***
MR. SPEAKER : Please resume your seats. We cannot conduct the House like this. I will give you time one by one. I request all the Members to resume their seats. I have already announced for the reply of the Hon'bl Chief Minister.

Business of the House.

MR. SPEAKER: Please keep some decorum of the House. I will give opportunity one by one. I can hear one by one only. I hope you will accommodate me in this respect. Let us observe some sort of decency in this House. Let us conduct the proceedings of this House in a dignified manner.

ALL MEMBERS WERE STANDING

MR. SPEAKER: Please keep some decorum of the House. I will give opportunity one by one. I can hear one by one only. I hope you will accommodate me in this respect. Let us observe some sort of decency in this House. Let us conduct the proceedings of this House in a dignified manner.

ALL MEMBERS WERE STANDING

MR. SPEAKER: Please keep some decorum of the House. I will give opportunity one by one. I can hear one by one only. I hope you will accommodate me in this respect. Let us observe some sort of decency in this House. Let us conduct the proceedings of this House in a dignified manner.
MR. SPEAKER: I have not yet decided anything. Please wait for sometime. You cannot object any body's standing for asking my permission to speak. Please watch and listen to me as to what decision I am going to give. You must wait for it.

Business of the House.

The Speaker: Sir, the House has now adjourned to 2.30 p.m. on Thursday, 21st March, 1985. The members are requested to remain in their places until the House reassembles.

The Deputy Speaker: Sir, I propose to adjourn the House to 2.30 p.m. on Thursday, 21st March, 1985.

Budget for 1985-86

(Vote on Account)
Irrigation, Flood control, power, industry and minerals and social and community services has been kept at the same level as that of the revised estimates of 1984-85.
SRI K. VENKATESWARA RAO (Kollapur) :- Sir, because of your liberal disposition, the speakers are encroaching upon the time of the other prospective speakers.

MR. SPEAKER : I am only giving time to the Opposition leaders. The rest of the Members are not given extension of time.
MR. SPEAKER: Mr. Venkateswara Rao is quite right.

శ్రీ 56. ఉద్యోగి అనున్నాడు: అందుకే, ఆమె ప్రారంభించిన జాతీయ అధ్యాపిక ప్రయానం సాధ్యం కాదు అంటే కాదు అంటే అది కోసం తెలుగు పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం కాదు అంటే కాదు అంటే అది కోసం తెలుగు పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది. అందుకే ఈ పాఠశాలలు కోసం అధ్యాపిక ప్రయానం సాధ్యం పడింది.
SRI G. V. SUDHAKARA RAO (Luxettepet): Sir, I do not agree with that because it is one thing to cast aspersions or any remarks or observing about the Heads of States. It is another to mention things happening within our own State. Therefore, a distinction has to be drawn. When the Member has referred in the context of elections, it is not an aspersion. I appeal to you not to delete those observations from the records and to observe this procedure for future.

MR. SPEAKER: I have given already a ruling on that. No observations to be cast directly or indirectly. My conclusion is, it is an aspersion. It is an aspersion on a neighbouring country and a friendly country.

SRI G. V. SUDHAKARA RAO: To-morrow we cannot even talk about our own people, Tamilians in Ceylon in spite of what is done there.

MR. SPEAKER: Everything has to be taken in the context of it, not disjointedly but jointly we have to take.

Sri G. V. Sudhakar Rao : Madam Chairman, on a point of order. It is essential that at least one Minister must be present in the House when the discussion on the Budget is going on.

Chairman : I must remind you that one Minister is sitting here and previously there were two Ministers. 

Sri K. Venkateshwar Rao :- It is wrong to say like that.

Chairman :- They are noting down everything. The Minister for Mines is noting down everything. She was asking about the Finance Minister. He has gone out. He will be coming back. You should know that others are also there, Let us not interrupt.

Sri S. Vijayarama Raju :- You please refer to the Rules.

Chairman :- I said that the Finance Minister has gone out for ten minutes. No discussion. I am sorry. Sri Appala Naidu will continue his speech.

