MOTION ON ADDRESS BY THE GOVERNOR

1. The motion (hereinafter referred to as the "motion") was proposed by the Governor on 14th March 1985.

The motion is as follows:

MOTION ON ADDRESS BY THE GOVERNOR

The Governor proposes the following address:

To the House of Commons,

We, your servants, do address ourselves to you with a view to securing certain objects, as follows:

1. The creation of a new state in the north of the country.
2. The abolition of the death penalty.
3. The introduction of universal education.
4. The formulation of a new constitution.

We trust that you will give due consideration to these proposals and take appropriate action.
256 14th March, 1985 Motion on Address by the Governor

The Governor, in his address, stated that the focus of the administration should be on improving the quality of life for the people. He highlighted the need for better education, health care, and infrastructure development. The Governor emphasized the importance of transparency and accountability in government affairs.

The motion was moved by the Speaker and seconded by the opposition leader. The debate was held on the following day, where various members of the House expressed their views on the Governor's address. The discussion centered around the need for a more inclusive approach to development and the role of the government in addressing the concerns of the people.

The motion was unanimously adopted by the House, with representatives from all political parties expressing their support for the Governor's proposals. The Speaker congratulated the Governor on his address and encouraged the government to work diligently to implement the policies outlined in the address.

The Governor's address was well-received, and it set the tone for the legislative session that followed. The government outlined its plans for the coming year, focusing on education, health care, and infrastructure development. The House tasked the government to ensure that the promises made in the address were fulfilled.

The debate showcased the constructive nature of the House and the commitment of all members to working together for the betterment of the country.

In conclusion, the Governor's address was a call to action for the people and the government alike. The debate that followed demonstrated the willingness of the House to engage in meaningful discussions and take concrete steps towards improving the lives of all citizens.

The motion on the Address by the Governor was a landmark moment in the legislative process, underscoring the importance of transparency, accountability, and the role of the government in ensuring a better future for the people.

Motion on Address by the Governor.

Mr. Speaker:- When I took some decision, I do not alter it. Let him wait for sometime. I will give time to him afterwards. Now Mr. M. Kasireddy will continue.
Motion on Address by the Governor.

14th March, 1985

The Council of Ministers, on the 14th March, 1985, submitted a motion addressed to the Governor. The Governor was requested to take note of the following:

1. The situation in the state is grave. The state is facing a financial crisis.
2. The state is in need of financial assistance from the Central Government.
3. The state has requested the Central Government for a loan of Rs. 1,000 crore.
4. The state has also requested the Central Government for a grant of Rs. 500 crore.

The Governor was requested to take urgent steps to alleviate the financial crisis in the state.
Dr. Mohd. Vizarat Rasool Khan (Asifnagar) :- Sir, the Governor's address was not clear about the Minorities problems. So, in that connection I want to tell you that the State Government has formed a Minorities Commission just for upliftment of the minorities communities and the Minorities Commissions Annual Reports and whatever its Recommendations are should be made, those would be available to the House. I think four Annual Reports were submitted to the Government but they were not submitted in this House. I think it is the contempt of the House. When it was spelt out clearly that whatever the Minority Committee Reports were sent it shall be submitted in this House, now it must be placed before the House. So, I made a special reference to our Chief Minister that Reports had to be taken out and see whatever recommendations were made are circulated. The Minorities Commission has made the recommendations that those who are economically backward, they should be treated as B.C. Those people whose annual income is less than Rs. 10,000, they should also be treated as Backward Community. This factor was accepted by Bihar and Gujarat Governments and all the other Southern States. So, we request the Chief Minister that one sided improvement and one sided development is not a healthy development for the State. The Minorities should be developed economically as well as educationally otherwise, they will

become a liability for the State as well as for the Country. It is high time for the Hon'ble Chief Minister to consider about the minority problems. We have got lot of problems, economically as well as educationally. About educational problems, the Government should consider and constitute a Committee to prove in the problems and that Committee should see and highlight all our problems, now the educational facilities for minorities have been deteriorating and how the Urdu medium schools are deteriorating. If a Muslim boy wants to take Hindi as a first language, he has to take Telugu as second language. So, we want to make out a composite formula, so that if a Muslim boy wants to take Urdu as first language he should be given 70% of syllabus of Urdu and 30% syllabus of Hindi, so that the next second language, they can take Telugu. In that way there will be national integration and they will learn all the three languages i.e., Hindi, Urdu and Telugu.

