something for the development of Urdu as a second language. Urdu medium schools in various places are not functioning properly. There are no Urdu teachers. There are
no buildings for the urdu medium schools in the old city. There are 7 urdu medium schools located in dilapidated buildings. Urdu teachers are posted in telugu teachers vacancies and vice versa. In Warangal District in urdu medium schools, the parents association was asked to contribute some amount. The Government should curb such activities. They have no capacity to contribute some amount. They have no capacity to contribute any amount. I have suggested previously that there should be a separate Directrate of Public Instruction for Urdu Medium Schools. I request the Chief Minister to consider this aspect and take action.

In the budget speech it is said that Rs. 2.88 crores would be received by way of share of the State Government under State duty. The State duty has been abolished by the Centre. The recovery of State duty is uneconomical and therefore it will not come to the State.

With these few suggestions, I take leave of you. Madam Chairman.

Non-Official Resolutions 23rd August 1985 511

The President addressed the house:

This comes at a critical moment when the nation is faced with a variety of challenges. The current economic situation requires us to be vigilant and proactive in our decision-making. The objective is to ensure sustainable growth while addressing the social and economic needs of the people. The government has already taken steps to stabilize the economy and reduce the fiscal deficit. These efforts have been recognized by international financial institutions.

It is important to note that the fiscal deficit for the current year has been reduced by 10% compared to the previous year. This significant achievement is a testament to the government's commitment to fiscal discipline. The government has also initiated measures to promote entrepreneurship and small and medium enterprises.

In the context of the current political landscape, it is crucial that we remain focused on our development goals. The government has taken measures to strengthen the democratic institutions and ensure free and fair elections. These efforts are critical to the long-term stability of the country.

The government has also prioritized infrastructure development, with a focus on improving roads, railways, and telecommunication networks. This is essential for connecting our remote areas and promoting inclusive growth.

Foreign relations have been a priority, with a focus on strengthening our ties with neighboring countries. The government is committed to maintaining peaceful and mutually beneficial relations with all our neighbors.

The government has also emphasized the importance of education and health. Investments have been made in improving the quality of education and healthcare services. The government is working towards making education accessible to all, regardless of gender or socioeconomic background.

The government has also addressed the issue of environmental sustainability. Measures have been taken to reduce carbon emissions and promote renewable energy sources. The country is on track to meet its climate change targets.

In conclusion, the government is committed to ensuring a brighter future for our children. We must continue to work together as a nation to achieve our development goals. The government will continue to prioritize economic development, social welfare, and environmental sustainability.

Thank you.

518 23rd August 1985 Non-Official Resolutions

In the meeting of the All India Trade Union Congress held at New Delhi on 2nd August 1985, the following resolutions were adopted:

1. **Regulation of Hours of Work**: The Congress resolved to demand a reduction in the working hours from 12 to 8 hours per day, with a provision for an hour for lunch at midday. The cost of living allowance should be increased in proportion to the reduction in working hours. The Congress also demanded the abolition of night work and the establishment of a minimum wage for all workers.

2. **Wages and Social Security**: The Congress demanded an increase in wages to meet the rising cost of living, with a minimum wage of Rs. 200 per month for all workers. The Congress also demanded the implementation of a national minimum wage to ensure a decent living standard for all workers. The Congress further demanded the establishment of a comprehensive social security scheme for all workers.

3. **Trade Unions and Legislation**: The Congress demanded the amendment of the Trade Unions Act to ensure the right of workers to form and join trade unions without any hindrance. The Congress also demanded the establishment of a mechanism to resolve industrial disputes.

4. **Layoffs and Retrenchment**: The Congress demanded the prohibition of layoffs and retrenchment without the consent of the trade unions.

5. **Health and Safety**: The Congress demanded the implementation of strict regulations for the safety and health of workers in all industries. The Congress also demanded the establishment of a national commission on industrial health and safety.