15th March, 1985
Budget for 1985-86
(Vote on Account)
Sri K. Vidyadhara Rao: Sir, I support the Vote on Account Budget presented by the Finance Minister. I congratulate him for making the best out of the existing circumstances that are prevailing in the State. No doubt, many of the Opposition Members have expressed their surprise and shock at the deficit Budget presented by the Finance Minister, but here, I would like to make a point and bring to the notice of the Opposition Members and my friends that after 35 years of uninterrupted long ruling by the congress the people of Andhra Pradesh have found that the welfare of the weaker sections has been totally neglected, and they wanted a change and elected our Government in 1983. They have, once again affirmed their faith in the leadership of Sri N. T. Rama Rao and Telugu Desam Party in 1985. Now it is the duty of this Government to provide for the welfare of the weaker sections and bring in some socio-economic reforms in his Vote on Account Budget, the Finance Minister has proposed schemes for the welfare of the people to the tune of Rs. 230.57 crores. In addition, he has also provided for physically handicapped, Tribal Welfare and for the Welfare of women. So, we see here, the deficit Budget whichever the Finance Minister has presented, is the result of the cumulative defects and cumulative negligence of the rule in the State for the past 35 years and it is just not the result of the two years' rule of the Telugu Desam Government.

Now we have many a friend here, voicing their dissent about the irrigation projects and said that the projects which should have been completed in the Sixth plan, would be completed in the Seventh Plan. Without a fixed programme. How is it possible?

Take for example, there were small projects in the West 5—12.
Godavari District, namely, a flood irrigation project by name Vengalarayasagar Project in Polavaram Taluq. It was supposed to have been completed at a cost of Rs. 8.00 crores, which went up to Rs. 15 to 22 crores and it is now expected to cost Rs. 30.00 crores. I mean, it should have been completed some-time back, but it is still in the mid-stage. Now to complete all these small and major projects in a time-bound programme, how is it possible? I would like to bring to the notice of the august House that, as I said in my motion of Thaks, the total cost of the projects which the State Government would like to implement, exclusive of the on-going commitments, it comes to Rs. 6.000 crores. Now there were so many projects, which everyone would like to complete for the progress of the State and bring in a lot of changes like industrialisation etc., to save unemployment. Is it possible to do it within the short span of two years and in the next five years itself?

Now the State Government is putting in its efforts to bring in drastic changes to look after the welfare of the Weaker sections of the people of Andhra Pradesh, after considering the development of the State, as claimed by the Congress people. For a change they would like to do something for the Weaker sections.

Now, you see the unemployment potential, which was 5 millions in 1979 in the country which has gone up to 20 millions now. Considering all these facts, is it possible to solve these programmes over night? Definitely, an attempt should be made to tackle these problems. That is how our State Government intends to bring in vocational education, concentration. Cottage and Small Scale Industries and to disperse the industries to rural areas - not that it would like to select the major industries. It is not possible with the limited resources for us to tackle all things at a time. Now, for example, to control this deficit Budget I would like to bring certain issues to the notice of the Government, especially in tightening up the collections. The State Government itself plans to tighten up the collection of taxes. I would also like to request the Government to think of introducing computerisation of these collections and have a study.
on the comparative rise of these collections, when compared to other States. Generally, there is an increase by 12 to 25% in every State, in respect of tax increase, when compared to the previous years. We had a study survey somewhere in mid 1975 by Wanchu commission and K. N. Reddy Commission, regarding the type of Taxation. I would like to request the Government to rethink once again and make a study of the possible taxes that could be done without hampering the progress of the industries or the economy of the State, to create any avenues for additionally tightening the collection of the taxes. At the same time, I would like the State Government to think, especially the Finance Minister to introduce the system of incentives and punishments for the Departmental personnel, so that the collection of taxes in this State could be improved, moreover we could plug the loopholes in evasion of all these taxes.

I would like to make one or two more points regarding the Irrigation Projects. Rs. 24.00 crores have been allotted for minor Irrigation. In the upland areas which have been regularly affected by drought, I would like to suggest the Government to rethink and introduce a system of drilling bores in the tank belt, as a long range plan to solve the drought conditions.

Here, I would like to suggest another thing to the Government about the classification of the Police Constables. They have been classified as Class IV employees. I would like the Government to consider and bring them under Class III so that, there may be a difference between the Class IV and Class III employees, such as Attenders and other categories. The Police Constables, who are the keepers of Law and Order in the State are having lot of responsibilities on their shoulders.

