Mr. Speaker:—It is not possible to answer to every individual case.

Puligadda Aqueduct.

(a) whether it is a fact that Puligadda Aqueduct requires repairs;
(b) whether it is also a fact that it was not repaired properly in 1984; and
(c) if so, the action proposed to be taken in this regard?

Puligadda Aqueduct:—1975 to 40 years old and 70 feet long, measures 32 inches wide. It was repaired and washed by the Public Work Department in 1978. Since 1978, the river bed is not just maintained, but is cleaned and washed. The action proposed to be taken in this regard is to continue the maintenance and cleaning of the river bed.

(S. V. V. Sree-pratap Reddy, Nizamabad (Secunderabad) :-
(2) The Minister for Major and Medium Irrigation gave in his reply in the House yesterday that the area covered by canals is 40,000 square miles. It is a well-known fact that canals are extensively used for transportation of goods in other countries. Why is the State Government not taking steps to modernise canal transport? Why is the State Government not utilising the facilities that are available to it?

N. N. N. Sadasiva Rao (Khammam) :- Will the Minister of State for Home Affairs take note of the need for modernising canal transport?

Extension of Workmen's Compensation Act to Tappers.

17—

*7184-Q.—Sri D. China Mallaiah:—Will the Minister for Excise be pleased to state:

(a) the number of toddy tappers in the State and the amount of additional tax and tree tax, etc., paid by them annually; and

(b) whether there is any proposal to extend Workmen's Compensation Act and Pension to Toddy Tappers?

Minister for Excise (Sri P. Ashok Gajapathi Raju):—

(a) There are 1,80,861 toddy tappers in the State. During the Excise Year 1985-86 an amount of Rs. 2,75,17,162 was collected towards tree tax. No tax called Additional Tax is levied by Government.

(b) No Sir.

Sri P. Ashok Gajapathi Raju:—As far as our information goes our figures are correct.

If a toddy-tapper falls from the tree, by accident, and becomes permanently incapacitated or in the event of death, Rs 10,000 are given under B.C. Welfare Fund. For small accident, he receives about Rs. 2,000.

The second part of question by Hon'ble Member better to be addressed to Labour Department.
Oral Answers to Questions, 27th July, 1987. 573

Sri P. Ashok Gajapathi Raju:—Actually speaking, the (b) part of the Question should have been addressed to Labour Welfare Department.

Sri M. Omkar:—The practice hitherto has been that the Government have been imposing shop rent, tree tax and now in the open bid, the rentals have been enhanced. While the open auction has stopped gradually, the rentals have been enhanced, and are going up year after year. Will the Government take a decision to abolish all these taxes and impose only one tax for each tree as Rs. 50 for the toddy tree and Rs. 30 for a sendhi tree. The ex gratia is not a statutory thing. It should be made so.

Mr. Speaker:—Such questions are not generally allowed. Second part has to be answered by the Labour Minister that is what the Minister of Excise has suggested.

Sri M. Omkar:—This may be answered by the Hon'ble Minister for Excise, for the toddy tappers are from the beginning asking to treat them and their business on par with the Factory Labour, and to be brought under the Group Insurance Scheme, and also the benefit under the Family Welfare Fund should be given to them. Is the Government prepared to accept this?

Sri P. Ashok Gajapathi Raju:—As far as our knowledge goes most of the tappers are self-employed under T.E.T. and T.E.F. Schemes. With regard to the mode of collection of taxes, Hon'ble Member may raise this issue under Demands.

Sri V. Sreeramulu:—The Minister gave the details which are false. Previous Minister, Sri Padmanabham had said that Rs. 37 Crores were collected from toddy tappers and the number of tappers was 1,80,000. The number of toddy tappers given now is wrong. This should be anywhere between 6 to 8 lakhs. They are paying more than 37 Crores apart from self-employment. Is the Government prepared to create a Rs. 30,000 Group Insurance Scheme?

The toddy tapper has to move from one village to another covering 3—4 Kilometers to get toddy. They have been requesting for a bicycle. Will the Government give them cycle loan, for all the tappers in the State so that they could own a cycle?

Sri P. Ashok Gajapathi Raju:—This is a separate question.
Sri P. Ashok Gajapathi Raju:—Sir, as far as setting out separate percentage for them out of the Excise Revenue, it is not even under consideration. With regard to their welfare, this Government is very much interested in the welfare of the Tappers and we are moving towards that direction.

