It was, therefore, decided that the replies should be given today at the time of the question hour. But unfortunately, the replies had not been prepared by the respective Ministries. Therefore, I am giving the replies now.

On account of that, the Corporation has made a loss of over Rs. 70 lakhs, which has a direct effect on the price of the seeds. The Corporation is a quasi-government body and the money is provided by the Government. Is it possible for the Government to lend the Corporation some money to meet the losses?

CALLING ATTENTION TO A MATTER OF URGENT PUBLIC IMPORTANCE

re: Agitation by Tobacco Farmers in Prakasam District

10-30 a.m.

Calling Attention to a Matter of Urgent Public Importance:

Re: Agitation by Tobacco Farmers in Prakasam District.

Sir,

Referring to the matter of urgent public importance under reference, which was brought to my notice recently, I have the honor to state that the tobacco farmers in Prakasam District are facing certain problems which require immediate attention.

In the year 1986-87, the farmers who cultivate tobacco in the district faced a severe crisis due to the drought. The yield of tobacco was significantly reduced, leading to a decrease in their income. Despite the efforts of the farmers to maintain the production, the drought took a toll on their crops.

In the year 1987-88, the situation continued to worsen. The yield figures for that year were even lower than the previous year. The farmers are facing difficulties in meeting their basic needs due to the lack of income.

It is submitted that the government should take immediate measures to provide financial assistance to the affected farmers. The government should also promote the cultivation of alternative crops to diversify the farmers' income sources.

I would be grateful if you could consider this matter and take appropriate action.

Yours faithfully,

(iii) The farmers are preparing to stage a protest march to the district collector's office,

on March 30th. It is imperative that immediate action is taken to resolve the farmers' grievances.