In the same way, if a person wants to take Hindi as first language we should follow 70 percent and 30 percent composite formula. All the educational institutions should be made like that as it will develop national integration. It will also have a good impact on the Government as well as the minority community. I request the Chief Minister to consider the problems of minorities. They have to be sorted out. This is high-time the Chief Minister should consider our problems.

8,000 students are studying in Urdu medium school at Vizianagaram. There are 8 schools with a capacity of 1,000 students. I request the Chief Minister to consider these problems.

M. N. Reddy

In the House of Assembly, Andhra Pradesh

Mr. Speaker,

I rise to move this motion on Address by the Governor.

The Address of the Governor is a significant event in the procedural calendar of the State Legislature. It marks the beginning of the legislative session and sets the agenda for the year ahead. The Governor, as the constitutional head of the State, has an important role to play in the governance of the State.

The Address is prepared by the Government of Andhra Pradesh, in consultation with the Members of the Legislative Assembly (MLAs). It outlines the Government's priorities, policies, and programs for the coming year. The Address is also an opportunity for the Governor to acknowledge the contributions of the Members of the Legislative Assembly and to express the Government's commitment to the betterment of the State.

The Address is presented by the Speaker of the Legislative Assembly to the Governor, who responds to the Address in accordance with the provisions of the Constitution of India. The Address is an important occasion for the Members of the Legislative Assembly to express their views and to participate in the decision-making process of the State.

In conclusion, the Address of the Governor is a significant event in the legislative calendar of the State. It sets the agenda for the year ahead and provides an opportunity for the Members of the Legislative Assembly to express their views and to participate in the decision-making process of the State.

Yours sincerely,

M. N. Reddy

Motion on Address by the Governor.

The Hon'ble Governor in his Address before the Assembly, referred to the fact that, 200 years ago, the erstwhile Madras Presidency was formed. It is the duty of the Assembly and the Governor to do justice to the past by maintaining its prestige. The Governor also highlighted the need for maintaining the international position of the region.

The present motion seeks to acknowledge the contributions of the predecessors and to ensure that the values of the past are preserved for the future.

The motion, therefore, calls upon all members to support the efforts to maintain the prestige of the region and to maintain its international position.

Motion on Address by the Governor

The motion was made by the Governor as follows:

Dear Sir,

I have the honour to move the Address of the Governor for the year 1958.

The Address opens with a reference to the economic and social development of the State. It notes the progress made in the fields of education, health, and welfare. The Governor highlights the achievements in agriculture and industry and mentions the efforts being made to improve the living standards of the people.

The Address draws attention to the importance of preserving the natural resources of the State and the need for a balanced approach to development. It emphasizes the importance of cooperation among the various sections of society in achieving the goals of development.

The Address concludes with a request for the continued support of the people for the work of the Government.

Yours faithfully,

Governor

14th March, 1985

The Governor, after hearing the Address presented by the Chairman of the Assembly, moved that the same be adopted as the Address to His Excellency the President of India.

The House agreed.

The Governor then proceeded to address the President of India with the following Address:

"Dear Sir,

I have the pleasure of presenting the Address to the President of India on behalf of the Government of India. The Address is as follows:

1. The Government of India is committed to the welfare of the people of India. We are dedicated to the development of the country and the well-being of its citizens.

2. We are determined to improve the standard of living of the people by providing better education, health care, and employment opportunities.

3. We are committed to upholding the principles of democracy and freedom for all.

4. We are dedicated to the preservation of our rich cultural heritage.

5. We are committed to promoting peace and harmony among the people of India.

6. We are determined to work towards the eradication of poverty and hunger.

7. We are committed to protecting the environment and preserving natural resources.

8. We are dedicated to the development of rural areas and the improvement of the quality of life of the people living in rural areas.