With these words, I thank the Hon'ble Speaker for giving me this opportunity and I second the Vote on Account Budget.
Sri G.V. Sudhakara Rao: Mr. Speaker Sir, the Vote on Account Budget has clearly indicated that the economy of the State has become stagnant and heading towards a major crisis. The figures given by the Finance Minister (I do not know what normally you call it) i.e., Gross State Product is only 9% and the per capita Income is about 6.64% that is for the year 1983-84. He has not given any data regarding the year 1984-85. So, we are talking about as to what happened last year. In contrast to that, we find that the agricultural growth by virtue of high favourable seasonal conditions, went up to about 6.3%. Which means that out of the Gross National Income of 9%, We have to deduct 3.63% as such. and similarly when it comes to the individual per capita income of 6.64%, it becomes totally nullified. In addition to that the cost of index had also been taken during the last 11 months as 11 and odd points, roughly over the year, it comes to 13%. So, if you combine the Gross National Income on the one hand and the per capital income on the other; and together with the fall in the agricultural production, and the cost of index we find there has been a total stagnation of our economy. In addition to that, there are other factors also. One is the unemployment problem of the educated youth which has gone up considerably. If I remember correctly, it is about 13 lakhs of unemployed youth who were now going about in the State, yet the unemployment problem has not been solved. Not only not being solved, but it has been also aggravated.
Further, taking this plan expenditure, the Budget speech says, it would try to maintain the allocation as far as possible, on par with that of the previous year. That means, for the current year 1985-86, there is not going to be any increase in the allocation.

Not only there will be no increase in allocations, but on the contrary we find that in view of the increase in the cost of living index, the allocation has come down by ten to fifteen percent than what we spent last year. This is a very serious problem and most of the schemes cannot only be implemented, but the previous level of growth cannot be maintained.

Coming to the social welfare schemes, I submit that all the schemes put together have not even touched the fringe of the problem. I do not know what percentage of people are going to be favourably benefitted by these welfare schemes. The welfare schemes are essential and I do agree that the State will have to take welfare schemes, but in doing so we have to see the magnitude of the problem. Secondly, we have to think of the resources that are at our disposal and that can be utilised for solving this problem. Thirdly, how best this problem could be solved by raising the resources by developing the economy of the State instead of giving doles. At this stage, I may recall that it is a stage of dole-givers and tax-payers. There will be people who want doles and on the other hand there will be people talking about taxes. In my view it is a pluralistic, populist and ritualistic measures which do not, in any way, really tackle the problem that is before us. The only thing that could be done is in the production and developmental sectors of the economy. Primarily, they are irrigation, industry, electricity and communications. In addition to those four sectors, there
are human resources sectors like education and health. Primary importance has to be given to these six sectors in our Plan.

Here, I want to stress particularly the Irrigation. As a Minister for Irrigation, I had the privilege of initiating both the right branch canal and left branch canal of Srisailam Project. The left branch canal has undergone considerable change today. In terms of total availability of water as allotted by the Krishna Water Disputes Tribunal, it is said, we are having a surplus of one hundred TMC. I do not know wherefrom the Government propose to get one hundred TMC of water. The Telugu Ganga Project, where there is all-party agreement signed by Sri P. Sundaraiah, Sri Giri Prasad and others who said that it would give water to 2,75,030 acres, that too I.D. Similarly, left canal will irrigate three lakh acres, that too I.D. In addition to that, if you examine the Telugu Ganga Project as a whole, you will find that instead of 2,75,030 acres to be irrigated under I.D., now about six lakh acres are likely to be irrigated which was never envisaged in view of the non-availability of water. On the left canal they have started the canal work without trying to explore the possibility of tunnel over 30 K. Ms Without expert study of the tunnel, which might probably be the longest tunnel, what is the point in excavating the canal? Would a tunnel of that magnitude be feasible tomorrow? Have you consulted the agencies, particularly the foreign agencies which are experts in tunneling to find out its feasibility? Nothing of that sort has been done. So, the Krishna water problem is running into very serious difficulties and in the end we find that we have dug all the canals and that there would be no water to feed them.

Coming to my own district, the Finance Minister has been very very generous in ignoring the Saraswathi Canal. Per-
haps, he does not know. He did not make any mention of it in his report on irrigation. He only talked of various other projects like Telugu Ganga, Sri sailam right branch canal, left bank canal, Sriramsagar project and extension of Kakatiya canal. Probably, he is not aware that Kakatiya canal is only one canal and there is also another canal known as Saraswathi canal. That is the northern canal. This adilabad district, in terms of percentage of irrigated area, is really comparable to Ananthapur. I will give you the statistics. It is 14.2 per cent in Ananthapur and in Adilabad also it is 14.2 per cent. Then comes Mahaboobnagar. These are the least irrigated areas in the State. Still, Saraswathi Canal is totally eliminated from the Budget speech. I do not know the reasons. It will irrigate 2,20,000 acres in Nirmal Khanapur, Luxettipet and others. The Kadam project, conceived during Nizam’s time is only a balancing reservoir on the north canal of Sriramsagar project. Because there is no water in Kadam out of 30,000 acres, there is no cultivation in 10,000 acres, in another 10,000 acres the yield is only 1/3 and in the remaining 10,000 acres there is some yield. That is the situation. I seek an explanation from the Finance Minister as to why this Saraswathi canal has been ignored. I also want an assurance that the Saraswathi Canal would be rushed into the Kadam reservoir by the end of June, 1985. This is what the Chief Minister has assured during his election campaign.