(Replied: Mr. P. Gajapathi Raju:—Sir, as far as setting out separate percentage for them out of the Excise Revenue, it is not even under consideration. With regard to their welfare, this Government is very much interested in the welfare of the Tappers and we are moving towards that direction.)
Sri P. Ashok Gajapathi Raju:—Sir, normally, this question is related to another Ministry but here, the question is inadvertently included for two Ministers and that is why the information was not there. As far as this compensation is concerned, there is a Scheme under B.C. Welfare where they can prepare a separate Question.

Mr. Speaker:—Yes, there is scheme for B.C. Welfare and a separate question may be put.

Sri P. Ashok Gajapathi Raju:—Sir, if a tapper falls from the Numbered Excise Trees, they are giving Rs. 10,000.

Introduction of Auction System in Co-operative Societies.

(a) whether it is a fact that the State Government are introducing the auction system by abolishing the Toddy Tappers Co-operative Societies in the State; and

(b) if so, the reasons therefor?

20-A—

SHORT NOTICE QUESTION AND ANSWER.
Sir P. Ashok Gajapati Raju:—Sir, I was expecting to give these figures in the Discussions on Demand and not in the Questions. However, I will give the information:

Selection Grade—Rs. 34,566.
Special Grade—Rs. 1,49,412.
Grade I—Rs. 34,23,101.
Grade II—Rs. 25,43,289.
Grade III—Rs. 73,09,353.

Sir P. Ashok Gajapati Raju:—Sir, just now I mentioned the classification to which we thought, we could increase.

Sir P. Ashok Gajapati Raju:—Sir, Grade I and above, we thought we would increase by 15 per cent; Municipalities of Grade II and III by 10 per cent and Panchayats by 5 per cent. That I had mentioned and I am repeating it again.
Sri P. Ashok Gajapati Raju:—Sir, as far as this Government is concerned, we have no intention of making any genuine society of Co-operative Toddy Tappers Societies into a kind of dismantling societies from its activities or cancelling license. If any case of cancellation of license has been effected in a few societies in Ranga Reddy district, there might have been definite reason for violation of the Excise Act; and we will look into it and take necessary action.

Sri P. Ashok Gajapati Raju:—Sir, if any bogus societies come to our notice and if we feel it is a bogus society, we will definitely cancel the license.

Sri P. Ashok Gajapati Raju:—Sir, there are two ways of getting the information of these things, i.e., they come to our notice, when our Internal Audit Enforcement Wing Exports; or when other public bring to our notice or by way of bringing to our notice by the Hon'ble Members. Whenever such things come to our notice, we will definitely enquire and take action as per Law.

Sri P. Ashok Gajapati Raju:—Sir, we will definitely take action if there is any bogus society. Moreover, we are issuing Identity Cards for all active tappers.

Sri P. Ashok Gajapati Raju:—During the past few days since I have taken over as the Minister for Excise, large number of toddy tappers have come to me. In fact, they are asking to increase the prices. They say they are capable of paying.
Sri P. Ashok Gajapati Raju:—This is a repetition of the same thing.

Sri P. Ashok Gajapati Raju:—The societies that stand cancelled are basically on two charges—either they are bogus or they get into adulteration activities.

Sri M. Omkar:—Sir, I am putting two questions in my supplementary. Can the Hon'ble Minister assure that the present policy of T.F.T. and T.C.S. will not be changed? Secondly, is the Government aware of the fact that in Andhra area the liquor contractors, for the prosperity of their business, are not allowing the toddy tappers to tap the trees? If so, what is the action the Government going to take?

Sri P. Ashok Gajapati Raju:—As far as 1987-88 is concerned, there is no real major change in the policy with regard to T.F.T. and T.C.S. With regard to prevention of toddy tappers from tapping the trees, if specific cases come to our notice, we will definitely take action.

Sri M. Omkar:—The liquor contractors themselves are taking this toddy business in the open auction. They are not allowing the tappers to tap the trees because they want to prosper in their liquor business. They are deliberately suppressing toddy tapping. It is not a question of prevention.

Sri P. Ashok Gajapati Raju:—If any specific instances come to our notice, we will definitely take action.

Sri P. Ashok Gajapati Raju:—I have already answered this.

Sri P. Ashok Gajapati Raju:—If there are any such instances we will definitely take action as per Law.

re: Certain facts purported to have appeared in News Papers in respect of Statement made by Union Minister.

POINT OF ORDER.

 Certain facts purported to have appeared in News Papers in respect of Statement made by Union Minister.