9. We are committed to the promotion of scientific research and technological advancement.

10. We are determined to work towards the realization of the dream of a prosperous and progressive India.

Sincerely yours,

[Signature]

Chief Minister of India"

The President, after hearing the Address, replied:

"Dear Sir,

I thank the Governor of India for presenting the Address on behalf of the Government of India. I am pleased to note the commitment of the Government to the welfare of the people of India.

I wish the Government of India every success in its endeavours to develop the country and the well-being of its citizens.

Yours sincerely,

[Signature]

President of India"

The Governor then returned to his seat and the Address was adopted by the House.

SRÍ MD. MUKARAMUDDIN (Charminar):- Madam Chairman, as regards the much publicised scheme of supply of rice @ Rs. 2/- per k. g. I wish to make the following observations. This scheme is made available for people having an income less than Rs. 6,000 per annum. This works out to Rs. 16-50 per day. It means that a labourer who earns Rs. 18
per day and a rickshaw-puller who earns Rs. 20 per day is not entitled to the benefit of the scheme. I would suggest that the scheme may be extended to those whose annual income does not exceed Rs. 10,000 per annum. The other one is, a farmer who sells his paddy is not liable to pay sales tax but if he converts into rice, he is liable to be registered as a dealer and he is liable to pay sales tax which to about Rs. 0.08 per kilo - 4%. This should be dispersed with the sales tax on the rice which is converted from paddy - and it will have the desired effect for making rice available at Rs. 2/- per kg.

Thirdly, levy rice is taken and for every bag of levy rice, the miller is permitted to export 2 bags of rice outside the State. This scheme involves corruption and also rice will not be available in the State for common consumers. Consequently, the price of rice goes up. If this is stopped, rice will be available at much lesser rate than Rs. 2/- per kg.

So far as the development of the old city is concerned, I raised this matter yesterday and to-day the Chief Minister promised that Rs. 30 crores would be made available to the Quli Qutub Shahi Development Authority for development of the old City. I request the Hon. Speaker to include this item before the Assurances Committee. I find from the Estimates of expenditure presented under Minor Heads-Plan and Non-Plan under item 284, only a sum of Rs. 27 crores is granted whereas for the development of old city, the Chief Minister has promised Rs. 30 crores. I request the Finance Minister to have this as a separate item for the development of the old city.

I also raised the issue of giving Urdu the status of second language where the population of muslims is 15%. This morning the Chief Minister assured that this would be followed in letter and spirit. Because the Act is there and the G. O. is there, the Collector has to issue only a notification. But, so far nothing has been done despite the previous promises. Hence, this may be taken up by the Assurances Committee. I request that a Directorate of Education for Linguistic Minorities be created so that this assurance can be given effect to.

I would like to bring to the notice of the House that Kondaparthy of Bhodan taluk which is on the banks of Godavari is not provided with electricity and protected water supply, inspite of representations made. These may be made available.
Lastly, I would like to submit about the police atrocities in the city. The police have resorted to violence by themselves. They are arresting innocent people, detaining them for more than 24 hours without producing before a Magistrate contrary to Art. 21 of the Constitution and beating them mercilessly. This should be stopped. We are not a barbarian country. We are a civilised nation where the Constitution mandates that the police should not punish any person. Contrary to the constitutional mandate, the Police are arresting people which should be stopped forthwith. I have also made a personal representation to the Home Minister who promised to look into the matter. I request the House that this matter should be taken up again because when I raised the issue, my motion has been disallowed. Thank you.

Dr. Mohd. Vizarat Rasool Khan:—Sir, the Budget completely ignores about the minorities, problems. One Chief Minister has announced that he was going to give Rs. 10-00 crores for the development of the old city. Now our Chief Minister just announced that he was going to give Rs. 30-00 crores for the development of old City. We want some concrete thing as to whether they are just giving or not and it has to be proved as to whether the amount has been kept in Quli Qutub Shah Development Authority account.