Budget for 1985-86

(Vote on Account)

The honourable minister, in his 13th March, 1985 Budget for 1985-86, has allocated Rs. 50 crore
for various sectors, including education, health, and infrastructure.

In this budget, particular emphasis has been placed on education, with
Rs. 30 crore allocated to improve the quality of education in the state.

A total of Rs. 30 crore has also been allocated to
healthcare, with a focus on rural areas.

The budget has also allocated Rs. 10 crore
for rural development, with a focus on
improving infrastructure in rural areas.

Overall, the budget aims to
improve the quality of life for the
people of the state, with a focus on
education, healthcare, and rural development.

The total budget for 1985-86
is Rs. 10,000 crore.

In the Assembly

Date: 15th March, 1985

Mr. Speaker, Sir,

I rise today to present the Budget for the year 1985-86. The survey of the past year reveals that despite various economic challenges, our government has managed to bring about significant improvements. The turnover of Rs. 40-40 thousand crore during this period has been instrumental in boosting the economy. However, due to unforeseen circumstances, the budget allocation for various sectors has been reduced. Specifically, the Industries Department has been allocated Rs. 30-40 thousand crore, while the Agriculture Department has received Rs. 50-50 thousand crore. These allocations are in line with our commitment to support industries and agriculture, which are the backbone of our economy.

In the Finance Department, the allocation has been increased significantly. This is aimed at addressing the financial needs of various government departments. The budget for the year 1985-86 is expected to yield a surplus of Rs. 50-50 thousand crore, which will be utilized to fund various development projects.

In conclusion, I believe that this budget will contribute significantly to the growth and development of our nation. I urge all members to support the budget and work together for the betterment of our country.

Thank you.

The following are the estimates for the years 1983-86. The Government proposes to allocate funds as follows:

- Education
- Health
- Housing
- Agriculture
- Industry

The total estimated expenditure for these years is Rs. 100 crores. The details of the allocation are as follows:

1. Education: Rs. 50 crores
2. Health: Rs. 25 crores
3. Housing: Rs. 15 crores
4. Agriculture: Rs. 10 crores
5. Industry: Rs. 10 crores

The estimated revenue for these years is Rs. 75 crores. The balance is to be financed through borrowings.

நாம் தருண்டாக பாதுகாக்க வேண்டும். நாட்டின் முக்கியத்துவமான பொறியியல் துறையை பாதுகாப்பு செய்தது. அத்துடன் பல்வேறு துறைகளுக்கும் விளையாட்டில் முக்கியமான பங்கேற்கும் அளவிற்கும் இரத்த்தல் கொடுத்தது. இது ஹார்ட்ஸ் இலங்கைக்கும் பெரும் பொழுதுபோக்கு துறைகளுக்கும் பயன்படுபவாக வைக்கப்பட்டுள்ளது. 18 முதல் 31 ஆகத்து மத்தியுள்ளது. இதுவே உள்ள வீரன் வேலை வடிவமைப்பு மற்றும் கூற்று வடிவமைப்பு பற்றிய பல்வேறு நோக்குகளில் நம் காலத்தை விளக்கப் படுத்தும் விளக்கம்.

అనువాదకుడు: తెలుగు వాడటంలో అంశాలను పంచక్షమానం నిషేధించాలని మార్గం చేయండి.
SRI P. RAMACHANDRA REDDY: I suggest one solution. Instead of talking, let the Minister say whether yes or no. I request you not to indulge yourself in argument. Let the question pass on to them.

MR. SPEAKER: The clarification should concern with the Budget. Now hypothetical questions are posed here. Yesterday itself the Chief Minister explained that there is no proposal before the Government as far as 30 years are concerned. Today 33 years; tomorrow 35 years, there is no end to it. When the Bill is placed, you can have discussion on it. you cannot put hypothetical questions and expect the Government to reply. Wait till tomorrow. The Bill is coming tomorrow.

SRI P. RAMACHANDRA REDDY: The tradition is each party representative will seek some clarification after the reply of the Minister.
