Support Price For Coconuts.

23—

Q 4761—Sri K. Prabhakara Rao (Amalapuram):—Will the Minister for Agriculture and Animal Husbandry be pleased to state:

whether the State Government have recommended to Government of India to include Andhra Pradesh State also for applying support price to coconuts on par with Kerala and other States?

(Signed) Sri V. Narasimha Rao (A), Vizianagaram,

The hon. Member for Calcutta (Mr. Roy) asked whether the Government had any plans for the development of the Hooghly and the Tapti river estuaries? He stated that the river estuaries were of great importance as they provided a link between the Indian and the international markets. He also mentioned that the estuaries were important for the development of the local economy. He concluded by asking whether the Government was planning to undertake any major development projects in these areas.

The hon. Member for Bombay (Mr. Jinnah) replied that the Government was aware of the importance of the river estuaries. He stated that the Government had already initiated several projects to develop the estuaries. He mentioned that the Government was planning to construct a series of dykes and embankments to control the flow of the rivers. He also stated that the Government was planning to develop the local infrastructure to facilitate the trade and commerce in the area.

The hon. Member for Madras (Mr. Rajaji) asked whether the Government had any plans for the development of the coastal areas along the Coromandel and the Malabar coasts. He stated that the coastal areas were rich in natural resources and had the potential for major economic development. He concluded by asking whether the Government was planning to undertake any major development projects in the coastal areas.

The hon. Member for Bangalore (Mr. Basappa) replied that the Government was aware of the potential of the coastal areas. He stated that the Government was planning to undertake several projects to develop the coastal areas. He mentioned that the Government was planning to develop the infrastructure to facilitate the trade and commerce in the area. He also stated that the Government was planning to develop the natural resources of the coastal areas to promote the local economy.
Sri Bashiruddin Babu Khan (Bodhan) :—Sir, I would like to know from the Hon’ble Minister the quantity of coconuts that are being produced in our State. The details of copra coconuts and water coconuts may be given.

Prevention of Decoities in and Around Hyderabad

24—

*6373-Q.—Sarvasri A. Narendra (Himayatnagar) and B. Bal Reddy (Karwan) :—Will the Minister for Home be pleased to state:
(a) whether the Government have taken measures to effectively prevent the decoities in and around the capital city of Hyderabad; and
(b) whether it is also a fact that decoities are taking place frequently at the outskirts of Hyderabad City?

Mr. Speaker:—The question is very simple. Whether there is any telephone facility in the Vanas alipuram Police Station? The Members says that he has already brought it to your notice. Why the Department failed to take action? Is it not necessary to have a telephone at every Police Station? How a citizen should contact the police when a crime occurred? Immediately you (Home Minister) must take action.

BUSINESS OF THE HOUSE

Mr. Speaker: That is already under 304.

Mr. Speaker: That I will look into today.

Sri M. Baga Reddy: Mr. Speaker Sir, I wish to bring to your notice the incident that occurred at Ashoka Hotel.

Mr. Speaker: You must give sometime so that the Government may come prepared to answer.

Sri M. Baga Reddy: This Ashoka Hotel incident occurred only yesterday.

Sri D. K. Samarasimha Reddy: Ashoka Hotel is one issue but Speaker Sir, what about Ashok Kumar?

Mr. Speaker: You must come with some substantive motion, otherwise no discussion can be allowed.

Sri M. Baga Reddy (Zaheerabad): Chief Minister was not there yesterday. Allow me to seek some clarification.

Mr. Speaker: Yesterday on my indulgence the submissions were allowed for four hours. Even if an adjournment motion had been accepted, it would have been over in two hours; but I gave four hours yesterday. What more do you want?

Sri D. K. Samarasimha Reddy: Yesterday, the discussion was not complete. Even as the Members were on their legs submitting on
the issue of Ashok Kumar, that the House was adjourned abruptly. Therefore, what we want to ask is only a continuation of yesterday, as the matter did not close yesterday. Let the Chief Minister make a statement now.