Sri K. Vidhyadhara Rao (Chinta'amu):—We have given a notice about the encroachment of the constitutional rights of the State Government by the Central Government and also with regard to the Statement made by the Central Minister that licences hereafter will be given by the Central Government and not through the agency of State Government. It concerns the constitutional authority of the State Government.

Mr. Speaker:—I will go through the notice and consider it.

Sri K. Vidhyadhara Rao:—We request that it should be taken up today itself.
Point of Order: 27th July, 1987. 585

re: Certain facts purported to have appeared in Newspapers in respect of Statement made by Union Minister.

The Article pertaining to the federal system in the Constitution is being violated, is being given a death blow by the Central Cabinet.

Mr. Speaker:—First I want to answer his Point of Order. Then I will hear your Point of Order.

(Interjections)

Sri A. Dharma Rao:—He is leading the House.

Sri Ch. Vidhyasagar R.:—Mr. Speaker, Sir,.............

Mr. Speaker:—I will certainly ask your advice. Sri Nallapureddi Srinivasulu Reddi ga:u; If there is any motion. I will immediately consider it and if it is fit for admission, I will admit and allow a discussion.

Sri Nallapureddi Srinivasulu Reddi:—It is a constitutional point I have raised. The Article pertaining to the federal system of the Constitution is being violated.

(Interjections)

Mr. Speaker:—I will not preclude anybody. You can be rest assured. Let me understand him first, then I will come to you. Here, he has raised a Constitutional Point of Order. I must understand the Constitutional Point involved. I understand your anxiety,

Point of Order:

re: Certain facts purported to have appeared in Newspapers in respect of Statement made by Union Minister.

(Members from the Treasury Benches and also the Opposition stood up simultaneously.)

Please sit down. You have to maintain silence and discipline in the House. First let the House come to Order.

Sri Mohd. Jani:—The Leader of Opposition is on his legs.

Mr. Speaker:—You need not say every time that the Opposition Leader is on his legs. I am observing him. Let me bring the House into order first. If everybody wants to speak at the same time, we cannot conduct the House. The Hon'ble Minister has raised a Point of Order. What is it that I have to do now?

Sri N. T. Rama Rao:—If any irregularity............

(Interruptions)

Mr. Speaker:—When the Hon'ble Leader of the House is on his legs, we have to listen to him first. That is the etiquette of the House.

Sri N. T. Rama Rao:—If any irregularity is committed by any particular individual or an institution, they can enquire into the matter. The State has a right under the federal structure of the Constitution. They have no power to deprive the State of the benefits which it has to get legitimately. Secondly, they cannot insult the people of the State. It is a sheer insult to the State. If any irregularity is committed by an individual or an institution, they can enquire. Here is a State Government and I take the responsibility, but a Union Minister cannot issue a statement as he likes and insult the people of the State.

Mr. Speaker:—I have not understood what he has stated. Let me understand first what he wants me to do.

Sri N. T. Rama Rao:—If this House violates any constitutional provision or violates any rules or regulations or decorum, etc., a Point of Order is raised and things are set right. I am not disputing the seriousness of the point raised by the Minister for Revenue. Presently I will not answer that. What is it I have to do as the Speaker?

Sri Ch. Vidhyasagar Rao:—Under what provision?

Sri Ch. Vidhyasagar Rao:—If the Hon'ble Minister brings it in the shape of a Motion, we welcome it.

Sri Nallapureddi Srinivasul Reddi:—The very existence of the State Government and the State Legislature is being questioned by the Industries Minister at Delhi. He is not entitled to do so. The Legislature has created the I.D.C. and the Electronics Corporation.

Mr. Speaker:—You can move a resolution on that count.

But, according to Rule 302 (1): "A Point of Order shall relate to the interpretation or enforcement of these rules or such Articles of the Constitution as to regulate the Business of the House and shall raise a question which is within the cognizance of the Speaker."

re: Certain facts purported to have appears in News Papers in respect of Statement made by Union Minister.

Sri K. Vidhyadhara Rao:—The Hon’ble Minister for Revenue has raised a point. The Hon’ble Members from the Opposition also preferred Two Hours Discussion. The Constitutional authority of the State has been encroached upon by the Central Government. I request you to convert my notice and immediately permit us to discuss it. It is a vital issue. It involves the Constitutional authority of the State. Irresponsible statement has been made. This has to be dealt with every now and then the Central Minister will try to encroach upon the State authority if it is not arrested at this juncture.

re: Certain facts purport to have appeared in News Papers in respect of Statement made by Union Minister.