Secondly, whatever the Chief Minister has announced, I think it is only a false promise. We hear that the amount was taken from the Quli Qutub Shah Development Authority account we have made enquiries recently about that amount and it was shown that there was minus balance kept in that Quli Qutub Shah account. Whatever amount was there, the same was completely drawn and was utilised for some other purpose. So, I request the Chief Minister that instead of just announcing like this, we want that concrete amount should be given to the Quli Qutub Shah Development Authority and the amount has to be spent only for the development of Quli Qutub Shah Development Authority. We know very well that we have gone down very badly in the
Educational field also and the Budget does not say anything about the minorities regarding their educational problems. You know very well that the Article 30 (1) of the Constitution has given right to establish our own Colleges and we can establish our own colleges by our own means. But the Andhra Pradesh Educational Act stops and prohibits for allowing these educational institutions. With our permission when the Constitution has given some rights to us, the Andhra Pradesh Educational Act stops and the Supreme Court Judgement is also there that nobody should put unreasonable conditions for the affiliation to whatever minorities, when wanted to start the colleges. Because of the unreasonable conditions that were laid down by the Andhra Pradesh Educational Act, we cannot start our own colleges.

I request the Government to avoid all these unreasonable conditions and allow us to live honourably allow us to read properly and encourage us to read well and allow to educate our children.

Secondly, suppose the Minorities wanted to establish a College, the A. P. Educational Act says that we have to give Rs. 30 lakhs as Corpus Fund. Is it fair? When we are not taking any aid from the Government, why the Government should stop us by imposing all these conditions? Asking for Rs 30 lakhs and keeping the same as Corpus fund- will it be justifiable? When the Constitution has given us the right, the Andhra Pradesh Educational Act says that we have to keep Rs. 30 lakhs as Corpus amount and Rs. 25 lakhs as recurring amount. Instead instead, I request the Government that this should be removed completely because we do not take any aid from the Government. When we want to educate our children, you are not allowing us educate our children. If the proper education is imparted, I think that education is the power and by means of education, the illiteracy will go away and with the proper education, our people would be guided properly and they would make a very good India and they would be very good citizens of Andhra Pradesh,
I also wanted to tell you something about the problems of minorities. About one crore minorities are living in Andhra Pradesh and among that one crore, only three people are studying in Engineering Colleges, whereas about 10 years back more than hundred boys used to study. Now, only about three boys are studying as minority students in Government Engineering Colleges i.e. in 1st year.

Thirdly, in medical colleges there were more than hundred students used to study about 10 to 15 years back and now only two to four students are studying. When the students had scored very good marks i.e., about 89%, they could not get admission because of the Rule of Reservation 52% seats were kept reserved for STs., SCs., BCs., Sports etc. Then, where is our chance? So, you kindly think it over and see that at least those boys, whose monthly income is not more than Rs. 10,000, should be taken as B.C. community and even this was suggested by the Minorities Commission. You have to take it into consideration and see that whatever our students wanted to study, whatever may be their income, it is to be taken into consideration and they should be treated as Backward Class and Community. So, I request our Hon'ble Minister for Finance to consider these things and see that the technical reasons which are stopping us by way of imposing the condition of corpus fund etc., should be dropped in favour of minorities, because of the fact that the minorities are not taking any aid from the Government. The Government should cooperate with the Minority communities. If the Government does not cooperate with the minorities, they would become a liability to Hyderabad.

I wanted to make these facts clear that some co-operation should be there for the minorities and the majority communities should gain confidence in minority communities and the minorities communities should feel that they are safe and that whatever the Government does, it would justify our rights.

The Hon. Minister should consider the problems the minorities are facing and see that they are solved.
Coming to the police julum, that matter has to be taken care of. We suggest that the Commissioner of Police and the Home Minister should conduct meetings with the local MLAs and sort out the problems. Our people have ruled Hyderabad and also held top positions, but they did not differentiate like this. Without making any difference and without thinking that we are second grade citizens of Hyderabad, minorities should be encouraged and they should be treated properly. Thanking you.