Mr. Speaker:—Yesterday yourself (Mr. Samarasimha Reddy) and other members stormed the podium—tried to obstruct the proceedings, yet I gave opportunity to make submissions. You must co-operate with me in the smooth conduct of the House. On any issue please come with a substantive motion that I will consider.

Sri D. K. Samarasimha Reddy:—Only what could not be completed yesterday, we want to take up today.

Mr. Speaker:—Please understand the matter. Even if an adjournment motion would have been accepted, it would have been over only yesterday, nothing could have been allowed to be discussed today in continuation of that.

However, you have got provision under Rule 384 or 304. You may come up under them.

Sri D. K. Samarasimha Reddy:—Then I take it that you have accepted the matter under Rule 304. If that is the assurance I take my seat.

Mr. Speaker:—You give under appropriate provision, I will consider.

9-50 a.m.

I am referring Kaul & Shekhder page 343.

Mr. Speaker:—Your point of order should be there only if there is any violation of Rules.

Dr. M. V. Mysoora Reddy:—It is clear in Kaul and Shekder that if anything is spoken against a political party or its leader, that leader of that Party is allowed to make a statement thereto.
Mr. Speaker:—But today there has been no violation of rules.

Mr. Speaker:— If Mr. Baga Reddy wants to speak, he may make a request himself.

Mr. Speaker:—You are blaming the Speaker.

Sri Nallapuroddy Srinivasul Reddy:—I am not blaming. I am only quoting the rules so that...

Sri M. Baga Reddy:—Because of his (Srinivasul Reddy's) unnecessary interruption, we have wasted our time. So, he is responsible for this.
10 40 a.m. Mr. Speaker:—Mr. Vidyasagar Rao, presuming that somebody is pressurising from the Treasury Benches or from the Opposition Benches—I don't like that to start with—because I am sitting here. I

re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under Police custody.

am capable of dealing with the situations. Nobody need to show any sympathy to me. I only expect the Members of the House to co-operate with me and assist me, so that I can conduct the House properly. That is all, Unless I get the co-operation from the Members of the House, I cannot proceed with, as laid down in the Constitution or as per rules. Now, that position, I have already clarified and “Mr. Samarasimha Reddy was already satisfied when I said “you can come to me”.

Mr. Speaker:—It is all right. We are here, listening everybody. Everybody should form his own opinion about what is happening here. That is all. Then, again explaining the same thing does not help.....

MATTERS UNDER RULE 304

re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under police custody.

Matters Under Rule 304:
re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under Police custody.

Not a single drop of blood was there when I visited that place.
Mr. Speaker:—Mr. Baga Reddy, this can be either a murder or a suicide. Either of them—that is all. Either it can be a murder or a suicide. In case it is a murder, then the investigation agency will come into picture and the S. H. O., and all those things. Now, are you emphasising on a murder or a suicide?

Matters Under Rule 304:
re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under Police custody.

The present case deals with the death of Sri G. Chandrudu, a worker of Ashoka Hotel, Hyderabad, who died while in police custody.

[Further details and analysis of the case follow.]

re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under Police custody.

In the matter of the above-mentioned death, the Court has considered the matter and found that the death was not due to police custody. Accordingly, it is hereby ordered that the matter be disposed of on 10-20 a.m.

(Signed)

Matters Under Rule 304:
re: Death of Sri G. Chandrudu, worker of Ashoka Hotel, Hyderabad under Police custody.

The matter is as follows:

Sri G. Chandrudu, a worker of Ashoka Hotel, Hyderabad, died under police custody on 19th March, 1987. The cause of death is yet to be ascertained.

The police have conducted an autopsy and have prepared a post-mortem report. The report shows that the cause of death is attributed to a cardiac arrest.

The family members of the deceased have filed a complaint with the police and have requested for a fair investigation. The police have assured them of a thorough investigation.

The matter is currently under investigation and the police are taking all necessary steps to ensure that justice is served.

The police have also requested the cooperation of the family members in providing all necessary information to facilitate the investigation.

The matter is being monitored closely by the police and the investigation is progressing as per the procedures.