Sri D. K. Samarasimha Reddy:—The whole thing started with a reference of mine while winding up the debate on the Budget Speech.

Mr. Speaker:—You are altogether on a different subject.

Sri D. K. Samarasimha Reddy:—I am on the same subject. At that stage, there were inferences. I wanted to show certain papers. It is th. Hon'ble Speaker that has said that if you have anything, you just move it by way of a Motion for Two-hours Discussion. That was the answer given then. So, we were restrained from giving the relevant record on that particular day. What happened? I had reserved our right to produce the relevant papers at the time of discussion. Now the situation is—I am reminded of the saying, which all of us know in Hyderabad—"That is happening here. I am producing the relevant paper.. Xerox copies, wherein they gave the licences to the Chief Minister's son-in-law. They placed before the House a wrong statement.

Sri N. T. Rama Rao:—I am sorry that the Hon'ble Member has referred to the Leader of the House. Any Member by his legitimate authority can raise a Point of Order. The Minister is not deprived of that. Any Member can do that.

Sri D. K. Samnrasimha Reddy:—Sir, I am on a Point of Order. Sir, under Rule 77 of the Rules of Procedure, ten days' notice is mandatory. Mr. Speaker, I read out that rule. "Any Member or a Minister who wishes to move a Resolution shall give ten days' notice of his intention and shall together with the notice submit the Text of the Resolution which he intends to move; Provided that the Speaker may allow it to be entered in the list of business with shorter notice than ten days." When? After notice is given, then you must allow it to be entered in the list of business. Now, it is flouted by the Hon'ble Minister. What is the rule position? And, what has happened here? He has totally flouted the rules. I want a ruling from the Chair.

Sri Nallapureddi Srinivasul Reddy:—Thank you. It has gone on record.

Sri V Sriramulu:—There will be a process, Sir. Section 304 (a) of the Act. Chapter XV totally regulates the form of the Resolution—if it is a Statutory Resolution, what should be the procedure and if it is a non-Statutory Resolution, what should be the procedure. Whether the Speaker has to apply his mind or not—all these things are to be gone into. What type of Resolution, how it should be reflected, all these are mentioned there. The Hon’ble Minister is giving a good-bye to the entire rules, and invoking the inherent powers. Can the inherent powers over-rule the rules?

Sri D. K. Samarasimha Reddy:—While conducting the Business of the House, we have to regulate ourselves according to the Rules. That is not in dispute. Now, Speaker is in the Chair. if Hon’ble Speaker has consistently saying that the Hon’ble Minister should sit down. Instead of it the Hon’ble Minister, unmindful of what the Speaker said, went on reading out, contrary to the permission of the Speaker. Sri A. Dharma Rao:—The whole problem arose on account of a Supplementary Question put by Sri Mysoora Reddy and subsequently the matter was raised by Sri Samarasimha Reddy. Then, it came up for discussion in the House.

Sri Vasantha Nageswara Rao:—It is a different matter, and it has no relevance to this matter.

Sri A. Dharma Rao:—I am coming to that. Please be patient. Then, it was stated—the Members have raised an allegation.............

Ruling on the Admissibility of Notice of Privilege Motion against the Chief Minister for suppression of certain information—Disallowed.

Mr. Speaker:—As per the procedure laid down, I must read the Privilege Motion.

101/6—6.
Ruling on the Admissibility of Notice of Privilege Motion against the Chief Minister for suppression of certain information—Disallowed.

"While replying to the discussion on the issue of Dachavaram on 22nd July 1987, the Hon. Chief Minister, had stated on the Floor of the House that he does not agree for appointment of a House Committee to go into the matter that such an appointment would go against the request of Sri P. Babul Reddy made in his letter addressed to the Chief Minister on behalf of all parties for instituting investigation by C.B., C.I.D., and that such an appointment of House Committee would amount to disrespect to Sri P. Babul Reddy and all other Opposition parties.

The Chief Minister had deliberately suppressed the subsequent letter of Sri P. Babul Reddy, dated 14th July 1987 wherein he stressed that the investigation by C.B., C.I.D. had become irrelevant and useless in view of the appointment of Dr. K. Siva Prasad Rao, the main accused in the case as Home Minister.

The Chief Minister had also given a reply to the letter trying to continue the investigation by the C.B., C.I.D.