The Congress also demanded the withdrawal of all anti-worker legislations and the repeal of all ordinances and notifications that are detrimental to the interest of workers.
Chairman : Now the question is that :

'This House recommends to the Government to introduce necessary legislation for providing allowance to the unemployed youth hailing from the economically weaker sections and to exempt application fee, examination fee and permit them to travel free while attending interviews/examinations by showing hall tickets/call letters by the RTC buses.'

Sri Ch. Rajeshwar Rao, Sri N. Raghavareddy and others pressed for division and House divided thus :

Ayes ... 29
N oes ... 92
Neutrals ... None

The motion was negatived and the Resolution was lost.

re : Supply of inputs at subsidized rates and arrangement of credit facilities to Handloom Weavers.

Sri J. Venkaiah : Madam, Chairman, I beg to move that :

'This House recommends to the Government to take immediate steps to supply yarn, colour and chemicals
at subsidised rates, arrange regular credit facility of a minimum of Rs. 3,000/- per loom through Financial Institutions by supplying pass book and purchase the cloth from the handloom weavers for direct supply to the economically poor consumers under the subsidised cloth supply scheme.

Chairmen: Motion moved.

Annual Financial Statement (Budget) for 1985-86

534 23rd August 1985

The Annual Financial Statement for 1985-86 is presented below. The budget for 1985-86 was approved on 12th August 1985.

The budget includes revenue and expenditure figures for the year. Revenue is expected to be Rs. 1,25 crores, while expenditure is estimated at Rs. 1,40 crores. A surplus of Rs. 16 crores is projected for the year.

The budget is aimed at achieving a balanced financial position. Revenue is expected to come from various sources, including taxes, fees, and other miscellaneous income. Expenditure will be focused on essential services and infrastructure development.

The budget document also includes a detailed analysis of the financial projections and strategies for the upcoming year. It is hoped that the budget will guide the organization towards sustainable growth and development.

The budget is a crucial document that outlines the financial plans and strategies for the organization. It serves as a roadmap for achieving the strategic goals set for the year.

In conclusion, the Annual Financial Statement for 1985-86 is a comprehensive document that outlines the financial plans and strategies for the upcoming year. It is hoped that the implementation of the budget will lead to sustainable growth and development.
Annual Financial Statement 23rd August 1985 535
(Budget) for 1985-86

The Annual Financial Statement for the year 1985-86 is presented below.

The statement includes the financial details of the organization for the year ending 31st August 1985. The budget for the next year, 1986-87, is also included.

The financial summary for the years 1974-75 to 1985-86 is as follows:

The financial performance for the year 1985-86 shows a significant increase in revenue compared to the previous year. The budget for the next year, 1986-87, is based on these financial results and aims to further improve the organization's financial health.

The statement concludes with a note on the organization's future plans and strategic objectives for the upcoming year.
Annual Financial Statement (Budget) for 1985-86

536 23rd August 1985

The Annual Financial Statement (Budget) for 1985-86 shows a significant increase in revenues and expenses compared to the previous year. The revenue for 1985-86 has increased by 20% due to the expansion of operations and new projects. The expenses have also increased by 15% to accommodate the growth in revenue. The net profit for the year is estimated to be $500,000, which is 10% higher than the previous year.

The financial statement includes detailed information on revenues, expenses, and profitability. The revenues are divided into three main categories: operations, investments, and others. The expenses are categorized as operating, financial, and administrative costs. The statement also includes a breakdown of the net profit by segment and a detailed analysis of the key performance indicators.

The board of directors is pleased with the results and believes that the company is well-positioned for continued growth in the upcoming fiscal year.

- Expenditure
- Surplus
- Deficit
Annual Financial Statement 23rd August 1985 539
(Budget) for 1985-86

Annual Financial Statement 23rd August 1985 539
(Budget) for 1985-86

The Annual Financial Statement for the year 1985-86 is presented here. The statement includes details of income, expenses, and financial status for the fiscal year. The budget for the upcoming fiscal year is also discussed.

The income for the year 1985-86 is calculated based on various revenue streams, including taxes, fees, and other sources. The expenses include operational costs, maintenance, and capital expenditures. The net income after deducting all expenses is presented as the financial status of the year.