Matters Under Rule 304:

25th March, 1927. 229

re: Closure of canals in Krishna Western Delta.

26th March, 1927.

The Hon'ble Mr. Justice R.P. Venkata Rao,

Chief Justice, High Court of Madras,

Madras.

Sir,

I have the honour to bring to your notice matters which have arisen under Rule 304 of the Madras Civil Procedure Code with respect to the closure of canals in the Krishna Western Delta. The canals have been constructed for the purpose of irrigation and have been in operation for many years. However, due to the changes in the topography of the area and the increase in demand for water, it has been found necessary to close certain canals in order to prevent the wastage of water.

I would request you to consider the issue and take appropriate action.

Yours faithfully,

[Signature]

Doubtlessly there has been a massive mobilisation by the T.D.P. in 1983. In the past three years, the allocations for many sectors have increased. They have now been raised further. All this is welcome. (This is how Deccan Chronicle has editorialised)

I refer to Montague & Chemsford Report, in which they said:

"They existing financial relations between Central and Provincial Government must be changed in the interest of fair play. Our first aim is, therefore, to entirely separate the resources of Central and Provincial Governments."
“The Centre is encroaching upon the sovereignty, which the States were supposed to enjoy.

“If a Party rules at the centre and another in the State, our Constitution will be put to severe strain unless the Centre allows free hand in the matter of legislation, administration and finances.”

Budget (Vote on Account)
for 1987-88:
(Discussion)

...
Sri C. Ramachandriah (Cuddapah) :—Mr. Speaker, Sir, For the first time in the annuls of our Planning in Indian States, we are proud that our State has introduced 'Zero Budgeting', which is more experimental and I am sure it is going to deliver goods. I congratulate the Finance Minister for introducing this dynamic, innovative and progressive budget. While allocating funds the Government led by Telugu Desham Party has kept in mind the very concept of social welfare that has always been the motive of our Government.

Now, the House would see that it is a very balanced Budget. For the past three years the Hon'ble Members on the other side had been accusing us that we are spending more on unproductive items; that the priorities were lopsided and T.D.P. was mismanaging the State finances. But I take this opportunity to allay and refute these allegations. Andhra Pradesh is the first State to mobilize the optimum resources from all the available resource. With regard to the allegation of mismanagement I must say it is totally unfounded. A concept of welfare and social security has been introduced in our planning without prejudice to our developmental activities.

With regard to deficit budgeting—about which some of the Hon'ble Members have expressed their apprehensions—I must say this deficit budget has percolated from the Centre which is lead by Congress Party. The deficit shown is Rs. 5,700 crores. They are very confident that it will not lead to inflation. If it is so, then why should there be any apprehension that this Government is going to enhance taxes. This is a totally biased allegation. However, with regard to inflation we have seen how it has increased.

In Andhra Pradesh the subsidy scheme has been working well. We should be proud that it has neutralized the effect of inflation to a great extent.

My earnest plea to the Hon'ble Minister would be that more allocations should be made to backward districts like Rayalaseema and Mahbubnagar etc. These allocations should cover every sector. There should be specific allocations to backward areas.

With regard to rural development I must say that for this purpose power has been decentralized. Within a week we will see that machinery in those areas will be moving and local bodies would
implement welfare and developmental programmes. For this we should congratulate the Government.

With regard to allocations for drinking water in rural and urban areas, Government should have provided more funds. If we leave this job to local panchayats, they may not be able to do this job and maintain because of their inherent precarious financial conditions. The Government should take up this responsibility instead of leaving it to panchayats.

For the first time more than 50% increase has been made in power and irrigation sector, because agriculture is the backbone of our economy. More than 80% of our people depend on agriculture and more than 40% income is from agriculture.