The Chief Minister had deliberately suppressed the subsequent letter of Sri P. Babul Reddy and his reply and deliberately misled the House, which has clearly constituted Breach of Privilege of the House and Members. A copy of the letter of Sri P. Babul Reddy, dated 14th July 1987 addressed to the Chief Minister and a copy of the reply of the Chief Minister, dated 15th July 1987 as well as a copy of the Press Statement of Sri P. Babul Reddy, dated 22nd July 1987 are enclosed herewith.

We request that this Privilege Motion may be referred to the Privilege Committee.

For that, I have given a ruling.

I refused the Privilege Motion given by Sri M. Baga Reddy and also the copy of the letter of Sri Babul Reddy, dated 14th July 1987 addressed to the Honourable Chief Minister, etc.

Any Motion to raise the Question of Privilege shall be governed as laid under Rule 150, i.e., whether the matter falls within the jurisdiction of the House.

The Hon. Speaker has stated that the investigation to be made in the light of the all-party decision issued 25th July, 1987 sent by Sri P. Babul Reddy to your Honourable Members, also merits the Motion.
Papers Laid on the Table. 27th July, 1987. 599

is that the Hon Chief Minister has deliberately suppressed the subsequent letter of Sri Babul Reddy, dated 14th July 1987 and its reply deliberately misled the House, which clearly constitute the Breach of Privilege of the House. The correspondence made by Sri Babul Reddy is during the period when the Assembly is in session as such the second letter addressed by Sri Babul Reddy to the Hon. Chief Minister and his reply are matters outside the purview of the Assembly Proceedings. The Notice under Rule 304 was given in the Assembly on 9th July 1987 and any correspondence made by a non-member has no consequence whether it is placed before the House or not. It is ultimately the House which has to take decision in respect of the Motion moved by the Hon Members.

On 23rd July, Sri N. Narasimha Reddy and Sri Ch. Vidyasagar Reddy have represented to me in person that they are not interested in the Privilege Motion as such their names may not be considered as Members who had given notice.

The contents of the Privilege Motion do not disclose any valid grounds which require the intervention of the House.

"As such the consent is refused for raising the Privilege Motion."

Now, I adjourn the House for tea-break. The Calling Attention and other matters will be taken up to-morrow.

(The House then adjourned at 11-06 a.m.)

The House re-assembled at 11-25 a.m.

Annual Financial Statement (Budget) for 1987-88.

Sir K. Bapiraju (Kalkaluru):—Sir, I am indeed happy to participate in the Discussion on Demands for the first time after the Telugu Desam Party has come to power. I want to give some constructive suggestions before I go in for condemnatory criticism.
Annual Financial Statement  
(Budget) for 1987-88.  

Sri A. Mahipal Reddy:—Please speak in Telugu. You know Telugu very well.

Sri K. Bapiraju:—Don't bother about the language. There are people who can translate it. I have some problem. I can neither speak English well nor Telugu well. I happened to study in Hyderabad Public School. Prior to that I was in West Godavari. I lost hold on Telugu and I am just able to pull on with my little knowledge in English. Our Chairman has requested me to take the minimum time possible. Therefore, I would like to go to the subject proper.

Mr. Chairman, Sir, for Transport we have a young and dynamic minister smiling before us. Transport is a very important subject and unfortunately we have not realised its importance so far. I feel that this young Minister can realise the importance. He has the energy to fight in his own Government for this right cause and I expect that he would fight.

Initially, the Minister has congratulated his own officers for collecting a revenue of Rs. 127 Crores. No doubt, he has to encourage his men for their corruption. But, I shall congratulate the Minister only when they can provide good roads. Without that, there is no fun in congratulating the officials. Of course, that is your business, but my business is to congratulate the system only when you provide good roads. The Technical Experts in Transport of Government of India conducted a survey and gave a report. They said that by providing best roads we can save about Rs. two thousand Crores on maintenance of vehicles, tyres and spare parts. There is another important point here and I do not know why the Technical Experts have not realised it. They should have spoken about time also. They have naturally emphasised the need to have good roads. I once again request the Minister to take the importance of roads. Let him also consult the best technical people available in the country apart from the people here. The Minister is specially known for his hard work in excise which brought Rs. five hundred Crores, but here this poor man was allotted only Rs. 50 lakhs for R.T.C. I don't want him to chase anybody further here because he was in the practice of chasing in excise. They have already sufficiently chased by raising the rates in R.T.C.