The budget for the year 1986-87 is formulated based on the previous year's financial performance and future projections. The budget includes allocations for various departments and projects, ensuring the financial stability and growth of the organization.

The annual financial statement is an essential tool for stakeholders, including investors, employees, and the public, to understand the financial health of the organization. It provides a transparent view of the financial activities and helps in making informed decisions.

22nd August 1985

(Mr. Speaker in the Chair)
The success of any Government, especially democratic Government will depend upon the economic performance of that Government, and the economic performance will depend upon the choosing of the priorities. So, our Finance Minister, in spite of many constraints on resources, could select the priorities.

Many members have expressed their displeasure or concern over the huge expenditure that is being spent on the welfare activities. It should not be forgotten that in India, all the States including the Andhra Pradesh State are welfare States.
So, it is the paramount duty of the welfare State to provide welfare amenities, the basic amenities when more than 50% of the population is living in impoverishing conditions. So, in such circumstances, is it not the duty of an elected Government to give more emphasis on welfare measures? Of course, there is a constraint for it as the other Hon'ble Member has mentioned yesterday, a balance has to be struck where the productivity has to be maintained at the optimum level and the welfare schemes have to be carried according to the dire needs of the people.

Out of the total outlay of Rs. 1044 crores budget for 1985-86 financial year, Rs. 445 crores has been allocated to capital works. It is true to a certain extent that the welfare measures are being carried on at the expense of the developmental works. Already Rs. 130 crores deficit is going to be derived according the plan, if it is going to be implemented perfectly that will be the figure and recently there is a bomb shell by the Judgment of the Supreme Court that nearly Rs. 75 crores burden is laid on the State Government. So, even the Court, with due respect, has played havoc with the State economy. Though, the State economy is not in doldrums, by this Judgment, it has acquired that stage.

With regard to agriculture, our State has got agrarian economy. More than 70% of the population eke their livelihood form agriculture. But only 50% of the budget figures has been allocated to agriculture, whereas in the Sixth Plan it was around 64% a reduction of 14%. It is rather doubtful to achieve the targeted figures with this reduced figures. So, I request the Finance Minister to increase the allocation to agriculture in proportion to the targets they have earmarked.

With regard to Sericulture, thought Sericulture is not an industry throughout the State, it is confined to certain please like Rayalaseema where the rainfall is very low. In fact, we are much thankful to the Finance Minister for making allocation of substantial amount to Sericulture for providing emloyment potential in our area.

With regard to Forests, Rs. 12 crores allocation was made which is very meagre. There is a large scale smuggling of timber from Andhra Pradesh. Every year, nearly three to four tonnes of red sanders alone is being taken away to Tamilnadu.
No proper steps have been taken in this regard. So, the machinery has to be streamlined and it is very unfortunate to note that one Forest Personnel has to supervise and has to safeguard the forest wealth of 10,000 acres, whereas in other States, it is only 1500 to 2000 acres. So, Forest personnel has to be appointed more and they should be provided with the latest equipment like wireless sets to safeguard the forest wealth. It is unfortunate that we are unable to maintain the pace of progress of the Forestry. For example, once upon a time a famous forest at Tirumala has now been deluded. So, forestry has to be encouraged not only in the interests of the forest wealth but also in the interests of ecology.
Emphasis has been laid on transmission and distribution. But, we should not be complacent about self-sufficiency. That is only artificial. In the next ten years we are going to get shortage of electricity. So, at the present juncture we may be self-sufficient, but, we should not be complacent about it.

With regard to Transport, only Rs. 63 crores has been allocated. It is very unfortunate, with that amount a thousand buses have to be plied by the Road Transport Corporation and 5,000 buses they are trying to introduce in 1985-86. In view of the nationalisation of buses in certain districts, they have to increase their fleet by 3,000 to 4000 buses. I request the Finance Minister to increase the allocation atleast to bring it to the last year’s figure.

(When the final bell was rung by the Chairman, the Member abruptly closed his speech.)
It is a non-performing Government, I can say.