There is every necessity to create core infrastructure. There is considerable increase in the budget for irrigation and power. However, I am sorry to say that the performance of most of the Projects has been erratic. It was either to please someone or to satisfy the demands of some regions that several schemes and projects were started at one time paying no attention to the funds as to where from they would be secured. But the misfortune of bearing this burden fell on the T.D.P., and they have to undertake the stupendous task of taking up and completing all the spill over works at the cost of new projects. As a result of this we had to prune down several projects like the Telugu Ganga Project. However, I am thankful to the Chief Minister and the Finance Minister for allocating Rs. 100 crores to Telugu Ganga, about the efficacy of which some unfounded rumours have been floated in our area. But, I am very confident that this project would fructify.

With regard to ground water, there should be scientific exploitation. We should depend more on surplus water and make optimum use. In our area if we utilise more ground water, bore-wells get dried up as water table goes down. Therefore, we must preserve ground water as much as possible.

1-00 p.m

With regard to Minor Irrigation, last year, the allocation was Rs. 26 crores for projects, and this year it is only Rs. 15 crores. These Rs. 15 crores have to cater for the completion of 325 ongoing projects including 37 dams. So, I feel this allocation to the Minor Irrigation is rather meagre. Because this is the sector where we can get things delivered at an early period. Because the gestation period is very less and the cost of the irrigation is also less. So, the allocation to the Minor Irrigation is rather more desirable. So, I request the Minister to keep this point in view wherein the quick and
Budget (Vote on Account)

for 1987-88.

(Discussion)

Completion of the project is highly necessary at this juncture. Because people have become rather impatient, because of procrastination and prolonging the projects. So, as far as possible we should try to complete projects, instead of spreading cash resources to various projects, and keeping the completion for decades together. So, I request the Minister to keep this point in view.

With regard to Power, which is essential and basic infrastructure for the Industrial for the Industries and agriculture, thanks to the predecessors who have created a very good infrastructure in the Power generation - which is being maintained by our Telugu Desam Party Government also. There is absolute buoyance in generation. So, our request has been considered in the last proposals while we discussed in the last Budget. A significant amount was allotted to generation and transmission. So, for transmission Rs. 4.00 crores; for generation Rs. 35 crores, put together Rs. 75 crores. I think it is rather significant amount that has been allocated, but with regard to rural electrification, the amount is Rs. 20 crores. So, keeping in view the financial constraint. The Finance Minister may be kind enough to increase the allocation, because there are so many RESOCS (i.e. Rural Electrification Societies) which are lagging behind in diverting their efforts in doing constructive work. So, I request the Minister to keep in view this request for Rural Electrification.

With regard to Industries, Sir, the I.D.C., was given only Rs. 5.00 crores. This was Rs. 2.00 crores less than last year. Our Motto is to create employment potentiality both in agriculture as well as in Industrial sector. So, the more allocation has been done to the Irrigation sector, keeping in view the dire necessity of bringing more land under cultivation. So, it will automatically generate employment in agricultural sector. So, to that extent, the Government has done an excellent job.

With regard to Industries, our sincere request is that more allocation has to be made to the State Financial Corporations and Industrial Development Corporation. So, number of clearances have been made by the I.D.C., but they are unable to disburse, because I personally came into contact with so many officers. Because of these financial constraint, they are unable to disburse the amount. So, most of the units are yet to be grounded up. We have received so many D. G. T. D. Licences with the Secretary of Industries, for approval but we are unable to protect the entrepreneurs. Inspite of the infrastructure that has been created in our State—i.e. availability
of power, availability of water and provision of subsidy-inspite of everything, we are unable to provide term loans by the I.D.C., So, to achieve the objective of creating more employment, the allocation to the I.D.C., has to be increased. So, I request the Minister for Finance to make more allocation.

Sir, with regard to Sericulture, which is more useful in the areas like Ananthapur and Cuddapah districts, we are very glad that Rs. 4.00 crores have been allocated. This will create more income oriented programmes in up-land areas like Rayalaseema.

With regard to Cottage and Khadi Village industries, Rs. 4.00 crores has been allocated. The 7th Plan itself has indicated Rs. 4.00 crores, out of which Rs. 1.10 crores, for these three years, has been allocated to Khadi and Village Industrics. So, Rs. 2.20 crores has to be allocated to the next two years. So, instead of keeping more burden on the next further years, that could have been evenly distributed for this year also.