Generally, there is a controversy between the State and the Centre especially from the time this Government came to power. Neither the State is for Telugu Desam M.L.As, nor the Centre for Congress-I M.L.As. What I really feel is that we can achieve something by constructive representation and not by allegation. From 1958 to 1986 this Corporation has received Rs. 110 Crores from the State Budget and Rs. 55 Crores from the Centre. That is a ratio of 2:1. I do not know what made them to allocate only Rs. 50 lakhs today. It is unfortunate. You are the people who say that the Centre
is not co-operating. He says they are ready to co-operate at a ratio of 2:1, but your allocation is very little. You could have allocated more money and thus got more money from the Centre so as to utilise the same for the construction of good bus shelters.

My friends from the other side have said above the profits in R.T.C. In Corporations and Co-operatives, we do not really think of profits. Basically, the purpose of a Corporation is to render service to the people. It should be on no profit no loss and expansion basis. No doubt, it was a white elephant all these years for the Government. Luckily, due to the efforts made by a team of people in the R.T.C., it has now come into profits. It is a struggle and I congratulate the team of officials and employees of the Corporation in this regard. In this connection, I would like to suggest to the Minister to kindly see that all the employees of the A.P.S.R.T.C. are provided with proper housing facilities by giving loans for the construction of houses through some financial institution or by giving some amount out of your profits. I request the Minister to have a plan of five years for this purpose. Unless your employee is happy and comfortable, you cannot expect him to work in a better way.

Now, I come to the issue of payment of life-time tax. My friends have also mentioned about it. You are in the habit of confusing and it is one of that kind. You can realise, for yourself how many times you have confused the people. You said once the vehicle owner pays the tax, he need not pay the tax for twelve years and for 12 year old vehicle no tax need be paid. There is a direction of the Court on this. Thus, there is a confusion in the people who use two wheelers. The Hon'ble Minister has to clarify this.

Before I pass on to the Roads and Buildings, I would like to say one thing. The Hon'ble Minister for Transport, Sri M. Padmanabham is going to have really a tough time. This is not to frighten him. I suggest that he should be very friendly and co-operative with the officials, especially the R.T.C. people and prove his worth by reducing the rates. It is a very difficult and herculean task for him. He has done it in excise. He has reduced the rates for licences of shops. I want him to spare more time to see that the bus rates are reduced for the people. Let them realise that this young man has done some home work to reduce the rates and improved the quality of R.T.C. and the transport system. I have confidence in him that he can do something for the people of Andhra Pradesh.

Then I come to Roads and Buildings. Here also the same thing. Always they say that sufficient money has not been allocated by the Centre. But, he is pulling on well by getting money from the Centre. As far as he is concerned, there is no controversy between the Centre and the State. It is one and the same for him and me. I would like to mention that the Centre was kind enough to allocate Rs. 177.
Crores in the Seventh Plan. This is quite a good amount. We have 2,352 KMs. of National Highways for which you have allocated Rs. 24 Crores. They are doing some work, but the drawback is there are no sufficient Engineers in the investigation cell. We are bothered about the regular sections. The Investigation Cell is also very essential. Unless there is a plan of action, we can do nothing. I think we are supposed to have 1,000 J.E.s., but we have much less in number. The Public Service Commission has undertaken the selection of J.E.s. and some candidates were selected, but due to some reason that has not been finalised. I do not know how this Government and the Hon’ble Minister are able to pull on with the existing J.E.s. All the other people have been promoted and they are comfortable, but the basic engineer who has to really implement your policies is not available to you. I am unable to understand how he is pulling on. I want the Minister to come out with that secret. I am very particular about that. When this Government came to power, they said that they are going to encourage the Youth of the State, especially by giving some kind of jobs which they could not get all these years. Not only a man in the trousers, but unfortunately a boy in shorts also felt that he would be given a job. Therefore, that young boy has pressurised and convinced his parents to vote for the party which promised to do something for them. That is how you have come to power. Here there are Engineers and I feel that immediate steps should be taken. Like that we have also necked out many employees at mid-night without giving all the facilities.

With regard to allocation of funds to Andhra Pradesh from the Centre, we got second highest amount in 1987-88. The first is Uttar Pradesh. In Uttar Pradesh the Plan is for Rs. 250 Crores and in Maharashtra it is Rs. 200 Crores. Our allocation is more than that of Maharashtra. That shows that there is no discrimination and they are doing properly. I congratulate the Engineers who have taken the initiative in putting the proposals before the Government with all the difficulty of lack of Engineers. I appreciate their sending a proposal to the Central Government with regard to Chilakaluripeta to Ongole, Guntur to Chilakaluripeta, Vijayawada to Guntur and Vizag Steel Plant to Anakapalli. In the Seventh Plan the allocation is 177 Crores. I don’t think there is any problem. I request the Hon’ble Minister to see that no money allocated by the Centre to the State is left over. If you have no sufficient staff or any other shortcoming, you have to improve your efficiency. I request the Hon’ble Minister to kindly exert himself to the maximum extent possible.

When we refer to the Plan allocation, it is unfortunate that we are the least among all the States. There is nothing that the Minister can do with the little money that is allocated. It is for the Finance Minister and the Chief Minister to increase. In Andhra Pradesh it is 1.7 per cent. In Assam it is 7.5 per cent. In Bihar and Gujarat it is
6 per cent. In Himachal Pradesh, you know the size of Himachal Pradesh, it is 17 per cent. In Jammu and Kashmir it is 7 per cent. In Karnataka, our neighbour, it is 2.9 per cent. Kerala 4.25 per cent, Madhya Pradesh 3.4 per cent. Maharashtra 4 per cent, Orissa 5.9 per cent, Punjab 3.5 per cent and in West Bengal it is 3.8 per cent. They should have adopted 3.8 per cent here also like their C.P.M. brothers in West Bengal. Our Plan allocation clearly shows that we have not realised the importance of roads. For R. & B. roads the Plan allocation is Rs. 24 crores. We have on going works to the tune of Rs. 50 crores. In addition to that we have to plan works for another Rs. 25 crores. How do you expect these works to be completed with this kind of allocation. Somehow the Government should come to the rescue of the Hon'ble Minister and allocate more funds.

1-30 p.m. Actually we have taken over 9,000 Kms. from Panchayath Raj from 1974 to 1978 through a Government Order. But still there are 2,000 Kms. which are to be taken over and they are still with mud only. I think, we have to improve our plan. Our Government was gracious enough to improve their funds in regard to maintenance. That is a good amount and it is also a suggestion made by the Government of India. The specification could have been Rs. 62 crores for which they have given Rs. 54 crores. I appreciate it. That Rs. 54 crores is being only used for 80 per cent maintenance—we have 1,800 Kms. of metalling to B.T. etc. So, I request the Hon'ble Minister through you, Sir, to kindly fight for the increase of the amount to Rs. 60 crores at least.

I belong to Krishna District and I am from Kaikalur Constituency.

An Hon'ble Member:—He is the native of West Godavari District, Sir.

Sri K. Bapi Raju:—I am the native of West Godavari District and I am M.L.A. of Krishna District and I am now in our Assembly.

Sir, especially in delta areas there are single-lane roads with which we are facing greater problem, because they are in slushy area. If a truck has to cross another bus, they will have the difficulty. The Englishmen are no doubt are taking lot of pains for the maintenance. They are using more money for the berms especially. Therefore, I suggest that two lane roads may be initiated in Krishna, West, East and part of Prakasam Districts. Out of 33,000 Kms. roads, we have 80 per cent of single-lane roads. Only 11½ per cent is for double-lane in R. & B. So, it is very little length. What I finally want to conclude is, we are now having 33,000 Kms. in R. & B. due to which we are today 14th State in the country lengthwise in R. & B. Roads. Is it not unfortunate for Andhra Pradesh? The Minister was saying very boldly that this is the State which takes the high place in the country. They did not bother to know about the length of the roads. We are the 14th in the country in lengthwise which is unfortunate. We have to definitely improve our allocation of funds and improve our roads.
Ruling from the Chair. 27th July, 1987. 627

for better facilities which we all talk about, our Telugu Desam and Telugu Gadda. You, please provide the best roads for Telugu Desam people. Finally, if I do not thank on the floor of the House I will be failing in my duty the Transport and R. & B. Ministries because I have been enjoying not only from this Government but from the time I became M.L.A., the most. Thank you Sir.

(Mr. Speaker in the Chair.)

RULING FROM THE CHAIR.

Mr. Speaker:

Immediately after the Question Hour, Sri Nallapureddi Srinivasul Reddy, Minister for Revenue raised a Point of Order and stated certain facts purported to have appeared in to-day's Newspapers, in respect of the statement made by the Union Minister. In the meantime, objections were raised from the Opposition Benches as to how Mr. Sreenivasul Reddy is entitled to raise a Point of Order.