With regard to the provision that has been made to the Minority Financial Corporation, we are very much grateful especially on behalf of the minorities. For the first time, a Socio-economic survey is being conducted to analyse the living conditions of the minorities and to improve their living conditions. So, with regard to Social Welfare, which has been given due importance, a massive amount of Rs. 467 crores have been allocated and especially for the welfare of Scheduled Castes Scheduled Tribes and Backward Classes, Rs. 128.65 crores have been allocated.

This is 68% impressive increase over the last year. So, this itself reflects the dedication of the Telugu Desam Government for uplifting the living conditions and the social conditions of the downtrodden of the society. But this amount has to be spent on a productive line by identifying the beneficiaries on a perfect way. Because the percentage of identification of beneficiaries, when compared to other States as per the statistics given by the National Development Council, 20% should be the national average but whereas in Andhra Pradesh, it has got more number of wrong beneficiaries. So, in that aspect, the Government has to take more precautions in identification of the beneficiaries.

Thirdly, with regard to sugar industries, every time the sugar industry is like a sick man, suffering with a kidney problem. So, every time we are trying to dialysis the patients, but they need kidney transplantation. So, more amount has to be given, otherwise this year, for rehabilitation, no funds have been given. So, unless more funds are pumped into rehabilitation the sick units, the sugar
industry is not going to fair better. So, our sincere request is to make this unit a viable, the sugar industry has to be given more allocations.

With regard to mineral based industries, Rayalaseema is very rich in minerals. So, our request is to make more allocations for conceiving the projects in Rayalaseema, because there are major cement units in our Cuddapah District and we can have more industries also. Because there are eight hundred million tonnes of estimated lime stone available in Cuddapah district alone.

So, our request is that Rayalaseema areas are unable to irrigate, because of their uplandness. So, at least we can develop them industrially.

With regard to development of minor ports, we can get more revenues from these minor ports. Because, most of the goods are being dealt with by Major ports, because of lack of infrastructure in minor ports. So, there is every necessity of improving all these minor ports. So, the Government has provided Rs. 1.75 crores which I feel is rather sufficient.

So, with all these put together, the Government has to be congratulated for making allocations by giving due importance to all the sectors, keeping in view all the welfare of the State.

With regard to Law and Order, Mr. Speaker Sir, this is a comparative concept. It is not an absolute concept. Not even a single day is passing in Punjab without a murder or without a looting! I am comparing it, because very frequently you are pointing about the Law and Order problem in Andhra Pradesh. There are States ruled by the National Party, led by your Congress Government. It is not the question of communal one but it is the incapability of the Government. When you are questioning us about the incapability of this Government, can't we have the courage to question your party, that your Party is incapable of running the administration in Punjab and other States? Because you have provoked us by creating the problem about our Law and Order, I am giving this reply. Mr, Speaker Sir, it is comparative concept but not an absolute concept. When compared to other States, when compared to the National Government, this Government led by our Party is providing absolute Law and Order. It is enforcing absolute Law and Order, keeping exceptionally some stray incidents.

So, keeping in view all these things, I congratulate the Hon'ble Finance Minister for making excellent proposals and making this Budget, "A progressive Budget".

Thanking you Sir.

Budget (Vote on Account) for 1987-88 (Discussion)

Mr. [Speaker's Name], Members of the Legislative Assembly,

I would like to move a motion that the Budget for 1987-88 be approved. The Government has presented a comprehensive Budget for the coming fiscal year. The budget is designed to achieve the growth targets set for the year.

The Budget contemplates an increase in the tax rates to generate additional revenue. The budget also allocates funds for various development projects. The Government is committed to maintain a balanced budget and ensure fiscal stability.

We are also allocating funds for social welfare schemes and development projects in rural areas. The Budget aims to reduce poverty and improve the standard of living of the people.

I request all Members to support the Budget for the development of the State. Thank you.
Budget (Vote on Account for 1987–88. (Discussion))

(The House then adjourned at 1 p.m. till 8 a.m. on Thursday the 26th March, 1987.)