Mr. Sreenivasul Reddy, on a question put by me as to how the Point of Order arises at this juncture, he stated that the statement made by the Central Minister has undermined the Constitutional Provisions, namely, the Centre-State relation; the federal structure and amounts to interference in the State administration. When Mr. Sreenivasul Reddy was asked to take appropriate steps including passing of a Resolution, if any, to raise this matter instead of raising a Point of Order, in the mean time, there were uproarious scenes in the Assembly and a number of objections were raised. In the meantime, taking the advantage of the advise given from the Chair, Sri Sreenivasul Reddy read out a Resolution.

'I do not comment about the Resolution moved by Mr. Sreenivasul Rule 304 was already given in respect of the safe subject. In fitness ought to observe certain procedures laid down under the Rules laid down by the State Assembly.

In the meantime, it was brought to my notice that a Notice under Rule 304 was already given in respect of the same subject. In fitness of things, it is necessary that all the Members of the august House should follow the Rules and regulations in governance of the House proceedings. Members are not precluded from showing their anxieties, but, at the same time, they have to adhere to the procedures laid down for the functioning of the august House, in raising matters, however important they may be. As already there is a Notice under Rule 304, and after perusing the same, I have found that it is a fit case to admit. Accordingly, it is admitted and it is directed to be posted for tomorrow.

I do not further go into today's happenings after the Question Hour, as the views expressed by me are sufficient guide-lines for the future conduct of the Business of the August House.

The House is adjourned at 1-38 p.m. to meet again at 5 p.m.

(The House then adjourned.)

The House re-assembled at 5-00 p.m.

[Text in English]
Annual Financial Statement (Budget) for 1987-88.

The present financial year, 1987-88, has been budgeted at an overall deficit of Rs. 27,000. The revenue is primarily dependent on the sale of the institute's assets. The major sources of income are from the sale of land and buildings, and from the endowment fund. The expenditure is mainly for the maintenance of the institute and the various activities.

The budget for the year 1987-88 has been prepared with the following considerations:

1. To meet the financial requirements of the institute.
2. To ensure the smooth functioning of all activities.
3. To maintain the educational standards.

The budget has been approved by the Board of Governors and the Council of the institute.

The budget details are as follows:

- Revenue: Rs. 1,00,000
- Expenditure: Rs. 1,02,000
- Deficit: Rs. 2,000

The budget has been prepared carefully to ensure that the institute is able to meet all its financial obligations.

Sincerely,

(3.10.2. Costs: —
Although the costs of administration may seem
a little high, it should be noted that this is a
preliminary statement and the actual costs
may be lower. The costs include the salaries
of the staff, the maintenance of the building,
and the cost of printing the report. The
salaries of the staff are fixed at the beginning
of the year and are reviewed annually.

The maintenance of the building includes
the cost of electricity, water, and repairs.
The printing costs are in addition to the
salaries of the staff.

The total cost for the year is estimated to
be Rs. 40,000. This includes the salaries
of the staff, the maintenance of the building,
and the printing costs.

The budget for the following year will be
prepared based on the actual costs incurred.

(3.10.3. Taxes: —
In addition to the costs of administration,
the government also incurs taxes. The
amount of taxes depends on the income of
the government.

The current tax rate is 10% of the income.
This rate is expected to remain
constant for the next year.

The total tax paid for the year is estimated
to be Rs. 10,000. This includes the
taxes on income and any other
relevant taxes.

The budget for the following year will be
prepared based on the actual taxes paid.

(3.10.4. Reserves: —
The government has set aside a
reserve for future contingencies.

The amount of the reserve is
dependent on the income and expenses
of the government.

The current reserve is Rs. 5,000. This
reserve is expected to remain
constant for the next year.

The budget for the following year will be
prepared based on the actual
reserves set aside.

(3.10.5. Financial Highlights: —
The financial statements for the
year 1987-88 are as follows:

- Revenue: Rs. 1,000,000
- Expenses: Rs. 500,000
- Profit: Rs. 500,000

The budget for the following year will be
prepared based on the financial
highlights of the current year.

(3.10.6. Financial Ratio: —
The financial ratio of the government
for the year 1987-88 is as follows:

- Current Ratio: 2:1
- Debt-to-Equity Ratio: 1:1

The budget for the following year will be
prepared based on the financial
ratios of the current year.

(3.10.7. Future Plans: —
The government plans to continue
the programs that were
implemented in the current year.

The budget for the following year will be
prepared based on the future plans
of the government.

(3.10.8. Conclusion: —
The government is committed to
continuing to improve the
infrastructure and services
provided to the public.

The budget for the following year will be
prepared based on the conclusion
of the current year.
